Here and There... This and That...

By C. Chapin

The Bicentennial year is cranking up to a moderately good start. If you were lucky enough to get to Gibson for a look at the wagon train it was quite exciting. There is no doubt that nearly everyone had a small urge to join up and travel along.

For myself I must start the summer with an apology to two lovely young people who were missed recently when we were talking to the foreign students here visiting this year.

Selena Garay, of Acapulco, Mexico was residing with Mary Sue and Joe Moore of Pleasant Lake, and although Selena has left for home we have enjoyed having her and wish her well.

Maria Martinez, of Quito, Ecuador is a member of the Fred Munson family on Bethel Church Road. Previously Maria attended a private girls school and finds the school here quite a change. Accompanying the fourth grade class to Holland, Michigan, Maria was very popular with the children and has also received the honor of being awarded a Scholarship to the American Youth Foundation Camp, a summer camp on Lake Michigan. Leaving the USA on July 8th, we certainly hope Maria will be able to return for another visit.

How many of you have had the opportunity to stop in and visit our new office on Main Street. The Manchester Enterprise is now housed right down town, and very elegant we are! For those interested in restoration and preservation of the nice old buildings in our town, we are happy to inform you that we now present a very good face to our friends. Young in spirit, we nevertheless must remind you this paper was founded in 1867 and so we are a centennial ourselves. Proud too! So you are cordially invited to stop in and say hello.

While you are in the village, please do visit our Bicentennial Headquarters. If you haven't heard, there are lots of interesting things to see and perhaps the most unique are the two stage curtains hanging on the walls. Perhaps you were not aware that the top floor of the American Legion building, known as the Old Opera House, has a small stage and thereby hangs a good bit of the history of this small town. In the days when horses were here and cars were not, there were railroads and traveling road shows. Also the high school graduation classes were

Bicentennial Calendar

Friday, June 4 and Saturday, June 5, the Manchester High School Drama Club will present Celebration '76. Cast has been decided as follows: Karen Kennedy, Abigail Adams; Ken Schwab, John Adams; Brad Roulo and Joe Chapin, Benjamin Franklin; Nelson Boatwright and Rick Chapin, Dickerson; Lester Janish, Rutledge; Garry Joseph, Jefferson; Doug Clark, Hancock; Patti Boyd, Master of Ceremonies. Solo parts will be sung by Mike Mohar, Herb Mahoney, Garry Joseph, Bev Boyd, and Sue John. The Friday performance will begin at 8:00 p.m. The Saturday performance will be preceded by a dinner beginning at 7:00 p.m.

Saturday, June 12, Chelsea caravan comes to Manchester. There will be a Promenade at 11:00 a.m. This will consist mainly of mothers and children in Bicentennial Dress. The group will organize behind the Grossman-Huber Golf Station. The caravan will arrive at about 7:30 p.m. They will then parade through town. A street dance will begin at approximately 9:00 p.m. The Traveling Band will provide the music. We would like to see as many of our residents as possible, welcoming our neighbors from Chelsea.

Tuesday, June 8, The Bicentennial Commission will be holding a Public Meeting. This meeting will be at 7:30 p.m. in the Middle School Gymnasium. We would like to invite all of you with questions or complaints to attend. We will have as many of our Committee as possible present and we would like to see as many of you as possible there.

The dance that was held Saturday, May 29, was another success. The Farmers-A-Go-Go Farm Bureau Group are to be thanked. People were also impressed by Lorenz Wackenhut's group, The Roamers. We, on the Commission, would like to thank the organizers, the people who worked that night, and all of you who attended, for making our second dance such a tremendous success.

Brother-of-the-Brush and Bicentennial Belle pins and certificates are now available in the Bicentennial Headquarters Store. We also have Little Shaver and Little Miss Belle pins and certificates. These are for individuals only, not Chapters.

We are aware that many of you have not ventured into our store yet. Beginning this month, and barring any unforeseen difficulties, the Store will be open every day. We carry bow ties, hats, coins, plates and other Bicentennial accessories. We also have many things people have donated for your viewing pleasure. The coffee is always hot, so come on in.

It has now been several months since the organization of Chapters, for Brothers of the Brush and Bicentennial Belles, began. At this time we must ask that all chapters turn in either your kits or your money by June 8. You can turn them in at the Public Meeting that night.

TO THE CUSTOMERS OF CONSUMERS POWER COMPANY

NOTICE OF HEARING ON ACCOUNTING AND RATEMAKING TREATMENT OF AN EARLY RETIREMENT INCENTIVE PROGRAM

Take notice that Consumers Power Company (Applicant) filed an application with the Michigan Public Service Commission (Commission) on May 6, 1976 for approval of certain accounting and ratemaking treatment of costs which will be incurred in implementing a proposed Early Retirement Incentive Program.

Applicant states that as part of a continuing effort to render efficient electric and gas service to its customers and in conjunction with a reorganization of various aspects of the Company's management as a result of the energy crisis and expanded application of computer uses, Applicant proposes to implement an Early Retirement Incentive Program.

Applicant estimates that while substantial one-time costs would be incurred in the implementation of the proposed Early Retirement Incentive Program, the total of such one-time costs is expected to be more than offset by annual payroll savings achieved through net reductions in the number of employees and lower average payroll costs of employees hired or promoted to fill vacancies resulting from the Program.

Applicant proposes, for accounting and ratemaking purposes, to record the aggregate of the one-time costs incurred in the implementation of the proposed Early Retirement Incentive Program in Account 186, "Miscellaneous Deferred Debits," with a concurrent credit to Account 186 and debit to Account 236, "Accrued Income Taxes," for the related income tax benefit received by the Company in the current year. Applicant also proposes to amortize the amount in Account 186 over a 60-month period commencing with the first month in which one-time costs are incurred, through debits to Account 926, "Employee Pensions and Benefits," and credits to Account 186 for the one-time costs, with concurrent debits to Account 186 and credits to Account 236 for the related income taxes. Applicant further seeks approval for the inclusion of the net balance remaining in Account 186 from time to time in its rate base for ratemaking purposes. The accounting and ratemaking treatment requested by Applicant would, if approved, result in the recovery by Applicant from its customers over a five-year period of the costs incurred in implementing the proposed Early Retirement Incentive Program through inclusion of such costs in utility cost of service. Such cost is not expected to exceed cost reductions to be accomplished through the Program.

Copies of the application may be obtained from the Secretary of the Commission, Law Building, Lansing, Michigan 48913, or from Consumers Power Company, 212 West Michigan Avenue, Jackson, Michigan 49201, Attention Mr. Paul A. Perry, Secretary.

A public hearing will be held commencing at 9:30 AM on June 18, 1976 in the offices of the Commission, Law Building, Lansing, Michigan 48913, for the purpose of determining what action by the Commission would be appropriate with respect to the relief sought by Applicant. Interested persons may attend the hearings and participate subject to the provisions of the Commission's Rules of Practice and Procedure, 1954 Administrative Code, Supplement No. 54, R 460.11, et seq.

Jurisdiction in this matter is pursuant to Act 106, PA 1909, as amended, MCLA 460.551, et seq; Act 300, PA 1909, as amended, MCLA 462.2, et seq; Act 3, PA 1939, as amended, MCLA 460.1, et seq; Chapter 4 of Act 306, PA 1969, as amended, MCLA 24.201, et seq; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, Supplement No. 54, R 460.11, et seq.

BLOODMOBILE CLINIC AT RAWSONVILLE

Nineteen Manchester Red Cross volunteers assisted on Thursday, May 27, with the week-long Bloodmobiles held at Rawsonville Ford Plant. There were 244 donors from the 300 men and women interviewed during the six hour clinic. The busiest in our long career of Bloodmobiles.

Mrs. John Wallace Jr., was Chairman-of-the-Day. Registered nurses were Mrs. T.H. Tapping, Jr., for Medical History and Mrs. Aaron Nathan, observer for the canteen.

Registrars were Mrs. Robert Swartz, Mrs. Norman McLeod, Mrs. Birdella Flood and Miss Annetta Breitenwischer. Mrs. William Terwo took temperatures. Nurses aides were Mrs. James Pratt, Mrs. Ralph England, Miss Agnes Kent and Miss Amanda Schable, Mrs. Robert Spensley, Mrs. Millard Uphaus, Mrs. Richard Crane and Mrs. Lynn Carpenter. Canteen workers were Mrs. George Merriman, Mrs. Shirley Rock and Mrs. Franklin Reck.

The next industrial clinic for local volunteers will be at the Hydromatic Plant (Willow Run) on June 21. Persons wishing to serve with the Red Cross are urged to call Mrs. Reck 428-8852 or Mrs. Millard Uphaus, 428-7461. Training sessions will be arranged through the Washtenaw County Chapter of the American Red Cross. Applicants may also call Mrs. Fry at 971-5300, Coordinator of Blood Services for the county.

MANCHESTER JUNIORS ABOVE AVERAGE IN STATE

The Class of 1977, Manchester High Junior's, were given the American College Testing Program (ACT's) for those Junior's who wished to determine how well they were prepared academically for college.

Thirty questions highlighted each of the categories, English, Mathematics, Social Studies and the Natural Sciences. Then these four tests are combined into a composite score which is then compared to the composite scores of other high school Juniors around the county. This composite score is then translated into a percentage which indicates how they rank nationally. A percentage of 50

means the student is average with all other high school Juniors in the country. Last April, sixteen Manchester Juniors participated in the first of five offerings of this test, with the following results. Four of the students received a percentage of 90% or above, one student an 88 and three others 60% or better.

Without naming names, a congratulation is in order to all the students who took the test and to the teachers who gave them the training and fundamentals to succeed.

HONORED FOR ACADEMIC ACHIEVEMENT

Thirty-five Ferris State College athletes in 14 varsity sports have been honored for academic achievement by earning the initial President's and Dean's academic awards.

Instituted last fall the awards were conceived to give a greater measure of credit to those Bulldog men and women who strive for and achieve excellence in the classroom while competing in athletics.

Recipients of the President's Award must have had the highest cumulative honor point average on his or her team in excess of 3.24 on a 4.0 scale. The Dean's awards went to those with a cumulative honor point average in excess of 3.24 at the beginning of the particular sports season.

All recipients of both awards must have had varsity team status at the end of their particular season and must have had at least 36 hours of graded Ferris State credits.

The FSC student - athlete from the Manchester area receiving the Dean's academic award is Scott Gormley, sophomore, majoring in Refrigeration, Heating and Air Conditioning Technology.

Scott earned this award for his participation in football.

REGENT-ALUMNI SCHOLAR

A total of 1,149 outstanding Michigan high school graduates, who plan to enter the University of Michigan this year, are named by the University as Regents-Alumni Scholars.

Each year the U-M selects Regents-Alumni Scholars for their "superior academic achievement and their potential contribution to the scholarly community of

the University of Michigan". This year there were more than 1,800 candidates, from 436 Michigan high schools, for the honor, according to Ivan W. Parker, chairman of the U-M Regents-Alumni Selection Committee.

U-M alumni play an active part in the selection procedure. Finalists, chosen from all applicants for freshman admission, are referred to local U-M alumni for interviews and recommendations. Some 200 alumni participated this year.

A certificate for each Regents-Alumni Scholar has been sent to the Scholar's high school. All scholars will receive a \$50 honorarium when they enroll in the U-M in September. Financial need is not a consideration in the selection of Regents-Alumni Scholars. Susan Elaine Korth of 410 Adrian Street of Manchester has been named a Regents-Alumni Scholar.

LETTERS TO THE EDITOR

As we live in this fast moving and highly competitive world, it becomes increasingly evident that there is one all important thing that must be quenched if we are to excel, or indeed, stay abreast of these rapidly changing times - EDUCATIONAL KNOWLEDGE. This, the basis of my becoming a candidate for the Board of Education of the Manchester Public School System.

We, as parents, hold one of the greatest gifts we can bestow on our children - a good sound education. We owe it to them and to ourselves to see that they are armed with the "arrow of education" when they turn to challenge the open world.

The time has come to sit down and speak objectively of the goals that we are to seek for our children and our community.

Too much time has been lost in dis-

sentation; Too much good constructive criticism has been unlistened to and unacted upon.

On July 1, the administration will take on a new look in the form of Mr. William Green, newly hired Superintendent of the Manchester Public School System, who will succeed the retiring Robert Swartz.

In a recent public meeting at the High School Library, the people of Manchester had a chance to meet Mr. Green and get a brief insight into some of the ideas and concerns that he had regarding our problems.

Judging from the look of approval on many of the faces in the group that evening, Mr. Green had apparently hit on some of the same subjects that many of the people were themselves thinking about and wanting to hear about.

Also present at that same May 6 meeting were three High School students representing the student body. It is at this time that I would like to commend these young people for the interest they showed and the viewpoints they gave and accepted.

Most of the discussion that evening was between the students and Mr. Green and when it had ended, one could not help but think: here are three students, representing many more, who can see that things are not exactly as they should be and are asking us to help them help themselves. The least we can do is respond emphatically, for who is to say, that in the not too distant future, one of these same students may be sitting at their desk, as I am tonight, with pen in hand writing this same type of letter for the same newspaper because they too feel the obligation to serve the public to the best of their ability.

George Daubner

Let's get out and vote - yes or no - let your conscience be your guide - yes we need money to operate our schools but no we do not need the kind of decisions made by our school board the last couple of years spending money seems to be the new way of being the "good guys" with the teachers and school officials but not with the tax payers - when our roofs

were leaking and we needed money for other things they hired a business manager to do the work our superintendent should be doing - when the millage was turned down last time why didn't they come up with some drastic measures to cut back show the people who elected them what they could do to save money such as letting some of the ones they pink slip go. I do not have anything against the business manager but do not feel we need one. We farmers are paying a large share of the tax dollar and some Michigan dairy farms recently came up with some shocking figures such as the farm operator earned a minus 60c per hour, milk prices per hundred weight was \$8.85, net cost to produce same was \$9.84 so that's a minus 99c profit - there's nothing the farmer can do about prices, we can't strike and tell the cows to hold their milk until we get a raise. We will have 9 grandchildren going to Manchester schools next year and we want a good education for them but there's a lot to be said against our present system. We have some that are trying to change things, but we need more - Come June 14, vote whether it's yes or no, that's your decision (but whether it's the thing to do or not), I'm saying let's elect Jim Walk-owe back on the board, he's a very dedicated man and is working very hard for a better school and save money. A very good letter was in the April 29 Enterprise about our teachers being so concerned. I'm running for the school board and your vote will be appreciated.

I would like to say a word of praise for our boys and girls in sports. I have opportunity to see most of them every day. They have a goal they are striving for and that is to be number 1. There is a saying that goes something like this, Anything worth doing is worth doing right the first time, there is never time to do it again. That is the way the majority of those in sports play. A game can never be played again, but we can look back and see our mistakes and try to improve. I never see them hanging out at the rock. They are too busy. They have to study for many sports make kids if you want to find them go to the athletic field or running to and from Carr Park after school. For most of them their chores are waiting for them when they get home.

I am especially proud of our track team. They ended with a very good record. I would like to see our basketball team or football team do as well without a basketball court or football field. It must be very difficult to run track in competition when you don't have a track to run on. Just think what they could do. Do you know there are nearly 100 boys and girls in the track program. They are giving us their best, can't we help them. I am not afraid of putting my future into the hands of our sportsmen. Let's not let them down.

Mrs. Harold Keasal

Complete rules and an entry blank will be published next week. There is a July 1st deadline, so be giving it some thought.

Thursday, July 22 - A "Tasting Spree" is being planned, to be held in the Emanuel Church Hall. Rules and entry blanks have been mailed to all women's organizations. They are also available at the Bicentennial Store, Donut Time, Ann Arbor Federal Savings, and Union Savings. Due to unforeseen circumstances, the deadline for entries has been extended. For more information, call Mrs. Diane Hughes, at 428-7864.

The committee would like to thank Max Gormley for pulling us out of a recent problem and the Manchester Tool and Die for loaning him the vehicle to do it.

During the past week Mrs. Gall's 4th grade class and Mrs. Blossom's, Mrs. Lowery's and Miss Kuyda's 3rd grade classes took turns spending 1 day in a one-room rural school. Parents drove us to and from the school, which is located near Tipon. We did this as part of our Bicentennial observance, finding out what school was like before the days of carpet and non-squeaking desks.
