### DISTANCE MEN RUN THE DISTANCE

In the third annual Dexter-Ann Arbor 15 mile run Jerry Miller placed 6th in his age group with a blistering time of 94 minutes 42 seconds. Over all placing 58 out of 360 runners. Sophomore Kelf Moore placed 13th in his age group and 101st over all with a time of 101 minutes, 30 seconds. And Freshmen Kurt Norgaard placed 9th in his age group with a smoking 98:11 good enough for 72nd place. Junior Dan Heslip placed 15th in the rain soaked 7 mile run with a torrid 46 minutes 51 seconds run. Dan was 15 out of 113 runners.

### TRACK FINAL

Manchester High had two people competing in this year's State Finals. Those two were Pete Tassie and Dan Clark. Pete placed 4th in state and had the fastest qualifying time in the semi-finals also setting the school record with a super 14.8 second 120 yd. high hurdle. In the finals Pete was right with the leaders all the way but hit the last four hurdles and finishing 4th with a 15.2 second time.

Dan Clark also went to state but was injured at the Jackson Classic. Hampered by a torn thigh muscle Dan could only muster up a toss in the shot put of 44'8". Not placing in the meet.

May 25, 1976

A special meeting of the Village Planning Commission was held at the Village Hall with members present Broucek, Whittington, Leeson, Krauss, and Chapin. The meeting was called to order at 7:30 p.m. by Ch. Broucek.

Purpose of the meeting was to further consider the request by Mr. Edwin Murphy for certain variances from the Ordinance to allow him to convert the former gasoline station at 815 City Road into a residence.

Measurements made by Bruce Daniels, (as inspector), indicate that reconstruction would require variances of set-back requirements both as to the building proper and also the canopy in front.

Mr. Murphy was in attendance and explained his plans. It was moved by Whittington to recommend to Council that the variance as to the canopy not be approved. The motion

was seconded by Krauss, and unanimously approved.

It was moved by Krauss to cancel the existing non-conforming use permit and to recommend to Council that the variance as to set-back for the building proper (20 feet, rather than 25 feet as per Ordinance) be allowed. The motion was seconded by Whittington, and the voice vote gave four in favor, Chapin abstaining. The motion was declared passed. The meeting was adjourned at 8:30 p.m. Laurin F. Leeson, Secretary

## AGRICULTURE IN ACTION

NICHOLAN FARM BUREAU

### THE "RIGHT TO FOOD"

A "Right to food" resolution has been recommended to Congress by several well-meaning, sincere individuals. The resolution declares that each person anywhere in the world has the right to a nutritionally adequate diet.

It has been estimated that some 400 million people suffer from malnutrition. Nutrition problems exist at all income levels in every country.

Just because a problem is there, it does not mean that all prospective solutions are feasible or proper.

There simply cannot be a universal right to food. Food is man-produced. Consequently, there is a direct relationship between incentives for food producers and food production. Countries experiencing the most problems with hunger often ignore that relationship. Even in Socialistic Russia, one-fourth of that nation's food production comes from small plots worked by farmers in their spare time. With profit as the great motivator, the collective farms peasants labor diligently on their tiny private plots...

The family breadwinner

Taking care of a family is a big job and a big responsibility. That's why you Fathers should talk to me about State Farm person to person life insurance. Modern, up-to-date State Farm policies can help provide for your retirement, for the children's education, for a monthly paycheck if you're suddenly taken out of the picture and for all the other things you'd do if you were there. Call me for more information.

Like A Good Neighbor,  
State Farm Is There.

the result is thriving production.

Any right to food manifests itself in the problems of income distribution and priority of spending. Dividing income differently than now exists affects the output of food and, in turn, the amount of income to divide. The more equal the income distribution, the less enthusiasm there is for individuals to involve themselves in productive activities.

Legislatively granting a specified level of food to an individual has to be at the expense of someone else. Any right for

one person that imposes an unchosen obligation on another is neither economically feasible nor morally correct.

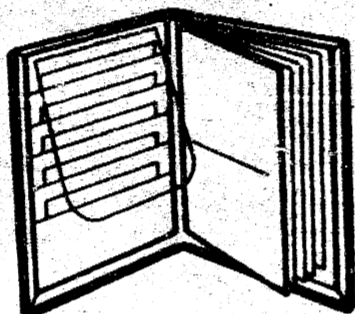

We cannot allow good intentions to get in the way of finding the root of basic problems. In the long run, hunger problems can be corrected better by increasing the output of the people involved. And economic incentives in the production of food have a proven track record of doing just that.

A June, 1977 wedding is being planned.

Mr. and Mrs. Steve Halchshak of Manchester announce the engagement of their daughter, Susan Lynn, to Steve Mark Bishop, son of Mr. and Mrs. Earl (Mickey) Bishop of Hudson. The bride elect finished school at Clinton High School. The prospective groom finished his schooling at Hudson High School. A late summer wedding is being planned.

### Senior Citizens

The Senior Citizens regular meeting will be held at the K of C Hall on Wednesday, June 30, at 1:30 p.m. Bring your friends.

Well it's that time of year again! The season of the great Cabbage feast is upon us. Manchester, the center of the universe, is winding up for the astounding annual event, the incredible, delectable, exciting, cabbage eater's delight, Cole slaw, that astonishingly ordinary name for the palate pleasing gourmet's favorite, is the highlight of the event.

July 15, at the Athletic field, we will be closing our stores, turning down the lights, vacating the kitchens and en masse arriving to partake of this extraordinary offering.

As a public service, we felt we should, on behalf of all those right minded people who covet cole slaw, look into the background and do a bit of research on the history of this fabulous feast.

Origins of the recipe seem to be a bit hazy, for after all this feast has been presented for 23 years and some of the stories are vague, but our best sources maintain that Doc Jones secretly obtained the list of ingredients, by what means we shall not enquire. However, suffice it to say that there are three parts, each of which is held in the hand of the three man committee. David Little, Lyle Widmayer, and Del Ludwick and we recommend you remember these names for they become increasingly important as the plot thickens.

Several days before the event these men meet and quietly mix the dressing, a very solemn undertaking, for there have been in the past immensely delicate negotiations, for it develops that the disagreements about certain items have had serious repercussions. There is a school of thought which holds that store vinegar, for example is stable, having reached it's maximum ripening, whereas homemade, or Farmers' Apple vinegar, made in Bridgewater, from Bridgewater apples, has a continuing maturing process which in some cases has been known to clear closed sinus passages. An obvious benefit as you can see.

During the years of Dick Way operating the Bakery on Main St. all the ingredients were carefully weighed on those bakery scales and when Dick left the scales were obtained and are still used, I explain this so you may begin to comprehend the dedication involved in this whole operation. Certainly we could demonstrate to Coca Cola Co. a bit about secret recipes. Sixty gallons are now refrigerated and left to age properly. Before we forget, I must, in the interest of peace, state that the dressing is compounded of one half store vinegar and one half Bridgewater vinegar. The remaining items must remain a closed affair. We simply could not obtain the list for you.

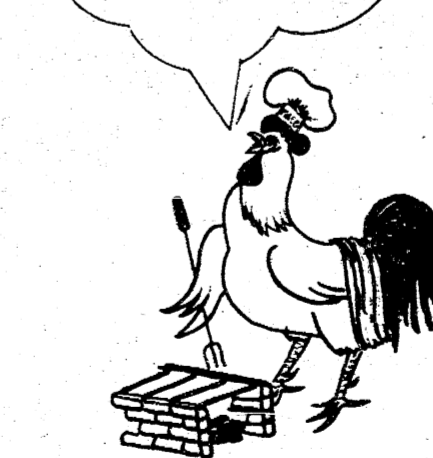

Each year Earl Koebbe sharpens the knives. Stan Poet has obtained the ton of cabbage necessary and it is selected carefully for if the weather has turned off dry, why then the cabbage will be hotter, and of course the dressing will require to be adjusted accordingly. We come to the great day, and the 26

men of the cole slaw committee are gowned, aproned and waiting, brawny of arm and strong of back, in formation at the line of kraut cutters. The cabbage is sliced, limited amounts for only 8 gallons of the dressing is mixed at any one time for here are those three men again, Lyle, David and Del, tasting and consulting, analyzing and adding or subtracting, mixing and one minute later the slaw gets to the table. Oh my gracious, but it's good.

Bad and Betty Guest will be here again this year, along with visitors from all over U.S.A. and several foreign countries. The dinner is \$2.75 presale price and \$3.00 at the gate, a good bargain, inflation has not raised it, and with this incredible dinner you will receive rolls, radishes and butter broiled chicken.

See YOU at the Manchester Annual Chicken Broil

Hear Ye! Hear Ye!

Sunday, June 27 - Religious Heritage Day observance at St. Mary's Church will take place at 7:30 p.m. This is a salute to America's Religious Heritage by the churches and people of Manchester. Bishop Kenneth J. Fovich will be the guest speaker. The public is invited to attend.

Sunday, July 4 - The public is invited to attend a salute to America. We will begin the day with a fabulous parade formed under the Bicentennial theme. Following the parade the Bicentennial Commission would like to invite all of you to bring a picnic lunch and join us at Carr Park. A special fireworks display has also been planned for your enjoyment. We have a terrific Fourth of July planned so we hope to see all of you there.

Saturday, July 10 - The Bicentennial Auction, Auctioneers Jerry Jacob and Cliff Tracy have donated their time to this joint effort, between the Bicentennial Commission and the Knights of Columbus. We are rapidly acquiring items to sell, it should be a good auction. For Continued on page 11

## Sharon Township Signs Contract With Manchester Police

The Township of Sharon has negotiated a Police Protection Contract with the Village of Manchester.

Allen Alber, Township Supervisor, said their board has reviewed several alternatives in Police Protection options, and believe the agreement worked out with the village will afford the best possible protection for the least possible cost. Mr. Alber pointed out that the township does have Washtenaw County Sheriff Protection, but that it is not satisfactory to fill township residence complete needs.

William Zsenyuk, Village Police Chief said the Protection begins immediately and will continue through the Township remaining fiscal year. Mr. Zsenyuk said we have obtained a very workable agreement, and that we will provide 7 day a week, 24 hour a day on call service. In addition, regular Business checks and some patrol.

Mr. Zsenyuk stated that the Village Police had been providing on call protection to all four townships of Bridgewater, Freedom, Manchester and Sharon free up until February 1st of this year. We notified all Townships about 60 days in advance of February 1st that we could not continue on a gratis basis.

We are very pleased that Sharon has bought our services even though past records indicate they were not the most active crime area outside the Village. Mr. Zsenyuk said dispatch will be carried through his office daily and the County Sheriff's Department.
