Card of Thanks

Many heartfelt thanks to all those who helped make this year's Homecoming a special success.

We would like to express particular appreciation to Dr. Richard Dixon and his friends and Mrs. Betty Ahrens for driving their cars in the Homecoming Parade. Also thanks to Mr. Harrison and the Manchester High School Marching Band, the Manchester Police, last year's Homecoming Queen Ms. Karen Campbell and our float judges Mr. and Mrs. Dave Little and Mr. and Mrs. William Bunney.

A special thank you to Mr. and Mrs. Lloyd Hughes who drove us in their covered wagon and to our sponsors the Hardware, Gambles and Grossman-Bauer Gulf.

We can't forget the help of our halftime announcer Steve Chapman, those parents and friends who donated their time to chaperone the Homecoming Dance and the Booster Club who donated to us hot chocolate on a very chilly evening.

And, of course, to all of you behind the scenes - parents, teachers, students, community - thank you for making it a noteworthy event.

Optimist Club Outstanding Student Dutch Edged by Hudson 16 to 12

Kim Dulle, daughter of Mr. and Mrs. Bernard Dulle of 8375 Neal Road, and a junior at Manchester Community High School, is the Optimist Club's Outstanding citizen for October. It was Manchester's good fortune to have the Dulle family move to Manchester in January of this year from St. Louis, Missouri.

In the 7th grade, Kim was secretary of her class and played basketball. In the 8th grade she played field hockey, basketball, and was a member of the Girl Scouts. In the 9th grade Kim danced and sang in all school musicals "Hello Dolly", was a member of the yearbook staff and played volleyball and basketball.

While still in St. Louis, in her Sophomore year, Kim was a varsity cheerleader and was on the yearbook staff. While here in Manchester last year Kim was a good player on our softball team. This year Kim received a great honor from the student body by choosing her Homecoming Queen. She presently is playing basketball and is treasurer of her class.

Kim likes history the best and mathematics. Her interests are in sports, especially swimming, bicycling and tennis. After graduation, Kim plans on going to college to become a community social worker.

Library Trustee Election Information

Library Trustees are listed at the bottom of the Democratic and Republican slates for Manchester Township in this year's election. This is the first time this has appeared in this manner.

If you vote a straight ticket in either party, you may also vote for the Library Trustees in the other party without jeopardizing your ballot.

This is due to the fact that there are three vacancies to be filled on the Library Board at this time. Two 6-year terms (Claire Y. Reck and Elizabeth Grossman) and one 2-year term to fill a vacancy caused by a resignation before a 6-year term was completed (Oiga N. Nichols).

This is a complication caused by the new constitution when the Attorney General ruled that Library Trustees must be partisan as are all other Township offices. This is an opinion not held by library minded people.

Curt Fielder gallops for 65 yard touchdown. By Jon Hardenbergh The best 48 minutes of high school football played in the state was in Hudson as the number 1 ranked Tigers faced our Dutchmen. As you probably know, Hudson established a national record for most touchdowns in a game.

Outstanding Football Players

Manchester High School Football Coach Jim Fielder introduced the team's outstanding players of the month at the Manchester Jaycees October dinner meeting.

LETTERS TO THE EDITOR

To the Editor:
 Please do not use my name because I have children at the school, and I don't want them frightened or harassed. I wonder if the school board is aware of the serious atmosphere at the school. The children are hearing the effects and are angry. The teachers are not talking and this makes the kids even sadder than they are at school.

Something is wrong and I don't know what it is. Please write me tell us why all these people are resigning.
 Concerned citizen

Letter to the Editor:
 An act of average citizens from Manchester with one child in the school system. I feel it was their duty to have my child exposed to an atmosphere of fear and hatred. It is a great shock to me to find the parents, hope of tomorrow, can bring the parents in and out of the school community to be that of which children are not to be moved. First, professional or public relations in the administration of others working in the education community. I believe only my

...the Manchester school system is at a great loss.
 I have found in the past if I had a problem concerning the school, Mr. Kowalski was the one to see and suggest arrangements to be made. He has a great understanding with students and parents. He has always been a hard worker at Manchester High School. If you want something done, see Mr. Kowalski.

I know some other parents and students who find the same way as I do. I think Mr. Green and the school board are making a bad mistake if they allow him to leave his position as principal while in a hard job and he has filled it well for so many years.

Concerned Parent and Teacher
 Mr. Clarence Fielder, Supervisor and Manchester Township Board

Dear Editor:
 Although I no longer live here, I did graduate from Manchester High School, and I have spent some time of my life in the community in the last three months, it is appalling.

What's someone please wake up and look around—something is very wrong in Manchester.

A Very Concerned Citizen

Dear Editor:
 I have been reviewing my situation as a member of the Manchester Township Planning Commission, and at the same time being a member of the Board of Education for the Manchester Community Schools. I do hereby submit my resignation as a member of the Manchester Planning Commission which is to become effective immediately.

Respectfully submitted,
 George Macomber, Sr.

Dear Editor:
 I have heard rumors that Mr. Chet Kowalski is going to be leaving his position as principal, if this is true I think the Manchester school system is at a great loss.

I would be very interested to know what was actually happened to our former principal's position.

The changes in the people, the students, the teaching staff and the general atmosphere in the community in the last three months, it is appalling.

What's someone please wake up and look around—something is very wrong in Manchester.

A Very Concerned Citizen

Dear Editor:
 I recently received the Manchester Community Schools Student Policies and Regulations because it has the school board members listed by name. Nowhere did I see on the board membership the name of my administrator. That's as it should be. I was not fully understood the function of all the administrators, administrators and board members but I am getting a clearer picture of what is being done in the school system and I don't like it.

I say it is time to stop maintaining people and selling half-truths. The time has come to redefine the roles and responsibilities of not only each board member but the administrator as well. It is also time to demand that the will of the community be followed and if the present leaders can't do it, let's get leaders who can and will act for the community.

It is a sad commentary on the administration and the board for me as a citizen to be harassed with talk about a school official with many years of devoted service, as if he were a lion with his head graduated. The fact of the matter is that this man was directly responsible for maintaining the highest levels of education, professionalism and integrity in the schools for approximately fifteen years. I feel he owes an accounting for his past work and should be praised for his desire to accomplish more. The time has come to stop allowing professional bodies to be a way of life. The time has come to reward the faithful. The time has also come to re-evaluate the actions of the board and those who preside to speak for it. I feel that based solely on my experience to the situation that I would consider supporting a movement for total recall of all members of the Board of Education.

Dean of Manchester

PARENTING MORE THAN LOVE

The Washtenaw County Chapter of the National Foundation-March of Dimes is sponsoring a conference on "Parenting". It will be held on Friday, October 29, 1976 at Webers Inn, Ann Arbor, from 9:00 a.m. to 5:00 p.m., registration begins at 8:00 a.m. in the ballroom foyer. Key-note speaker will be William Sherman, M.D. Psychiatrist MJD-Columbia, Mental Health Center, Richland, Washington and Clinical Associate Professor, University of Washington School of Medicine Depts. of Psychiatry and Pediatrics. His address will be on "Life Styles of Parenting," and striving to answer the questions of "How did we arrive to where we are in our approach to Parenting," "Why the need for Parenting Education," and "How do we propose to develop and expand the

'parenting' concept?"

This Conference is designed to identify and promote family life education within school, family and community settings as an effective means for strengthening the individual's quality of life in the kind of society now developing. Broadly, the concept of "parenting" comprehends knowledge of the life processes and skills of child development that adolescents should acquire in preparing for parenthood. Education in this most basic of human responsibilities can contribute measurably to the improved health of mother, fetus and newborn, thus advancing the prevention of birth defects.

MICHIGAN FARM BUREAU

Michigan and our country cannot afford to continue down the disposable container road. We are in an energy crunch—everyday we import larger quantities of foreign oil. A returnable bottle system would produce energy savings in Michigan, equivalent to the heating needs of some 40,000 to 50,000 homes. Farmers are concerned that someday we may face a decision on whether to use energy for food production or for non-returnable containers.

Opponents of Proposal A are attempting to tell consumers non-returnables cost less. That's not true. There is a cost to non-returnables --- in manufacturing them and in their disposal. As landfills get farther from the cities, more and more energy is consumed getting rid of disposables. Recycling and remelting non-returnable bottles and cans consumes more energy than a returnable bottle system.

We know that resources used to make disposable containers are limited. There is a limited supply of energy, a limited supply of raw products, and a limited supply of land suitable for landfills. We know that each disposable container takes us closer to those limits. We must stop using them sometime. Now is that time.

George Steeh, a native of Washtenaw County, is a graduate of the University of Michigan Law School.

He had experience in the Genesee County Prosecutor's Office, the best in the state and one of the finest in the nation. He rose quickly to the position of Senior Assistant Prosecuting Attorney and held one of three policy-making positions among 31 assistant prosecutors.

He has had extensive experience in all aspects of a modern prosecutor's office, including felony and misdemeanor trials and appeals, probate, civil, and juvenile court work.

Most importantly, he effectively managed an Economic Crime Unit with a staff and case load more than twice as large as the entire Washtenaw County Prosecutor's office. Under Steeh's leadership, the unit gained national acclaim from criminal justice professionals and the news media, including national CBS News.

Steeh is a recognized leader in developing innovative approaches to confront the crime problem. He helped develop a rape crisis center, victim assistance programs for sexual assault victims, a community-based crime prevention program, and a budget and credit counseling program. He is the only law enforcement representative from the state of Michigan on the National Economic Crime Project. He is an organizer of a national project to act on the special crime problems of senior citizens.

George Steeh will bring a total commitment to the job. He will provide the leadership and action we need from our prosecuting attorney.

AGRICULTURE IN ACTION

MICHIGAN FARM BUREAU

"HOW WOULD DOES BIG MONEY TALK?"

In Michigan's 1976 election, there's more at stake than political lives and issues. A question will be answered: can you "buy" people's votes? Not in the literal sense of passing money into the hands of voters, but by pumping millions of dollars into a gigantic advertising campaign designed to influence (or intimidate) them to make the "right" decision.

The issue on the ballot is Proposal A, known as the "Bottle Bill". It was placed on the ballot because the People of the State of Michigan, by petition, asked for it to be. In the past several weeks, citizens of this state have been inundated with warnings by opponents of the proposal every time they turn their radio or television dials, by posters in retail stores and bars, by stickers on their beverage containers, and even by buttons worn by the check-out clerks. The opponents' resources for financing this cam-

aign have seemed unlimited.

Farmers have a lot at stake in this issue; for years, they have worked for legislation that would ban throwaways. They were sure that, at last, the time had come when they did not reckon on the power of money. They did not have a million dollars to spend on an advertising campaign. But even if they did, they'd insist on telling it like it is—and that would make pretty dull listening compared to the opposition's "Mary Hartman" approach.

How can a dairy cow, dead from swallowing a pull tab, compete with that poor man standing in line with his arms full of returnable bottles? How can a tractor tire, slashed by a broken bottle, compete with the stricken look on the woman's face when she's told her pop will cost more if the proposal passes? How can farmers, weary of having their farm properties used as garbage cans for throw-away bottles and cans tossed from passing cars, compete with the "save jobs" threats? How can an industry, concerned that someday the decision will have to be made whether to use our limited energy for food production or getting rid of disposables, compete with the "fight inflation" admonishments?

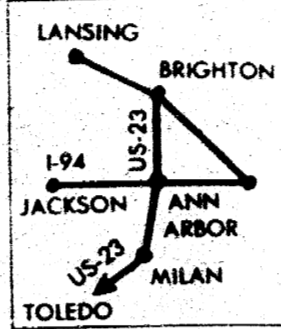

Farmers are still hopeful the proposal will pass, that voters will not be influenced by emotional (rather than factual), cleverly-devised, high-priced appeals for their votes. If the proposal is defeated, all citizens will be losers—not only because it would have been good for the state economically and environmentally—but because it will mean that "big money talks" in an election. That would be very sad.

What can you do when your company cancels your pension plan?

ROLLOVER INTO A TAX DEFERRED IRA AT AAFS

A new law (P.L. 94-207, April 15, 1976) now permits you to deposit the funds you received from your cancelled plan into a tax deferred "Rollover" IRA (Individual Retirement Accounts) at Ann Arbor Federal Savings. This must be done within 60 days of the date of distribution to avoid the tax penalties. All contributions made by your employer plus any earnings on your employer's contributions and your contributions must be placed into your "Rollover" account.

You are also eligible to open a "Rollover" IRA account if you change jobs or retire early and receive a retirement distribution.

YOU CAN RECOVER TAXES PAID FOR PLANS CANCELLED IN 1974 AND 1975

If you paid taxes on lump sum receipts from plans terminated in 1974 and 1975, you can recover all taxes overpaid. Simply open a "Rollover" IRA account, depositing your full retirement disbursement less the taxes paid at Ann Arbor Federal Savings by December 31,

1976 and file an amended return with the Internal Revenue Service requesting a refund. Your tax refund must then be put into your IRA account within 30 days after receipt.

THE "CONTRIBUTORY" IRA

The "Contributory" IRA account is for any individual who does not participate in any other qualified private or government retirement plan. Now that your company plan has been terminated you can set up a "Contributory" IRA account as a tax shelter for future earnings. You can contribute up to 15% of your earned income and not more than \$1500 in any one year.

TAX ADVANTAGES OF AN IRA

IRA offers you three basic advantages. First, you can deposit as much as 15% of your earned income each year, up to \$1500, and deduct it from your federal income tax. Second, all interest earned is also tax-free until your retirement. Third, you can retire at age 59½ and begin to receive payments from your IRA. Your taxes will probably be a lot less and

you'll likely have other exemptions as well. Early withdrawals from IRA are subject to substantial I. R. S. and interest penalties. Come into any of our conveniently located offices and we'll show you how to make saving for your retirement a lot less taxing.

consecutive victories of 72 last year before losing in the state championship game. So the Tigers are now 73-1 in the last 8 seasons. "They made their extra points," said Coach Jim Fielder, "and we didn't. That's about the only difference in the game. It was a very well played game from both sides. We just didn't get enough points."

There was jubilation in the Manchester camp as on the very first play from scrimmage Curt Fielder broke thru the left side and motored 65 yards for the TD. The conversion failed giving us a 6-0 lead at the 11:25 mark. But Hudson appeared not shaken as they took the ensuing kick and marched 60 yards in 13 plays for the tying 6 points. A successful run for 2 points gave the Tigers the 8-6 advantage with 7 minutes and 17 seconds left in the opening quarter. On the next series we moved only 8 yards

so Pete Tassie punted. Hudson also didn't gain the needed 10 so punted but an off-side penalty on the Tigers and a clipping on us off-set each other allowing Hudson to boot over. Punt the Tiger did, as it flew 58 yards. Following we ran 8 plays and punted but the Hudson receiver fumbled the ball with Greg Daniels recovering it for Manchester. So we set up operations on Hudson's 45 but a holding penalty sent us back 15 and 4 plays later we punted as the 1st quarter ended.

Hudson in 13 downs had eaten 7 minutes off the clock but their 14th play was a pass that was tipped at the line. The pigskin fell into the waiting arms of Steve Walz who then was tackled on Hudson's 46. We moved only 4 yards so punted to the Tigers with 3 minutes till half. With 49 seconds left, Hudson threw complete to our 3 yard line. Aided by this

DECIDE ON THE FACTS

Don't be confused by names. You are electing a NEW Circuit Judge. NEITHER CANDIDATE is the incumbent nor a judge. BOTH ARE LAWYERS NOW.

Shirley Burgoyne for Circuit Judge

OPEN STATEMENT TO OUR CUSTOMERS

Proposal "A" (the container issue) will be voted on Tuesday, November 2, 1976. We feel you should know what **WE WILL** do and what it **WILL NOT** do.

It will force a deposit of at least 10 cents on ALL beverage cans and bottles. A 10 cent deposit on cans is ridiculous because cans cannot be refilled.

Proposal "A", if enacted, will force you to lug dirty cans and bottles back to our market to stand in line to get your refund. If passed, proposal "A" will create sanitation problems when dirty cans and bottles come back to our market for refund. We are concerned about maintaining the highest sanitary conditions in our store. Used returnables create health problems.

It would mean many of your favorite low-cost brands (Faygo, Sun-Glo, Shasta, Shurfine, Fame and many others) would be discontinued. When competition is eliminated, the result is higher prices.

Litter is not the issue here. Government controls are the real issue. Forced deposits will not eliminate roadside litter. The State Highway Department will still want more and more money for debris pick-up, such as: newspapers, pieces of tires, mufflers, fast food containers and plastic milk bottles. Forced deposits on bottles and cans are only the beginning. What next? Milk cartons? ALL disposable food containers? And what about disposable baby diapers?

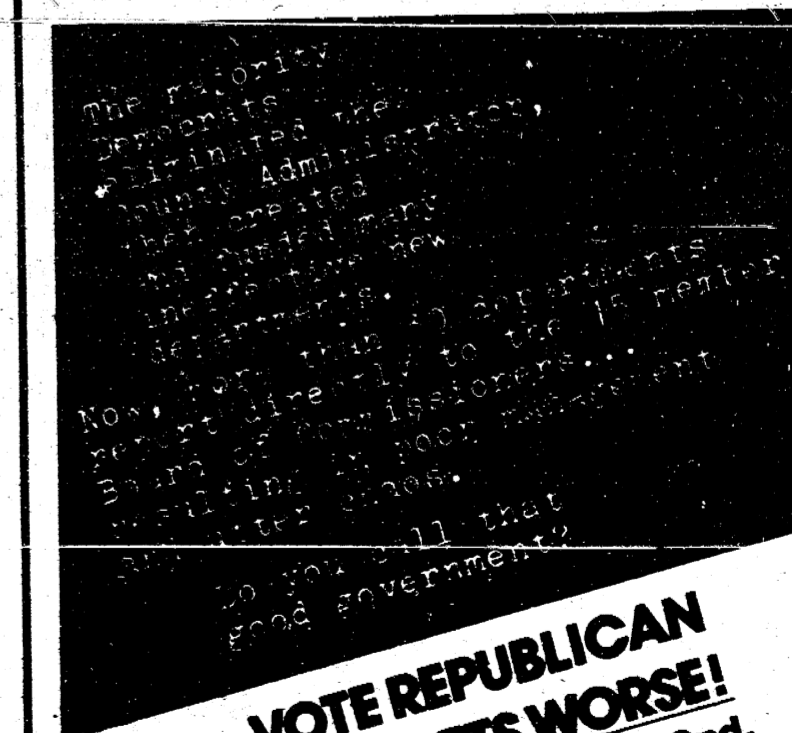

Before you vote November 2nd, please study the facts involved in proposal "A". Don't be taken in. Look at the end result of such legislation; more government controls, higher prices, higher taxes. You be the judge . . . don't lose your freedom of choice. Please vote NO on proposal "A" on November 2nd.

Our defense played rough, tough ball the second half as they limited the ers to a mere 39 yards. The Tigers but 4 net yards of total offense in 4th quarter. After several punts from both sides chester started a drive from their own. It was a powerful drive with Curt ing in from the 2, 14 plays later. In the 2 pointer failed but we had pt within 4, 16-12. On the following Hudson had possession for 3 plays 1 minute before punting. We then led our drive from our own 36 with 4 left in the contest. HE'S A GOOD SHERIFF

You have to admire Sheriff Fred Postill's administration.

Despite a budget virtually frozen since 1972 by the County Board of Commissioners, he has made major improvements in your Sheriff's Department.

More than twice as many officers patrol the county. Their arrest record is up a whopping 63%. And better than 92% of those arrested are convicted. This record places your Sheriff's Department among the best police agencies in the state.

Less Crime!

Crime is down a full 8% in areas patrolled by the Sheriff's Department, while it is up 4.7% elsewhere. Sheriff Postill, by any standard, is a tough sheriff.

Sheriff Postill has been a practical sheriff. He's controlled department costs. He's been tough with the Teamsters in bargaining sessions and in maintaining discipline and decency towards the public.

More Cars

Today, Sheriff Postill dispatches up to 20 cars at peak periods. They operate from substations opened by Sheriff Postill in each sector of the county. These substations dramatically cut response time and make command officers easily accessible to the community.

Sheriff Postill has expanded services in many ways. He asked Washington

to return some of our tax dollars to expand the fight against crime here. He began a series of desperately needed programs which the County Board could not afford alone.

A striking example is the federally funded \$300,000 communications system just installed. It provides free central dispatch and new radios for your town's police department.

More Protection!

When the County Board froze the level of police services in 1972, Sheriff Postill made available extra protection for townships and other units of government that needed it. Nine units of government have renewed their contracts for these additional services. And

Sheriff Postill has become a state-wide consultant on contract policing.

Less Cost!

In fact, documented in the public record, the Sheriff's Department costs half as much per person protected as local city police departments. City police cost from \$36 to \$48 per person protected. The Sheriff's Department, with grants, contracts and County funding added together, costs just \$20 per person protected.

And the Sheriff's Department provides equal and often superior services.

Sheriff Postill's opponent, an Ann Arbor Teamster police lieutenant, doesn't care to talk about the costs of his city department. It's top

heavy, inefficient and controlled by the Teamsters. He doesn't like to admit that his only police training comes from that department.

What the Teamster police lieutenant does say is that he won't accept federal grants. He says he'll increase the number of patrols in the western townships. But he can't do both.

Without those grants, by Supplement County funding, the Sheriff's Department would be cut in half.

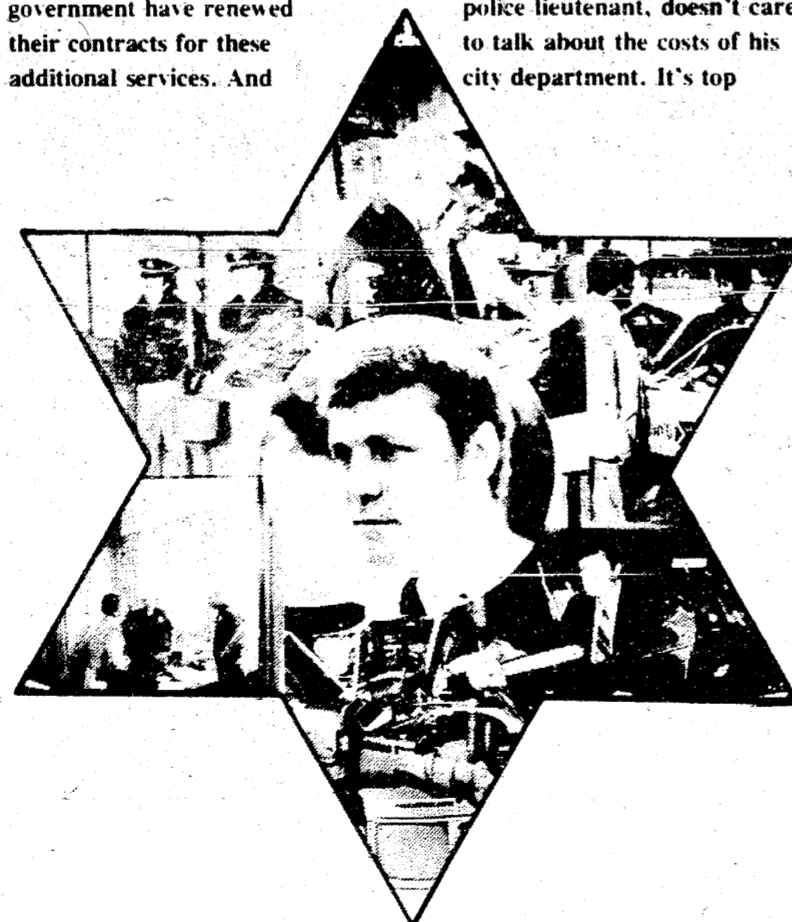

Fights Teamster Control!

There is something else disturbing about Sheriff Postill's opponent. He says he'll "launch a revolution against crime." But he denies the nationally reported link between the Teamsters and Organized Crime. He doesn't discuss the fact that it's the Teamsters who have driven the cost of police services beyond reason.

Sheriff Postill has been tough with the Teamsters. He's kept costs down. He's survived their political setups to discredit him.

Crime is down! Costs are down! Services are up! Sheriff Postill's jail reforms and the new jail design have won national awards.

He's recognized as one of the best sheriffs in the state! Keep him.

MANCHESTER MAN WINS MARATHON

Copied from Ann Arbor News, Oct. 17
NIAGARA FALLS, Canada (UPI)—William Stewart, a 33 year-old college education teacher, battled cold, cramps and a fast finish by the defending champion to win the third annual Skylon International Marathon Saturday afternoon.

Stewart, of Manchester, Michigan, a blond-bearded Wayne State University teacher, edged Marty Sudzina, 24, of Philippi, W. Va., by less than 30 seconds after leading by more than a minute with five miles remaining.

"My legs were getting cramped up the last couple of miles" Stewart said, "I wasn't really certain I could finish at the same pace. Trying to maintain that pace, my lead dissipated somewhat. I didn't think I really had it until I was half a mile from the finish line. But I thought I could make it from there".

Stewart finished the 26-mile, 385-yard race, which sponsors say is the second largest marathon in North America in 2-hours, 24 minutes and .1 seconds. Sudzina, who won last year's race in 2:23:16, was second in 2:24:27.0.

AMERICA & ME ESSAY CONTEST

Eighth graders from area schools will join thousands of students across Michigan as they express their views of America in the eighth annual America & Me essay contest, sponsored by Farm Bureau Insurance Group.

The contest, open to all eighth graders in Michigan, runs from October 11 to November 12. In the last contest, nearly 6,000 students from 318 Michigan schools participated, including several local students.

Gov. Milliken will head a panel of prominent state officials who will determine the top essays in the state in the upcoming competition.

Started in 1968, the annual contest encourages Michigan's young people to examine their roles in the country's future.

The top three essays from each school will be awarded honor certificates, and each participating school will receive a plaque engraved with the name of the first place essayist. Each school's first place essay will then be entered into

statewide competition from which the best essays in the state will be selected. Savings bonds, ranging in value from \$500 for first place to \$50, will be awarded to the top ten winners in the state. As sponsor of the essay contest, Farm

Bureau Insurance Group has received the George Washington Medal from the Freedom's Foundation at Valley Forge five years in a row. Information on the contest will be available from any Farm Bureau Insurance Group agent.

Corn Bread Chili Cookout

Out in the wilds, appetites seem to increase automatically. Meals, therefore, must be hearty, simple and quick. And that is what makes this dinner so great. It's as simple as opening a can of chili and heating it up. Serve it with this delicious, hearty sidekick — Camper's Corn Bread. Thanks to the corn muffin mix plus a few basic ingredients it's a snap to fix.

CAMPER'S CORN BREAD
2 tablespoons shortening, soft One 12-oz. pkg. Flako Corn Muffin Mix
2/3 cup milk
1 egg
1/4 cup chopped freeze-dried chives
Melt shortening in a 10-inch skillet over medium heat. Combine milk, egg and chives; let stand a few minutes. Add to corn muffin mix, mixing just until dry ingredients are moistened. Pour into hot greased skillet; sprinkle lightly with paprika. If desired, cover; cook over low heat about 20 to 22 minutes or until top is set and bottom is golden brown. Immediately invert onto serving plate; cut into wedges to serve. Makes one 10-inch round corn bread.

Young "trick or treaters" who will be howling and prowling this Halloween (Sunday, October 31) should wear painted faces instead of masks that obscure vision, according to Automobile Club of Michigan. Auto Club secretary Gail Millins uses makeup as an alternative to a face mask to highlight her cat costume. This will help her see clearly when crossing streets. Gail also reminds that since black cats are difficult for motorists to see, parents should make sure clearly costumed youngsters wear white-shouldered ponchos or reflective tape over their outfits and carry a brightly colored treat bag. Children also should be cautioned to cross only at corners and to look both ways before crossing streets. Parents should escort youngsters whenever possible. Motorists can help make this a safer Halloween by minimizing driving between 6 and 8 p.m. on Oct. 31.

Cliff Taylor: Our next Congressman

The Cliff Taylor Story

You may not know Cliff Taylor, but thousands of people in this area do. He's a 33-year old attorney who's running for Congress. Two years ago he came within 647 votes of victory in the Congressional race. This year, he's going to win.

In 1974, Cliff decided to seek the Republican nomination for Congress. He was politically unknown, and was given no chance to win the primary. But he did. Working with energetic volunteers, he defeated two well-known officeholders and set the political world on its ear.

In the fall Cliff met thousands of people by walking door-to-door. He talked to them. And with the help of his volunteer campaign staff he surged from behind to come within 647 votes of victory, out of a total of 150,000 cast. It was the closest Congressional race in Michigan history. It might have been closer, except that Michigan law did not permit a recount.

A vital part of Cliff's campaign is his wife Lucille, who is herself a lawyer. She is House Minority Counsel for the Michigan House of Representatives; on her own time she serves on the East Lansing Zoning Board of Appeals.

What is Cliff Taylor's Campaign Like?

It's open. It's honest. It's forthright.

Whether walking door-to-door in the precincts, or appearing before groups in neighborhoods, Cliff has been listening to the people of the Sixth District. He wants to know what you expect your next Congressman to do.

Cliff has been conducting a full drive on a regular basis to actually working with businesses. By working as a partner, he's been helping home owners, and providing for the people of the district to meet the needs that other working men and women have to deal with.

Cliff has been true to the spirit and aim of political reform by publicly filing lists of all his campaign contributors. His opponent has not done this.

Above all, Cliff is conducting a campaign based on the issues. These are the things that will make our future. So Cliff believes that issues, and issues alone, should be the basis on which you decide who you want to be your next Congressman.

What He Wants to Do

Cliff believes that the number one priority of the next Congress must be to provide the jobs that are needed. Cliff favors programs which develop good jobs in the private sector.

To help stem big government, Cliff is a strong advocate of "sunset laws" like those recently adopted in Colorado, and supported by Common Cause. Such laws require an agency or program to justify its existence. Those which no longer have a reason for being are phased out. Cliff believes we must work harder for election reform. He advocates total disclosure of all campaign donations made and all contributions received. Only then can we make real progress in the area of election reform.

Above all, Cliff believes in open and responsive government. When elected, he'll work vigorously to guarantee citizens their right to know what their government is doing, and their right to freedom from government interference in our daily lives.

NEW CONTEST AT LIBRARY

In recent years and especially in this Bicentennial year, there has been a tremendous interest in old buildings and homes of historical significance. Manchester surely has its share. One of these is the Township Library. This lovely building in the former residence of Dr. and Mrs. James A. Lynch, constructed in 1867.

Not only is the building old but the Library itself has an early history. Established in 1838, it is the oldest township library in Michigan and the second oldest library unit giving continuous service in the state, the first being Ann Arbor.

Because we at the Library are proud of these facts and because the Library belongs to the community, we invite everyone to help us design the look-ahead of our new stationery. We would like this to be a sketch of the Library building along with our name MANCHESTER TOWNSHIP LIBRARY. So we are having a contest open to everyone for such a sketch. In black and white along with our name. Deadline is December 1. There is only one prize of \$5.00.

If you would like more information, come in or call our Librarian, Mrs. Mary Bostall, 428-8945.

Library hours are: Monday & Wednesday 1:00-9:00, Tuesday, Thursday & Friday 10:00-5:00, Saturday 9:00-12:00.

Remember the promises Representative Mike Conlin made two years ago?

HE KEPT THEM!

1. Mike Conlin promised to represent the voters of the 23rd District who elected him, not the special interest groups in Lansing. He held Town Hall meetings throughout Jackson, Ingham and Washtenaw counties over the past two years to report to and listen to those voters. He is still working at it.
2. Mike Conlin promised to fight higher taxes and he promised to work for fair tax reform. In 1975, he voted against increasing the Personal Income Tax from 3.9% to 4.6%. Now he is fighting Senate Bill 1358, currently pending in the Michigan Senate, which would increase the Michigan Personal Income Tax from 4.6% to 6.6%. He voted against the new Small Business Tax (SBT), an unfair and cruel tax for many small business people, and he is working for its reform or repeal.
3. Mike Conlin was instrumental in the successful petition drive to qualify the Tax Limitation Amendment to the Michigan Constitution for the November ballot this year. Proposal C would limit future growth in State taxing and spending to no more than 8.3% of the total personal income in

Michigan. For the first time, Michigan taxpayers will have a direct voice in how much of their income they are willing to spend for State programs versus how much they need for improving the quality of life for themselves and their families.

4. Mike Conlin promised to use some common sense in his job as a Legislator. He is working to make government better... not bigger. He is working to make state government deliver a dollar's worth of services for each dollar invested by the taxpayer. When state government is not responsive to the citizens, he is there to fight the red-tape and the bureaucracy until it is responsive.

Representative Mike Conlin

DUTCH CROSS-COUNTRYMEN REGIONAL CHAMPIONS PROJECT COPE

Pictured L-R: Kurt Norgaard, Steve Eversole, Keith Moore, Bob Smith, Bob Padley, Coach Steeb, Jerry Miller, Dan Heslip.

Ella Sharp Park in Jackson proved to be our Manchester High Cross-Country teams liking as they easily out-distanced a fine 25 Team Regional Field with a very low 58 point total. Royal Oak Cabrini finished second with 104 points and Dearborn St. Alphonsus was 3rd at 138 points.

PARENT-TEACHER CONFERENCE SCHEDULED

Teachers and administrators are presently preparing the reporting system to parents for the current year, and have established the dates on which parent-teacher conferences are to be held. All schools in the Manchester Community Schools will be dismissed at approximately 11:30 a.m. on November 16th, 17th, and 18th to enable teachers to schedule adequate time for worthwhile conferencing with each child's teacher. While some of the conferences will take place during the afternoons, they will also be scheduled into the evenings to enable more parents to participate in this very important educational function.

Superintendent of Schools, William Green, announced that each building will be communicating with the parents of its students regarding times, etc., and stated that he was optimistic that parents of all grades K-12 would avail themselves of the time teachers have set aside for them and prepared material pertinent to their child's growth in school.

Since grades 7-12 will require only two afternoons and evenings for conferences, the staffs of those buildings will be continuing their work on curriculum design, goals, and objectives for the district.

Any questions regarding the scheduling of conferences should be directed to the teacher involved, or in the case of the high school 7-12, through the building principal, particularly if parents wish to meet with all their child's teachers at one time. School will resume as usual on Friday morning, November 19th.

man had previously defeated the other top entries, but the Dutchmen had not been expected to so thoroughly dominate the field which included 5 other state ranked teams.

BOARD OF EDUCATION MEETING DATE CHANGED

Due to a number of conflicts, the regularly scheduled Board of Education meeting scheduled for Monday evening, November 15th, has been changed to MONDAY EVENING, NOVEMBER 22nd, in the study auditorium of the high school.

Among the items to be discussed will be conditions of the various school building roofs, short and long-range athletic facility planning, bids on oil, estimates of bids on the annual school financial audit for 1976-77, and a full discussion of policies relating to all school trips including the senior trip and the German trip, financing of these trips, educational objectives, and the policies regarding the consumption of alcohol and/or the use of illicit substances.

United Way Hits 90% of Goal

General Campaign Chairman, Robert Lawson stated Monday that 90% of the \$19,847 goal for Manchester United Way has been reached, as of the fourth report date, which was Saturday, October 30.

The week of November 1 will be used as "clean-up" week for all solicitors. All Division chairmen are expected to have a final report figure by Saturday, November 6.

Mr. Lawson requests that all Division Chairmen report to him on Saturday, November 6 at his office, in the Lawson Building, between 4:30 and 6 P.M.

All Division Chairmen are asked to return their kits and all unused supplies to Mr. Lawson, or to Phyllis Baker as soon as the final reports are made. All report books are to be returned to Mr. Lawson.

at Saturdays State Finals in Sturgis they will be definite threats for the State Crown.

Adult Education Class

Have you ever bought something that was not what was advertised or what you expected? Have you received a bill that "tripped you off"? Are you annoyed by salesmen who promise you something for nothing? Have you ever wanted to take a case to Small Claims Court? Then the November Community Education Program may be the answer to these and other problems, you, the consumer have.

Mr. Mike Denomme, from the Washtenaw Consumers Action Center will explain problem areas and ways consumers can protect themselves, procedures required for taking cases to Small Claims Court, basic consumer laws, regulations on in-home solicitations, fair credit reporting, mail orders, and auto repairs will be among the topics covered.

With the Christmas buying season fast approaching, everyone should be aware of their consumer rights. This program is open and free to the public and will be held Monday, November 22 at 7:30 p.m. in the Study Auditorium of Manchester High School.
