I've been especially fortunate in my 6 years of teaching and coaching at Manchester High School to have had the support and co-operation of many fine townspeople and parents. This short note could never tell my deep appreciation for your help and assistance, it has meant a great deal to me.

It is easy to see why our program was successful, with so many avid and loyal supporters. I'll always have fond memories of my stay in Manchester.

Thanks Again,
Larry Steeb

Renovated Theatre, Comes Alive After 50 Years

The Black Sheep Repertory Theatre of Michigan, will begin its new season with the Neil Simon play STAR SPANGLED GIRL. The play takes place in a theatre that was built in 1867 which is undergoing renovation for the July 6th opening. The Association for the Performing Arts of the Association for the Performing Arts was formed this past February when its officers Stan Gill, J. Anderson and James R. Fleming decided to form a corporation with the purpose of promoting the arts and assisting artists in their efforts to produce their art forms.

Mr. Fleming and Mr. Anderson will appear on the Vic Caputo Morning Show, Monday, June 27 to discuss the opening of the theatre. The show will be broadcast live at 7 A.M. on Channel 2, Detroit. The building that houses the theatre was recently purchased by Chris and Tim over after being occupied for a number of years by the Emil Jacob Post #117 American Legion. Chris and Tim over are owners of the Black Sheep Tavern in Manchester. The Theatre will be offering Dinner/Theatre packages to couples and individuals in cooperation with the Black Sheep Tavern.

Star Spangled Girl is a fast moving, hilarious comedy that deals with two earnest young men struggling to put out a protest magazine, and the all American girl who moves in next door and manages to send them both into a romantic tangle.

10,000 CHICKEN HALVES

That's a Great Day!

Irv Gill, President Manchester Optimist Club, and Guy Gilbert, President Manchester Jaycees, met with Gene Bentschneider, General Chairman of Manchester's 24th Annual Chicken Broil to discuss some of the final details of our forthcoming nationally famous event.

The 550 volunteers are being notified of their committee assignments and 10,000 plump chicken halves and the other necessary tasty ingredients have been ordered.

Tickets can be purchased from any volunteer and from many local and area merchants and banks, including the Ann Arbor Federal Savings and the Union Savings Bank.

Pre-sale tickets are priced at \$2.75. The price at the gate on the day of the broil will be \$3.25.

All plans are "GO" for Manchester's big day, Thursday, July 21.

Richard Z. Wolf Named United Way Chairman

Richard Z. Wolf, Executive Vice-President of the Union Savings Bank, has been named Chairman of the 1977 Manchester United Way Campaign, which will be launched in October.

Before coming to the Manchester area in 1971 Mr. Wolf served four years with the United States Air Force and was employed by the Capitol City State Bank in Des Moines, Iowa for thirteen and a half years. He moved his family to Manchester in December of 1972 after accepting a position with the Union Savings Bank.

Mr. Wolf is a Past President of the Manchester Jaycees. He is a member of the Manchester Optimist Club and a member of the Zion Lutheran Church.

Mr. Wolf and his wife Nancy reside at 9626 Kies Road in Manchester with their two children Von, age 4 and Ginny, age 2.

This month the Manchester Community Schools have commemorated the naming of a library at Pleasant Lake Elementary School after Dr. Leland B. Jacobs. Dr. Jacobs has been a longtime visitor of the Manchester Community Schools during the summer months. He and his wife from the East coast have been coming to the Pleasant Lake area for many, many years and in the process of their visits to the lake area they became acquainted with the personnel that worked at Pleasant Lake school. Mrs. Hankes, a former teacher at Pleasant Lake, one day was indicating that the school community was attempting to start a new library. Dr. Jacobs, upon hearing of this, took it upon himself to take a selection of his own personal books and bring them with him each year for the past several years. And he has donated these books to the Manchester Community School system to be put into the Pleasant Lake library.

This last summer, the Manchester Community School's Board of Education honored Dr. Jacobs by naming the library after him. On his most recent visit to Manchester he was presented with a plaque to officially commemorate the naming of the library after him. It was with great gratitude that the children and the staff and the friends of the Community met Dr. Jacobs this month and gave him this plaque to keep with him as the momentum of the warm friendship that he has exhibited to the people of Manchester.

Libraries Are For Everyone

Children from age five to eighteen, by law, are required to attend school. There, along with many other subjects, they are taught to read. What happens to this marvelous skill if sickness or accident disables one so that he can no longer see or can not hold a book or turn its pages? Library of Congress statistics estimate that more than 10,000 blind and handicapped individuals live in Washtenaw and Livingston counties. The Huron Valley Library System of

which the Manchester Township Library is a member, has much to offer individuals with such handicaps. The Huron Valley Library in Ann Arbor serves as a sub-regional center for the blind, physically handicapped, and those with failing eyesight. A patron may borrow from a diverse collection of large print books, tape cassettes including menus of local restaurants, a calculator that "talks", a monopoly set with the board in braille. Other braille games allow blind and sighted persons to play together at Chinese checkers, dominoes or cards.

A new collection consists of special appliances for the blind and handicapped. "Spill proof" coffee pots, can openers that can be operated with one hand, a

bath room scale with a waist high braille dial may all be taken home to try out. This is indeed a valuable service.

Planned for the future is a collection of sculpture chosen for its tactile impressions. While the blind person examines the pieces with his fingers, a tape cassette will describe it.

Once certified by a doctor, optometrist, registered nurse, therapist, or professional librarian, a patron may pick up materials or the Huron Valley Library will mail them to you on request. Do you know someone who could and should use these services? Help them to read again!

Anyone wishing more information may call our librarian Mary Boutell 428-8045 or the Huron Valley Library 971-6058.

A BUSINESSMAN'S VIEWPOINT

Guess who....

A well-known person who is a successful businessman has expressed his viewpoints on government bureaucracy. Can you guess who he is?

Here's one: "Every time the minimum wage goes up, I have to raise my other employees. It's not fair to have your better employees making the same as those who won't put as much into their work. A lot of people simply aren't worth the minimum wage."

Here's another: "We have a lot of trouble in this area with welfare. In this county, we have as many people administering welfare and related programs as there are in the rest of the county government. Five years ago, we had eight people handling welfare; now there are close to sixty."

This next quote may give you a clue to this businessman's identity. "When unemployment was at the highest, I needed a man to run a peanut-drying machine.

It would have paid \$250 to \$300 a week. I couldn't hire a single person. They would rather draw \$90 in unemployment benefits every week and pick up food stamps at the same time."

The man responsible for those quotes in a Georgia businessman, Billy Carter. He often referred to his gas station as a beer joint selling gas as a sideline. But despite his public image, Billy Carter is a successful businessman operating a multi-million dollar operation.

Even if he is the President's brother, like many others Billy Carter is fed up with government bureaucracy.

Food for the Fourth

To get into the spirit of things, let's plan a picnic for the Fourth—at the seashore, in the park, or at home in your own backyard. And for food that's fun, what's more appropriate than good old American hot dogs—bunlike-style with relishes and mustard, or turned into Coney Islands with chili con carne. Balance the menu with deviled eggs, tossed vegetable salad, potato chips and fresh fruit. Add a Yankee Doodle Velvet Crumb Cake for dessert, a few patriotic colors, and, when it's a red-white-and-blue celebration, the cake is extra in flavor and frosting, because that's the all-American favorite. The perfect choice, wouldn't you say, for Independence Day?

YANKEE DOODLE VELVET CRUMB CAKE

- 1 1/2 cups Bisquick® baking mix
- 1/2 cup sugar
- 1 egg
- 1/2 cup water or milk
- 2 squares (1 ounce each) semisweet chocolate, melted and cooled
- 2 tablespoons shortening
- 1 teaspoon vanilla
- Old Glory Chocolate Icing (below)

Heat oven to 350°. Grease and flour 8-inch square pan, 8x8x2 inches, or round layer pan, 9x1 1/2 inches. Blend all ingredients except icing in large mixer bowl on low speed, scraping bowl occasionally, 4 minutes. Pour into pan. Bake until wooden pick inserted in center comes out clean, 30 to 35 minutes. Cool. Frost with Old Glory Chocolate Icing. Decorate with tiny American flags at various times. Our family ate in the center of each slice of cake.

This cake is a new variation of our old favorite, the Velvet Crumb Cake. Since the original is so popular, we turned it into a fudge cake just as simple to mix, just as fine and even in texture. And to double the festive pleasure, here's a quick-serve with chocolate icing for it.

OLD GLORY CHOCOLATE ICING

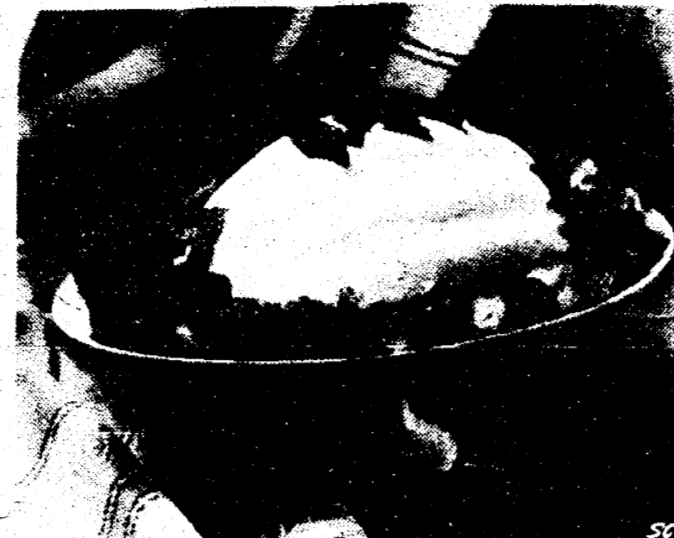

Melt 1 package (4 ounces) semisweet chocolate chips, 2 tablespoons butter or margarine and 2 tablespoons milk in saucepan over low heat until chocolate is melted. Remove from heat. Beat in 1 cup powdered sugar and 1 teaspoon.

RED WHITE AND BLUE TABLE TRIM

Use plastic as a tablecloth, white fingertip towels for napkins, bright red apples in the center. Or large white beach towels and blue bandanas. Happy Fourth, everybody!

STRAWBERRIES FOR A CLASSIC MOLD

The understated elegance of Spanish Dessert Mold provides a fitting finale to a dinner menu. This velvet-textured mold, made with Dream Whip whipped topping mix, gelatin, milk and subtle flavorings, makes a striking centerpiece when surrounded by luscious, juicy red strawberries.

SPANISH DESSERT MOLD

- 1/3 cup sugar
- 2 envelopes unflavored gelatin
- 1 1/4 cups milk
- 1/4 teaspoon mace
- Dash of salt
- 1 envelope whipped topping mix
- 1-1/4 cups milk
- 2-3/4 cups milk
- 2 teaspoons vanilla
- 1/4 teaspoon almond extract

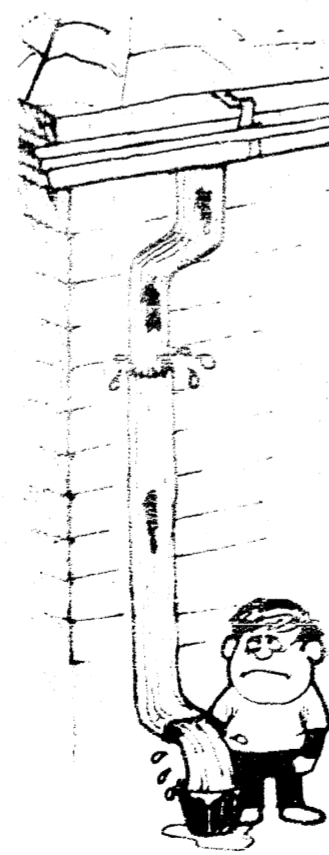

Combine sugar, gelatin, mace, salt and whipped topping mix, right from the envelope, in a saucepan. Gradually blend in 1-1/4 cups milk. Cook and stir over low heat until mixture just comes to a boil. Remove from heat. Stir in 2-3/4 cups milk, the vanilla and almond extract. Pour into 5-cup mold. Chill until firm, about 4 hours or overnight. Unmold. Serve with fresh or frozen fruit, if desired. Makes about 4-1/3 cups or 8 servings.

Susan and Roger Holloway

Rev. James O'Connor officiated at the June 18th, 1 P.M. wedding of Susan Mary Westfall and Steven Roger Holloway. The ceremony took place at St. Henry's Catholic Church in Fort Wayne, Indiana.

Following the ceremony, the couple received wedding guests at the Lamp Post, and then departed for a honeymoon to Virginia Beach.

Attending the couple were Carol D. Westfall, sister of the bride of Auburn, Indiana and Marlin Rhodebeck of Logansport, Indiana.

The bride is the daughter of Mr. and Mrs. Richard Stein and the bridegroom is the son of Mr. and Mrs. Roger C. Holloway of Michigan City, Indiana.

PROJECT COPE

During the past school year, Project COPE, a federally-funded outreach/child-find program designed to find pre-schoolers who have handicaps or special needs, has been operated by Special Education Region V for the Chelsea, Manchester, and Whitmore Lake School Districts.

Various activities have been undertaken in order to reach parents, physicians, clergy, teachers, and others within the community who have contact with children in the birth-to-five age range. Early Warning Signs brochures have been widely distributed in order to help sensitize people to possible budding problems. A twice-monthly questions/answers column which has appeared in various area newspapers has helped to trigger referrals. Frequent speaking engagements by the Project COPE staff to service clubs, social organizations, and professional groups have aided in alerting people to the rights and services under the Mandatory Special Education Act to which they and their children are entitled.

Those who would like to receive an Early Warning Signs brochure or who wish to ask questions or discuss concerns are urged to call Dr. Henry DeYoung, Director of Special Education at 475-9131, extension 48, in Chelsea.

Very few other school districts in the State of Michigan are waging Region V's type of thorough, aggressive outreach/child-find program so that pre-school children with special needs are identified and helped early. Thus far, thirty-five

children have been referred to Project COPE. All of the Region V Superintendents of Schools are to be commended for their interest, concern, and foresight in recognizing the need for an outreach project and in helping to make it strong and effective in serving the needs of the community.

Right in the midst of the Great Depression, I believe it was 1933, one of the all time great cars made its debut. The Cord.

Now, the Cord didn't stay around long. It was a victim of its time. A good car, a big car, an American car in every respect. A high price tag when most everyone was more concerned about the cost of the next meal.

Most of the cars we are familiar with today will be only memories. They, too, will join the Cord, victims of their time.

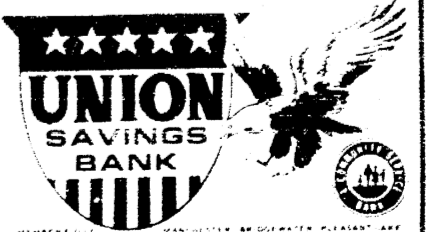

Now the problem is not the money a car costs, or so it seems. The problem today is what will it cost to operate the car. With fuel constantly rising, the initial cost of a car is secondary to the cost of keeping the darn thing on the road.

The All American dream of owning the biggest car in the block is giving way to the dream of owning the most economical car in the neighborhood.

Whenever way your dreams happen to lean, rest assured we have the cash needed to make it possible for you to own a new car.

When you have chosen the car you want, or before you go car shopping, see us. You'll like doing your financing with a bank rather than with an out-of-town corporate lender who looks at you only as a number in his books.

Village Council Proceedings

June 6, 1977
Council met in regular session with the meeting called to order by President Little at 7:05 p.m. with Daniels, Denhoff, Duncan, Fitzgerald, Scully and Zsenyuk present. Enter Schaffer at 7:06. Absent Padley. Minutes from the May 23, 1977 regular meeting were read and corrected in a motion by Denhoff, supported by Scully. All yeas, carried.

John McGuire was present to explain a grant application initiated by the schools to help the problems of suspension, drop-outs and truancy. It would be an Alternative Educational Program. However, a school system is not considered a governmental unit and the money must be directed through a governmental unit. The Village was asked as a unit of General Local Government to act as receiver of the grant funds. Copies of the grant application will be made for the perusal of Council. Further discussion will be held on the matter June 20, 1977.

Fitzgerald reviewed Public Works activities of the previous two weeks. A section of West Duncan has been paved. A donation of time and equipment was made by Tom Walton in doing some bulldozing at the well side on Ann Arbor St. Moved by Fitzgerald, supported by Scully that a letter of thanks be forwarded to Mr. Walton. All yeas, carried. Little offered to take care of the matter.

A water service repair was made where Bell Telephone Co. drilled a hole in the service line near the alley back of the Union Savings Bank. All Village grounds have been mowed. Two drying beds at the sewage plant have been cleaned. Streets have been swept twice.

Moved by Duncan, supported by Fitzgerald to recess as Council and convene as Zoning Board of Appeals with members Fitzgerald, Scully, Denhoff, Daniels, Broucek, Schaffer and Duncan present to consider the request for a variance by Bob Novess. The property in question is located at 211 W. Duncan. Mr. Novess's request was to allow construction of an attached garage within 8' of the lot line. No objections were heard. Several letters of approval were read. Moved by Scully, supported by Broucek to approve the variance. In favor were Daniels, Schaffer, Duncan, Broucek, Denhoff, Fitzgerald and Scully; motion carried. Moved by Fitzgerald, supported by Broucek to adjourn as Zoning Board of Appeals. All yeas, carried.

Schafer listed permits: Schenck-convent; Knauss-building; Wallace-alterations; Rickelmann-building; Tirb-alterations; Schaible - plumbing; Freedom Electric-electrical.

Zsenyuk present the May Police Report. Police Runs 73, People Investigated: 293, Vehicles Investigated: 154, Warnings: 116, Complaints Received: 32, Investigated: 32, B & E Auto 1, M.D.O.P. 3, Found Prop. 1, D.U.I.L. 1, Sick person 5, Larc. fr. truck 2, Larc. over \$100 1, Confis. property 1, Reckless driv. 1, Heart attack 1, Open door 1, Recovered prop. 1, Assault (minor) 1, Misc. (accident) 1, Car fire 1, Public nuisance (smoke bombs) 1, Lost prop. 1, Missing person 1, Vehicle impound 2, Larc. fr. big. 1, Careless use of fire arms 1, Floeing, eluding & reckless driving 2, Alarm 1, Traffic Violations: 24-No reg. on person 1, D.U.I.L. 1, Speeding 8, Reckless Driv. 4, Exp. op. lic. 2, Driv. with restricted 1, Oper. unlic. veh. 1, Obstructing traffic 2, Pass

After reviewing expenses Zsenyuk proposed that service to Sharon Township for the next year be raised to \$20 a call from \$15.

Discussion of the size of lines being used in Cowan's Subdivision covered the necessary size of 6", as well as what would be needed if there were any further development beyond that area. Moved by Schaffer, supported by Denhoff to increase the size specification required of the developer in Cowan Subdivision from a 6" line to an 8" line with the Village paying the difference in cost, which is estimated at \$2.04 a foot for 1290 estimated feet, to allow for the possibilities of future development. All yeas, carried.

A Public Hearing was held to consider the adoption of the final budget for the Fiscal year 1977-78 and the use of Revenue Sharing Funds for that period. Equipment needs were considered, as well as further sidewalk work and tennis courts. A new dump truck is needed before winter, so that it would be in service for snow removal. Present equipment would be unable to handle the Village needs.

The DPW was in need of a truck last year, but had to defer it due to other equipment breakdowns and requirements. It was thus decided to utilize Revenue Sharing Funds for Major equipment purchases. Council hopes to be able to continue the sidewalk program as begun last year. Tennis Courts will be considered again at a later date. The proposed budget was reviewed. Moved by Denhoff, supported by Fitzgerald to set the millage at 15 mills on the State Equalized Value of \$11,830,286.50 to be broken down in the following manner: All yeas, carried. General Operations \$115,936.81 9.8 mills, General Highway \$28,392.69 2.4 mills, Bridge Bond \$15,379.37 1.3 mills, Sewage Bond \$17,745.43 1.5 mills, Total \$177,454.30 15.0 mills.

This is an increase of .1 mill (.001) due to the increased cost of employee insurances, vehicle insurances, gasoline, Continued on page 10

SMALL CAR... SMALL COUPLE... BIG MESSAGE! This couple is unusually young and their compact car is unusually old—anyone remember the jazz-age and the rumble years? but no one is ever too young or too old to have fun with Michigan's personalized license plates. The big message is a practical reminder that if you want to personalize your plates for 1978, you must order right now. The deadline is June 30. Applications are available at all Secretary of State branch offices. You may obtain personalized plates for motorcycles and trucks, as well as cars. Funds collected for personalized plates are earmarked for use in helping clean up Michigan's highways.
