CAN WE HELP PAY YOUR RENT?

The Michigan State Housing Development Authority (MSHDA) and the Michigan Department of Social Services (DSS) have begun operating a new program, known as the Section B Rent Allowance Program, which will be available to 72 families in Washtenaw County. Section B provides money to help people pay their rent. The part of the rent you pay each month will be determined by your family's income and the number of people in your family. However, the amount you pay each month for rent, heat, and utilities will not be more than 25% of your adjusted monthly income.

A family accepted for the program may remain in their present home or seek new housing, but to meet program requirements, the housing unit must be inspected by DSS and found to be safe, decent and sanitary. In addition, your rent must not be higher than HUD approved Fair Market Rent limits. Eligible tenants will be selected on a first-come, first-served basis. Applications will be accepted beginning August 22, 1977 at the Washtenaw County Department of Social Services.

OWNERS & MANAGERS

CAN WE HELP YOU FILL VACANT UNITS?

The Michigan State Housing Development Authority (MSHDA) and the Michigan Department of Social Services (DSS) have begun operating a new program known as the Section B Rent Allowance Program. The Section B Program will be administered through the County DSS office. Section B is a federally funded program which provides money to help tenants pay their rent. Tenants who participate in the program will have part of their rent paid directly to the landlord by MSHDA.

In order for a housing unit to qualify, the rent, including utilities must be within the HUD Fair Market Rents. In addition, the unit must be safe, decent, and sanitary. FEATURES FOR OWNERS/MANAGERS * The MSHDA portion of the rent is automatically sent to the landlord at the first of each month.

* Tenants currently leasing units may receive a rent allowance if both the unit and the tenant meet eligibility criteria. * Income limits for eligibility are set at levels which permit moderate income families and low income families to participate.

* Landlords select tenants according to their own guidelines. However, no violation of the nondiscrimination requirements of Fair Housing Laws will be allowed. * Landlords receive 50% of the monthly rent for up to 90 days if a tenant vacates in violation of the lease. * The program provides for annual rent adjustments.

Contact the Washtenaw Co. Department of Social Services for further information.

UNITED WAY GOAL SET FOR '77 CAMPAIGN

The Campaign goal for 1977 Manchester United Way has been established at \$20,559. This figure reflects a 3.4% increase over the 1976-77 budget. The final figure was reached after the Budget Committee carefully reviewed all agency requests and activities in the Manchester area. Eight of the budget agencies received slight allocation increases for 1978. There are 12 member agencies in the Manchester United Way budget which includes United Way of Michigan with their 23 services which provide health, research, character building and social services to the residents of the Manchester area.

Allocations to these 12 agencies will be as follows: Manchester Area Recreation \$4,700, Manchester Family Service \$200, American Red Cross \$5,000, Cystic Fibrosis Foundation \$550, The Salvation Army \$1,200, Huron Valley Child Guidance Clinic \$200, United Way of Michigan \$2,209, Wolverine Council Boy Scouts \$2,200, Child & Family Service of Wash. County \$500, Catholic Social Services \$1,000, Wash. Assn. Retarded Citizens \$800, Huron Valley Girl Scout Council \$2,200.

The '77 Campaign will be launched on Wednesday, October 5 and continue thru October 31. Don't forget tonight's meeting, September 7, 1977 at 8:00 P.M. at the High School, for the Manchester Athletic Boosters. Membership dues if not already paid can be done at tonight's meeting or by sending a check made payable to Manchester Athletic Boosters to Kathy Hagerman, 17851 English Rd., Manchester, Michigan 48158. The fee for dues is \$4.00 per couple or \$3.00 per single person. See you at tonight's meeting.

Rumplestilskin To Be Presented Saturday

Traveling Smiles/Touring Children's Theatre of Manchester, Michigan presents its premier performance of the fall season. Rumplestilskin is the first show in a series of children's theatre productions to be presented at this historic theatre. On Saturday, September 10, matinees will be held at 11:00 a.m. and 2:00 p.m. Other Children's Theatre productions will include such fairy tale classics as Cinderella, Jack and the Beanstalk, Hansel and Gretel and Sleeping Beauty. The other dates are September 24, October 8 and 22 and November 5 and 19. Plays for those dates will be announced in area newspapers. Information may also be obtained by phoning (313) 428-9287. Manchester area residents may consult the Manchester Enterprise.

Jacques Brel Is Alive And Well And Living In Paris

The Black Sheep Repertory Theatre of Manchester, Michigan presents the premier of its final show of the summer season "JACQUES BREL" which opened Friday, August 26 and showing September 7, 8, 22 and 25 at this 110 year old theatre in the quaint and beautiful village of Manchester. This incomparable Revue by Jacques Brel speaks to the mind and to the heart.

BREL is under the direction of Stan Gill and is produced by James R. Fleming. The team of Robert Ferris and Steven Bass will be musically directing BREL. The cast of four includes Shelley Binder, Owen J. Anderson, George Jacobs and Carolyn Tjon. Ms. Binder is a resident of Manchester and hails from Southfield, Michigan. Owen J. Anderson is a Southfield native and has appeared as Andy in STAR SPANGLED GIRL and Cocky in ROAR OF THE GREASEPAINT, SMELL OF THE CROWD, both performances received excellent reviews from area press. George Jacobs is a Lansing resident and this marks his ninth year as a professional actor. Carolyn Tjon is an Ann Arbor resident and received her Masters degree in voice from the prestigious University of Michigan School of Music. Director Stan Gill has indeed selected a strong cast for this musical.

Press wishing to attend the show should phone the Association for the Performing Arts at least three days prior to their expected attendance. Complimentary tickets will be provided on request. For reservations and information, the public may phone (313) 428-9280 or 428-9287. Office hours are Monday through Friday from 8:30 a.m. to 5:30 p.m. Dinner/Theatre packages are available to individuals or couples every Friday and Saturday. Dinner/Theatre packages are available at a discount to groups of ten or more every Wednesday, Thursday or Sunday evening. Performances begin at 8:00 every Wednesday through Sunday. Box Office opens at 6:30 p.m. on show days.

SATURDAY NIGHT SINGLES

LANDSCAPE-NURSERY SHOW & SALE

Red maple, honey locusts, spruces and yews are among the many trees and shrubs that will be on display at Landscape and Nursery Day, a show and sale encompassing everything the home landscaper needs to add new life to his lawn.

The show and sale will be held Sunday, September 25 from 10 a.m. to 5 p.m. at Detroit's Eastern Market, and is co-sponsored by the Michigan State University Cooperative Extension Service, the City of Detroit and the Metropolitan Detroit Landscape Association.

Landscape logic can make a difference. A healthy, green lawn, attractive flowers, trees and shrubs can add to home resale value; and proper selection and placement of shrubs, trees, and other materials can help decrease the energy required to keep your home comfortable during winter and summer.

Master gardeners, extension horticulturists and landscaping experts will be available to answer questions and advise consumers on the whole spectrum of landscaping problems - including plant selection, planting, and proper care methods.

GUN SAFETY CLASSES

A Gun Safety program, offered by the Manchester Sportsman Club will be held on September 14, and September 21 from 7:00 P.M. to 8:30 P.M. at the Club grounds, and will conclude on Saturday, September 24 from 1:00 to 4:00 P.M.

Students must be 11 years old and up to attend. The Wednesday evening sessions are class room instruction and Saturday session, a test session and actual shooting of a gun and bow and arrow. There is no charge for this, children must attend all sessions and parents are welcome.

Sign-up sheets will be available at the Middle School and High School, also Gamble Store.

For further information contact Lauren Huber and Daryl Taylor at 428-8116.

FREEDOM TOWNSHIP PLANNING COMMISSION PUBLIC HEARING

The Freedom Township Planning Commission will hold a public hearing at the Freedom Town Hall on September 15, 1977, at 8:30 P.M.

Purpose of the meeting will be to consider the rezoning of 1.5 acres at the corner of Fletcher Road and Ellsworth Road to industrial. Request has been made to build a welding shop.

Make A 'Big Mac' At Home? Well, You Can Try--

It's now one of the most famous slogans in America: "Two all beef patties special sauce lettuce cheese pickles onions on a sesame seed bun."

If you don't know what it means, ask your youngsters. (The answer is also given below.)

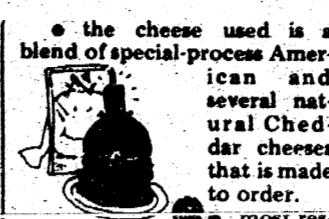

Everyone knows about McDonald's and its Golden Arches. They are found everywhere. But, there are some surprising facts about the restaurants you may not be aware of.

For instance: • every hamburger patty served in the restaurants is made of 100% pure beef (no fillers) from selected cuts, including chuck, round and sirloin.

• the recipe for the sauce used in Big Mac sandwiches is a closely guarded secret - it took years to develop.

• buns are baked to exact specifications - even down to the number and placement of the sesame seeds.

• lettuce, pickles and onions are of the highest quality.

• the cheese used is a blend of special-process American and several natural Cheddar cheeses that is made to order.

• most restaurants are owned by business people right in the community. • in most companies, a degree from Harvard or Stanford or M.I.T. would be enough; but to the people at McDonald's, you really haven't proven you're management material until you've made it through Hamburger University. More than 10,000 alumni (licensees, managers and assistants) have graduated from this modern training center opened in 1968 in Elk Grove, Illinois.

If you think you would like to try your hand at making a Big Mac at home, here's the recipe (and the answer to the slogan quiz, above):

"Two all beef patties, special sauce, lettuce, cheese, pickles, onions on a sesame seed bun."

Good luck!

WHAT'S COOKING IN MICHIGAN

by Carl Olson
Michigan Department of Agriculture

As one of the preliminary judges in this year's Beef Cook-off, sponsored by the Michigan Beef Industry Commission, I had an opportunity to look over a great number of excellent recipes using inexpensive meat cuts.

When the seven finalists were chosen, there was one recipe that looked great but wasn't one of the seven. Gary Marx of Lansing submitted the recipe and he has given me permission to pass it on to you.

Combine two pounds lean ground beef, four finely chopped Ida Red or McIntosh apples, two slightly beaten eggs, one-half teaspoon tarragon, and salt and pepper to taste. Shape this mixture into one-inch meatballs and brown in eight tablespoons of oil along with one-half cup chopped onion.

For the sauce, combine four eight-

ounce cans of tomato sauce, one and one-half cups dry red wine, one-half cup cider, and one teaspoon each of basil and rosemary.

Four the sauce over the meatballs, cover and simmer for one hour. The meatballs and sauce may be served over noodles or rice.

It has no doubt already come to your notice that there are a goodly number of Michigan products in this recipe.

The Michigan Department of Agriculture is always ready to remind people that agriculture is an important industry. In fact, agriculture is Michigan's second largest industry with cash receipts to farmers totaling \$1.68 billion in 1976. With added costs of processing, transportation and marketing, the agricultural industry was worth approximately \$2.3 billion.

That's nothing to sneeze at!

STILL BEST FOR SERVICE

Wherever you go in our Michigan, throughout the country or throughout the world you see the familiar symbol of Master Charge, because thousands of merchants proudly display the Master Charge sign and welcome your business. Make sure you have and carry Master Charge, the number one charge card, and remember...

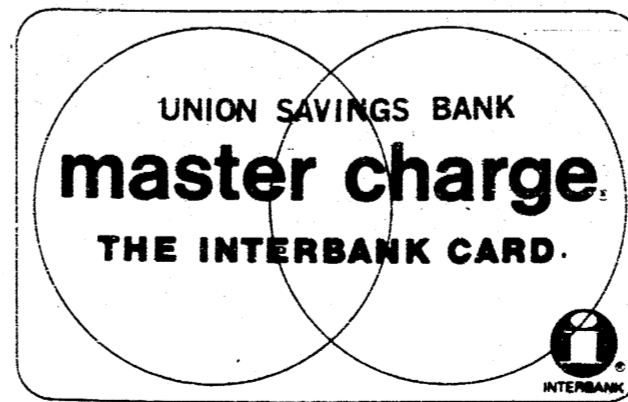

Master Charge is safer than carrying cash and much more convenient.

Master Charge provides protection against any travel emergency and gives you instant acceptance at hotels, restaurants, and stores all over the country.

The exclusive Revolving Installment Plan lets you make major purchases without affecting your regular Master Charge credit line.

When you have Master Charge you can relax because you have a nice kind of clout. It's the only card you'll ever need. Use it wherever you see the familiar symbol. Get it at this bank.

When you choose Master Charge you choose your hometown bank...our bank's name is imprinted right on your Master Charge card.

More people have it.

Because more places

honor it.

Ford—Timeless Elegance

There's a timeless elegance about the Ford Mustang. It's a car that's been around for over 20 years, and it's still going strong. The Mustang is a car that's always been a favorite among car enthusiasts. It's a car that's always been a symbol of American muscle. It's a car that's always been a part of the American dream. The Mustang is a car that's always been a part of the American way of life. It's a car that's always been a part of the American spirit. It's a car that's always been a part of the American soul. The Mustang is a car that's always been a part of the American heart. It's a car that's always been a part of the American mind. It's a car that's always been a part of the American soul. Three Home-Grown Vegetables In Harvest Casserole

Has your carefully nurtured backyard garden inspired a search for new recipes featuring fresh vegetables? With a bumper crop of home-grown zucchini, carrots and onions, one new recipe to try is Herbed Zucchini Bake. The vegetables are complemented by a creamy sour cream sauce with the added touch of savory Kellogg's® Croulettes® herb seasoned croutons. A topping of additional buttery-crisp croutons adds a crunchy accent to this harvest-time casserole.

HERBED ZUCCHINI BAKE

- 2 1/2 cups Croulettes herb seasoned croutons
- 2 tablespoons regular margarine or butter, melted
- 4 medium zucchini squash, cubed
- 3/4 cup grated carrots
- 1/2 cup chopped onions
- 1/4 cup regular margarine or butter
- 1 can (10 1/2 oz.) condensed cream of chicken soup
- 1/2 cup dairy sour cream
- 1 tablespoon chopped pimiento
- 1 teaspoon salt
- 1/2 teaspoon pepper

- In medium-size mixing bowl, toss 1/4 cup of the Croulettes croutons with the 2 tablespoons melted margarine. Set aside.
- In large saucepan, cook zucchini squash in lightly salted water until tender, about 5 minutes. Drain.
- Cook carrots and onions in the 1/4 cup margarine in large saucepan until tender. Add the remaining 1 1/2 cups croutons, the soup, sour cream, pimiento, salt and pepper. Mix thoroughly. Stir in cooked squash. Spread in ungreased 10x12-inch (1 1/2 quart) glass baking dish. Top with reserved croutons.
- Bake in oven at 350° F. about 35 minutes or until hot and bubbly.

Yield: 8 servings

Ford's German-built Fiesta, now on sale at Tom Marshall Ford, Manchester, offers sports car feel in a quality-built small-car package.

"Fiesta is the most successful design ever introduced in Europe and already has received rave reviews from automotive editors and enthusiast publications in the United States," the Ford dealer said.

"It's a car that must be driven to be appreciated and we hope interested customers will visit our dealership for a test drive so they can see for themselves what a truly fun-to-drive car Fiesta really is."

Built to exacting standards at Ford of Germany's Soarhaus assembly plant, the front-wheel-drive Fiesta is powered by a performance-proven 1.6-liter heat-overhead-valve engine teamed with a fully gearshifted four-speed, floor-mounted manual transmission.

Fiesta's drivability is enhanced by rack-and-pinion steering for more precise control and a MacPherson-strut front suspension system for improved directional stability. Heavy-duty shocks and a rear stabilizer bar are optional.

Fiesta's long list of standard equipment also includes Michelin steel-belted radial tires, front disc brakes, bright aluminum bumpers, high-back bucket seats, carpeting and a fold-down rear seat.

Air conditioning, tinted glass, a rear window wiper/washer, sporty cast aluminum wheels and power front disc brakes are major options.

Function and economy were basic Fiesta design considerations. Built on a 90-inch wheelbase, the car weighs less than 1,500 pounds and has a 49-state EPA fuel-economy rating of 46 miles-per-gallon highway, 34 mpg city and 38 mpg combined highway city. On California, Fiesta has EPA ratings of 43 mpg highway, 30 mpg city and 35 combined highway city. Gasoline mileage may vary under actual driving conditions.

Fiesta's front-wheel-drive, transverse-mounted engine design saves space for additional passenger and luggage room. Rear seating, for example, is exceptionally good with more leg room than in most other cars in Fiesta's class.

Even with the rear seat in an upright position, Fiesta has nearly seven cubic feet of usable luggage capacity, and with the rear seat down there are 29 cubic feet of cargo space. The rear hatchback door extends down almost to the bumper for easy loading and unloading of groceries or luggage.

Fiesta is available in one model - a three-door hatchback - with four trim levels: standard, Decor, Sport and Ghia.

"Ford dealers in Europe sold more than 118,000 Fiestas during the car's first six months on the market - the highest introduction sales total for any new-car nameplate in European history," the local dealer noted. "and we expect it to be equally popular with value-conscious small car buyers in the United States."

TOILET PAPER ALA DETERGENT

By: S.C. Cashman, Editor Buckeye News

"Ohioans Losing Food Cost War," This headline appeared over a story in one of Ohio's leading newspapers last July. The article told of an Associated Press survey in 17 cities "which showed that shoppers were losing ground."

It went on to say that the average price of 16 standard grocery items, at the end of June came to \$19.51-up/100ths of one per cent over the previous month. Average cost of the same items a year ago it said was \$18.45.

But here's the revolting part, "Sharpest price increases," it said, "occurred in detergents, up 12 per cent and coffee 6 per cent. The biggest declines were in chuck roast and four-roll pack of toilet paper."

Detergents and toilet paper-food items? Can you imagine eating either of them with or without gravy? How anybody can consider either of them as a food product is beyond me. People who include them in a food cost survey ought to be served toilet paper ala detergent for dinner just once. Perhaps this would help put an end to unpalatable food surveys and misleading headlines.

AGRICULTURE IN ACTION
MICHIGAN FARM BUREAU
LINTON, MICH.

HAMBURGER AND INSULIN

Some sociologists and nutritionists have accused beef of being a wasteful luxury in a hungry world. Figures of "eight pounds of grain to make one pound of beef" were commonly tossed around a few years ago. Such figures have been contested in several research projects.

Cattlemen groups have shown, for instance, that the majority of gain for beef takes place from grazing. And much of this grazing takes place on land where grain crops could never be economically produced.

And—there's one fact that is often overlooked when the value of feeding cattle for food is discussed. That is the by-products that come from these animals after slaughter for food. Al Best, director of research at Sperry New Holland, a manufacturer of farm machinery for the cattle and grain industry, says the benefits from beef by-products go far beyond food.

"Most people would never even think of beef animals as a source of life-saving pharmaceuticals," says Best. "However, it takes the pancreas gland from about 45 million cattle to keep the diabetics in America supplied with insulin."

There are an estimated five million diabetics in the U.S. and about one-fourth of them require daily insulin treatments. Some cattle industry people believe there may eventually be a federal requirement calling for mandatory salvaging of pancreas glands by all beef slaughterers, regardless of economic returns for the

WHEAT INSURANCE

Another medical by-product comes from the animal's liver. This is used to manufacture the drug cortisone. From lungs come extracts to be used in production of Heparin, used for blood control during operations. Heparin is also used for treatment in preventing gangrene and as a burn treatment.

The small intestines are used in manufacture of surgical sutures. Spinal cords are the beginning of sex hormone formulas. Pituitary glands from cattle produce growth hormones for humans.

There are non-medical by-products as well—strings for musical instruments, lubricants from fats, gelatin from bones. All come from beef animals. But it is the pharmaceuticals that really count. "More than 100 life-saving, life-improving drugs in current use can be derived from a beef animal," says Best. And that's not a "wasteful luxury."

FEDERAL CROP INSURANCE CORP.

The Federal Crop Insurance Corporation, an agency of the United States Department of Agriculture, is now taking applications for 1978 Wheat Insurance. Farmers can avail themselves of this protection by contacting their local Federal Crop Insurance Corporation County Office. The Federal Crop Insurance program offers a specific production guarantee to help cover the cost of producing a crop.

In some counties the program has been adjusted considerably. The coverage adjustment program that was offered for the past four years has been discontinued. The coverages in these counties have been adjusted to more adequately cover the farmers cost of production. Farmers who currently have Federal Crop Insurance policies in force will automatically receive the improved coverages.

The final date for signing up for Fall

Wheat Insurance is September 24. According to Ben A. Jordan, Jr., Regional Director for the Indianapolis Regional Office, "different participation in the program is at an all-time high in the 226 counties served by the regional office. Early sign-up indicates that farmers are continuing to expand the use of the "all-risk" protection. Farmers can also sign up for the 1978 Spring Crop program at this time if they so desire.

FARM BUREAU SUPPORT OF NEW DEER PERMIT PROGRAM NOT ANTI-SPORTSMAN

Michigan Farm Bureau policy supporting the new antlerless deer program should not be made an issue of landowners against sportsmen, according to Elton Smith, president of the state's largest general farm organization.

"On the contrary," says Smith, "the program can do a great deal to improve the relationship between property owners and hunters."

The program would allow a landowner of 40 acres or more to obtain a permit to hunt doe on his property. Currently, ten deer management units are targeted for the experimental program. Without the new program, a landowner who doesn't get a regular permit would not be able to harvest deer that have been feeding on his land, sometimes damaging his crops.

"Let's face it," Smith explains, "one of the things that upsets landowners, and farmers in particular, is that hunters can harvest the deer while they can't."

Smith is fearful that if this continues to occur, farmers may increase their denial of hunter access. The Caledonia dairy farmer continues, "However, if farmers can get permits, their attitudes will improve about letting hunters come on their land. This is not meant as a subtle threat, but a statement of fact."

Michigan United Conservation Clubs are seeking a court injunction against the plan, while the Michigan Farm Bureau will file a brief supporting the program and the Department of Natural Resources. However, Smith points out that in the past the Farm Bureau and MUCC have worked closely on many projects. "Trespass laws, the recently-approved hunter access law, wetlands legislation, and distribution of sportsmen's land use passes are just a few of the cooperative projects. We see this new program as another method to strengthen the relationship between landowners and hunters, not to sever it."

COMMUNITY EDUCATION

Manchester Community Orchestra is preparing to start their 2nd concert season. Last year we had 35 local musicians. This year the Community Orchestra plans to do four concerts and possibly one or two guest appearances. There is room for and the need for more members. Some instruments that are needed are cellos, violas and violins. In addition some wind players may be needed as well as one or two percussionists. Old members as well as new members should contact Philip Mains at the Community Education Office 428-7804 to register or attend the first nights practice in the High School on Thursday, September 22 at 7-9:00 p.m. The Community Orchestra provides an opportunity for everyone to participate. Some instruments are available for loan thru the school and "brush up" lessons are available. Rehearsals will be held Thursdays from 7-9 p.m. in the high school music room. There is no charge to belong. This year Mrs. Joyce Meade will be director. Mrs. Meade has played with six community orchestras before coming to Manchester and will be directing the Junior Symphony also.

SOMETHING NEW FOR PRE-SCHOOLERS

Manchester Community Schools will conduct its annual pre-kindergarten round-up at the Klager Elementary School on September 26 and 27. Parents of children who will be entering school in the Fall of 1978 (born between December 2, 1972 and December 1, 1973) should call 428-8321 for an appointment. Round-up provides preschoolers with an opportunity to have their hearing, vision and school readiness skills assessed. In previous years round-up was held in the Spring. This year, however, it is scheduled in September to consolidate with the district's Parent Readiness Education Project (PREP) which conducts its screening in the Fall. With a Fall round-up, parents can benefit from several services offered to preschoolers the year prior to school entry. PREP runs a school/home program for children needing specific school readiness
