Manchester Community Schools will conduct its annual pre-kindergarten round-up at the Klager Elementary School on September 26 and 27.

Parents of children who will be entering school in the Fall of 1978 (born between December 2, 1972 and December 1, 1973) should call 428-8321 for an appointment

Round-up provides preschoolers with an opportunity to have their hearing, vision and school readiness skills assessed. In previous years round-up was held in the Spring. This year, however, it is scheduled in September to consolidate with the district's Parent Readiness Education Project (PREP) which conducts its screening

With a Fall round-up, parents can benefit from several services offered to preschoolers the year prior to school entry. PREP runs a school/home program for children needing specific school readiness

Council met in regular session with the meeting called to order by President Little at 7:26 p.m. Present were Denhoff, Fitzgerald, Sci.affer, Scully and Zsenyuk, Absent were Daniels, Duncan and Padley. Minutes from the August 1 regular meeting were read and approved in a motion by Fitzgerald, supported by Denhoff, All yeas, carried.

As per agenda the following items of business were considered. Council had been questioned as to why the Village had not been emptying the trash barrel located at the Mill. Fitzgerald replied that the Village had supplied the Mill with a trash container to facilitate their cleaning the cans and other debris left on their property, but at the time had told the owners that the Village would not be responsible for emptying it. Little agreed to pass this on to Willard Mann, advising him that the Village is not in the business of picking up trash from private property. There is a trash service available to residents.

Village lawns were mowed, asphalt streets were patched, two water services were tapped and the youth employed under the WORC Program have been working at Kirk Park. The gasoline pump at 214 N. Macomb has developed some irregularities due to age. Fitzgerald proposed that a new one or a rebuilt pump be purchased.

Zsenyuk reported on a trip to Selfridge Air Force Base with the Washtenaw County Civil Defense Director, A number of equipment items were requested with delivery due the first part Zsenyuk requested permission to put

another police officer on full time for the rest of the year (fiscal year). Council advised him to employ the man on a temporary basis for that period.

Why can some people walk right in and get a loan?

The people who notain loans from us quickly and easily are the people who hank with us regularly, and nave estaclished credit with us before they needed it. We have a record of low they handle their savings and checking accounts and how they have repaid any previous loans. Then we know from experience they have an adult, responsible attitude toward money and credit.

This unique customer relationship can usually be formed only with a progressive understanding bank and for this reason many people have chosen Union Savings Bank as "THEIR BANK"

DUTCH NIP IDA 8-7

by Jon Hardenbergh As the days rolled by, I was afraid it might rain on Friday, but it cleared up as we welcomed Ida for our home

As we got our hands on the pigskin we picked up a first down before snapping the ball. Ida was penalized twice for encroachment, so we had it 1st and 10. Then everything stopped for us as ida's defense started to build a brick wall in front of our offense. Well, there was only one thing for our defense to do so they retaliated by building a wall also. Both sides did show sudden bursts of offense but the opposing defenses shut them right down. When the gun sounded to signal halftime the battle was over and the scoreboard read 0-0. In the third period Ida had us backed

inside the 20-yard line but a nice punt by Jeff Geiger helped. Ida took the sphere and rambled down the southern side into the end zone to cap off a 65-yard feturn. Ida booted the conversion. so with 2 1/2 quarters played the tally was 6-7. We wasted no time as about 4 minutes later Curt Fielder scooted over right, was tripped in the secondary, regained his balance and just pulled away from several would-be tacklers. Curt crossed the goal went for the 2-point conversion and Curt swept left into the end zone. This left it 8-7. Ida moved fairly close and tried a field goal but it was no good. Next time Ida got possession they threw a swing pass and the receiver then threw down field. The aerial was high but their man jumped tipped it, then gathered it in inside the 10. Our defense rose to the occasion and on 4th and 1 on the one There will be a meeting of all Division yard line we stopped them. Soon we punted but Ida went nowhere. With less Board of Directors of Manchester United than a minute to go they booted the Way on Wednesday, September 28 at 7:30 ball in hopes we'd make an error. On P.M. at the Lawson Building, to finalize the 1st play we fumbled and Ida replans for the drive which will kick off
