DUTCH NIP IDA 8-7

by Jon Hardenbergh
As the days rolled by, I was afraid it might rain on Friday, but it cleared up as we welcomed Ida for our home opener.

As we got our hands on the pigskin we picked up a first down before snapping the ball. Ida was penalized twice for encroachment, so we had it 1st and 10. Then everything stopped for us as Ida's defense started to build a brick wall in front of our offense. Well, there was only one thing for our defense to do so they retaliated by building a wall also. Both sides did show sudden bursts of offense but the opposing defenses shut them right down. When the gun sounded to signal halftime the battle was over and the scoreboard read 0-0.

In the third period Ida had us backed inside the 20-yard line but a nice punt by Jeff Geiger helped, Ida took the sphere and rambled down the southern side into the end zone to cap off a 65-yard return. Ida booted the conversion, so with 2 1/2 quarters played the tally was 0-7. We wasted no time as about 4 minutes later Curt Fielder scooted over right, was tripped in the secondary, regained his balance and just pulled away from several would-be tacklers. Curt crossed the goal line at 3:05 after motoring 68 yards. We went for the 2-point conversion and Curt swept left into the end zone. This left it 8-7. Ida moved fairly close and tried a field goal but it was no good. Next time Ida got possession they threw a swing pass and the receiver then threw down field. The aerial was high but their man jumped, tipped it, then gathered it in inside the 10. Our defense rose to the occasion and on 4th and 1 on the one yard line we stopped them. Soon we punted but Ida went nowhere. With less than a minute to go they booted the ball in hopes we'd make an error. On the 1st play we fumbled and Ida re-

covered with 43 seconds left. Their pass was intercepted by Dave Slane as time ran out, and we stood victorious with our second win, and no loss.

It was another big night for Curt as he gained 107 yards.

On Friday we open our League season by trekking to Addison. The Panthers' past our 2-0 record.

Village Council Proceedings

September 6, 1977
Council met in regular session with the meeting called to order by President Little at 7:05 p.m. Present were Denhoff, Duncan, Fitzgerald, Schaffer and Scully; absent Daniels, Padley and Zsenyuk. Minutes from the August 15, 1977 regular meeting were read and approved in a motion by Fitzgerald, supported by Denhoff. All yeas, carried. Enter Daniels, Zsenyuk at 7:10 p.m.

Little presented a letter of resignation from Robert Padley, necessitated by his moving outside the Village limits. Moved by Duncan, supported by Schaffer to accept Padley's resignation with regret. All yeas, carried.

Fitzgerald reported on Public Works activities. Three water service connections have been made, as well as one water-sewer connection. The Furnace St. bridge has been painted. A new gear was installed in the final tank at the sewage plant. One lift of asphalt has been placed on Hibbard Street. Repairs have been made on North Macomb Street. Some asphalt streets have been patched. Asphalt was placed around the manholes on Granger Street. Parks have been mowed. Projects completed by the W.O.R.C. Work Program consist of:

- Cleaning Village parking lots and painting lines in them.
 - Painting tables in Carr Park, as well as some of the buildings.
 - Sowing grass on the Village grounds.
 - Picking up litter.
 - Cleaning up the grounds around the Public Works and Police Office and starting a lawn there.
 - Cleaning some sand traps where needed after rains.
- A program was discussed which would allow the Village to have all outside readers for meter reading facility. Moved by Fitzgerald, supported by Scully that beginning with the next quarter (January), the Village purchase 25 outside readers per quarter until such time as all the old meters are replaced. All yeas, carried.

Allan Schaffer asked if the portion of roadway between the Riverbend Subdivision and existing Village streets, which is unpaved at this time, could be paved at the same time that the Subdivision paving is done, or at least this year. Fitzgerald was asked to tell Mr. Schaffer that all road work must be approved by the State at the beginning of the year. All projects are submitted as part of a total program which has been approved by the engineers and then submitted to the State. Such a proposal could be implemented in next year's program.

Don Limpert was present asking for a formal resolution regarding the Village policy on water hookups. Fitzgerald would like to set up a meeting with Limpert and Richard Sacks of the Public Health Dept. in Lansing in regard to Limpert's plans. Fitzgerald offered to check further into the matter of Village policy with Limpert and Attorney Roesch. Limpert requested answers to the following questions:

- What is the policy on tap-in fees on any additional building at Limpert's Mill Pond?
- How does the Village want the water metered? One meter or more?
- What would the cost of the tap-in be, if any, predicated on the original agreement?

Limpert also commented that it had been almost two years since his water meter had been read. There was then a discussion with Daniels regarding the location and availability of the meter. Daniels will make certain the meter readers are informed of the accessibility.
Zsenyuk presented the Police Report for August, 1977. Police Runs: 85. People Investigated: 280. Vehicles Investigated: 136. Warnings: 101. Complaints Received: 30. Complaints Investigated: 30—D.U.I.L. 3. Larc. over \$100.00 4. Larc. 4. Fleeing/Property 1. U.D.A.A. 1. Misc. 1. Found Property 1. Disorderly person 1, A & B 1. Dog Complaints 1. Careless Driving 1, M.D.P. 4, Sick person 2. Trans. loaded gun 1. Injured person 2. Citizen Assist 1.

Warrant Arrest 1. Traffic Violations: 41-Defective Equip. 1. Speeding 21. No oper. lic. on per. 5. Expired license 2. Unsafe start 2. Dis. stop sign 1. Pass on right 1. Littering 1. No headlights 1. Open intox. in vehicle 2. Barking dog 1. No proof of insurance 1. Careless driv. 1. D.U.I.L. 1. Arrests: 6-Bench warrant 1. D.U.I.L. 3. U.D.A.A. 2. Accidents: 6. Parking: 6. Zsenyuk discussed the sample ordinances he had received from Michigan Municipal League concerning the consumption of liquor. He asked for Council input regarding the revision of our ordinance.

A Police car has become available through Chrysler Proving Grounds at a cost of \$4,367.00. Moved by Scully, supported by Denhoff to purchase the car from Chrysler Proving Grounds. All yeas, carried. Moved by Scully, supported by Fitzgerald to put the 1974 Ford police car up for sale with sealed bids due Oct. 17, 1977 at 8:00 p.m. The Village has the right to accept or reject the bids. All yeas, carried.

Zsenyuk reported that a rebuilt gasoline pump had been installed at the Police and Public Works facility.

Schaffer listed permits: Building-Schaffer Lumber, D. Logan, Mr. Builders, Sharon Parsonage, Fletcher, Wacker, Tirb Chevrolet, D. Wheeler, Electrical-Freedom Elec., Boulo Elec. Manchester Elec. Heller Elec., P. Kemner, Plumbing-Will Pan Plumbing, Hilltop Plumbing, P. Minor, Clauda Plumbing.
Schaffer advised Council of a communication received by Inspector Knauss regarding the adoption of the State of Michigan Electrical Code. It is necessary for any governing body which is presently doing their own inspections to pass a resolution to adopt the new State code as issued. Moved by Schaffer, supported by Scully to adopt the State of Michigan Electrical Code as issued. All yeas, carried.

In regard to permits Limpert questioned how the Village can correct a problem by granting a variance after the fact. Fitzgerald responded that the work was stopped when the inspector red-tagged it and did not resume until after a variance was granted.
Duncan asked what had happened to the sign ordinance. Schaffer advised him that the ordinance had been delayed pending the proposed amendment to the Disorderly Persons Ordinance. Duncan also commented on the American Legion Hall and the fact that Planning Commission did not grant preliminary site approval since they do not have a layout for parking, driveways, etc. to insure adequate parking and the Legion have been asked on three recent occasions to prove adequate parking. It was Council's feeling that no permits should be issued until all information requested be submitted. Moved by Duncan, supported by Scully that no action on the extension of utilities be taken until plot plan requirements are fulfilled regarding the American Legion property. Fitzgerald, no. All others yeas, Motion carried.
There was a request for an open air meeting by the Jackson Gospel Hall for Sept. 9, 1977. Moved by Fitzgerald, supported by Schaffer to advise the Jackson Gospel Hall that no meeting times are available on Friday and Saturday nights, only on Monday and Tuesday nights. All yeas, carried.
Exit Schaffer at 9:36 p.m.
Limpert questioned when the sign ordinance would be finished and was advised that Attorney Roesch was working on it at present. He also questioned why a local permit had not been taken out for the pond along with corresponding site plan approval for the pond at Riverbend Acres. Moved by Scully, supported by Denhoff to adjourn at 10:00 p.m.

LABOR UNIONS ON THE FARM

There are some church groups and others in this country who evidently feel that the way to solve most or all of the problems of farm workers is for them to join or farm labor unions; and many of these people, who don't know much about farming, can't understand why the farmers and ranchers don't welcome unionization with open arms.

For one thing, farmers have been able to get a glimpse of the results of union

organizing on farms in California, with all of the violence, the boycotting, the thousands of lawsuits, the sit-downs, the loss of feed because it could not be harvested, and they say to themselves, "We just don't need that on this farm."

The major union involved in the organizing activity in California—where after ten years of effort, less than three percent of all farmworkers are members of a union—is not content with negotiating a contract for wages and working conditions on farms. It now is getting involved in trying to reduce or eliminate research efforts to improve mechanization; or proposing new taxes on farm machines to go into a fund to compensate workers who are displaced by machines.

It doesn't take much of a farmer to know that if labor unions ever get at

much power on the farms of this country as they already have off the farms, and can require make-work and feather-bedding on farms, the consumers of this country will pay through the nose.

It is the greatly increased labor efficiency on our farms that has kept food prices the smallest portion of the average person's income of any place on earth.

FALL OUTING FOR WEBELOS

The Webeles Den #4 had a fall picnic and outing Saturday, September 17. The boys went to Sand Lake in the Irish Hills and cooked hamburgers outside, went swimming, had a tour of the Sand Lake Fire Department, a tour by boat of the

entire shore of the lake, and collected shells of many sizes. A good time was had by all. Mr. Dale Williams, Webeles Leader and Mr. Harold Settles, Cubmaster, were the organizers and chaperones of this event.

Cub Scout Reminder—Any boy from eight to ten years old who would like to join Cub Scouts, be sure to bring your parents to Klager School Thursday, September 22, at 7:30 p.m.

A Cub Scout uniform sale will be held Friday, September 23 from 2:30 p.m. to 6 p.m. and Saturday, September 24 from 10 a.m. to 5 p.m. at 114 Riverside Drive. Anyone having uniforms to sell should drop them off at the above address before sale time. Please tag each item with name, price, and phone numbers. For more information call 428-9178.

SOIL SURVEY REPORT

Clark Fisher, District Conservationist with the U.S. Soil Conservation Service, announces that the Soil Survey Report for Washington County has been published and is ready for publication.

The 100-page document includes text and photographs describing the characteristics and properties of each of the 47 different types of soil found in the county. Along with the soil descriptions are soil maps on an aerial photo background which show the locations of the soils and where they occur.

The report also contains information on soil use, a listing of crops, including corn, soybeans, alfalfa, and sorghum, with their respective soil requirements. Fisher notes that the report also lists a number of soil conservation practices which are recommended for each soil type. It also lists the names of the soil conservation districts in the county and the names of the soil conservationists in each district.

The report also contains information on soil erosion, including a listing of the different types of soil erosion and the methods for controlling them. It also lists the names of the soil conservation districts in the county and the names of the soil conservationists in each district.

The report also contains information on soil fertility, including a listing of the different types of soil fertility and the methods for improving them. It also lists the names of the soil conservation districts in the county and the names of the soil conservationists in each district.

of work by USDA soil scientists. According to Fisher, copies of the Soil Survey Report are available free of charge by contacting the Soil Conservation Service office at 6181 Jackson Road, Ann Arbor, Michigan 48106. Telephone (313) 761-6721.
