# FFA Goes To Michigan Farm Expo

The second annual Michigan Farm Expo was held at Caro October 5 and 6. The trio was long but, the F.F.A. students attending felt it was well worth their

The Expo provided a great opportunity for students and others to see agriculture in action. Participants attending the event saw corn shelling, sugerbeet harvesting. dry bean harvesting and corn silage harvesting with machines from all major companies. Twenty-nine companies demonstrated tillage equipment; plows, chisels, subsoilers, discs, soil savers.

This was the largest live action agriculture event ever to be held in Michigan. Here are a few comments from some of the students who attended.

Mike Horodeczny-"We left Manchester at 6:30, and like everybody else I went back to sleep. When we arrived in Caro everybody went their way. I saw all the new equipment. They demonstrated the sugarbeet harvestor, but it was wet and semis were getting stuck. They demonstrated the corn harvesting with the combines and choppers. After the corn was harvested the plowing contest started. It was getting late, it started to rain, the plows were getting clogged, it was time to go." "P.S. I had a good time."

Doug Bowers-"Our F.F.A. Trip. On 10/4/77 we went to "Expo 77". There were pulled a 12 bottom plow to seed company exhibits. We watched machines picking sugar beets, corn chopping, discing, plowing and even a tractor that climbs one girl went. It made it a pleasurable trip. Can't wait till next year."

Troy Ahrens-"I enjoyed the trip very much. At the Expo you can see almost everything there is pertaining to farming." Rita Drouare-"I really enjoyed going up

to Caro, Michigan to the Farm Expo, I saw alot of things that I really thought were interesting. I especially liked watching the farm machinery in action in the field demonstrations. The most interesting part about the field demonstrations was the picking of the sugar beets, I couldn't believe how large the tracors were that they used. I learned many new and interesting things. # FOOD BILLS TOO HIGH!

Are you interested in starting a food co-op in Manchester? As everybody knows food costs are always rising. But something can be done about todays rising costs. One way is to start a food co-op. A food co-op is a group of people buying in bulk quantity to avoid the middlemans price increase. Besides avoiding the middlemans take you get better quality "NATURAL FOODS", no more of so called economy foods. With a co-op you'll be able to buy top quality sometimes organic whole grains and flour, cheeses, nuts, cooking oil, dried fruit, honey, peanut butter, etc. These are quite a few exbutter, etc., these are quite a few ex-

amples.
Co-op is an abbreviation for cooperative which means everybody has to co-operate by donating a few hours a month to make the co-op work for everybody. We will also need space to cut and breakup the bulk, plus tools such as tables scales and lots of grocery bags and jars.

If you're sincerely interested in starting co-op in Manchester please call 428-7151 or 428-7829 after 6:00 p.m. If enough interest is shown we'll schedule a meeting to show prices and explain everything

Manchester Gives First Aid to Boys Of Township Who Registered For the War.

One hundred twelve young men stepped proudly and manfully forward Tuesday morning and registered their names, showing their willingness to obey the first call of President Wilson for men to defend American rights and to give freedom to the peoples of the

The number may seem small in proportion to some villages no larger han Manchester, but when we take into consideration that there is very little manufacturing done here, our boys, all of whom want to work, seek employment in the nearby cities, we think the matter is explained. # **Armistice And Thanksgiving Day**

istice Day November 11, 1918 came about in the same month as our holiday-Thanksgiving? Maybe, but many hearts all over our United States were full of "Thanks'giving, that the war was over and our oved ones would soon be home again.

Thanksgiving 1918 was truly a day ar giving Thanks, nation wide. Fiftynine years later, 1977, we are still giving Thanks, for being a free America thru the efforts of our service men in the three wars, W.W.II, Korean and Viet-Nam that followed.

Many have gone on, to their land of Peace, many more are in hospitals trying to cope with life, that which we take for granted.

When November 11, 1977 arrives, let us be proud of our Nation's Freedom and as we raise our American Flag in respect. say a silent prayer for the boys - yes, they WERE BOYS then - and the mer who made it so.

Thanks to the American Legion and others, 1978 Armistice Day, or Veterans Day, shall once more be officially November 11, and not just some other day, to make it more convenient for a few. that enjoy our freedom of the press, of religion, of freedom of speech and from

Let us bring the real meaning of our Imerican Flag and the Pledge of Allegiance back into all of the classrooms in our

schools in Manchester and area. A few years ago, a little boy whose parents are Legion and Auxiliary members, and past officers, was a kindergarten pupil. After a few weeks in school he came home all excited and recited the Pledge of Allegiance to his mother, sne asked him, "where did you learn that"? and he answered, "why-my teacher, Mrs. Scully of course."

Wouldn't it be great, if we all, had that enthusiasm about our beautiful flag and what it stands for-barring opinions

of some kooky groups? Lets take a lesson from a child and idays, Armistice Day and Thanksgiving, Thank you, Jimmie.

The American Legion and Legion Auxiliary are your service organizations. helping you in time of need. Give your thanks by being grateful for what the Manchester area service men gave for
