This article was published in the Whitehall Philosopher.

You have all been hearing about the Panama Canal and the treaty to be radified by the United States Senate which would turn over possession of the Canal to the Republic of Panama by the year 2000.

At first I was confused by the facts being distributed and by the endorsement of the treaty by Gerald Ford and others whose judgement I respect. I have since gathered all the facts I can about this and find that I must separate myself from many of these people with whom I have agreed previously. I pass along some of these facts to you in order to help clarify your thinking on the Panama Canal treaty. You may not agree with me and if you have facts which I do not have please drop me a line and let me know what you have found out.

The United States actually paid for the Panama Canal four different times: First, we paid France for the unfinished work she had done in the Canal Zone; second, we paid Columbia for the area; third, after the Republic of Panama revolted and broke away from Columbia we paid them for the area and fourth, we paid the individual land-owners who lived in the original area for their property as we constructed the canal.

You have all heard that the canal is probably obsolete and no longer serves the purpose for which it was constructed. In the United States Navy there are 451 commissioned ships and only 13 of these which are the largest aircraft carriers cannot pass through the Panama Canal, If control of the Canal is lost, the taxpapers in this country will be forced to

Everything is higher than it formerly was.

Take our loan interest rates, for example. Now there IS an interesting example. Our prices haven't increased.

That's right for the past several years, bank interest rates haven't climbed in the same proportion as other prices. Non-banks basically have raised their interest rates, however.

Check the interest rate a department store charges or a credit card company charges.

At least these people have kept up with the times and have raised their rates in accordance with the increase in everything else.

We're rather happy to leave our interest rates where they are, at least for the foreseeable future.

So, when you seek a loan, check with us. It's about time you found something that hasn't increased in

AGRICULTURE MICHIGAN FARM BUREAU

THE ICE CREAM COMPROMISE

There has been a good bit of turbulence in the dairy industry the past few months tion standards for the manufacture of ice cream. Simply stated, the change will dairy farmer, but also on the consumers of real ice cream.

The reduction in standards creates the potential for the loss of sales for U.S. dairy producers of 380 million pounds of MECS NEEDS OLDER milk solids. There is no alternative market. To add insult to injury, in an already surplus aggravated dairy market, a great amount of the substitute ingredients will be imported from foreign dairy producers, some of who are directly subsidized by

It would be most difficult to convey the difference in taste and texture of the substitute, but some study has been done concerning it's nutrituional integrity. One of the mixes that would meet the reduced standards was tested and compared

with real ice cream. It was found to be 25 percent lower in protein, 20 to 29 percent lower in calcium content, it considerably in roboflavin and vitamin

It seems fronic that the Food and Drug Administration whose mandate it is to "Promote honesty and fair dealing on behalf of the consumer" is the very same agency condoning the compromise. The over revised Food and Drug Administra- FDA will require no special labeling on the reduced standard product.

There is nothing wrong with permitting permit the use of dairy derivatives in this newly concocted frozen dessert to be place of the higher-priced nonfat dry sold and to compete with ice cream, but milk. This has an impact, not only on the allowing it to be sold as real ice cream seems grossly inaccurate, if not downright deceptive.

If you're 55 or older, like people and want to work, the Michigan Employment Security Commission (MESC) Job Service may have just the job for you.

S. Martin Taylor, MESC director, announced that his Job Service offices in Oakland, Macomb, Washtenaw, St. Clair and Monroe Counties need older workers to serve as older worker specialists (OWS) helping unemployed older workers,

dropped 70 percent in zinc, and was down person must be at least 55 years old and physically able to do the job, In addition, his or her annual income must not exceed \$2,970 plus \$960 for each

> OWS are paid \$2.75 an hour, and work 20 hours a week. The jobs are temporary and will end June 30, 1978.

Older worker specialists will identify and develop job opportunities for older persons, interview older persons who are looking for work and then try to place them in jobs. They will also try to increase public awareness of the needs of the elderly and to develop cooperative understanding between agencies and organizations involved with the elderly.

Taylor explained that these OWS positions are subsidized by the office of Services to the Aging using funds from the Older Americans Act.

Those who are interested in applying for OWS positions should visit the MESC Job Service office in any of the following cities: Royal Oak, Pontiac, Ann Arbor, Ypsilanti, Mt. Clemens, Sterling Heights, Port Huron and Monroe.

March of Dimes nnual Campaign

f you were uptown on Saturday morning you had to notice the Jolly Farmerwho were manning their posts with March of Dimes balloons. The girls der the leadership of Elaine Feldkamp Betty Schwab, did a fine job in the old and snow, finishing with a total of 7.50 for the fight against birth defects. ais 4H Club has been doing the balloon for a number of years now. Our anks go to all of them, and to Grossmanuber Service for the use of the station their headquarters.

This armual event was a fine kick-off the month of March of Dimes events come. Some of the familiar events the past will be dropped in favor of some new ones. One of the new ints under consideration is a dance ation. The Walk-a-thon will be eated in the Spring, and the Slave Day

IGAGEMENT ANNOUNCED

Mr. and Mrs. Bruce Bycraft of Chelsea announcing the engagement of their mughter, Denise Marie Bycraft to Robert len Walter, son of Mr. and Mrs. Donald alter of Manchester.

The bride elect is a 1973 graduate of elsea High School and is employed at
Joeseph Mercy Hospital in Ann Arbor, Robert graduated from Manchester High School in 1970 and is employed by Tirb evrolet in Manchester.

March 11, 1978 wedding is planned

The Mothers March will take place February 11th to 18th county wide. The township chairman, for our area, Kay Norgaard, will be assisted by Sheryl Hall; and the Village Chairwoman, Charlott DuFresne, a newcomer to Manchester. will be assisted by Martha Wenk. They have all been busy getting their captains lined up, and marchers are being contacted. If you would like to volunteer your time and efforts, you are quite welcome to contact any one of the ladies mentioned above. There will be a Marchers Workshop on February 7, at 7:30 p.m., at the Emanuel Church. The marchers will be given their kits, instructions, and be able to ask questions.

The other chairpeople for this year are as follows: Campaign Co-Chairwomen are Lucy Litteral and Bonita Kothe. Public Education will be handled by Sharon Hunt. The Business and Professional department under the direction of Margaret Sokolowski. A new office this year is Treasurer, which will be in the capable hands of David Fratt. The Walk-a-thon co-chairpeople are Carol Williams and Matt Donnellon, and the Webb Seegert family will coordinate the Dance Marathon. Doing publicity will be Alice Rossettie.

Isn't it amazing, when you stop and think about how many people it takes to put on a campaign, such as the March of Dimes does, and know all but 3 people in the whole county are strictly volenteer? It's nice to know there is such good going amongst all the glaring reports of crime and corruption, that blare at us from radio and TV. Imagine all the hundreds of people in the county, who unselfishly give of themselves, willingly, so that even others can carry on this most important work, of finding ways to improve the lives of small ones, who will some day take charge of our country. Maybe, some day, birth defects will not all due to the efforts of those hundreds of volunteers each year. Wouldn't that be

The paid people are kept to the very minimum, so that every penny possible can go to the fight against birth defects. The Executive Secretary, the County Campaign Chairwoman, and a part time, hourly whole county. The campaign costs the county between % and 10% of the funds. (The national cost is 15%) All the rest of the funds goes strictly to research, education, and individual help. This is the reason the March of Dimes does not belong to the United Fund, Our funds do not have to be shared with a large number of other organizations, and we can wage allout-war against birth defects.

So, whether you are a volunteer, or a doner, or simply an Enterprise reader, you will be hearing more about March of Dimes during the coming month. With the marvelous balloon sale last Saturday kicking it off, March of Dimes Monia has struck the Manchester Area.

Varsity Basketball-Rick Krzyzaniak shooting

We made the trip to Onsted country on Saturday past and narrowly escaped with the victory. We have had trouble winning on the road this season having posted only one so far, but were determined to make this number two. We were also coming off a tough loss to Chelsea last Tuesday. The Christmas decorations were shining bright in Onsted and I wasn't sure if it was still joy of the past holiday or anticipation of the one coming. By the time the battle ended there was no happiness in Wildcat land. They did capture the opening tip and at

5:11 Tom Little put in the Dutchmen's first 2 points of the evening-at this point Onsted was up 8-2. In the last 4 odd minutes Onsted went cold and we caught up so the tally showed us 1 down at 42 seconds 11-10. A Cat hit 2 free tosses to close the period with Onsted on top 13-10. Dan Turvey tipped the second period jump to Curt Fielder who shot but was fouled. Upon Curt sinking Upen House To Mark both free-bees it stood 12-13. He then drooped it in at 6:07 to give us our first Golden Anniversary shot at the lead, 16-15. It lasted only seconds as at 6:04 they tied it and at 5:25 went up 2, 16-18. It hung close for several minutes, then we took charge-in the final 2:40 we canned 4 baskets to Onsted's 0 so the half was here and we were on the big end of a 28-20 score, First half stats showed we'd hit 13 of 36 from the field, 2-3 free throws and totaled 14 turnovers (Onsted had 19 T.O.).

The third period did see us increase our lead by 1, 39-30 but it was a very sloppy 8 minutes also. Both squads turned the leather over 19 total times with the Dutch owning 12 of these. We added 11 points this period and Dan supplied 9 30. THEN ONSTED WENT TO WAR, At The maternal grandmother is Mrs. Alice 5:46 they'd closed the gap to 8 and at Alexander of Manchester, and the paternal 4:44 it was 6, 45-39. They kept feeding grandmother is Mrs. Ina Ayers of Florida. it inside and at 1:55 they'd pulled within

3, 52-49. In the following minute we'd hit a mere 1 of 4 at the charity stripe and Onsted popped a 2-pointer (also was fouled). After completing his free one it stood 53-52. Curt canned a 15 footer and they sank 2 at the charity line for a 55-54 score--20 seconds left. We dribbled down court safely and Rick Krzyzaniak was fouled so with 9 seconds Rick was toeing for 1 & 1. He missed and Onsted came down--a basket a win. They shot a 12 footer at 4 seconds--NO GOOD. Rick got hacked again and made these to ice our victory 57-54. Onsted's hot center finished the night with 22 points--16 of these in the last 8 minutes. Curt was high for the Dutch Stats--we hit 23-56 field goals 41%. 11-20 free throws 55% and turned the

ball over 31 times (Onsted totaled 33 On Friday the Dutch host Grass Lake.
