March of Dimes Annual Campaign

If you were uptown on Saturday morning at, you had to notice the Jolly Farmers, who were manning their posts with the March of Dimes balloons. The girls under the leadership of Elaine Feldkamp and Betty Schwab, did a fine job in the cold and snow, finishing with a total of \$27,50 for the fight against birth defects. This 4H Club has been doing the balloon ride for a number of years now. Our thanks go to all of them, and to Grossman-Heber Service for the use of the station for their headquarters. This annual event was a fine kick-off to the month of March of Dimes events to come. Some of the familiar events of the past will be dropped in favor of some new ones. One of the new ones under consideration is a dance, a ball, or a walk-a-thon will be held in the Spring, and the Slave Day

ONSTED'S COMEBACK FAILS--- DUTCHMEN WIN 57-54

Varsity Basketball—Rick Krzyzaniak shooting.

By Jon Hardenbergh
We made the trip to Onsted country on Saturday past and narrowly escaped with the victory. We have had trouble winning on the road this season having posted only one so far, but were determined to make this number two. We were also coming off a tough loss to Chelsea last Tuesday. The Christmas decorations were shining bright in Onsted and I wasn't sure if it was still joy of the past holiday or anticipation of the one coming. By the time the battle ended there was no happiness in Wildcat land. They did capture the opening tip and at 5:11 Tom Little put in the Dutchmen's first 2 points of the evening—at this point Onsted was up 8-2. In the last 4 odd minutes Onsted went cold and we caught up so the tally showed us 1 down at 42 seconds 11-10. A Cat hit 2 free tosses to close the period with Onsted on top 13-10. Dan Turvey tipped the second period jump to Curt Fielder who shot but was fouled. Upon Curt sinking both free-bees it stood 12-15. He then dropped it in at 6:07 to give us our first shot at the lead, 16-15. It lasted only seconds as at 6:04 they tied it and at 5:25 went up 2, 16-18. It hung close for several minutes, then we took charge—in the final 2:40 we canned 4 baskets to Onsted's 0 so the half was here and we were on the big end of a 28-20 score. First half stats showed we'd hit 13 of 38 from the field, 2-3 free throws and totaled 14 turnovers (Onsted had 19 T.O.). The third period did see us increase our lead by 1, 39-30 but it was a very sloppy 8 minutes also. Both squads turned the leather over 19 total times with the Dutch owning 12 of these. We added 11 points this period and Dan supplied 9 points. The final period was one minute old when Dan and Curt put the tally 43-30. THEN ONSTED WENT TO WAR. At 5:46 they'd closed the gap to 8 and at 4:44 it was 6, 45-39. They kept feeding it inside and at 1:55 they'd pulled within 3, 52-49. In the following minute we'd hit a mere 1 of 4 at the charity stripe and Onsted popped a 2-pointer (also was fouled). After completing his free one it stood 53-52. Curt canned a 15 footer and they sank 2 at the charity line for a 55-54 score—20 seconds left. We dribbled down court safely and Rick Krzyzaniak was fouled so with 9 seconds Rick was toting for 1 & 1. He missed and Onsted came down—a basket a win. They shot a 12 footer at 4 seconds—NO GOOD. Rick got hacked again and made these to ice our victory 57-54. Onsted's hot center finished the night with 22 points—16 of these in the last 8 minutes. Curt was high for the Dutch hitting for 21 as Dan drove in 19. Stats—we hit 29-56 field goals 41%, 11-20 free throws 55% and turned the ball over 31 times (Onsted totaled 33 turn-overs). On Friday the Dutch host Grass Lake.

LETTERS TO THE EDITOR

Dear Sir:

Although I am late in writing this, I still wish to thank the people responsible for lining North Ann Arbor Street with lighted candles during Christmas.

It was a moving sight on a beautiful Christmas Eve, and I felt a warm welcome as I entered town to attend church. Returning home, I noticed these thoughtful people ignoring the bitter cold and relighting candles.

From one who saw and appreciated your efforts, thank you.

Ed Zyromski

Dear Mr. Editor,

I have been observing Mr. John Wallace and Mr. Donald Smith devoting many hours of their precious time working on the Ice Rink at the park. I also observed these two men are getting the older children involved in helping maintain the rink, and assisting the younger children.

The Manchester Police Department would like to extend to Mr. Wallace and Mr. Smith our thanks and appreciation for their pride expressed in this civic duty.

These two gentlemen are truly assets to this community.

Chief William Zsenyuk

ATHLETIC BOOSTERS

January 4, 1978

The regular meeting of the Manchester Athletic Boosters was opened at 8:07 p.m. by President Fitzgerald with six members present. Also present as a guest was our superintendent Mr. Masten.

Minutes of the December meeting were read and accepted with one clarification. President Fitzgerald would like it clarified that the new track is being lined metric at the request of the Manchester Athletic Department.

Treasurers report was read by Joe Moore and accepted.

OLD BUSINESS:

A report on the bleachers was given by President Fitzgerald. He also reported that Mr. Schick of the shop class was drawing up plans for a new trophy case and will work with the Boosters on it.

Kathy Hagerman recommended that the jacket project be dropped due to lack of interest and the fact we have to have an order of at least 25 jackets. The Boosters will go ahead and buy the one jacket elsewhere for Jon Hardenberg. Agreed by all present.

Bob Achtenberg will check on a date for Fun Night and give a report at the next meeting.

Ted Stautz will organize a meeting for the Softball Tournaments.

NEW BUSINESS:

President Fitzgerald said that the Winter Sports Banquet would be coming up soon. Pat Fitzgerald will contact John Korican for a firm date.

Being no further business the meeting was adjourned at 9:10 p.m.

The next regular meeting will be held on Wednesday, February 1, 1978 at the high school.

Respectfully submitted,
Kathy Hagerman, Secretary

Village Council Proceedings

January 19, 1977

Council met in regular session with a meeting called to order by Pres. Scully at 7:05 p.m. Present were Daniels, Scully, Fitzgerald, Schaffer, Scully and Scully; absent Duncan and Kennedy. Minutes from the November 21, 1977 regular meeting were approved in a motion by Scully, supported by Denhoff. All carried. Minutes from the December 5, 1977 regular meeting were read and approved in a motion by Scully, supported by Schaffer. All years, carried. Moved by Scully, supported by Kennedy to change January meetings to January 9 and January 23. All years, carried.

Strong asked Council about a permit for an apartment above his restaurant. A question arose concerning sufficient street parking. The request must be referred to the Village Planning Commission. Little advised Mr. Strong of what information should be presented to the Planning Commission. Scully indicated he had received a Public Works wage review request. He like to have a committee meeting to Council discussion. Public Works salaries of the previous two weeks in cleanup for two snow falls, start skating rink, repairs made to the incubator at the wastewater plant for repair of the Trojan bader, and patching and placement of fill in

Kirk Park.

Jim Mann and Dr. Hwang presented a proposal to establish medical offices at 515 West Main Street. Fitzgerald commented that he recalled the property to have been rezoned and used as a plumbing shop at one time. Mann indicated that for such zoning to have been retained the owners would have had to respond at the Public Hearing on the Zoning Ordinance and map presentation. Moved by Fitzgerald supported by Schaffer to concur with the Village Planning Commission recommendations that the Zoning Ordinance of Manchester Village Article 21.0 as it applies to zoning R-1B (Single-Family Urban Residential District) be amended, under Sec. 21.03 (Conditional Uses), to include as sub-item "C", provision for the establishment of Medical Offices and that the Village Attorney be requested to draw up amendments for Council January 9, 1978. All years, carried.

Truck bids were opened. Tibr Chevrolet: \$10,182.00, Tom Marshall Ford \$10,100.00. Moved by Scully, supported by Denhoff that the Public Works Committee review the bids and report the decision to Council at the next meeting. All years, carried. Little commented on the amount of assistance Union Construction Co. had provided in snow removal in the past two weeks. While other communities were without parking because of the lack of snow removal in parking areas, Manches-

ter was cleared of snow, thanks to the snow removal provided by Union Construction in conjunction with the Village.

Scully requested a committee meeting for the consideration of wages by the Health and Safety Committee.

Permits: Tom Marshall, Jr.: sign. Enter Duncan 8:36 p.m.

It was necessary to readopt the sign ordinance amendment which was not published within the legal time limit after the meeting held December 8, 1977. Moved by Duncan, supported by Kennedy to adopt Ordinance #102 an ordinance to amend Ordinance #96 of the Village of Manchester "The Zoning Ordinance of Manchester Village", which concerns subsection 1 of Sec. 53.04. All signs in violation must conform by 12:00 midnight December 31, 1978 or they will be subject to removal at the owner's expense. All years, carried. Invoices were reviewed for payment. Moved by Kennedy, supported by Fitzgerald to approve payment of accounts as listed. All years, carried.

What is the difference between a bank like ours and a non-bank like theirs?

Complete Financial Service . . . that's the difference!

A bank loans funds for every reason, a new car, a new home, a new business for home improvements...or when you find yourself in a financial bind. A bank has several savings plans, offers checking accounts, safe deposit boxes, travelers checks and more. Your INTERESTED bankers at Union Savings Bank, too, offer complete financial planning. Non-banks? One or two of the services of a bank are offered..... and that's about it. It's really the difference between "sometimes service" and one stop full service. Yes, you can have a choice.

yes... you can

minutes at Pleasant Lake School. The hall multi-purpose room, and office books are to be completed when weather permits. The final building was purchased for the school district to do their business on.

Moved by Westfall to approve the past approval bills of \$100,000.00 and the current school bills in the amount of \$30,000.00. Approved by Kenner. All yeas. Motion carried.

The following reports were given by Mr. Macomber:

(1) Background of this Board's Status. The practice of giving a \$50.00 per year bonus for 1 thru 10 years of service has been in effect for several years. The agreement negotiated and carried last year provided for an additional bonus of \$2,000 for 11 thru 15 years and \$100 per year for years 16 thru 20.

(2) Negotiations with the Manchester Education Association. The Manchester Education Association has requested fact finding after mediation failed to settle the contract. Issues to be considered are: (1) Salary Schedule, (2) Extra Pay for Extra Duties, (3) Protection of Teachers' Employment (Compensatory Insurance), (4) School District, (5) Michigan Employment Relations Commission has assigned Patrick A. Macomber to conduct the fact finding. Mr. Macomber will be in the office of the Board of Education on Thursday, January 26, 1978.

(6) Middle School Status. Mr. Macomber from the Manchester Board of Education will be in the office of the Board of Education on Thursday, January 26, 1978.

(7) Middle School Status. Mr. Macomber from the Manchester Board of Education will be in the office of the Board of Education on Thursday, January 26, 1978.

(8) Middle School Status. Mr. Macomber from the Manchester Board of Education will be in the office of the Board of Education on Thursday, January 26, 1978.

insurance and service is not available in the immediate area.

(9) Summer Tax Collection. New legislation would allow 1% of school tax to be collected in the summer. This is not being pursued in Manchester currently, but the Superintendents are studying the possibility and will be in contact with Supervisors to see what difficulties would be brought about in their offices if they made two tax collections a year.

Mr. Macomber presented the December 31, 1977 balances in the School Service Accounts: Athletics-\$625.25, Food Services \$678.01 and the Milk account (\$72.38). The balance in the milk account will be increased when the last 3 months State reimbursements for milk are received.

Mr. Macomber presented the balance of all Internal Accounts, indicating a December 31, 1977 balance of \$43,051.51.

Moved by Kenner that Edward Tubenish be employed as assistant principal at Pleasant Lake School under the supervision of Don Tassie. That his salary will be his scheduled teachers salary plus \$1,200 to compensate for his extra duties and services, one additional week prior to the school year and one additional week after the completion of the school year. Seconded by Westfall.

President Bunney asked for discussion.

Mr. Macomber questioned that this had already been approved at a previous meeting. Mr. Macomber indicated that there had been 2 occasions when this action was approved, but did not contain duties performed for extra pay which were mainly 2 weeks of extra work.

Mrs. Mick asked for clarification as to whether the basic teachers salary was increased for those two weeks. Mr. Macomber said no, \$1,200 was the total increase for those two weeks, and added responsibilities.

Pres. Bunney called for further discussion. There was no further discussion.

Pres. Bunney called for the vote on the original motion. Yes - Feldkamp, Westfall, Kenner and Bunney. No - Mick, Walkowe and Macomber. Motion Carried.

Mr. Masten presented the job description for the Supervisor of Maintenance and Custodial Services.

Moved by Feldkamp that the qualifications, working conditions and job description of the Supervisor of Maintenance and Custodial Services be approved as presented. Seconded by Kenner.

Pres. Bunney called for discussion.

Mrs. Mick reported that the Policy Committee had met to discuss the job description as presented and it was their opinion that the job description should not include working conditions as they change periodically and job descriptions should not be subject to much change.

Moved by Mick that the motion be amended deleting working conditions from the job description. Seconded by Macomber. All yeas. Motion carried.

Pres. Bunney called for a vote on the original motion as amended, deleting working conditions.

All yeas. Motion carried.

Moved by Kenner to approve the working conditions as stated:

(1) A salaried employee working a basic 40 hour week, but on call for emergencies during periods of peak work load occurring outside the normal school day.

(2) Provided with an insurance program equivalent to other fulltime employees which is a monthly amount equal to full time Super Med.

(3) Two weeks paid vacation the first year of employment after satisfying a 6 month probationary period and 3 weeks vacation per year after 18 months of satisfactory performance.

(4) Provide a vehicle to carry out duties that will be kept at residence in case of emergency call, but will not be driven for personal use. Supported by Feldkamp.

Pres. Bunney called for discussion.

Mrs. Westfall said she felt 3 weeks vacation was too much for 1 1/2 yrs. work.

Mrs. Mick stated she had been informed that a vehicle was worth \$1,800/year to an employee.

A discussion followed.

Pres. Bunney directed the Board to consider the motion on the floor.

Mr. Walkowe asked Mr. Masten if he thought his recommendation was high. He said no, he definitely thought it was in line with the responsibilities being added to this position.

Mr. Macomber claimed he checked into a neighboring district and a similar position was being paid a little over \$11,000.

Pres. Bunney asked the Board to consider the motion.

Moved by Westfall to amend the motion on salary to \$13,000 instead of \$13,500. Supported by Walkowe. Yes - Westfall, Feldkamp, Kenner, Walkowe and Bunney. No - Mick and Macomber. Motion carried.

Pres. Bunney asked the Board to move on the original motion as amended. Yes - Westfall, Feldkamp, Kenner, Walkowe and Bunney. No - Mick and Macomber. Motion carried.

Next on the agenda was the job description for the Bookkeeper. Mr. Masten said this position handles Internal Accounts and School Service Accounts. The job description was set up to be used as an employment tool and it has been considered by the Policy Committee.

Mrs. Mick stated the Policy Committee recommended that the working conditions be deleted from this job description to be consistent with prior action.

Moved by Mick that we accept the job description as presented for the Bookkeeper of Internal and Service Accounts, but deleting the working conditions and salary. Seconded by Walkowe.

Mrs. Westfall asked what the present hourly rate was for this position. Mr. Masten stated \$4.79 per hour.

There was a discussion on using honor bookkeeping students for part of this accounting service.

Pres. Bunney called for a vote on the motion. All yeas. Motion carried.

Moved by Kenner that we hire a Secretary for \$4.10 per hour for the first three months, \$4.40 for the following 6 months and after 1 year \$4.70 per hour, with insurance benefits that are provided to other fulltime employees. Supported by Feldkamp.

Mrs. Westfall said she felt uncomfortable. She didn't think you should hire someone without experience at this rate.

Mr. Masten said the job description stated advanced training desirable and experience necessary in this position.

Pres. Bunney called for a vote on the motion. Yes - Westfall, Feldkamp, Kenner, Mick, Walkowe and Bunney. No - Macomber. Motion carried.

Pres. Bunney asked Mr. Masten for his recommendation on the salary range for maintenance.

Mr. Masten recommended that an hourly rate for school maintenance personnel be \$4.50 per hour for 3 months probationary period, increased to \$4.70 per hour for 3 months to 1 year and \$5.00 per hour after one year of service. He stated that you could not employ a person with mechanical experience and aptitude at the same salary as a custodian.

Moved by Westfall that the salary range for a maintenance person be \$4.50 per hour for a 3 month probationary period, \$4.70 per hour for the following 9 months and \$5.00 per hour after one year. Seconded by Walkowe.

Mr. Feldkamp felt that we should designate that we were paying an hourly wage and not a salary.

Moved by Feldkamp that we amend the motion to change the word salary to wage on the 1st line of the original motion. Seconded by Westfall. Yes - Westfall, Feldkamp, Kenner, Mick, Walkowe and Bunney. No - Macomber. Motion carried.

When the temperature between the inter-lining of the stove reaches 150° Fahrenheit, blower will engage and continue to transfer the heat produced by the wood burner until the fire distinguishes and the inter-jacket temperature goes below 120° Fahrenheit. At this time the blower will shut off.

EVERYTHING IS NOT RELATIVE

Some economists have said we need not worry too much about a five percent inflation since everything is relative and it is really a small rate of increase. But the Federal Reserve Bank of St. Louis warns of the dangers of a five percent inflation as a permanent fixture of our economy.

One pound of peanut butter: \$11.25; one gallon of milk: \$12.49; one pair of work pants: \$80.69. Impossible? No, possible in the year 2021—45 years from now, says the Reserve Bank. If prices rise by five percent a year.

A person now earning \$6,240 a year would be earning \$36,077 a year in 45 years if his salary rose at five percent a year. But, whereas at \$6,240 a year, this person would receive a \$155 refund on federal personal income taxes in 1976 as a result of the earned income credit, in 45 years he would have to pay \$17,019.

His after-tax money income would thus rise from \$6,395 in 1976 to \$28,058 in 2021, or by less than the rate of inflation, leaving him with after-tax purchasing power of only \$4,345 in constant 1976 dollars, a decline of nearly one-third.

The key to the inflation problems is a balanced federal budget. Candidate Carter promised us one. President Carter has not demonstrated the ability to produce one.

Farmers who have suffered much because of inflation have asked for fiscal responsibility in Congress and the Executive Branch. They believe the U.S. Constitution ought to be amended to require

Well, here we are beginning another year. All those well intended resolutions have been made, some openly, some secretly.

Resolutions like really a sensible diet. To cut down or stop smoking. To plunk a little more in savings. To be kinder to each other.

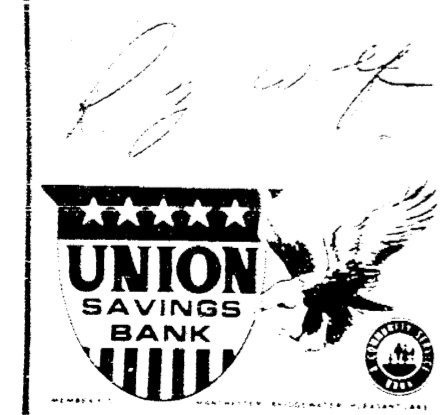

Some resolutions are easy to keep, some difficult. Some darn right impossible.

Now, being nice to each other isn't all that difficult. It doesn't take much practice. But dieting, smoking and savings, that's a different story.

Will power, determination... whatever you term it, it is essential if these resolutions are going to be met.

Whether it's sensible dieting, stopping the smoking habit or saving more, the end result is a happier, healthier you.

Worth trying. Worth achieving.

that the Congress operate on a balanced budget each year, except in cases of extreme emergencies, and that no salary increases should be granted to any elected federal official until the federal budget is balanced.

Implementation of their ideas would bring inflation under control and ensure a better economic future for our country and its citizens. It's certainly a commendable goal for farmers—and everyone else --to work toward.

Donald A. Roth, Community Relations Manager, Ann Arbor offers you this telephone tip:

Teach your children how to use the phone in an emergency!

Anyone can have an emergency at home that calls for fast, intelligent use of the phone... a sudden illness, accident, fire. Hopefully, you already have a list in your phone book or elsewhere near the phone, giving the numbers of your doctor, hospital, poison control, police, fire department and your home address. But, if you have children at home, would they know how to use the phone in an emergency? Make sure they do.

Show them where you keep the emergency numbers and how to call the operator. If necessary, your babysitter should be told who to call, too. Know if 911 can be dialed for fire, medical and police help in your area. Nobody likes to think about emergencies at home. But, it's better to give it a little thought now, than be sorry you didn't later. Why not check out the family on your emergency phone call procedure right now?

I look for trouble - and sometimes the trouble is no insulation.

I'm a Consumers Power gas service man, and it's my job to troubleshoot. If people smell gas in their homes, they call me and I get there fast. But sometimes while I'm working in a customer's home, I find more trouble - like no insulation.

Customers really can't afford to pay for all the natural gas it's costing them by not insulating. Over the long winter, insulation doesn't cost money - it saves money and scarce energy. Believe me, I know, I get a gas bill at my home every month just like you.

Shrine Circus Opens February 3rd At Michigan State Fair Coliseum

The thrills, fun and glamor of the 70th Annual Shrine Circus are headed for Detroit with 38 performances scheduled in the State Fair Coliseum between Friday, February 3, and Sunday, February 19.

Sponsored by Detroit's Moslem Temple of the North American Shrine, the circus will feature 25 major acts in its 2 1/2 hour performances including several specially devised for introduction here.

One of the most unusual will be an animal tamer with five white tigers, so rare that only 11 are known to exist throughout the world. Others will include aerialists, wire-walkers, motorcyclists, elephants of every size, trained dogs of every description, a host of performing chimps, bareback and trick riders and many specialty acts capped by a dramatic "outer space" closing.

Advance tickets go on sale Monday, January 16, at the State Fairgrounds main ticket office and at Hudson's, Sears, Ward's and Bank of the Commonwealth offices.

Performances will be offered at 1:30 p.m. and 7:30 p.m. daily with special early-bird performances set for 10:30 a.m. on each of the three Saturdays. Admission charges for the Monday through Friday matinee performances and Monday through Thursday evening performances are scaled from \$4.50 to \$2.50. Friday evening and other weekend performances range from \$5.50 to \$3.50.

Proceeds from the annual circus go to support Moslem Temple activities which are primarily directed toward the care of crippled and burned children.

Shrine Circus general chairman this year is Thomas G. Draper. Illustrious Potentate of the sponsoring Moslem Temple Shrine is Bill D. Semanson, Circus producer is L.N. Fleckles of Chicago. "Each year the 1,000 or more local Shriners who work on the circus strive

to make it bigger and better than ever before," said Draper. "Although it may not be widely known, this is not a set circus that performs throughout the country, but one specially put together for our Detroit audiences.

"Thus, we are able to book top acts from anywhere in the world so the circus is new and different every year with appeal to all age groups. No matter how many times they may have been to the circus in the past, we know we can offer something they have never seen before."

Among the many acts to be featured this year are:

* Hawthorne's Performing Elephants whose performance includes one elephant standing on the backs of two others.

* Pablo Rodriguez Troupe, aerial artists from Europe, who perform stunts in the air that even the world's top gymnasts can perform only on the ground.

* Arturo Segura, bounding rope artist from Spain, who works without a balancing pole. He is unique in performing a double somersault in the air.

* The Great Horbogygy, springboard acrobats from Hungary. One dramatic stunt is two-and-a-half somersaults with a twist to land with two feet on the head of a colleague balanced on two others.

* Zoppe's Arabian Riders, bareback riders from Europe, whose feats include two riders simultaneously somersaulting between the backs of two horses running in tandem.

* Miss Tina, from Argentina, performs a spectacular "upside-down walk" high above the audience.

Each show also will present an "All-Shrine Pre-Circus Spectacular," a parade of colorfully garbed Shrine bands and marching units. An integral part of the Circus will be continuing performances by the 40-member Clown Troupe from the Moslem Shrine.
