LETTERS TO THE EDITOR

Dear Editor,

In the May 18th edition of the Enterprise there appeared a letter to the editor signed by "a disgusted member of the class of '82." This student may or may not have reason for concern, depending on exactly how true the statements are and whether this student is really a "student" or merely someone who occupies a seat in a classroom. I wonder how much research the Enterprise did to determine whether the accusations were true or false before it printed this unsigned editorial, which could be both professionally and personally damaging.

This youngster has proper channels to follow if he/she has a real complaint, such as having his/her parents contact the teacher and then, if not satisfied, contact the administration.

Being in the class of '82 this student may not have been aware of the proper channels to follow. However, the Enterprise should be aware of this and should have acted in a more responsible manner.

Newspaper responsibility is a more important point than the alleged incompetence. A responsible newspaper

would never print an unsigned libelous editorial. My advice to you, Mrs. Steele, is that you enroll in a few journalism classes at an institution of higher learning so that you may learn how a real newspaper should be run. Until then, the people of Manchester will have to settle for an irresponsible editor who is willing to print anything in the editorial column, even if the author leaves the article unsigned.

Richard D. Wiggird

Sir,

How much responsible research did you do before writing this letter attacking my character?

Lenore Steele, Editor

My feelings as I write this letter are feelings of great disappointment. I am disappointed because we have had to cancel this year's Bible School due to the lack of support in adult leadership. The Bible School I refer to has been sponsored co-operatively by Emanuel United Church of Christ, St. Mary's, and First Methodist Church. In the past it has served and fulfilled the needs of many young children in the Manchester community. In order for the Bible School to operate this summer, no more than twenty adult leaders were needed. But after many phone calls less than ten adults agreed to help in the school which would have been open for five mornings during the week of June 12. I find it very difficult to accept that the three churches mentioned can not enlist twenty adult leaders for this very important and valuable program. I feel very sorry for the children who will miss the fun and learning experiences that Bible School could have provided for them this year. I hope this lack of adult interest and response can somehow be overcome in the future.

Sincerely,
Joseph W. Wise, Pastor

1978 SENIOR CLASS OUTSTANDING

This year's senior class of 1978 at Manchester has been a very outstanding one. Evidence of this is the number of awards and scholarships that have been given to our seniors already this year.

Two of the first awards to students from the class of 1978 were given to Jon Munson and Doug Willson. Jon has become a National Merit Finalist, the highest academic award a high school senior can achieve. Doug was a National Merit Recommended Scholar. Jon will be attending Michigan Tech University next fall while Doug will enroll at Eastern Michigan.

Michigan State University has given an award for Academic Excellence Scholarship to our co-valedictorian, Mary Ann Kniahnycky. Barb Korth has received a Regents-Alumni scholarship from the University of Michigan. Tammy Rhoades has also received a scholarship from the University of Michigan's music department. Eastern Michigan has given Keith Moore a Regional Scholarship for academic excellence.

A number of local scholarships were given out at the Senior Day Assembly. Linda Simmons was awarded the Knights Of Columbus Scholarship to use at the University of Detroit. Barb Korth and Jim Duncan received the Manchester Jaycee Scholarships. Jim will attend Michigan State University while Barb will

attend the U of M.

Two of our athletes have received athletic scholarships: Dan Jordan from Olivet College, and Dan Turvey from Concordia College in Ann Arbor.

The State of Michigan has their own scholarship program based on a student's scores on the ACT test. The program is known as the State Of Michigan Competitive Scholarship Program. Manchester had 22 students who were semi-finalists in the competition and will receive a "Certificate of Recognition". These include Michael Barker, Carol Blumenauer, Brian Curley, James Duncan, Renee Gonyer, Belinda Grantham, Mark Guenther, Susan John, Joanne Kastl, Ann Kieme, Mary Ann Kniahnycky, Barb Korth, Mark Luckhardt, Beverly Ludwick, Kathy Muller, Jonathan Munson, Tammy Rhoades, Cheryl Sparks, Annette Vigilanti, Michael Walter, Steven Wellman, and Doug Willson.

Five of these students received Michigan Competitive Scholarships to use at the school of their choice in Michigan. These five are Renee Gonyer, Joanne Kastl, Mary Ann Kniahnycky, Tammy Rhoades, and Cheryl Sparks.

CUB SCOUTS

Manchester Cub Scouts have been busy this past month, finishing up the year's activities. They took a very interesting trip to the Waterloo Interpretive Center, where they became acquainted with some frogs. They learned about their life cycle by seeing frog eggs and tadpoles. On Tuesday, May 16, the Cubs had a very enjoyable baseball game at Klager School. Thanks to Mr. Bartel for being umpire. May 18, they attended a meeting of the Manchester Jaycees to demonstrate and tell about some of their activities. As a special treat at the last den meetings, the Cubs toured the McDonald's Restaurant on Zeeb Road.

The bake sale was a success, as were the ticket sales for Scout-R-Ama. Thanks to the community for your support. The three boys who sold the most tickets in our pack are Scott Whiting (143), Craig Smith (102), and Jonathon Arney (55). Prizes were awarded for good salesmanship. Scott and Craig each received (among other things) a watch, and Jonathon's main prize was a hand axe. Many other boys also received prizes for their successes at selling tickets.

The last pack meeting was held May 24. Children and adults enjoyed a mime presentation by Owen Anderson, and the potluck dessert that followed. The Cubby Award for attendance was given to Den 2. Other awards were as follows: Rob Smith--Showman, Engineer, and Arrow of Light; Andy Wise--Aquanaut and Webelos; Geoff Settles--Webelos; John Cousino--Engineer; Richard Winnick--Bear; Craig Smith--Wolf, Gold and Silver Arrows; Richard Kleinschmidt--Gold and 2 Silver Arrows; Richard Shear--2 Silver Arrows; Corey Schmitt--3 Silver Arrows; Jonathon Arney--Silver Arrow; Larry Bash--Gold Arrow; John Marhle--Gold and 3 Silver Arrows; Daniel Platt--Gold and Silver Arrows. Kevin Wolf, Eric Mann, Brent Williams, Barry Lee, Richard Kleinschmidt, and Richard Winnick were recognized as Webelos. Service pins were awarded: 6 years: Mr. Phillip Smith; 3 years: Mrs. Sandra Smith, Mrs. Elaine Portice, Rob Smith, Andy Wise, and Geoff Settles; 2 years: Mrs. Carol Williams, Mrs. Janet Smith, Brent Williams, Richard Winnick, John Cousino, and Robert Rees; 1 year: Mr. Harold Settles, Mrs. Gail Whiting, Kevin Wolf, Scott Whiting, Daniel Platt, Eric Mann, John Marhle, Larry Bash, Jonathon Arney, Billy Dale, James Townsend, Richard Shear, Cory Schmitt, Eric Alstrom, Kenneth Clark, Richard Kleinschmidt, Barry

Mrs. Gail Whiting and Mrs. Betty Bash will lead Den 2 in the fall. Mrs. Betsy Dale and Mrs. Cindy Derby will lead Den 3. Den 1 is in need of leaders.

PURSE PARTY TO RAISE FUNDS FOR LAMBDA NU

Fourth Grade Pleasant Lake
The Fourth Grade at Pleasant Lake has been studying Michigan and the different careers that are available there. We wanted to learn all about Manchester, Michigan so we went to four different places in Manchester. We went to Double A. Uniby, Mann's Feed Mill and the Union Savings Bank. At these places we had guided tours and learned what was done there. We would like to thank the businesses and the people who took their time to show us and tell us about the places we visited. We walked by the Fire Department, the City Hall, and the Police

Station. After that we went to Mr. Tubaugh's for popicles. Then we went to Carr Park and played for awhile. Mr. Tubaugh got tired for he pushed all of us on the merry-go-round.
This week Mrs. Waldron has been helping us practice the play "Stone Soup." We hope to be ready to put the play on for the school Tuesday.

"WARNING...THIS PRODUCT..."

Beware! Remember those friends you had last for hamburgers in your back yard last weekend? You may have given them cancer.

Or so some consumer research group would like to have us think. This word comes from preliminary findings by Dr. Barry Commoner, a well-known consumer advocate, who presented a paper at the annual meeting of the American Society of Microbiologists in Las Vegas. Dr. Commoner's paper reported that certain ways of cooking hamburger could produce a possible cancer-causing mutation.

"A 'cheap shot' at the beef industry" is what the report was called by Allan Grant, president of the American Farm Bureau Federation. "This is nothing more than a hamburger scare news release designed to raise research money. In fact, there does not appear to be evidence that consumption of hamburger--regardless of the method it is cooked--has caused an increase in cancer in humans," Grant said in a letter to Dr. Commoner requesting documentation of the research that led to the news release.

Science doesn't know at this point what actually causes cancer and research continues. There is nothing wrong with warning consumers about evidence of cancer-producing agents when it is all beyond a reasonable doubt. But it is becoming increasingly popular to point the finger at the producers of food by consumer activists who are getting an increasing amount of the Carter administration's ear for their programs these days. And as long as the administration continues to provide funds for these consumerists

research ideas, the finger-pointing will continue.

First, it was the cranberries, then it was the "Strawberry" or "blue" milk, then it was the cholesterol warning about eggs and dairy products, then it was the "dangers" of eating bacon and processed cold meat products, and now it's the warnings of cancer dangers in the good old American hamburger.

It keeps up, it won't be too long until we will all have to send health hazard warnings to our neighbors when we invite them over for hamburgers or breakfasts of bacon and eggs, or warn them about getting too close to our gardens when they stop over to visit. Even those famous hamburgers we all enjoy at the local drive-in may have to be stamped: "Warning-This food may be injurious to your health."

HANDICAPPED RIDING PROGRAM

A horseback riding program for handicapped students, offered by the 4-H youth programs, will be incorporated into the High Point School summer curriculum this year. The six week pilot program, unanimously approved by the Washtenaw Intermediate School District Board of Education, is scheduled to begin the week

of July 6th.

The program is based on the concept that riding can be a therapeutic exercise to help disabled students improve physically and emotionally. Some participants can learn to enjoy exercising muscles that otherwise are idle. Other benefit from a psychological boost. They find that riding offers them new opportunities; thereby, they develop a bright outlook on life.

We pride ourselves in taking care of our customers. The big city banks have a platoon of customer service representatives. We have everyone pitching in to help our customers.

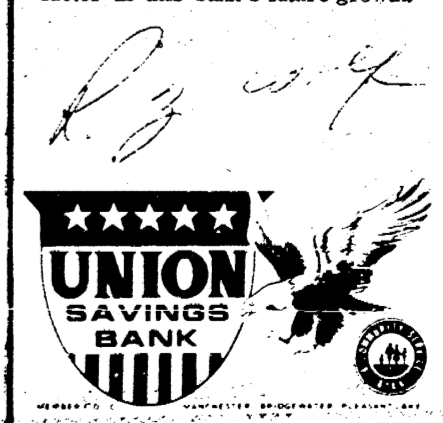

I guess you could say, everyone in our bank is a customer service representative. When a question is raised that someone hasn't an immediate answer to that person finds someone who can answer the question.

We take the time to sit down with you and explain any phase of financial service in a direct one-to-one fashion. We aren't out to impress you with fancy language. We would rather converse in terms you, the customer, can understand.

A sort of down-to-earth way of doing business.

From time to time everyone has questions they would like answered. Questions on their accounts, questions on how they can best take advantage of higher savings interest rate earnings, questions on loan availability, and more.

This idea of personal service is really what has built this bank and what will, no doubt, be the primary factor in this bank's future growth.

SPEEDY TRIALS are necessary to insure that a defendant will be prosecuted within 90 days of his arrest. The criminal knows that if his trial is delayed, the odds are in his favor: people's memories fade, they relocate in different regional areas, evidence may be lost or destroyed, or witnesses may expire through natural causes.

CERTAINTY OF PUNISHMENT is necessary to prevent the criminal from shopping for the lenient judges. If the criminal is aware that all judges will give the same term of years for the same type of crime, he will no longer be assured a sanctuary of probation but instead the prospect of jail.

SEVERITY OF PUNISHMENT should be met on the basis that PUNISHMENT SHOULD FIT THE CRIME AND NOT THE PERSON. Thus, if the criminal commits the crime of armed robbery, he should receive a term of years commensurate with the crime and not on the basis that he is a victim of drugs, economics, or social deprivation. When the criminal becomes aware that upon the conviction of an armed robbery he will receive 25 years in the greatest walled prison in the world—Jackson, then his moral evasion may convince him to seek fund from honest employment.

Last, but not least important, is **PUBLIC AWARENESS** by the criminal that crime will not be tolerated. News medias can disseminate the trials, results of trials, and punishment for the crime committed. With this foundation, the trend will reverse itself from the vast majority's fear of being a victim of a crime to placing the fear within the criminal, so that he will reflect prior to committing a crime that **JUSTICE IS SWIFT, CERTAIN, SEVERE, AND PUBLIC.**

as the Dutch squared off against the reigning "Class C Champs", DeWitt DeWitt came into the game commanding a very impressive 16-1 record, to fall short of victory 9-3.

DeWitt jumped off to an early 3-0 lead, only to see the Dutch rally in the bottom of the second, third and fourth innings scoring 1 run per inning. In the fifth, Manchester exploded for 5 runs, therefore making Manchester the "1978 Regional Champs". Kay DeClaire played an outstanding
