Manchester traveled to the Ida Blue-streak turf but had no real problem downing them. We took the early lead but they came back in the 2nd quarter to go up one. We recaptured it 26 seconds before intermission to stay.

Ida received the opening kick only to fumble on their second touching of the leather. Thus we had the sphere on their 39 yard line. The Dutch were moving the ball well on the ground (5 plays - 26 yards) when disaster struck--we fumbled and they recovered it on the 11. Ida was unable to move over 7 yards so went back to

punt. It was a fairly good punt which Bob King took on the fly and zoomed into great shape--but--a man in a striped shirt had located a Dutchman clipping so back it went to the midfield line. We were not to be denied this time as John Mooneyham scampered around right for 13 yards and Todd Quayle took it 5. Again it was John mooting for 14 to set up a 1-10 at the 18 at 5:08. FIRE! OR WHEN THE SIREN BLOWS

The Manchester Township Fire Department has always been a source of community pride. Strangers in town remark about the splittosecond speed in getting the trucks on the road, no easy task, because our men are all volunteers who are awakened from sleep at night, or called from their regular employment during the daytime.

The "behind the scene" activity is little known to most of us, but these volunteers spend hours of their own time, without pay, to keep the equipment at the ready. The Township does pay them \$5.00 per hour during a fire, but all of the hours of work and upkeep on engines, hoses and equipment is donated by these local men who take such pride in their fire department, that they even periodically visit surrounding fire departments, attend classes in First Aid and fire procedures on their own time, at no cost to the citizens of this community.

In trying to trace the fire department through its history, a lot of which has been lost to us, we did come up with some interesting side-lights on it's activity.

At the turn of the century a cistern under the center of the street at Main and Clinton Streets, was the existing "fire hydrant" of it's day. This cistern was filled with water by suctioning, from the river, by hose and hand-pump. The hotel, which caught fire twice during these years, was saved both times because of the availability of water in the cistern. Two other cisterns were also used during this time, one was just east of Territorial and Macomb, the other on Duncan near Division. These were all kept filled at all times.

Some of the first equipment gathered together were a hand pump rig, whose side handles folded up, against the tank for storage, and a 30 gallon chemical rig mounted on two wheels. There was also a "Ladder Wagon" which had leather buckets hanging from the sides, to be used as a Bucket Brigade.

After acquiring three or four pieces of fire-fighting machinery, the men who tended them discovered that they had created a FIRE DEPARTMENT! Some of these men were Mel Barbour, Frank Kern, Sweeney Blythe, A. Mathias, Joe Weiss, Frank Lowery, and G. Harrier, Jr. So they began, in earnest to plan for fire protection. The next pieces of equipment were Tankers, Hose Trucks, and Chemical Trucks. One of the first, was a Steam Truck.

We are still using two Ford chassis built by hand, by Jim Kensler, Gale Koebbe, and Lawrence Scheid. They are mounted with heavy plate steel tanks for carrying great volumes of water, and government surplus pumps which will throw water for several hundred feet.

Our largest truck, lovingly named "Big Dutch" is a 1966 Bean, No. 701. Big Dutch carries it's own water and high pressure hose, plus a resuscitator.

Manchester Township Fire Department services Sharon, Freedom, Bridgewater and part of Norvell Townships, and averages 4 runs a month.

More "In Retrospect"

While we are on the subject of rural mail carriers, let us remember that Merrick Burch was a carrier from 1905 until he retired in 1940. When he became a carrier there were five routes out of Manchester and they were, of course, delivered with a horse drawn mail cart. When the automobile came into use in the 1920's the carriers could cover so much more territory than with a horse drawn vehicle that the five routes were consolidated into four routes and the fifth carrier whose name, if we remember correctly, was Dietle, was transferred to Chelsea.

Besides Burch at that time the other carriers were Wm. Cramer who became a carrier in 1922, Harry Sutton who started in 1924 and Walter Vogt who took over his route in 1923. Following their return home from World War I these fellows looked about for jobs and were lucky enough to become carriers. When Burch retired in 1940 his route was apportioned among the other three and so they remain today.

When we first knew "Bill" Cramer he was, of course, carrier on R-1 and lived up on Ann Arbor hill. We got to know him quite well and were told that he grew up in this vicinity and after his school days he went to the Detroit area where he, always having had a great interest in things thespian, became a professional actor and, having a rather good voice, was very active in one of the Stock companies which offered "legit" drama on the stage there. After several years, however, his parents who continued to live in Manchester, both became semi-invalids and Bill decided that he should return home to care for them. This, he

did and succeeded in becoming a rural mail carrier.

A few years later they both passed away and Mr. Cramer, after a couple of years married and continued to live in the family home here.

Bill was active in his church, in the K of C's and in all phases of community activities, especially when they pertained to things musical or dramatic.

He always liked children and became personally acquainted with all those on his route. In this process he found that some of them were rather ignored by Santa Claus so he set out to pinch hit for Santa.

One Christmas he obtained a Santa Claus suit and purchased enough candy, oranges, popcorn balls and the trimmings so that each child on his route could have a Christmas stocking. And so the day before Christmas each year for several years, his wife drove his car around the route and he in his Santa suit left a sock full of goodies for each child on the route. Many of these children still remember his thoughtfulness.

Several years after his retirement he suffered a chronic illness and was confined to the hospital for some time before he died. Soon afterwards his wife passed away and their only surviving relative was a niece who soon afterwards, sold the old home and all traces of the Cramers vanished from Manchester.

Bill's sense of humor was rather priceless. One year Manchester held a Homecoming and among the attractions of the carnival which accompanied the festivities

Gall Whitting hosted our September 11 meeting; the first meeting of the new season. Gall is now to Lambda Nu, having transferred from an Ann Arbor chapter last Spring. We welcome Gall and some new ideas, especially as we make plans to increase our membership. Wednesday, October 11 has been set as the night to entertain prospective new members with a Rush Tea. Lambda Nu will again be selling Christmas wreaths, garlands and holly along with XI Epilou lots. We are working with a different company this year so if you were satisfied last year, this year should be even better. Contact any member or Darlene Kuebler (chairman) for details and prices. Orders should be in by October 18 so be thinking about it now. The meeting ended with our cultural program on "Growing Up" given by Darlene Kuebler who gave us some insight on growing up in a family of 6 children and on to future goals. The next meeting is September 20 at Nancy Wolf's.

With the passing of August the Summer Story Hour has ended. Bonita Kothe was this year's storyteller, keeping the children entertained with her fine readings. The program ended at the Dairy Queen; kids style. Assistant Librarian, Becky Doyle, is interested in conducting a winter story hour. All suggestions are welcome. Call Becky or Mary at the Library. Mr. Edwin Nisley presented a record cabinet to the library. It is a fine cabinet an excellent example of his fine carpentry skill. The community also thank Mr. and Mrs. James Besser for their very generous donation to the book fund in memory of their son, Larry. Three books will be purchased, the arrival and titles will appear in this column soon. If you would like to think spring, notice the fall crocus in full bloom in the backyard. Their delicate lavender, indeed, reminds us of April.

IN RETRO...

was a test in which "Stella" performed an exotic dance. She must have been pretty good for the attendance was excellent and many of the fellows who witnessed the performance spoke in glowing terms of her presentation.

In fact they were so enthusiastic that several ladies of the town went to Bill, who was chairman of the affair, and told him that Stella should be censored right away. So Bill said he would personally check on the indiscretions, and report back.

This he did and he told the ladies that he "couldn't see that Stella did anything to get excited about—that her gyrations weren't so exotic anyway." He told the gals that he had seen more nudgy and more exotic performances on Sunday during the summer on the beach at Wasplers Lake, and without paying admission either. So Stella continued to operate after her act had been somewhat "softened".

SPUR OF THE MOMENT SADDLE CLUB

Sunday, September 3rd, was the date of the most recent Spur of the Moment Horse show. Most all of the "regulars" were there, and a few new people, we are always glad to have them. We did have a very honored guest come to our show, in the person of H.P. Eames, and he was warmly greeted by everyone there. I'm sure nine out of ten of them has known him professionally, and probably in the last few weeks, or so, too. Doctor Eames arrived just after the class that he sponsored, had come to an end, and the following class was in the arena, or he could have headed out the trophy, personally, darlin'.

Now down to the show results. Our judge for this show was Debbie Kolarov, from Ypsilanti, and she was great! Our October 1st judge is to be Peggy Friday.

Dial For Dollars, a 1973 Stallion placed first in Senior Western Pleasure No. 2 qualifying heat and came back in to win the Senior Western Pleasure finals against the first eight placing horses in No. 1 and No. 2 qualifying rounds. Later Sunday evening, Mike Elliott rode Dial to another first in Mens Western Pleasure. On Monday, Mike and Dial were qualified for the Western Pleasure Championship Class, which was for the top six horses placing in the Jr. and Sr. Western Pleasure finals. Mike and Dial won first again and received the award and honor of Appaloosa Western Pleasure Champion. Thru Sunday and Monday, Mike Elliott and Dial For Dollars eliminated over 100 other horses.

Danielle Holland, daughter of Ken and Nancy Holland of East Austin Road and a student of Duane Elliott brought home three first placings riding Pop Up's Nokoi in Western Horsemanship, Western Pleasure, English Pleasure, a third in English Equitation and a fourth in Showmanship. Danielle also was presented a beautiful belt buckle with the State Fair Seal on it for being high point youth, 12 and under.

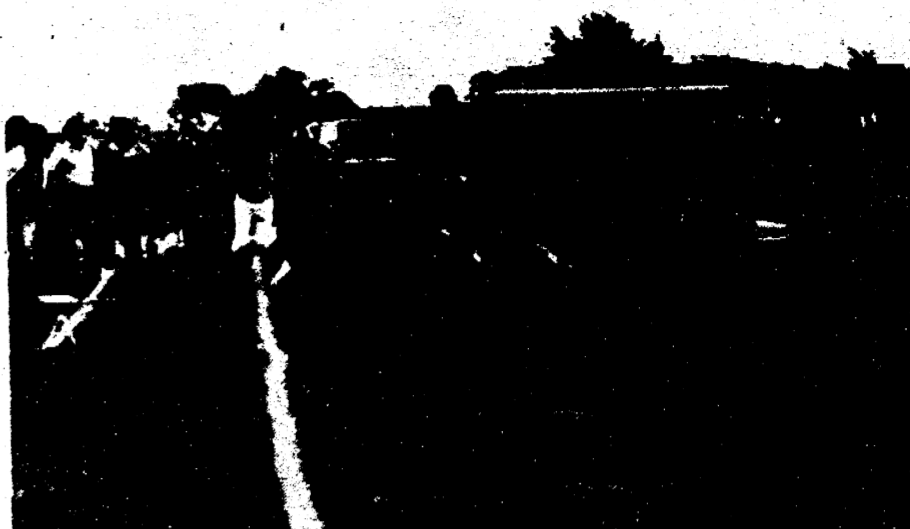

These horses are now getting ready for another big show at Columbus, Ohio on September 28 - October 1.

Bob Weirich scores 1st of 3 TD's.

In two plays and Bob Weirich did the rest—he ploughed off right guard and went the needed 11 for the touchdown. Craig Rogers kneeled for the snap—set the pigskin on the tee and Jeff Geiger left-toed

it thru for a 7-0 tally at 3:49. Following a good kick-off by Troy Walden the Blue-streaks managed a mere 6 yards in 3 downs so punted. Unfortunately we gained zip also, so Jeff fell back for his first

Mooneyham tightropes for 14.

punt—it went high and deep so Ida set camp on the 10. They ran 2 plys and the gun sounded marking the end of the first quarter (Incidentally—we gave them NO first downs). Upon the clock starting they went for 16 yards and their first down. Here they went from the 31 to the 36 in the next 3 downs, so punted—Craig grabbed this one and once again we had great position—but—yes, clipping again, 1-10 back on the 14. This really took the wind out of our sails so after moving 7, Jeff left-footed it. Ida began on their 39 and on first ran for 12 into our territory on the 49. A small swing pass right

looked like no gain but he faked and our back slipped and he was off to the races. Ida followed with a 2 point conversion and the 7-8 lead at 6:49. It turned out Ida must have got our dander up as we took the leather on the 38 and away we went. Weirich for a 1st, Mooneyham for -4 & plus 6, pass Rogers to Nick Krzyzan-luk plus 12 and 1st at the Ida 42. Weirich and Gary Daniels teamed for 22 and Weirich again to the 11. The Dutch put in a fresh back—Doug Drouare and he skirted left 2. First and goal and clock ticking under 51 seconds, then same play, Doug for 7. When you need 2—call Weirich—he belted for the TD then got 2 more. Time ran out on the ensuing kick so we entered halftime up 15-8.

The third 12 minutes showed some rough-tough defense and a few sparkling offensive plays. Both teams threatened once but on fourth and short failed to convert so the final quarter entered with the scoreboard still 15-8. The Dutch got possession after brick-wallling Ida on 4-1 and started on the 42. Mooneyham rambled for 12 then got a Craig aerial for 10 more. Drouare went for 5 and Mooneyham raced 6-1 and 6 putting it fourth at 2 at the two. Weirich's lumber came up again and he found paydirt at 6:46. The extra point kick was off right so the score was 21-8. Troy kicked and Ida started moving—12 plays and they had 6 more on the board. The conversion was no good so with 3:36 remaining it was 21-14. We didn't move to well and it was 3-5 when Ida jumped so the penalty gave us a 1st. This time we were stopped at the 42 so Jeff trotted out to shoe it as far as he could. It was beautiful—I was on the Dutch 20, so all I saw was the side-players and coaches jumping and cheering. The pigskin dribbled out on the 1 so Ida was 99 yards from their goal with no timeouts. They did advance about 20 but Father Time went home and so did the Dutch with their first season win, 21-14.

We had five backs do well with Weirich getting all 3 TD's, although high ground gainer was Mooneyham totaling 88. How about Jeff and his punts?

Be here Friday for a special treat—Addison and Dutch Parent Night.

A friend of mine, and the best, stopped in the other day to chat for a moment.
A good customer. Made me a nice savings balance, made her payments on time.
An essential financial service however, was missing. A checking account.
I have been wondering why she closed her checking account and began buying money orders instead.
Money orders are far less convenient and the cost is greater than a checking account. Measure me against the other and a checking account will handle them.
I asked her why she didn't have a checking account anymore. Her reply improved the reason so many people have closed their checking accounts. Discovering.
She had a real problem keeping her balance in line with us. Our figures were right, she conceded but she just didn't know from one month to another where she stood.
Like a lot of people she didn't over her statement anymore and check her figures so closely.
Simple, but when you know we are making you it's very exciting and we're ready to help.
Surprised we would help you? We are and surprised it's not a service.

CELEBRATING OUR 95TH YEAR

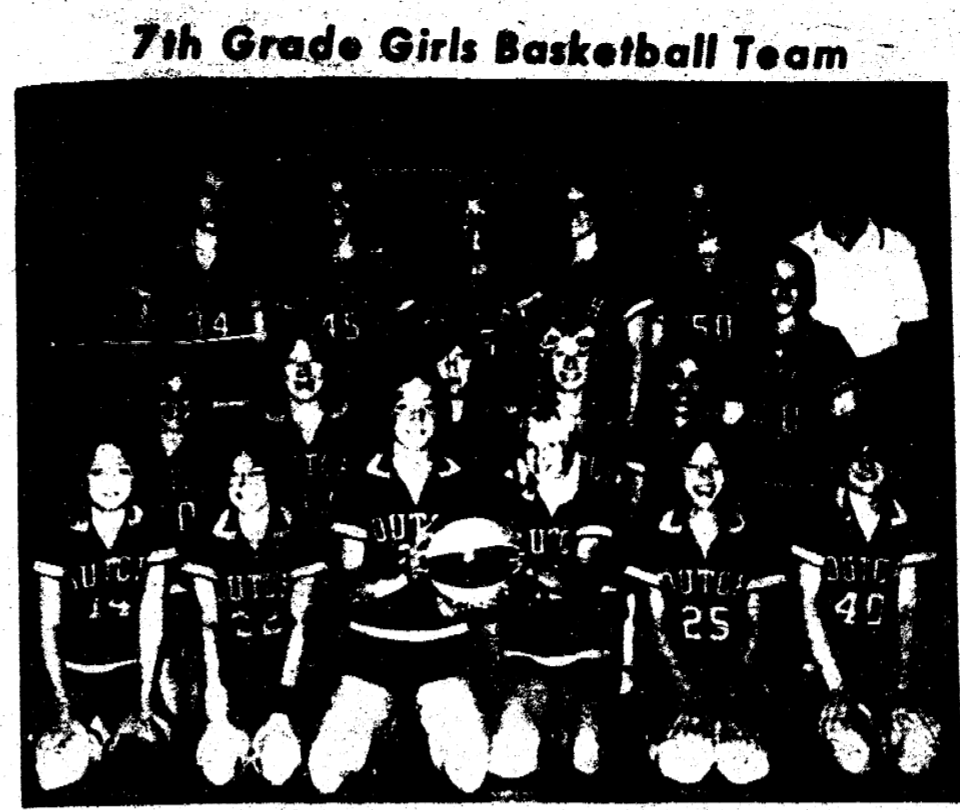

One shot at an insulator can drop a city in its tracks.

I know, because I'm a Consumers Power lineman, and it's my job to search for the cause of a power failure. People who shoot out insulators forget that a single shot can bring down a house, a factory, a hospital or even an entire city. That's why Consumers Power offers substantial rewards for information resulting in either the arrest and arraignment, or the apprehension of persons responsible for damage to our property. So, if you have information concerning such an incident, please contact a local police agency or call Consumers Power.

Washington Russets In Classic French Dish

Potatoes Anna is a classic dish of French fame requiring few ingredients and a minimum of preparation time. Made with choice Washington Russet potatoes, it is an especially tasty accompaniment to almost any entree and an excellent choice for a buffet.

Thinly sliced Washington Russets are layered in a skillet with melted butter, salt and freshly ground pepper. The end result after baking is a golden potato "cake", crusty on the outside and moist and tender inside.

All-purpose Washington Russets are an ideal potato for any cooking method. Grown in rich volcanic soil and nourished by clear mountain water, they are high in quality and rich in vitamins and minerals.

Potatoes Anna

Cover and bake at 425 degrees 45 minutes. Uncover and bake an additional 10 to 15 minutes until potatoes are tender and golden brown. Release cake with a spatula and invert on warm platter. Convenient For Cooks On The Go

Polynesian Pork Chops is a great menu idea for the cook on the go. To make just steamer pork chops in a subtle sweet-sour sauce made extra easy with the new Domino® Liquid Brown Sugar and place on a bed of fluffy white rice.

If you haven't had a chance to try the new Liquid Brown Sugar, you will be pleased by the ease with which it stirs into drinks, punches, desserts and salad dressings. In addition to the delicate pungency it adds to soups, stews and other main dishes, too. The brown sugar flavor adds depth without being overly sweet. And, good news for those who like natural foods, Domino Liquid Brown Sugar contains no additives, preservatives, or artificial colors.

Polynesian Pork Chops are quick and easy to prepare before meal time. Or, make them ahead and heat just before serving. It makes an appealing dish for family dinners or informal party buffets.

111TH YEAR VOLUME NO. 48

THURSDAY, SEPTEMBER 28, 1978

March of Dimes Revamps

You soon will be hearing about the Washtenaw County Chapter having its Mothers March in November, in an effort to beat the bad weather. We in charge of the Manchester Area, have decided we cannot possibly have our march at that time, in consideration of the United Fund. We decided in fact that, at least in our area, the Mothers March has become very impractical for these reasons: (1) The majority of the women in the area are working, making it very difficult to either get marchers, or to march during the day. (2) The winters are getting more and more severe, making getting to every country house extremely difficult. (3) Many people will not answer their doors at night, when marchers are apt to find people home. (4) Volunteers spend many, many, hours planning, and trying to get marchers; only to feel that they have not done a good job, when they cannot get all

the areas covered; in spite of heroic efforts. Therefore, we propose to drop the Mothers March altogether, and replace it with more special events.

We have several ideas in mind, and are tentatively scheduling all events for January, except the Walkathon of course, which will be in the spring. It is our hope that everyone who helped with the March, will assist in an event.

The only thing we are starting now is a poster contest in the schools. The posters will be used to advertise the event they depict, as the event is scheduled. They will be created October 1 to November 1, and must be registered for the contest by November 1, at the Village Hair Forum. Chairwoman, Sandra Stobbe, and her able assistant Linda Strubbe, have announced that there will be a prize for the best poster in each school. Those young people creating a poster, are to put their name, address, telephone number, school, and grade level on the back of their poster, and register it at the Village Hair Forum, Wednesday thru Saturday, 9 a.m. to 5 p.m., by November 1. If you have any questions you may call either Sandra or Linda at 428-7684. The posters will then be judged, and given to the chairperson of the event they depict. When that event comes up, the posters will be placed in the store windows in town, to help advertise that event. It will be fun to see your creation displayed downtown, for all to see.

IN RETROSPECT

I don't remember the exact year or date but it doesn't really matter. For quite a few years the air was filled with propaganda clamoring for the centralization of our schools, and eventually laws were passed which brought about school consolidation with its buses and larger village schools. It was decided that the children in the rural areas were not getting all the trimmings that should go with a well rounded education; that all they were getting were the bare fundamentals. So a new school was built (now the Nellie Ackerson building) and of course the enrollment in the local school increased and more teachers were hired.

About this time a new superintendent was hired, one whom quite a number of the high schoolers did not seem to care for.

So after some time a certain amount of resentment developed and a certain number planned revenge. The group included at least one present Manchester business man so perhaps we should let them remain anonymous.

They devised a form of revenge which I thought contained a certain amount of resourcefulness.

The superintendent lived in a house on Riverside Drive not far from East Main Street and on the front of this house was a large screened-in porch. The plotters, one night, not Halloween either, snuck up on Mr. Downing's porch and ringing his doorbell planned it so that it would continue to ring, and scurried away into the darkness.

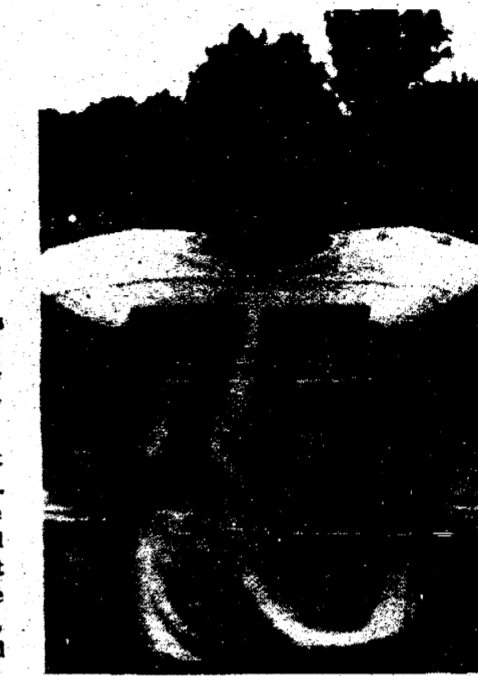

Of course Mr. Downing came to the door and, discovering what had been done to the door bell, hurried to the screen door at the top of the screened porch steps and flung open the door-threw it open into the darkness and was crowned with a pail nearly filled with water which had been carefully balanced on the top of the screen door.

Drenched with water, the victim, also suffering a bang on the head by the pail, retreated into the house mumbling various things under his breath.

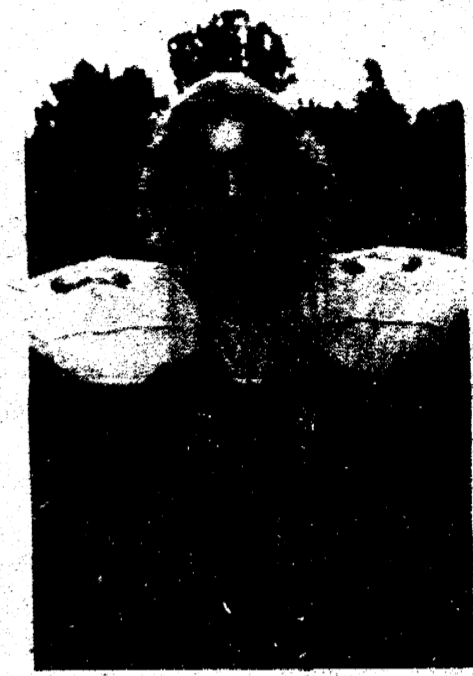

I can't remember whether or not any suspects were interrogated about this heinous crime but, if I remember correctly, both the aggressors and the victim became somewhat less antagonistic henceforth.

I'll bet that some of the participants in this event are the same ones who, not long ago, told their offspring that they had no idea of what was going to become of the present generation—that when they were young, no shulduggery such as the event mentioned above, would have been impossible—no such thoughts even crossed their minds, and if it had, punishment would have been swift and plentiful.

Dutch Dominate Addison, 15-Zip

Offensive Player of the Week, Mike Lentz.

Defensive Player of the Week, Bob Weirich.

By Jon Hardenbergh

I've heard some of the great sports announcers say "Stats Don't Lie". Another page went into the Dutch history book and this showed them owning the statistics. Just to list a few—we had 14 first downs to their 3, 276 yards rushing to their 53, 61 yards passing to their 0 with halfback John Mooneyham motoring for 131 yards. This should explain why we now are 2-1 and Addison 0-3.

The first quarter got underway with the Panthers kicking for us. We set up camp on the 26 and in 4 plays were at the 39 where we fumbled with Addison receiving. They went nowhere but back, so punted and again we had possession. It was first and 10 on the 15 and 7

advances later we had to kick. Unfortunately, the snap from center was bad so Addison started in excellent shape. As last time, our defense held them, so we took over on the 19. The 1st quarter gun sounded and the squads turned around (we still haven't given a first down in the 1st period in 3 games). Both teams failed to move so punted but the next time we touched leather it looked good. We had position at the 42 and a penalty moved us back 5 but a Craig Rieger's pop to Nick Krzyzaniak netted us 20 yards. In six downs it stood fourth and five on the 24 so we attempted a field goal. Jeff Geiger's kick sailed short to the end zone for a touch-back. The Panthers did move out to beyond the 30 for their first, first down but soon a penalty put them on the 25. Following the punt we had super field position on the 49. On the first play Mooneyham skirted right and wasn't stopped till he zoomed 26 yards. In 2 downs Bob Weirich blasted for 12 more when Gary Daniels ran off right guard for 11 yards and the touchdown. We failed at the 2-point conversion which put the tally at 6-0 at 4:43. On first down following our kick-off they slammed for 10 to get a first on the 41 but then failed to move so booted for the 4th time. We ran 5 offensive plays and the clock ticked off.
