Fall House Tour of Local Homes

On Sunday, October 8th, St. Mary's of Manchester, will host their annual house tour, featuring six area homes. There is a pleasant blend of old and new, contemporary and traditional; an eclectic mix of various housing styles. Tickets may be obtained at Krauss Pharmacy in Manchester for \$2.00 apiece before October 8th, on the tour Sunday, they may be purchased at St. Mary's for \$2.50. Maps are also available to all ticket holders. Refreshments will be served all afternoon in the church basement. The tour begins at 1 p.m. and closes at 5 p.m.

The first house visitors will tour is the residence of Mr. and Mrs. Gerald Bordine, a fairly new family to Manchester. They built their retirement home last winter and are still busy landscaping. This home is an excellent example of what is practical and yet still spacious for couples whose children are grown. It sits high on a hill overlooking the River Raisin and one of Mrs. Bordine's "musts" was to have a view of the river wherever possible. She has expressed her need for an easy to care for house with her love of fine things. The facade, facing City Rd., has a large expanse of granite fieldstone, quarried mostly from Hillsdale County, along with igneous rock from Mrs. Bordine's teaching collection. Drive to Granger St., around the corner, and enter this home from the rear, as it is here that we find a large all purpose welcoming room. The pullman kitchen along one wall with a long eating counter faces a free standing fireplace and lounge area. Here also is a large oak coffee table transformed at some time from a dining room table. Further on are two lovely bedrooms decorated in pastels. The Bordine's love of antiques, both in furniture and china is apparent, especially in the jewel-box like living room. Designed so that unused areas can be closed

off in the winter, this home has everything necessary for gracious living. To illustrate what can be done with energy and imagination, we look to the home of Mr. and Mrs. Edward Barnard. With wallpaper, paint, hard work and faultless taste, they have created an oasis of colorful delight. The living room is a combination of comfort and chic in a mixed decor of refinished antiques and newer upholstered pieces. The bedrooms for their young son and daughter are decorated with lively prints and bright colors designed to please the most discriminating children. Turquoise and silver are blended in the master bedroom to provide a restful, but vivid retreat for the parents. Red, blue and the dark rich color of stained wood predominate in the family room, a "surprise" area at the rear of the house. Leading to the garage is a hallway and from here is a delightful powder room done in black and white wallpaper with accent touches of jasper yellow. Outside, the Barnards have given a great deal of effort toward planning a patio and yard area, using many railroad ties to set off their attractive ranch home.

The third house on the tour is a unique farmhouse, remodeled and renovated over the years to create an unusual residence for Dr. and Mrs. Glenn Lehr. Because of a fire seven years ago, the original construction of the 1837 section of the home has been deliberately exposed to show the way pioneers built their homes. Dr. and Mrs. Lehr have traveled world wide and their home reflects extensive and varied memorabilia, collected from England, the Far East, South America and Spain. They have many interesting paintings, some of an oriental whimsical nature and others of English genre. A lovely crystal collection graces the dining room, contrasting with the fanciful array of mugs in the living room. The family room has one long wall of glass and provides a backdrop for Mrs. Lehr's extensive arrangement of greenery. Between the barn beams on the ceiling is the same carpeting as is used on the floor. This creates a wonderful feeling of warmth and intimacy, as well as adding acoustic value to the room. Take note, too, of the lovely cocktail table made of burl wood. One of the most luxurious features in the Lehr home is the sauna attached to the master bedroom. Downstairs, we come to the game room looking over a patio and swimming pool. When this room was added on the stone foundation of the original section of the house was uncovered and was left "as is" to become one of the walls of the game room, giving a rugged permanent feeling to this area. Truly a fascinating home!

You might think it a picturesque farmhouse just driving by, but what a surprise upon further investigation! Mr. and Mrs. Roger Hardenbergh have adapted their circa 1865 residence to accommodate the needs of their handicapped son. From the oversized garage, built at the same level as the house, to the especially constructed bathroom, much thought and planning have been given to this project. The original L shaped house has been re-structured to an H shape. The Hardenberghs insisted on the

Dutch Bomb Onsted, 36-8

By Jon Hardenbergh
Manchester trekked to Wildcat country and came away owning the Onsted turf. We racked up 402 yards rushing, 25 yards passing and this gave us 36 points for our 3rd consecutive victory.

Onsted won the coin toss and received the kick. Unfortunately on their 3rd play from scrimmage the sphere was intercepted so we took over on their 36. After achieving a first, we were sitting on the 25 when disaster struck--fumble. Onsted was forced to punt so again we set up camp. On 2nd and 8, Craig Rogers tossed the leather to Jeff Geiger--good for 12 yards. Bob Weirich touched the ball three times and moved it 4, 3, and 3 to the 27. Craig handed to Doug Drouare and he raced into the end-zone for 6

points. Jeff booted the P.A.T. (point after touchdown) and we led 7-0 at 3:18. Onsted punted soon and we had possession when the quarter concluded. The scoreboard

October 27 Bloodmobile at Emanuel Church

Blood is urgently needed by all the hospitals in the area. Manchester has the opportunity to do its share toward the shortage at a BLOODMOBILE, October 27, at the Emanuel United Church of Christ from 12:00 to 6:00.

The Manchester Community Blood Club serves the Manchester School District and 200 pints are needed for this area alone. Every resident is covered and every able bodied man and woman in the District is urged to give. All of the churches in the area will recruit donors and all of the industries in town always give on a regular basis. Mrs. Alvin Kappler is Chairman-of-the-Day for Friday the 27th and she will be recruiting the volunteer staff to work with the professional crew that comes from the Southeastern Michigan Red Cross Blood Center.

Men and women from age 18 through 65 can give blood as many as five times a year, but not oftener than every eight weeks. A seventeen year old may donate with the written consent of a parent or guardian. They must bring the written form with them the day of the clinic. Manchester has a rich heritage as a Blood Club and 17 donors went to the Ann Arbor Headquarters and gave during the acute crisis this past summer. This was twice as many as came from any other small town in the County and the Red Cross commends the area for its participation.

For new people in the area: if you need blood at a hospital that is requesting that it be replaced, contact either Mrs. Franklin Reck, 428-8852, Mrs. Roland Grossman, 428-7808 or Mrs. Millard Uphaus, 428-7461.

It is quite important that you register for your appointment at the Bloodmobile. If you can not do this through your work or your church, there will be cards and a file at both Union Savings Bank and Manchester Great Lakes Federal Savings. Your registration card will be mailed back to you with a scheduled time to attend.

In Retrospect

After the meager thirties came the 1940's and World War II which caught this country, as usual, unprepared and soon we were compelled to live with gas stamps, sugar stamps, meat stamps, shoe stamps, etc. All these things were rationed and if you needed a tire for your car you had to journey to Ann Arbor and prove that you needed it for business purposes or to drive to work. Pleasure driving was frowned upon.

But in small towns, like Manchester, the natives took it on themselves to equalize the rationing problem. Many farmers killed and processed their own meats and so had a surplus of "red" or meat stamps. Those who purchased their baked goods and did not do their own baking had a surplus of sugar stamps. Many of us who worked indoors had a surplus of shoe stamps while many of the children and those of us who worked outdoors had a real problem. So an equalization problem was worked out. Soon there was a great deal of swapping going on--farm gas stamps for sugar stamps; farm meat stamps for shoe stamps, etc.

I remember that down at the end of the counter in the Westside Meat Market was a cigar box in which was deposited a great many surplus stamps of various kinds. Those in the know, who came in to

ATHLETIC BOOSTERS

The Manchester Athletic Boosters would like to take this opportunity to offer all parents of children in the Manchester Community Schools the option to join our membership list.

This does not totally commit you to anything. We do have monthly meetings to which each of you are most welcome. If cooperation from each of you continues, you will perhaps be called upon two or three times a year to help on a project or help in the concession stand.

Each child in the district benefits from our program. It is not limited to any one school or any one age group.

Some of our most recent accomplishments have been, basketball back boards at both Pleasant Lake and Klager schools and new glass back boards at the Middle

school. New equipment at the High School level has included many new uniforms for all sports plus helping the cheerleaders with theirs.

Our most recent accomplishment has been the new Athletic Facility by Klager School, which we feel the whole community can be very proud of.

If you are interested in becoming a member of a club who has attained these most worthwhile accomplishments and goals, please fill out the lower portion and return to our secretary,

7% + PER ANNUM Money Market Certificate MATURITY: 6 Months MINIMUM: \$10,000

7.75% PER ANNUM Savings Certificate MATURITY: 8 Years MINIMUM: \$1,000

The interest rate on the date of issue of this new Money Market Certificate is equal to the average yield on six-month U.S. Treasury bills (on a discount basis) in the latest weekly auction. The rate on Treasury bills varies from time to time. But the rate at the date of the purchase of your certificate determines the rate paid by the bank at maturity-six months later. Here's new flexibility for investors who want to earn a high rate of interest in a short period of time.

Here's the highest bank rate permitted by law for the serious investor/saver interested in building an estate or in providing funds for retirement. Interest can be paid one of two convenient ways: Growth Option. Have the interest earned reinvested in your savings certificate annually, adding to the principal. That way, you earn interest on your interest. Income Option. Interest earned on deposits of \$5,000 or more can be paid monthly or quarterly, or reinvested in your certificate annually.

These are the best savings interest rates we have ever offered.

To satisfy the many goals set by our customers, we have established several separate savings interest programs. The length of time a customer is asked to leave funds on deposit varies. The minimum deposit required varies. Make it a point to stop in and get the entire story on all savings interest programs available. It could well mean more money for you with F.D.I.C. protection and that's the name of the game.

Senior Citizens Helping Project

Again this fall, high school students will be volunteering their services to Manchester's Senior Citizens, through the SSOs-sponsored Senior Citizens Helping Project. Students will do major fall household projects, such as leaf raking and bagging, yard cleanup, and changing screens and storm windows, for senior citizens who indicate they wish the help. The two numbers to call are Mrs. Reck at 428-8852 and Mrs. Feinberg at 428-8163. The second project offers the companionship of high school students to senior citizens who would like the company and friendship of young people. The students who have signed up (and there are many) have indicated that they would like to spend about one hour a week with a senior citizen, on a continuous basis. This would give the young people a chance to really get to know an older person, and for the two to share experiences and interests. Seniors who would like to participate should call 428-8163. Finally, at the Middle School, an odd job for seniors (and others) project is underway. Senior Citizens who have odd jobs (either small jobs, or ongoing tasks they'd like to hire someone to do) may call any of the following people, who will have a list of potential employees from Middle School, Mrs. Kerr 428-7420, Mrs. L. Uphaus 428-7461 or Mrs. R. Panches 428-8202.

IN RETROSPECT

make purchases and found themselves short of meat stamps for instance, could rummage through this box and accumulate enough stamps to make their purchase possible. We didn't consider this cheating. These stamps had been issued to someone so why shouldn't they be used?

Another item whose scarcity created problems was the fact that cigarettes were rationed by the factories and the wholesalers. A great percentage of the production was earmarked to be sent to the boys in service and the civilians got what was left, which I don't think anyone really resented but one had to improvise or cut down or quit smoking. When the wholesaler's delivery truck came to town once a week it was literally followed around to the stores by some of the smokers to get their pack or two of "tailor made's". In between times the nicotine addicts rolled their own. No home was complete without a cigarette rolling machine and many, many hours were spent, sometimes by the whole family, in preparing father's supply of cigarettes for the next day, and if you can remember, good old Bugler was the best selling cigarette tobacco on the market but most any kind would do in an emergency.

Eventually came the day—"V-J Day" when the war was over, and well do we remember it. The news came to Manchester, late in the afternoon, and a certain gentleman who was a partner of Earl Hobbie's in his machine shop which at that time was located on the north side of the alley south of the bank on the west side of Adrian Street, came up with a great idea of how to celebrate the event.

He dragged out in front of the shop onto the sidewalk a 50 or so gallon hot water tank which had been disconnected and had holes in one end where the pipes went in. He also wheeled out on the walk beside it a acetylene tank with torch attached. He then turned the torch on without lighting it and stuck it in one of the holes in the top of the tank. Then after coaxing ten or so he carefully lit

the torch and applied it to the same hole in the tank. The resulting explosion was quite successful. It rattled windows for a block or two and if there was anyone who didn't know what was being celebrated, they soon did.

A few of his friends soon showed up, and if we remember correctly one of them had a jug of wine with him to help in the celebration.

As time went on there were pauses between booms for refreshment, and perhaps the count from one to ten proceeded more slowly, for each explosion seemed to be louder than the preceding one. After several of these, the boom was accompanied by the sound of breaking glass and it was found that several windows in the neighborhood were broken. Along about then his friends prevailed upon him to desist and so he did.

By this time a goodly crowd had gathered, among them Mary Kern who went back to her tavern on East Main Street and with some help from some very willing hands dragged the juke box from her tavern onto the sidewalk and ran an extension cord to it and turned it up full till. Soon there was "dancing in the streets" and a lot of steam and pest up emotions were released before a late hour arrived and everyone had run out of the mood to celebrate and the neighbors were able to retire to the peace and quiet of their beds.

Each registrant will receive a personalized diet, knowledge in using behavioral techniques useful in controlling weight, and increased knowledge in nutritional aspects of weight reduction and normal nutrition.

A registration fee of \$30.00 is charged to cover costs of the eight class series. Classes will be held at Chelsea Community Hospital, 775 South Main Street. The series will be offered at two different times, 4:00 p.m. each Tuesday and 7:30 p.m. Thursday evenings beginning the week of October 15 and ending the week of December 4. To receive a registration form, call (313) 475-1311 Ext. 217 or 307.

read 7-0 and the Dutch defense held Onsted to no firstdowns. As play continued we'd had control for 3 downs when Weirich popped for 8 giving us first on the Onsted 48. It was a well engineered drive of 10 plays with Weirich blowing over from the 4 at 7:29. Jeff left-toed it thru the up-rights for a 14-0 tally. The Wildcats started on their 34 and our defense just pushed them back so at the 25 they punted. We began in good shape at our 49 but by the time we got penalized twice and thrown for a 4 yard loss we were back at the 36 in punt formation. Onsted again went nowhere

so kicked to us and we centered it at the 34. John Mooneyham shot thru the line and cut right and zoomed into their goal (74 yds) at 1:28. The P.A.T. was no good so it stood 20-0. With it so close to intermission, I recall thinking the Dutch may hold Onsted for no firsts this half, but their quarterback got his arm cranked up. They started on their 35 and ran for 15, passed for 14, so were at the 36. Next they ran for 17 and passed twice with the second good for 8. This put them at the 11 and they went to the air for the TD with 10 seconds left. They successfully converted for 2, 20-8.

The time ticked off on the ensuing kick-off. It's kind of funny, but the third quarter began like the first, although in reverse. It was the Dutch receiving the boot only to throw an interception on the 3rd play. Onsted came back with 2 downs and a fumble so we controlled at our 33. Here we got moving and in 6 advances had the pigskin 1st and goal at the 5. Penalties, gains and losses made it look like football yo-yo--18, 4, 9 and 14 so with in fourth down Craig knelt and Jeff toed it thru for 3 points and the margin spread to 23-8. Onsted failed to move the needed 10 so punted with us starting at their 37. It took a mere 3 downs to add six as Todd Quayle scampered in from the 20. Jeff's P.A.T. made it 30-8 with 1:22 left in the third quarter. Onsted now went to the air and the 4th got picked off by Bob King but the happiness was short lived as we coughed it over on our 1st play. As the final period entered, the Wildcats were again filling the sky with leather. Never fear, our defense gobbled their third-Doug Drouare got it. We sat in our own territory at the 19 and 13 thrusts but had proceeded to their 18 before stalling, so out came Jeff for the 24 yd. field goal. This one fall short, so Onsted started at the 20--again passing--again intercept. Dan Burch gathered it in and our offense started smoking--Gary Daniels was thrown for a loss which got his dander up for he motored 26 on the next

touch. Mooneyham went 16 and we were 4 away from pay-dirt. Craig let Drouare go the 4 for his 2nd TD. The P.A.T. failed leaving it 36-8 at 2:08. Onsted made a last ditch effort to tally by going from their 38 to our 37 when the horn ended it. Our super ground gainers were Mooneyham with 152 yards (1 TD) with Weirich not far behind with 108 and 1 TD. Daniels zipped for 75 as Drouare totaled 36 and 2 TD's. Quayle contributed 18 and a TD. HOUSE TOUR

faithful reproduction of both interior and exterior woodwork, so that now it is impossible to tell which is the old and which is the new. Upon entering the foyer, we see the beginning of a vast collection of family heirlooms and purchased antiques, among them are old prints in antique frames, an English marble-topped chest, original Hitchcock chairs, an ancient French chandelier, and a lovely 1820 clock. Moving on to a guest bedroom furnished with refinished cherry chests and a charming spindle wood bed on which is displayed a featherstitched folk-art quilt. It was completed by great-grandma in 1882 who herself was 82 years young at the time. Also visible are the delicate hand-woven baskets from Columbia, South America, sent through the auspices of the Hardenbergh daughter who was in the Peach Corps. Please note the Godey's Ladies Prints and lovely Victorian sofa. In the living room, the mood is set with a remembrance of things past, featuring a solid copper hanging lantern, discovered in an old shoe house across from Wayne State University, an unusual walnut tilt-top table, Dresden figurines on an antique what-not, a silver filigreed brass decanter, and most importantly, an 1836 melodeon with carved keys and the original bellows. Off the living room is Mr. Hardenbergh's study, reconstructed from what was once a parlor. The mahogany and Peruvian wall hanging are other items from South America. Then on to the "front" section of the house we discover the dining area and kitchen, deliberately planned to resemble an old fashioned country kitchen. A rear wall was removed to enlarge this area and then resurfaced with old brick, encompassing the fireplace, in one corner is the third man's bed and to the side is a built-in kitchen nook. The family is still using an old coffee mill in this desirable area. Don't miss this most interesting home.

Nestled in the woods, the two-story house has a modern exterior.

built by Mr. and Mrs. John Feikens as a retirement home. Inside is a veritable treasure chest of lovely collectibles. Among these is a 200 year old Friesland wall clock, several scenic Dutch paintings, hand-made quilts used as wall hangings and an antique organ. In one of the bedrooms the oak flooring is covered with a hand-knotted Indian area rug, executed in the Ming pattern in shades of blue and white. Mrs. Feikens is creating a miniature doll house, complete with one inch scale furniture, lamps and accessories which we have asked her to exhibit. The piece de resistance of the Feikens' home is the enormous fireplace beautifully framed in brick. One can imagine many cozy winter evenings relaxing in this spacious, comfortable living room. The architectural detail should not be missed; look upward as the cathedral ceilings are spectacular and the wet bar, cleverly hidden, but still so accessible behind the free standing book shelves, make this truly a traditional home with contemporary ideas.

Once upon a time, Sue and Larry Krueger, newly-weds, built an A-frame in the country. As their family and interests grew, so did the house. Now, several years later, they are the owners of a remodeled contemporary. Walk up a charming pathway of railroad ties and stone, bordered with flowers, to the main entrance. In the foyer, the black and white tile floor leads us to a large, pleasing country kitchen. Mrs. Krueger made all the window coverings from designer fabrics in white and blue; then refinished the wood pieces antique red. The hand-made masonry lamp shades add spice to this cheerful, colorful room. In the oriental dining room, we find original watercolors, another example of Mrs. K's artistic talent. The living room is striking as is the view outside, with its soaring ceiling and balcony above the rear wall. The bright red carpeting and blue accents make this a perfect room for entertaining and relaxing. Don't miss the sliding glass doors leading to the deck, strutting across the front of the house. The master bedroom is also on this floor and is

decorated most tastefully in apple green and white. The Kruegers two active sons have bedrooms upstairs and their rooms show more evidence of their mother's handiwork in the knit bedspreads and appealing lion macramé wall-hangings. The family room is downstairs, complete with fireplace, pool table and wet bar. Again the red theme enlivens the dramatic Spanish decor. Architecturally, this home is most exciting, and proves that no matter where we live, our home can be expanded, changed, remodeled and re-created to be something different.

Campaign Chairman, Richard Z. Wolf, introduced the Division Chairmen and Team Captains who in turn introduced their solicitors.

Mr. Gordon Goyette, Director of Public Affairs for Park-Davis, was guest speaker. He mentioned how fortunate he feels living where people roll up their sleeves and go to work towards a united goal such as the United Fund Drive. It brings together strength of our community.

WE DID IT! DUTCH EDGE HUDSON

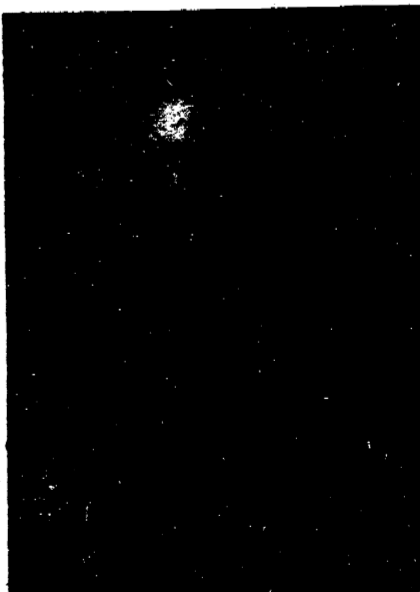

by Jon Hardenbergh
It seemed as if we'd been losing to the Tigers for an eternity but Friday we turned the table. The Dutch totaled 199 yards of offense to their 80 as our halfback John Mooneyham nearly completed that much himself (77 yards) but it was his 6 point TD and 4 points in conversations that sent Hudson home losers.
We booted to them to start the battle and in 3 plays they moved 5 yards so punted. On our first drive we advanced only 2 yards farther than Hudson so on 4th and 3 Jeff Geiger left-footed it. The Tigers began driving as in 4 plays they had gone 23 yards and added 2 firsts. A penalty helped us stop them so again they punted. We got a pretty good return—but—a flag on the ground was for a clip so we set up deep in our territory at the 10. On first down Droug Drouare blasted off right for 8 but then disaster—there was a mimp on the hand off and the leather fell to the turf only to have a Tiger pounce on it at the 12. It took 3 power sweeps by the same guy each time to get 6 at 3:41 and it was #40 also scampering for the 2 point conversion, 8-0. Upon receiving the kick we had 5 runs and an incomplete pass moved us from the 37 to the 49 before stalling, so punted. Hudson only tangoed (1,2, 3, kick) so we started in good position on the 40. I should add the quarter ended 2 plays ago. The Dutch were determined to strike as Bob Weirich carried 6 times in this 9 play drive for 22 yards but the clincher was Mooneyham's 26 yard run for the TD. It also was Mooney zipping right to tie it 8-8 at 6:42. Hudson had control for 4 downs then kicked and was thrust forward 9 times before kicking. They had possession when the gun sounded, 8-8.
We got first touch of the pigskin and proceeded to march right down the field. In 6 plays we'd advanced from our 31 to their 40 when Craig Rogers cocked his arm and threw to Geiger. This aerial for 15 set up first and 10 at the 25. Now it was Drouare as he zoomed left and was not tackled. Rogers handed to Mooneyham who cut-distanced the Tigers for 2 points so at 8:58 we had 16-8.
It was here the defenses took over as both offenses punted 4 times taking up all remaining 3rd quarter and most of the final. With under 5 minutes left Hudson mis-coed and we recovered but unfortunately on the first play we fumbled right back. On 4th and 13 on our 30 the Tiger quarterback fell back to pass—launched it—and in the scramble for possession a Tiger hugged it at the 6. The clock ticked under 2 minutes and on 4th and goal back at the 10 it went to
