

HOMEMADE ORNAMENTS MINI WORK SHOPS

The Manchester Art Guild is offering "Homemade Ornaments", a series of three mini-workshops for those interested in learning to make their own holiday decorations. Each workshop will last approximately two hours and will be held at the Manchester Art Gallery, 138 E. Main St., Manchester.

"Bread Dough Ornaments" will take place Saturday, December 2 at 10:00 a.m. This workshop will show how beautiful ornaments can be made by using common household items. All materials will be supplied, and participants will leave with one or more ornaments to be finished at home.

"Pine Cone Wreath" will be held on Saturday, December 2 at 2:00 p.m. Participants will learn the basic techniques involved, and each will leave with a finished wreath. Please plan on bringing the following items: wire cutters, needle-nose pliers, a small wire wreath frame, florist wire, and pinecones, if available. "Cookie Decoration" will take place Sunday, December 3, at 2:00 p.m.

Participants will learn the basics in cookie decoration, along with some decorative techniques especially for Christmas cookies. Please register early for this class, as special equipment must be purchased for each participant. All equipment and materials are included in the class fee.

Anyone interested in taking one or more of these workshops should call Sue Gleason at 428-7189 before Tuesday, November 23. The fee for each workshop is \$5.00 for guild members, and \$6.00 for non-members.

THANKSGIVING AT CHELSEA HOSPITAL

Thanksgiving will be a very special day at Chelsea Community Hospital. It was announced today by Willard H. Johnson, Administrator of the Hospital.

Each patient hospitalized over Thanksgiving Day may invite one relative or friend to have Thanksgiving Dinner, at the noon hour, with all the trimmings, courtesy of the Hospital. Patients and guests will be encouraged to utilize the Hospital's comfortable home-like dining room.

OBSERVATIONS

ended and one can hardly believe that a team which ended with a 7-2 season and winning the league championship is really entitled to such contempt.

Then again it may be leveled against the school system where these young minds are trying to become educated. We are quite ignorant as to what transpires in the halls of this institution and are unable to make any kind of a mature remark. On the other hand we have not heard of a problem with absenteeism and the students seem to be willing to continue their education although the ugly sight is the first thing that greets them in the morning and the last thing they take home with them at night. So if their anger is with the school then they are a group of silent martyrs.

Of course it may be that they wish to level a curse upon the community and the establishment. However, here again one must feel thwarted since the community is composed mainly of their parents and without them they would be without their essential needs of food, shelter, and clothes. Also the community gives them the opportunity to earn ways and means to support their luxury demands of wheels, cigarettes, occasional booze and other such items.

This leaves only the fourth and last item which is the students themselves. Now we heartedly believe that young students should be allowed to voice their expressions in any way possible even to the extent of having some enthusiastic form of exhibition. Is this the best way our

young students can express themselves? Trying to tell the world that our streets are nothing but a series of outposts. Must we express the potential of a human being in the lowest form of its biological needs? Is this what our young students, the future earners, the future leaders, the future builders of our destiny believe to be the end of our endeavors.

No, I challenge the students of Manchester High School to come up with a new exhibition of their enthusiasm next year that will restore a belief in the future of our country and keep us proud of the generation to follow. I hate to think that all the effort expended by men and women of this country in the past two hundred years warrants only that end as portrayed by our present student body.

FREEDOM GANG 4-H CLUB

The November meeting was held in order at the home of Mary Heim.

We decided to have a Christmas change at our next meeting.

We talked about what we were going to make for our Spring Achievement projects and measured each other for size patterns that we need.

The club hopes to go roller skating sometime soon.

Optimist Entertain Steer Club

Brownie Scout Investiture

I would like to take a few minutes to speak about the Manchester Optimists, our purposes and activities and especially about the Steer Club.

Optimist International is a world wide organization with headquarters in St. Louis, in Michigan there are over 100 local clubs with over 4000 members. At the moment our club has 53 members.

Other than the Optimists there are in the country several other service organizations such as the Rotarians, the Exchange Club, the Lions and the Jaycees. All have their honorable aims and objectives. It is the Optimists that focus their multiple and various activities toward the young people. Our motto is "Friend of Youth".

Our club's purposes are simply stated as: Develop Optimism as a philosophy of life. Inspire respect for law. Promote patriotism. And work for international accord and friendship among all people.

Who are members of the Manchester Optimist Club? Just ordinary folks--- Doctors, Lawyers, Merchants, Farmers, Industry Employees, and even Retires such as myself.

What do we do? Well we meet twice each month at the Emanuel Church to enjoy a great meal prepared and served by the ladies of the church as well as to enjoy comradeship and fellowship. But we are not just an eating club. Our members give unselfishly of their time, talents and money to organize such activities as the Christmas Party for youngsters, and Oratorical Contest, The Outstanding Citizen Program, the Boat Race, Basketball and Baseball Contests, and hosting the Girl Scouts and Boy Scouts at a special dinner program - to name just a few.

And there is our community's world famous Chicken Broil that brings together some 550 men and boys who work like dogs to assure its continuous success. Every Optimist member is involved head over heels in this worthwhile project that has raised and contributed over \$75,000 for physical structures and betterments - all for the benefits of youth.

We also financially support Manchester's United Way, subscribe to Band Camp and Orchestra Camp Scholarships and the Wolverine Boy's State and Wolverine Girl's State. We support a Boy Scout Troop, co-sponsor the Athletic Banquet, support our Police Department's Explorer program and purchase a full page in our High School's Year Book.

I could go on. I think it's suffice to say that Manchester's Optimist Club and its members believe in Manchester's youth and will continue to believe in our community and our great younger population.

I haven't forgotten the Steer Club--far from it, for we consider this program to be one of the most important in our

organization with headquarters in St. Louis, in Michigan there are over 100 local clubs with over 4000 members. At the moment our club has 53 members.

Dear J.A.W.'S

The act of toilet-papering the High School was not only savagely attacked, but erroneously misinterpreted by a certain J.A.W. This person fails to understand toward what this type of expression is leveled and falls even more miserably in his/her attempt at theorizing upon an explanation as to why toilet-paper is used.

I, being a recent graduate of MHS know that should the students think of their school as a shithouse, they would not be so inhibited as to limit their protestations to toilet-papering the trees in the front yard. I'm sure these kids possess sufficient intellect in order to think of a protest more profound than mere symbolism; leaving them open to inane conjectural reasoning such as J.A.W.'S. The reason toilet-paper is used is that, being packaged in a roll, has more aerodynamic potential than, say, shredded newspaper. Toilet paper is also environmentally safe in the sense that there is no reason to clean it up because it decomposes.

The fun of toilet-papering can be directly compared to throwing ticker-tape to homecoming war heroes and pillow fights. The object is to make a big mess in order to relay the joy of a situation to others. Attempting to deny such a harmless release of emotional energy could perhaps result

in a more violent form of jubilation. Toilet-papering is a trivial form of nonsense. To make more of it than it is seems more childish than the act itself.
R.L.

To The Editor:

We have a correction to your article in "Retrospect" last week, neither I or I was in the car. Our Mother was with Mrs. Walter Frey. Her Mother, Mrs. George Sutton, and Mrs. Alvin Braze were also with her. Kenneth Alber had taken over the concentrate sales for the then Blaess Mill and was standing outside when the women drove up to park south of the mill. My mother drew Nellie's attention to her nephew standing there and Nellie took her eyes off from where she was going and the car just kept on going rather slowly down the bank and came to rest with the back end on the west and the front on the east side of the spillway with little or no damage to the car.

The ladies were getting ready for an ice cream social to be held near the mill. Mrs. Braze remembers that men came and helped them out of the car and up the bank. The car was pulled across the river and up the east bank. It was a 1928 green Chevrolet, owned by the Frey's.

Optimist

long string of activities. Here we are in the Steer Club's 29th year. I am not sure whether or not it is a coincidence or someone maneuvered it, but there happens to be 29 members in this year's club. We hope and anticipate that this will turn out to be the best and greatest Steer Club Program in all of the 29 years, and you can make it happen.

It is interesting to note that about half of the students in the club this year are members for the first time and that some of the members are of the second generation, their fathers or mothers were members not too many years ago.

We look at this Steer Club activity as a learning program for the members in the field of animal husbandry-learning the proper care and feeding of your steer-learning the art and fine points of fitting and showing your pride and joy at the Fair-learning financial responsibility, banking and management, and learning to work with others in a spirit of cooperation.

We hope you will not pursue this project as just a money making endeavor. There is so much more to it than just the thought of making a big profit. Sure,

some will do very well financially, but the real profit will come to all of you through having the satisfaction that you have pursued and accomplished the goals that you have set for yourself.

Everyone cannot come up with the Grand Champion, there will only be one. That does not mean that you have failed. Keep your fingers crossed and do your level best. As I review the list of members and see the enthusiasm displayed I am sure the judges will have a heck of a time picking the top winners because there will only be a hairs difference between the so called first place and last place.

Parents of the club members play an important part in this program by guiding, supporting and encouraging and inspiring their children. But, in the end, it is the responsibility of the student member to raise, care for and show their steer. If you encounter problems you should not hesitate to ask questions of the Optimist Club Committee Members and Dr. Eames is always on call and willing to be of service. Two Optimist members are assigned to each student and they will be visiting you from time to time, and each of these men will be endorsing your bank notes so they have a special incentive to see that you succeed in your endeavors.

telephone tic:

"Two-Party Budget Service may help you save money on your phone bill."

Two-Party Budget Service is especially designed for people with fixed incomes, such as retirees. For a low monthly charge you would share a two-party line and have an allowance of 44 local calls a month. Extra long calls you make are only 5.16 each. This is about the lowest-cost phone service in the country. If you think Two-Party Budget Service might be what you need, just call your Michigan Bell Business Office and talk to a service representative about it.

MANCHESTER JAYCETTES

The Manchester Jaycee Auxiliary held its November meeting at the Flaming Pit in Ann Arbor recently with Rita Culp at guest. Following a delicious dinner was the monthly business meeting.

Plans were made for the November 16 Jaycee dinner meeting meal of stuffed cabbage and kielbasa. Proceeds from the October Jaycee dinner meeting were sent to the State Michigan Jaycee Auxiliary toward the "Wonderful Washing Machine" kidney project. The Michigan Jaycee Auxiliary raised \$14,000 for the second year in a row toward the purchase of a kidney machine and van for children who need dialysis.

Auxiliary members and guests thoroughly enjoyed the scavenger hunt held earlier in the month and wish to thank Guy Gilbert and Bridgewater Tavern for helping out. The children of Manchester enjoyed the annual children's Halloween party and masquerade with cider and doughnuts.

Several Christmas projects were discussed including the turkey/ham raffle to be held the third Saturday in December. Tickets may be purchased from any auxiliary member. On Saturday, December 16 the auxiliary candy and cookie sale will be held in the Union Savings Bank. Plans are being made with the Jaycees for a special Christmas lunch with Santa treat for the Manchester children on December 16.

Auxiliary members contributed desserts for the senior citizens' dinners last week and are currently working on place mats for Christmas. Special awards were

presented to Evelyn Panches for her work on the Bloodmobile nursery and to Connie Pratt for work on the children's Halloween party. The evening ended with a surprise baby shower for Janice Stautz. Six members attended the state meeting held in Plymouth last weekend and were pleased to win two awards.

The next meeting will be held on December 13 at Cheryl Bunn's with a potluck dinner and gift exchange.

COMMUNITY EDUCATION

The Snowmobile Safety Class that was to have been held in October has been rescheduled for Tuesday, Wednesday and Thursday on December 5, 6, 7. The classes will be held at Manchester High School from 7 to 9:30 P.M. each night. Students ages 12-15 who attend all three sessions and complete the eight hours will be awarded a Snowmobile Safety Certificate which will enable them to operate a snowmobile without adult supervision.

Program instruction will include: Care and maintenance of snowmobiles, An understanding of the mechanical operations of snowmobiles, Importance of pre-ride safety inspection, Essential snowmobile equipment items, Proper dress for safe and comfortable operation, Basic riding positions, Snowmobile accident reduction techniques and First aid and winter survival.

The classes will be conducted by the Washtenaw County Sheriff's Department. If you have not registered for the class you may do so in the middle school office or by calling the Community Education Office at 428-7804.

ADDRESSES OF AREA SERVICE MEN & WOMEN

Our hope is that the Manchester area folks will select a boy or girl from this list and send them one of your extra cards. For those men and women who will be hospitalized in the V.A. Hospital at Christmas, the American Legion Auxiliary has travel gifts for their families to Ann Arbor V.A. Hospital. On Tuesday, December 5, we will assemble there to help these veterans select gifts for each family member. These gifts will then be wrapped in bright paper and mailed to their families free of charge. This program is paid for from Poppy funds. Thank you for your continued support.

By Snoopy and Tony Warren
I bet that all of you people out there were really starting to get worried! You were huh? You see, you thought that Charlie and the rest of us weren't going to make it to town this Christmas because you haven't heard about him for nearly two weeks!
Boy, did Tony ever have you all fooled!

He was merely testing the loyalty of the High School Drama Department's fans and patrons!
Yes, Charlie, Linus, Lucy, Sally, Schroeder, Peppermint Patty, and myself (Snoopy) will all be here along with the rest of the gang! We'll battle our way through chilling snowstorms, and abominable snowmen! Yes, even abominable snowmen, to assure you of a heart-warming Christmas!
Well, I've got to go and finish decorating my house for the big contest, so I'll let Tony take it away from here on in O.K.?
O.K.!

Thanks Snoop. Now, mom and dad, just imagine the enjoyment your child or children will get by watching a live production on stage by the Charles Schultz family! It kind of makes you feel good doesn't it?
This show offers a lot for both the parent and the child, so don't deprive yourself or your child of this special presentation.

Cast A will perform on Thursday night, November 7, 1978, at 8:00, in the High School Auditorium. Cast B will entertain you on Saturday night, November 9, 1978, same time, same place. The choice is yours of course, but to make the most out of your week you really should be enlightened by both shows.

We'd all just love to see a bunch of new faces in the audience this year in addition to our loyal backers. We always do our best to offer you new faces and new twists to old shows, so we would like to see more people and more new faces at each play! Then we can add you to our list of satisfied and loyal fans!

To those of you who appear on our loyalty participation list you had better not be thinking that you can get away without being there because you can't!

CHRISTMAS EVE LUMINARIA

Last Christmas Eve you may recall the tiny bags with candles that illuminated Ann Arbor Street. This year the Manchester Art Guild is sponsoring Manchester's second luminaria. In addition to those living on Ann Arbor Street, those on Main Street from Wolverine to Union will be contacted and invited to participate. The cost for the bags, sand, and candles to be set every ten feet in front of each home will be \$2. Kits will be delivered the week before Christmas. There will also be a limited supply of additional kits for those living elsewhere in the village who wish to join in the luminaria. These may be obtained by calling Sue Bond (428-7927) and will be distributed on a first come basis.

Luminaria is said to have its origin in the sixteenth century when Mexican Indians set many luminarias (bonfires) on the patios of their churches and on the flat roofs of their adobe homes on Christmas Eve to light the way for the Holy Couple. In the cities, these bonfires came to be replaced by an ingenious arrangement in which a paper bag was weighted down with sand and a small candle placed inside. The American version as the luminaria is said to have begun in the southwest when the first wagon trains arrived from St. Louis in the early 1820's.

Today in the southwest homeowners put out thousands of paper bag lights in front of their homes. Visitors to this area have been so impressed with the luminaria displays that the custom has spread to many sections of the United States and Canada. For the second year Manchester residents will join together in lining their streets with candles.

"On Christmas Eve a candle light to shine abroad through Christmas night. That those who pass may see it's glow and strangers may each other know."

A special thank you should go to the individual donor as well as all others who worked toward the successful completion of our campaign.

Take up to 365 days to say good-bye.

Good-bye can mean more than a peck on the cheek when you take advantage of the Army's Delayed Entry Program.

Good-bye can mean 365 days to finish unfinished business, plan your future, spend one more season on the beach or the slopes before you go off to tackle the world.

But the best part of Delayed Entry lies ahead. By enlisting now, then relaxing and reporting for duty later, the Army can promise you the training you want more than any other—skill training it's often hard to find in civilian life.

If you qualify, Delayed Entry also lets you pick the place you want to serve a good part of your Army (Hawaii, Korea, the Canal Zone, Europe or Alaska).

Say hello to your Army Recruiter. Soon you could be saying a lot of sweet good-byes.
