### CHAIRLIFT SAVVY: STAY WITH YOUR PARTNER

Many skiers get into trouble when they slide onto a chairlift loading platform. Frequently, problems occur because they fail to line up next to each other. When (A) the skier furthest back sits down, he tilts the chair back momentarily. As the chair swings forward again, it delivers an unsettling blow in the back of the legs to the skier ahead. To prevent accidents and insure easy loading, watch the couples ahead of you ski onto the chairlift loading platform. Frequently, lift attendants keep special marks swept clean to indicate the proper place to stand. Be sure to line up right next to your partner—neither ahead nor behind—as the chair approaches (B). Settle down easily into the seat and you'll be off for a pleasant ride up the mountain.

### Tree Slalom to Improve Rhythm

Skiers have been told for years to get the weight on the downhill ski, and as modern ski technique develops, the emphasis has been on using independent leg and foot action to make a better turn. The tree slalom exercise will help improve rhythm, timing, and the feeling of going from outside (downhill) ski to inside ski. Find a row of trees or rocks. Now run at a good pace, making your turns round and feeling the weight transfer from one outside foot to the other as you turn. Imagine that you are skiing, trying to make your weight go to that new downhill ski as early in the turn as possible. Make your "course" at least 50 yards long and try to run through it five times. Run the course once making small slalom turns, the next time making large, giant slalom turns. This exercise is fun and will help you condition your legs for the upcoming ski season.

### READY YOURSELF FOR MID-STATION RAMPS

Many chairlifts have mid-way get-off stations as well as top-of-the-lift exit ramps. Be on the lookout for these mid-station departure points whenever you're skiing a new area. You can check the ski resort trail map for their location. On the approach to a mid-mountain

get-off station you'll likely see signs warning you to "keep your ski tips up." Besides keeping your tips raised slightly, grasp poles at mid-shaft to keep them clear of the ramp (Skier A). Don't get caught snoozing (Skier B) with your ski tips down or with your poles positioned so that they drag across the landing station. To avoid last-minute confusion, ask your chairlift partner if he plans to get off or continue to the top. And make him aware of your own plans.

## SKI YOU CAN DO IT

### POLE GRIP

Most climbers rely on their poles for propulsion especially when climbing a hill. Having the correct grip on your poles will help progress immeasurably. The proper grip starts when you reach up through the strap as in the photo. Then drop the hand on top of the strap with your thumb on one side and your fingers on the other. This grip allows you to push down and back on the strap and pole. Many skiers grip the pole by dropping the hand down through the strap. This grip is not as firm as the one shown. The grip is not rolling to push against. When any pressure is exerted on the pole, their hand will slide off it. Before you next start out on the trail, take a minute to insure that you are holding your pole correctly. It may give you a better "grip" on your skiing.

## Brenda Eggleston Chosen DAR Good Citizen

Miss Brenda Eggleston, an honor student at Manchester High School has been chosen DAR Good Citizen by her classmates and teachers for qualities of leadership, dependability, service, and patriotism. She and her parents, Mr. and Mrs. William Eggleston, will be honored with nine other area high school seniors at the Bentley Historical Library in Ann Arbor, Michigan on February 24, 1979. Mrs. Thomas Shea, the Chapter Committee Chairman, and the Regent of Sarah Caswell Angell Chapter, Mrs. John L. Oncley will present the DAR Good Citizens pins and certificates.

## Spring Bloodmobile Set For March 26

The spring Bloodmobile for the Manchester School District is scheduled for March 26 at the new American Legion Hall on Adrian Street from 12:00 to 6:00. The Manchester Methodist Church Women will be in charge of the Canteen, Mrs. Robert Little is Chairperson of the clinic and Mrs. Ica Schaffer is Co-chairperson. The American Legion Auxiliary will furnish the orange juice.

The need for blood is still critical so mark your calendar now for March 26 and be ready for advance registration at your place of work, your church, or either of the Manchester Banks, where registration cards will be available early in March.

## "Big Tree" Contest Winners

Jean Wheeler was the recipient of the "Big Tree" award, in the contest conducted by the Washtenaw County Soil Conservation District, at their annual meeting on Thursday, February 15th, at the Pittsfield Grange Hall.

Francis Heckaman, neighbor of Mr. Wheeler, entered the tree, a big cottonwood, along with his cottonwood tree. The Wheeler tree was determined the larger of the two with an official measurement of a height of 85 feet, a circumference of 20 feet (4 feet from the ground), and a crown spread of 100 feet. Heckaman's tree was slightly taller, but the other tree was bigger overall. Francis won second place.

Mr. Wheeler was presented with a metal plate, inscribed with "Big Tree Winner", 1978, and a letter telling of the tree being selected. The plate will be placed on the tree. These two trees were the largest of those entered in the contest.

Mr. Heckaman and Mr. Wheeler are hoping that this recognition of these beautiful old trees will help in saving them from the "axe" in the name of progress.

Looks like Francis and Jean will be in competition again, as they were among several who received door prizes entitling them to some seedlings.

## Historic District Open Meeting

Do you reside in a home over 40 years old? Do you operate a business out of one of Manchester's historic structures? Are you interested in helping maintain Manchester's unique historical charm? Then attend the Manchester Area Historical Societies February meeting on Monday, February 26 at 8:00 p.m. at the United Methodist Church on Ann Arbor Hill. Phil Grillo, formerly of Michigan State University and presently employed by the city of Grand Rapids, will be present to distribute his publication "Marks of History: Architectural History in the Village of Manchester, Michigan" and to present a report on the "Manchester Historic District Project" sponsored last summer by the National Endowment for the Humanities. To assist in what is hoped will be a lively discussion, Phil has invited a representative from the Michigan History Division, the Washtenaw County Historic District Commission, and a resident from Marshall, Michigan to join him. It is 1979 and where do we go from here?

## IN RETROSPECT

Manchester has had two attorneys for as long as we can remember, A.J. Watkins and Leo Watkins who held forth here during the twenties and thirties and into the forties.

"Waddy" Watkins, as he was known to everyone, was a quiet unassuming fellow who lived in the family home on the north side of West Main Street in the block west of the business district. He maintained an office on the second floor of the building where the old post office was located, and while he spent considerable time there, he was a lawyer more by necessity than by choice.

Leo was always more interested in growing things than in practicing law and enjoyed putting about in his yard and garden. He went to law school because he was expected to do so by his parents and to satisfy his father.

After his graduation from law school he returned to live in his parents home. He never married and after the death of his parents he lived alone in the family home until his sister, who too had never married, but who had a position in Detroit, came to live with him. Leo had his notions about various things and among them it was said that he was never known to have cleaned off his desk, but he seemed to know where things were.

A.J. (Jim) Waters was quite the different sort. He was the typical small town aggressive attorney, aware of everything that went on. He has an office above the Union Bank of which he was a director, and he was concerned with many local affairs.

I don't know just when or where, but he

## Girl Scout Cookie Sale Begins

Friday, February 23 is the day Junior, Cadettes and Senior Girl Scouts begin to sell their cookies. Brownies in Huron Valley Girl Scout Council do not sell cookies.

Girls are setting goals for their cookie sales. Money earned from cookie sales this year will be used for camping trips, troop equipment and other troop projects for fun and new experiences for the girls.

Each girl selling 79 boxes or more can receive a tee shirt. Other incentives include patches and a weekend of troop camping at any one of Huron Valley Girl Scout Camps for the troop who averages 150 boxes sold per girl.

Last year Manchester's Junior and Cadette troop earned a free weekend at Camp Crawford. They were one of the first troops to use the new troop house that was built with Cookie Sale profits.

If you don't have a Girl Scout selling cookies in your area please call Pat Spaulding 428-7958, Chris Honer, 428-5098, Bette Schneider 428-8150 or Dianne Schwab 428-8976 to place your order for cookies.

## MANCHESTER RABIES CLINIC

A rabies vaccination clinic will be held at the Manchester Veterinary Clinic, 10300 Chelsea-Manchester Road. The dates and times for rabies vaccinations will be thru Saturday, February 24, 1-2 p.m. and 5-6 p.m. on week days and 10-12 Saturday. A representative of the township office will also be present to collect fees and issue dog licenses.

## Parent Group Rescheduled

The Parent Refresher Class that was to be held on Thursday, February 15 has been rescheduled to Thursday, March 1 at 7 p.m. at the Middle School.

## World Day of Prayer Observance

Women of all of our local Manchester area churches are reminded that the 1979 WORLD DAY OF PRAYER service will be held on March 2nd, 1979 at 1:30 p.m. at Sharon Church located on the corner of M-52 and Pleasant Lake Roads.

"Spiritual Growth" is the theme of this year's program as women from 140 countries and 38 islands around the world observe this special day, started and promoted by the Church Women United organization back in 1887. The service this year was written by women from Swaziland, Uganda, Kenya, Liberia and other African countries.

All area women are invited and if you plan to bring a child please call Mrs. Wayne Ferrigan (428-8430) so that child care can be provided. A fellowship hour will follow at the conclusion of the service.

## Local Churches Schedule Lenten Forums

Beginning Wednesday, February 28, Ash Wednesday, there will be a series of six Evening Lenten events. They will include a variety of formats, including speakers, films, discussions, and always with some time for worship and devotions.

The Planning Committee of Rev. Robert MacFarlane of Emanuel United Church of Christ, Rev. Reese Sharai of Manchester Methodist and Rev. Wayne Ferrigan of Sharon Methodist invite youth, adults, and families from the entire Lenten Season together in worship and learning.

The Schedule is as follows:  
Wednesday, February 28, 7:30 P.M. Ash Wednesday Worship, Emanuel Church Communion, Chair, Framatic Presentation.

Wednesday, March 7, 7:30 p.m. Feature-length Movie for the whole family. "A TIME TO RUN" from World-Wide Pictures. Manchester Methodist Church.

Wednesday, March 14, 7:30 p.m. Guest Speaker, Rev. Edward Jones, Protestant Chaplain, Milan Federal Correctional Institution. Sharon Methodist.

Wednesday, March 21, 7:30 p.m. DEATH & DYING Forum, with a Doctor from Ann Arbor, and film. Emanuel United Church of Christ.

Wednesday, March 28, 7:30 P.M. COMMUNITY CANTATA CHOIR, with accompaniment by 15 piece orchestra. Manchester Methodist.

Wednesday, April 4, 7:00 p.m. Pot Luck Supper at 7 p.m., followed by the presentation by the Adrian College Singers. Sharon Methodist Church.

Nursery service will be provided for all evenings, and there is no charge, although a free will offering will be taken. A fellowship period with coffee will follow some of the evenings. If there is need for more information, please feel free to call any of the three Church offices.

## Manchester High School Band

The February meeting of the Manchester Band Boosters will be held on Tuesday evening, the 27th, at 7:00 p.m. in the High School Library. A representative from one of the major band uniform manufacturing companies will be presenting and update of new developments in the uniform industry. At the business meeting, there will be reports concerning the recent Fruit Sale and summer music scholarships. A decision will also be made about a band camp. All band students and parents are encouraged to attend.

Thursday, March 1, Cabbage Family Varieties for Michigan.

### Teamwork Results in New Scoreboard for the Middle School

Through the combined efforts of the Manchester Athletic Boosters, the Student Council, and the Pep Club a new scoreboard has replaced a rather old faulty scoreboard in the middle school gymnasium.

The decision to purchase the new scoreboard was arrived at late last fall with each of the organizations mentioned pledging funds for this purpose. Due to unforeseen delivery problems the scoreboard did not arrive until February 7. It was installed the very next day to the delight of the middle school student body and was used for the first time for a seventh and eighth grade boys basketball game held that afternoon.

### Family Service Annual Meeting

The public is invited to attend the 14th annual meeting of Manchester Family Service on Tuesday, February 27, at Manchester Township Library at 8 p.m. Three board members are elected each year at this time. ### SYMPHONY BALL

Discos are not strictly for the very young, says Dr. Joyce Brothers, well known psychologist-columnist. She would surely endorse the Ann Arbor Symphony Ball where all agegroups will be enjoying themselves to disco music by Serenity, Saturday, March 3, from 9 p.m. to 1 a.m., in the Michigan League Ballroom.

But those still tied to two-steps and fox trots should not feel old hat. The Carl Alexius Quartet will be playing oldies-but-goodies at the other end of the dance floor.

Dr. Brothers tends to de-fuse the heavy sexual connotations that go with disco. She says there is little touching and almost no eye contact. Those of us who glide gently around cheek to cheek may be shocking the young fry with our unabashed intimate "relationship." Dr. Brothers says briskly, "If the middle-aged could be motivated to go dancing in discotheques they could improve heart, lungs and blood pressure... As far as sex goes, there's no age limit...thank heavens! Disco dancing, how-

ever, is extremely narcissistic and not as sexy as it seems."

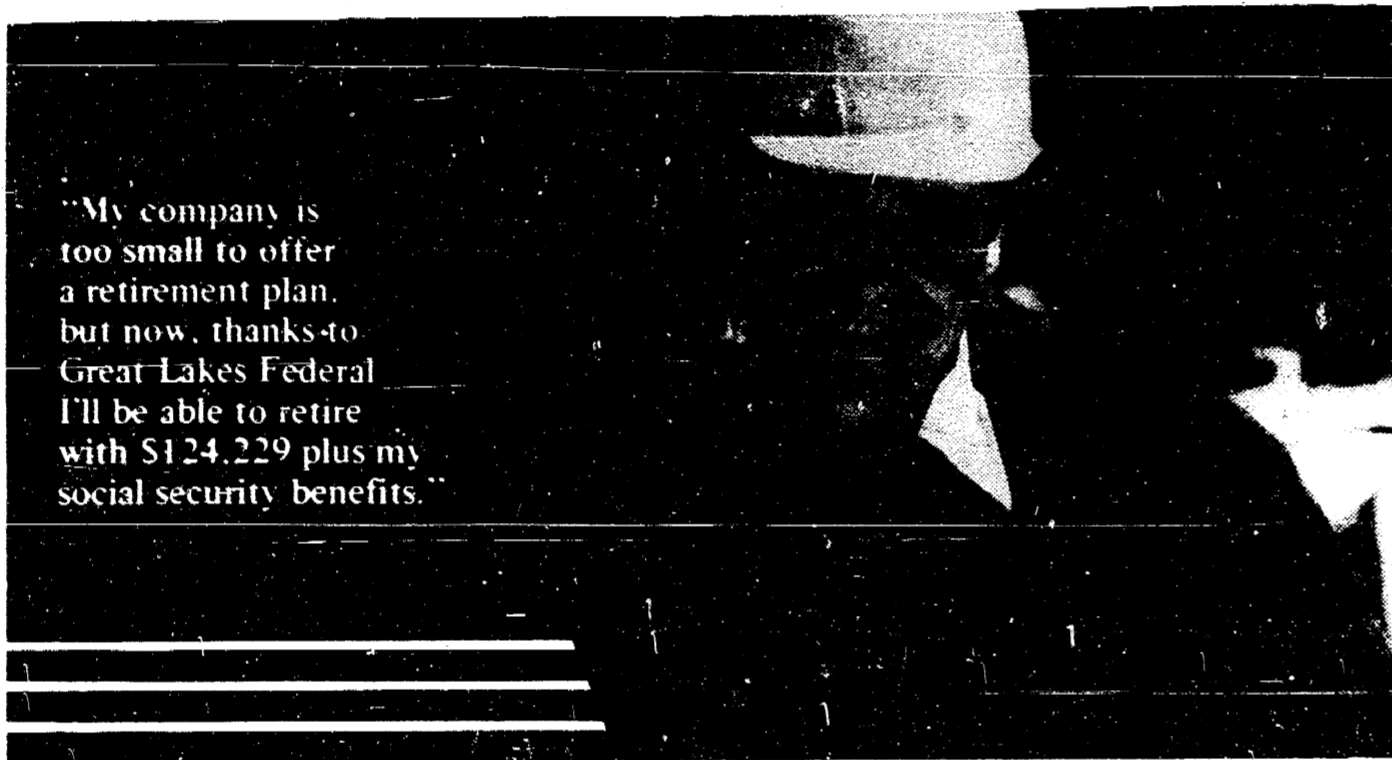

At the Symphony Ball a team of disco dancers will give a freebie lesson to the guests. Refreshments will be served and a cash bar available. Those who purchase patron tickets are invited to a pre-dance champagne party.

The Ball is sponsored by the Women's Association of the Ann Arbor Symphony to raise funds for the Orchestra. Tickets are available to the public at TIX/INFO in Jacobson's J-Shop on State Street, Monday through Saturday from 11 a.m. to 3 p.m., or by mail at 618 Waters Edge, Ann Arbor 48105.

Regular tickets are \$25 per couple, \$12.50 per student couple, \$12.50 for singles; patron tickets are \$50 per couple. For further information call 994-4801.

### ATTENTION CLASS OF 1974

There will be a meeting March 3, 1979 at 7:00 P.M. at 518 Duncan St. (Kathy & Brad Roberts) for anyone interested in the planning of the 5-year Class Reunion. Any questions please call Becky Sizemore (Evil-sizer) at 428-9238. Bring your own refreshments.

"My company is too small to offer a retirement plan, but now, thanks to Great Lakes Federal I'll be able to retire with \$124,229 plus my social security benefits."

That's right, John Smith will have \$124,229 when he retires thanks to Great Lakes Federal Savings IRA tax deferred retirement plan.

And he'll save a bundle on income taxes each year. Here's how this great plan works.

IRA accounts are for people who do not have a plan available where they work. They can be opened with as little as \$1, and you can make deposits throughout the year to fit your individual income...\$50, \$100 or whatever is best for you. You can contribute 15% of your earned income to an IRA account up to a maximum of \$1500 each year. Your yearly contribution can be deducted from your current taxable income. You do not pay taxes on this money until you begin withdrawing it after age 59 1/2. At this time your income tax rate will probably be substantially less.

Your IRA account can earn the high interest rate of 8% per annum. Interest is paid quarterly and compounded monthly for an effective annual rate of 8.30%. At this rate your money doubles in approximately 8 years and 8 months. Minimum term 36 months. Your account is insured with an agency of the federal government to \$100,000.

#### YOU STILL HAVE TIME TO CUT YOUR 1978 INCOME TAX

That's right. You can open a 1978 IRA account or add funds to your present IRA account up to your maximum for 1978 until April 15, 1979.

Federal regulations require a substantial interest penalty for early withdrawals.

The name and profession of the person in this ad is fictitious and so is an example of the benefits of a retirement account at Great Lakes Federal Savings.

Your children could save a life, with a little help from you and your telephone.

Michigan Bell . . . people who enjoy serving people.

If you have children at home, would they know who to call in case of a fire, accident or sudden illness? Be sure you have listed near your phone the numbers of your doctor, hospital, poison control, police, fire department and other emergency numbers. Show your children how to find those numbers, how to dial them (if they don't already know), how to call the operator; let them know if 911 can be dialed for fire, medical or police help in your area. Write down your home address near these numbers, too, so your children or your baby-sitter can give it to people who need to find your home in a hurry. (But, for safety's sake, you should instruct them not to give your address or other information to strangers on the phone.) Your telephone can be a lifesaving help in an emergency. Teach your children how to use it for their protection and yours.

## Flu Bug Hampers Dutch

by Jon Hardenbergh  
With this illness hanging overhead, sporting activities were halted somewhat last week. I did scan the results of basketball scores for a team in our league with no luck. The 9th grade basketball contest scheduled last Thursday will not be re-scheduled and by print time their season is over (hopefully soon I'll have a story about how their year was). Thursday was the final home and dual wrestling meet against Whitmore Lake. This contest will be Thursday (the 22nd) with parent night, ceremonies beginning at 6:30 and wrestling at 7 p.m. The J.V. and Varsity girls volleyball take their regular trip to Dundee. On Friday the J.V. and Varsity boys basketball squads host their last game of this season (we end the year with 3 road games). This is also parents night for our roundballers. The Friday game cancelled will take place in Addison on Saturday, then we again trek to Grass Lake on Tuesday.

Our Dutch girls volleyball, Varsity group, played twice with victories both times and will be home Monday, putting their 15-2 record up against Onsted.

Our Dutch wrestlers did compete in the Districts last Saturday with all bombing out except Jack Stein. Jack took a 1st in his weight class thus advancing to the Regional level at Michigan Center, Saturday the 24th.

The Manchester Jaycee Auxiliary held its February meeting at the home of Sandy King on Valentine's Day with Barbara McConney as guest.

As part of new business, plans were set for an Easter homemade candy sale to be held on April 7 in the Union Savings Bank. Committees were appointed to plan the March 15 Jaycee spaghetti dinner meeting and dessert for the February 22 Senior Citizens dinner. Much enthusiasm was shown for the coming Spring Treasure Hunt Social. This promises to be even

better than last November's.

An orientation will be held at the March 26 board meeting to inform new members about the club. Connie Pratt will chair the elections nominations for officers at the April meeting.

On March 20 several members will be traveling to Clinton to help them celebrate their fifth birthday. Helping celebrate also will be Judy Ettinger, the national president of the Jayettes, who was present along with Manchester on Clinton's charter night five years ago. This is certain to be an exciting evening for everyone.

Completing the evening was a demonstration of artificial flower arranging by Ellen Cooper of the Flower Cellar of Ann Arbor. Lovely ribbon boards or broom wall hangings were made by each of the members.

Representing the Manchester Jayettes at the State Winter Board meeting in Troy on Saturday, February 17, were President Sandy King, Treasurer Cheryl Bunn, and Director Janice Stautz. For the second quarter in a row, Manchester was proud to win the CPA award for community service and Jaycee assistance projects.

The next meeting will be held on March 14 at the home of Sandy King and will feature a "green" auction.

## RETROSPECT

became obsessed with the idea of erecting a "castle", having seen a similar one somewhere and so he had it built on the corner of Duncan and Washington streets.

Jim was quite a busy fellow in his office, but we remember one hot summer afternoon when we went to see him we found him sitting at his desk with the window back of him wide open. (This was, of course, before the days of air conditioning.) On his desk was a .22 rifle and we smilingly asked him who he was looking for. He laughed and picked it up, turned in his chair and sighted carefully across the street to the top of Wm. Hoffer's Mill and proceeded to pick off a strutting pigeon. He replaced the gun on the desk and asked what we wanted.

Of course there was an ordinance about using firearms in town but, of course, it didn't apply to Jim.

The average reader, no doubt, has a problem understanding all that is offered.

That's where we come in. Me, or one of my fellow workers, has the knowledge of today's financial picture to be in position to guide you in the proper savings/investment program.

Who better than your hometown bank should you listen to?

If we can't provide you with a program we deem proper, we'll refer you to where the program you should have is available.

Above all, and this is important, when you choose our bank your deposits are automatically insured safe. Now that is important to you and you better believe it.

Others offering savings/investment programs might not carry this insured protection.

**A Soup For All Seasons**

Most soups, have their time to shine. Gazpacho adds a cool note to summer menus, while a hearty Bean Soup is preferred in winter. But this Creamy Chicken Soup knows no season. It is light and delicious warm weather fare with light sandwiches, yet finds favor, too, on blustery days with Salisbury steaks. This soup's secret is in its base ingredient - evaporated milk. Evaporated milk lends a rich flavor that is unobtainable, a smooth texture that is pleasing year 'round. And it is easy on the budget. If time is of the essence, try adding evaporated milk to canned soups for a hearty, creamy soup.

- Creamy Chicken Soup**
- 1 (2 1/2 to 3 pound) chicken
  - 3 cups water
  - 1 teaspoon salt
  - 1/8 teaspoon pepper
  - 1/2 cup uncooked rice
  - 1 cup chopped onion
  - 1/2 cup chopped celery
  - 2 tablespoons butter or margarine
  - 1 tall can (18 fl. oz.) PET Evaporated Milk (1 2/3 cups)

Put chicken, water, salt, and pepper in soup kettle. Heat to boiling. Cover. Lower heat. Simmer 30 minutes. Remove chicken from soup. Skim fat from soup. Add rice to soup. Cover. Simmer 15 minutes. Meanwhile, take chicken meat off the bones. Cook onion and celery in butter until tender. Add cooked onion mixture and chicken meat to soup. Stir in evaporated milk. Heat to boiling. Serve immediately. Garnish with parsley. Makes 6 servings (1 cup each).

## Guest Pianist at Symphony Concert

Ralph Votapek, internationally known pianist, will be guest artist at the Ann Arbor Symphony's fourth concert of the season, Sunday, March 4, at 3:30 p.m., in Hill Auditorium, Edward Szabo conducting. Admission is free.  
 Votapek will perform the Beethoven Concerto No. 1 in C Major. The program also includes "Overture to the Barber of Seville" by Rossini, and Symphony No. 2 in D Major by Brahms.  
 Well known to Ann Arbor audiences, Votapek first attained musical prominence by his Grand Prize performance in the First Van Cliburn International Piano Competition in 1962. He is at present the only American to have won that prize.  
 He has since performed with the Chicago Symphony, Boston Pops, and many other major U.S. orchestras, as well as making annual tours of South and Central America. He also successfully toured the U.S.S.R. recently.  
 Born in Milwaukee in 1939, Votapek began his musical studies at the age of nine at the Wisconsin Conservatory. He later studied for four years at Northwestern University, a year at the Manhattan School of Music and a year at the Juilliard School. He made his New York debut in 1959, as a result of winning the Naumberg Award. Votapek lives in East Lansing with his wife and three children. He is Artist-in-Res-

idence at Michigan State University.  
 The concert is sponsored by Pittsfield Products and the Buhr Foundation with additional support from the Women's Association of the Ann Arbor Symphony, the Michigan Council of the Arts, the Music Performance Trust Fund of the American Federation of Musicians and AFM Local 625, as well as local individuals, families, and businesses. The Symphony is an affiliate of the Ann Arbor Recreation Department.

**IS GASOLINE ECONOMIC?**  
(Guest Editorial by Paula Mohr)

The alternative fuel gasohol has been introduced in Michigan for the first time on a commercial basis. Gasohol is a mixture of ninety percent unleaded gasoline and ten percent ethanol alcohol, distilled from agricultural crops such as corn, sugar beets and other dried grains.

The economic attractiveness of grain alcohol depends on future prices of petroleum, alternative fuels and government subsidies.

Some say gasoline prices would have to increase to \$1.00 a gallon while grain prices remain at today's level for grain alcohol production to become economically feasible. Major capital expenditures would be needed to change current gasoline handling methods. More land and fertilizers would be needed than presently utilized by farmers. But there are counter arguments for each point. Since alcohol can be distilled from grains and other agricultural products, new markets would open for farm produce surpluses. These raw materials are renewable and thus, farm oil and gas suppliers could not determine how much alcohol should be made available.

Alcohol's high octane content reduces knocking and releases less carbon monoxide into the atmosphere. Therefore, no known safety, social or environmental problems

can be associated with its use. Distiller's dried grains can be used as a feed supplement for livestock.

Recent National Energy Act provisions excluded gasohol from the federal four-cent gasoline tax. Michigan legislators have recently introduced the bill that would repeal the state gasoline tax. So, the economic gap narrows.

Gasohol's full potential cannot be foreseen until it is produced and marketed on a mass scale. Gasoline rationing could spur alcohol production. When economic and environmental factors are considered, producing alcohol is much less expensive than extracting oil from shale or liquefying coal. It takes energy to make energy.

Agricultural products cannot solve the U.S. energy problem but they can provide significant contributions in specific situations.

**IN RETROSPECT**

Sometime in the mid thirties, the Rev. Fr. Joseph V. Pfeffer was assigned to St. Mary's parish in Manchester as the priest for that parish. At that time the parish consisted of the church at Manchester and missions at St. Joseph's in the Irish Hills and St. Dominic's at Clinton.

Soon after his arrival he became an active part of the community and was known and liked by everyone. The children of his church adored him and he played an excellent outfield position on one of the softball teams. (And by the way, I remember that one youngster by the name of Rager was asked by him what he was giving up for Lent that year and he replied "watermelon", which amused Fr. Pfeffer no end.)

Somewhere along the way it seems that he became intrigued with the idea of erecting an outdoor "Way Of the Cross" on the hill north of St. Joseph's chapel on the south shore of Iron Lake. Perhaps he dreamed up this project as he was fishing in Iron Lake which he frequented and.

The Rev. Fr. Pfeffer was a born "doer" and an efficient organizer and so, before long, he had the project planned and the facts and figures needed to create the project on an exact scale of the original.

One of his projects connected with its construction that we remember was the solicitation from all his friends and from those who visited the mission at the Hills--there were many visitors at the church in the summer in those days but not, of course as many as nowadays--to bring or to send him attractive rocks from every state in the union or from foreign countries, and this they did and these stones are a part of the present construction.

So, in his usual inimitable way, he soon had the project well underway and he spent many, many days supervising and doing the work personally, with the help of many of his parishioners.

As the work proceeded someone told him of some artisans from Mexico who at that time, were in a very artistic fashion, constructing replicas of trees and wooden benches, etc. in concrete which were so

Brian popping the first 4, making it 61-57. With 3:05 left they were up 68-63 but Steve caned for 4 while Brian added 2 as we stood one back with 1:20 left. In the next 24 seconds they'd hit for 4 and Brian sat down with 5 fouls, 78-73. The main thing that was killing us was their sinking of free throws (they sank 14 in the game with 11 in the final period). Steve drove inside for 2 and Nick burned the net for 2 at :27 pulling us within 1, 78-77. At :18 Steve fouled and the referee gave the Bulldog 2 shots for an intentional foul--it happened--he missed both. Steve rebounded, dribbled down, and called time, :14. We set up with Denny Helfrich shooting and missing but Nick got the rebound only to put the ball in the hoop, 79-78. There were 5 seconds left but they inbounded it only to see Steve steal and he fouled immediately. He sank both to end it, 81-78.

Scoring-wise Steve led the way with 23 as Brian posted 22. Nick was next with 18 as Craig Rogers added 14.

Steve on insight: he had 17 shots at the hoop and of these he made 10. From the charity stripe he hit 3-4 so totaled 23 points. Steve is quick as his 4 steals indicate but he tends to get a bit over anxious as he turned it over 4 times. Steve is not tall but does hit the board on occasion, as tonight he had 1 defensive rebound a 1 offensive rebound.

Brian on the other hand is our 6'1" center who unlike Steve didn't play last year. Brian had 13 shots on goal but 6 went thru. He made up ground on freebies hitting 10 of 12. This adds up to 22 which happens to be his career high so far. He grabbed 10 defensive caroms and 2 offensive ones. He stole once and turned it over twice and also fouled out with 56 seconds left.

Saturday's make-up game at Addison saw the Dutch really lose it at the charity stripe. We held the 11-8 lead after one period and were atop 1, 29-28 at half. Both squads put 8 points on the board in the third so into the final we stood atop 37-36. Down the stretch we hit only 2 of 8 free tosses as they nipped us 51-49. Nick was the only Dutchman in double figures with 14.

**A SPECIAL NIGHT**

Yes, sports fans, this year's Fun Night will be held Saturday, March 3rd, tip-off time is 6:30 p.m. at the High School gym. There will be contests featuring the 4th, 5th and 6th grade boys basketball squads. The Athletic Boosters will again be in charge of this event with all proceeds going to the Athletic Boosters.

Don't miss this fun-filled family entertainment evening along with an opportunity to see the "FLYING DUTCHMEN" of the future.

**Community Education**

The Community Education Department has a limited supply of the Tel-Med Health Library folders. These excellent folders list approximately 200 taped messages about various health problems which you can listen to in the privacy of your own home. You call Tel-Med at St. Joseph Mercy Hospital and request to listen to a tape on a particular health topic. The operator selects the tape and inserts into the playback unit. The tape automatically plays, stops itself and disconnects the telephone at the end of the message. Copies may be picked up at the Superintendents Office or the Community Education Office.

**Meals For Senior Citizens**

On Tuesday, March 6, the Senior Citizens' Meals menu is: Roast Pork, Dressing, Vegetables, Fruit, Roll and Butter, Dessert, Coffee, Tea and Milk.

Thursday, March 8, they will serve: Hash, Vegetable, Fruit, Roll and Butter, Dessert, Coffee, Tea and Milk.

Seek and ye shall find--well, we've been looking for that win since before Christmas. Our last win came December 8th and there have been 10 losses till now. We did have one strong force going for us as Coach Bartels was coaching his 5th season and hasn't lost on Parents' Night. Morenci fought hard but we came from behind as Nick Krzyzaniak put us ahead with 5 seconds left. Also I planned to watch some seniors closely in the last games (4 outings-4 seniors) to write what they did and this bit I'll call insight. Tonight I choose Steve Melcher and Brian Evens (it just so happens they were the number 1 and 2 scorers). We almost made it 2 for 2 as Saturday we trekked to Addison only to fall 2 short.

On Friday we jumped to an early 6-0 lead but the Bulldogs found the range pulling within 2, 10-8 at 4:35. Soon they took the lead 18-16 and we began playing catch-up. We missed our last 3 shots to end the first period down 1, 22-21.

The second 8 minutes went basically like this--we went under 3 rallied within 1 and again went down 3. This was the trend until :34 when Steve stole the sphere and laid it in putting us up 1, 36-35. Unfortunately Morenci flew down court popping in 7 seconds to go ahead 37-36. They hit at the horn so half was history with Morenci ahead 39-36.

The third period belonged to Morenci as they went up 6 but we cut it back to 3. In the last half minute they hit for 6 unanswered points to enter the final stanza up 8, 61-53.

Here's where we turned it on as we dumped in 28 points and it started with
