IN RETROSPECT ENGAGEMENT

I suppose that the term retrospect should refer, not only to local events as chronicled in this column but it also should include those which, while national or world wide in scope, affected in one way or another all of us, great or small.

F'rinstince, did you remember that September 1 marked the fortieth anniversary of the beginning of World War II? On September 1, 1939, Hitler's well trained army invaded Poland in an action which was the beginning of a five and a half year struggle to prove the supremacy of the "master race" which Hitler believed, was to conquer and enslave the world but which of course, failed to do so.

Before it all ended and the oppressor had been vanquished and Hitler had committed suicide in his mountain top retreat, an estimated 50 million lives had been lost as a direct or indirect result of this war. The monetary loss from this holocaust is almost beyond comprehension and from it all we have never totally recovered. We fought this war to maintain every individual's freedom, but in the light of present day conditions throughout the world, it doesn't seem that we have accomplished very much despite all our sacrifices to realize our aim.

September 3, 1929 marks the 50th anniversary of the end of the gold plated prosperity of the 1920's and the events which began that day triggered the most chaotic depression of world wide scope that has ever been known and it seems to us old duffers who remember it vividly that what did happen then could happen today as suddenly and as thoroughly as it did happen then.

Stock market prices had climbed steadily from 1921 that day in 1929 when industrial stocks began their dizzy slide from an index of 381.17 to next to nothing. This slide culminated on October 29, 1929, when went down in history as "Black Tuesday" when the Dow Jones average plunged down 38.33 points. The next day it plunged down another 30.57 points or 11.6%. This paralyzing situation continued until July, 1932, when the low mark was reached, a drop of 69% in 84 months.

In October, 1932, the bank holiday was declared by the president and acute paralysis of our economic world set in. It is almost impossible for anyone who did not survive this period to describe to those who have arrived on this globe since then, the situation which developed in this chaotic period. With the banks closed no one had any amount of money on hand in cash, and many and diversified were the substitutes which were developed by various individuals to keep afloat.

This period was another time when we were only too glad to be living in a small town. Knowing each other as well as we did we all managed to keep warm and dry during the winter of 1930. I don't imagine that anyone under 60 can remember life as it was when we awoke one morning to find the banks closed up tight with our few bucks impounded therein. But we made do with the help of our friends and neighbors. Soon after this came the rash of bankruptcies, a collapse of the swollen credit bubble, an upsurge of unemployment, foreclosure of mortgages, and the repossession of merchandise purchased on contract.

Because of regulations which have been imposed on the stock market since then, a plunge in stock prices is not likely to occur as it did then but there are several disturbing similarities in our economy now as there were then if we will stop to look for them and if we're smart we will run a rather tight ship and will maintain our credit so that we could liquidate our indebtedness if we had to. I know that that is literally

Mr. and Mrs. Donald L. Davis of Manchester announce the engagement of their daughter Nancy Melissa Davis to George Daniel Smith, son of Mr. and Mrs. Gene Smith of Kalamazoo.

Nancy is a graduate of Manchester High School and Western Michigan University and is employed as an Assistant Librarian at the Kalamazoo Public Library. She is also a member of Beta Rho Chapter of Sigma-Sigma-Sigma National Sorority.

The future groom is a graduation of Lay Norrix High School in Kalamazoo and is employed by Eaton Corp., Kalamazoo.

The couple are planning an October 27, 1979 wedding.

Golden Wedding Anniversary

September 11, 1979 marked the 50th Anniversary of Viola and William Bross. They were married in Wauseon, Ohio. Leone Bross and Harold Steinaway were they celebrated their Golden Anniversary last Sunday, September 9, at a family dinner given by their children, Mr. and Mrs. Robert Popkey, Mr. and Mrs. William Bross, Jr. and Mr. and Mrs. Harold Bross. They also have nine grandchildren and three great grandchildren.

Middle School Band & Orchestra Selling Candles

The Manchester Middle School Band & Orchestra will be holding their annual fund raising activity beginning Wednesday and ending Monday. The decorative and functional candles will be offered only this weekend, with delivery in about two weeks.

This year, rather than running two separate fund raisers, the Band and Orchestra students will be cooperating in this activity. Money earned from the Candle Sale will be used for equipment and other needs for the instrumental music program. Last year the Middle School Band raised \$900.00 on this project. Uniforms were purchased from those funds for the Middle School Band.

This is a good opportunity for music students to realize how much the Manchester Community wants to support what they are doing.

Your United Way Dollars Continue to Work

In addition to the three local agencies mentioned last week, your United Way contributions also help to support ten other agencies on the county, state, and national level. They are:

Washtenaw County Chapter, American Red Cross: Budget \$5,900. Every resident of the Manchester School District is a member of the Manchester Red Cross Blood Club. 374 pints of blood were collected in the area in 1978. Services to military families numbered 19. One family whose home was damaged by fire was given monetary aid for clothing, etc. First aid was provided at the Community Fair.

Catholic Social Services: Budget \$1,250. Programs of the agency include emergency foster care, adoption and problem pregnancy, emergency services (i.e. food, housing, etc.) and counseling, regardless of race, color, or creed. During 1978, Catholic Social Services helped 6 Manchester families. In addition the Manchester area provides one foster home to the agency.

Child and Family Service of Washtenaw County: Budget \$1,025. 13 families in our area were served. These included family and individual counseling plus homemaker service which aims to help families and individuals with stresses created by illness, handicaps, or age. The Older Adult Service helps individuals and their families with problems involved in aging. A very successful group "As Parents Grow Older" is being planned for Manchester.

NOTICE

People interested in going to the quilt sale at Goshen, Indiana on Saturday, September 22, call Nancy Feldkamp, 428-8571. Cost of trip \$12.00, prepaid by September 20. Bus pick-up 6:30 a.m. Emanuel Church, return 6:00 p.m. First 43 reservations accepted.

Parents Readiness Education Project

The Parents Readiness Education Project (PREP) will be available for parents and their preschoolers again this year in the Manchester School District.

The program entails one morning per week of classroom activities and individually assigned home activities for the remainder of the week. It is designed to make a smoother and more rewarding kindergarten year for the child in the future. In addition, the program teaches parents how to develop the necessary skills in their children for successful school experiences.

The PREP teachers, Mrs. Barbara Fisher and Mrs. Michele Johnson, will be contacting parents of children born between December 2, 1974 and December 1, 1975. Parents who are not contacted should call Pleasant Lake School (428-7440) by September 18th. The screening will be held at the PREP classroom located at Pleasant Lake School on September 19 and 20. At this time the PREP staff will meet individually with parents and will discuss the child's learning strengths and weaknesses.

This free service is offered to parents to learn more about their child's readiness for school activities. If you have any further questions about PREP, please call Pleasant Lake School.

Cystic Fibrosis Foundation: Budget \$425. The County Chapter helps support vital treatment and medical research for children with cystic fibrosis, asthma, chronic bronchitis, bronchiectasis, childhood emphysema, and other disorders of the lung.

As the life expectancy has risen from four years of age to 20 years since the Foundation was formed 23 years ago, a Young Adult Program has been initiated. A Young Adult Clinic is currently being set up at the University Hospital in Ann Arbor.

Huron Valley Child Guidance Clinic: Budget \$200. This is a comprehensive psychiatric treatment facility for infants, children, adolescents, and their families. Referrals are from parents, schools, social agencies, physicians, and courts. Four families from our area used the services of this agency in 1978. A total of 78 regular treatment interviews were held followed by a complete diagnostic evaluation.

Huron Valley Girl Scout Council: Budget \$2,575. Girl Scouting is a program designed to help girls grow into happy, resourceful, and responsible adults. The girl scout program is available to girls age 6 through 17 years. In 1978 Manchester had 110 active girls, with 8 troops, 15 leaders, and 16 registered committee members involved.

The Salvation Army: Budget \$1,200. Emergency relief for needy individuals and families is offered by aiding them with groceries, fuel, clothing, and furniture. Summer camps, hospital care, social res-

In Retrospect

impossible in today's world of credit, but many of us can do better than we have done lately. Even if we do think so it is not really necessary for us to have everything that we want right now. Let's keep a few things to strive for in the future after we have paid for what we now have.

It is a very common saying that history repeats itself, and it has proven to be true many times. Another war to end all wars but which will not do so, and another depression that will kick the foundation out from under our economic structure are both possible in the very near future, but we hope they're not probable. However, let's watch for danger signs on the horizon and prepare to head for the hills before disaster strikes.

Special Education Program

There is a new vocational special education program slated to begin this Fall in the Chelsea, Manchester, Dexter, and Whitmore Lake, school districts. It is the goal of those involved with this program to provide students with skills and abilities, both general and specific which will enable them to be responsible, productive, and successful young adults. This vocational program was conceived as a result of a federal grant which will enable these districts to provide employment opportunities, on-the-job training and vocational education for the students in each district who have a learning disability or emotional impairment. Students will be placed at job training/employment sites according to their potential skill, ability or interest. Each student's training and or employment will be designed on an individual basis by the employer, the student, and the vocational coordinator to assure an optimal experience for all parties involved.

Anyone interested in more information regarding this program or anyone interested in discussing a possible job training or employment opportunity for students can contact: Mrs. Deborah F. Mohl, Vocational Coordinator Special Education, Region V, Chelsea School District, East Washington Street, Chelsea, Mi. 48118. Phone: 475-9131 extension 74 or 48 (days), 475-9639 (evenings).

Adoption Revisited

Child and Family Services is offering a new group called "Adoption Revisited"; this is an adoptive parent support group which will focus on the parents' need to deal with anxiety created by such things as "open records", "search publicity", and the emphasis on finding one's roots and how these issues affect their children and their own lives.

The group will be held on 6 Mondays at 7 p.m. beginning September 24, 1979 at Child and Family Service.

For registration call 971-6520. If you cannot attend at this time, let us hear from you for future programs.

To get your event listed in the Manchester Village Association's Community Calendar or to receive assistance in scheduling an event that does not conflict with other community events call 428-9202 or come into Odds and Ends Business Service at 104 E. Main.

CONFUSED THINKING

In a recent speech in San Francisco, Secretary of Agriculture Bob Bergland is reported to have said that there is a need for a redefinition of the goals of American agriculture. He reeled off figures to show that this is a good year for the nation's farmers and that they are on the way to producing a new record volume of exports.

He then intimates that there is something very wrong in bigness when it comes to farms. He is reported to have questioned policies that encourage the consolidation of farm and land ownership: We assume he means that big farms are bad.

He later pointed to the fact that China has purchased a billion dollars in wheat, soybeans and corn and that the market could be further developed.

Now the question is this: If big farms are bad, then how does the Secretary expect American farmers to produce enough to export to China, Russia and the other countries that buy our agricultural commodities?

Family farms are great...even the small ones. But a realistic look at efficiency of operation will undoubtedly show that the larger farms can produce more commodities at a more economical price than the small ones. It takes the same amount of equipment to plant, cultivate and harvest 100 acres of corn as it does a thousand. Once that initial investment is made, a farmer must produce a large amount to justify that capital outlay. It takes a lot of acreage to do it. Who's to say that large farms are not family farms, many of them are.

The main point is this: if American agriculture is to continue producing enough for this country and for export, it will be the large farms that do it. We certainly don't need any government policies to dictate how much land a farmer can own or cultivate.

If you didn't mean it to sound that way, tell us where we are wrong Mr. Secretary.

Rayon owes its life to the French naturalist Reaumur, who, in 1734, observed, "Silk is only liquid gum. Could not we ourselves make silks with gums and resins?"

idence for working girls and for unwed mothers and Gospel services to over 70 countries are all part of programs to alleviate suffering, illiteracy, and hopelessness.

Washtenaw Association for Retarded Citizens: Budget \$850. The agency seeks out the retarded and their families, makes known to the public their special needs, works to stimulate governmental and voluntary agencies to meet these needs, and through pilot projects, demonstrates the feasibility of various services. The W.A.R.C. services are available on a no charge basis and reach approximately 1,000 citizens of Washtenaw County and their families.

Wolverine Council Boy Scouts: Budget \$2,575. Currently Manchester has approximately 80 cub scouts and 34 scouts involved in active scouting units. Explorer posts for high school age youth (male and female) are available. Nine persons are active in this group which is sponsored by the Manchester Police Dept. and specializes in informing youth about Law Enforcement. A total of 40 adult leaders are registered. The scout program provide character building, citizenship training, physical fitness and leadership development.

United Way of Michigan: Budget \$2,698. 23 agencies are affiliated with the United Way of Michigan, and we will explore these at a later date.

All of the above agencies touch our lives at one time or another - be it directly or indirectly - so, when a United Way volunteer calls upon you in October, will you please give generously? For in doing so, you will "BRIGHTEN YOUR DAY THE UNITED WAY".

Assigned To New Base

Airman Patricia M. Carlson, daughter of Mr. and Mrs. Roy R. Carlson of 18500 Burtless Road, Manchester, Mich. has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training. During the six weeks at Lackland Air Force Base, here, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits towards an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized training in the missile electronics field. Airman Carlson is a 1978 graduate of Sussex Central Senior High School, Georgetown, Del.

THANK YOU

I would like to thank all those who worked so diligently, to make this year's fair a success. From those on the board who worked all year, to those who only worked fair week, your efforts are greatly appreciated.

I would like to give a special thanks to Vice-President Paul Eisele, and Secretary Dealoris Richardson, who both do an enormous job. My gratitude also to the exhibitors and merchants, whose support goes a long way to making the fair interesting.

Many thanks to all who visit the fair, for it is they who keep the fair going. Our fair is another example of how a community can work together, for the benefit of all. Hope you are all thinking of what you can contribute next year, for only through continuing efforts can our fair be a credit to us all, thank you all so much.

BEST ROUTES, PARKING AREAS FOR U OF M STADIUM

U OF M STADIUM ROUTES.....Motorists attending the Michigan-Notre Dame football game Saturday [Sept. 15] in Ann Arbor should arrive in the stadium area one hour before the 3:20 p.m. kickoff. Automobile Club of Michigan recommends that all football fans coming from outside the Ann Arbor area take I-94 to the Saline Road exit, which will be one-way inbound before the game and one-way outbound afterward. Motorists should avoid the Maple and Miller roads area because of construction. No other major construction projects are planned on main routes leading to the stadium. There is parking for about 10,000 cars within easy walking distance of the stadium. More than 105,000 persons are expected for the game.

QUILTING EXHIBITION

Last Saturday marked the opening of the quilting exhibition in the Gallery. This exciting exhibit of antique and contemporary quilts has attracted a lot of attention, and related special activities are filling up quickly. There are still a few openings for persons interested in taking Sarah Deasy's ten week quilting class, and a few more people are needed to fill the bus for the trip to Gosport, Indiana. Persons interested in taking the class or going on the bus tour should contact Pat at 428-7200 immediately. The \$12 fee for the bus tour must be paid by Monday, September 17.

CLASSES

John Ulrich's Color Theory class is filling quickly, so get your registration in as soon as possible. John will give individual instruction in color theory and the use of color. Participants may work in the media of their choice. The first class will meet on Thursday evening, September 13 and will run for six weeks.

Sherryl Rhee, who recently taught a very informative watercolor class, will be conducting an Art Appreciation Class this fall. This very unique class will be geared toward the needs and interests of those participating. The classes will be highly informal and will meet once a month. Participants will bring their own work, or the work of others, to be discussed during class. The first class will meet on Saturday, September 29, 10:00-12:00 noon in the Gallery. The fee for three sessions is \$7 for members and \$12 for non-members. Register for classes by calling 428-7200 days, or 428-7236 evenings.

Jolly Farmerettes

The September 4, 1979 meeting of the Jolly Farmerette 4-H Club was called to order by St. President Laura Pierce. Flag Pledges were led by Michelle Lamb. Roll Call was "Who is the first teacher that comes to mind?" There were 19 members, 3 visitors, and 4 leaders present. There was no secretary's report. The treasurer's report was given by Beth Verrell.

Jean Ann Wahl gave a committee report on the 4-H Fair Barrels. Dawn England gave one on the Manchester Fair Parade Float. There was another report, on the Manchester Fair 4-H Exhibit, also given by Jean Ann. There was no old business.

Under new business, we made many decisions for the new year. First was the election of new officers. The results are as follows: President-Dawn England; Vice-President-Jenny Feldkamp; Secretary-Jennifer England; Treasurer-Lori Voegding; Reporter-Leslie Duman; Song and Recreation leader-Kristina Hunt. Congratulations!

We then voted on the meeting nights and time. We decided to keep it the same, the first Tuesday of every month, from 7:00 p.m. to 8:30 p.m.

We then voted on dues. The decision was \$10 a year, with the deadline being Spring Achievement. If the deadline is not met, there will be a 25c penalty.

Discussed next was the need of leaders and question if any of the members' mothers had offered to help out. Those volunteers were: Mrs. Verthines, Mrs. Rigg, Mrs. Knasak, Mrs. Blumenauer, Mrs. Golding, and Mrs. Pierce. Thanks to all of them!

Then discussed was the continuation of the Phone Committee. We decided to discontinue it, and start the chain instead.

We then discussed if there should be a policy established regarding members missing club meeting. We decided that if we had to miss a meeting, to call one of the leaders and explain why we can't make it. If too many meetings go by without attendance by certain members with no call to the leaders, we would consider them out of the club and take them off the roster.

Jean Ann gave a notice to a Bread Fair coming up, given by the Cooperative Extension Service. It is taking place September 20, 8:00 p.m., at the Hoyt Conference Center, Eastern Michigan University. Any questions regarding this can be answered by calling Jean Ann at 428-8986.

Under Bills and Communications, Mrs. Lowery presented a bill for candy for the Manchester Fair Parade. It was paid. We collected premium money from the 4-H Fair Barrels, and also the exhibit at the Manchester Fair.

Under leader's report, Elaine Feldkamp gave a short mention of the 4-H fair, and gave congratulations to all involved. She mentioned signing up for all of 1980 next meeting. She also discussed a discount at JoAnn Fabrics.

The meeting was adjourned, and refreshments were served.

A reception was held at the home of the grooms parents.

The couple are making their home at 1523 Chapel, New Haven, Conn.

The bride is a graduate of Kalamazoo College. The groom also graduated from Kalamazoo College and at present a graduate student at Yale University.

Health Views

WHAT'S THE BEST INSURANCE? What's the best thing you can do to provide for your family?

Ask some people that question, and they will tell you all about the great insurance policy they've purchased to give their family future security—or the few dollars they've managed to stash away in the local bank or savings and loan association.

The real question is, will \$10,000, \$50,000 or even \$100,000 replace a devoted spouse or parent? Is money a replacement for love and concern? And if it were, it's easy to see that the loss of perhaps ten years of income will far surpass even the attractive face value of that insurance policy.

The problem these days seems to be that people are more sickness and death oriented than they are health oriented. Not that there is anything wrong with covering ourselves with insurance, but it's almost as though we start preparing for the worst from the moment we're born.

A certain materialistic derangement has overtaken our good sense, misleading us into a false sense of security based on money. People seem to be looking for a windfall gain. It's almost like they would look forward to injury, illness or death, because then their family could collect the insurance benefits. They forget that they either won't be here, or else won't be much in the mood to enjoy the \$10,000, \$50,000 or \$100,000 they have their eye on, when the worst happens.

What it all boils down to is that your best insurance is you—how well you take care of yourself and how you live. In the final analysis, your best security is your health.

Your best security is taking care of your health now.

(1) Watch your diet. Eat nourishing foods. Make certain your meals are well-balanced and contain all the necessary vitamins and minerals. Avoid snack foods and products with preservatives. Don't overeat.

(2) Get plenty of exercise. Keep physically fit by embarking on a regular program of physical activity. Keep your exercise moderate and within the scope of your age, ability and fitness.

(3) Get regular health examinations. Practice preventive care by having all the check-ups of your body examined by specialists. Extremely important also is a chiropractic spinal examination. Most people don't realize that structural imbalance is the underlying cause of many types of disorders.

According to a survey done by the American Chiropractic Association, it was learned that the greatest hazard to health is the human frailty of "putting off until tomorrow."

Insurance experts agree that while insurance is worthwhile, the best thing you can do to prepare for a long and productive life is practice the rules of health.

Your best security is taking care of your health now.

NOTICE OF PUBLIC HEARING

To: All property owners within 300 feet of premises

PLEASE TAKE NOTICE that a public hearing will be conducted before the Village Zoning Board of Appeals on the Application of Union Savings Bank pertaining to the premises located at 135 E. Main St., Manchester, Michigan 48158. Said hearing is scheduled for 8:00 p.m. October 1, 1979 at 221 S. Clinton Street, Manchester, Michigan 48158.

The public hearing will consider the request of the property owner for the grant of an easement to the Union Savings Bank for access to the drive-in banking facility across the existing Village public parking lot north of the proposed facility. It is also noted that a 35 foot set back is required in C-2 General Commercial District. The site plan shows a 15 foot set back from the property line and a 30 foot set back from the curb line. A variance is requested to permit the 15 foot set back unless Council considers the proposed facility to be part of the central business district and thus within the exception under Section 22.04-E-2 of the Zoning Ordinance.

Any comments are welcome at the meeting or in letter form. Your attendance is not required.

SIZEABLE SQUASH-State Representative Mary Keith Ballantine shares a chuckle with State Fair Livestock chairman Ernie Girbach in the Agricultural Building at the 1979 Michigan State Fair. The two are looking over the largest squash submitted to the State Fair. The stupendous squash was grown by Phil Klimowicz of Brighton. Girbach, a Saline dairy farmer and past chairman of the State Fair Commission, and Ballantine were two of thousands of Fairgoers to visit the agricultural exhibits on the spruced-up grounds.

COUNCIL PROCEEDINGS

August 20, 1979

Council met in regular session with the meeting called to order by President Schaffer at 7:00 P.M. Present were: DuRussel, Hinkley, Koebbe, Minick, Reed, Daniels and Zsenyuk. Minutes of the August 6, 1979 meeting were read and approved as corrected in a motion by Koebbe, supported by Reed. All yeas, carried.

Mrs. Candy Sloat was present to discuss the arrears charges on water bill and present paid water bills. Decision reached at Aug. 6, 1979 meeting still stands. Invoice Mr. and Mrs. Sloat from time they moved in to present billing. Arrears charges to be sent to former owner. Future water bills will be sent to present owner.

Mrs. Junita Nickerson was present to discuss arrears charges on water bill. Daniels to meet with her to check meter readings and gallons used since Sept. 15, 1978. Future billings will be sent to present owner.

Mrs. Susan Davis was present to question why penalty charges were added to her water bill when she had not received any bills prior to last quarter. Moved by Minick supported by DuRussel to erase the penalty charge and pay the regular charges. All yeas, carried.

Mr. Ellis Pratt was present to question why a public hearing must be held for the property Mr. Thomas Roberts was considering purchasing. Attorney Gistingier rendered a written legal opinion. Moved by DuRussel, supported by Minick to hold a public hearing as recommended by the Manchester Village Planning Commission. The motion was amended to include Certified notices be mailed to residents within 300' radius and be published in the Manchester Enterprise. All yeas, carried.

The recommendation of the Village Planning Commission was that a public hearing be held and that Mr. Roberts should submit site plan and elevation to the board and Council should reserve the right to approve any additional tenants of the building in question. A public hearing was scheduled for Sept. 10, 1979 at 8:00 P.M. Costs of mailing and publishing to be paid by Mr. Roberts.

Moved by Koebbe, supported by Minick to change the Sept. 3, 1979 Council meeting to Sept. 10, 1979. All yeas, carried.

Mr. Donnelon and Mr. Dillingham were present to discuss why there was excluded coverage on damage to Village property. Mr. Dillingham will meet with the Clerk, Daniels and Zsenyuk to review policy.

Morgan Kern was present to request a 1 year extension for paving the parking lot at the American Legion Building until the fill has settled. Moved by DuRussel, supported by Koebbe the request be granted. All yeas, carried.

Public Works activities as reported by Koebbe included: Signs for Manchester Chicken Broil delayed; Corrected water bills were sent to the tenants of the Paar Road Apartment Complex. They were corrected by finding out to the closest quarter that the tenants moved in, figuring out exactly how much water they had used in each quarter and billed accordingly, then arrears charges were added on to each quarter that the bill remained unpaid; The distance was checked from the most northern street light on Washington Street to the railroad grade and was found to be 115 ft. Bob Ross was contacted concerning the Chicken Broil signs that were to be placed at the Village Limits. We checked with the State Highway Department and they said that we could not have two slogan signs on one post. The state must also install them and the Village buy them. We must pay for the labor involved and cost of signs; A copy of the analysis from the sludge sample that was taken to Adrian was submitted to the State Health Department and also one to McNamee, Porter and Seeley. The Village was invoiced \$85.00 to run the analysis; A copy has been submitted to each council member showing all the residents that have arrears water bills and how many quarters the bills are in arrears. Mr. Daniels recommends that a letter be sent to all these residents on the Village Attorney's letterhead asking that they pay their bill; One grave was dug in the Oak Grove Cemetery; The Village lawns have been mowed; We are continuing to haul dirt into Kirk Park from the DuRussel farm; We assisted the Fair people by going in and cleaning up the charcoal pits from the Chicken Broil; The State Health Department visited the Treatment Plant and a composite sample was taken that might influence the decision on what treatment would be necessary to meet future standards; Mr. Daniels contacted both insurance companies in regard to the Village gas pumps. Both agents will attend the August 20th council meeting.

Chief Zsenyuk reported on the health problem back of the Black Sheep Tavern. Zsenyuk, Minick of Health & Safety Committee and Attorney Gistingier to prepare complaint and submit 14th District Court.

The Street Light on North Washington Street was checked and it was recommended to move it 115 feet to the north. No objections were voiced.

It was reported there was no problem at the Land fill. Zsenyuk is to notify Village Council if there is a build up of metal within the village.

Hinkley reported the Manchester Village Planning Commission will meet on the 1st Wednesday of each month. Discussion at September meeting will be held on Sec.

57-Non Conformities.

A complaint had been received from a resident on the weed build up at the former Buss home on Ann Arbor St. Limpert suggested contacting Chapin Realty as to present owner.

A public hearing was scheduled for Sept. 17, 1979 at 8:00 P.M. on Application for Industrial Development District for Manchester Plastics, Inc. Notice of public hearing to be published in the Manchester Enterprise.

Moved by Koebbe, supported by Reed to enter into Agreement for \$825.00, supplemental Dial-A-Ride transportation service for Manchester Village. All yeas, carried.

Notice of increased rates from McNamee Porter & Seeley as follows: Principal \$56.00, Associate \$42.00, Registrant II \$34.50, Registrant I \$30.00, Graduate II \$27.75, Graduate I \$25.00, Senior Technician \$23.50, Technician \$19.00, Associate Technician \$16.00, Engineering Aide \$10.00, Transportation 0.18 per mile, Computer \$80.00 per hour, Pressure Recorder \$80.00 per month, Electric Meter Recorder \$80.00 per month, Flow/Water Level Recorder \$80.00 per month, Portable Automatic Sampler \$100.00 per month, Consultants and Sub-contractors - Invoice amount x 1.15 plus living costs at actual out-of-pocket expense while away from our office on account of this work. These rates are subject to revision each succeeding July 1.

Dept. of Public Works to draft a letter to send to other Consulting Engineers for rates.

Moved by DuRussel, supported by Hinkley to pay invoice 4927 to Davidson Sales & Maintenance Co. for \$1,187.00. All yeas, carried.

Schaffer reported that Mrs. Duncan had questioned if trees could be planted on Main St. Objections were voiced by the Council members.

Meeting adjourned at 9:50 P.M.

Football Is Here

Varsity Football - Todd Quayle intercepts

Jon Hardenbergh
Last week the football season got under-way for the high school with the JV's tilting in triumph but the Varsity falling. The little Dutch took the field hosting the Warriors from Grass Lake. The break-away running of Pete Johnson and Jim Krzyzaniak enabled the squad and Head Coach Bart. Arrels to taste a 24-0 victory.

Unfortunately the Varsity weren't so lucky as they trekked to Grass Lake only to leave on the short end of the 12-7 score. The Warriors threw a tough running attack at us and before we could adjust Rod Cole broke for paydirt from 36 yards out. The extra point failed so it stood 6-0 for the remainder of the first and most of the second quarter. We brought in Brian Broucek at quarterback in hopes of sparking our offense—we began to move and Brian tossed the pigskin to Todd Quayle swinging out of the backfield and Todd motored the 20 yards for the TD. Jeff Geiger left-toed the PAT thru the uprights so at 1:16 we led 7-6. In the third quarter we brick-walled them and they us, so no score change. We even banged their tailback Cole almost hard enough to be carried out. Maybe this was an act, for Cole came back to break away for 6 from the 24 with 7:30 left. We were unable to score so Grass Lake won 12-7. Stat wise we had 141 yards rushing with Gary Daniels being our top gainer with 48 yards. Brian was 3 of 6 in passing for 42 yards. On defense Gary also sat atop with 11 tackles as Scott Lawson had 8.

Friday we open our home stand as we welcome Ida.

Teams we'll play—how they did: Addison 20-Homer 14. Brooklyn 12-Onsted 0. Erie Mason 6-Clinton 0. Ida 12-Monroe Jefferson 0. Morenci 0-Sand Creek 0. Napoleon 12-Hudson 6. Ottawa Lake Whiteford 13-Blissfield 7. Stockbridge 38-Michigan Center 6.

Varsity Football- Todd Quayle scampers 20 yards for the T.D.

What Is The United Way of Michigan?

The United Way of Michigan is a state-wide federation comprised of 23 health and community services. It was founded in 1947 at a special meeting called by Henry Ford II and Benjamin E. Young, Vice-President of the National Bank of Detroit. 125 leaders from 61 Michigan counties sought a solution to bring order out of the chaos of many fund-raising campaigns for health and welfare services in the state. Thus the United Way of Michigan was established and was the first United Way organization in the World.

The United Way of Michigan is an extension of our local United Way in that it brings together State and National Agencies. The U.W.M. sees to it that each community is treated fairly and receives as well as gives.

All Michigan United Way agencies are carefully screened by over 200 members of the U.W.M. Admissions and Budget Committee, people from all over the state, representing all walks of life. They decide the amount needed by each agency to bring its services to the communities in Michigan. Each county and communities "Fair Share" of this amount is determined on the basis of local conditions and the communities ability to support. Each is asked to pay only its Fair Share.

The United Way of Michigan is comprised of the following 23 agencies: Michigan League for Human Services, Michigan Council on Crime and Delinquency, National Urban League, United Service Organizations, Inc. (USO), Leader Dogs for the Blind, Child and Family Services of Michigan, American Social Health Association, Arthritis Foundation, Michigan Chapter: Children's Leukemia Foundation of Michigan, Epilepsy Center of Michigan, Hemophilia Foundation of Michigan, Jackson Laboratory, Kidney Foundation of Michigan, National Multiple Sclerosis Society, Michigan Chapter; National Council on Alcoholism, Michigan Division; National Council on Alcoholism, Special Health Project, United Cerebral Palsy Association of Michigan, Michigan Association for Better Hearing and Speech, Kenny-Michigan Rehabilitation Foundation, Michigan Association for Retarded Citizens, Michigan Heart Association and Mental Health Association in Michigan.

The Manchester United Way budget amount for the above agencies is \$2,698.00. A united campaign - uniting the fund-raising efforts of practically all health and welfare agencies into one drive - makes sense! Everyone benefits: the contributors, member agencies, volunteer workers, communities, and most importantly, those people the agencies serve. GIVE ONCE FOR ALL!

AN INTERESTING NOTE: Manchester's first area drive was held in December of 1947 with a goal of \$3,000, and the Manchester United Way was incorporated as a non-profit organization in 1950. (solicitation # MISC 3084) Our 1979-80 campaign goal is set at \$24,748.00 - a far cry from that first goal 32 years ago!

Did you know that Manchester has always reached and occasionally exceeded its campaign goal for 19 consecutive years? In the weeks ahead let's all join forces and push that up to 20! We can then, with pride, turn to the recipients of our efforts and say: "We have helped to BRIGHTEN YOUR DAY THE UNITED WAY!"

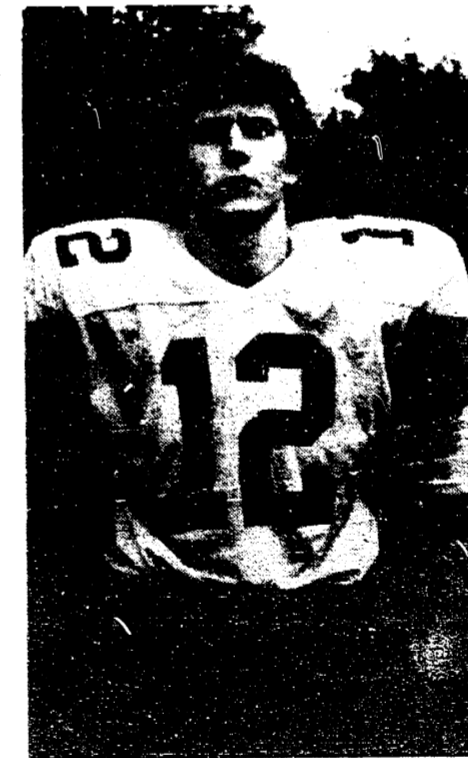

Attention! All Football Games with the exception of the Hudson Game at Hudson on October 5th will begin at 7:30 P.M. The Hudson Game will begin at 8 P.M.

Dutch Drop Ida 21-0 IN RETROSPECT

By Jon Hardenbergh
We showed good defense and scoring offense as we not only won our home opener but captured our first victory. We had control offensively as we posted more first downs (13-10), more yards rushing (180-120), and more yards passing (90-70). It was John Mooneyham leading our ground attack as he carried 19 times for 83 yards with Gary Daniels totaling 68 yards. Along with running it was the passing of Brian Broucek that proved to be the pleasant surprise.

The Dutch wasted no time Friday as we took the kick and set up camp on the 33. Lightening hit immediately as Brian threw to Nick Krzyzaniak good for 24 yards. After one running play Brian tossed to Jeff Geiger with Jeff failing to score by 1 yard. The next thrust netted 6 points as John went the last yard. The extra point was no good so at 10:57 it stood 6-0. The blue streaks had the ball for 7 plays before punting but we punted back 3 downs later. This time Ida moved but our defense sacked the QB forcing a kick. Here is what a coach loves to see - we started grinding on our 26 and 10 plays later stood at their 41 to start the second quarter. Ten more downs put us at the half foot line so Doug Drouse plowed across for six. We went for 2 points with John trying it right - he looked, stopped but dove for the two-7:49 we lead 14-0. The half came with no scoring threats.

The name of the game in the third quarter and much of the fourth was defense as each squad stymied the other until Todd Quayle snatched an Ida aerial. Todd left our offense in excellent shape at the 11 so following a 5 yard pass to Nick we let Todd go right for 6 yards and 6 points. Jeff left toed the pigskin through the uprights for a point so with 2:41 left, we stood atop 21-0. Following the kick-off we knew they would pass and the sphere feel into our hands - Dan Burch and five plays later it was over.

Now, on to Addison who remained unbeaten in 2 outings by downing Clinton-7:30 P.M.

Scores Around The League
Addison 6 - Clinton 0, Blissfield 21 - Winless Hudson 18, Morenci 26 - Onsted 7, Non-league but we meet them Nov. 2, Stockbridge 32 - Leslie 6.

Pleasant Lake Open House

Thursday, September 27, 1979, is the date of the annual PTO Open House at Pleasant Lake School. It will be held from 7:30 P.M. to 8:30 P.M. with special times to meet with the teachers without the children in the rooms to have the children show their parents their own special desks and rooms, and to enjoy refreshments in the gym with other parents and children.

Manchester Area Servicemen and Women

Again this year, the American Legion Auxiliary Rehabilitation Committee is seeking names of our area servicemen and women. We wish to remember them at Christmas, and, with your help, can publish a list so others can remember them at holiday time. Committee members are: Mrs. D.D. Ludwick - 428-7434, Mrs. Richard Stein - 428-8427 and Mrs. Charles Schiel - 428-7544.

First I would like to repeat a story which I heard the other day which may be familiar to many of you but which was new to me: and which I thought was unusually cute and which can be adapted to many categories by changing the classification of the principals. This is the way I heard it:
One day not long ago in a certain small town the editor of the weekly newspaper and the minister of the community's leading church both passed away and in due course appeared at the reception desk in heaven presided over by St. Peter who turned to one of the new arrivals and said:
"And who are you?"
The minister replied "I'm the pastor of the leading church in Midvale. I was told to report here."
"Quite so," replied St. Peter, "I have your name on the list," and he called an angel and told him to escort the newcomer to his room down the hall in the rear of the establishment.
This the angel did but the minister was a bit put out at the drab appearance of the room and of the view of the back alley from his window.
In the meantime St. Peter turned to the other new arrival who quickly identified himself as the editor from Midvale.
St. Peter called the angel forward and told him to escort the chap to his room which turned out to be a large corner room, very nicely furnished with a view from its window of the surroundings that was outstanding.
Standing in the hall and viewing the proceedings the minister was considerably put out and so he proceeded to ask St. Peter how come the editor received such outstanding consideration when he did not, to which St. Peter replied "We have a couple hundred ministers here but this editor who arrived today is the first one in our long history that we have ever had here."
And now to the more serious things of life:
More Trivia: We note that the federal government has passed a rule that makes it obligatory that all waste baskets in hospitals contain a plastic liner which the hospitals complied with in order to keep infections and various germs from being spread throughout the buildings.
But long about this time along come an inspector from the state fire marshal's office who demanded that the plastic liners be immediately removed because they constituted a definite fire hazard.
A typical incident we're sorry to say.
No wonder people mistrust the "media". We read the other day in the Toledo Blade a feature story about the beauties of the Irish Hills all of which we were glad to see, but...when the gal who wrote it said that "the area is contained in a mile circle radiating in all directions from the junction of M-50 and US-12", we decided that she must have been lost or considerably misinformed. Please mam, take another look at your map, but we do appreciate all the nice things that you said about the Irish Hills and the fact that you urged everyone to visit them and the area surrounding them and do remember to mention Brooklyn, Manchester and Clinton as being located on the edge of this area.
And then while wondering why all the little annoying things that happen seem to happen to me I ran across a short poem that explains it all. It reads:
The rain it raineth on the just
And also the unjust fell
But chiefly on the just, because
The unjust steals the just's umbrella.
And to conclude this week's epistle:
Once, when my wife had a twinkle in her eye, it meant that she was romantic. Now it means that she put her contact lens in backward.
