## Double A Products and Employees

### Contribute \$10,000 To United Way

On behalf of Double A Products Co. and its employees, Irene Wurster, Double A Drive Chairperson, and Lefty Ross, President of the International Association of Machinists, presented a check to Mr. Clarence Fielder, President of the Board of Directors of the Manchester United Way, Inc.

For many years Double A Products Co. and its employees have made outstanding contributions to the total United Way effort in this community. That same dedication is evident again this year. The companies gift of \$3,500 coupled with the employee's contribution of \$6,500 amount to 40% of this year's total campaign goal of \$24,748!

This continued success is made possible through the fine cooperation of drive leaders, such as Mrs. Wurster and Mr. Ross and their core of dedicated solicitors: Elaine Steele, Marilyn Samonek, Judy Steele, Debbie Roll, Sue Richardson, Faye Walter, Ann Pniowski, Larry Wright, Bob Ahrens, Carl Johnson, Mary Krzyzaniak, and Virginia Heinrich.

## TEACHERS STRIKE

### SCHOOLS CLOSED

#### MEDIATION CONTINUES

Manchester schools remained closed through Wednesday, November 14, as the week long teacher strike by members of the Manchester Education Association continued.

A bargaining session between the School Board and the teachers was set for 2:00 p.m., Wednesday, November 14, with mediator Ed Phillips in Detroit. A tentative agreement at that session could bring the teachers back to work today.

Manchester teachers went on strike Wednesday morning, November 7, closing schools indefinitely. The teachers had been working since the beginning of the school year without a contract. The Manchester Education Association voted 59-6 for the strike after a ten-hour bargaining session broke down at 2:30 a.m. Wednesday. The Washtenaw-Livingston Education Association (WLEA) voted 86% to support the strike, guaranteeing that if any Manchester teacher is fired because of the strike, all 1,848 teachers in 10 participating school districts will go out on strike.

The striking teachers agreed to continue sports, band and club activities, which was accepted by the school board at an emergency meeting on Thursday night, allowing the band concert and Saturday afternoon game to go on as scheduled.

Ed Phillips, the state mediator, dismissed the teachers and the school board from the bargaining table because the two sides were at an impasse. There were major differences in the areas of salary and health benefits.

In a statement for the board, Eugene Thompson, Superintendent of Schools, said, "By law, a school district must have a balanced budget. With the passage of the Headlee Amendment, and a large decline in student enrollment this year, the district lost \$75,000 in revenue. Very simply, the District does not have the money to meet the teacher's demands."

Bill Symons, President, Manchester Education Association, countered that "We know budgets are tight, but we have a problem with that. We hate to be the lowest paid teachers in Washtenaw County." He also said that the teachers would be willing to settle for less in the first year of the contract, if the school board does not have the money this year, in exchange for a better second and third year agreement.

The last official salary offer from the board was an increase over last year's salary of 7.25%, plus increments in the first year of the contract; 7.50%, plus increments, the second year, and 7.75% plus increments, the third year. (An increment is the additional money paid for each added year of teaching experience, up to a maximum of ten years - approximately a 2.7% increase each year.) The teachers asked for a 10% increase for the first two years of the contract plus increments, with the 3rd year salary negotiable.

Bill Symons said that the teachers just want to protect themselves against the increases in the cost of living. With this year's cost of living increase running at 15%, he said, then accepting the board's offer would mean his salary would buy 7% less than it did last year. Thompson said the salary offer compared favorably with other school districts of similar size in the area.

Options in the current health package were another obstacle facing the teachers and the board. In last year's contract, full family health benefits are offered to all teachers. Any teacher electing not to take

full family health can apply the amount that would go to the health plan, to other options. The single teacher, for instance, Continued on page 9

## In Retrospect

A dozen Cass County residents, angry at conditions in Michigan, want their county to secede and become a part of Indiana.

The Citizens For Secession have announced that they will initiate proceedings to legally place the issue on the November, 1980 ballot.

"We've talked to the legislative branch, the judicial branch, the State Chamber of Commerce which is our lobby group, and the local politicians. We've gotten nowhere. You would think that they would know that outside of Detroit, Grand Rapids and Lansing there is a state called Michigan," say the group.

If their effort succeeds Cass County, Michigan with 40,000 people would become a part of Indiana called Michiana County.

The economic climate in Michigan has deteriorated because of high workers' compensation costs, a state income tax twice as high as Indiana's, a total reliance on property taxes for schools and a tenure law, these hurt the most, they say.

"The committee is totally discouraged with the economic conditions in the State of Michigan and is intent on secession to the state of Indiana," says the resolution passed at a recent meeting.

A Cassopolis lawyer says four steps are needed for secession: the county must approve a referendum seeking to secede, the Michigan Legislature must vote to release the county from the state, the General Assembly must accept the new county, and Congress must finally approve it.

It is expected that a majority of the county commissioners will vote to put the issue on the ballot as a referendum and if that fails the group voted to launch a petition drive seeking a referendum.

There is precedent from a state though it has never been done by a single county. A group of West Virginia counties seceded from Virginia after the Civil War and Maine once seceded from Massachusetts.

In 1976 a group of Upper Peninsula counties asked Attorney General Frank Kelley about forming a new state of Superior and he said that a county could instigate secession proceedings.

If you will recall in June, 1977 Ralph Russell of the Blissfield Die and Stamping, Inc., moved his factory to Ohio, to a site west of Metamora where he is alive, well and happy. He says that he saves at least \$32,000 a year with his 20 employees in Ohio and figures at that rate that in 13 years he will have his new factory for free.

Russell said when he moved that his corporation taxes were 42 per cent less in Ohio and that his unemployment comp. in Michigan is \$15.36 per \$100 of payroll compared with \$5.01 in Ohio.

Businessmen in Michigan haven't taken much interest in labor bills and it is said that the Big 3 don't care as they can pass their costs on to the consumer but the little fellows find this impossible. Then too many Michigan folks think that our school financing system needs some major overhauling, nobody's doing much about it.

Maybe the Cass County boys have Continued on page

**LETTERS TO THE EDITOR**

Manchester schools are not in session. Why? Manchester teachers have found it impossible to continue providing services under the pressures caused by working without a contract. WE DO NOT LIKE being pushed into this situation. We don't like the break in education this causes for our students. We have tried to keep students from losing out and completely on scheduled events which they have worked for all year by continuing all Schedule B activities, such as marching band, clubs, and games, etc.

We have BARGAINED during negotiation sessions by modifying and lowering our requests. There are certain areas which CANNOT be accepted without a loss of benefits we already hold and another which would result in poorer conditions for both students and teachers. Major problem areas at this time are:

1. Class Size Limits - The Board has proposed a complete removal of ALL limits on class size with a promise to TRY and keep the size of classes "reasonable." We are trying to keep the limits that existed in our old contract. Increased class sizes can only cause LESS contact between teacher and student, and less provision for individual differences in the classroom.

2. Health Insurance - Our Association is trying to achieve an improvement in insurance benefits which are not the same we bargained for in 1965. Our health insurance carrier is MESSA which provides good coverage and service. We are currently requesting to have our coverage improved by moving to the next higher type of policy. Since our contract covers all teachers, we have always provided for EQUAL benefits for all members. This has allowed each teacher to use the insurance coverage in the way which is most valuable to that person. Each teacher has been eligible to receive full family health insurance coverage OR ITS EQUIVALENT IN OTHER TYPES OF INSURANCE. Those teachers who do not need the health insurance receive dental insurance, Plan C (50% coverage with no orthodontic riders). The difference between the cost of this and the health insurance is then applied to insurance such as long term disability, life insurance, and annuities (which are viewed as a form of retirement insurance). Using this method, all teachers receive equal benefits.

3. Salary - we made a great deal of downward movement in this area during the mediation session. We went into mediation asking a 12% increase for all teachers to cover most of the cost of living increase last year plus one half the cost of living (about 6%) for this year. We also are asking for a longevity clause which would

The Board's proposal would improve benefits for some, while strongly decreasing them for others. They are saying that the health insurance would be up-

graded to the next level of coverage, as we proposed, as of October 1, 1980, BUT ONLY those teachers who are not eligible for coverage elsewhere can have it. Therefore, if the spouse of a teacher was eligible for coverage elsewhere, regardless of how poor the coverage was, the teacher would have to go with the other insurance. In order to receive health insurance coverage through the school, each teacher would have to sign a disclaimer stating that he/she was not eligible for coverage elsewhere. Their proposal also includes a provision to change the insurance carrier to one of their choice, whenever they chose.

Under dental insurance, we are asking for a continuation of the current plan for the rest of this year, and an upgrading to Dental Plan D with an orthodontic rider for ALL teachers next year. The Board is proposing to extend the current Dental Plan C to cover all employees as of October 1, 1980, EXCEPT for those whose husband or wife also teaches in Manchester. In that case, only one of them would be eligible for coverage.

These Board proposals result in improved benefits for some teachers and GREATLY decreased benefits for others. We cannot accept provisions in a group contract which take from some members to benefit others. We feel this is discrimination.

Accepting the Board's proposals would result in a rearrangement of existing funds to allow a salary increase for all at the expense of some. This would be caused by the loss of benefits currently held under the insurance coverage because of the elimination of the annuity provision. This loss would affect about 40 of our teachers.

For specific examples, please consult the following page.

We cannot accept this premise for two reasons:

- 1) The increment provides for the abilities gained by a year of experience. It is not supposed to cover cost of living. This is a standard part of teacher contracts, and is NOT part of the negotiated salary increase.
- 2) The increment continues only until the 11th year. After that, there is no salary increase, except that negotiated in a new contract. Approximately a third or more of our teachers have reached or passed the 11th step, and no longer receive an increment. This is why we need the longevity clause.

Roger Harrison  
A concerned Manchester Teacher

Dear Editor,

I am working diligently to defeat proposed legislation which would retroactively legalize the recent and present illegal strikes by public school teachers.

In my opinion, the State of Michigan flags on state buildings should be flown at half-mast for as long as we have public school teachers on strike.

My eleven years in the Legislature serve to reinforce my beliefs that indicate government must take lessons from the private enterprise system which cannot survive without good production by good people on a cost accountable basis.

Unions per se are unproductive and gain power and wealth by fomenting strife,

demanding shorter hours and higher pay for their members.

Union controlled public school teachers who have tenure, and who consistently refuse to have their competency tested, are insulting the citizens and taxpayers of the State of Michigan. Their direct violation of the law is a poor example to those of their students who can read the local newspapers and learn that lawless teachers are publicly threatening the laws of a sovereign state.

History has shown us that a duly elected government cannot share its monopoly power of compulsion. It cannot share its sovereignty.

Flying the state flag at half-staff on state buildings would be a symbol of how close we are to bowing to teachers' demands that we pass law to legalize teacher strikes. We must not allow a large and well organized band of public employees to bring the state to its knees as if we were a factory producing goods rather than a duly elected government providing peace and security

to our people. Teachers should be reminded that they are not making cars and car parts which are closely checked and double checked by inspection and recall. In its callous disregard for law and government, the Michigan Education Association would more correctly carry the name Michigan Educated Anarchists.

I hope the readers of your paper will let their legislators know how they feel about bowing to the union teachers' demands.

Yours very truly,  
Gerrit C. "Barney" Hasper  
State Representative  
96th District

**Athletic Boosters**

November 7, 1979

The regular meeting of the Athletic Boosters was opened at 8:10 P.M. by President Wellwood.

The minutes of the October meeting were read and approved.

Treasurer report was given by Pat Fitzgerald and approved on a motion by Bill Broucek, seconded by Jim Fielder.

OLD BUSINESS:  
Betty Ahrens was not present to report on the trees at Booster Field. Ted Stautz said he had been talking with Tom Walton at which time Tom said the trees for Booster Field had been marked and labeled to go up. At this point Tom is trying to get someone with tree transplanting equipment so the project can be completed.

President Wellwood reported that the Fall Sports Dinner for Middle School would be held on Tuesday, November 20, 1979 at 6:00 P.M. at the Middle School. A chairman and committee is yet to be announced.

A motion was made by Joe Fitzgerald to donate \$100.00 to the football team to be used at the discretion of Coach Fielder. Seconded by Kathy Hagerman. Motion carried.

In the absence of athletic director, Bill Scaletta, Kathy Hagerman read a statement from the athletic department regarding coaching during the teacher strike. Bill also asked her to make the following announcement: 1) Cheerleaders will not pay for their transportation to Battle Creek on Saturday. 2) Arrangements have been made for the team to eat at Win Schuler's in Marshall after the game. The meal will consist of steak and trimmings. 3) The school will be receiving money from the state for expenses plus mileage money after 50 miles.

President Wellwood said that everyone in the community was very pleased of Jim Fielder and his coaching staff and team for achieving a position in the state quarter-final playoffs.

He also stated that it had been rumored that Jim would not be allowed to accompany the team because of the present teachers strike. A discussion followed.

It was the consensus of those present to contact board members and get a clarification of a portion of an article that appeared in the Ann Arbor News on that evening of November 7, 1979. It was also suggested that as many as possible attend the Board of Education meeting that was being held on Thursday, November 8, 1979 and show our support for Jim and staff. All members present agreed.

Being no further business the meeting was adjourned at 8:50 P.M. on a motion by Bill Broucek.

Respectfully submitted,  
Kathy Hagerman, Secretary

### Manchester Coed Earns Academic Honor At Adrian College

Sharon Voegeding, the daughter of Mr. and Mrs. Lynn Voegeding of Bethel Church Road, Manchester, recently was initiated into the Adrian College chapter of Alpha Chi national college honor scholarship society.

At Adrian, Miss Voegeding is a junior majoring in art and English/journalism. She is secretary of the Adrian College Players theater troupe and a member of the Adrian Singers, choir and Adrian Christian Fellowship.

Miss Voegeding is a 1977 graduate of Manchester High School. She belongs to the

Sharon United Methodist Church of Manchester.

Dedicated to the recognition and promotion of good scholarship and character, Alpha Chi is the highest academic honor a student may receive at Adrian. To be selected, a junior must maintain a 3.8 or better grade point average based on a 4.0 (A) scale.

### Community Education

Once again the Washtenaw County Sheriff's Department and the Michigan Department of Natural Resources will offer a series of Snowmobile Safety classes for students 12-16 years of age on November 26-27-28 from 7:9:15 at Manchester High School. Students who successfully complete the eight hour program will be awarded a Snowmobile Safety Certificate which will enable them to operate a snowmobile without adult supervision. Program instruction will include:

Care and maintenance of snowmobiles; an understanding of the mechanical operation of snowmobiles; importance of pre-ride safety inspection; proper dress; basic riding positions and first aid and winter survival.

To register sign up in the Middle School Office before the first meeting or call the Community Education Office at 428-7804.

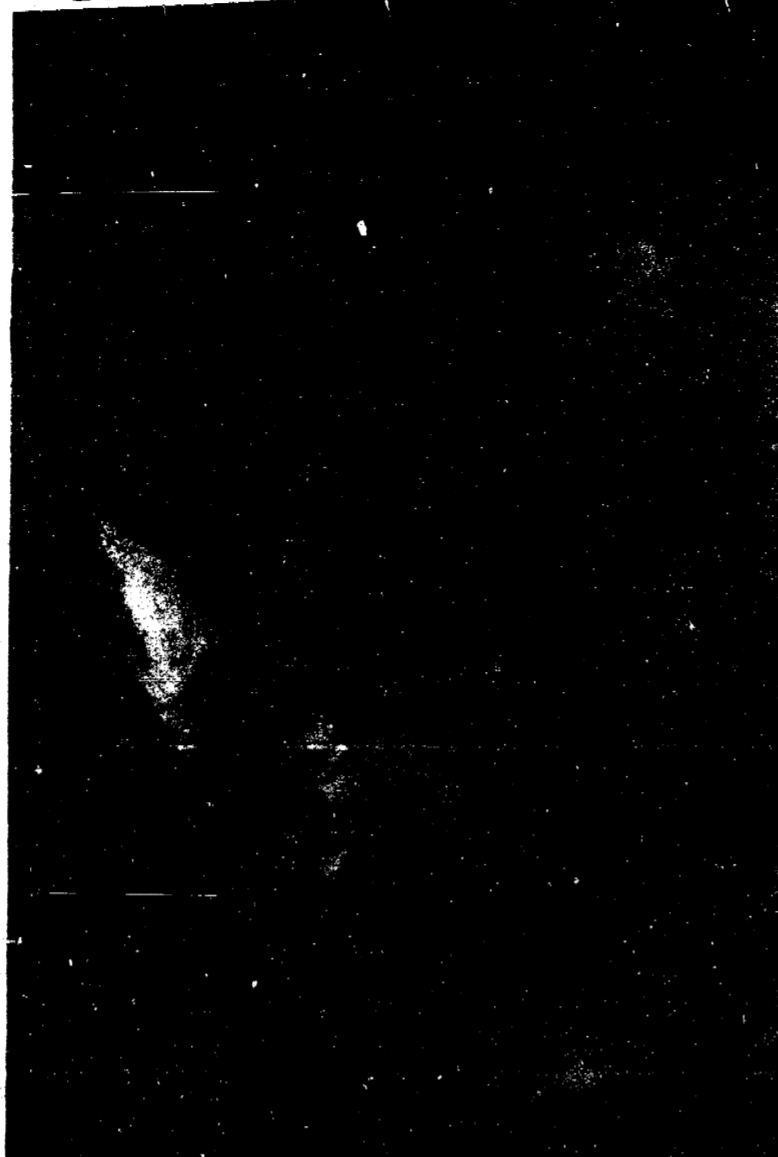

### Freedom Gang

The meeting of the Freedom Gang was called to order at the house of Tricia Horning.

We made our 4-H booklets. We welcomed a new member Karla Raab. We talked about our Christmas Party and drew names for the Christmas exchange.

Refreshments were enjoyed by all.

## BAUER-DETTLING WEDDING

Cheryl Lea Dettling and David Scott Bauer exchanged wedding vows Friday, November 9 at St. Mary's Catholic Church in Manchester. Officiating at the 6:30 p.m. Nuptial Mass was Rev. Raymond R. Schliakert.

Parents of the couple are Mr. and Mrs. Charles E. Dettling of 9755 Ellsworth Road, Freedom Township and Mr. and Mrs. James E. Bauer of 11660 Clinton-Manchester Road, Clinton.

Matron of honor was Mrs. James Barth of Saline, sister of the bride. Bridesmaids included Deborah Bauer, Clinton, sister of the bridegroom and Catherine and Jill Dettling of Freedom Township, sisters of the bride.

Bestman was Bradley Roulo of Clinton and seating the guests were Bruce Dettling of Manchester, brother of the bride and Eric and Christopher Bauer, brothers of the bridegroom. Soloist at the service were Curt Dettling and Kristi Kuntz, both of Manchester. After a honeymoon in Florida the couple will reside in Freedom Township.

worthwhile idea and while they are about it maybe we had better join them. Perhaps we should include with Cass County the other counties of the southern tier of Michigan, Berrien, St. Joseph, Branch, Hillsdale, Lenawee and Monroe and all petition to secede to Indiana or Ohio. In the meantime, Norvell, Manchester, and Bridgewater Townships could file a petition to secede from West county and transfer into her county so that they too, could be transferred into the State of Ohio.

Then the Upper Peninsula could form their own state and the rest of outstate Michigan could have their own political division while the Detroit Metro area could secede from the United States and form their own country. Then they could qualify for foreign aid and thus straighten out their mess without making the rest of us in Michigan share their burden.

We will let you know how this affair is coming as it progresses but really, I think it is beyond the point of being a laughing matter. But us rural yokels seem to be untroubled so what can we do about it?

I've been asked by Ms. Roger Allhouse, a former resident who went thru school here as Gwen Johnson, several questions that I can't answer. May I ask for assistance. She wants to know:

What happened to the bowling alley next to Sloats?  
And to the pool hall above Pete Johnson's?

And do you remember the shop across from the fire barn where Fred (?) Meyer's carpenter shop held forth? He always had a kind word for all of the school kids as they passed his place on the warm, days when his doors were open. How long ago did that disappear?

Someone said that they had a windstorm the other day in Texas that was so severe that it moved the county line ten feet.

## Pleasant Lake Cub Scouts

Pack 433 of Pleasant Lake held their monthly Pack meeting at the Freedom Township Hall on Wednesday night, October 24. As parents arrived they were presented possible fund raising ideas by our Scouting Coordinator, Nancy Spears. As parents decided on what they would like the pack to do in this area, the boys prepared a skit.

The meeting began with Robbie White and Bryan Pratt presenting the flags and Cubmaster, Mary Spears, leading the pack in the Pledge of Allegiance.

The October theme had been hiking and the pack participated in the Munhake District Fall Colors Hike, Sunday, October 21. The hike was 5 miles along the Potawatami Trails north of Chelsea. During the pack meeting the group went on a simulated bear hunt. This was followed by a talk and skit on fire prevention, another October topic.

Advancements given out at this meeting were the last awards earned by three former Cub Scouts who have recently joined Boy Scouts. Chris Creps had earned his Citizen and Outdoorsman Activity Badges along with the Arrow of Light, the highest award in Cub Scouts and the only Cub Scout Award a boy can wear on his Boy Scout uniform. Joe Knasiak received his Athlete and Artist Activity Badges and Jeff Knasiak received his Athlete Activity Badge. Robbie White won our October point system prize.

We presently have ten boys in our pack, five of which joined us in September and three more since then.

Our November and December activities include attending the EMU vs WMU football game and rollerskating in Ann Arbor on December 5. November's pack meeting theme is Knights of Yore and will be held on the 28th at 7:15 p.m. at the Freedom Township Hall. All boys of the area who are between the ages of 8 and 11 are invited to attend.

We have decided to sell Revere Toolmate Kits and Fuller Gift Wrap paper as fund raising projects for our pack. Please support our pack by purchasing one or both of these useful items.

## March of Dimes Thanks

Chairman Jim Datsko, would like to send out his thanks to all who worked so diligently on the March of Dimes Family Halloween Blast.

Special thanks go to Mark Thomas, of WNRS, and to The Midnight Rider Band who are just terrific.

Mark did a fine job taking charge of the Gong Show, and getting the dance underway. He also gave us great support on the air before the events, so to him and WNRS our great appreciation for their tremendous support.

The Midnight Rider Band plays some fantastic rock and country music, so this reporter found out. She danced more in that one evening than she had in years, and loved every minute of it. One cannot keep one's feet still, when these young men strike up. They started out at the Palamino Inn, just jamming, and soon were asked to play regularly. During the next couple of years they have had some personnel change, and now consist of Jim Peters of Manchester on lead, and boss of the show, Randy Teachout of Ann Arbor on rhythm. Jake Jaqua of Belleville on bass, and Dave Allison of Saline on drums.

The people who worked to get the events put together, also deserve a special thanks, for they did a really great job. Working on the Carnival Games were Lucine Litteral, chairman, Sue Gisting, Matt Donnalton, Eileen and Mike Bail, Julie and Martha Moore, Carolyn Schwab, Cristy Broucek.

Corrie Hutchinson, of Ann Arbor, Jim McEwin, and Jim Mann.

It was so cold that the Dunk Tank was cancelled. Jim Mann and some of his crew went inside and helped with the Carnival. Thanks guys.

Sylvia Meeks and Doris Eisenhauer co-chaired the dinner, and their helpers were Joyce Spiess and Sue Knasiak. Good job ladies.

The judges for the Gong Show were Lucine Litteral, Mark Gisting, and Richard Wolfe. MC was Mark Thomas of WNRS. Jim Datsko helped keep things rolling along.

Rick Kleinschmidt chaired the Hayride, with the help of Red Knasiak and Roy Meeks.

The Dance was co-chaired by Sandy Stobbe and Judy Fahey, with the assistance of Linda Strubbe.

A big thanks also goes to the Manchester Community Schools for allowing us to use the Middle School buildings, to Jim McEwin for spending the entire time there to help with building maintenance, to Gary Bondy for transportation chores, and to Sue Knasiak, Sara Riggs, Linda and Jeff Knasiak, and Linda Weston for taking care of the babysitting.

The many donors, of course, are most important to events such as these, and are appreciated tremendously. Our donors were as follows: Jim McEwin, Co-op Nursery, MacDonalds of Zeeb Road, State Farm Insurance, Great Lakes Federal Savings and Loan, Mann's Feed Mill, Ben Franklin, Manchester Electric, Donna England, IGA, St. Mary's Church, Sylvia and

Roy Meeks, ACE Hardware, Corrie Hutchinson, Mike and Alice Rossette, Alber's Orchard, Bakers Dozen, Wm. Zaenyuk, Red Knasiak, Rick and Sharon Kleinschmidt, and of course, WNRS, Mark Thomas, and the Midnight Rider Band.

Lucine Litteral would like to send her personal thanks to those behind the scene people, who so kindly responded to her requests for help.

Hope I have not forgotten anyone. If so, please accept our thanks, even though you are not named.

## Teachers Strike

may choose a less costly health package, then apply the difference between that plan and full family plan (which at present costs \$121 a month) to other options: a dental plan (mandatory for those not taking full family health), a vision insurance plan, life insurance, indemnity and annuities.

The board wanted to eliminate this option because it is an unusual provision. Thompson said he knows of no other location where a teacher can turn his health package into sheltered income. Symons maintains that the board is causing the teachers to pay their own salary increases with the money the board would save by eliminating this option.

Further differences in benefits exist between the teachers and the board. According to Symons, the teachers asked for the best health care plan offered by Michigan Education Special Services Association (MESSA), Super Med 2, and for Dental and Vision Plans and \$10,000 in life insurance. In last year's contract the teachers had Super Med, the lowest option plan. The Board, said Thompson, offered to go to Super Med 1 (the middle plan) in the 2nd and third year of the contract. The

Board also offered dental coverage to all teachers (it is currently available and mandatory only to those not electing full family health care), and \$2500 in life insurance the first year of the contract, \$5,000 the second year, and \$7,500 the third year. Thompson also stated that the Board wanted to move to coordinate benefits, with pre-existing coverage taking precedence.

The two sides also disagreed over class size, with the teachers wanting to keep the current sizes in their contract, and the board wanting to eliminate class size from the contracts.

The School Board convened an emergency session on Thursday evening, to discuss teacher negotiations. Three hundred fifty persons attended the meeting. The Board voted unanimously to allow the coaches and band director to work in extracurricular activities.

Fred Schwartz, chief negotiator for the board, presented an update on negotiations, describing the differences between the board and teacher positions. He pointed out that the current offer would deplete the fund equity, and \$30,000 would have to be cut from the budget because state law says a school district cannot run in the red. He presented to the board three courses of action: 1. Schedule another meeting for

mediation; 2. seek an injunction ordering the teachers back to work, and 3. disciplinary action, with hearings and possible firings of teachers.

Before taking a vote on the board action, Corliss Mick opened the meeting to questions from the public.

A partial summary of the questions and comments follows.

Pat Sahakian and Elaine Gebhardt questioned Mr. Schwartz on the class size provision of the contract. Manchester has a 20-1 pupil/teacher ratio, among the lowest class size in the area. The current contract stipulates that for more than 24 students in kindergarten and first grade classes, 27 students in grades 2, 3, 4, and 30 in middle school and high school, teachers will receive an annual stipend for the extra students.

Mr. Schwartz replied that he hoped to eliminate the figures from the contract and the Board would negotiate class size after the total cost of the contract is evaluated.

Ms. Gebhardt responded that her concern was can teachers handle an overload, whether or not they are paid for it? "Is my child going to get a good education in an overloaded classroom?"

Dick Gray, chief negotiator for the striking teachers from the Michigan Education Association, commented on the health option provision. Schwartz had stated that the Board wanted to delete the term "grab bag". "It is imperative that the public understand that the option has been in the contract for ten years. The Board is asking the teachers to give up the option to get salary increases. That is like robbing Peter to pay Paul."

Gray asked two questions of Schwartz. "Are not the percent increases in salary offset by the decrease in benefits? and What are the must items for the board that will settle the contract?" Schwartz did not respond to the first question. To the second he answered that eliminating the option clause and negotiating a three year contract, rather than a two year one, were musts for the Board.

Schwartz added that the Board wanted the three year contract to give the new superintendent breathing space from bargaining, to handle all the other problems in the school system. Negotiations are time consuming, and the Board did not want to get caught in a county wide squeeze in two years when contracts for all the other WLEA schools expire.

Mr. Savage asked what percent of the teachers use the health options. Ted Tapping, a teacher spokesman, said that 18 teachers receive full family health benefits, leaving 51 teachers participating to some extent in the options.

"What percent of the teachers get

increments?" Jan Wiggard asked. Tapping replied that 25 percent of the staff is at the top of the salary range and get no increments; all the rest receive increments. Sue Cole asked why, in formulating the budget, using information that school population is declining with a resulting lower tax base, was there no movement to ask for a millage, so a better offer could be made to the teachers? Thompson responded that a loss of students is virtually impossible to predict.

Corliss Mick added that the Headlee Amendment cost Manchester a mill. "We did not know exactly what effect that would have until September. We can suspect the number of students but can only project. There was a greater decline than projected."

Ted Tapping read a position paper outlining the areas in which the teachers cannot accept compromise. It said, in part:

1. Increased class size can only cause less contact between teacher and student, and less provision for individual differences in the classroom.

2. The options to the health insurance insures that teachers receive equal benefits: those not needing full family health can receive an equivalent in other types of insurance.

3. In mediation the teachers dropped a request for a 12% increase for all teachers to a 10% increase. They are also asking for a longevity clause to increase a teacher's salary by 5% at the beginning of his/her 15th, 20th, 25th year, etc.

Joyce Spiess asked how much of a millage increase would be necessary to cover the teachers' demands. Schwartz answered that 3 mills would be necessary for salaries alone, plus another mill to cover some necessary construction in the schools, such as insulating the high school roof, and installing heat controls in the middle school.

Ms. Mick closed the discussion and the board went into executive session to decide which of the three possible actions they would take.

After an hour and 20 minutes the board returned from executive session and voted unanimously to contact the mediator at the "earliest possible moment". The meeting adjourned at 10:50 p.m.

# GREAT SEASON DUTCH!!!

## Watervliet Nips Dutch In Overtime, 12-6

by Jon Hardenbergh

This is sure strange for me—writing a story with a sad ending. You can retrace back to the first game for the Dutch loss, then we conquered 8 straight before bowing out Saturday to the Panthers. It was a very exciting season with good solid wins over Hudson, Addison, Clinton (also these were shut-outs) and of course Stockbridge which shot us into the State playoffs. Our offense ran wild with Gary Daniels blasting his way for 1,018 yards while John Mooneyham scampered for about 760. The trench play was superb while our defense just stopped opponents with a 3.2 point average. For those nail biters, the last 2 contests involved overtime to decide the victor. As far as I remember the last and only overtime game for us was against Grass Lake and Scott Gormley scored the winning points. Now we have added 2 more and both involving Panthers. First, it will be a long time before the fans or Jeff Geiger will forget his fieldgoal suppling the victory points over Stockbridge. Unfortunately Watervliet continued on in their quest for the State title by adding 6 points in a 6-6 tie to end it for us.

As title fever reached its height Saturday in Battle Creek, it roared even higher within minutes. We won the toss and received the kick at our 10 where Gary ran to the 28. Our first play went to Gary who ploughed for 5 where I saw a yellow flag fly—yes, holding against us at the 34. Back half the distance to the 17, so up we trotted again. Todd Quayle, who alternates offensively with John Mooneyham took the hand off right and saw green grass ahead. Todd picked them up and layed them down until he went out at Watervliets 31 for a 52 yard gain. Our next thrust went to John for 2 off left and our 2nd and 3rd plays went just to the line of scrimmage. This brought up 4th down at the 29 and Brian Broucek faked the hand-off and rolled left. Gary was about 10 yards downfield when Brian's aerial hit him in stride so at 9:08 Gary crossed the goal for the touchdown. We failed on the extra point play so we sat atop a 6-0 score. Watervliet's first possession resulted in no first downs so punted, but we did likewise. The Panthers had control as the quarter ended but soon chalked up their first, first down. They

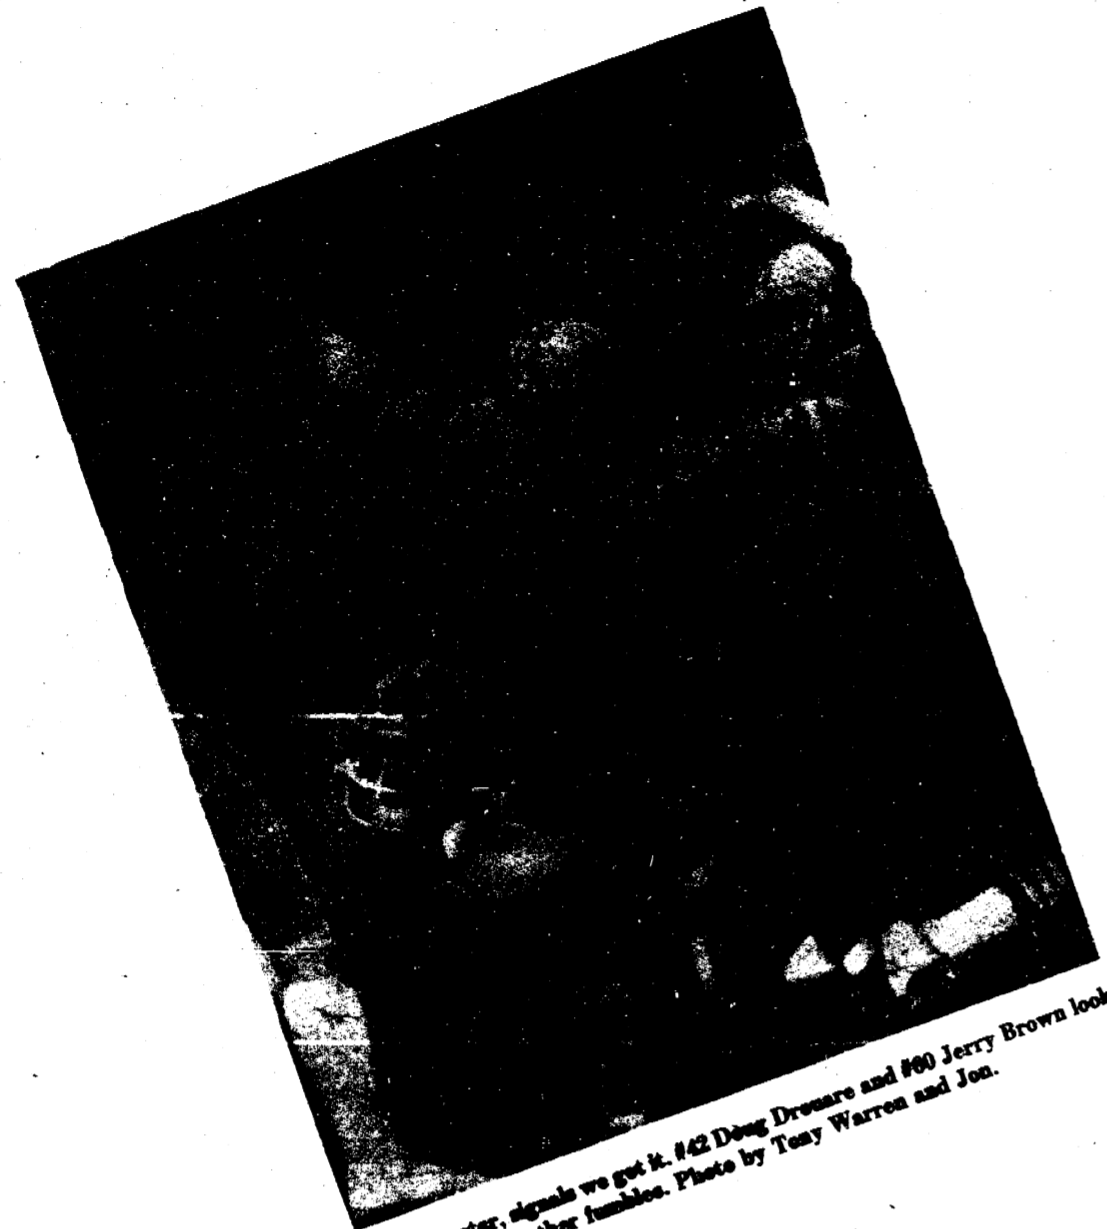

moved somewhat but mis-cued and we recovered the pigskin. We did run 3 downs to 3rd and 3 but we took too long in the huddle so went back 5. Brian's pass fell incomplete so Troy punted. Watervliet set up on their own 18 and started moving. With fullback blasts, quarterback option sweeps and a pass similar to Brian's to Gary, the Panthers found themselves at our 6. Again they went to the air and the sphere landed in a Panther claw for the touchdown. They also went for 2 points but failed, so at 4:47 it stood 6-6. After the kick we didn't get the first, so Troy again punted with the Panthers taking over on the 40. The very first play they fumbled with Gary pouncing on it and on first we passed. They intercepted at the 35, so it was a quick turn-around. The Panthers moved somewhat but no tally difference so at half it stood knotted at 6-6.

Following Jeff's kick, Watervliet moved 3 downs and on 3rd and 1 got 1/2 but up went a flag. The leather moved to our 31 at 8:31 and they worked the quarterback option well to inside our 15 when they passed but Brian knocked it down. Again they threw, but Troy speared it to intercept and ran it to the 13. We went nowhere so punted and Watervliet again started driving—on 4th and one they got 10 so sat on our 42. Our defense got tough so as the final quarter came about both squads punted. With 5 minutes left we punted with a Panther coughing it up at their 30. Unfortunately we stalled so punted so they possessed. We touched again but ran the clock out so into overtime we went 6-6. They won the coin toss and chose to go last so we had 4 plays from the 10 to score. The handoff went to Gary and he went for 8 and the Dutch fans went wild. This noise was hushed by the Panther defense as the next 3 drives by Gary accumulated 1 and 1/2 yards, 1/2 yard short. Now, it was their turn—almost a mirror as they went 8 on first but on 2nd their tailback drove for 6 points and it was over, 12-6.

Statwise we gained 141 total yards on only 4 first downs as Watervliet had 11 firsts and 223 total yards. We punted 5 times as they punted 7 times with both averaging 30, 4 a kick. We fumbled 3 times controlling each but they mis-cued 5 losing 4.

The Panthers now play Detroit Lutheran West at Vandercreek Lake Friday or Saturday.

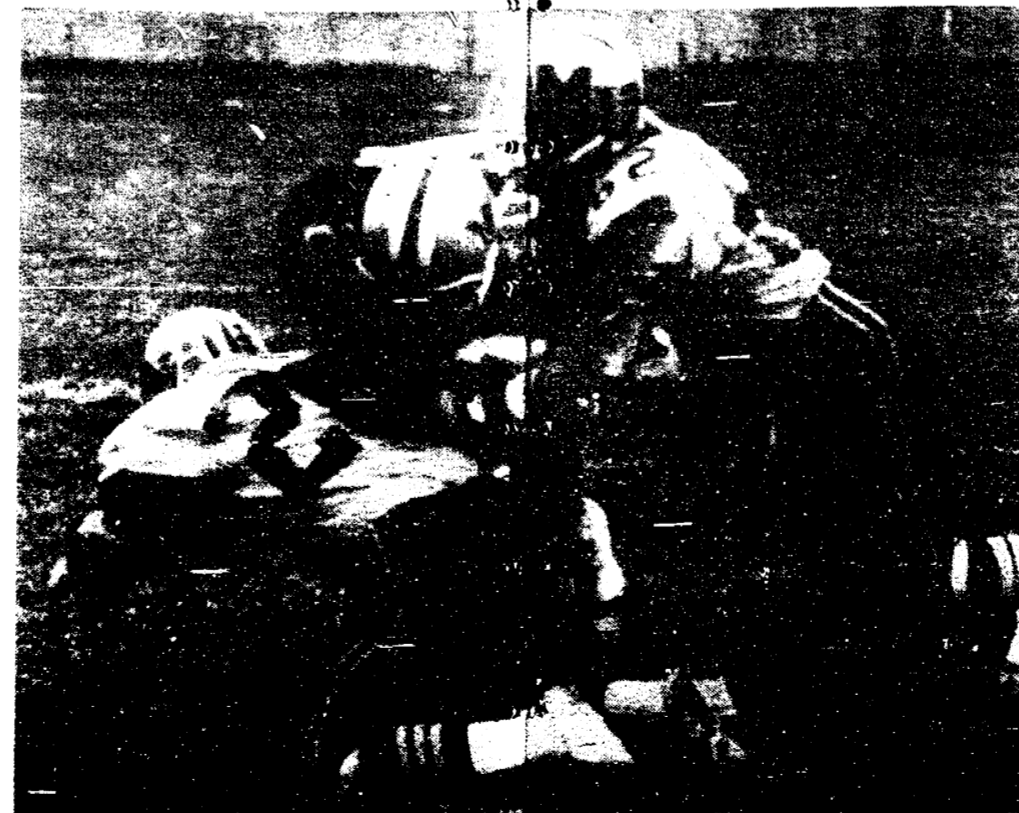

In the next couple of weeks I'll have some special interests on the football squad.

### Manchester Village Planning Commission

October 3, 1979

The regular meeting of the Manchester Village Planning Commission was held at the Village Hall with members present: Hinkley, Leeson, Krauss, Daniels, Tracy, Smith, and Bond.

The meeting was called to order at 7:35 P.M. by Acting Chairman Hinkley.

Attorney Mark Gistingier was also present to clarify legal aspects of certain parts of the Zoning Ordinance.

The matter of renewed request by Robert and Karen Paul (not present at this meeting) for a variance was discussed.

It was moved by Tracy to recommend that Robert and Karen Paul be permitted to construct an additional building for use in conjunction with their party store at 500 Ann Arbor Street, to comply with the following stipulations:

- (1) The new building to be detached from the existing structure, and to be unheated;
- (2) to be located such that there will not be a traffic hazard at any time;
- (3) to be utilized only for the storage of empty drink containers and cartons.

Further, that a written request be accompanied by a site layout plan, including overall dimensions of the property, the existing and proposed buildings, location of the buildings, parking area(s), and traffic pattern and truck delivery and loading spaces.

The motion was seconded by Daniels, and passed unanimously.

Minutes of the meeting of September 18 were read, and on the motion by Daniels, seconded by Bond, were approved.

The Village Council has appointed Mr. Rolland Grossman as a member of the Commission.

The Planning Commission now having full membership, election of a permanent Chairman was declared in order.

Leeson nominated John Hinkley to be Chairman. The nomination was seconded by Daniels, and unanimously approved.

Organization of the Planning Commission: John Hinkley, Chairman; Russell A. Smith, Vice-Chairman; Laurin Leeson, Secretary; Sue Bond, Bruce Daniels, Rolland Grossman, Harry Krauss, Clifford Tracy, Clyde Wellwood.

The meeting was declared adjourned, at 9:25 p.m.

Laurin F. Leeson, Secretary

### Lambda Nu

It will be a busy month of November for Lambda Nu! Besides our bowling social at Bel Mark on November 17, we're also planning our annual wreath sale, our first annual pumpkin pie sale, and the joint talent auction with Xi Epsilon Iota. Our wreaths this year are coming from Chelsea Greenhouse, so we should have no delivery problems. They will be selling for \$5.00 apiece, and are also much bigger this year than last year, measuring 25 inches. We hope that those who have supported our wreath sale in past years will be willing to support us again, and that they'll be more pleased than ever with our service. Anyone interested in wreaths can call Shirley Lowery, 428-8739 or Mary Frances Feider, 428-8506 to place an order, or place your order with any Lambda Nu or Xi Epsilon Iota member. We'll be selling through the end of November.

Lambda Nu's first annual pumpkin pie sale will be held at both Union Savings Bank and Great Lakes Federal Savings on Wednesday, November 21. For those busy families who don't like staying up till all hours of the night baking the night before Thanksgiving, and enjoy spending their day in a more relaxed way, these pumpkin pies will be homemade and delicious for your Thanksgiving Dinner. The sale will be held from 10:00 a.m. till closing at each location. Pies will sell for \$2.

The talent auction will include homemade items from soup to nuts and will be held at a talent auction at the Emanuel United

Church of Christ Hall on Tuesday, November 20 at 7:30 p.m. Christmas items and baked goodies will be our major commodity, but we're sure you will find just the gift for everyone on your list. Refreshments will be served, and we hope to see you there.

Stay tuned for further developments on Lambda Nu's St. Patrick's Day Dance, coming up next!

### Postmaster Appointed At Bridgewater

Appointment of Daneil Kay Guenther as Postmaster at Bridgewater, Michigan was announced recently by John P. Doran, Regional Postmaster General for the 13-

State Central Region.

Ms. Guenther has spent the entire nine years of her career at the Bridgewater Post Office. She started as a Sub. Clerk, and has retained that position until her recent appointment to Postmaster.

She and her husband Gordon have been married for nine years. They attend the Lutheran St. John Church in Bridgewater.

Daneil Kay Guenther was sworn in as Postmaster at the Bridgewater Post Office by Detroit Postmaster, Joseph J. Loukotka, on Friday, November 2nd.

Postmasters are selected on merit, based on recommendations by a Management Selection Board and appointed by the Postmaster General. Appointments are not subject to senate confirmation.

why some senior citizens get more out of their money than others...

They know how money works. They've taken a close look at their capital and investments. If they find their money earning only 3%, 4% or 5%, they switch. Switch their money to Great Lakes Federal Savings higher earning certificates. As an example, at Great Lakes Federal Savings you can earn 8%, 9%\* per year and more. Add hundreds of dollars to your annual income. For details and answers, stop at any office of Great Lakes Federal Savings, and ask for free folder, "Why Some Senior Citizens Get More Out Of Their Money".

\*The 8% per annum 8 year passbook certificate with monthly compounding yields an effective annual rate of 8.30%. Minimum deposit is \$100. Our 26 week Money Market Certificate pays a higher fixed rate. Rates are announced weekly. Minimum deposit \$10,000. Federal regulations prohibit the compounding of interest on Money Market Certificates. They are automatically renewed at maturity at the then current rate.

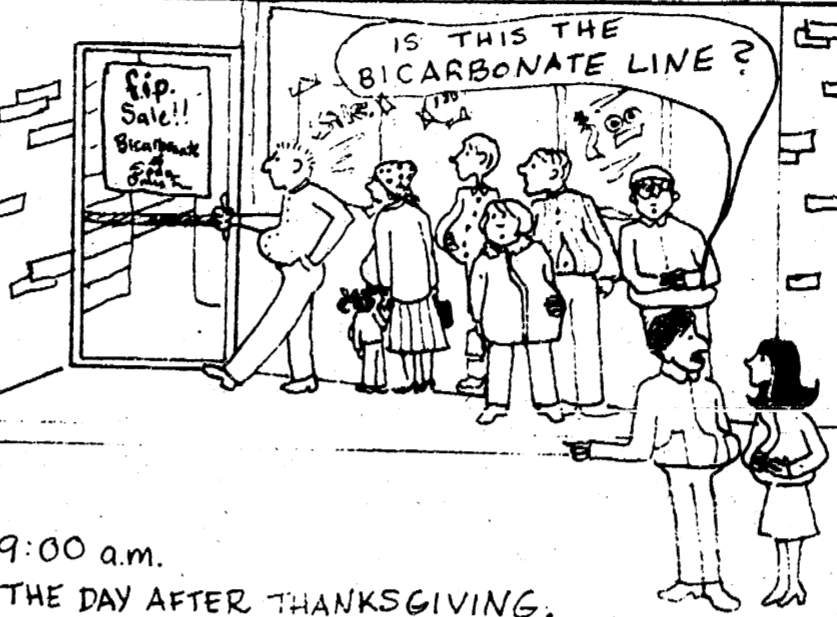

Federal regulations require an interest penalty for early withdrawal from certificate accounts.

### Christmas Craft Exhibition

Grandmother's country kitchen at Christmas time is the setting for the second annual Christmas crafts exhibition at the Manchester Art Gallery. An old cook stove, rocking chair, Christmas tree, and other items reminiscent of a cozy country kitchen will form the backdrop for the many fine art and craft items on display and for sale. These handcrafted gift items, ornaments, and pieces of fine art have been made for this exhibition by area artists and craftspeople.

The Opening Celebration of "Over the River and Through the Woods: A Visit to Grandmother's" will take place on Friday, November 23rd. Visitors are invited to join Manchester Art Guild members between 10 and 4 for a cup of mulled cider and a Christmas cookie while looking over the wide assortment of treasures. Along with the handcrafted gift items, there will also be home canned and baked goods perfect for giving, or serving, to family and friends. Several special demonstrations have been planned during this Opening Celebration, and background Christmas music will help to set the mood.

A very special "Children's Day" has been planned for Saturday, December 15th from 10 to 4. Area artists have been busy making unique items with small price tags for this special day. Children will be met at the door by Art Guild members who will help them in making their selection. The small visitors may then create their own gift wrapping at no extra charge. Storytelling sessions, given by Grandmother herself, have been planned throughout the day. Mulled cider and cookies will be available for the

youngsters, and parents may enjoy a cup of coffee and cookies while their children shop.

In addition to the festivities planned for the Opening Celebration and Children's Day, there will also be an opportunity to learn how to create your own Christmas ornaments and gifts. The Calico Family Workshop on November 24th will teach how to make lovely ornaments using scraps of fabric. Cornhusks will be made into dolls and wreaths in the Cornhusk Family Workshop on November 29, and bread dough ornaments will be made in the Bread Dough Family Workshop on December 8. Also on December 8, the Clothespin Doll Workshop will show how to make delightful dolls using clothespins and leftover scraps. Those interested in joining Guild members in the old fashioned custom of creating their own gifts and ornaments are invited to call 428-7238 during the evening.

"Over the River and Through the Woods: A Visit to Grandmother's" will run from November 23 through December 23. Along with the special dates mentioned above, the Manchester Art Gallery will be open on Tuesdays and Saturdays, 10-2 p.m.; Fridays and Saturdays, 7:30-9 p.m.; and Sundays 8-6 p.m. Special arrangements for visiting the Gallery can be made by calling 428-7927. The Manchester Art Gallery is located at 138 E. Main St., Manchester.

## STRIKE CONTINUES-- NEGOTIATIONS DRAG

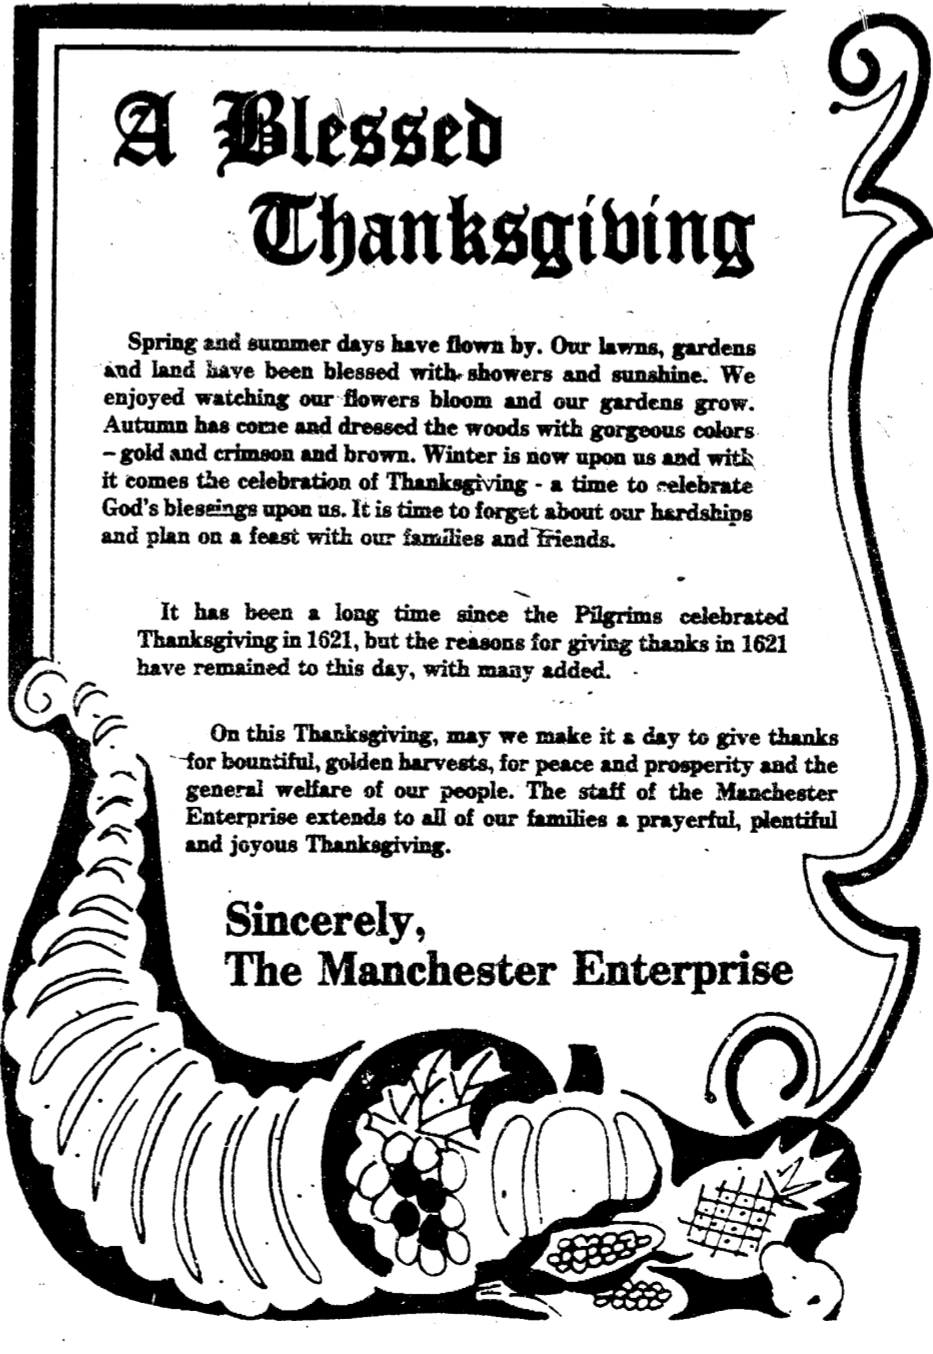

by Sandra Valentine  
Manchester schools remained closed this week, while the School Board and teachers again failed to reach an agreement in mediation. Another mediation session is set for Wednesday, November 21 at 1:30 p.m. with the state mediator, Ed Phillips, in Detroit. Today, the strike goes into its 11th day.  
The teachers turned down the school board's newest offer at the last mediation session, Wednesday, November 14. Both the teachers and the Board are claiming that the other side is unwilling to negotiate.  
Marian Kime, speaking for the teachers on their information hotline, said the teachers turned down the new offer because it was presented as a package, with some parts unacceptable to the teachers. The teachers withdrew an unofficial offer (which Kime would not define because it was unofficial) and returned to their original position because of Board refusal to bargain on separate issues.  
"Somewhere we are going to have to get open communications going, people sitting down and talking to each other," she commented. She mentioned the possibility of side bargaining, unofficial talks apart from the formal mediation sessions. "The teacher negotiating team is ready to meet anytime the board is ready," she said.  
Eugene Thompson, Superintendent of Schools, said, "My real concern is that the teachers are showing no willingness to bargain. We've made the last two offers and they've made no counter offers."  
Responding to the comment that the teachers want to bargain area by area, instead of either accepting or rejecting a package, he said, "We'd be willing to bargain any way they would like to go at it. They don't seem to understand that bargaining consists of I want this but I'll give you that." We are putting proposals out. We are trying to put out new ideas. They are making no offers. They put out one unofficial offer and then withdrew it."  
The package that the board offered, at the last mediation session, according to Thompson, included:  
1. A salary increase of 7.5%, plus increments the first and second years of the contract, and 7.75%, plus increments, the third year of the contract. Teachers at the top of the salary scale not receiving increments (approximately a 3.7% increase for each year of service up to 10 years) would get an 8% increase the first year of the contract.  
The board's previous offer was an increase of 7.25%, 7.5%, and 7.75%, all plus increments, for the first, second and third years, respectively. The change in the board's position is in the first year salary increase, from 7.25% to 7.5%, and in the 5% increase the first year of the contract for teachers not receiving increments.  
2. An improvement in health benefits for those people taking insurance at this time, to the next highest insurance offered by the board.

## Christmas Eve Luminaria

Last Christmas Eve you may recall the tiny bags with the candles that illuminated Ann Arbor Street. This year the Manchester Art Guild is sponsoring the third annual Luminaria. We are asking for your help. We need to have one person from EACH side of each street. Please do not call and order one. Check with some of your neighbors and see if they would be willing to help you. What do you have to do to light up your side of your street?  
1. Make a list of all the people living on your side of your street, and their addresses.  
2. Call each home or go door to door and explain what the Luminaria is. Ask if they are willing to participate.  
3. Collect \$2.00 per house.  
4. Figure out approximately how many Luminaria candles and bags each house will need. (One every ten feet)  
5. When you have finished this list give me, Karen Hinkley a call at 428-9115.  
6. You will also be responsible in making sure your list of people get their kits.  
Each Kit will include the following...  
1. Candles, 2. white lunch bags, 3. sand, 4. instructions on how and when to do the Luminaria.  
If you are not interested in doing your side of your street or if someone else is already working on it, perhaps you might like to work on any of the following...  
1. Decatur St. is the sand digging on Ann Arbor Street at the County Road Commission. Bring a shovel. 10:00 a.m.  
2. Luminaria kits will be assembling the kits. Meet at the Manchester Methodist Church at 10:00 a.m.  
The Luminaria is said to have its origin in the sixteenth century when Mexican Indians set many Luminarias (bonfires) on the patios of their churches and on the flat roofs of their adobe homes on Christmas Eve to light the way for the Holy Couple. In the cities, these bonfires came to be replaced by an ingenious arrangement in which a paper bag was weighted down with sand and a small candle placed inside. The American version as the Luminaria is said to have begun in the Southwest when the first wagon trains arrived from St. Louis in the early 1820's.  
Today in the Southwest, homeowners put out thousands of paper bag lights in front of their homes. Visitors to this area have been so impressed with the Luminaria displays that the custom has spread to many sections of the United States and Canada. For the third year Manchester residents will join together in lining their streets with candles.  
As we wandered down the street with stops at various trees which had to be checked for new and interesting smells, we paused while the checking was being done and looked about, and found that our surroundings presented a calm and peaceful picture with the nearby houses bathed in moonlight with lights in many of the windows indicating comfortable interiors inhabited by contented families. Off in the distance we heard the barking of a dog or two and the noise of a passing car, but everything even sounded peaceful. All of the troubles of the world seemed to be unimportant and far away. The world seemed to be a wonderful place in which to be.  
We sauntered on around the block with appropriate pauses, and as we slowly progressed we thought to the many years we had spent in Manchester and particularly, to another night like this when we had worked late at the office and long about midnight had trudged up Ann Arbor hill to our home quite perturbed, for at the office we had heard on the radio that Hitler's legions were on the march and just before we left for home we heard that they had

## In Retrospect

I was chastised the other day for rarely saying nice things about anyone or anything...taint so. I just reported and commented about various subjects and people that I found interesting and thought that my readers might be interested in. Among those were several "nice" things as well as those that perhaps were not.  
It is not difficult to say "nice" things about Manchester or any other small town, for me at least. Even with all of their narrow mindedness and bigotry and their seemingly selfish interests we still think, after having lived in them for all these years, that there are no better places. Maybe they are lacking some things but they have a good supply of the essentials.  
This I was quite impressed with the other evening along about 9:30 p.m. when our "cockeyed" spaniel (as Maury Amsterdam used to call them) asked me to take him out for his evening trip to visit three or four trees and a couple of posts on his block and so we fared forth to the walk in front of the house and down the street.  
This evening that we wrote of was one of those late fall evenings with leaves underfoot which had just fallen off the trees. Overhead a silvery bright moon cast inky shadows from the naked tree limbs on the ground, and the slight wind made these shadows dance with wild gyrations in a ghostly ballet.  
As we wandered down the street with stops at various trees which had to be checked for new and interesting smells, we paused while the checking was being done and looked about, and found that our surroundings presented a calm and peaceful picture with the nearby houses bathed in moonlight with lights in many of the windows indicating comfortable interiors inhabited by contented families. Off in the distance we heard the barking of a dog or two and the noise of a passing car, but everything even sounded peaceful. All of the troubles of the world seemed to be unimportant and far away. The world seemed to be a wonderful place in which to be.  
We sauntered on around the block with appropriate pauses, and as we slowly progressed we thought to the many years we had spent in Manchester and particularly, to another night like this when we had worked late at the office and long about midnight had trudged up Ann Arbor hill to our home quite perturbed, for at the office we had heard on the radio that Hitler's legions were on the march and just before we left for home we heard that they had

**A Blessed Thanksgiving**

Spring and summer days have flown by. Our lawns, gardens and land have been blessed with showers and sunshine. We enjoyed watching our flowers bloom and our gardens grow. Autumn has come and dressed the woods with gorgeous colors - gold and crimson and brown. Winter is now upon us and with it comes the celebration of Thanksgiving - a time to celebrate God's blessings upon us. It is time to forget about our hardships and plan on a feast with our families and friends.

It has been a long time since the Pilgrims celebrated Thanksgiving in 1621, but the reasons for giving thanks in 1621 have remained to this day, with many added.

On this Thanksgiving, may we make it a day to give thanks for bountiful, golden harvests, for peace and prosperity and the general welfare of our people. The staff of the Manchester Enterprise extends to all of our families a prayerful, plentiful and joyous Thanksgiving.

Sincerely,  
**The Manchester Enterprise**

**Lunch With Santa**

Santa Claus is coming to town on December 15th. You can have lunch with him at the Emanuel Church at 12:45 p.m. Tickets can be purchased at Bakers Dozen, Village Pizza or Union Savings Bank in town. We only have seating for 150 people so get your tickets now, children must be accompanied by an adult. No tickets will be sold at the door.  
Santa will arrive in town at noon the same day and will be in the parking lot where you are welcome to come and see him whether you plan on staying for lunch or not.  
The Jaycees will be taking pictures again this year and the Optimist will be helping Santa with the candy.  
Proceeds from this project will go to Reyes Syndrome.  
Lunch with Santa is sponsored by the Manchester Jaycee Auxiliary.
