Spring Brings Chicken Broil Planning

Plans are already underway for the Annual Chicken Broil to be held in Manchester, Michigan on Thursday, July 17. Robert Ross of Bethel Church Road

Spring Clean Up

The Manchester Village Association, in cooperation with the Department of Public Works, is again sponsoring the semi-annual Village clean up campaign to be held on Thursday, May 8th. The purpose of this day is to give the entire village a good Spring cleaning.

On this day, the Public Works Department will provide the special service of picking up at the curb and disposing of all leaves, old papers, trash, household junk and other clutter around your house and property. The only items which cannot be handled on this day are: garbage (food stuffs, etc.) stones, stumps, logs, industrial waste, and liquids of any kind. In order to make it easier for the clean up crew, please package leaves separately from other items, and make sure that all bags or boxes are sturdy and light enough to be moved.

If there are any Senior Citizens requiring assistance with this project, please call Sue Bond (428-7927). Several groups have volunteered to help our elderly citizens with this project.

So, let's all get busy cleaning yards and attics. With a little effort our Village will sparkle on May 8th.

High Interest Loans Available At Library

In an effort to stem the rise of prices and the spiral of inflation, the Manchester Township Library will be offering high interest loans to its patrons during National Library Week, April 13-19, and throughout the year.

With inflation at an annual rate of 19 percent, the staff of Manchester Township Library urges patrons to ignore the economists and borrow, borrow, borrow... from the library and take advantage of its outstanding values.

National Library Week is the perfect time to come in and discover a few reasons why YOUR library is America's greatest bargain.

HIT OR MISS by farley

April has arrived and with it spring. The Indians it is said, called it the "grass moon", the time when the grass suddenly turned green and grew so fast you could almost see it do so. In so doing it provided concealment for all kinds of small wildlife such as the frogs, toads, rabbits and ground nesting birds.

By May first we can welcome back all kinds of birds. Lou Klewer notes that the advance scouts of the martin tribe have already been here and gone back to report and the whole tribe will be here shortly. The crows are nesting and being very vocal about it, and the morning doves and the robins and the cardinals are busy with their homemaking as are also the wrens and the finches.

The rabbits are well along with raising their first brood of the season as are the woodchucks and the groundhogs and then too don't forget the opossum.

April 25 is Arbor Day this year and so, in the meantime you should get the garden underway, collect all the debris that has collected during the winter and plant that shrub or tree that will go towards beautifying your yard.

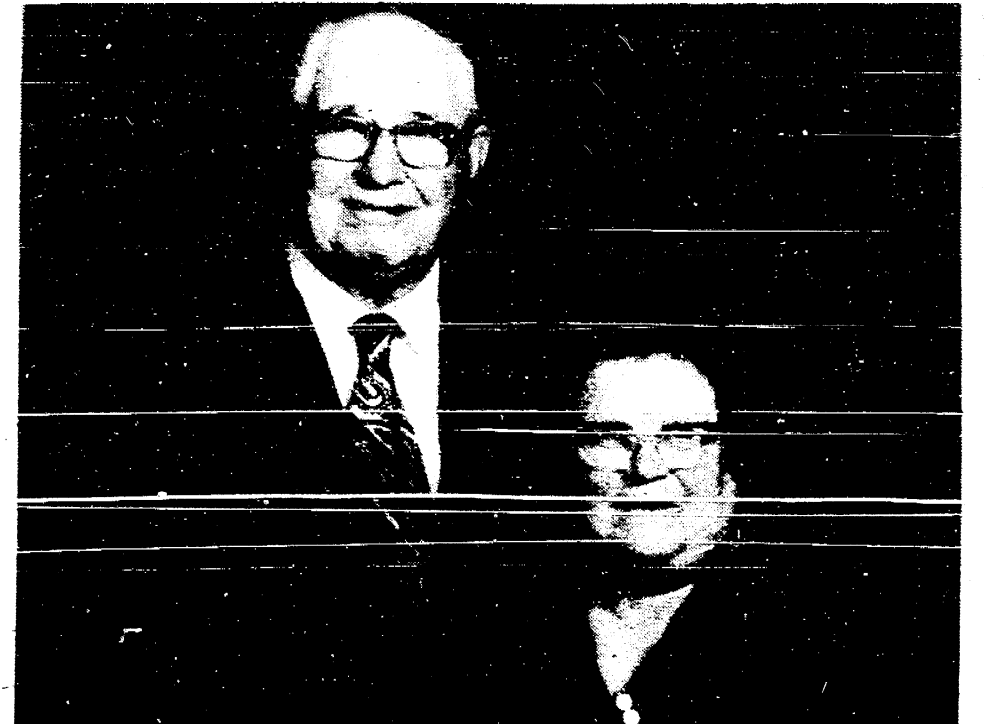

Rural Life, Inc. held their second annual conference last November in Des Moines, Iowa "to carry on and encourage research, educational and technical assistance programs" and many other activities aimed at improving the lives of people in small towns and rural areas.

The group's favorite word they love to use is "metropollyanna" which they say is to be used by the large number of folks who believe that sooner or later all the people will move to the cities where they will live happily ever after.

It seems that, although we have never realized it, having only lived in mid-time to come in and discover a few reasons why YOUR library is America's greatest bargain.

Law Day "No Bills" Program

This year the Washtenaw County Bar Association will again sponsor NO BILLS DAY at the University of Michigan Law School as part of its Law Day Program. In conjunction with this program the three Manchester Law Firms will be sponsoring a "NO BILLS DAY" on May 1, 1980 in the Village of Manchester so local residents will not have to travel to Ann Arbor to take advantage of this program.

Area residents may call the Great Lakes Federal Savings & Loan Association at 428-8379 to schedule an appointment for a free 20 minute consultation with an attorney. All consultations will be held in the conference rooms at Great Lakes Federal Savings & Loan Association at 111 E. Main Street, Manchester.

Michigan, from 9:00 A.M. until noon. The participating attorneys will review any legal problem or question you may have and will provide their opinions; however no other legal services such as correspondence or document preparation will be performed.

Hobby And Crafts Day

On April 29, 1980, in cooperation with the Manchester Art Guild, the students and staff of Klager and the P.T.O., are going to have a special interest day to explore some career education ideas.

Students will be invited to bring in their crafts and hobbies for display in the classrooms. Teachers will be setting aside areas within the rooms for these displays. In the multi-purpose room the Art Guild has arranged to have individual craftsmen and artists set-up displays and work areas to demonstrate their craft or art form. The children will have a chance to spend time watching and taking part in some of these displays.

The April P.T.O. meeting will consist of an open house type of arrangement where parents and children are invited to tour the classrooms and see the crafts and projects that the children have worked on. We are very interested in making this project a success and encourage both students and parents to participate.

PLEDGES DUE

Pledges that were made for the Support of Spring Sports are due now. Please make checks out to Manchester Athletic Booster, c/o Mrs. Joe Fitzgerald, 324 Schaffer Ct., Manchester. A list of all donors will be published as soon as possible.

Chicken Broil Planning

gan State University, conceived the idea of having a community chicken broil. In co-operation with the Exchange Club, now the Optimist Club, plans were made to hold the first broil on the third Thursday of 1954. Fifteen hundred dinners were served resulting in a profit of \$1,000.00, which was used for community projects. That year the price of the delicious char-broiled chicken and fixings came to \$1.50 or seventy five cents for a half portion. Yes, those were the good ole days when postage was three cents, beef was thirty nine cents a pound, a new Packard automobile cost twenty five hundred dollars and gasoline was nineteen cents a gallon.

There have been untold changes in every aspect of our lives since 1954, but the third Thursday of July still finds Manchester hosting their Annual Chicken Broil. The 26th Annual Broil was held this last July from 4 P.M. until dusk. In approximately four hours thousands of plump chicken halves were butter basted, cooked to perfection and served. Gene Bentschneider, General Chairman, works hand in hand with the Optimist Club and Jaycee members who represent the backbone of this tremendous community effort. Other organizations like the Boy Scouts, the Junior Class and the Football team also give of their time making a grand total of 550 volunteers from every walk of life. Tradition dictates that only the men and boys of the community do all the work. Not even the Women's Liberation Movement has changed this age old tradition.

The efficiency and success of this community wide effort is apparent when one stops to think that last year alone 12,000 dinners were served in a little over four hours, that's about 3,000 dinners an hour or 50 a minute. How is that for service? Pre sale tickets can be purchased beginning the last of June from the volunteers and local merchants. The dis-

counted pre sale ticket cost has only doubled since 1964. Tickets may also be purchased at the gate. Either way your dinner still includes a half char-broiled chicken, a roll and butter, coleslaw, radishes, chips, milk or coffee and your table service. There is seating capacity on the field for some 2,000 people. A large majority of the dinners are "takeouts". In fact about 80% of the dinners are purchased and served at the numerous yard parties held throughout the area.

In order for the Chicken Broil to run smoothly, 34 committees from charcoal pits to pre sale tickets are needed and all are very important. A special weather committee comprised of the local clergymen assures us that we will have nice weather. Two committees which must start planning very early are general supplies, chaired by Jim Mann, and publicity, chaired by Robert Ross. You have never cooked a large meal until you have prepared 7 ton's of chicken, 1 ton of cabbage, 1/2 ton radishes and used 5 ton of charcoal. This is only an inkling of the supplies required for each year's broil. Publicity is also very important. Beginning in April all forms of the media are used. Most local newspapers, radio and TV stations cooperate in giving us advance publicity and or cover the broil. WPAG is on the grounds the day of the broil. Several periodicals and magazines have carried broil articles including the Ford World, which is distributed world wide. The effectiveness of this publicity is apparent when you consider that last year 17 states and six foreign countries were represented.

Some historical facts which have made Manchester's Annual Chicken Broil famous are, the special celebrations held in 1978 commemorating the 25th year of existence. In honor of the occasion 25 valuable prizes were given away. Special guests including Governor William Milliken, Edgar A. "Bud" Guest and Fat Bob Taylor, the Singing Plumber from WAAM were present to help us celebrate. Luke Schaible's Band set the mood with their pleasant music and antique horse drawn

Kings Daughters

After a long period of contemplation, I felt that as a concerned parent it was my duty to convey my feelings to you and the other members of the Board of Education, on the termination of the position of Assistant Principal and Athletic Director.

I was totally appalled at the Board's recent action in terminating this position at this time.

After working with Mr. Scaletta in several occasions in numerous areas, my feelings were that the Board of Education had finally made a real positive move in hiring this man.

Mr. Scaletta has many fine qualities of which I feel the greatest is honesty, fairness and justice to all students. Regardless of who the student is, who his parents are or their status in the community, each and everyone of the students at Manchester High School are

treated equally.

Mr. Scaletta has earned the respect of the greater percent of the student body because of this outstanding quality. Students and parents alike never before felt there was equal treatment and justice and I defy you or any other board member to deny this fact as it can be proven without a doubt.

I feel that discipline has improved to a tremendous degree in this present school year. You will never find a school district without a discipline problem be it Manchester or anyone else. I think Mr. Scaletta has done a great deal in this area and would continue to do so in the future.

I have a sincere gut feeling that you will never find a person with the integrity of which Mr. Scaletta possesses.

As I have stated earlier Coriess, you had a real positive thing going for this school district in Mr. Scaletta and as far as I am concerned you and the other members of the Board of Education blew it.

I sincerely feel that some reconsideration should be given to the board's previous action on the termination of this position, at this time.

A copy of this letter has been sent to Mr. Scaletta, Dr. Thompson and all of the members of the Board of Education. A copy has also been sent to Mr. Steele for publication in the Manchester Enterprise.

Sincerely,

Kathy Hagerman

State Savings Bank Of Clinton Consolidates

An agreement in principle has been reached that will result in State Savings Bank of Clinton becoming part of Manufacturers National Corporation, it is announced by Dean E. Richardson, chairman of Manufacturers National Corporation and Robert Braunberger, chairman of State Savings Bank of Clinton.

The agreement provides for the consolidation of State Savings Bank of Clinton with a wholly owned subsidiary of Manufacturers National Corporation, Manufacturers Bank of Saline. It has been unanimously approved by both banks' boards. The present shareholders of State Savings Bank of Clinton will receive an undisclosed sum in cash and notes upon closing.

The State Savings Bank of Clinton, located 13 miles west of Saline in southeastern Michigan, had total assets of \$27,844,000 as of December 31, 1979. The Bank's loans totaled \$18,941,000 and total deposits were \$25,216,000 as of year-end 1979. In addition to the main office in Clinton, the bank has an office in the Irish Hills. The consolidation will expand the market area of Manufacturers and offers good income potential. The customers of State Savings Bank of Clinton will receive the benefit of increased lending capacity and expanded services following the consolidation.

The agreement is subject to the approval of shareholders and various regulatory agencies. It is expected that the consolidation will be completed in the fourth quarter of 1980.

Manufacturers National Corporation owns banks in Detroit, Bay City, Coopersville, Livonia, Novi, Saline, Southfield, and St. Clair Shores. On December 31, 1979, the Corporation had total assets of \$4,525,756,000.

the dividends? In these times when most of us regularly scrape the bottom of the barrel to make ends meet, you'd wonder how you could have overlooked this important asset. You shop for bargains, turn off the lights, drive a small car, grow your own vegetables, how could you have forgotten this?

Well, if you're not using your library, that's precisely what you've done. Your library is the best place in town to seek refuge from skyrocketing prices and double-digit inflation. The library is the only place to offer high interest loans for valuable information and materials—all at no charge.

While libraries themselves are disadvantaged by the dollar's reduced value, they continue to provide a wealth of consumer information to help prevent a short circuit of an overloaded paycheck. The library has information on budgeting, investments, do-it-yourself, energy conservation and gardening. As we look for more ways to continue our education, we should be taking advantage of our tuitionless university, a place rich in ideas for understanding our changing world. If an entertainment budget has been reduced to a walk to the post office to mail the bills, the library is a popular alternative with a variety of information.

All along your tax dollars have been supporting this precious commodity. If you haven't been using your library, you've missed the best tax advantage available today. During National Library Week, April 13-19, we urge you to invest some time at the library. You'll be sure to discover why the library is America's greatest bargain.

HIT OR MISS

very underprivileged. We are living in very underprivileged areas. Perhaps this is true in certain isolated areas of our country but it certainly is not in this part of the country.

Last Sunday, as you probably remember, was a bright shiny day-one of the few that we have had lately-and so energy crisis or not, we were persuaded to go for a ride to a not so far away fairly large city that we had not visited for more than a short time, for quite a few years. We were born and brought up in this town and so when we arrived there we decided to take the time to go look at the places-three of 'em-where we lived the first twenty years of our life.

I'm sorry to say that I'm sorry that I looked. The looking spoiled my whole day. The house where I was born was situated not far from what, some seventy years ago was the center of a better than average neighborhood. Now it has disintegrated into a slum area with many vacant boarded up houses.

Then we drove past the second place where we lived while I was attending grade school and which was then a neighborhood of new better class homes. Now they are moth eaten and the occupants have very dark complexions.

Then we drove across town past the third home that we had lived in and found it looking pert and well cared for. I felt rather sad about the two casualties we

had seen because all three of these houses were quite near the same age and the two that had disintegrated were simply the victims of neglect. Why, I don't know. I guess I'll have to do a bit of research when I get time. The existing conditions don't make sense at first glance.

But then we wended our way home through two small towns-one of which was Manchester-and as we drove through them we looked about for the slum area but failed to find it. Many of the houses in these small towns are as old or older than any of those above mentioned but they are all spic and span-with an exception or two-and are wearing their age well. They seem good for another century or so.

There may be places in this country where, in the rural areas and small towns, poverty prevails and people are living in sub-standard conditions but this portion of mid-America is not one of them. When we look about us and compare our standard of living with that of our not so far away big cities, we humbly bow our heads and thank the Lord for the opportunity we have been given to live in the so-called rural area of the midwest. Most of us are a thrifty, proud people who have a lot of pride in our homes and our communities and are enjoying a great many of the "better things of life" and if we are, as the great white father insinuates, underprivileged, we haven't been even faintly aware of it.

Art is how you look at it.

Pride was evident on the faces of young artists attending the opening of the Manchester Art Guild's second annual children's exhibition: "Through a Child's Eyes", Sunday, April 13. Area schools, including Manchester, Brooklyn, Chelsea, Dexter, and Saline, were invited to submit artwork from students in kindergarten through twelfth grade. This year's exhibit boasts a record number of participants displaying nearly one hundred and fifty works of art. Outstanding examples of drawing, painting, weaving, sculpture, jewelry, and much more filled the gallery walls to capacity and grace its doors. Elaine Kolasa, from the Ann Arbor School System, was a highlight of the opening festivities; presenting a stimulating talk on children's art. Her insights ranged from a disapproval of coloring books for their lack of creativity, to the importance of creative challenges in childhood.

A steady stream of gallery visitors marked the success of this year's opening. "Through a Child's Eyes" will run through April 27. The Manchester Art Gallery is located at 138 E. Main St. in Manchester. Hours for the show will be on Thursdays from 7:30-9:00 p.m., Fridays from 9:00 a.m.-1:00 p.m. and 7:30-9:00 p.m., Saturdays from 7:30-9:00 p.m., and Sundays from 3:00-6:00 p.m.

"Promenade The Past"

Tecumseh's fifth annual "Promenade the Past," this year a tour of eleven historic structures, is scheduled for May 17 and 18 from 1-6 p.m. An abundance of beautiful 19th Century homes provides a charming setting for the 1980 "Promenade" activities.

Several of the tour structures are located on Chicago Blvd., M-50. This boulevard represents a large portion of Tecumseh's historic district which was placed on the Michigan State Register of Historic Sites in January 1976.

The first "Promenade," held in 1976, was a restoration of the Weller-Seager house by volunteers and top designers. This historic structure was the one time home of Michigan author, Allan Seager. Since that time, the "Promenade" has continued to grow yearly and now includes many homes and special events.

The promenades are held to demonstrate practical ideas for conservation of historic buildings, the vital life in the historic district, the pride of heritage felt by Tecumseh's citizens, and the economic, cultural and aesthetic benefits of restoring historic buildings for original or adaptive uses.

The 1980 tour includes buildings which reflect various eras in Tecumseh's history. Each architectural style represents the cultural, economic, social and religious ideas of that period.

Along the tour route, visitors to Tecumseh will find many of the following special events which are reminiscent of the town's history:

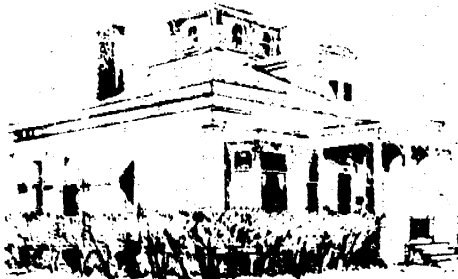

- †Antique and Old Craft Market. Sponsored by the Chamber of Commerce. 10 a.m. 6 p.m. (Saturday and Sunday)
- †International Dinner. Sponsored by Tecumseh High School Band Boosters. Wide variety of international foods. Musical entertainment. Advance tickets \$4.00. At the door \$4.50. Noon-6 p.m. (Sunday only)
- †Western Lake Erie Regional Model A Restorers Club.
- †Spinning wheel demonstration.
- †Weaving demonstration.
- †"Promenade" Barbershop Quartet.
- †Chamber Music Trio.

The tour includes:

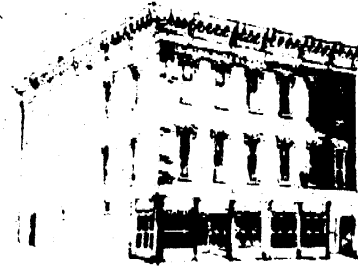

277 W. Chicago Blvd.

†First United Presbyterian Church, Gothic Revival ca. 1865. Refreshments served to visitors.

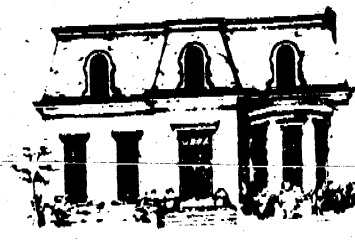

402 W. Chicago Blvd.

†Dr. I.S. Hamilton House, Modified Greek Revival home with eclectic Victorian details, ca. 1840.

102 W. Chicago Blvd.

†Bidwell Building, Bracketed Italianate, ca. 1852. Restored in 1978 and now used as a mini-mall.

309 W. Chicago Blvd.

†Weller-Seager House, Second Empire-French Mansard style home ca. 1870. First "Promenade the Past" selection in 1976.

309 W. Potawatomi St.

†Knapp House, Queen Anne style home, ca. 1895-6.

508 W. Chicago Blvd.

†Brown House, Modified Federal style home with pilastered portico, ca. 1890.

370 E. Lincoln St.

†Rice House, Queen Anne style home, ca. 1890.

Dunn Starts Early In 6th District Race

Jim Dunn, a 36 year old candidate for Congress in the 6th District is already

putting in 12 to 15 hour days crisscrossing the 36,000 square mile district in an attempt to meet as many people as possible.

"In addition to representing them in Washington, people want a Congressman who they can touch, who they can talk to, and who will listen to them. Our campaign is a people to people campaign and I will continue this kind of people oriented service when I'm elected to Congress," Dunn said.

In bringing his "people to people" campaign to Manchester today, Dunn cited the economic crisis as the problem that will be most important to voters in the upcoming election.

"There is a great sense of frustration as people pay higher and higher taxes and as inflation continues to explode. Frankly, some people I talk to really doubt anything can be done and they feel that inflation is just a fact of life. I don't believe that's true." Dunn commented. "The folks in Washington created these problems, and with the right people in Congress inflation can be beaten."

Those interested in contacting Jim Dunn can call him directly at (517) 351-6969 or they can write him at 1705 Coolidge Road, East Lansing 48823.

Superwalk Efforts Do Help

Have you gotten your Walkathon registration form turned in at your principals office? Only 2 more weeks to get sponsors. The 26th is coming fast.

Last year the seventh grade had the most people registered. Their banner had the big #1. Who will it be this year? Are they going to be #1 again this year as eighth graders, or is there a class that will topped them from first place? How about the Battered Boot; who will be engraved on it this year? Get your classmates to sign up and join the fun. Could the Battered Boot move to the High School?

How about getting your whole family to walk? Maybe a club you belong to could walk en masse, with some kind of identification.

The more people we have walking, the more people we can help. This reporter saw March of Dimes money in action this past winter, when a member of the family had a pre-mature baby. The tiny guy weighed under 2 pounds. Through heroic efforts and technology at the Holden Center, U of M Hospital, which March of Dime money helps support, this little guy

is now home and thriving well. It took much skill, equipment, knowledge, and the help of people like you who cared and acted, to save this baby's life.

So, lets keep up the good work. Get out there and get those sponsors, walk, and help other people to live. My family's THANKS go to you. I imagine there are many others, too.

Remember you can also pick up registration forms and sponsor sheets at the State Farm Insurance office, or McDonald's in Chelsea.

Lasagna Dinner

The Manchester Association for Talented Students is sponsoring a Lasagna Dinner on Friday, April 25th from 5:30 to 7:30 p.m. at the Manchester United Methodist Church.

The dinner will feature an Italian feast of lasagna, garlic bread, tossed salad, beverages, and Italian cookies. Live dinner music will be provided by our strutting violinist Joyce Meade.

Profits from the dinner will be used to promote and develop programs for gifted and talented students in the Manchester Public Schools.

Tickets will be limited to 200. They are available at Krauss Pharmacy until April 25th. Adult pre-sale tickets are \$3.00, youth 6-12 \$1.50, and children 1-5 50c. Tickets at the door will cost \$3.50.

High School Band To Perform At Festival

Notice was received last week that the Manchester High School Band, under the direction of Doyle M. Rodenbeck, will perform at the State Band & Orchestra Festival on Friday, April 25, 1980, at Michigan Center High School. Performance time is 7:15 p.m. Selected compositions to be played are "March for a Festive Occasion" by Eric Osterling and "Introduction and Dance" by Jay Chattaway. The composition from the Michigan School Band & Orchestra Association Basic Music List will be "Fantasy on American Sailing Songs" by Clare Grundman.

The Manchester Band is eligible to participate in the M.S.B.O.A. State Band & Orchestra Festival as the result of receiving straight I's at the District 8 festival held on March 15 at Columbia Central High School. All State & District festivals are open to the public with no admission charges. "I would encourage anyone to attend our performance at the State Festival," said Mr. Rodenbeck. These are very enjoyable occasions, and some familiar faces encourage performers to relax and relate better with the audience. The program at our site begins at 6:00 p.m. and runs until 9:00. Bands from Reading, Michigan Center, Shepherd, Thaca, Napoleon, and Jackson Northwest High Schools will also be giving performances.

At a Band & Orchestra Festival, there are really two separate events happening. Each group first plays three compositions in the performance room where three adjudicators (judges) make comments and then issue ratings based on tone, intonation, rhythm, technique, and interpretation. Ratings go from I, the highest, to V.

Ratings are based upon performance standards, not competition among groups. The second part of the Festival takes place in the Sight Reading Room, where each player is handed an envelope containing two pieces of music he has not seen before. The director has seven minutes to look over and discuss the music and then perform it. The Sight Reading adjudicator then evaluates on the same performance elements as the concert adjudicators. The combination of Performance and Sight Reading marks are compiled to result in a final rating.

The Band will be playing its Festival program at the beginning of the regular Board of Education meeting on Monday evening, April 21, beginning at 8:00 p.m. as a pre-Festival concert.

A CHANGE IN PRIORITIES

The new "Yearbook of Agriculture" for 1979 is more evidence that the USDA is moving further and further away from its original intent and purpose. The yearbook, which is an annual publication of the USDA, is supposed to be used as a reference tool by farmers and ranchers. The book usually centers around research, or marketing, or an issue important to farmers. For example, the 1964 yearbook was called FARMER'S WORLD. In 1966, the title was PROTECTING OUR FOOD.

The latest USDA offering is nothing like that at all, and is a painful reminder to farmers and ranchers that the Department of Agriculture is rapidly becoming a Department of Consumer Affairs. The 1979 yearbook is called "WHAT'S TO EAT?" and is a child's guide to the world of food. It's quite cute and probably effective in its own right. However, it shatters the farmer-oriented tradition of the yearbook.

Most farmers and ranchers have no argument with the fact that consumers, including children, should understand all about the food they eat. The USDA has printed mountains of materials on that very subject. However, turning the Yearbook of Agriculture into a consumer-oriented, cartooned primer, brings into sharp focus the question of priorities in the "new" USDA—a department that was originally created to protect the interests of agriculture.

HIT OR MISS by farley

Several of our better known columnists and editorial writers have during the past few weeks, tried to impress the average chap with what "Government" is costing them and while these writings are very informative I don't think they will cheer anyone up nor make any great difference in our lives. They don't tell us what we can do about it except to stage a revolt at election time and judging from past performances during the past few years I doubt that the majority of us are going to get excited enough to do that.

One writer recently points out that it is commonly said that the most expensive purchase that the average person will make is a house, but that is no longer true. Nowadays his most expensive "purchase" is what he pays for being governed. At present he doesn't buy a house. He can't afford it. But no one asks him if he can afford what he pays for government. He just becomes obligated to pay it. If and when you buy a house you have a choice. You can pick and choose and even refuse. But you are merely presented a bill for your share of the cost of government and if you don't pay up, you go to jail.

Last figures of government costs indicate that you pay all that you earn from January one to the middle of May to pay your share of its costs. But when you bought a house it used to be a rule of thumb that you could or should pay no more than from one-third to one-fourth of your income each month for it, and in at least thirty or forty years your payments would stop but your payments for government never stop. In many instances you even have to pay after you are an occupant of the cemetery in the form of inheritance taxes.

In other words one is paying almost twice as much for government as for a house to live in. And then too, when you buy a house you get a chance to pick and choose but with government you just get it stuffed down your throat. You get no chance to find out if the roof is sound or that the cellar isn't full of water or that the place isn't infested with termites, or that the neighbors aren't narcotic distributors. You do have two choices, one representative salesman from the two major political parties, but there is no guarantee that either one has anything anywhere worth the money to offer.

Maybe that is why lately so many folks don't bother to vote, to make a choice. They have an idea of what is in store for them and they don't like either one. The salesmen for government still loudly proclaim that our government is of the people, by the people and for the people and that one should be proud to have bought what they get for they are the ones who built it. What a joke. For what we pay we deserve better than that. I would hate to have to live in a house that I myself constructed. I would probably be living in a lean-to propped against a nearby fence with a leaky roof. But if I did I bet I could provide some kind of shelter on less than five months pay and if I didn't pay for it I would not be checked in jail for not so doing.

Spring Clean-Up

Village wide Spring cleaning and curb pick up will be May 8th. Seniors needing help, call Sue Bond at 428-7927. Special thanks to Cub Scout Pack 421 for the terrific posters.

GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Joseph Schwab will celebrate their 50th Wedding Anniversary on May 4 at the K. of C. Hall, with Open House from one to four. It will be hosted by their daughters and son-in-law, Patricia and Paul Hansen of Farmington, Michigan and Mary Ellen Margardt of Richardson, Texas. They were married on April 22, 1930, St. Mary's Church in Adrian by Father Jordan. Their attendants were Ruth Meyers and the late Arch Kirk.

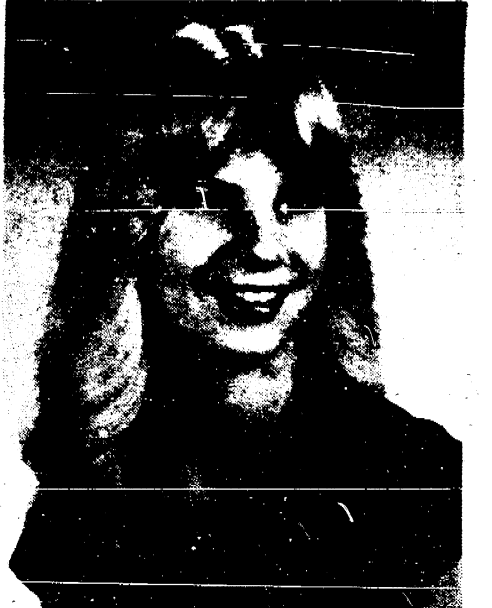

Superwalk This Saturday

There is only this week left to get your sponsors; how are you doing? Have you been doing some walk training so you'll be able to do the whole distance? A person can get pretty tired trying to walk 20 kilometers, with no preparation. Be sure to wear comfortable shoes, not new ones, and clothes appropriate to the weather. Of course, if it rains, the walk will be next Saturday, May 3rd, but we are looking for great weather this week.

The prize list is growing. Some of you can win things such as gift certificates, plane rides, valuable gifts from our generous local merchants, T-shirts, and patches. All of those who turn in money by May 15th, are eligible for the prize drawing. Don't be left out of that! Walkers turning in \$100 or more in pledges, within 30 days will receive a Walkathon T-shirt. Is your family walking? There is a prize for the family turning in the most money. Which class or organization will take possession of the coveted "Battered Boot" Trophy?

The places to get your registration forms and sponsor sheets again are: the school principals offices, the State Farm Insurance Office, the Ann Arbor Bank and Trust Co., and Chelsea McDonalds. Time is growing short, so get them today, and have a fun Saturday.

It will leave you tired, happy, and with a great feeling of satisfaction, knowing you have helped someone in need. Please remember as you are walking, do not block traffic, and most of all DO NOT get into any vehicle that is not clearly marked as a March of Dimes pick-up vehicle. The police department is ready, the CB crew is ready, the first aid people will be on hand, the check points will be clearly marked and well stocked, and the prizes are ready and waiting, so let's all get into the Middle School at 9 a.m. Saturday, sign up and be ready to go!
