## TOP STUDENTS OF CLASS OF 1980 FOUR VIE FOR VACANCIES IN ANNUAL SCHOOL ELECTION JUNE 9

**VALEDICTORIAN**

Paul Stancato has been named Valedictorian of Manchester High School's senior class scheduled to graduate Sunday, June 15. Jean Ann Wahl is the class salutatorian.

Paul, the son of Mr. and Mrs. Frank Stancato of 4775 Jacob Road, Grass Lake, attained a grade point average of 3.9896. He has been a member of the high school track team four years, a cross country team member three years, a member of the Band and Pep Band four years and a National Honor Society member for the last two years. He is the current President of the High School National Honor Society chapter. Paul has not made a

definite career choice but will enroll at the University of Michigan next fall.

Jean Ann is the daughter of Mr. and Mrs. Lehman Wahl, 17037 West Austin Road, Manchester. During high school she attained a grade point average of 3.9993. Jean Ann has been band librarian for three years, a Band and Pep Band member four years, on the girls track team two years, and served as a stage crew member for this year's school play. In addition, she is a member of the St. Mary's Catholic Church youth group and actively involved as a member of the Sharon Valley and Jolly Farmerettes 4-H Clubs. Jean Ann will begin studies at Michigan State University next fall in sociocultural anthropology.

Other members of the class in the top fifteen percent of their class are: Lisa Huber, Kristie Broucek, Dan Grantham, Pam Knickerbocker, Carolyn Schwab, Steve Sporzynski, Vickie Neff, Sherri Cleland, Nancy Egeler, Robin Wellman, Marilyn Walter, Tony Day and Leanna Wright.

### Engagement Announcement

Sherry Lynn Wolf and Jeffrey William Stroh are engaged and planning a July 26 wedding.

Sherry is the daughter of Janice Crismore of Manchester and Kenneth Wolf of Hinsdale, Illinois. Parents of the future bridegroom are Mr. and Mrs. Leonard Stroh of Lincoln, Nebraska.

The couple are graduates of Southeast High School in Lincoln.

Sherry is currently attending the University of Nebraska and is employed by the Jones Oil Company. Her fiance is a graduate of the Milford Technical School and is employed by Judd Brothers Construction.

The couple will reside in Lincoln, Nebraska.

### HIT OR MISS by farley

Television is again being investigated, and seems to end up being somewhat of a villain for our youngsters.

Research, they say proves that Michael flips on the television as he pours his breakfast cereal and it's on after school until bedtime. Weekends are launched with a five hour blitz of cartoons. By the time he is twelve he will have logged more than 12,000 hours of television. It is estimated that one out of five school children now watch more than 40 hours a week and that their number is increasing, say researchers at the U of M.

Concerns about children and television have been rampant since television was introduced thirty years ago say the professors. Does it keep them from more worthwhile activities? Does it make them passive and dull witted? Does it turn them toward a life of crime and violence?

Many researchers however, say that television enlarges a child's views of world culture, increases their vocabularies and teaches them about world events.

And so the debate continues but to date, hundreds of studies produce more evidence of its detriments than of its benefits.

When children spend as much as five or six hours a day watching television they must be missing something else. Comic books, radios and movies are even neglected. Outdoor play seems to decline and other organized activities are somewhat neglected.

An experiment was made in leisure habits of eight to twelve year olds in three Australian towns: one with no television, one with one channel introduced a year ago and one having had two channels for the past five years.

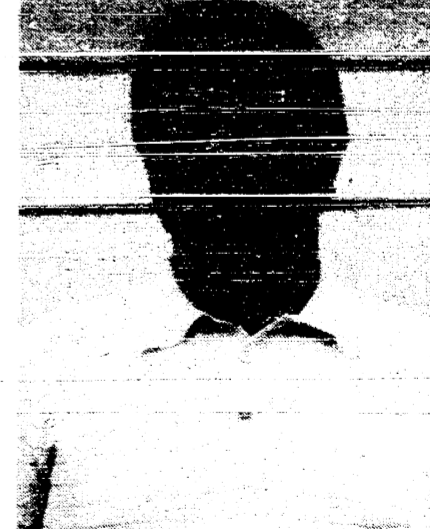

Television at first is very disruptive but it soon ceases to have its novelty effect and many of them go back to their former activities. The children soon spend more time outside the home with their friends.

Excessive watching seems to be linked

### LETTERS TO THE EDITOR

There are some unanswered questions in my mind about the upcoming school election. In the budget distributed prior to this election, there are some discrepancies. In instruction costs there seems to be an increase in money involved in spite of lay off of eleven teachers. Why? In administration costs there is only a token drop in costs in spite of laying off of the principal. The budget as distributed is a study in frustration for the average person to get head or tail to. Why? Again, why is the increase in millage added to the expiring millage? An increase in millage is ordinarily a separate proposal. The increase in millage is in my estimation unnecessary in light of \$10,000,000.00 increase in assessed valuation. The old millage would raise nearly \$300,000.00 without the increase. The second proposal to circumvent the Headlee amendment is out of order in as much as the M.E.A. spent millions in 1978 to get Headlee passed and now because it is not in keeping with the education movement ideas it is wrong. Both of these proposals should be checked out thoroughly by

voters before they cast their ballots June 9th. The resignation of two and refusal of third incumbent board member to serve if elected should raise thoughts in minds of voters in Manchester School District. When one lives on a farm and sees the prices for what the farmers have to sell, one wonders why teachers etc. have to get 10% or better raise. Taxes must be curtailed soon or else!!!

Vote NO on both proposals on June 9th.

Sincerely,

Herbert G. Jacob

To the Editor:

As many of us in Manchester are aware, there are two young, vital, and caring Pastors among us who have been called to other Churches in Michigan and will be leaving very soon.

The Rev. Reese Sharai of the Manchester United Methodist Church, and The Rev. Wayne Ferrigan of the Sharon United Methodist Church have shared themselves, their families, and their pastoral concern with the people of Manchester over the past few years with enthusiasm, with ecumenical sensitivity, and with an evident love of our Lord Jesus Christ.

On behalf of the entire Christian community of Manchester, may we publicly wish the Sharais and the Ferrigans Godspeed in their new ministries, and may the congregations they have served here continue to grow in faith and service.

For me personally, it has been a privilege to work with them over the past year and a half, and I have valued both their friendship and their integrity.

Sincerely,

The Rev. Robert B. Macfarlane  
Pastor, Emanuel United Church of Christ

Dear Editor,

For about a year, the Manchester Association for Talented Students has existed in this community. As with the establishment of any new organization, some misconceptions about its purpose and membership have occurred. I do not speak for the Association; I am not even an officer in it. However, as a member, I would like to share some of my own thoughts with your readers.

I have heard it said that the Association is comprised of "a bunch of snobs who think they (and their children) are better

than anyone else." That bothers me. In more than 31 years of life, I cannot remember ONE minute where I ever thought I was "better" than anyone else. It is my belief that God created each of us, endowing each with special talents, and that He loves each of us. So how can one person be "better" than another? We are different. One person may have a beautiful singing voice, while another can fix any motor you put in his or her hands. One may be an excellent cook; another is a creative problem-solver. The list is endless. All abilities are God-given talents that have been developed. Someone once said that the nation that values its philosophers more than its plumbers will have neither good philosophy nor good plumbing. I have forgotten the author, but never the quote.

The Manchester Association for Talented Students is NOT composed of snobs—it is composed of people in the community, including parents and educators, who believe that talented students have different needs that must be met. As stated in the proposal submitted to the Board of Education: "Talented and gifted students are not better than other students; they have different needs."

An open invitation has always been extended to any interested member of the community to attend the meetings of the group. Attending a meeting does not mean that you think you have "a gifted child." Not all members have children and

not all members with children have had them tested. What the members share is a concern and a dedication to see that all children's needs are met.

Why is a special program needed? A program is needed because a talented child, just as a learning disabled child, learns in a different way. Both types of children have different needs than the average child in the classroom. The learning disabled children do have special programs; the talented do not. If I had a child who had the potential of a Sandy Koufax in pitching ability, and I tied his or her left arm to his body until the muscles in it atrophied to the point of that child being unable to use it, people would be appalled and outraged. Yet the same people do not seem to care if I have a child whose intellectual capacities are not developed and atrophy because that child is not challenged in school.

Idealistically, we can say that it is the classroom teacher's responsibility to meet the needs of each student. Manchester does have some fantastic teachers who put a lot of extra time and effort into meeting each student's needs. To be practical, however, there is only so much time in a day, and it is very difficult to give the added NEEDED attention to special needs of students. A pull-out program (where talented students are pulled out of the classroom for specified amounts of time) as proposed in the Association's presentation

## COUNCIL PROCEEDINGS

May 14, 1980

Council met in regular session with the meeting called to order by President Schaffer at 7:00 P.M. Present were: DuRussel, Hinkley, Koebbe, Minick, Petsch, Reed, Zsenyuk, Daniels.

Minutes of the April 21, 1980 meeting were read, corrected and approved in a motion by Koebbe, supported by DuRussel. All yeas, motion carried.

Minick reported representatives of Clear Cablevision would be present at the June 2, 1980 meeting at 8:00 P.M. for approval of contract.

Moved by Minick and supported by Petsch that the request from Jeannette A. Stein to drop Jack E. Stein as partner on 1979 Class C licensed business, located at 237 E. Main St., Manchester, Michigan 48158 be considered for approval. All yeas, motion carried. It is the consensus of this legislative body that the application be recommended for issuance.

Chief Zsenyuk reported he had a discussion with Jim Kenster on a new tornado warning signal for the Village which would be a continuous 3 minute blast of the fire siren. There will be a publicity campaign in conjunction with the Fire Department to inform the citizens. There are shelters at the Emanuel Church Hall on Main St. and the Methodist Church on Ann Arbor St.

Chief Zsenyuk reported the Police Department had moved to their new

temporary office at the Village Hall at 120 S. Clinton St.

Public Works Activities as reported by Koebbe included: Crew worked on the Village cleanup for approximately 2 1/2 days this past two weeks; Repaired one water service that was broken by the gas company; Replaced three traffic control signs that were taken from their intersections; Moved grass from the weather permitted; The new gate is in place at Carr Park; Checked with Mary Smith on the water bill payments and as of 2:45 p.m. this date no payments have been made; a pay increase is requested for Vickie Neff and a work week of thirty hours when she is out of school; Installed a water and sewer service on Schaffer Ct. this week; Some of the parts for the sewage plant are in. Mr. Tom Knueve and Mr. Terry Walkington are planning on checking the Sewage plant on June 3, 1980 as part of the plans review; New lawnmowers have been purchased.

Moved by Koebbe, supported by Hinkley to increase the compensation paid Vickie Neff by .50 per hour. All yeas, motion carried.

Water bills in arrears for the first quarter of 1980 were presented.

Moved by DuRussel, supported by Minick to adopt Ordinance N. 111, AN ORDINANCE TO DESIGNATE AN ENFORCING AGENCY TO DISCHARGE THE RESPONSIBILITIES OF THE VILLAGE OF MANCHESTER UNDER THE

PROVISIONS OF ACT 230 PUBLIC ACTS OF MICHIGAN, 1972 STATE CONSTRUCTION CODE ACT. All yeas, motion carried.

Village payables for the month of April were reviewed. Moved by Reed, supported by Petsch to pay Village payables as listed. All yeas, motion carried.

Reed reported on the agenda for Mayor's Day, May 19, 1980. Exchange will be with Quincy, Michigan.

Mr. Tom Walton was present to discuss the River Raisin Watershed Council which was formed in 1974 State Public Act 253 of 1964 and questioned if there was still interest in Manchester. Each interested municipality is being asked to make a \$100.00 contribution for administrative costs. Moved by Reed, supported by Koebbe to contribute the \$100.00 for administrative cost and reappoint Tom Walton as the Manchester representative. All yeas, motion carried.

Hinkley presented the unapproved minutes of the Manchester Village Planning Commission, meeting held May 6, 1980. (Copy on file)

Hinkley also reported the drawings for renovation of the Village Hall are progressing and he will be meeting with a contractor for discussion of cost. A new furnace will be required. Hinkley requested a permit for the Manchester Street Fair to be held on August 9. No objections were voiced by Council.

Mr. Ron Markowski will be present at the June 2, 1980 meeting to review the Auditor's report.

Meeting adjourned at 8:45 P.M.

Dealoris E. Richardson, clerk

## 3rd Annual Street Fair

August 9th is the date set for The 3rd Annual Manchester Street Fair. Manchester's Main Street will be used to display, demonstrate, and sell the works of 50 selected artists and craftsmen.

Last year's fair was a huge success and this year's show looks like it will be just as delightful. The merchants will have a sidewalk sale, The Black Sheep Theatre will give short presentations throughout the day, plus there will be music, mime, food and beverages, plenty of free parking, and horse drawn wagons will be on hand to shuttle people around town.

This year's fair is sponsored by The Manchester Art Guild and the Manchester merchants and they are encouraging artists, craftsmen, and community groups from all over to participate in the fair. The Street Fair is juried and all artists and craftsmen are asked to submit 3 slides of their work for consideration. The sponsors are also very interested in artists who will also demonstrate their work. Fees for the one day fair are \$25.00 with a fee of \$15.00 for Manchester Art Guild members and residents. Booths are 8 ft. by 8 ft. and all artists are responsible for their own set-ups, rain protection, and clean up of their area. Deadline for jurying is July 1. For more information and an application you can phone (313) 428-7674 Monday-Friday from 9 a.m.-5 p.m.

## 2 Pastors Being Transferred

The Rev. Wayne C. Ferrigan, who has been pastor of the Sharon United Methodist Church for four years, has been appointed Associate Pastor and Director of Education at the Bay City First United Methodist Church.  
 To honor Rev. and Mrs. Ferrigan, the congregation will be having a pot luck dinner following the service on Sunday, June 8. Also on that day an Open House for the community will be held at the church from 2:00 to 3:00 p.m.

## On Sunday, May 25th, it was announced that the pastor of the Manchester United Methodist Church, the Rev. Maurice Sharai, would be transferred to the Flushing United Methodist Church near Flint. Effective June 15th, Mr. Sharai will be the pastor of the Flushing Church.

The move comes as a surprise both to the congregation and to Mr. Sharai, and it occurred because of the illness of a minister in Dearborn, which began a series of transfers. Mr. Sharai had been pastor of the United Methodist Church for three years, having come to Manchester from Detroit.  
 A farewell reception for the Sharai Family will be held at the church on Sunday, June 8, starting at 10:30 A.M. (immediately after the morning worship service) and running until 12:30 P.M. Everyone in the church and community is invited to attend.

## First Holy Communion

Twenty-three boys and girls received their First Holy Communion at a Mass celebrated by Rev. Fr. Raymond Schlinkert at St. Mary's Catholic Church on Sunday, June 1 at 12 o'clock. Mrs. Clarence Fielder instructed the class.  
 Members of the class are: Brian Ball, Valerie Baran, Mary Kay Bertke, Angela Davis, Karen Haussler, Melissa Hawk, Greg Meeks, Sue Ann Rafalaki, Billy Day, Vickie Duvelder, Rhonda Evislizer, Jennifer Faulhaber, Rhonda Spaulding, Jason Potter, Mary Dettling, Rachelle Zielinski, Christa Spark, Annette Schook, Monica Towassend, Tim McGinn, Joey Foss, Tom Leekley, and David Wizgard.

## THREE RECEIVE DEGREES

Delruss R. Wolff, son of Mr. and Mrs. Russell Wolff of Manchester, and Michael J. Lantis, son of Mr. and Mrs. J. Neil Lantis also of Manchester, were among the 224 graduates of Hyles-Anderson College to receive degrees on May 23.  
 Hyles-Anderson College is a Christian school started in 1971 as a ministry of the First Baptist Church of Hammond, Indiana. Courses of study are geared to prepare students for service in fundamental churches with an emphasis on evangelism. Involvement this year neared 2000.  
 Ceremonies for the Hylanders were touched off by the music of a Scottish bagpiper as he walked across the front of the 5,000 seat auditorium of the First Baptist Church of Hammond. Degrees given by Pastor Jack Hyles and the college President, Wendell Evans, included the Bachelor of Science, Bachelor of Theology, Bachelor of Religious Education, Pastors' Refresher, and Master of Education.  
 Mr. Wolff completed his studies for the Bachelor of Science Degree in the field of education, graduating magna cum laude 2000.

after being named to the Dean's List every semester for four years. Rhonda Wolff, marching with her husband in the exercises, received an honorary P.H.T. Degree (Putting Hubby Through).  
 Mr. Lantis received the Bachelor of Science Degree after completing his work in the Pastoral Theology course.  
 Both graduates will be attending Hyles-Anderson College for work on their Master of Education Degree.

## UPHAUS - KURTH WEDDING

Charmaine J. Kurth and the Rev. Peter Vos performed the ceremony. Thomas R. Uphaus were united in marriage April 26 in St. John's United Church of Christ, Port Huron, Michigan. The Rev. Lowell E. Zechiel and the Rev. Charlotte Traeger and Mr. Lawrence Kurth, Wausau, Wisconsin. The bridegroom is the son of Mr. and Mrs. Millard

Uphaus, Manchester, Michigan. Julie Waldvogel, cousin of the bride, Mosinee, Wisconsin, was matron of honor. David Hohmann, Winona, Minnesota, was best man. James Reiken, Port Huron; Russell Knuth, Oaseo, Wisconsin; Chris Beck and Dean Beck, Wausau, Wisconsin, were ushers.

A reception was held at the church, followed by a dinner at the McMorrin Place Lounge.

After a honeymoon in Hawaii, the couple will reside in Port Huron.

### Assoc. For Talented Students Meeting

The Manchester Association for Talented Students will hold its regular meeting Thursday, June 5, at 8:00 P.M. in the Manchester High School Library. In addition to the election of officers to guide the group during the coming year, some exciting projects will be discussed and plans formulated. Two special projects will be sponsored by the Association during the summer. Pat Sahakian and Jan Wiggird will report on the Fine Arts Festival planned for July 14-18. Marley Pagel will report on the planned Manchester Historic Walk scheduled to take place during the Street Fair in August. A portion of the meeting will be devoted to sharing ideas for things the Association can do during the 1980-81 school year will also be discussed.

The Association is a group of concerned people dedicated to help the school system provide appropriate education for talented and creative students, and to assist parents with the special challenges in raising these children. All interested persons in the community are invited to attend the meetings and also invited to join the group.

### HIT OR MISS

to poor academic grades but it was not proven that the children with the poor grades were not as bright to begin with.

One group of Canadian children in a town with no television had superior reading ability to those in towns with one or two channels. Two years after television had been introduced in the first town the reading skills of those tested had dropped to the level of those in the other towns. Far from improving a child's vocabulary, television seemed to cause verbal skills to deteriorate.

Television has also been linked with violence among the children in various parts of the world. Not all children are universally affected, it is shown but long term effects of violence on television programs among the younger children were reflected in their actions when they became 18. It was recommended that violence be cut back and that a regular monitoring of programs for youngsters be undertaken. Instead of prohibiting certain types of programs it was recommended that the child's viewing time be limited. The time should be flexible. He should choose to skip several days for example, to see a special four hour program on a weekend.

Excessive television has been proven to be undesirable. It cuts into school work and outdoor play, etc. But a limited amount of television can foster good habits like budgeting time and making informed choices. Any child will get more out of a program that he had chosen, no matter what it is, than from a program watched out of habit or boredom. Teach your child to be a selective viewer, and you can turn television into a positive influence rather than a very negative one.

## Chief Urges Safe Graduations

Chief Zsenyuk would like to advise all parents planning graduation parties that allowing a person under 21 years to drink alcoholic beverages is in violation of the state law. Parents must also realize that if a youngster has been drinking at their home and later gets involved in an accident, that they may be held liable to civil suit as well as criminal action.

Parents please, if a youngster has been drinking, and you feel his or her ability is impaired, please see to it that someone drives them home, or make he or she spend the night.

Let's have safe and happy graduation parties.

## Chisanbop Finger Math Workshop

Saturday, June 7, is the date selected for the introductory workshop to the CHISANBOP method of finger math calculation. The workshop will be from 9:00 A.M. to 11:00 A.M. at the Manchester High School, Room 113. Although there is no fee for the workshop, pre-registration is required. To register, call Deanne Zyromski, 428-9275, by June 5.

This workshop is sponsored by the Manchester Association for Talented Students. It is provided as a service to Manchester students (K-12) and their parents who wish to learn about this method of finger calculation. Mr. Rick Wiggird has completed a course on this method given by its originator, Mr. Hang Yung Pai, and will share information on this technique.

CHISANBOP is a children's version of a Korean system of finger tapping mathematics being taught experimentally nationwide. It shows kindergartners how to add or subtract 3 digit numbers and instructs elementary school children to easily compute addition problems 12 digits wide and 12 columns down. It includes multiplication and division as well.

Children, youth, and adults alike are invited to see, in Mr. Pai's words, "why and how mathematics comes together." Further information is available from Mr. Wiggird at 428-7140.

community and understands its needs. Dave and his wife Janice have two children, both in Manchester High School.

Dave graduated from Manchester High, has a degree from Michigan State University, has attended the University of Michigan for finance and real estate courses and presently is attending Eastern Michigan University in Business Management. In addition, Dave has taken numerous courses in finance through the Savings & Loan Industry. Dave has been the manager of Great Lakes Federal Savings & Loan in Manchester since it opened in 1974. Prior to that time Dave was Secretary-Treasurer of Klager Hatcherries, Inc. of Bridgewater, Mich., and as part of that business activity served as a board member of the Michigan Allied Poultry. The Michigan Allied Poultry board made Dave their representative on the National Board of the American Poultry Hatchery Federation. Dave served in that capacity for five years.

Presently, Dave is the longest serving member of the Washtenaw County Metropolitan Planning Commission. It is an appointed position by the County Board of Commissions and Dave has held that post since 1969. Dave and his family also own and operate a men and women's clothing store (The Clothes Line) in Manchester. Dave is a member of the Manchester Athletic Boosters, the Manchester Optimists, Chairman of the American Cancer Society for 1978 and 1979 Manchester area, and Outside Business Chairman for the Manchester United Way.

In the past, Dave has been President of the Manchester Jaycees, President of the Village of Manchester for eight years, Past Chairman of the Village Planning Commission, and Chairman of the Seek Committee for the Emmanuel United Church of Christ in Manchester.

Dave's past and present activities clearly indicate that he has a genuine concern for our community. Dave has financial and managerial expertise that would surely make him a contributing member of the Manchester School Board.

I am a candidate for the Manchester School Board and because my wife is a teacher in the Manchester System, some may believe I have a conflict of interest. I believe that what I really have is an

added interest in the school district to go along with my children's attendance and my tax dollars.

I would like to assure you all that I would abstain from voting on any issue that might be of direct benefit to my wife or myself.

My purpose in running for School Board is to build on what we presently have. To improve the quality of education and to maintain and improve the facilities where the educational process takes place. For progress to happen, it's going to take sound judgements in finance and planning, sprinkled with a lot of common sense.

We as a district, parents, teachers, and board members must work together to achieve meaningful improvements in our system. If the lines of communication are open, the decisions that are made will be much more representative of what the district wants.

I could take issue with many of the more recent majority board decisions, but will not. These things are of the past, and I'm planning on working hard in the present for the future.

I believe that I will bring financial and planning expertise to the Board of Education. I've been an active part of this community for a long time and believe that I would ably represent every member in the school district.

I will work hard to see that our School District plans and spends wisely. I am asking you for your vote June 9th and your support in the future.

### OBSERVATIONS

BY J.A.W.

Early in May we wrote some comments re: the newly erected "STOP" signs on Main Street at the intersection of Wolverine. We felt that these signs served very little purpose except in wasting fuel and time and really should be removed. One member of the community took exception to this article by writing some comments by stealing my By-Line and signing it as Larry Leeson. At first we were somewhat miffed at this obvious theft, however, after cooling down realized that we did not have this name copyrighted and so left ourselves wide open. We did, however, accept Mr. Leeson's challenge and made an actual survey of the traffic at his intersection and found some rather interesting facts:

On our day of watch between 1:30 P.M. and 2 P.M. total vehicular traffic amounted to 13 vehicles. Stretching this out to an hour makes 26 vehicles per hour or one vehicle every two minutes. In short rather extremely light traffic.

After 2:00 P.M. there was considerable change in that vehicle traffic went up to 106 in the first half hour. Of these 54 were moving east on Main, 44 west on Main and 8 on Wolverine. We also noticed that about one half of the vehicles moving on Main Street were pick-ups or panel trucks which bothered us for some time until we realized that it was a beautiful day, Thursday afternoon and the Dump was open. Thus it appeared that about 40% of the traffic was going to the Dump and returning. That made us feel a little bit better because we obviously had hit on a day when traffic was at its maximum.

Between 2:30 P.M. and 3:00 P.M. traffic lightened to a total of 69 vehicles of which 34 traveled easterly and 28 westerly while Wolverine contributed 7. Of these seven, four were pick-ups and turned right on their way to the dump.

Next came the bewitching hour of 3:00 P.M. to 4:00 P.M. In the first half hour 172 vehicles went through the intersection with 60 moving easterly and 106 westerly. School had let out and there were buses, tractors, motorcycles, cars and what not. Wolverine contributed 7 cars, 6 of which turned right, the other one went across the street up a driveway.

At 3:30 P.M. Double A had let out and 37 vehicles went through the intersection in five minutes, all moving westerly. In the entire half hour until 4:00 P.M. only 29 cars moved easterly on Main Street. After that, traffic declined and only 34 more vehicles moved westerly on Main while Wolverine contributed 3.

In summation, the study showed that between 1:00 P.M. and 2:00 P.M. 26 vehicles used the intersection. Between 2:00 and 3:00 P.M. 175 vehicles and between 3:00 P.M. and 4:00 P.M. 275 vehicles went through the intersection. After 4:00 P.M. it lessened considerably to about 30 or 40 vehicles per hour.

Oh yes, Mr. Leeson's one concern was over the pedestrians. Well, there were exactly two. One was a big black dog who apparently knew the traffic and never came close to any car and the other was either a Jr. or Sr. from High School who crossed when no one was coming from anywhere.

Mr. Leeson's other concern was regarding the traffic on Wolverine that had to enter the main stream somehow. In the roughly three hours when we sat there a total of 27 vehicles approached on Wolverine, that is nine per hour (What a traffic load) of which 11 made a right turn, the rest a left turn. Of all the 27 vehicles only 2 found vehicles approaching on Main Street. All the other 25 approached Main Street when no other vehicles were in sight.

We will probably as time permits conduct other studies unless our Council gets smart and puts a couple of vehicle counters across the road to see what total traffic actually is. We consulted the traffic manual which is issued to all county, municipal and State administration dealing with traffic control regarding "STOP" signs as well as Traffic Lights, Yield signs and what not. At the type of intersection which we have at Main and Wolverine they require that such "STOP" signs should be placed when vehicle traffic is 500 vehicles per hour during eight hours of any one day. That is 4000 vehicles in any eight hour period. Our present rate is approximately a little over 1000. Frequently citizens request such signs because they feel that signs will decrease accidents. Tests have shown that this is not the case. Signs will not decrease

accidents nor save money. The only results of signs like this is a waste of time and gasoline which means money.

### Letter To The Editor

tion to the Board of Education would not only relieve the teacher, but would also benefit the classroom as a whole. I do not believe that such a program should cause social problems (or be elitist) because even kindergartners know after the second month (and probably sooner) who is in the red, yellow, or blue group, just as they know who they want on their kickball team. And the wise teacher points out that no one is best at everything. The child in the advanced reading group may not be able to tie his or her shoe or draw a picture as well as someone else in the class. As stated before, we all have different talents. What we share in common is the desire to see that each talent is developed to its full potential. It has been said that the gifted and talented are the most mentally retarded of all groups when their potential and actual achievement are compared.

In 8 1/2 years, I have found that parenting brings a lot of joy and love, some frustrations, and a few real heartaches, but, in addition to all those, it brings responsibility. Parenting, to me, brings the responsibility of helping each of my children develop her or his talents to the fullest - to be the person God intended. That is why I belong to the Manchester Association for Talented Students and why I am seeking a program for talented students in the Manchester school system.

Sincerely,  
Deanne Zyromski

### Donations Needed For Refugees

Donations of household goods are being collected by the Manchester Refugee Resettlement Project, under the direction of Mary Kirk.

High on the committee's list of needed items are beds, bed linens, towels and washcloths, and a kitchen or dining table and chairs.

Contributions already received include a couch and two easy chairs.

Clothing items will be solicited later, when the committee has learned the number and ages of the "boat people" family which will be coming to Manchester under the committee's sponsorship.

Anyone with household goods to donate should call Elvira Vogel at 428-8436, or Claire Reck at 428-8852.

Development Council and Chairman of the Annual Giving Committee. He also serves as a Little League Coach and is a member of St. Mary's church of Manchester.

In the past, Bill has been involved with many community oriented organizations. He's held many positions with the Ann Arbor Chamber of Commerce, including Chairman of the Education Committee, Treasurer, and Chairman of the Finance Committee of the Huron Valley Girl Scout Council; served in many capacities, including General Campaign Chairman, for the Washtenaw United Way; has been the Director of the Washtenaw County Chapter of the American Red Cross; was a member of the City of Ann Arbor Retirement Board; a member of the Board of St. Louis School for Exceptional Boys; a Trustee for Washtenaw Community College; and Chairman of the Manchester Village Planning Commission.

My objective in running for School Board is to improve the quality of education for all of the students in the Manchester Community School District. There is no more meaningful gift that we can give to our children than a good education.

In order to achieve this goal I feel that all the community must work together - students, parents, teachers, administrators and the Board of Education. No more 'us and them'. Those words must be replaced with 'we'.

I feel the key to achieving academic improvement is to have the Board of Education communicate with all segments of the community and that means to listen as well as to speak. We also need to develop a mechanism for accountability for administrators and teachers that is both meaningful and workable. That mechanism must set specific and realistic goals and time frames for their achievement. The vast majority of our teachers are both dedicated and capable. We must create an atmosphere in the schools so that they are encouraged and assisted in order for them to continue to perform well. Some of our teachers need assistance in order to improve their teaching skills, and that assistance should be provided from both internal and external sources.

I have been greatly disappointed by many of the actions of our Board of Education this past year and more specifically the actions surrounding the negotiations of the teachers' contract which resulted in a strike and a settlement by a judge. The continued spending of plant funds without proper planning and the elimination of spring sports without the benefit of community input were also disappointing to me.

I feel that I will bring a financial expertise to the Board which does not presently exist, having spent a large part of my time during the last 13 years advising state colleges and universities on their financial affairs and the last 23 years in the field of banking.

I will do my best to see that our School District spends money wisely. I look forward to the opportunity of providing positive leadership to the School District. May I have your vote?

troit Public Schools and Marygrove College, majoring in History with minors in German, Philosophy and Education. She is presently a Masters Candidate in Early Childhood Education at Eastern Michigan University. Susan is married to Claude Cole. They have two children, age 8 and 5.

During the twelve years since college graduation, she has been involved in a variety of educational experiences ranging from pre-school to adult, both salaried and volunteer. These experiences include teaching junior high, marriage preparation, values seminars for high school and college students. She has been a volunteer in reading readiness and remedial reading for grades K through 6 and has served on the Boards of both the Rochester and Manchester Co-operative Nurseries. As a salaried co-ordinator of Corntree Childcare Co-operative in Ann Arbor her duties included teaching, administration, grant proposal, design and community liaison. She is presently employed at the Manchester Co-operative Nursery and serves on the Religious Education Board of St. Mary's Parish, Ann Arbor in the capacity of Treasurer.

**\*OPEN AND HONEST COMMUNICATION**

It is imperative that the board, as representatives of the community, communicate honestly with the community, so that the community has a notion of the status of the schools. It is, also, necessary for the board to seek input from

the community to better assess community needs. The community has a right to participate actively in major decisions affecting their children before those issues are settled. In line with these notions, I would hope to make participation by the community in board meetings more accessible. I would, personally like to provide time to meet informally once a month with concerned citizens and staff before agendas are set to LISTEN to their concerns.

**\* EDUCATION AS A CO- OPERATIVE COMMUNITY VENTURE**

I see education as a co-operative venture between staff, parents and administration for the good of the child. We are responsible for the education of our children. We, as the community, need to support the schools with money AND time spent. The school, in turn, needs to support us in the task of parenting. We work together for the growth of our children. We may not have the financial resources to hire specific staff personnel in all areas, but tapping interested and talented citizens to supplement existing programs is a real and viable alternative. Trained volunteers enrich and enhance any program.

**\*QUALITY EDUCATION FOR EVERY CHILD**

Quality education is a right of each and every child in our district. Regardless of academic ability, children have a right to be challenged. I feel this is possible if small class sizes are maintained and quality staff people are supported and

appreciated. Some have suggested that the small size of our district prohibits quality and diversity. Small size does not prohibit excellence. With support from the community, we can provide the diversity and excellence needed to give our children a meaningful education.

**\*AN OPEN APPROACH TO BUDGET, TAXES AND FINANCE**

The public has a right to know where the financial needs of the school district lie, where and how much revenue is being collected and where money is being spent. We need to have an accurate understanding of present AND future needs of the district. With that information, the public is then obligated to respond with financial support necessary to provide for adequate maintenance for the physical plant as well as an excellent educational program.

**Gifted/Talented Roundtable Meeting**

Are you looking for strategies to involve students, parents, administrators and teachers in an interdisciplinary project that can affect the total school community?

A concrete example of such an activity for gifted students that also involves many others in the school and community will be presented at the June 6 Washtenaw Intermediate School District (W.I.S.D.) meeting, 9-10 a.m., at the W.I.S.D. office, 1819 S. Wagner Rd., Ann Arbor.

Slides depicting Whitmore Lake Public Schools' INNER COURTYARD PROJECT will be presented by the G/T coordinator.

Project Director, Science teacher, Math teacher, parents, and students.

There will be follow-up discussion and sharing of highlights of other local district programs active during the 1979-1980 school year. Please call 428-9275 if further information is needed.

**American Legion Auxiliary**

The regular meeting of the American Legion Auxiliary was held on May 14, at the Legion Home.

A new flag has been purchased and received for Manchester's new Fire Hall. The Legion and Auxiliary together will be presenting the flag and pole to the firemen in the near future.

Pappy Day was held on Friday, May 16, and we wish to thank everyone for the success that it was.

Refreshment committee for the June meeting will be Mara Riggs and Barbara James.

Good Cheer for the coming month will be Vivian Middlemiss.

The June meeting will be held at the Legion Home on June 11, at 7:30 p.m.

Another sound we haven't heard lately is the rustle of skirts.

### Laverne Leach

At the present time he is starting his third year as secretary of the D.H.I.A. Supervisor's Board and Delegate to the State Board.

He resides at 16500 English Road with his wife and two children.

The reasons I am running for school board are many, but just to bring out a few of the main ones, the attendance of yours and my children and our tax dollars.

We need to utilize our tax dollars to the farthest limits to keep improving the quality of education and the facilities where it takes place.

In order to achieve these goals and any others, we have to listen, talk, study and then make a decision on the subject.

Then we must all get united as a board of education, administration, teachers, parents and students and inact our discussion.

As a school board member I will have an open line of communication to anybody who wants to talk on any subject. I will work hard to implement any plans that I have.

I will appreciate your vote on June 9th.

### 2 Positions Available On School Board

William D. Bunney, President has reported that two positions, created by recent resignations, are available on the Board of Education. Persons interested in being appointed to one of these positions should notify Mr. Bunney in writing at the Board of Education Office, 710 E. Main.

The appointments are for a period of one year concluding on June 30, 1981. At the annual election in June, 1981 the unexpired portions of the respective positions will be an issue on the ballot.

Recommendations or nominations from members of the community who may not be interested themselves but who would like to suggest an appointment are also welcome.

### Art Show And Sale

The Chelsealand Painters' seventh annual Art Show and Sale will be held from 10 a.m. to 5 p.m. Saturday, June 7 and Sunday, June 8 at the Chelsea Medical Center. Sixteen artists will exhibit and sell watercolors, acrylics, collages and drawings. A percentage of sales will provide a medical scholarship.

Rain or shine the show promises full days of art, entertainment, refreshments, hospital tours - a unique outing for the entire family!

### Summer Recreation Swim Classes

The summer recreation program will again be providing youngsters an opportunity to take instructional swimming classes. There will be two, two week sessions offered for pre-beginners and beginners. Transportation will be provided by summer recreation as the classes are held in an indoor pool in Adrian. The bus will leave from the tennis courts at approximately 8:40 and return at 11:10 a.m.

Each session is limited to the first 40 to register (20 pre-beginners) and 20 beginners. You may register for both sessions in advance. The cost is \$10.00 per session. Make checks payable to Manchester summer recreation. The fee is due at the time of registration. Drop off the completed form to Bart Bartel at Klager Elementary. The classes run Monday-Friday, for two weeks.

### Community Education

In today's complex society many people want answers on a variety of questions on what to do and where to go for information and help in resolving consumer problems. The Federal government has put out a booklet that contains information on almost any topic you can think of and it's free for the asking. I would urge everyone to send for this booklet as a reference for now or in the future. Single copies of the "Consumer's Resource Handbook" can be obtained by writing the Consumer Information Center, Dept. 532 G, Pueblo, Colorado 81009.

### Tornado Or Strong Wind?

At the Robert Service residence, 8850 Neal Rd., on Monday night at about 12 o'clock a tornado or strong winds (tornado not confirmed) picked up a 14 foot boat and carried it 300 feet into a field and did

severe damage to a chicken coop pictured above. Other damages included several upturned fruit trees, a downed maple tree and swath of trees through the woods.

### School Board Minutes

May 19, 1980

These are the proposed minutes of the May 19, 1980 Board of Education Meeting. They are not official until approved or corrected at the next regular meeting of the Board of Education.

The meeting was called to order at 8:00 P.M. by the President, William Bunney in the High School Library.

Board Members present: William Bunney, Paul DuFresne, George Macomber, Earl Horning, Harold Walkowe. Absent: None.

Communications to be read: Secretary DuFresne indicated there was only one communication other than those already received and placed on the agenda. This communication was from John Korican, Unit Director, Manchester Education Association/MEA/WLEA/MEA/NEA, dated May 12, 1980. The communication informed us by unanimous vote they are registering strong objections to the manner in which the Board of Education dealt with the complaints lodged against a member of their bargaining unit at its April 21, 1980 meeting.

**VISITOR IMPUT:**  
Before asking for visitor input, Pres. Bunney requested the Board to act on "to add item F under discussion items - Grievance - Moved by DuFresne to add item "F" under discussion items - and marked "Grievance". Supported by Walkowe - Vote: Yes: DuFresne, Macomber, Walkowe, Bunney, Horning, Nays - None - Motion Carried.

President Bunney welcomed all to the meeting and asked if anyone would like to speak about any items on the agenda. If anyone would like to do so, they will be recognized. The Board recognized a representative from the Klager PTO Steering Committee who viewed their disappointment to the Board and Dr. Thompson concerning the amount of time being allowed for millage campaign. Pres. Bunney thanked the representative and announced the two meetings coming forth on May 22, and May 28 at Pleasant Lake School and the Manchester High School. Student Council Representative requested

to speak - no one from the Council present. M.E.A. representative - not present - Pres. Bunney moved on with the Agenda.

President Bunney referred to three sets of minutes for approval. Meetings of April 21, 1980, no additions or corrections. Mr. Walkowe moved the minutes be accepted as read - supported by Mr. Horning. Vote: Yes: Horning, DuFresne, Macomber, Walkowe, Bunney. Nays: None. Motion carried.

Minutes of the meeting of May 5, 1980, no additions or corrections. Mr. Horning made the motion the minutes of May 5 be approved as read. Supported by Mr. DuFresne. Vote: Yes: Horning, DuFresne, Macomber, Walkowe, Bunney - Nays: None - Motion carried.

Minutes of May 12, 1980, Special Meeting - No additions or corrections. Mr. Walkowe made the motion the minutes be approved as read. Supported by Mr. Macomber. Vote: Yes: Horning, DuFresne, Macomber, Walkowe, Bunney. Nays: None. Motion carried.

Financial Report: Moved by Mr. Horning to accept the financial report showing a balance of \$534,470.43 as given by Mr. John McGuire. Supported by Mr. Walkowe. Vote: Yes: Walkowe, Macomber, DuFresne, Bunney, Horning. Motion Carried. Bills Payable: Moved by Mr. Horning, supported by Mr. Macomber to accept bills payable in the amount of \$1,521,066.62. Vote: Yes: DuFresne, Macomber, Walkowe, Bunney, Horning. Nays: None. Motion Carried.

**DISCUSSION ITEMS:**  
A. David Sweet, Kinship Homes, Inc. addressed the Board and gave a complete presentation regarding the operation of the Kinship Homes within the district. In brief, they have 3 homes in the Manchester area, they are homes for mentally retarded adults. These adults are originally Washtenaw County residents - 80% of them were institutionalized at one time and through our homes are brought back into the community. They have various degrees of handicaps. From educable to various physical handicaps such as blindness. Six reside in a home. Some attend High Point Schools. They have staff residents around the clock. Funds are received through the Department of Mental Health along with self-sufficient means

such as gardens, etc.  
B. Klager Curriculum was given by Joseph Ellison who with the help of the elementary staff prepared a complete synopsis in Spelling, Math, and Science curriculum for each grade level. Mr. Ellison covered curriculum areas, text recommendations, supply recommendations, status of programs, future emphasis and parental involvement.

C. Dr. Thompson reported again that the response to the Citizens Advisory Committee had not been good. Dr. Thompson proposed rather than have the group take on the five different areas that had been talked about the volunteers be split into two groups, one assigned to physical facilities and the other to work with Dr. Thompson on curriculum needs assessment as perceived by the community.

D. Alternative Millage Election Date: Dr. Thompson notified the Board that we need approximately 7 weeks to get a date set, that is allowing 45 days from election to election plus less than a week for the county office to process the application. Currently our annual election set for June 9, 1980. If we were to act now we could get an alternative election date should we need one, set for late July. If we wait until after the June 9 election of course

the time line would be extended into sometime in August. Our concern there would be running into the August Primaries. Dr. Thompson's recommendation is that we go ahead and move on this, submit an application for a second election day. Motion was made by DuFresne that we direct the Superintendent to confer with the Washtenaw County Clerks office and the School District Attorneys and act on an alternative millage date which meets requirements of the district and suitable to the County Clerk. Supported by Walkowe. Vote: Yes: Horning, DuFresne, Macomber, Walkowe, Bunney. Nays: None. Motion carried.

E. Dianne Smith Mileage request: Pres. Bunney proposed that items E & F be referred to a committee of two to establish a hearing and come back to the board with a recommendation at the next meeting. Mr. Horning and Mr. DuFresne to serve on the committee to handle the items for finalization at the next Board meeting, with a recommendation at the next meeting. **OLD BUSINESS:**

A. Reconsideration of Mr. William Scaletta's Contract. Mr. Walkowe made the motion that Mr. Scaletta's contract be extended for one more school year. Supported by Mr. DuFresne. Motion Carried.

**Women's Tool & Die Softball Team**

On June 2nd, the Women's Tool & Die Softball Team got back to league action after a two week layoff. We started slow scoring only three runs in the first inning, one in the second. In the third we added four more. The fourth inning came and we had the big inning we were looking for - we exploded for 19 runs and the game was over.

While scoring 27 runs we sent 33 hitters to the plate and collected 23 hits. The attack was led by Kim Dulle who had a perfect 5 for 5 night with 2 doubles and 2 singles while driving in 6 runs. Jeri Walz, Bernie Fielder and Nikki Kennedy went 4 for 4, 3 for 4 and 3 for 4 respectively.

Daphne Nickols was the winning pitcher giving up only 5 hits while shutting the Gelman Team out.

The final score 27-0.

## Ordinance No. 12

**AN ORDINANCE TO DESIGNATE AN ENFORCING AGENCY TO DISCHARGE THE RESPONSIBILITIES OF THE TOWNSHIP OF BRIDGEWATER UNDER THE PROVISIONS OF ACT 230 PUBLIC ACTS OF MICHIGAN, 1972, STATE CONSTRUCTION CODE ACT.**

The Township of Bridgewater Ordains:

Section 1. AGENCY DESIGNATED. Pursuant to the provisions of Section 9 of Act 230 Public Acts of Michigan 1972 (Compiled Laws of 1948, Sec. 125.1509) State Construction Code Act, the Building Inspector, Electrical Inspector and Plumbing Inspector of the Township of Bridgewater are hereby designated as the enforcing agency to discharge the responsibilities of the Township under said act. The Township of Bridgewater hereby assumes responsibility for the administration and enforcement of said act and all construction codes as amended adopted by the State Construction Code Commission including but not limited to the Michigan Building Code, the Michigan Plumbing Code, the Michigan Electrical Code and the Michigan Mechanical Code throughout its corporate limits.

Section 2. REPEAL. All ordinances inconsistent with the provisions of this ordinance are hereby repealed.

Section 3. EFFECTIVE DATE. A true copy of this ordinance shall be published in accordance with the law within thirty (30) days after the date hereof in the Manchester Enterprise, a newspaper having general circulation in said Township and said ordinance shall be effective thirty (30) days after such publication.  
Made and Passed May 19, 1968.

## Construction Continues On The Manchester Office

The permanent Manchester office of Ann Arbor Bank and Trust, as shown above, is scheduled to be completed this fall.

## HIT OR MISS by farley

Construction continues on the permanent Manchester office of Ann Arbor Bank and Trust. The original building began as a house on the north edge of Manchester and the surrounding woods used to serve as a picnic area for Manchester residents. Extensive remodeling and additions to the original site will provide a spacious open-style lobby with a floor-to-ceiling window at each end, to provide maximum natural light. The lobby has four teller windows, safe deposit booths for privacy, a conference room, and manager's office. A Community room on the lower level will be available to Manchester area groups for meetings.

George R. Thorne, Senior Vice President of Ann Arbor Bank, said the bank preserved the original structure for historic reasons, cost considerations and to maintain the natural setting of the building. The winding drive to the four drive-up windows was designed to minimize trimming or removal of the many trees on the site.

Edward Barnard, a Manchester resident and area banker for many years, is the manager of the temporary office and will manage the new facility when finished.

Completion is expected in the fall. Until then the temporary office's lobby and drive-in hours are Monday through Thursday 9 a.m. to 4 p.m., Friday 9 a.m. to 6 p.m. and Saturday 9 a.m. to 12 p.m.

## ALL ROADS LEAD TO MANCHESTER ON JULY 17th

## Optimist Selection For Boys And Girls State

Two students from Manchester High School have been selected to attend the American Legion's Boys State and Girls State programs in June.

The weeklong event teaches youths about American elective and political processes by the formation of a two party system, with campaigning and elections for the "mini government".

Each young lady and gentleman were selected to represent the Manchester Optimist Club by their outstanding contributions to school and community. The selection is made from qualified high school youths, who apply, being seniors in the fall. Not a popularity contest, but determining who would reap the maximum benefit from the experience, with aid from School Principal Mr. J. Kappler, is the process.

The Club's selection for Girls State is Kimberly Bristle, daughter of Mr. and Mrs. Stephen Bristle of 9960 Saline Waterworks Rd. She will attend this event June 14-22 at Central Michigan University, in Mt. Pleasant, along with 500 other girls.

Kim has been active in school plays, variety shows, band, chorus, and is a member of the National Honors Society. Outside interests are 4-H, Aetna Citizenship through Teens, dairy judging and teaching dance. Looking for a better understanding, and wanting to learn more about our government, are definite goals.

Michael Ball is the selection for Boys State, son of Mr. and Mrs. Leon Ball of 611 Vernon St. This event is held June 11-18 at Michigan State University in Lansing, with 1100 other young men in attendance.

His school activities have been golf, basketball, track, drama, varsity choir, Sophomore Class President, and Student Government. An avid stamp and coin collector and local Church Youth Group President, he enjoys music, sports, playing pool, and reading. His interest in government, and the application of knowledge gained from this experience, will be used for future goals.

The Manchester Optimist Club is proud of these young people, and wish them well as they meet new friends and gain worthwhile experiences from the events.

## Voters Reject Millage, Elect 2 To Board

In the Annual School Election held Monday, June 9, the voters turned down both millage proposals by an overwhelming 2 to 1 majority.

A total of 1084 votes were cast as follows: Renewal Proposal: 729 no, 350 yes, 4 blank and 1 spoiled; Headlee Rollback: 739 no, 335 yes, 9 blank and 1 spoiled.

The two vacancies on the Board of Education were filled by William Broucek with 780 votes and David Little with 639 votes. Susan Cole received 344 votes, Laverne Leach 187 votes and Harold Walkowke 78 votes.

## Fair Board Date Change

The regular meeting of the Manchester Community Fair has been changed to Tuesday, June 17, 1968, 8:00 P.M. - Fair Office on the Athletic Field.

## Auxiliary Girl State Representative

Michelle LaRock, daughter of Mr. and Mrs. A.R. (Bob) LaRock, 15151 Sharon Valley Rd., Manchester, will be attending American Legion Girls State, June 14-22 at Central Michigan University, Mt. Pleasant, Mich.

Girls State was established by the American Legion Auxiliary in 1941. The purpose of the American Legion Auxiliary Girls State is threefold. To emphasize the importance of government in modern life. To stimulate a deep and lasting interest in government. To enlarge our understanding of governmental process.

Girls State gives the girls a chance to actually participate in the political and governmental process.

Michelle is a Junior, she has been a member of the Girls Track Team and is a Honor Roll Student. Michelle is a member of the American Legion Jr. Auxiliary and is being sponsored by the American Legion Auxiliary.
