

COUNCIL PROCEEDINGS

June 16, 1980

Council met in regular session with the meeting called to order by President Schaffer at 7:00 P.M. Present were: Hinkley, Koebbe, Minick, Reed, Daniels and Zsenyuk.

Minutes of the June 2, 1980 meeting were read, corrected and approved in a motion by Hinkley, supported by Minick. All yeas, motion carried.

Public Works as reported by Koebbe included: The water pond on Riverside Dr. was pumped out twice because of heavy rains. Washtenaw County Road Commission was called in to help. The county engineer will look at the pond to see what can be done; The Chapin home on Riverside Dr. had problems with water seeping into their basement. W. Chapin asked what could be done. At this point we don't have any overflows to take the run off; Village lawns have been mowed as weather permitted; Two graves were dug at Oak Grove Cemetery; Mailed Mr. S. Robert Scott his final filling (which included the second quarter) on his apartments on June 12, 1980; Past due notices will be mailed on June 20th, turn off date will be July 2, 1980; Water meters are scheduled to be read the week of June 23, for this quarter; The back stop at Carr Park is being completely rebuilt. Request was made to install a post fence near the bathrooms to keep people from parking on the grass; On June 11, 1980 Daniels met

with Thomas Knueve and Terry Walkington at the Wastewater Treatment Plant and they checked our plant facilities. A meeting was held later at McNamee, Porter and Seelye offices to answer any questions that Mr. Walkington had. One question the Village will need to answer is septage program: Checked with Robinson Asphalt Co. concerning the repairs on the streets that were layed last summer and was told they would start on it sometime in the last part of July.

It was moved by Koebbe, supported by Reed and unanimously carried the following resolution be adopted: Resolved that the Village decide not to include a septage program in their Sewage Facility Plant.

Village Council approved the request of installing the post fence at Carr Park. The 1980 Final Budget Hearing for the Village of Manchester was held to accept the following decisions made in a motion by Reed, supported by Koebbe. All yeas, motion carried. General Fund Millage .0094 \$172,709.96. General Highway .0035 \$64,306.90. Bridge Bond .008 \$14,698.72. Sewer & Water .0013 \$23,885.42. Total .0150 \$275,601.00.

Chief Zsenyuk reported Mr. Douglas Parr had requested permission for the Jaycees to hold a 4th of July Parade plus Fireworks at Carr Park in the evening. Moved by Minick, supported by Hinkley permission be granted to the Jaycees to hold a 4th of July Parade, plus Fireworks. All yeas, carried.

Moved by Minick, supported by Koebbe to authorize Chief Zsenyuk to proceed with purchase of a new police car from Chrysler Corp. to replace the one which was wrecked with no added cost to the Village after receiving payment from Insurance Co.

Chief Zsenyuk reported the Art Fair had requested the closing of Adrian St. to Duncan St., in addition to the closing of Main St. from M-52 to Clinton, plus additional parking for exhibitors. He has asked the Art Fair to come before Council with the request.

Hinkley presented the unapproved minutes of the Manchester Village Planning Commission for review. He also reported he had made tentative plans to meet with Norman Walz, Contractor this week on the remodeling of the lower level of the Village Hall.

Permission was granted the Girl Scouts to hold a Girl Scout Day Camp at Carr Park July 8, thru July 11.

Manchester Village Planning Commission

June 3, 1980

The regular meeting of the Manchester Village Planning Commission was held at the village hall, with members present: Hinkley, Leeson, Bond, Wellwood, Tracy, Daniels, Smith, and Grossman.

The meeting was called to order at 7:30 p.m. by Ch. Hinkley.

Minutes of the meeting of May 6 were reviewed, and a correction and addendum made. On the motion by Bond, seconded by Wellwood, the revised minutes were approved.

Mark and Wendy Chapin were in attendance to follow up on their request for rezoning their property in the South-west quadrant of the intersection of Riverside Drive (M-52) and Duncan Street, from "O-1" Office District, to "C-2" General Commercial District. The question of legality of rezoning on request by the owner of record without concurrence of other parties who have vested interest in the property has not been fully explored. The State Highway Commission has been contacted and has an objection as to their possible concern. There has been no expression of attitude by the nearest neighbors. The Chapins are not prepared to consider other alternatives at this time. Member Wellwood moved that the subject request for rezoning be denied; seconded by Bond. Roll call vote: "Yes" (for denial): Leeson, Bond, Wellwood, Daniels, Smith, Grossman; "No": none; "abstain": Tracy. Denial of request approved.

The Village Council has asked that the Planning Commission arrange for followup on conformance to stipulated conditions to permits, etc., which have been approved by Council or the Zoning Board of Appeals. Member Bond volunteered to check with Council President Schaffer.

Provision of site or sites to be zoned "Industrial", through cooperation between the Village and Township Planning Commissions has been instigated.

There being no other current business, the meeting was declared adjourned, at 9:00 P.M.

Brownie Day Camp

Car Park was the site of Brownie Day Camp held from July 8 through July 11, 1980. Tuesday morning brought us 45 enthusiastic young girls ready for a week of camping and adventure and bewildered leaders and counselors wondering what was in store for the week. We completed our meals over open fires and finished off Friday with a dinosaur egg hunt. A couple of the groups wrote everyone stories. This is a story that one person starts and then passes onto the next person and on down the line until everyone has participated by adding their ideas to that story. Following are the stories that we created.

Once upon a time long ago there was a group of pretty little girls going on a hike. They started their hike in Manchester. They walked around the town, exploring all the sights. They saw flowers. They saw pine trees. They saw a bank. They saw churches and houses. They were looking for a house to buy. There was a nice house for sale and they bought it. It was almost Christmas and they

STORY HOUR

The Manchester Township Library's story hour is growing so well a few changes need to be made. Please note that the stories for the preschoolers and early grades will be from 1:30 until 2:00. This time slot includes, stories read, and assistance picking library books. From 2:00 until 2:30 our older patrons will be read the next chapter of *Moby Dick* by Herman Melville. Younger patrons who must wait with their older brother or sister will be supplied with crayons and paper to help them sit quietly for that time slot. Other small children are welcome to leave with their parents at the completion of the first segment. Weather permitting, we will still read the stories under the trees, on the blankets. Come and see how a pleasant lazy afternoon can be enhanced, Thursday, July 17, 1980.

Birth Announcement

Mr. and Mrs. B. Charles McConnell of 19065 Sharon Valley Road, Manchester, Michigan are pleased to announce the birth of their son, Brian Christopher. Brian was born on July 6, 1980. He weighed 7 pounds, 8 ounces at birth and measured 21 inches in length.

Brian's Paternal Grandparents, Mr. and Mrs. Ben C. McConnell of Ontario, Oregon arrived in Manchester shortly after the birth of their first grandchild and will be visiting here for a few weeks. Also visiting is Brian's Aunt, Mrs. Eileen Gebert of Caldwell, Idaho.

Brian's Maternal Grandparents, Mr. and Mrs. Oral L. Bell, reside in Gold Hill, Oregon. Although they are unable to visit at this time, they are quite happy to welcome their fifth grandson into the world.

Local Girl To Attend National Girl Scout Event

Carolyn Schwab of Senior Troop 301 in Manchester has been selected by Lenni-Lenape Girl Scout Council to attend "Whirlwind '80", a Girl Scout Wider Opportunity.

Wider Opportunities are events offered to older girls by Girl Scouts of the U.S.A. and individual Girl Scout councils. Girls apply for the event they are interested in then go through a selection process.

From August 13-26 Carolyn will experience the excitement of New York City, cruise in New York Harbor, get involved in the hustle of Wall Street, the United Nations, and Chinatown. A tour of West Point will be followed by an afternoon at camp for canoeing, swimming, beach-combing and relaxing.

Next, the 80 girls, ages 14-18, from across the nation, will be off to Philadelphia - the "Cradle of Liberty," to visit the Liberty Bell, Independence Hall, the home of Betsy Ross, the U.S. Mint, and much more.

Carolyn is the daughter of Mr. and Mrs. William Schwab of Beaufort, Manchester. She is a 1980 graduate of Manchester High School where Carolyn was a member of the National Honor Society, active in school drama productions, plays the guitar and is in a church guitar group.

As a Girl Scout she participates not only in her troop activities but helps Brownie and Junior Girl Scout troops camp at Camp Linden. She has also completed the two summer Counselor - In-Training program.

HIT OR MISS by farley

I know of course that this didn't happen in Manchester or in any surrounding territory but a friend of mine insists that it did happen in one of those super super markets in a nearby city.

He says that we need more price fixing. He tried to read the price on a can of Ben's meat balls and spaghetti the other day at the check out.

"What 'cha doin' inquired the checkout girl?"

"Trying to read the price on this can", I replied.

The girl took the can and mumbled "Looks like 59 cents but it would be 63 cents if you read it upside down", she said.

"Mebbe it's upside down" I said, hoping to get by for 59 cents.

The girl ignored me.

"Hey Blanche" she calls to register 4,

"How much is this?"

"Hmmm" sez Velma, "It was on sale last week."

And just then the checkout boy who saks the groceries yells out "Hey some air-head wants the correct price on Ben's meat balls".

"Just then I cried "Look here under the sticker it says the price is 19 cents - but Velma yells "That was when it was on special." They both look at me like I robbed the till. "But I insist you put the price right on top of Uncle Ben's portrait - it makes him look like he has varicose veins."

The bag boy brings another can of the same and sez "It says here the price is \$1.99 with the bottle charge."

"You nut that is for pop not meat balls I yell and the third assistant manager makes his way over. "What seems to be the trouble he sez."

I explain. What difference does it make, he sez. Here on the side is the computerized codified price zit. Run it by the scanner and it's rung up on the register. That's all you need do."

"Too tired to argue farther I surrender. As I get ready to leave, I ask if I can pay by check and they agree.

As I go out the door the checkout girl screams at me "hey, you didn't put the amount on the check just some black lines."

"That's OK I yell back. Run it through the computer. Let it figure it out."

One chap we know refers to June as the silly season, the time for weddings. If so the July is the silly season for folks who write columns - when nothing much happens so we get out our stock of saved up stale bon mots to fill up the column. Here's a few:

He who orders soft drink has no kick coming.

Prejudice like an ingrown toenail hurts most the person who has it.

One of my friend says inflation is everywhere. He is 52 and feels 75.

A photographer explained that to be a successful model the toniest ones must be the boniest ones.

And the doctor told him "You'll be fine now. You'll be up and complaining about your bill in no time."

CPR Classes Offered

The regular quarterly CPR (Cardiopulmonary Resuscitation) classes will be held on Tuesday, July 22; Thursday, July 24; and Tuesday, July 29 in the Saline High School Cafeteria from 7-10 p.m. In order to become certified, all three classes must be attended.

Sudden death from heart attack is the most common medical emergency. In addition, many victims who die as a result of such accidental causes as drowning, electrocution, suffocation, drug intoxication and automobile accidents could be saved by the prompt and proper application of CPR.

CPR is the emergency first-aid procedure that consists of providing artificial breathing and circulation until the victim (adult or infant) has been provided professional medical attention. The Saline Classes also include instructions in "what to do" to save a choking victim.

The CPR classes are co-sponsored by Saline Area Schools, Community Education; Saline Community Hospital Auxiliary; Michigan Heart Association; American Red Cross and Saline Community Hospital.

All caring members of the community, age 14 and older, are urged to call Saline Community Hospital 429-4564 to pre-register. Entire families are encouraged to sign up together. The classes are free.

consumer is the government going to hear from? Since we are all consumers, it seems fair that some distinctions will be made.

Certainly, this new position should not develop into a platform for self-proclaimed consumer activists, leaving out the producers who are also consumers.

AGRICULTURE IN ACTION
MICHIGAN FARM BUREAU
WHO IS A CONSUMER?

"They" is one of those elusive terms that's never really nailed down. "They" say there's life on Mars... "They" say the world will end tomorrow. "Consumer" is another such word. Who is a consumer? The end used of a product? Housewives shopping in a supermarket? Farmers buying cars? A company buying steel to build freezers?

Of course, we are all consumers and it is erroneous for anyone to classify an individual or company as only a supplier and the other as only a consumer. Supermarkets, for example, are consumers of electrical power, telephone service and innumerable other goods and services.

There is certainly a need for companies to be sensitive to the needs of their customers. But what about the action recently taken by President Carter when he announced programs to give consumers (there's that word again!) a stronger voice in the decision-making process of 35 federal agencies and departments?

The President said, "We are trying to look the consumer viewpoint into the federal government. I want the entire federal government to think like the consumer thinks."

That's an honorable position, but which

TLC for Salad Greens... TENDER LEAFY CARE!

Crisp, fresh greens are the secret to a perfect salad. But these fragile bits of leafy lushness need special handling, storage and preparation to keep them at their perky best.

- Select greens that have crisp leaves and relatively few blemishes.
- Wash greens under cool running water and drain or dry with paper towel. Remove any spots and store the clean greens in plastic bags or the refrigerator crisper drawer.
- Handle greens as little as possible. Cut edges tend to discolor more quickly, so gently tear leaves into bite-size pieces for salad.
- Always chill greens several hours before using, to insure crispness, color and garden-fresh flavor.

Look For Three Property Tax Reform Ballot Proposals

The July 7 filing deadline has come and gone for groups hoping to place property tax reform proposals on the November ballot, and it now appears that voters will have an opportunity to choose between three different plans in the fall election.

One plan, drawn up by a number of legislators and Governor Milliken, was approved by the necessary two-thirds of both houses of the Legislature just before the summer recess, and will automatically appear on the ballot.

Supporters of the other two proposals must wait until Elections Divisions officials within the Department of State finish counting the number of valid referendum signatures before being assured that they have collected a sufficient number to place their favored plans before the voters in November.

More than 286,000 signatures are needed to place the proposals before voters in the fall, and both plans - the Smith-Bullard proposal, and the Tisch plan - appear to have a sufficient number of signatures.

Here's a rundown on the three plans: -The legislative-executive plan would reduce the assessed valuation of each owner-occupied home by \$7,100, providing an average property tax reduction of \$350 statewide. The sales tax would be boosted from 4 percent to 5.5 percent to make up for the lost revenue.

-The so-called Tisch plan, named after Shiawassee County Drain Commissioner Robert Tisch, would roll property tax assessments back to 1978 levels, and cut them in half. It would also limit new assessment increases for residential and agricultural homesteads to 2 percent a year, and forbid any new taxes on a homeowner's principal residence and require a 60 percent vote of the people for any new tax increase.

The plan sounds very appealing up

front, but it would devastate state government's ability to operate at an effective level, since about \$2 billion - or just under 50 percent - of state revenue would be lost under this proposal. If Tisch passes, it is quite possible that local income taxes would be raised across Michigan.

-The Smith-Bullard plan, forwarded by State Representative Roy Smith (R-Saline) and Perry Bullard (D-Ann Arbor), would substantially reduce property taxes by limiting local millage levies to a maximum of 24.5 mills. Lost revenues would be made up through an increase in the state income tax, with the legislature to determine the amount of the increase.

Homeowners have been pleading for some form of property tax relief for many years now, and they will finally have an opportunity to change the present system at the polls in November. I would suggest that you study the proposals and determine which one, if any, is most advantageous to you before casting your ballot.

On the final day of the legislative session, after weeks of agonizing, the Michigan House voted to place an \$880 million property tax plan on the ballot that would mean an average \$350 savings for Michigan Homeowners.

I voted for this plan with some reluctance because I would have preferred a tax cut over a straight tax shift.

The indexing would be accomplished through implementing legislation that will go into effect if the amendment is approved by the electorate. Since 1978, inflation has eroded the \$1,500 personal exemption to the point where it is now worth only about \$935. By tying the exemption and the property tax credit to the growth of the economy, Michigan citizens will have a chance to keep pace with inflation, rather than losing money because of it.

I also think that the four year phase out of utilities will make our tax structure more progressive. Utility prices have increased dramatically and any tax on those bills obviously makes a big difference in paying for a vital service.

The proposal would exempt the first

\$7,100 in state equalized valuation on homes and thus provide new property tax relief in addition to the existing property tax credits in the income tax.

An amendment that was aimed at prohibiting anyone with a household income of over \$50,000 from getting the \$7,100 state equalized valuation exemption was removed prior to the final vote of the proposal. With the limitation gone, and with the indexing feature in place, I felt I could give "X" my support.

American Legion Auxiliary

The American Legion Auxiliary was held at the Legion Home on July 9, at 6:30 p.m. A delicious potluck dinner was enjoyed prior to the meeting.

Shelly LaRock was present and gave a very interesting report on her week spent at Girl's State. Shelly was a delegate from our Unit.

Election of officers for the coming year was the main feature of the evening.

1980-81 officers are President, Helen Hosmer; 1st. Vice President, Linda Jacob; 2nd. Vice President, Mara Rigg; Secretary, T.V. Ludwick; Treasurer, Phyllis Baker; Sgt. at Arms, Judy Host; Chaplain, Edna Knass; Historian, Della Widmayer; Executive Committee, Arlene Walter, Mary Smith and Vivian Middlemiss.

There will be no meeting in August. Marilyn LaRock will serve as the Good Cheer Committee for July and August.

Our first meeting in the fall will be held on September 10.

Judge Robert V. Fink For District Court

District Judge Robert V. Fink has announced his candidacy for re-election to the office of Judge of the 14th District Court.

Judge Fink is Chief Judge of the court. The 14th District comprises the whole county of Washtenaw except the City of Ann Arbor, and has four judges.

Judge Fink has been judge of the district since January, 1973, when he was appointed by Governor William G. Milliken to fill a vacancy, and was elected to his current term in 1974.

He became Circuit Court Commissioner in April, 1948, by appointment and held the office twenty years by election to six

successive terms. He is now serving his eighth year as district judge, giving him twenty-eight years judicial experience.

Judge Fink is a member of the Michigan District Judges Association, American Judges Association, the Ypsilanti Lawyers, Washtenaw County Bar, State Bar of Michigan, American Bar Association, and Inter-American Bar Association.

He is serving on the Michigan District Judges Rules and Forms Committee working with commissioners of the Michigan Supreme Court and Supreme Court Administrators Office, and also the ad hoc government liaison committee for improved intercommunication between the district court and other government agencies.

In announcing his candidacy, Judge Fink said, "When I first sought the office of District Judge, I pledged to the people an efficient and honest administration. I promised to conduct the office in a manner to best serve the public, to minimize inconveniences to the public, to avoid unnecessary adjournments and delays which might result in a denial of justice. I promised to maintain the high standards that the Washtenaw County Courts had set and I pledged a court devoted to public service with true, equal and impartial justice for everyone."

"This continues to be my goal and much has been accomplished toward that end. I wish now to continue to serve in order to complete the work that has been started."

"During my term of service as a result of my efforts and with the help of the other judges and court staff, and with the

support of the Washtenaw County Board of Commissioners and with the cooperation of other agencies of local and state government, we have established a probation unit within the court, initiated a work program as an alternative to jail, and a delayed sentence program which provides diversion from conviction for misdemeanor activity in proper cases. Also, for the alcohol offender, alcohol counselling and driver education referrals have been greatly expanded. Drug awareness classes are now being provided for the offenders involved in drug cases. Driver School referrals are made for the traffic offenders.

Judge Fink holds LL.B. and Juris Doctor degrees, cum laude, from the Detroit College of Law. He was admitted to practice law in 1941. He has lived in Ypsilanti since 1934. He is married, has five children and two step-children, and is active in church and community affairs.

Be tolerant of the person who disagrees with you. Remember he has the right to his own stupid opinion.

decorated it. It was old house. It was eight years old. It had creaky stairs and one of the girls was walking on them and they broke. She broke both of her arm and legs, but she was o.k. She had to go to the hospital to get stitches in head.

The rest of the girls stayed home. They went in a room and there was a skeleton on the door. It was jumping up and down going "R-R-R-R" "R-R-R-R". The girls were investigating the house and found a trap door in the library. They were searching the books and all the books were on how to be a spook or witch craft. They thought someone was trying to scare them.

There were some stairs and the girls walked up them. When they got up there they found a trap door that almost trapped them and there were five bats. They tried the trap door. When they went through the door they were in a meadow filled with lovely daisies. When they looked back, the door had disappeared.

Suddenly out of the sky appeared Super Scout. She marked the trail back home. THE END

Once upon a time there was a little gray dinosaur. He was a very nice dinosaur and especially liked children. But he was afraid of adults and so he didn't like them

much. The children of the village like the dinosaur trampoline the dinosaur had set up for them.

The dinosaur lived in a nearby cave and the children would go there to visit him. Everytime the children would go to visit the dinosaur he would treat them with rock candy bars.

Once the children picked flowers for the dinosaur on the way to the cave. When they gave the flowers to the dinosaur he started to sneeze. He sneezed so hard that he blew the children away. The dinosaur felt really awful that this had happened. He set out to look for the children, but he had a really hard time finding them. Then it became night. He returned to his cave and sat by the fire trying to think of a plan to find the children. He started out the next morning looking for them again. At last he found the children on top of a cliff. It was pretty high and they couldn't get down by themselves. So the dinosaur walked over to the edge of the cliff and the children slid down his neck to the ground and were safe. The dinosaur put all the children on his back and took them back to the village and everyone lived happily ever after.

LETTERS TO THE EDITOR

It's not often that we get to see heroism in action. Those of us who witnessed the 4th of July parade near the Widmayer Ford Dealership got that chance this year. Two men rushed out from the crowd, grabbed the bridles of the runaway team of horses and stopped them inches away from a group of marching children. As one of the parents of those marchers I'd like to thank those men whoever they may be. I think the Village of Manchester owes them a debt of gratitude for keeping our 4th of July a celebration and not a tragedy.

Sincerely,
Pat Sahakian

MANCHESTER HAD IT'S DAY

Manchester had it's day in the sun last Thursday. And what a day it was. Thanks to our weather committee and the loyalty and cooperation of over 550 volunteer men and boys from our entire community we set a new attendance record at Manchester's 27th Annual Chicken Broil. Although the attendance count is not finalized, and will not be until all volunteers turn in monies from the tickets they sold, Gene Bentschneider, General Chairman, reports a record number of guests, estimated between 12,500 and 13,000, attended this year's Broil.

Gale Koebe, Firemen Committee Chairman, put a match to the charcoal in the eight 50 foot pits at 12:30 and the first plump butter basted chicken halves were ready to serve the early arrivals at exactly four P.M. From then on, until dusk, the volunteer crews were busy serving our guests at the rate of fifty per minute. There were no long waiting periods at the serving tables or at the "Take Out" area.

Gene Bentschneider said "Things went better and smoother than ever". He had high praise for the hundreds of men and boys who volunteered their time and talents to assure the success of this 27th Annual Broil, and added his special thanks to all of the citizens in the Manchester area who, year after year, support and participate in this now nationally famous community effort to raise funds for projects which benefit our youth.

This year Mayor Jeffrey Schaffer proclaimed the occasion "BUD GUEST DAY". Bud, famed for his many years as host of his own program on WJR, "The

Children's Theater

The M.A.T.S. and the Manchester Art Guild sponsored the Children's Theatre week which had their performance on Saturday, July 19, 1980. Noah's Ark (children ages 4-6) performed first. All the actors enjoyed their part immensely. The Purple Tiger Who Ate Pancakes had one unique feature. In addition to being played by children, two teen-age assistant directors (Matt Sporzynski, and Arthur Anderson) were utilized. This made the show truly a children's performance. The actors (ages 7-10) performed their parts excellently.

In spite of the heat, both plays were a refreshing dip into fantasy. Refreshments were served after the performance. Many thanks to the adult volunteers who dedicated the entire week for the success of these shows.

Biggest Little Fair In Michigan

The Biggest Little Fair in Michigan is coming to town August 12th - 16th. The official opening is a fantastic parade at 6:30 Tuesday evening. The theme of the parade is Caratons! The co-ordinating chairmen for the parade are John Savage 428-8907 and Eldon "Dorney" Lamb 428-7734. For information about the parade you may also contact the chairmen at Double A Products 428-8311.

The Parade Committee of the Fair Board would like to encourage organizations of the community to enter floats in the parade. In previous years only school floats have been judged for premium money. This year ALL floats will be judged. If you have a float to enter please call one of the chairmen.

All through the year the Manchester Community Fair Board look for new entertainment ideas and ways to improve our fair.

Some people have asked, "Why is the Fair a week earlier? One reason for that is we have contracted a new carnival. There will be some new rides and more of them as room permits.

In the near future the Fair Premium and Program booklet will be available. You will see that it has a new style, smaller and easier to use, then previous years tabloid.

Many good comments were received about the entertainment provided last year in the school auditorium. The board is going to provide some of the same entertainment again this year plus some new ideas. Weather permitting the entertainment will be on the Fair Ground included in the cost of your season pass.

Getting Ready For Lamb Sale

Members of the Jaycee Lamb Club had their lambs sheared recently in preparation for the Manchester Fair, August 12-16. The reduction of wool will make it easier for the judge to determine where to place each lamb. This is because the judge places more emphasis on the quality of the meat than they do on the quality of the wool. They are looking for a lean well-finished animal and a "good leg-of-lamb". These lambs will be auctioned off at a public sale on the fairgrounds on Thurs-

day night, August 14th. The Steer Club, sponsored by the Optimist Club, will also have 30 steers to auction off that same evening. The public is welcome to participate.

The above picture was taken at the Knasiak farm and shows left to right: Jon Bristle, Rick Shear, Ron Milky and Sue Shear. The lamb in the background is held by Steve Milkey and has not yet been shorn.

Historical Society Sale

In June, the Manchester Area Historical Society asked the readers of the Manchester Enterprise to save collectibles and donate them for the Sale on August 9 to aid the Society's building fund. Now is the time to bring things in for evaluation and pricing.

To make it easy to remember, BRING things to the Old Methodist Church building (corner W. Main and Washington) every Friday and Saturday between 10:00 a.m. and 1:00 p.m. through July 25 and 26 and August 1, 2, and 8.

The Sale is on the 9th from 11:00 to 4:00. It will be located in the Wurster Park area in front of the Library. Both the Old Church and Manchester Township Library are stops on the Historic Walk scheduled for the same time and same day.

Collectibles can be hundreds of things - campaign buttons, old buttons, old china, glassware and bottles, old tins that staple foods used to come in, advertising calendars, yard sticks, ash trays, old lace, picture frames and small pieces of odd furniture, etc. The Library has a great deal of information on the subject for the asking.

HIT OR MISS by farley

Art Buchwald, who is not a salesman but somewhat of a columnist, claims to have solved the problem of why folks aren't buying American autos.

He claims that our problems all date to the fact that the big three don't know how to sell cars. They offer rebates and appeal to our patriotism and offer other gimmicks when this is not the way to approach the problem at all. They should play hard to get. It works with other products, why not cars?

If and when a buyer should happen to wander into a showroom and salesman should casually approach him and say rather nonchalantly "Can I help you?" And above all don't get excited.

When the client says "No, I'm just looking, say OK go right ahead, none of these models is for sale anyhow, there is a six month waiting period for any of these models you see here in the showroom."

"Don't try to make me believe that."

"Haven't you heard about the big shortage there's gonna be in automobiles during the next three years. We're lucky if we can take care of our regular customers."

"If you need a new car right now I don't believe that I can help you right now. There are you know, gonna be only just so many to go around. If you are in that big a rush perhaps you can get one from a foreign car dealer, have you tried that?"

"I'm a loyal American and I demand that I have a right to own an American car. I don't want a cheap import."

"Well don't get hard nosed about it. We have folks who have been waiting a year for a particular color or model and they haven't gotten it yet. Even if Nader himself came in and begged for a car we would give him one."

"But I gotta have one in my business. Maybe if I gave you a \$500 rebate you could find me something."

"My dear fellow we don't accept bribes, get that straight, but if you are really a hardcase we might be able to make an exception in your case but you will have to bring a letter from your employer"
