Elected Optimist President

Loring F. Ebersole has been elected President of the Manchester Optimist Club for the 1980-1981 season to succeed Robert Ross.

He has been employed by the Ford Motor Company for the past eleven years and is a staff Inventory Planning Analyst for the Ford Parts and Service Division in Dearborn.

His educational background consists of a degree in Business Administration from Findlay College, Findlay, Ohio in 1964 and a Master of Business Administration Degree from Ohio University in Athens, Ohio, in January 1966.

In May 1966, Loring received a direct commission as a Second Lieutenant in the United States Army Medical Service Corps. After a brief orientation program at Fort Sam Houston in San Antonio, Texas, he was assigned to the 9th Hospital Center Command in Heidelberg, Germany, where he served for three years, leaving with the rank of Captain.

Loring is a member of the Manchester United Methodist Church where he is serving in his third year as church treasurer. He and his wife, Linda, and son, Justin, live on Sharon Valley Road.

PROPOSALS

A state panel ruled a couple of weeks ago that the three competing tax revision proposals so that they will appear on the November 4th ballots in Michigan, so it behooves you all to begin now to study them and what they mean to you and be able to vote on them intelligently.

The board of canvassers has asked Attorney General Frank Kelley to rule on a legal challenge to the tax slashing "Tish Amendment." Shiawassee County Drain Commissioner Robert Tish says he may file suit against the other proposal the "Smith-Bullard" Amendment in the hopes of keeping it off the ballot. This proposition has won the coveted "A" slot on the ballot. In all, four tax proposals are now scheduled to go on the ballot if none is overturned by the canvassers or the courts. They are:

The Smith-Bullard proposal named after State Representatives Roy Smith (R-Ypsilanti) and Perry Bullard (D-Ann Arbor), to sharply reduce property taxes and boost income taxes.

A plan already approved by the legislature, which received the "C" designation and which provides some \$800 million in tax relief on property taxes by raising the state sales tax from 4 per cent to 6.5 per cent.

The more drastic Tish proposal, designated proposition "D" which would cut property taxes in half and require the state to find a way to make up lost local government revenues and require a public vote on any new or increased taxes.

A proposal designated Proposition "E" to increase the state income tax from 4.6 per cent to 4.7 to finance new prisons.

The fifth proposition is the one to lower the drinking age from 21 to 19.

The only place ends meet today is on the football field.

Mother (to boy in crowd): "Now remember if you get lost, come right back here."

"I wouldn't say he was conceited, but he's absolutely convinced that if he hadn't been born, people would want to know why?"

The weather has been so humid that even the water has been soggy.

Come November there will be so many politicians eating crow that they may become an endangered species.

The truth is like a girl's sweater. People can usually see where it is being stretched.

"I have a wonderful recipe for meat loaf", a friend of mine said. "All I have to do is mention it to my husband and he says 'Let's eat out.'"

LETTERS TO THE EDITOR

to request a hearing to challenge and/or correct such information. Such a hearing request should be directed first to the principal, and subsequently to the superintendent if you are not satisfied with the principal's decision.

Additionally, we will not release any information about you (adult student) or your child without your permission which is really a continuation of our longstanding policy. The only exceptions to this procedure are when another school district requests your records or the publication of school directories, athletic programs, and other similar listings. Parents or eligible students will be notified when other districts request records.

Please feel free to call to make arrangements for reviewing any records we may have. We will ask only that you complete a form that allows us to keep accurate records of such requests.

To the Editor:

I am becoming increasingly disturbed by the talk I hear about some of the Manchester teachers at the elementary level. I understand one particular teacher believes in corporal punishment in the classroom. I have to wonder about a teacher's credibility when they have to resort to spanking a child. Does this teacher not realize that some children are not of the constitution that they cannot handle being humiliated in front of their peer group? This one act of punishment could completely destroy the student's school year, or quite possibly have a detrimental effect on the rest of the child's school career. I have to question the fact that this teacher has to resort to violence to control the classroom. Why can't this instructor apply reasoning techniques, or the "time-out" philosophy for an unruly pupil? Doesn't this teacher have any concern for student-teacher rapport? Perhaps this instructor doesn't think spanking is violence, but when you strike a young child, it is nothing but violence. If an adult hits another adult, someone is very likely to end up in court. This teacher should question what she really is teaching her class.

Another thing that concerns me is why do I hear all this talk and gossipy about this teacher? If all these parents do not

Dear Community,

Dear Parents or Adult Students:

The family education rights and privacy act of 1974 directs that we inform you of your right to review any and all school records, files, and any other data we have which relates to you (adult student) or your child. approve of the teaching techniques and disciplinary procedures, why do they not do something positive? Surely something could be done. Write letters, sit in on classrooms, talk to the principal, board, and superintendent. Demand that a change be made.

Newsman's Code

Dean Osborn Elliott of the Columbia University Graduate School of Journalism, was asked by the school's class of 1980 to list some of the qualities good journalists bring to their work. Here is what he developed:

"An open mind, a willingness to learn and the knowledge that things are not always what they seem to be.—A belief in the dignity of man and a compassion for those upon whom the world too often heaps indignities.—A high regard for the riches of the English language and an eagerness to learn its proper use.—An appreciation of the complexities and conflicts of modern life and an understanding that they often cannot be reconciled.—An awareness that even the best-motivated persons make mistakes and a willingness (too seldom found among journalists) to admit your own.—A capacity for hard work and long, irregular hours.—An abiding concern for justice.—A dedication to the truth.—A sense of humor."

Dutch Rally, Down Onsted 14-6

Offensive Player Of The Week #88 Nick Krzyzaniak
 by Jon Hardenbergh

There is no question in my mind—we put together a super effort and the results were victory. Offensively on the ground Mike Kemp's 35 yards, Jim Krzyzaniak's 31 yards along with Brian Bronczak's 26 yards and thru the air, Nick Krzyzaniak's 7 times to total 154 yards—all in all we had 282 total yards. Our defense was great, holding a good Wildcat offense to minus 11 yards for the first half. They got just over 100 yards in the contest. We

Defensive Player Of The Week #34 Scott Lawson

also intercepted 4 times while shutting them down inside our ten several times.

We took the opening kick and went nowhere so punted. Onsted did even worse as on 4th and 17 they punted. We sat with beautiful field position at their 43 when Mike rambled for 18 then 9 but the Wildcats dug in to make it 4th and 10 at the 25. Brian rolled right and threw to the endzone—Nick out-reached his 2 defenders to score. Our kick just missed to the left so the board read 6-0 at 4:51. Following

Defensive Player Of The Week #12 Brian Bronczak

our kick-off they again had to punt but we soon did likewise. We got off to 2 drives before half time but fumbles slowed us as Onsted threw a long one which Brian pick off. Intermission came with the Dutch up 6-0.

We booted to them and they achieved their first first down but then punted. We did little but Tom Malcom's punt went 59 yards which put them in a hole. Onsted came out but at the 47 they fumbled only to have us fumble back from the 45. A

Varsity action - #36 Randy Day.

Wildcat shot down the left and caught the sphere in stride and before we stopped him he was at our 12. Three runs later it was 4th and 3 at our 5 when Paul Groude batted down their swing pass—so we took over. Onsted's defense fired, sacking Brian on the inch line so we punted—we needed

With the New CHECK/SAVE CHECKING/SAVINGS PLAN

We both knew there had to be a better way to handle your regular checking and savings needs. And now we have it.

It's the New CHECK/SAVE - an exclusive service of Ann Arbor Bank. CHECK/SAVE is designed to increase the interest you earn on deposits, by putting all your deposits where they can earn 5% percent annual interest.

You'll never need to put another cent in a checking account. Instead, the checks you write will be covered by your savings. Funds will be automatically transferred to checking in the exact amount needed.

As long as you keep a minimum balance of just \$1000 in your CHECK/SAVE savings account, there's no service charge for the checks you write and no fee for transfer of funds to cover those checks.

The New CHECK/SAVE with zero balance checking. At last there's a better way to earn interest on all your deposits.

1.

Make all your regular deposits in your CHECK/SAVE savings account. These deposits will earn 5% annual interest, continuously compounded.

2.

Deposit no money in your CHECK/SAVE checking account. We'll automatically cover every check you write with funds from savings and you'll get service-charge free checking.

*During any given month, your checking account balance will never be the minimum required. A float will be charged for each transfer to your checking account. The check is covered by the funds in your savings account.

We broke them here as we began at the 34 and moved to their 45 when Brian went uptop to Nick—who grabbed it and raced down the sideline meeting an opponent at the 12. Nick continued on to the 1 where Scott Lawson took it in for the TD. We went for a 2-pointer with Brian tossing to Nick - no good—but wait—a penalty. Scott ran it in for 2 points, 14-6 at 6:10. Onsted went to the air but Jeff Pratt snatched it and soon Brian got one to preserve our 14-6.

Register To Vote

Believe it or not, if your eighteenth birthday falls on the day after the Presidential Election - November 5 - you still can vote for president on November 4.

To be able to do so, however, you must register by October 4.

According to Secretary of State Richard H. Austin, a little known interpretation of Michigan election laws, having its roots in English common law, permits an individual who becomes 18 on November 5 to vote on November 4.

The theory behind the interpretation, according to Austin, is that on November 4 the individual lived exactly 18 years to the day - enough to fulfill Michigan's legal requirement to be 18 to vote.

All individuals may register to vote at any of 200 statewide Secretary of State branch offices or the office of the city or township clerk where they live.

With fall housecleaning in full swing, pack up those gadgets, tin boxes, baskets, campaign ribbons, vases or whatever and donate them to the Historical Society. If you are giving things of value, like a Manchester Brewery bottle or great-grandma's jet buttons, you may use them for a tax deduction by getting the proper receipt from the organization.

Further information concerning this Sale and where and when to bring articles for contribution will appear in later issues of the Manchester Enterprise.

JUNK FOODS-OR JUNK BUREAUCRACY?

The most influential "school marm" of 1980 may well be Carol Tucker Foreman, the Assistant Secretary of Agriculture, who has finally gotten her way about removing what she calls "junk foods" from school lunchrooms. Be it decreed now across the land that school lunchrooms who vend such things as potato chips, soda pop, candy bars, chewing gum and other sweets during lunch hours will lose their federal lunch money.

If all of this is painful to young consumers who-mistakenly as it turns out-thought they had a right to spend their quarters and dimes the way they wanted, it may be painful as well to some distinguished food scientists.

Dr. Paul Abernathy, who heads the Department of Foods and Nutrition at Purdue, says there is no such thing as "junk food." He says that no common food is devoid of nutrients, and that no food, when consumed alone, is adequate to support health. He pleads for balance and moderation.

Dr. Karen Morgan of Michigan State University's Department of Food Science and Human Nutrition cites a survey that finds that less than three percent of total sugars eaten daily by school children come from candy, while almost 30 percent come from milk and cheese. Let us pray Foreman doesn't also eliminate these!

Perhaps most painful of all is the realization that we now have politicians in Washington telling us-starting with our

youth-what we can eat. Perhaps it won't be a total loss if the students come to understand that the lesson to be learned in the years ahead has little to do with junk foods-and a lot to do with "junk bureaucracy."

200th Birthday Of Sunday School Movement

The 200th Birthday of the Sunday School movement was celebrated at the Sharon United Methodist Church on September 28th. There were helium-filled balloons, a great big birthday cake and many brought guests. The class with the greatest percentage present got to throw cream pies at the pastor, Rev. Ron Figgins. The winning class was the Middle-Elementary Class, Mrs. Mark Schulz, teacher. Then everyone ate a piece of the birthday cake. The whole birthday party was put on video-tape so those who are not able to be present can also enjoy the party.

The Sunday School movement began in 1780 in Gloucester, England, when Robert Raikes began holding classes for young boys. He wanted to fight crime and since these boys had to work in the factories during the week, teachers were hired to give these boys a moral education and classes were held on Sundays. The Bible

was the primary textbook. As the movement grew, literature was developed and the International Uniform Bible Series was introduced. This series is used in many of the churches yet today. Many Sunday Schools have classes for all ages, as the Sharon Church has and Sunday Schools all over the world will be celebrating the 200th birthday this year.

GALLERY

As October begins, we can look forward to just one more month of the "Heritage Harvest Show". All sorts of needlework, watercolors, and wood toy wizardry are on exhibit, just to name a few. Quality works by many local artists and craftspeople coordinate with the fall season and recall down-to-earth times past. When coming for a visit, please note our new daytime hours: Thursday and Friday from 1:00-5:00 p.m. and Saturday from 9:00 a.m.-1:00 p.m. The Art Gallery is located upstairs at 138 E. Main Street.

CLASSES AND WORKSHOPS

This week two exciting workshops are being held. Both are proving to be popular, so be sure to call for registration as soon as possible. The first is Blacksmithing, taught on two Saturdays: October 4 and 18, by David Goodrich. You may remember the crowds around his summer! Classes will meet at his house, 20460 Austin Rd., from 10:00 a.m.-4:00 p.m. Students will learn the basic techniques of the Blacksmith, including bending, drawing, and twisting metals. All materials will be provided for a \$10 fee per class for members, and a \$15 fee per class for non-members.

Do you know what Calligraphy is? Beautiful, distinctive handwriting can be yours. Heather Price will be teaching another class: showing how simple a new italic hand can be for everyday use. Bring your own pen or purchase one from Heather for .75. This workshop will meet in the Art Gallery on Wednesday, October 8 from 6:30-9:00 p.m. Fee for members is \$6.00, for non-members the fee is \$8.00.

Call Becky at 428-7194 all day, or Jan at 428-9215 between 9:00 a.m. and 5:00 p.m. only, for information and registration. Flyers with full class information are available at the gallery and Manchester IGA.

News Of Good Things Growing

When stores and markets start filling produce counters with multi-shaped and colored winter squash - one of many good things growing in Michigan - it's a sure sign autumn's here.

Winter squash grown in our state include butternut, a bell-shaped, light orange squash with a sweet taste that's excellent for baking and pies; buttercup, turban shaped and dark green in color with a nutty-type flavor; scorn, small dark green with deep ridges; and Hubbard, the best known and largest squash (7 to 20 pounds) with a thick and warty skin which varies in color.

Although it's a few weeks until that fateful night of trick-or-treaters, Michigan pumpkins are another fall crop that's excellent for good eating, as well as for decoration. When you purchase this year's Halloween jack-o-lantern, stock up on several smaller pumpkins. They are a tasty snack when roasted and the pumpkin flesh can be cut into pieces and cooked, then canned or frozen for future use.

Winter squash is traditionally baked and pumpkin is used in pies; however, many recipes are available for preparing hot soups, jams, cakes and unique vegetable dishes. Squash and pumpkin are generally interchangeable in their uses.

Michigan's commercial crop of pumpkins and winter squash is primarily grown in Macomb and Wayne counties, requiring a full growing season to mature.

Winter squash is easily kept for several months if stored whole in a dry, well-ventilated room. Many early settlers survived long winters with the help of nourishment from this food introduced to them by Indians.

When purchasing squash or pumpkin, look for mature hard shells and fruits heavy for their size. Avoid those with cracks or watery spots, which may indicate decay.

For more information about the more than 50 major commercial crops grown in Michigan, write the Michigan Department of Agriculture for a free copy of "1980 Michigan Food Facts," P.O. Box 30017, Lansing, 48909.

Candidate For MSU Board Of Trustees

At their recent statewide meeting, the Michigan Association of Vocational Agricultural Teachers gave unanimous endorsement to Tom Reed, Republican candidate for the Michigan State University Board of Trustees. The association is made up of teachers throughout the state responsible for vocational agriculture education and FFA Chapter activities.

Reed, of DeWitt, is assistant manager of the Michigan Live Stock Exchange. He has received the unanimous support of all agricultural organizations in the state. In addition to the Michigan Association of Vocational Agricultural Teachers, Reed has been endorsed by the Michigan Farm

Bureau, Michigan Cattlemen's Association, Michigan Milk Producers Association, Michigan Live Stock Exchange, and MSU's College of Agriculture and Natural Resources Alumni Association.

Michigan's agricultural community feels strongly that their land-grant university must have agricultural representation on its governing board, Reed said, and farmers are committed to making that happen at the polls this November.

Organizational Policies

Adopting policies for Washtenaw County's largest farm organization and making recommendations for their state and national organizations will be the top order of business at the Farm Bureau annual meeting on October 2 at the Farm Council Building, Ann Arbor.

Following a 6:30 p.m. dinner, the Washtenaw County Farm Bureau policy development committee will submit a package of proposed resolutions for consideration by members attending the annual session.

Adopted proposals dealing with local issues become the policies of the county Farm Bureau. Those dealing with state issues will be forwarded to the Michigan Farm Bureau policy development committee for consideration by voting delegates to the state annual meeting in December.

Washtenaw County Farm Bureau will have 17 voting delegates at that meeting. Recommendations having to do with national and international affairs are forwarded to the American Farm Bureau

Federation for consideration at the national meeting in early January in New Orleans.

"We're involved in a different kind of 'harvest' during this policy development process," said Luther Schaible, president of the Washtenaw County Farm Bureau.

"It's a harvest of concerns and ideas from grass-roots members seeking solutions to problems they face as farmers and as citizens. When the process is completed, we will have a guide to direct our organization-at the county, state and national levels-in its activities during the coming year. Then, our members will be involved in executing those policies."

According to Schaible, a number of area people will be honored at the October 2 meeting. Eight citizenship awards, distinguished service to agriculture, 4-H leader of the year, and agricultural communicator of the year awards will be presented. An "Outstanding Young Farm Woman" will also be selected to represent Washtenaw County Farm Bureau in the state contest, scheduled for December 10 in Kalamazoo.

Contract For Substance Abuse Facility Let

Chelsea Community Hospital announces the awarding of contracts to Unit "T" Builders and Argersinger-Morse, both of Ann Arbor, for construction of a 5000 square foot substance abuse facility.

The contract with Unit "T" Builders, who will be the general contractor for the project, totals \$202,000. The contract with Argersinger-Morse for foundation work totals \$43,000.

The architect is Stephen Janick of Design Concepts of Ann Arbor.

The new building is a sub-acute or Phase II facility which will house substance abuse patients immediately follow-

ing their detoxification in the Hospital's acute facilities. The new building will add a new dimension to the substance abuse program at Chelsea Community Hospital. The emphasis of the Phase II program will be to prepare the substance abuse patient to return to society and learn how to cope with stress while living free of alcohol or drugs.

Completion is expected to be March 15, 1981.

Manchester Assoc. M.A.T.S. Meeting

The Manchester Association for Talented Students will meet on Wednesday, October 15th at 8 p.m. in the High School.

The speaker for the evening will be Dr. Eugene Thompson, Superintendent of the Manchester Public Schools. Dr. Thompson will outline the programs currently available for gifted students and the criteria used to select students for these programs. Support services that M.A.T.S. can provide for enriching the academic programs in our schools will also be discussed.

Priority projects for this year include the development of a cash grant program for Manchester teachers who have pilot programs or projects they would like to try in their classrooms, the establishment of resource labs in the elementary and middle schools, the planning of a science fair, and the continuation of our after school enrichment classes and field trips.

Our meetings are open to all teachers, school administrators and Manchester residents who are interested in maintaining good academic programs in the Manchester Schools and the fostering of equal educational opportunities for our gifted students.

School Officials Attend Conference

Superintendent Eugene Thompson and Board of Education Secretary Paul DuFresne recently attended the fall conference of the Michigan Association of School Administrators. The MASA meeting is held annually to inform local officials regarding current developments in education.

The two day conference featured sessions with State Superintendent Phillip Runkel, University of Michigan Professor Phillip Kerney as well as informational meetings regarding the three tax proposals to be on the ballot at the November election.

Superintendent Runkel described changes which challenge local school districts. He noted that in a time of skyrocketing inflation enrollment in Michigan's schools has dropped by 300,000. This has resulted in the closing of 30 school buildings a year. He urged local officials to "Go out to your audience. You have to be honest. The public will respond." Runkel also called for a working coalition of the more than sixty education groups currently represented in Lansing. "Let's think about education together," was his recommendation.

DuFresne commented that "The conference was an outstanding opportunity to meet in a small group with the State Superintendent and other educational leaders from around the state to hear their thoughts regarding solutions for the problems we all face." "We are all concerned about raising property taxes but some question remains about the best way to solve the problem."

Thompson agreed with the observation that we are all facing the same problems and must join together to find solutions. "Educators are faced with the three R's of the 1980's," said Thompson. "These will be reduction, recession, and retrenchment."

Dale Baughman a speaker at the conference urged us to inject some humor into our life and work. He said, "Humor is like a diaper change, it makes you feel comfortable for a while. Take life seriously, but not mournfully." "I think that is good advice," said Thompson. "Education will face incredible problems within the next 10 years but we owe it to the students to stay positive and continue to look for solutions. I refuse to become negative about the schools."

Alpha Delta Kappa Week

Alpha Delta Kappa Sorority which is celebrating another anniversary is an International Honorary Sorority for Women Educators. Formed and chartered in 1947 it now has 1,750 chapters included in all fifty States, the District of Columbia, Canada, Puerto Rico, Mexico, Jamaica, and Thailand.

Each year seven Regional Scholarships, an annual Living Memorial Scholarship, four International Enrichment Program grants, and two Fine Arts grants totaling \$10,000 are given to ADK members. Seven scholarships are provided for foreign students in International Teacher Education one-year study programs in the United States. (Ninety-nine of these have been given to students from 25 countries.)

Women of Distinction honored by Alpha Delta Kappa are: Indira Ghandi, Beverly Sills, Shirley Temple Black, Pearl Buck, and Governor Dixie Lee Ray. Michigan's Honorary member is Judge Mary Coleman, and a former one was Dr. Hazel Losh.

Omicron Chapter members of Ann Arbor and surrounding municipalities are joining in the celebration by giving funds to local libraries, making visitations to homes and hospitals, holding teas for teachers of our area, or inviting administrators out to dinner.

Historical Society

The Manchester Area Historical Society met Monday evening, September 22nd at the Methodist Church. Final reports were given of the successive Walking Tour and Collectible Sale.

The following slate of officers was elected for the 1980-81 year: President, Howard Parr; 1st Vice President, Mrs. Aaron Nathan; 2nd Vice President, Mrs. Rollie Grossman; Secretary, Mrs. Alvin Kappler; Treasurer, Mrs. Willard Mann; Directors: Tom Walton and Dorothy Hamilton.

The group voted to again have a Collectible Sale in conjunction with the Senior Trip Club on October 18th at the Emanuel Church.

Along with the Sale, there will be a Membership Drive. It is hoped that many area residents will join at this time and enjoy some interesting programs that are in the planning.

Huron Valley Quilting Society

Visitors and members are invited to attend the fall meeting of the Huron Valley Quilting Society on Thursday, October 23, 7:00 p.m. at St. Andrew's Episcopal Church, 306 N. Division, Ann Arbor.

The program will be: Election of New Officers, Fashion Show of Quilted Clothing and Home Accessories, and a Speaker on Quilted Clothing.

The meeting is free to members, \$1.50 donation to visitors.

Lunar Samples On Display At U-M

Soil samples brought back from the moon will be shown at The University of Michigan Exhibit Museum from Sept. 27 until Nov. 16.

Display times for the lunar soil samples are scheduled as follows: Monday through Friday from 1 to 4 p.m.; Saturday from 11 a.m. to 5 p.m.; Sunday from 1 to 5 p.m.

A 15-minute film entitled "Reading the Moon's Secrets" also will be shown at the following times: Monday through Friday-2 and 8 p.m.; Saturday-11 a.m., 1, 2, 3, and 4 p.m.; Sunday-2, 3 and 4 p.m.

The single exception to the announced schedule is Thursday, Oct. 9, when the lunar samples will not be exhibited due to staff schedule conflict. The Exhibit Museum will be open on that date, however.

Carl Wozniak, assistant coordinator of visitor programs at the Museum, reports that the lunar soil samples are encased in a six-inch lucite disk designed to be used with a low-power stereo microscope. The display also will include meteorites from the Museum collection and various "Hands-On" rocks of types similar to those found on the moon.

The lunar samples may be seen in the T.A.M. (transparent anatomical manikin) room on the top floor of the building. T.A.M. presentations will not be held for the duration of the lunar exhibit.

The Exhibit Museum is located at 1109 Geddes Ave. in Ann Arbor.

"HIT OR MISS" by farley

I have read and heard many times that there were two basic kinds of the genus homo sapiens in this world of ours—day people and night people and they even have a scientific name for them. The day people, of course, rise early and shiny and bright, are imbued with an abundance of ambition and so they rush out to face the world and its problems at dawn. Then there are the other kind—the kind that doesn't become fully conscious until noon at least, and who wander about during the mornings semi-conscious.

I have quite a few friends among those of the latter class but I can't say that I am one of them—perhaps now and then, but not constantly. However, I can't quite see the viewpoint of the so-called chronic night people and during the past several years I have found that they have a meeting place—after midnight talk radio programs.

Now that the novelty of television has greatly worn off, it seems that more and more people listen to radio after the eleven o'clock news on TV. They turn to one of the more powerful radio stations that can be heard throughout most of the land. Among these are KMOX, St. Louis, KDKA, Pittsburgh, and others and a network show on Mutual which comes on some time after midnight and runs for three hours or so, and WOWO, Fort Wayne even has a feminine host for their show.

On these talk shows can be heard most anything being discussed—and we do mean anything—from abortions and UFO's to the gal on KMOX who has psychic powers and who will exercise them and tell you what to do with anything from how to get chummy with the blond down the street to what to do with your money.

Many times on these programs will be heard well known folks from the entertainment world who are up and about that hour of the night. During the past few nights we have heard Bill Cosby and Danny Kaye for example, among the others.

The format of the various stations is almost the same. The fellows who conduct the shows are, to their loyal fans, as well known as any famous person. Among them is Larry Glick from Boston and Jim White of St. Louis just to name a couple.

Maybe my conscience is what has been keeping me awake now and then, but whatever it is, it soothes me greatly to grab the small radio that I keep handy and listen to these fellows (there is even a member of the fair sex who emcees the show on WOWO at Fort Wayne).

The format of the programs are similar. The one in charge gives his phone number between interviews or questions from various individuals and when the listener calls they are asked to comment on a subject that has been discussed or to ask a question that requires an answer that has puzzled them, or which has been brought up by previous callers.

The other night for example, the callers were asked to define why they were "night people" and many of them insisted that they enjoyed the dark hours because of the solitude and the quiet beauty of the dark hours, and said that they were much more alert during those hours than during the hubbub of a busy day. Maybe they are

This year's fall Red Cross Bloodmobile will be Friday, October 24. It will be at the Manchester United Methodist Church from 12 to 6 p.m. Our goal is 250 pints at this clinic as there are many people in the area who usually give at work and who have not given for the last 58 days or more due to the unemployment factor.

The need for blood is urgent, especially type O both positive and negative. Hospitals have had to postpone surgery because of the shortage. A donor can be anyone in good health 17 years of age (with parental consent) through 65 and can give every 8 weeks but no oftener than 5 times a year.

All of the manufacturing companies in the School District will be doing recruiting for the Bloodmobile after the 15th of the month.

The churches in the area began their drive last Sunday and will continue until the 20th of the month. The recruiters for the churches are: Bethel United Church of Christ, Mrs. Victor Mann; Emanuel United Church of Christ, Mrs. James Kenner; Faith Community Church, Miss Lynn Gonyer; Iron Creek Church, Mrs. Ruth Donko; Manchester United Methodist Church, Mrs. Dennis Helfrich; North Sharon Bible Church, to be appointed by Reverend Enslin; St. Mary's Catholic Church, Mrs. Wm. Schwab; St. Thomas Lutheran, to be appointed by Reverend Puffe; Zion Lutheran, to be appointed by Reverend Morris. Please contact your recruiter or minister if you have not been signed up as a donor at church or at work for the October 24.

The estimated number of donors as told by the number of appointments is necessary in order to determine how much equipment will be needed and how large a professional staff must be sent by South-eastern Michigan Regional Blood Center. The local volunteer staff of 20 to 25 will be scheduled by the Chairman-of-the-Day, Mrs. Lynn Carpenter (428-7839). If information is needed or one wishes to make an appointment, call Mrs. Carpenter or Mrs. Franklin Beck, co-chairman (428-8882) after 6 p.m.

There also will be appointment cards and permission cards for 17 year olds at the Union Savings Bank and Great Lakes Federal.

Mark October 24 on your calendar NOW.

Red Cross Bloodmobile

The monthly meeting of the Fair Board will be held Monday, October 13th at 8:00 in the Emanuel Church Hall.

The agenda for the meeting will include the setting of next year's Fair dates. Mr. Frank Cook of New Motor State Shows will be present to answer questions about the carnival.

This meeting will also be the annual meeting for election of officers and to nominate people for new board members.

Have you seriously considered serving on the fair board, but just didn't get around to calling the nominating committee? Although the October 4th deadline has passed there are still openings to be filled. Please take the time to call the nominating committee and show your interest in the Manchester Community Fair. The members are Francis Cosino 428-8607, Ileen McLennan 428-7005 or Dianne Schwab 428-8976.

United Way Campaign Launched

Final preparations for the United Way Campaign were made this past week when campaign supplies chairman Mary Kryzaniak, division chairmen, and captains gathered at the Manchester Township Hall to pack supply kits for the forthcoming drive, which will be officially launched this evening, October 8, at 7 p.m.

Nearly 100 volunteers will gather at the Knights of Columbus Hall to receive their supply kits, final instructions, and a "pep talk" from General Chairman James W. England.

36 agencies are cooperating in this "one drive for all" to meet the needs of our community. Each solicitor will be carrying a description of the agencies and a copy of the budget which totals \$25,412. When a volunteer calls, please take time to review the information.
