## DUTCH VICTORIOUS 65-62

## "HIT OR MISS"

by farley

Paul Sroufe in action. Hit for 15 Friday.

by Jon Hardenbergh

The Onsted Wildcats came to town with an unblemished (8-0) league record, once beaten over-all (11-1) and ranked 14th in Class C in the state. They faced 2 obstacles: Friday the 13th and a fired up, tough and determined Dutch squad. At the close of this 32 minute war Nick Krzyzaniak had ripped the cords for 23 points. As Paul Sroufe banged home 15, while Tom Malcolm dumped for 13, to send the Wildcats home

on the short end of a 65-62 score. We out-rebounded our taller opponents 38-30 as Nick and Paul each snatched 10.

We got right down to business as we burned net to the tune of 18 1st period points while our special triangle defense held them to 8 points. To explain this defense: it's playing their guards man to man while zoning the inside. Onsted did scratch somewhat to out-score us by one in the next stanza to bring the intermission on with us holding a 9 point lead, 34-25.

Defense seemed really to be the key in the 3rd stanza as both sides contributed 11 points, so entering the final eight minutes

## Community Education Enrollment 360

The Winter Session of Community Education classes and activities has an excellent participation with over 360 enrollments in the 30 classes and activities that meet weekly. College classes and high school completion have 108. Enrichment 123. Childrens activities 48 and Special programs 82. The total for Fall and Winter enrollments this year is over 620.

Since 1976 when Community Education was started in Manchester Community Schools, over 4,500 area residents have participated in its programs and activities. Participation is as follows: High School Completion classes 194, Washtenaw Community College classes in Manchester High School 817 (a big saving in gas and time) Enrichment classes 1,716, Childrens programs 925 and Special Programs and activities 844. Manchester Community Education is pleased with the response shown by community participation in its programs and will continue to bring new and different activities to residents.

## Oratorical Contest Sponsored by Optimist Club

The Manchester Optimist Club will sponsor an oratorical contest for boys and girls under the age of 16 beginning at 6:30 p.m. Monday, March 9 in the Emanuel United Church of Christ Hall on W. Main St. Awards will be presented to the first place, second place, and runner-up winners in each division. First place winners will be eligible to participate in the regional contest in Detroit in April. The state contest will be held in Ludington in May with a top prize in each division of a \$500 scholarship.

The official topic of the contest is "A Commitment to Share". Contestants must speak on the subject for not less than four minutes and not more than five minutes. For contest forms and more information, contact the contest chairman Ted Tapping at 428-8478.

We have recently been told by various scientists that the "good life" is going to be difficult to achieve in the immediate future but that they are doing what they can to make it better, or at least to smell better.

"Aromatherapy" is a science which had made great advances during the past few years and it now promises to make our lives pleasant. We are supposed to look at life from an entirely new viewpoint. We are supposed to be assisted by environmental fragrance. Moods are changed and life is made generally comfortable or otherwise through various scents.

Ever since pre-Biblical times we have been using various scents to enhance our image and there were many vessels for carrying these scents or for burning incense therein. Maybe this is the time to resurrect this ancient art of soothing and relaxing people.

We already have room fresheners to dispel household odors, air fresheners and carpet sprinklers and a new industry is now springing up to control our odor environment.

When you stop to think about it, it is true that the energy crisis has caused polluted

air to be sealed inside homes and offices while we are reducing the air flow.

If you can remember back some years you will fondly recall the pungent odors that were peculiar to, for instance, a grocery store; the aromas of coffee fresh ground, of the cheeses, and the bananas and the dried codfish, etc., but nowadays the air conditioned food markets complete with hermetically sealed packages of cheese, of coffee, of spices and cookies does not set any mood to cheer us on to buy things that we don't need and to whet our appetite. These sterile foods imported of nowadays are sterile and scentless.

We should be able to fill our homes and our offices and our stores with the scent of spring flowers, of the damp soil and grass after a summer shower, of ripening pears and apples and of the pungent scent of a sea breeze. It would surely make our lives considerably more bearable, and more enjoyable.

We should be able to disguise the scents of the odorous dumpsters, of the burned grease from the fast food places, and of the garbage piled here and there. As the years

**Early Filers Make Fewer Errors: IRS**

Taxpayers who usually file their federal income tax returns on or just before the filing deadline should instead try to file a month or two earlier, the Internal Revenue Service said.

Those expecting a refund may find that filing earlier results in a quicker receipt of their refund check, according to the IRS.

Last-minute filers may also discover that filing earlier and under more relaxed conditions than usual will help them file a more accurate and complete return.

**Marriage Announced**

Mr. and Mrs. Willard Joseph of Manchester are announcing the marriage of their son, Anthony Joseph to Mary Auxier, daughter of Mr. and Mrs. Walter Auxier of Gypsy, Kentucky.

The wedding took place in Royalton, Kentucky, on Sunday, February 8 at 1 p.m. The couple are residing in Manchester.

“ At Ann Arbor Bank and Trust, we've always been very much aware that *you* are our first priority. We've expressed that commitment to you in a variety of ways—in innovative banking services—in community involvement—in employee training programs—and in a continually expanding network of neighborhood banking locations.

We're grateful for your support. And we want you to know that during the coming year, you're going to see a renewed dedication on our part to introduce new and better banking programs—and to find ways to improve our service in every department. We'll be doing it all for one very good, very simple reason: we really do want to be *your* bank. ”

### Show & Tell

Do you remember "Show & Tell" when you were in school? Of course you do! How excited everyone was to take something unusual to talk about and show to others.

Bring some of your collection to the Emanuel Church Hall and attend the meeting of the Manchester Area Historical Society to be held Monday, February 23rd at 8 P.M.

This is a good opportunity to share your precious items with no fear of theft and damage. Tables and screens will be available to display articles.

Of course, Manchester area artifacts would be a first choice but dishes, glassware, jewelry, books, pictures or articles of Arts & Crafts would be excellent to bring.

The public is invited to attend and help make this an interesting and informative evening.

### HIT OR MISS

to come will make it necessary for us to live closer together it may make "scenting" expedient.

Recently in France a prominent manufacturer has introduced a line of French fragrances made exclusively for the home. They include spray scents, one of which reminds one of the French country estates with hints of Fruitwood and violet; one with a background of tropical scents of Provence and the third picturing the rose scented gardens of the Loire Valley of France. While expensive, they are made to last for a long time. Then too, there are on the market, sachets including headache pillows, and ones to be attached to drape pulls and doorknobs.

Many other like products are now in the works and soon there will be 24-hour cassettes for car, room, or office to waft you away into the pine woods or to the pungent scents of the south seas, but I'll bet that any of them will not be able to imitate the pleasant relaxing aroma of the sun on the sand and surf on a hot summer day nor the scent of a pine forest activated by the sun of an August day but maybe they'll be a satisfactory substitute for them on a February day.

### Important Slow Pitch Meeting

Slow Pitch League to be discussed on March 4, at the Athletic Booster's meeting. Anyone interested in having the Athletic Booster Club sponsor the project, please attend the meeting. Your assistance to organize and promote the league will be very much decisive whether we have the league. Meeting will be Wednesday, March 4, 1981, 8:00 P.M. at the High School.

### Turkey Dinner Sponsored by Senior Trip Club

The 1981 Senior Trip Club is sponsoring a Turkey Dinner on March 7, 1981, at the Emanuel Church Hall, 5 to 8 p.m. Tickets may be purchased from any club member or call 428-7417. This will be their last endeavor to raise funds for their trip. The students have raised all their funds on different projects, over the last two years. Without the support of their parents, and this community this would not have been possible.

In April, on Spring Break, they will fly to Miami and leave on a four day cruise. Thank you for all your support, see you on March 7th.

### Klager Hobby Day February 19

Don't forget the Klager Hobby Day is coming. Senior citizens are invited throughout the day to visit with us.

There is a special raffle sponsored by the Klager P.T.O. There are six things to be drawn for.

1. A singing phone call to anywhere in the continental United States by WAAMS own Fat Bob the singing plumber.
2. A quilted pillow, handmade by Karen Hinkley.
3. A baby quilt, handmade by Kathy Donnellon and hand tied by the children during the hobby day event.
4. Wind chimes that will be partly done by Sandy Winzenn. The chimes will be done by the children during the hobby day. (The winner will receive it after it is fired and put together)
5. A basket by Sue Bond.
6. A glass sun catcher by Mickey Spiess.

Part of the things will be able to be seen at Mann's Feed Mill and Gambles Window. These merchants are also selling tickets.

Hobby Day, February 19, 1981. Hours for seniors 9:15 A.M. till 12 noon, 1-3 P.M., in the afternoon. All the community is invited for the evening open house at Klager from 7-8:30 p.m. Drawing will take place at 8:30 in the multi-purpose room at Klager Elementary. You won't want to miss this one!

### Two Appointments Needed

The Washtenaw County Board of Commissioners will, on March 4, 1981, make one appointment to the Board of Health for a term ending March 18, 1986 and one appointment of Consumer representative on the Emergency Medical Services Commission for a term ending December 31, 1981 left vacant by the resignation of Clarice Killian.

One-page resumes should be addressed to Carol Hampton, Board of Commissioners Office, Room 117, County Building, P.O. Box 8645, Ann Arbor, Michigan, 48107. Those resumes received by February 27 will be submitted to the Board of Commissioners for their consideration on March 4, 1981.

### First American Bank Declares Dividends

H. Andrews Hays, President of First American Bank Corporation, Kalamazoo, Michigan, announced that the Directors of the Corporation approved a cash dividend of \$.33 per share at their meeting, February 11, 1981. The dividend will be payable on April 24, 1981 to stockholders of record, April 10, 1981. This will be the second quarterly distribution of dividends for calendar year 1981.

### THE NAPA SIGN. COUNT ON IT.

Count your savings. Count your many additional maintenance-free miles. Count increased safety for you and your family. Count your blessings, because this sign is the ultimate symbol of expert vehicle care. That's because it is the symbol of NAPA. NAPA is over 50 years old, and in that half century NAPA parts and NAPA people have earned a reputation for quality products, professional service, fast delivery and fair prices. Today that sign stands for over 110,000 top quality parts, many better than original equipment. So, whenever you need professional, dependable service, look for the blue and gold NAPA sign. we remained 9 ahead. The Wildcats started smoking and we tried to hold them off. We did for a while but with 2:20 left their guard popped a 20 footer to put them up for the first time. We kept scrapping, took the lead and held it to close victorious, 65-62.

Other Dutch scoring aiders were: T.J. Thomas with 4, Greg Eggleston with 4, Brad Bailey with 4, and Pat Walkowe with 2.

We now leave the friendly confines of our home gym as we take our 9-6 record on the road to close the season.

Happenings in the L.C.A.A. showed Addison downing Hudson, Clinton sneaking by Morenci as Blissfield lost to non-leaguer Tecumseh.

On the calendar we have no roundball game for Friday but yours truly is directing dance music at the high school at 8 p.m. The Tuesday, February 10 contest at Hudson which was called because of weather will go the 24th.

-In Girl's Volleyball we host Dundee February 19, then trek to Chelsea February 25th.

As I was busy photo-wise shooting pictures of the Varsity parents I missed the Little Dutch game. From the sounds I did hear we got whipped by 18. I did ask Varsity Coach Bartel about the J.V.'s-he mentioned Onsted's J.V.'er's are the tops in the L.C.A.A.

I'm sure you'll notice the game photos this week come from the Whitmore Lake contest. I got carried away shooting lots of color Friday.

**manchester art guild news**

**AS THE DAYS GROW LONGER...**

Almost imperceptibly, yet constant, the days are changing; becoming brighter, longer. Changes are occurring in the Art Guild too. Hopefully there will be no sudden shocks, but a steady, deliberate building of a viable and contributing organization. To begin, the Board received some new faces and revitalizing ideas. Susan Lambarth was elected as the new president. Outgoing president, Sandy Winzenz, will be active in educational areas; using contacts to offer a stimulating program of classes and workshops.

A new and exciting possibility for artist and guild exposure has surfaced too. Very soon, small monthly exhibits of members will appear in the lobby of Union Savings Bank. Sales will be made directly through the artist. Anyone with an art or craft wishing to take advantage of this opportunity should contact Margaret Goodrich at 428-8147 about an Art Guild membership.

**GALLERY**

Preparations for the third annual exhibit, "Through a Child's Eyes" have been underway for a month now. This show has become a traditional one: opening the gallery's exhibition season. The dates for this exceptional show are May 3-21. If May seems later than in the past, you're right. Plans were made to avoid Easter vacations!

**GENERAL MEMBERSHIP MEETINGS**

Meetings of the general membership will be returning to a monthly schedule beginning in March. Everyone is invited to attend. These meetings will strive to be stimulating and social events as well as necessary to take care of business.

**4-H News**

Once again, Hartland High School in Hartland, Michigan, was the scene of the 1981 Michigan 4-H Southeast Regional Horse Bowl Contest.

Horse Bowl is a test of knowledge of horses and related subjects. The contest is patterned after the College Bowl and High School Quiz of television fame.

An alert mind, self-confidence and a quick finger on the buzzer are needed to play the game. Washtenaw County was well represented with three teams participating this past weekend.

Captain of the Senior team was Judi Poet of Manchester. Team members included Rick Poet of Manchester, Debbie Green of Ann Arbor, Colleen Robinson of Saline, and alternate, Anna Heath of Manchester. This team finished in third place with individual placing ribbons going to Judi Poet, first place high scoring individual; Rick Poet, sixth place individual and Debbie Green, ninth place individual. Beverly Poet of Manchester was the team coach.

The Junior team came away with sixth place in the contest. Captain of this team was Scott Poet of Manchester. Denise Kolarov of Saline, Jeff Wilson of Plymouth and Tommy Heath of Manchester completed the team. This team really did well, considering Jeff Wilson was a Novice Junior, moved from that category to the Junior team and Tommy Heath stepped in at the very last minute, just before the contest got underway, to complete the four member team. With the four team members, they were able to compete in the contest. Lynn Heath of Manchester was the Junior team coach.

Placing fourth in the contest and their category, was the Novice Senior team. Vicki Staebler of Ann Arbor was the team captain. Tina Bartholomew of Ann Arbor, Tammie Harris of Saline and Camela Albright of Ann Arbor completed the team with Judie Green of Ann Arbor acting as their coach. Tammie Harris received a fifth place ribbon in the individual scoring competition.

These teams more than made up for the scoring with their enthusiasm, energy, manners and sportsmanship. The parents, leaders, coaches and staff are very proud of these young people and the job they did at the contest. As that old saying goes, "Just wait 'til next year!"

**Named To Dean's List At Adrian College**

One hundred and seventy nine Adrian College students have been named to the Dean's List for the fall semester of the 1980-81 school year. The total includes 43 members of the senior class, 34 juniors, 52 sophomores and 50 first year students.

To earn the academic distinction of a position on the Dean's List, a student must maintain a grade point average of 3.50 or higher on a 4.0 scale, while completing 12 or more credit hours.

Sharon Voegeding, a senior, daughter of Lynn and Marian Voegeding, 14355 Bethel Church Rd., Manchester was honored.

**Fall Graduates**

Nearly 400 students are included on the list of those who completed the requirements for certificates, associate's,

bachelor's and doctoral degrees at Ferris State College during the fall quarter.

The 382 fall graduates will be eligible to participate in the official commencement ceremonies to be held on May 16, 1981.

Ruth A. Curtis of 3630 Sharon Hollow Rd., Manchester will be awarded her Associate in Applied Science degree in Nursing.

Degrees awarded by the College are: doctor of optometry; bachelor of science; associate in arts; associate in applied arts; associate in science; and certificates in six areas of study.

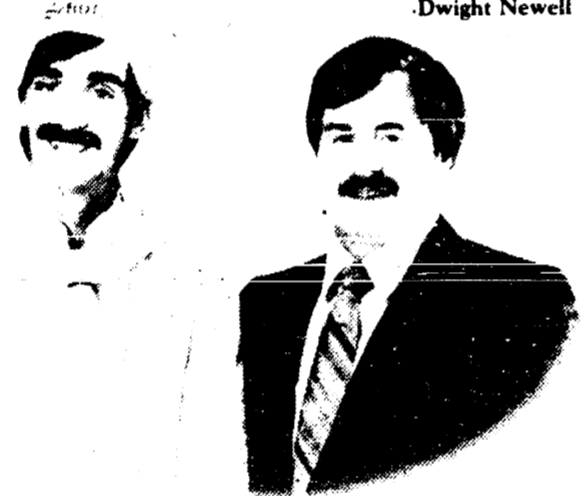

Students graduating with honors are recognized for high academic achievement on the basis of grade point averages, computed on a 4.0 equals A scale.

Levels of recognition are: highest distinction, 3.75 to 4.00; high distinction, 3.50 to 3.74; and distinction, 3.25 to 3.49.

Four and seven were considered magic numbers in ancient Egypt.

Chief David Krist and Manager Dwight Newell

It all starts with that great Win Schuler's hospitality! All of the people at Win Schuler's, under the supervision of Dwight Newell, want to make sure your stay with us is extra special. You'll find all of them going out of their way to make you feel at home! And, of course, there's that great Win Schuler's food!

For example, on Wednesday, Chef Krist and staff prepare Chicken Wellington — boneless chicken stuffed with chutney, fresh oranges and pineapple, then baked inside a flaky puff pastry.

And for a grand finale try one of our refreshing ice cream desserts that have been Win Schuler favorites for years.

But remember, all Schuler restaurants also offer entrees Win Schuler has selected himself, plus complimentary barbecued meatballs and your own tureen of soup.

The Ann Arbor Win Schuler's. Thanks to Chef Krist and Dwight Newell it has a flavor all its own — and we're sure you're going to love it. Call us soon for reservations.

**X-RAYS**

It seems that we have to re-evaluate a lot of things that we once took on faith. X-rays fall into that category. So common were X-rays a generation ago that some shoe stores X-rayed children's feet reposing inside new shoes to assure the proper fit. Not so today.

Today, the best advice is to avoid all unnecessary X-rays. Don't stop on your own to be X-rayed at a mobile unit; and don't insist that your doctor and dentist schedule X-rays for you. Let the professionals determine whether the benefit outweighs the risk.

If you have had X-rays, tell your doctor and dentist. The old ones might be used in place of the new, or they might be used with the new to compare the change in your condition.

If you're pregnant, or even suspect that you might be pregnant, tell your doctor. X-rays of the lower torso might be harmful to the fetus; however, if the doctor knows your condition and still recommends X-ray, comply. Your doctor must make the determination whether the benefits of a clear diagnosis of your condition outweigh the risk to the fetus.

Women are not alone in their concern for X-rays of the lower torso. Men, too, require special consideration. When males are having X-rays of the lower abdomen, lower back, or kidneys, the reproductive organs should be protected with a leaded shield. If radiation harms the reproductive cells of either sex, the damage may be passed on to future generations.

Just what does X-ray do to the cells? It disturbs their function. Even short, infrequent doses of radiation are potentially harmful, although the cells can repair themselves to some degree. Large doses of X-ray can damage the cells beyond repair, and may induce cancer.

X-rays can't be seen, heard, touched, tasted, or smelled, but they carry more clout than we once thought they did. Two things come out of the re-evaluation of the facts: avoid unnecessary X-rays, and let the professional weigh the benefits against the risks. That is the most recent information we must take on faith.

## Health Tips For Winter Vacations

Winter vacations, once the pleasure of the well-to-do, now are popular with millions of Americans who want to escape snow and ice.

At the same time, the diminishing dollar is sending many of these sun-seekers to areas where the living standard lags behind resort development. This can mean increased risk of disease, unless precautions are taken, according to the American Lung Association of Michigan.

Tuberculosis, for example, is much more common in developing countries than in the U.S. Because TB is transmitted through the air, there is no danger of its being spread by dishes, linens and items that are touched by a person with TB. It can, however, be

transmitted through unpasteurized milk or milk products.

The main danger of infection is long-term exposure in a closed environment which has been contaminated by a person with untreated TB. Not great, this risk does exist for those who spend several weeks in areas where TB is prevalent.

Any traveler who anticipates possible prolonged exposure to TB should have a TB skin test before leaving. If the test is negative, a repeat test after return will tell whether the traveler has become infected. Those who suspect they have been exposed to TB during travel should tell their doctors upon return.

The Christmas Seal people, the experts on TB for 75 years, say the disease should be taken seriously by those who might encounter it. Modern medicines can prevent and cure TB, but only when properly taken. For more information contact the American Lung Association of Michigan. It's a matter of life and breath.

## New Policy for Free Meals

Manchester Community Schools today announced its new policy for Free Meals and Free Milk or Reduced Price Meals, for children unable to pay the full price of meals and milk served under the National School Lunch, School Breakfast, Special Milk Program, and USDA Donated Foods Program. This change in income eligibility is required as a result of recent Congressional action.

officials are required by Public Law 96-499 to make changes in the guidelines. These changes will affect the eligibility of some children for free and reduced price meals, and free milk. The new Income Guidelines are effective February 15, 1981.

Children from families whose income is at or below the levels shown are eligible for (free meals and milk, or reduced price meals).

Application forms currently on file will be reviewed to determine if eligibility will continue, change to another category, or terminate. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

To discourage the possibility of misrepresentation, the application forms contain a statement above the space of signature certifying that all information furnished in the application is true and correct. An additional statement is added to warn that the application is being made in connection with the receipt of Federal funds, that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under applicable State and criminal statutes.

In certain cases, foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

Children of unemployed parents may qualify for free or reduced price meals and/or free milk if total family income include welfare payments, unemployment compensation and sub-pay benefits fall within the prescribed family income guidelines. In the operation of child feeding programs, no child will be discriminated against because of race, sex, creed, color, or national origin.

## Library Fund Drive Poster Contest

The cost of giving is going down! Your contribution to the Manchester Township Library may cost you only a fraction of the donation amount, thanks to Michigan income tax laws which allow 50% of your gift or \$100, whichever is less, to be a credit against your State income tax. Add this credit to the amount you may save on your Federal income tax, and your gift to the Library might cost you one-third or even less of its face amount. For example:

Your Michigan taxable income is:	\$10,000	\$20,000	\$30,000
Your State tax would be:	460	920	1,380
If your gift to the Library was:	\$100	\$150	\$200
You could subtract from your State income tax payment:	-50	-75	-100
You could also take a Federal income tax deduction and save, on a Joint Return, approximately:	-18	-36	-64
So your gift to the Library would cost you ONLY:	\$32	\$39	\$36

These are only illustrations. The exact amounts would vary depending on your filing status, income, deductions claimed, forms used, etc. In some instances your savings might be less; in others you could save nearly 100% of your gift!

What better, and cheaper, way for us to keep our tax dollars at home, in our own community, working for our own Library? And what better reasons to give, now - and as much as you can - so that our Library can continue to serve our needs?

By Spring, the Manchester Township Library Board of Trustees hopes to raise \$3000. Your check, made out to the Manchester Township Library and mailed or brought to the Library at 202 W. Main Street, is urgently needed to meet this goal. Remember: a generous donation to the Library may actually cost YOU very little.

"Let's Get Young Blood Circulating," is the theme of a high school poster contest recently announced by the American Red Cross Blood Services Southeastern Michigan.

All high school students in Wayne, Oakland, Macomb, Washtenaw and St. Clair counties are eligible to enter.

The poster rules are simple: 18 inches x 25 inches in size, two colors - red and black and must emphasize the need for high school students to donate blood when they are eligible. Deadline is April 15. Judging by a panel of experts will be held the week of April 20 and winners will be notified April 23.

A selection of posters will be displayed at Gallery Renaissance in the RenCen from April 18 through May 4.

Complete rules and entry blanks have been sent to all high school art departments. They are also available by calling the Red Cross, c/o William King Springett at 282-2434, or write American Red Cross Poster Contest, 2036 Ford Avenue, Wyandotte, Michigan 48192.

## Levin To Co-sponsor Tax Credit Bill

Senator Carl Levin (D-Michigan) has co-sponsored a bill that will allow taxpayers a \$750 tax credit on their 1981 and 1982 returns with the purchase of a new American-made car or light truck.

The bill, introduced by Senator Dan Quayle (R-Indiana), is an attempt to stimulate American auto sales that have been hurt by Japanese imports. The crisis has saddled American auto manufacturers with a total of \$4 billion in losses in 1980.

Retrospective to January 1, 1981, and effective through December 31, 1981, the proposal will cost the U.S. Treasury \$2.5 billion. This cost, however, will be offset by the taxes from the re-employment of the 825,000 workers who have been laid off as a result of the crisis. An additional \$2 billion will be saved in benefits to unemployed workers.

**H&R BLOCK TAX TEST**  
Question No. 9  
Income averaging can save you money. But only if you make more than \$30,000 a year.  
 True  False  
What you don't know about income averaging could cost you money.  
H&R Block knows that no matter how much you make, if your income went up substantially last year you may be able to income average. We'll take advantage of this if it's to your benefit. The answer is FALSE, since there is no minimum amount of income required to qualify.  
WE'LL MAKE THE TAX LAWS WORK FOR YOU
