## United Way Ready For Kick-Off

Manchester's United Way volunteer campaign team is poised for the big kick off on September 30.  
Dr. Glenn C. Lehr, Campaign Chairman, has named his line up. His chairpersons are: Industry - Clarence Fielder, Rural - Carolyn Sauter, Village - Ica Schaffer, Business - Maria Lehr, Organizations - Janice Little, Schools - Dr. Eugene

Thompson, and Outside Business - David Little.  
These Division leaders have recruited their captains and the captains in turn have completed their solicitor line up.  
The team - 100 plus strong - is poised to score another United Way victory this year.

## HIT OR MISS by farley

Grandchildren are a blessing most of the time but then they can cause problems now and then.

One of ours who is I think, entering the fourth grade, came to me the other day and out of a clear blue sky asked "What is success?"

Now that stopped me in my tracks so I went to the dictionary and found that success is the accomplishment of a project or achieving a goal.

This I conveyed to my grandchild, and she went away, not much wiser or more satisfied than before she asked.

"But what do I do to be a success and why should I" she asked an hour or so later when we met again. She had evidently been still pondering on the word "success" and wasn't satisfied with my answer. This got my curiosity going and I asked myself the same question and discovered that the answer wasn't too easy, after all.

I thought of one chap that I know who is supposed to be very successful but I wonder if he is. He has most of the conveniences that money will buy, a beautiful home and a charming wife and four children, two of each, so I suppose he is successful but I don't think he is in all ways. Monetary-wise he is a success but not otherwise. He has discovered that he was so busy accumulating his money that he had no time for his family and all at once he realized that while he had always been there when his wife needed him in many ways, his children had all grown up without knowing their father and now that they were adults they were living their own lives and their father knew them not at all and they had nothing in common, so surely he could not be called a success.

On the other hand, down the street from the chap with the money there lives a

Manchester area citizens have something to crow about. For the past 21 years we have never failed to meet or exceed our budgeted quota. This year the budget committee has established the campaign goal at \$26,286.00. Dr. Lehr has accepted the challenge and is confident that our string of victories will not be broken.

For the past ten years Manchester's campaign thermometer has been prominently displayed in Gill's Gamble Store window during each United Way campaign. Donna Gill and Dr. Lehr have unpacked the symbolic rooster from its moth ball resting place and again have it all shined up. It is ready and anxious to crow again.

T.V. Ludwick, Kick Off Dinner Chairperson, reminds all volunteers that reservations for the Kick Off dinner meeting, Wednesday, September 30, at the Sharon United Methodist Church must be confirmed by name through their captains. Friday, September 25, is the deadline date for chairpersons to submit their reservation lists.

## Sportsman Club Meeting

The Manchester Sportsman Club will hold their regular meeting Thursday, September 24, 8 p.m.

## OctoberFest October 2

Friday, October 2, the Manchester Men's Club is sponsoring their 1st annual OctoberFest. They decided that Manchester being of strong German descent should have their own celebration of Fall Harvest. It will be held at the American Legion Hall, from 6 p.m. to 2 a.m. There will be a band, German food, hot pretzels and drinks. Everyone is welcome!

## Join Scouting

On Thursday evening, September 24 at 7:00 o'clock, at the Middle School Gym, Manchester's Cub Scout pack 421, Pleasant Lakes pack 433, Manchester troop 426, Pleasant Lake's troop 430 would like to invite you to join scouting. Bring your parents to the meeting and Scout Leaders will be there to answer your question about joining and about the scouting program.

To become a cub scout you must be 8 years old or have completed the second grade.

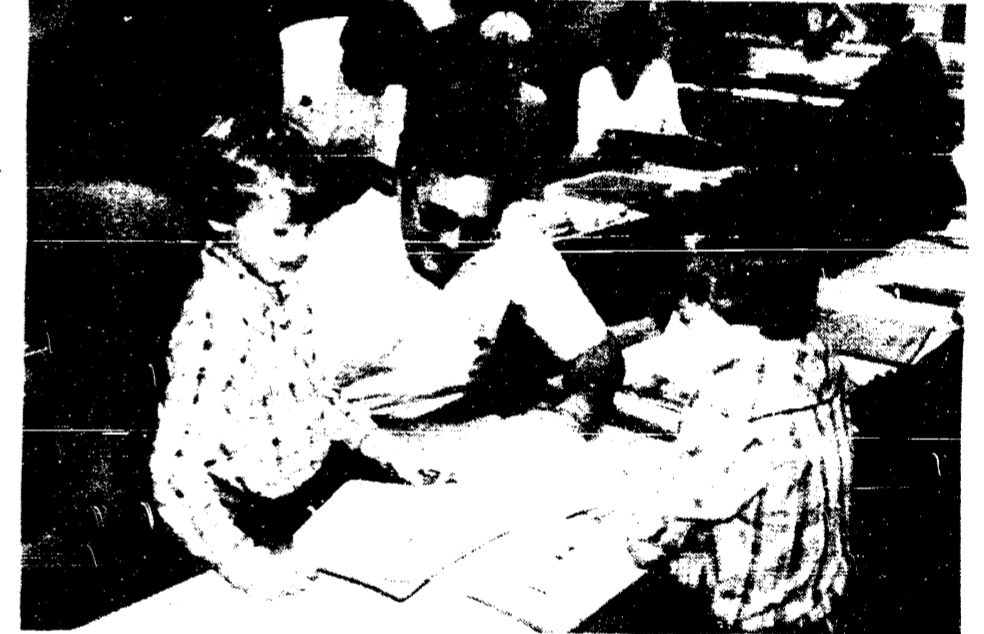

To become a boy scout you must be at least 10 1/4 years old and have completed the fifth grade.  
Come join us!

## Attention Craftspeople, Artists

Twinkling lights, cozy kitchens with the aroma of cookies fresh from the oven, anticipation growing from within: these are just a few of the sights and smells that stimulate the senses during the Christmas season. For any craftsperson or artist, its not too early to be thinking about the holidays. An addition to the Christmastime tradition in town, is the annual display by the Manchester Art Guild. The juried exhibition includes high quality hand-crafted gifts suitable for every member of the family, from cornhusk wreaths, and printed note cards to braided rugs and

## Large Attendance At Open House

Greg McLennan proudly shows his dad Ron, and brother Mike, his first grade work.

Kindergarten through fourth grade students brought their families to school on the evening of September 15. The Open House began with parents attending "class" to hear their child's teacher talk about the year's program. All of the children viewed a special movie in the gym while their parents were in class.

Later the children joined their parents in the classrooms to show off their work and give their families a tour of the school. At the end of the evening refreshments were served by the PTO Board. The PTO Board

also distributed a very useful booklet they wrote which lists teachers, room mothers, and important school dates.  
Many families also attended Open House at the Middle School where Mrs. Hankamp discussed the kindergarten program.  
Principal Dr. Janice Hammond remarked "The Open House was a huge success. It was wonderful to see so many families attending, donating refreshments, and involved in planning this event. That made the evening very special for the children."

The evening ended with a big crowd enjoying refreshments served by the PTO Board.

### Girl Scouts Booth Wins 1st Place

Junior Leaders Pam Reese and Diana Schroen were happy to be a part of the activities in the Girl Scout booth at the Manchester Community Fair. Troop leaders and girls attended the booth each day inviting girls to register, giving Girl Scout program information to visitors and challenging people to try their knot tying skills. The booth's first prize ribbon is on display at Mann's Feed Mill, sponsor of the booth. The poster on the display welcomes all girls from ages 6 to 18 to the World of Girl Scouting. Call Dianne Schwab, Troop Services Director, 428-8978 for information relating to registration with a troop.

### Manchester Village Planning Commission

August 11, 1981  
The regular meeting of the Manchester Village Planning Commission was called to order at 7:38 p.m. by Chairman Hinkley. Members present: Tracy, Walton, Grossman, Kallewaard, Alber, Smith, Leeson, Hinkley, Krauss. Members absent: none. A quorum was present.  
Minutes of the Special Meeting of July 21 were read and approved on a motion by Grossman, seconded by Alber. Minutes of the Regular Meeting of July 14 were approved on a motion by Leeson, seconded by Alber.

Mr. Gene Smith of Pinnacle Engineering was present to apply for an amendment to the conditional use permit under which Pinnacle presently operates a machine shop at 617 City Road, in an area zoned R-1B, Single-Family Urban Residential District. A letter from Smith (copy attached, and hereby incorporated by reference) was read, in which he stated that the change is requested in order to allow construction of an enclosed storage area at the rear of the building.

Smith presented a site plan and architectural drawings of the east, west and rear elevations of the existing and proposed structures. He stated that the addition would be built of brick to match the existing building, and that brick planter boxes would be constructed along the east and west exterior walls. He also stated that there would be one overhead door and one man door in the addition, but no windows; that footings already exist under the concrete slab which would serve as the floor of the addition and therefore the slab would not be altered or enlarged; and that all trucks would continue to unload at the front of the building, not at the rear. He also stated that, in an effort to eliminate a drainage problem now existing, Pinnacle would be willing to install a drain from the back of the property to the drainage ditch running along City Road, and to repave in order to achieve a higher level at the rear of the building, with runoff to the front.

The Planning Commission reviewed two petitions previously submitted (copies attached and hereby incorporated by reference): one with the names of 45 area residents in opposition to the Pinnacle addition, and another with the names of 65 area residents in support of the addition. It was noted that many individuals had signed both petitions, and that the petition in support of the addition was more recent than the petition in opposition.

607 City Road, was present to state his opposition to any amendment of Pinnacle's conditional use permit. He stated that, while he could understand why neighborhood residents would support a proposal that promised to improve the appearance of Pinnacle's property and cover up the "mess" at the rear of the building, he felt that the heart of the matter was that Pinnacle was not observing the conditions set out in their original conditional use permit. He felt that the terms of that conditional use permit should be retained, particularly the items stating that, "Business activity and storage shall be confined inside the building" and "Existing structure cannot be enlarged". He expressed doubt that Pinnacle would adhere to any new conditions granted, since the company was already in violation of one of the original conditions.

In discussion, several Commission members stated the opinion that Pinnacle's proposals would improve the property by eliminating a problem of standing water in the rear yard, and enclosing the storage materials which now are an eyesore to neighboring residences. Various members also noted that Pinnacle employs three Village residents; that the company has organized a work training program; and that no complaint was made when the rear concrete slab began to be used for storage.

It was moved by Krauss, and seconded by Grossman, to recommend to Village Council the approval of an amendment to the conditional use permit granted to Pinnacle Engineering Co., to allow construction of an enclosed area, to be used

for storage, over an existing 20' x 55' concrete slab at the rear of the existing building, according to the details contained in architectural drawings submitted by Pinnacle, and subject to the following eight conditions:

- 1) After completion of this addition, there will be no exterior storage.
- 2) No other additions will be requested.
- 3) The addition will be faced with brick to match the brick of the existing structure.
- 4) An 8" PVC storm drain will be installed from the rear of the property to the drainage ditch running along City Road.
- 5) A pitched roof will be constructed, similar to the roof on the Manchester Township Hall.
- 6) There will be landscaping around the entire perimeter of the building, including brick planter boxes, containing evergreens, along the east and west elevations.
- 7) Pinnacle will conform to the items contained in Section 56.07 of the Manchester Village Zoning Ordinance, concerning establishment of transition strips between residential and commercial properties.
- 8) Planning Commission members Hinkley and Alber will review with Pinnacle, and with Building and Zoning Inspector Claran Krauss, the final selection of architectural details and building materials.

On a roll-call vote, the motion was passed, with members voting as follows: Alber, yes; Smith, yes; Leeson, yes; Krauss, yes; Tracy, no; Walton, yes; Grossman, yes; Kallewaard, yes.  
Hinkley reported that Village Council had approved the proposed new mobile

home ordinance drafted by the Planning Commission and Village Attorney, and also a proposed amendment to the Zoning Ordinance that would require that any single-family dwelling erected in the Village have a minimum square footage of 1,000 feet, and scheduled a Public Hearing on both items for August 24 at 7:30 p.m. at the Village Hall. Mrs. P.J. White, of 236 Grove Street, was present and stated that she wanted to remove the mobile home now located at that address and replace it with a newer, larger mobile home. The Commission requested Mrs. White to postpone such action until after adoption of a new mobile home ordinance by Village Council.

Alber reported that, based on his preliminary research, cost of installing access roads and sewer lines to the proposed Industrial Park could be in the neighborhood of \$15,000 per acre. Alber and Hinkley were appointed to meet with realtor and developer Carl Brauer of Ann Arbor, who had expressed an interest in discussing the general question of private vs. public development of an Industrial Park for the Village of Manchester.

Hinkley reported that Village Council is in the process of reviewing all Village ordinances and making revisions where necessary. He stated that at the next Regular Meeting of the Planning Commission, Zoning Ordinance changes proposed in October, 1980 by the Washtenaw County Metropolitan Planning Commission representative would be

## Beginning October 1, we'll give you tax-free interest on your savings...

Ann Arbor Bank and Trust will offer the new All Savers program. With a one-year All Savers Certificate, you'll earn the highest interest allowed—and avoid taxes.

All Savers requires a minimum deposit of just \$500, but you can deposit as much as you like. The first \$1,000 interest you earn (\$2,000 for joint tax returns) will be free of Federal or state income taxes.

Because it's tax free, the initial 12.61 percent All Savers rate compares to much higher taxable yields. Depending on your taxable income, that could mean big after-tax savings for you.

Use the chart to estimate your potential savings. The All Savers Certificate is available October 1, at any Ann Arbor Bank office.

Compare the All Savers rate to these taxable yields.

TAXABLE INCOME ON JOINT RETURNS	APPROXIMATE TAX BRACKET	12.61% EQUALS THIS APPROXIMATE YIELD ON TAXABLE INVESTMENTS
\$20,000	25%	17.91%
\$30,000	35%	20.88%
\$40,000	45%	25.02%
\$50,000	50%	27.98%

These are only estimates. For an accurate picture of your own earning potential, consult your tax adviser.

## because we want to be your Bank.

# 12.61%

Tax Free  
(Effective annual yield of All Savers Certificate if held to maturity. This rate is effective October 1 and 2. Subsequent rates may vary.)

All Savers Certificate is offered subject to final Federal, state, and local regulations and applicable penalties for premature withdrawals. Tax exemption will be forfeited if account is closed before one year.

### Attention Craftspeople, Artists

Those interested in exhibiting in this year's show must attend the General Membership Meeting on Monday, September 28 at 7:30 p.m. in the Manchester Art Gallery, located adjacent to the lobby of the Black Sheep Theater, 138 E. Main Street.

The Christmas exhibit has become the most popular and prolific one displayed by the Guild. Everyone is invited to contribute to this annual event. However,

since the Gallery is run cooperatively, a \$5.00 exhibit fee will be charged to non-members. Active participants will receive the reduced commission rate of 20%.

Since this meeting will be such an important one by outlining all details of the show, call Steve at 428-9993 or Sue at (517) 456-7821 if interested but cannot attend.

### Hit Or Miss

happy go lucky family consisting of a fellow and his wife and also four children. Their home is rather crowded for the six of them and a couple of dogs but I have never seen

a more happy family. I don't know that the father is particularly ambitious, but he always had time for his children and his wife. There is a close bond between them and they enjoy each day as it arrives. The house is not always epic and span, not dirty, just upset, but even the dogs seem to smile as they greet you and this home is one that one always is glad to visit and there are always it seems, visitors there. They have a host of friends which is something that the first man hasn't he never had time he says to make them, but he never found out that to have friends one must be one.  
The first chap says that he is a success,

but not many others think so, while the second fellow I don't think, has stopped to consider whether or not he was a success. He's been too busy enjoying life to even know that he might not be. So you see success is a word that can have more than one definition. Both of the above examples are evidently a success but with a definitely different meaning, so how can you explain to a third grader how to become a success? I guess all you can do is to hope to guide a youngster along the path of righteousness and hope that before it is too late they will discover the real meaning of the word "success".

### "Roots" Basic Genealogy

A course in basic genealogy will be presented at the Manchester Township Library beginning Thursday, October 1, 1981. The seven weekly classes will begin at 7:00 P.M. each Thursday.

This class is free and open to any interested person. The teachers are Mr. and Mrs. Wm. R. Grimshaw, presently residing in Chelsea. The basic course includes introduction to local sources as well as access to the largest genealogical repository of records in the world, The Genealogical Department of the Church of Jesus Christ of Latter-day Saints in Salt Lake City, Utah.

Necessary materials will be available at cost during the class. There is a limit of 12 participants. Please call the library 428-8045 or Grimshaw's 475-9697 for registration.

### Tuesday Singles

This is an added week of fun and dancing with the Tuesday Night Singles at the American Legion Hall, South Main Street, Ann Arbor. Dance to the music of Jerry Robotka from 8:30 - 11:30 p.m. Come and join us. Have a nice time. Refreshments are served. Ballroom Dancing. Dance Lessons from 7:15 to 8:15 p.m.

**United Way**

President Reagan has called for "New, Imaginative" partnerships between local governments and voluntary organizations to help meet the nation's human care needs.

In a nationally televised message kicking-off local United Way campaigns, the President said voluntary organizations like United Way are "the core" of our social welfare system. He asked "all individuals of every income level" "and all corporations of every size" to give more generously than ever to this fall's United Way campaign.

"Our nation is entering a period of transition," the President said. "And I'm counting on that voluntary strength and that commitment as we turn from government doing for us that which we can best do for ourselves.

"We're shifting responsibility away from the Federal government," the President said. "But to do so requires new, imaginative partnerships between state and local governments, and voluntary organizations if people's needs are to be met."

"I can think of no better place to begin than in this fall's United Way campaign," the President continued. "United Way belongs to every local community. It's your way of making an efficient, equitable,

planned use of the voluntary resources we all share."

The President said that people who give to help others want to know the greatest part of their charitable gift "actually goes to those who need help. That's true of United Way."

Manchester's United Way fall campaign is now in full swing. When your solicitor calls on you "OPEN YOUR HEART - DO YOUR PART."

Dr. Glenn C. Lehr, Campaign Chairman, has a special message to Manchester residents who are employed out of town. When you pledge or contribute to the United Way at your place of employment be sure you designate your contribution or pledge to the Manchester United Way.

## 2.7 Million Dollar Budget Adopted

At the regular meeting of the Board of Education on Monday, September 21, 1981 action was taken to formally adopt a 1981-82 budget which totals \$2,742,000. This budget reflects a 12% increase over expenditures over the previous year. Superintendent Eugene Thompson stated, "Despite serious efforts to reduce the budget through program reductions, non-instructional personnel layoffs, and a building closing we are subject to the same inflationary factors which effect everyone. Schools are especially subject to these factors. As a labor intensive business with primary demands for paper and energy products we are subject to three of the highest inflation categories which exist. Health insurance premiums, for example, increased by 25%. Everyone is aware of the increasing costs of energy products even though gasoline appears to have stabilized for the short term. I was pleased that we were able to hold the overall budget increase to approximately the CPI

## October Bloodmobile

The next Red Cross Bloodmobile scheduled for Manchester Community comes to the Emanuel United Church of Christ, Monday, October 19 from 12:00 to 6:00 p.m. The need for blood can not be emphasized enough—all types are in demand. This is an opportunity to do what you alone can do to alleviate the situation. Recruiters are busy signing up donors

## ELECTION DATE SET FOR MANCHESTER SCHOOL DISTRICT

At a regular meeting of the Board of Education action was taken to set November 9, 1981 as the date for an election which will give voters in the Manchester School District an opportunity to make a decision regarding three financial proposals. The last date of voter registration for this election is October 13.

Proposition I which will be presented to the voters asks whether or not the school district should sell bonds totaling \$1,820,000 in order to finance renovation and repair of the district's buildings. Superintendent Eugene Thompson notes, "the condition of our buildings has been allowed to deteriorate over a period of many years. Since I arrived two years ago the renovation of the buildings, especially the high school, has been a key goal. This bond issue will allow us to restore the buildings and to properly maintain them in the future."

The second proposition asks whether or not bonds should be sold totaling \$330,000 in order to complete development of the

athletic field. Thompson observed, "At the present time the athletic site has an all weather track, fully developed baseball diamond and a partially completed football field. We need to install water, sewers, seating and lighting. The Board is also interested in obtaining land between the site and the high school in order to provide more direct access. Of course, all of this work is based on the belief that we will be able to restore our athletic program."

Proposition III is a millage question. The Board of Education is asking permission to levy 1 additional mill for a 2 year period in order to restore programs. Thompson stated, "As everyone is aware it was necessary for the school district to eliminate all athletic programs due to voter rejection of the millage request in August. Reduction of the transportation program from door to door pickup for financial reasons also caused considerable parent anxiety regarding the safety of students while walking to designated bus stops. Approval of this millage issue will enable us to restore both of these programs."

## HIT OR MISS by farley

Elizabeth (Beth) Vleck, daughter of Mrs. Faith Vleck, 618 Duncan Street, has been named the September Outstanding Citizen by the Optimist Club. A senior at Manchester High School, Beth hopes to enroll at Central Michigan University in the fall of 1982 to begin work toward becoming an accountant.

In high school, Beth has been a member of the basketball, volleyball and softball teams three years, she was vice president of her freshman and junior class, served as a Student Council representative in tenth grade, and worked as a member of her class Prom Committee during the 1980-81 school year.

Beth's hobbies include swimming and bicycle riding.

Some time ago I noticed that most newspaper columnists and reporters, in their columns and stories, ask questions, questions about various things, a wide assortment of questions, some of them humorous and some of them worthy of sober cogitation. We have made a collection of some of these that appealed to us and think you will enjoy our selection. Here goes:

Why should an American child bother to learn correct English when he can hear the President of the United States say over national television, "They wered very kind to my wife and I." (Now that's very
