## NBJ, Detroit Bank Plan Merger

Robert L. Condon, President of The National Bank of Jackson, Michigan, and Donald R. Mandich, Chairman of DETROITBANK Corporation, today announced an agreement, in principle, whereby DETROITBANK Corporation will acquire all of the common stock of The National Bank of Jackson.

The agreement provides for shareholders of The National Bank of Jackson to receive approximately 1,224 shares of DETROITBANK Corporation common stock in exchange for each of the 1,014,982 outstanding shares of The National Bank of Jackson.

"As a large Jackson bank and, relative to their peer group, one of the most respected and best performing banks in Michigan, a merger with The National Bank of Jackson is extremely appealing to us," Mandich said. "Upon receipt of the necessary approvals, we look forward to participating in the continuing growth of the Jackson market, by utilizing and enhancing the

## Kelly Gotts D.A.R. Good Citizen

Kelly Gotts, President of the Senior Class, has been named the D.A.R. Good Citizen this year at Manchester High. This award, sponsored in the county by the Sarah Caswell Angell chapter of the National Society Daughters of the American Revolution, is presented annually to a senior who exhibits the qualities of leadership, dependability, service and patriotism. The qualities are established by the D.A.R. and are part of the selection process. Members of the Senior Class nominate candidates and the High School faculty selects the winner from the nominees.

Kelly, by being named the Good Citizen, will be placed in competition with other Good Citizens for state awards. The winner of the state competition is then placed in competition with the winners from all states for a national scholarship.

Kelly has been a band and pep band member three years, has been active in varsity choir, participated in softball, is currently a member of the National Honor Society and also served as President of her Junior Class. She is the daughter of Mr. and Mrs. Bruce Gotts of Manchester.

The winners will be honored at a reception by the area D.A.R. chapter on February 13, 1982, at the Bentley Historical Library in Ann Arbor.

Mark Ball, a sophomore at Manchester High School, has been named the Optimist Club Outstanding Citizen of the Month for November. His hobbies include stamp collecting, hunting and fishing. Last year he participated in junior varsity football, junior varsity basketball and junior varsity baseball.

Mark, the son of Mr. and Mrs. Leon Ball, 611 Vernon Street, is an altar boy at St. Mary's Church where he is also a member of the youth group.

Although his career plans are not definite, he intends to go to college and is seriously considering the field of business engineering at this time.

## Special School Election Results

In a record breaking voter turn-out for the Special School Election held on Monday, November 9, Proposals I and II were defeated and Proposal III was passed.

The results were: Proposal I 786 yes, 932 no; Proposal II 520 yes, 1149 no; Proposal III 915 yes, 801 no. 1728 voters cast ballots.

Dr. Eugene Thompson, Superintendent of the Manchester Community Schools, stated that the Bond Issues would be reworked and brought back to the community at a later date. This would most likely be the regular June 1982 election.

## Klager Families Meet With Teachers

Klager Elementary's Parent-Teacher Conferences were held on November 5 and 6. Almost 100% of Klager's families met with teachers to receive report cards and discuss their child's progress.

Another highlight during conference days was the PTO Book Fair which gave parents an opportunity to treat their children to delightfully educational materials.

Parents were welcomed at the door by a complimentary "Apple from the Teachers" provided by the Manchester Education Association.

## VETERANS DAY PARADE

Pictured: Manchester American Legion, American flags and marching veterans' groups highlighted the annual Veterans' Day parade through Manchester Sunday afternoon. A total of 60 marching units participated in the hour-long parade, which began and ended at the American Legion Post on Adrian Street.

## Hit or Miss by farley

Author Betty Friedan says that women have a problem—a nameless one that she first noted in the 1960's. She says they have feminine battle fatigue. She says women don't really know what they want.

They have a job. They have their own bank account. They have a relationship with a fellow. They have a relationship with NOW. They subscribe to MS. They have an ERA button. You belong to a conscious-raising group. You don't have to get married or stay married to anyone or have children or stay at home with them if you don't want to.

But there is still something wrong. There are days when your job drags horribly but you have to keep working because you need the money (who don't). You are still stuck with most of the work at home after office hours. There are days when you wish you were married if you aren't and single if you aren't. Or you want children if you don't have any. But you are supposed to be free-to-be-me and you aren't. You are, she says, exhausted trying to be "me" but you secretly ask yourself "Is this all there is?"

Betty says this disease has as yet no name but she saw her first case of it in the early 1960's and it has since been getting worse and worse. You have been a part of hammering out the most significant movement of the decade—and now you aren't at all sure you want what you have. You just don't like the looks of it, do you? Maybe what you have gotten isn't what you wanted, is it?

Too there seems to be a backlash to all this. The faltering economy may give the establishment males a chance to take away from you your job or your promotion. Nobody is going to provide day care centers or a guarantee of unlimited maternity leave or always equal pay for women's work that is comparable to that of the men.

The new equal rights amendment would like to take away from you your right to an abortion and see you back on the suburban cul-de-sac although no one can afford it nowadays.

And so Ms. Friedan says that the first stage of the women's movement is rapidly ending in discouragement, disillusionment, a lack of leadership and a loss of direction so what next?

Ms. Friedan has written a new book The Second Stage, which is a mishmash of generalities, utopian cliches and women's movement revisionisms.

She says the women's movement went very wrong in pushing so hard to escape the bondage of housework and "second-sex" status that it ignores the need of women for husband and children and a home. She says that reconciliation with the anti-ERA forces who turned "family" into a buzzword for reaction and where "family" is the new frontier for the feminist.

It was the feminist's failure to resolve the "insoluble problems of child bearing and child rearing" that lost them the following of millions of women who consider them a threat to the stake they have in motherhood and traditional family life, the author says.

In the second stage of the feminist movement, she says, women will have to work out the unresolved problems of how to divide up the housework and job work

**Letter To The Editor**

My half century in Manchester - November 10, 1981

It is now 7:30 a.m. in Manchester and I do not know at this time how the latest school vote turned out - Yes or No.

Regardless of the outcome, there are plenty of PROUD people in Manchester, and we do not have to be "PROUD AGAIN" - we are, and always have been.

Proof of this statement was very evident Sunday, November 8, 1981, a day for Americans to be PROUD to live in a small village - our village and have the voting rights, to have free speech, religion - the Manchester Enterprise. Thanks to the Manchester American Legion for hosting the Washtenaw County Veterans.

We also know - Kids Count in Manchester they always have, even before 1901 - and the Depression years - but what would the 18 year old voter of today be expected to know of those years?

Don't blame the old fogies on the vote result - if it is No - put the blame on the tax money handlers.

How many 18 year old voters pay property taxes?

I agree the September 2, 1901 school balance on hand - \$877.21 should be congratulated. Do you think the Yes-No votes will tell the story of 1980-81?

The right to vote is Americanism. Veterans Day November 11, 1981 is why we have that right. Americans serving and dying, for our Free America.

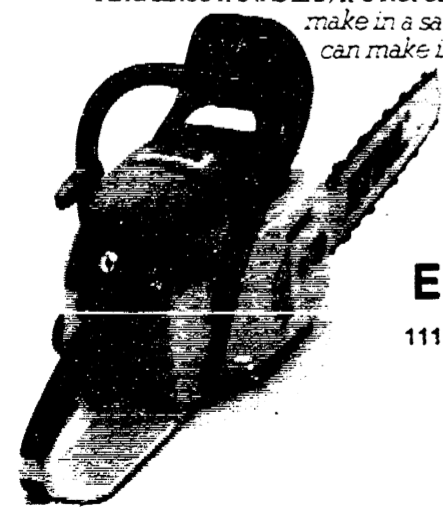

Fly your flag November 11 and say a little prayer when you see the colors unfurl. Thank God I live in America free to say what I believe, in Manchester, U.S.A.

**DISCUSSION ITEMS**

(A) Substitute Pay - Dr. Thompson presented a brief report to the Board outlining the position of the Manchester Schools regarding the pay of substitutes. It was noted that substitute pay is at or near the lowest in the region. Dr. Thompson recommended that the pay for substitutes be increased from \$29.00 to \$30.00 per day and advised the Board that this increase would result in a \$400 cost to the district. It was moved by Talcott to increase teacher pay to \$30.00 per day. Supported by Mann. All yeas.

(B) WISD Parent Advisory Committee Report: Patricia Settles reported to the Board of Education regarding the organization of the Parent Advisory Committee and the purpose for the committee. Activities of the group were outlined. In conclusion Mrs. Settles urged the Board to work closely with her replacement and to maintain an active interest in the committee.

**OLD BUSINESS**

(A) Superintendent's Objectives: Dr. Thompson advised that the Management by Objectives Plan included in the Board package was based upon the objectives which the Board approved at the September meeting. The general topics which will be the focus of the MBO plan are Community Relations, Teacher Evaluation, Renovation of Buildings, Contract negotiations and Development of Board Policies.

(B) Tax Anticipation Note Bids: Five bids were received regarding the sale of school district tax anticipation notes. The bid was awarded to the Harris Bank of Chicago which submitted a bid of 11.60 for \$515,000 of tax anticipation notes.

**NEW BUSINESS:**  
 (A) Pleasant Lake School Lease Contract: Dr. Thompson advised the Board

that the lease contract had been negotiated with the Ann Arbor Schools who would serve as the administrative agent for a county-wide centralized special education program for severely emotionally impaired adolescent students. The terms of the contract call for the payment of \$7,915 to the Manchester Schools for the period February 1 to June 30, 1982 plus approximately \$50,000 worth of renovation work which must be completed prior to February 1, 1982. The Ann Arbor schools will have the option to renew the agreement with a renegotiated rental fee for one additional year.

It was moved by DuFresne to approve a lease of the Pleasant Lake School to the Ann Arbor Public Schools for a term beginning February 1, 1982 and ending June 30, 1982. The entire lease contract is to be found in the Board of Education office. Supported by Horning. All yeas.

(B) Superintendent's Reports:

1. Responding to a previous question from the Board, Dr. Thompson advised that it was not the policy of the Manchester Schools Music Department to limit entrance to the Middle School Band to 6th graders. Apparently the rumor had been started by an instrument salesman.  
 2. Dr. Thompson indicated that the Executive Committee had raised the question of the need for a Board resolution

regarding program restoration if the millage is approved. After discussion it was moved by Little to restore a full athletic program and return transportation services to the 1980-81 level if the special millage is approved on November 9.

This resolution will be in effect until June 1983 which is the span of the millage. Supported by DuFresne. On a roll call vote all members voted in favor.

3. Dr. Thompson advised that the Executive Committee had awarded the contract for re-roofing the high school gymnasium to the Duke Roofing Company.

4. A report was presented to the Board regarding the survey of parents conducted at Klager Elementary. The survey was designed to gather parent preferences regarding the lunch/milk program. Approximately 80 percent of the Klager parents responded to the questionnaire. Of these 60 percent indicated that they wished chocolate milk to be in limited supply in the building. The preference was that chocolate milk be offered to the students only on Fridays. Further, it was reported that milk sales were consistent on each day of the week with the exception of one Friday when sales had increased since school opened. County-wide milk sales in schools have declined by 30 percent. At Klager milk sales have stayed about the

## Arson Reward Offer Doubled

The growing incidence and severity of arson as a major crime in Michigan has prompted the Michigan Arson Committee to double its reward ceiling for information which leads to arrest and/or conviction of anyone on arson-related charges.

According to State Police Captain William R. Rucinski, Chairman of the Michigan Arson Committee, the arson problem in Michigan is "monstrous... approaching epidemic proportions".

Rucinski said the maximum reward will be raised from \$1,000 to \$2,000 immediately. He pointed to the "success of the arson reward program during the past six years of its existence" as leading to the increase in the reward payoff.

"We want to stimulate more persons to step forward with information leading to arrest of arsonists," he said.

Instituted in September 1975, the arson

reward program has resulted in nearly \$30,000 being paid to citizens who have supplied tips and other important information resulting in arson arrests.

The reward program has brought about 132 arrests. But most important, there have been 104 convictions, with several others pending.

Rucinski said the arson reward program is administered by a five-person subcommittee, which is part of the Michigan Arson Committee. The amount of the reward paid out is based on the value of the information, personal risk to the informant, seriousness of the potential loss, and other related factors. It is designed to protect the identity of the person reporting the crime, if that person desires.

Persons with knowledge of an arson or "suspicious" fire are asked to either make a collect phone call to "Arson Control" (517) 322-0469 or send a letter to "Arson Control", P.O. Box 23, Holt, Michigan 48842.

## News Of Good Things Right To Farm Act Growing

Michigan beef "cookoff" recipes are available now in a tidy little folder which contains 15 prize recipes by Michigan cooks. Some use ground beef and others use round steak or brisket of beef - in other words, they're easy on the food budget but appetizing enough for family and guests.

Most of these recipes take advantage of shortcuts, and I think we all appreciate that convenience during these hectic days approaching the holiday season.

Of course beef is one of the good things growing in Michigan, as you are aware when you travel our highways and byways, enjoying the pastoral scenes of beef cattle grazing in meadows and on hillsides. According to the Michigan Department of Agriculture, about 607,000 head of cattle and calves were sold here last year.

One of the prize-winning beef recipes for you to try is Hungarian Beef Brisket. In a large Dutch oven, melt 2 teaspoons butter, then brown a 4-pound beef brisket well and set aside. In the same butter, brown 1 cup chopped onion, add one 8-ounce can of mushrooms (or use fresh if you prefer) and cook 5 minutes. Drain off any grease, add 2 cloves garlic, minced, 2 teaspoons garlic salt and a pinch of ground pepper.

Stir over low heat about one minute. Then add one 28-ounce can tomatoes with juice, chopped, a 6-ounce can of tomato paste and a 15-ounce can of tomato sauce. Cook over medium heat 15 minutes. Add meat, making sure sauce covers the meat. Bring to a boil, turn heat down and simmer for about 3 hours. Remove meat and slice. Return slices to sauce and heat for another 5 minutes.

This recipe will serve eight people generously. It's nice for a buffet, since it needs little attention during the cooking process, while you are busy with other projects. And, because it's served in a sauce, it retains heat well.

In July, Governor William Milliken signed into law the Michigan Right to Farm Act. It is designed to encourage farmers to continue to make the necessary investments to remain in agriculture and expand, by protecting them from nuisance suits which may result from noises, dust and odors which are a part of a normal farm operation.

Because of encroachment on farmlands as a result of rapid expansion into rural areas, the Right to Farm Act can assist farmers. Section three of the Act states that "a farm or farm operation shall not be found to be a public or private nuisance if the farm or farm operation alleged to be a nuisance conforms to generally accepted agricultural and management practices according to policy as determined by the director of the department of agriculture."

To assure that the policy developed covers all parts of agriculture which may apply to the Act, the 83 Michigan Soil Conservation Districts have been asked to conduct public meetings of farmers and other interested persons to obtain their thoughts and feelings on what should be contained in the Right to Farm Act policy. In addition, the Soil Conservation Service, Important Agricultural Lands map will be on display for review. It will also be on display prior to the meeting at the Soil Conservation Service Office, 6101 Jackson Road, Ann Arbor.

YOUR HELP IS NEEDED. If you are a farmer, own or manage a farm operation, a township official, farm organization member, or a person interested in preserving our precious farmlands, PLAN NOW to attend the Right to Farm Act Public Meeting: Monday, November 23, 1981, 7:30 p.m., Scio Township Hall, 827 N. Zeeb Road, Ann Arbor.

The Scio Township Hall is located 1/4 mile north of I-94 on Zeeb Road, next to the Washtenaw County Road Commission. Your attendance and input at this meeting is vital to the future of Michigan Agriculture. Please plan to attend.

October 19, 1981  
 Council met in regular session with the meeting called to order by President Schaffer at 7:00 P.M. Present were DuRussel, Koebbe, Minick, Petsch, Reed, Smith, Zsenyuk.

Minutes of the October 5, 1981 meeting were read, corrected and approved in a motion by Reed, supported by Petsch. All yes, motion carried.

Zsenyuk reported that a list of existing driveways was being compiled for pointing up driveways by Cunningham Gooding on the streets which have recently been resurfaced. A crew will be sent in for the clean up job. There is a 2 year warranty on the new asphalt expansion strips.

The Accounts Receivable were reviewed. Moved by Reed, supported by DuRussel to purge overdue accounts from Accounts Receivable and collections be placed in a special account. All yes, motion carried.

A letter from Dr. Hwang was presented stating he is willing to discuss further the matter concerning the construction of a barrier fence between his property and Mr. MacLeod's.

A bid on Worker's Disability Compensation Insurance was received from Larry Becklet. The copy will be placed on file and reviewed at the time the current policy comes due.

Zsenyuk presented a request from Gale Dillingham to the Village to purchase a set of driving range lights for Kirk Park at a cost of \$1,200.00. These would be used for Ball Diamond #1 and it would be possible to have all the Little League teams in one place. Council approved the purchase.

Public Works activities as reported by Koebbe included: The crew worked at Kirk Park laying Plastic Pipe and hauling crushed stone; Tapped a water main and also a sewer; Water meters were read; Swept streets; Flushed filters and hydrants; Trash barrels were emptied and taken to the landfill; Grave was dug and covered; The new containers were delivered and unloaded replacing defective ones which were returned; Rodded sewer at Middle School; Carr Park was closed for the season and everything was winterized; Installed water meter; Dug footing for new curbing at the American Legion; Delivered sand to the Legion; Laid sidewalk at the Village garage and office; Worked at the Village Hall. Hauled leaves; Dug out 60 feet of sidewalk on E. Main St.; Equipment being winterized.

Koebbe also voiced concern of children roller skating on W. Main St. The problem

circumstances on its own merits and base its decisions accordingly. The extensions are an entirely different set of circumstances. The position Council will take on the lot directly West of Weidmayer property is that the purchaser of the property will be responsible for extending water service to their property which will include extending water mains and moving the hydrant.

Village Attorney will proceed with problems of sewer at Wurster Greenhouse. Minick reported Cable Vision will be available in River Bend Estates.

Moved by Koebbe, supported by Reed to amend Ordinance #109, Section 10, to read as follows:

**SERVICE TURN ON AND TURN OFF**  
 A fee of \$12.00 is charged for turning on water service once it has been turned off, except when turn off is required for repair and maintenance of the water lines. There is no charge for making a final meter reading, final billing and transfer of property owner's name when service is not actually turned off.

Meeting adjourned at 9:05.  
 Dealoris Richardson, Clerk

Reed also reported \$151,000.00 had been invested in CD's for 60 days at 15 1/4% at National Bank of Jackson and \$175,000.00 for 30 days at 14 1/4% at Great Lakes Federal Savings.

DuRussel reported he was meeting with Clarence Fielder and Douglas Parr on acquiring an Electrical Inspector.

The Village is studying putting up a fence under the Main St. bridge to close off the service area with the Village and Consumers Power Co. retaining keys for this area.

The unapproved minutes of the Village Planning Commission were reviewed. Proposed Amendments to the Manchester Village Zoning Ordinance were presented for review and will be acted on at the next Council meeting.

A letter from Gary and Diane Wiedmayer regarding the policy of the Village of Manchester for obtaining water service within the Village limits was discussed. They questioned why they were responsible for extending a water main to service their property and the cost of moving an existing hydrant in 1978 and why in 1981 an owner of property located off Territorial Street was given permission to run a 1" copper line from an existing main to obtain service. He also questioned what position Council will take regarding water service to one remaining lot west of his property on Schaffer Court. It is Council's opinion regarding Village policy for responsibility for extending water mains as opposed to running copper lines, that Council will judge each set of

circumstances on its own merits and base its decisions accordingly. The extensions are an entirely different set of circumstances. The position Council will take on the lot directly West of Weidmayer property is that the purchaser of the property will be responsible for extending water service to their property which will include extending water mains and moving the hydrant.

## Klager Physical Education Drive

Klager Elementary School is once again going to kick off its collection drive aimed at acquiring new and much needed Physical Education equipment. The equipment will be provided through the national Post "Fun and Fitness" program. This program offers schools free athletic equipment in exchange for proof-of-purchase seals from a wide variety of Post cereal packages. Specifically - Raisin Bran, Grape Nuts, Toasties, C.W. Post, Treat Pak, Alpha-Bits, Honeycomb, Grape-Nut Flakes, Bran Flakes, Fortified Oak Flakes, Super Sugar Crisp, Post-Tens, Frosted Rice Krispies and Pebbles. Last year Klager and Pleasant Lake Elementary Schools participated in this program and collected a total of 1,068 points. With these points we were able to

purchase a Micro Split Stop Watch and a 165' Fiberglass Measuring Tape. Last year we didn't start our collection drive till sometime in February. Many other schools have participated in this program and received several items of equipment. For instance, in Saginaw, Michigan one school was able to collect enough points to purchase - 1 vaulting horse, 1 balance beam, 1 set of parallel bars, 2 floor hockey sets, 1 Jokari game, 1 bean bag game and 1 jump rope.

Wouldn't it be great to have Klager School collect enough points to purchase equipment such as this! We could do it but we need your help! Just cut the proof of purchase seals off the side of any Post cereal package and bring the seals to Klager Elementary School and turn them into the school's office or turn them over to Klager elementary students any time before the end of the school year.

The staff and children at Klager hope the people in the community will help us reach our goal by saving and turning in the special proof-of-purchase seals from Post cereals.

## PACE "Thanks"

The PACE Committee wishes to thank everyone who helped campaign for passage of the issues on Monday's school ballot. It was gratifying to see hundreds of people take a public stand in support of our schools.

The noticeable trend toward a more positive attitude is a healthful sign for our whole community. To all those who helped, in so many different ways, a big thank you from the committee for Positive Action in Community Education (PACE).

## Requirements For Graduation

A committee to study Manchester High School's graduation requirements held its first meeting November 2. The committee is made up of all class presidents, parents, teachers and administrators and it will look at local requirements as well as those at other area schools. Dr. Ray Kehoe, Associate Director of the Bureau of School Services at the University of Michigan, will attend the Committee's next meeting to discuss trends in graduation requirements and answer questions. The Bureau is the agency which accredits schools in the State of Michigan.

At the conclusion of the study, a report will be made to the Board of Education.

Committee members are: Kelly Gotta, Melissa Bunney, Kim Wolf and Kelly Bristle (all class presidents); parents, Tom Golding, Dolores Gebhardt and Diane

Lockridge; teacher representatives, Miss Pitt and Mr. Parson; and Assistant Principal, William Scaletta and Principal, James Kappler.

## Pleasant Lake School To House Special Education

The Manchester Board of Education recently approved a lease agreement for the Pleasant Lake School. The building will be rented to the Ann Arbor Public Schools for a fee of \$8,000 plus \$50,000 of renovation work for the period February 1 to June 30, 1982. An option to renew the lease for a one year period at a renegotiated rental fee is included. The Ann Arbor Schools will serve as the administrative agent for a Washtenaw County Special Education program.

Special Education students to be served at the Pleasant Lake School will be from all

school districts in Washtenaw County. These students have been identified as adolescent emotionally impaired students. This category of special education serves students whose emotional problems are severe enough to prevent them from attending their regular schools. Supervision provided to these students is extensive. It is anticipated that there will be one professional staff person for each three students in the program.

Currently the Manchester Community Schools use the Pleasant Lake site as a bus pick-up and drop-off location. In the event that it is necessary to continue to use a central bus location it is not anticipated to conflict with the special education program. The special education students are expected to arrive at 9:00 A.M. and be dismissed at approximately 2:30 P.M. These times do not conflict with the periods for Manchester bus pick up or drop off.

## Historical Society

People who have moved to this area only recently, probably don't know that Henry Ford was responsible for many changes in the area. Long-time community members have many memories of that period. If you're interested in learning more and reviewing memories, plan to attend the Manchester Area Historical Society meeting Monday, November 16 at 8:00 P.M. at Emanuel Church.

A program, "Manchester and Henry Ford", will be presented by John Swanson, Lillian Martin and Robert Ross. All members and anyone interested in this period of Manchester's history are urged to attend.

There will also be a presentation of a proposal to buy the John Schneider Black Smith Shop. This is a significant decision which will affect the entire community.

## Closed Campus Policy Considered

The Manchester Board of Education at a special work session for the purpose of developing stated policies for the school district examined a proposed policy which would require students to remain on the school site for the entire day. Currently students are permitted to leave school property during lunch periods.

The proposed policy notes that high school students may be dismissed early on an emergency basis with a written note from parents. Students who left school without permission in the middle of the day would not be permitted to return during the same day. Any such absence would be considered as being unexcused.

Noting that the adoption of this policy would result in a major shift in practice in the schools the Board asked Dr. Thompson to advertise the proposal as widely as possible in order to obtain reaction from all interested persons. The proposed policy will be presented to students, P.T.O. groups, and teachers with a request for their reactions. Persons interested in responding to the proposed policy may do so in writing to the Board of Education or may attend the next policy work session which is scheduled for Monday, December 7, 1981.

**SAFETY TIPS FROM THE MANCHESTER FIRE DEPARTMENT**

**Maintaining and Using Wood Stoves . . . The SAFE Way**

Stove connector pipes and chimney should be inspected by competent professionals at least annually to avoid dangerous accumulation of flammable creosote.

Have stove and chimney cleaned regularly by professionals. . . at least annually.

Select dry well-seasoned hardwood. . . reduces creosote build-up. Don't use artificial logs.

When starting a fire, be sure to open damper, build fire on shallow bed of sand or ashes and use small amount of crumpled paper and kindling to start fire. Provide sufficient fresh air for burning and breathing safety.

When conditions permit, use short hot fires rather than long smoldering ones - stoke fire once a day to burn hotter for short period. . . don't leave stove burning unattended overnight.

Do not store dry wood near or under stove and be careful of burning embers when tending fire.

Never use gasoline, kerosene, charcoal starter or other flammable liquids to start a fire.

Equip your home with adequate hand fire extinguishers and smoke/heat detectors.

Don't burn trash in stove.

Cooking on woodburning stoves is not recommended.

## Golden Apple Dumplings Make Fall Dessert

A crisp fall day is just the time to treat family or friends to Golden Apple Dumplings. Flavorful Golden Delicious apples, filled with colorful chopped apricots, are wrapped in tender pastry. When baked to a tempting golden brown, the dumplings are served warm with a sparkling apricot sauce.

Marvelous eaten fresh, out-of-hand, all-purpose Golden Delicious apples are prized for their superior baking and cooking qualities. Because they hold their shape so well during cooking, Golden's are ideal for poaching or baking. And because the flesh of Golden's, when cut, stays white longer than that of other apple varieties, this is an ideal apple for use in pies and other desserts, as well as for salads, appetizers or main dishes.

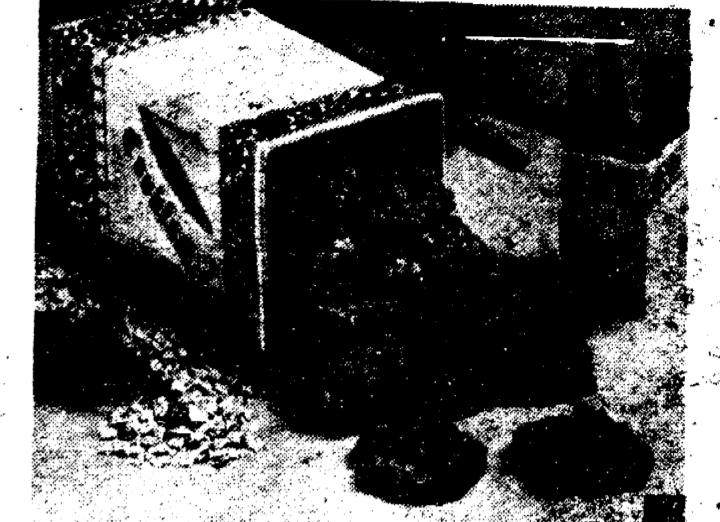

**Golden Apple Dumplings**

1 cup dried apricots	peeled and cored
1-1/2 cups water	Pastry for 2-crust
1/4 cup sugar	10-inch pie
6 medium Golden Delicious apples	Apricot Sauce

Delicious apples, Simmer apricots in water 20 to 25 minutes or until tender. Add sugar during last 5 minutes of simmering. Drain; reserve syrup for sauce. Cool and chop apricots; fill centers of apples. Roll pastry and cut into six 7-inch squares. Place apple on each square. Bring corners of pastry to center; moisten edges and carefully seal all sides. Roll back corners slightly to expose filling. Prick pastry with fork; place in shallow baking dish. Bake at 375°F. 35 to 40 minutes or until apples are tender. Serve warm with Apricot Sauce. Makes 6 servings.

**Apricot Sauce:** Add water to reserved apricot syrup to measure 1 cup. Blend 2 teaspoons cornstarch with 1/4 cup sugar; add syrup. Cook over medium heat until thickened and clear. Stir in 1 tablespoon each lemon juice and butter. Makes about 1 cup.

## Send ABC's With The Children

This year, mothers can send children back to school with their ABC's in tow. ABC Cookies are so named because they're ABC-easy to mix and provide lots of vitamins. These nutritious oatmeal cookies, laced with carrots, and love, are the good-for-you kind of snacks that parents are looking for.

There is vitamin A in the shredded carrots. And there are B-vitamins in the quick or old fashioned oats. By the way, wholegrain oats also contain vitamin E, nine minerals and are a good source of fiber in the diet.

**ABC Cookies**

1 cup all-purpose flour	1 egg
1-1/2 teaspoons cinnamon	1 teaspoon vanilla
1 teaspoon baking powder	2-3/4 cups quick or old fashioned oats, uncooked
3/4 teaspoon salt	2 cups shredded carrot
1 cup butter or margarine	1 cup chopped brown sugar

Heat oven to 350°F. Grease cookie sheet. In small bowl, combine flour, cinnamon, baking powder and salt. In large bowl, beat together butter and sugar until light and fluffy. Blend in egg and vanilla. Add dry ingredients; mix well. Stir in oats, carrot and nuts. Drop by rounded tablespoonfuls onto prepared cookie sheet. Bake for 15 to 17 minutes; cool. Store in loosely covered container. Makes about 5 dozen cookies.

## Hard-Cooked Eggs Need A Gentle Touch

**Easy Chicken Divan**

Hard-cooked eggs enrich many cooking sauces. This quick main dish features nuggets of garden vegetables and chicken pieces from Campbell's Chunky Chicken Soup. Hard-cooked eggs and Cheddar cheese added to the soup make it a rich chicken sauce.

To make perfect hard-cooked eggs, cover eggs with just 1 inch of cold water. Boil water quickly, then, set pan aside covered. Let it stand for 16 minutes. Peel shells under cold water.

**EASY CHICKEN DIVAN**

1 can (19 oz.) Campbell's Chunky Chicken Soup  
 2 hard-cooked eggs, chopped  
 1/2 c. shredded Cheddar cheese  
 1 tbsp. cornstarch  
 2 tbsp. water  
 1 pkg. (10 oz.) frozen broccoli spears, cooked and drained

In saucepan, combine soup, eggs and cheese. Blend cornstarch and water until smooth; add to soup mixture. Cook, stirring until thickened and cheese melts. Serve over broccoli. Makes about 3 cups, 4 servings.

## NBJ, Detroit Bank Plan Merger

Continued from page 1  
strong resources of The National Bank of Jackson and supplementing them with our own.

Completion of the merger, which is expected within eight months, is subject to the approval of The National Bank of Jackson shareholders and various regulatory authorities.

Commenting on the agreements, Condon said, "Affiliation with DETROITBANK Corporation will provide additional resources to broaden our commercial banking services; thereby becoming an even more important competitive force in the Jackson financial market."

The National Bank of Jackson had assets of \$284-million and capital of \$30.5-million at September 30, 1981. It operates 18 branch offices in the Jackson market.

If the merger is approved, The National Bank of Jackson will become the sixteenth banking subsidiary of DETROITBANK Corporation. The Corporation also operates seven banks in the metropolitan Detroit area as well as banks in Kalamazoo, Kentwood, Midland, Muskegon, Shepberd, West Branch and Battle Creek. In August, it announced an agreement, in principle, to acquire Huron Valley National Bank in Ann Arbor. At September 30, DETROITBANK Corporation had assets of \$5.9-billion.

MICHIGAN DEPARTMENT OF PUBLIC HEALTH

### CHAIRBOUND EXERCISES

Office workers and travelers have something in common. They sit a lot. Their shoulders and necks get tense, ankles and feet often swell, and they resist the compulsion to get up and stride about.

If you're a long term sitter, here are a few chairbound exercises that can ease tense muscles and help the flow of circulation.

The "half-head turn" is something we do all the time, but not in the extreme. In this exercise, do it in the extreme. Turn the head first to the far right, then back to center, and on to the far left. Do it about ten times to move the joint in the upper spinal column.

The "head tilt" is another common motion. Rest your chin on your throat, then slowly lift the chin and tip your head back as far as you can. Lower the chin, and repeat the exercise ten times to ease neck muscles.

The next exercise makes you look

hesitant but it improves the knee and hip extension muscles. Rise slowly from a sitting position (no hands, please), stand erect, sit down, and repeat the motion twenty times.

Before feet and ankles show signs of swelling, do the "foot rocker". Place your elbows on your knees and bend forward, pressing your upper body onto your knees. Lift one foot and then the other with toes pointed upward, and repeat it thirty times from the beginning.

Although you won't be puffing and panting from exertion, a 30-second cool-off period of slow and rhythmic breathing also helps you to relax.

Simple as these exercises are, they make endurable long periods of sitting. Whether you're an office worker, a traveler, a convalescent, or past your active years, you'll find that nodding, bending, and reaching make your chairbound hours more comfortable.

## Restraint Devices Required

Beginning April 1, 1982, a new Michigan law requires you to place children under four years of age in restraint devices when transporting them in a motor vehicle. As an alternative, a child over one year of age may be secured in the back seat with a seat belt.

A restraint device is a padded seat or infant carrier specially designed to provide a child under four years of age maximum protection in an accident.

Restraint devices can be purchased at most major department stores for \$35 to \$50 or can be rented for as little as pennies a day from hospitals and private organizations with rental programs. In some instances, insurance companies furnish restraint devices at little or no cost as part of their coverage plans. Restraint devices also can be purchased second hand from private owners.

Secretary of State Richard H. Austin, Chairman of the State Safety Commission, encourages all parents and guardians who have children under four years of age to obtain the required restraint devices before April 1, 1982.

United Way

Manchester's United Way is close to scoring another campaign victory for the 22nd consecutive year.

Contributions and pledges total \$24,369.00 which is 92.7% of the \$26,286.00 goal.

Four divisions have exceeded their assigned campaign quotas: Village 181%, Outside Business 116%, Organizations 104%, and schools 100.2%. Incomplete reports have been received from the other three divisions. Industry is at 93.1%, rural has reached 84.9% and business reports 73.9%.

Campaign Chairman, Dr. Glenn C. Lehr, Jr., expresses his confidence that when the final returns are in, the campaign will again go over the top.

The now famous United Way rooster in the window of Gill's Gamble Store is really becoming excited.

It is not too late to participate in this annual campaign for funds which supports 36 local, county, state and national health and community organizations. If by chance you have not been contacted by a volunteer campaign worker please use the following form to make your contribution.

**Commemorate Birth Of Baha'u'llah**

Thursday, Baha'is all over the world will commemorate the birth of Baha'u'llah, who was born November 12, 1817. Baha'u'llah is the prophet and founder of the Baha' Faith. The anniversary of his birth is one of the nine Baha' holy days on which work is to be suspended. This year, the National Spiritual Assembly of the Baha'is of the United States has requested that there be a special 2 1/2 hour prayer vigil in memory of the recently martyred Baha'is in Iran, and for the cessation of all religious persecution within that land.

Baha'u'llah, whose name in Persian means "Glory of God", revealed spiritual teachings from God which are appropriate for mankind today. They include such principles as the equality of men and women, a spiritual solution to the economic problem, the essential harmony of science and religion, and many more. Baha'is believe Baha'u'llah to be the divine messenger foretold in all the holy books, whose teachings would unite all mankind and bring "Peace on Earth".

with a man who will help take care of the kids.  
 She offers the following solutions. More part time job opportunities "good, reliable personally caring" mother substitutes. Some kind of government allowance for children, a combination of maternal and paternal leaves to cover the early years of child-rearing. Flexible work shifts. Shorter hours. Day care provided by companies, developers, shopping centers, unions, churches, and volunteer agencies that would function as volunteer support groups and even as extended families. New kinds of housing that provide child care, food services, socializing, and other help away from suburban isolation.  
 However, one problem Mrs. Friedan has in launching this revised feminist

movement is a shortage of second-stage role models—women who manage to hold a husband and family together as a family while having the ambition and energy to follow their own interests who might go back to graduate school at midlife for another degree and who will engage in what she calls "passionate volunteerism" whatever that is.

Wilbur and Orville Wright, a tightlipped pair, hated to make speeches. Once, at a banquet, it is told, the chairman asked Wilbur to say a few words to the gathering. Wilbur stammered.

"You've got the wrong man. Orville does the speaking."  
 He sat down. The chairman turned to Orville who turned to the audience and said:

"Wilbur just made the speech."

**Hello... Remember Me?**

Some people call me Old Glory... some call me the Star Spangled Banner. Whatever they call me, I am your flag... the flag of the United States of America! But, something's been bothering me... so I thought I might talk with you... because it is about you and me. I remember, some time ago, people lined up on both sides of the street to watch the parade, and naturally I was leading every parade, waving proudly in the breeze!

When your Daddy saw me coming, he immediately removed his hat, and placed his hand directly over his heart... Remember? And I remember you... standing there straight as a soldier! You didn't have a hat, but you were giving the right salute. Remember little sister? Not to be outdone, she was saluting the same as you... with her right hand over her heart... remember?

What happened? I'm still the same old flag! Oh, I have a few more stars since you were a boy; a lot more blood has been shed since those parades of long ago; but, now I don't feel as proud as I used to...

When I come down the street... you just stand there with your hands in your pockets, and I may get a small glance and then you look away... Then I see the children running around and shouting... They don't seem to know who I am... I saw one man take his hat off, then look around; he didn't see anyone else doing it, so he quickly put his hat back on... Have you forgotten what I stand for... and where I've been?... Anzio, Guadalcanal, Korea, and Vietnam. Take a look at the memorial honor rolls some time... the lists of those who never came back in order to keep this Republic free... one nation under God... When you salute me, you are actually saluting them! Well... it won't be long until I'll be coming down your street again. So, when you see me... Stand straight, place your right hand over your heart... and I'll know that - you remember!

**Hit Or Miss by farley**

I was looking casually at a book list in one of the papers. They had a long list of children's volumes segregated in age groups and along about the middle of the list was one titled "The Teddy Bear Catalog". This intrigued me no end and so I went to the trouble of hunting one up and it proved to be most interesting.

In it was listed every Teddy Bear that was made from its inception in 1903 until today. They range from the first ones that today go for \$300.00 and up to a big growing bear made in Germany that has sold for \$1200.

I never had a Teddy Bear. I was just a bit too old to take part in this universal movement that made it almost mandatory for all youngsters to have a Teddy Bear. I never even had, that I can remember, a pillow that I dragged around like Linus.

The Teddy Bear, as you probably remember, was originated by a Brooklyn toy merchant who capitalized on a story about Teddy Roosevelt who, while on a hunting trip, refused to shoot a helpless bear and some newspaper cartoonist depicted the incident for his newspaper. The Teddy Bear as a substitute for dolls caught on both with the boys and the child who did not have one was really underprivileged and this condition still exists. They are now as popular as ever.

I never had one. I was just too old to enjoy having any kind of a Teddy Bear. But the kids just a bit younger than I had their favorite 'Teddy Bears' which they confided in and took to bed with them. My daughter who is a long ways past being a teenager, I find still has hers and worn, threadbare and eyeless, she still has it stashed away in her bedroom. I never knew just what the fascination with them was but they had and have it. When the daughter was young she had stuffed animals of many kinds piled about her room but no one superseded the Teddy. The girls of today, I find, still do this.

But to return to the catalog, I had no idea there were so many kinds of stuffed toy bears. There were Sailor Bear, Roddy Bear, Hungry Bear, Thoughtful Bear, Nosy Bear, Sociable Bear, Literary Bear, Clown Bear, Irish Bear, Frosty Bear, Very Important Bear, Herr Bear, Shaggy Bear, Chubby Bear, Semi-Ferocious Bear and dozens of other varieties.

That's probably why I am somewhat strange. I never had a bear, not even one out of the dozens there are tabulated in the catalog. They include Baggy Bear valued at \$200, and Topsy Bear \$150, who looks like he is going to fall out of his chair.

The catalog gives a history of the bears, many pictures and tips on buying or selling bears. They tell you how to give Teddy a bath. (First you vacuum the bear, then sew on his ear, fix his paw and replace his shoebutton eye.

Teddy Bears, they say are "good listeners, never critical, always reassuring...they are symbols of nostalgia...that allows a small part of us to remain a child forever."

I hope someone gets me a bear for Christmas. I didn't know what I was missing, did I? It is said that millions of them are sold each year.

**Manchester United Way Exceeds Goal For 22nd Year**

John Sauter United Way President and Glenn Lehr Campaign Chairman

The people of Manchester have done it again for the 22nd consecutive year. Dr. Glenn C. Lehr, Jr., campaign Chairman, reported contributions and pledges total \$27,425.03 which is 104.3% of this year's \$26,286.00 campaign goal.

Dr. Lehr said "The people of Manchester have again shown their spirit and generosity by making the 1981 United Way campaign a very successful one."

"I would like to thank every volunteer worker and especially the Division leaders for a job well done; Carolyn Sauter, rural; Janice Little, organizations; Ica Schaffer, village; Maria Lehr, business; Clarence Fielder, industry; Dave Little, outside business and Dr. Eugene Thompson, schools.

"A special thanks to Bob Ross for a great job with publicity and to T.V. Ludwick for her guidance and help. T.V. has been doing a great job for the United Way for many years.

"Manchester has traditionally given more than their share to people in need. We can all be proud of our efforts in the face of present economic conditions.

"Indeed you have opened your hearts for a special need and I am very proud to be a part of this community."

President of the United Way, John K. Sauter said "During the past twenty some years the people of Manchester have demonstrated their support for the United Way. Our friends and neighbors have truly "Opened their Hearts" in meeting this year's goal. Many people deserve our thanks for their efforts including Glenn Lehr our campaign chairman, Division chairmen, area captains, solicitors, Double A Products for sponsoring the Kick Off Dinner, members of our Board of Directors and most of all, you the contributors. Thanks for a job well done."

The rooster in Gill's Gamble store window is as proud as a peacock and he's ferociously crowing with glee for the 22nd consecutive year.

**Manchester Area Historical Society**

The Manchester Area Historical Society is undertaking a project which will benefit the Village of Manchester and the surrounding area. At the regular monthly meeting November 16, the group announced their intention to purchase the John Schneider Black Smith Shop for \$24,723. The society announced the appointment of Mr. John B. Swainson as head of the fund-raising committee. Support will be sought from the entire community to make this acquisition possible.

The group was privileged to hear an interesting presentation "Manchester and Henry Ford" by Mr. Robert Ross, Mr. John Swainson and Ms. Lillian Martin. The Sharon Mill history was discussed, as well as a biographical sketch of Henry Ford and description of his land purchases in this area. Several members present, Mr. Mahlon Smith and Mr. Floyd Parr had been employed at the Sharon Mill and Manchester Ford Plant. It proved to be a valuable meeting to learn more about our community.

Look for the next meeting date.
