ARTHRITIS AND RHEUMATISM

There are a lot of grin and bear it heroes in our midst. They're the victims of arthritis and rheumatism, who have no hope of being cured, because there is no cure.

It's not surprising that almost everyone knows someone with these conditions because the diseases affect about one in seven persons. Overall, more females than males are affected and the chance of occurrence increases in each decade of life. Over age 65, about 45 percent of women and 20 percent of men suffer from arthritis and rheumatism, compared with 22.5 percent of all persons in the 45-to-65 age group.

There's a difference between arthritis

and rheumatism. Rheumatism is the broad term, that includes those diseases that affect muscles, tendons, ligaments and bursae, as well as the joints.

Arthritis, on the other hand, affects only the joints and is characterized by inflammation of the joints and their eventual degenerative changes.

There are more than 100 kinds of rheumatic diseases. So serious are these conditions that in this country the diseases are second only to heart disease as the leading cause of limited physical activity and time lost from work.

There are only rough figures for the number of people suffering from these diseases, because many have not yet been diagnosed. Our Michigan data show that about 286,000 people suffer from rheumatoid arthritis. For some of these people, treatment often can relieve pain and prevent unnecessary crippling.

About 704,000 suffer from osteoarthritis, the "wear and tear" type of arthritis. This kind is related to age, and is quite common. Almost everyone over the age of 60 years shows some X-ray evidence of osteoarthritis; and although the cause is unknown, it appears to be related to repeated injury or the persistence of other pre-existing rheumatic diseases. Sometimes treatment and physical therapy - and even surgery - can relieve the symptoms of this disease.

Although definitive cures are not available at this time, mobility can be maintained through corrective exercises under professional supervision, thereby reducing deformities, crippling, and disability that might otherwise occur. The treatment of arthritis and rheumatism requires teamwork among patient, physician, and physical therapists.

There are a number of certified

rheumatologists and arthritis specialists in Michigan, and referral centers at three of the state's teaching hospitals.

Arthritis and rheumatism victims must be aware of quack medicine, promising cures that don't exist. You can minimize permanent damage by being prepared to deal with flare-ups of these diseases and the ways to protect the joints from injury, but still the pain cannot always be avoided. There will be days when you can only bear it.

Township Cancels Special Election

A special election that was to be held on March 2, 1982 for an advisory vote by Bridgewater Township electorate on the three propositions concerning part of the newly adopted Township Ordinance will not be held, due to the Attorney General's ruling.

Robert Harrison, Washtenaw County Clerk reminded the Township Board of the State Attorney General Ruling: "that a County Board of Commissioners may not validly expend public funds for the purpose of conducting a special election on an advisory question alone."

Supervisor Parr states "that the board will seek legal ways to obtain necessary information regarding this matter."

Manchester Christian Unity Worship

Remember when the small boys of one Christian denomination threw derisive words across the street at the boys of the "other faith"? Those sad days when the objects thrown were sometimes more substantial as approaching their end. Today Christians join in worshipping God and praying that all find their home in him. Sunday, January 24, 1982, the Manchester Christian Unity Service will be held for the 12th successive year. The Sharon United Methodist Church will host the 2:30 service (guaranteed to be compatible with the Super Bowl). The Reverend Mr. Robert MacFarlane, pastor of the Emanuel United Church of Christ will be flying in from Washington D.C. to bring the afternoon message titled "Many Homes, one Home."

There will be a conversation and refreshment time following the service of worship. You are invited to be present at the corner of Pleasant Lake Road and M-52 and give evidence to Christian Unity in our day.

HIT or MISS by Farley

It's too late to talk about making New Year resolutions but perhaps not too late to find out what the other fellow has done about his. We were gonna ask our friends and the man on the street what they had resolved but we never got to it but several reporters in various dailies did just that and so I hope they won't be mad if I copy some of the answers they received.

Below are some of the resolutions as stated to the inquiring reporter:

- Plant a flower.
- Visit an old person.
- Call up an old friend.
- Take some ordinary object and find some beauty in it.
- Show a child how to whistle.
- Think of several good things that happened to you yesterday.
- Forgive a mistake.
- Do what someone else wants to gracefully.
- Be patient.
- Say "Thank you" with meaning.
- Look for the truth.
- Erase worry and fear of the unknown.
- Lower your voice.
- Have some fun.
- Talk up your home town.
- Quit talking about losing weight and just do it.
- Throw out all your socks and replace them with all black ones. In the dim light of morning it's too easy to mess up and so you go around all day with one brown and one black and who can then keep from feeling like a fool.
- Fall in love.
- Don't ask people how they are unless you really care, then stay around long enough to listen to the answer.
- Be unpredictable but not inconsistent.
- Treasure secrets but not unpredictable.
- Get smart—stop smoking.
- Agree to be chairman of something. You probably have as much ability as the last person who did it.
- Let your boss know you are ready to be promoted.
- Tell shorter stories.
- Stop introducing women as "so-and-so's wife."
- Don't tell people they look tired. If they are they don't want to be reminded of it.
- Make some new friends. If you've forgotten how, practice.
- Vow to be less critical of your friends, mate, children, relatives, etc.
- Look at the stars, listen to the wind.
- Learn how to say no by saying "no" nicely.
- Listen to somebody's joke with attention even if you've heard it before.
- Stop complaining about little things.
- Smile widely at someone you don't like.
- Say yes cheerfully, when the next time you are asked to volunteer for a good cause.
- Register to vote.
- Listen, really listen, to what people have to say.
- There were more on these lists but if you haven't made any worthwhile resolutions, you surely can pick a few from this list. Maybe President Reagan was the shrewd one when he was asked if he had made any resolutions and he replied "just one", and when asked what that one was he smiled and said "not to make any."

Girl Scout Cookie Time

It's that time of year again—Girl Scout Cookie Time. From January 22 through February 12 the Girl Scouts in your neighborhood will be taking orders for Girl Scout Cookies.

Remember these delicious cookies come in seven varieties. Shortbreads, the first cookie offered in 1933, is still a favorite. But, over the years the Girl Scouts have added a variety of cookies to the selection. There are Thin Mints, Peanut Butter Patties, Chocolate and Vanilla Sandwich Cremes, Peanut Butter Sandwiches, Old Fashioned Oatmeal and Caramel deLites (Alias Sumores).

Last year Sumores, now renamed Caramel deLites, were so popular the bakery, FFV-Interbake could not meet the consumer demand for this new cookie. This year FFV is ready for every sweet tooth in Huron Valley Girl Scout Council and across the nation. FFV is predicting that Caramel deLites will become the number one selling Girl Scout cookie this year.

Girl Scout Cookies have become a great American tradition. This tradition is the financial backbone for providing the Girl Scout program to the over 10,000 girl membership in Washtenaw, Livingston, Monroe and western Wayne Counties.

Down-to-earth fees for an out-of-this world IRA.

NBJ's service fees are a small price to pay for a better IRA. You get the flexibility of several investment options; high, tax-deferred returns; the experience of NBJ Personal Bankers; and excellent records.

See your NBJ Personal Banker today for more information. And discover the options that set NBJ's IRA a world apart!

*Based on the average of the last four weekly auction rates of 91-day Treasury Bills.

Substantial penalty is required by law for withdrawal of IRA funds prior to maturity or distribution.

A WORLD OF DIFFERENCE

Discover the options that set this IRA a world apart.

NBJ IRA Options:

1. Savings Account.
2. 18-Month Variable Rate Time Deposit.
3. 30-Month Fixed Rate Time Deposit.
4. 6-Month Fixed Rate Money Market Time Deposit.
5. Common Stocks.
6. Bonds.
7. Money Market Funds.

NBJ introduces an IRA that gives you more ways to make your money a star performer. Besides tax savings, you get the flexibility of choosing from a wide range of IRA options—all paying a high return on your investment, and all providing detailed statements.

• **IRA Savings Account.** Yield for this option is over 5 1/2% higher than a regular savings account. You'll earn the maximum of 8% interest compounded continuously. When your investment grows to a set amount (\$1,000, \$10,000, \$25,000, etc.) it can be transferred to another IRA option that pays higher interest. Deposits to your IRA Savings Account can be as low as \$10, and can be made conveniently through a payroll deduction program.

• **IRA Time Deposits.** Includes the following:

- 18-Month Variable Rate Time Deposit* - \$1,000 minimum deposit.
- 30-Month Fixed Rate Time Deposit - \$1,000 minimum deposit.
- 6-Month Fixed Rate Money Market Time Deposit - \$10,000 minimum deposit.

Other financial institutions may appear to be paying a higher rate. But, in fact, they may not be. NBJ, on the other hand, will pay 1/4% above the rate of 91-day Treasury Bills.* Other time deposits will be at the prevailing interest rates.

IRA Trust Funds. An important NBJ difference—savings and loans can't offer these. We have an experienced trust department, so we can offer three more IRA options:

- Common Stocks.
- Bonds.
- Money Market Funds.

Tax savings that make a world of difference.

You can deduct your IRA contribution from your taxable income—up to \$2,000 a year if you're single, up to \$2,250 a year if you're married with one income, and up to \$4,000 a year if you're married, have two incomes and two IRAs. And the earnings on your IRA are tax-deferred, too.

The chart below shows you how much money you can save in taxes in 1982 by investing in an NBJ IRA plan now. The information is based on a \$2,000 single IRA contribution, and a \$4,000 contribution to two IRAs by a working couple filing a joint return.

Letter To The Editor

January 15, 1982

Mr. Jeff Schaffer, Council President, and Village of Manchester Council
Manchester, Michigan 48158

Dear Mr. Schaffer,

Sometime ago I read with interest the Council Minutes mentioning the fact a building behind Koebe Welding had been Red Tagged for reasons unknown to me at that time. I took the trouble to check on the building permit and found it said absolutely nothing about set-back, etc. The permit not filled out looks like a blank receipt for eight dollars. Now I understand this so-called objection has involved the Village Attorneys, the Courts in Ann Arbor and Saline, your Inspector, and the Village Manager.

What a waste of time, money and effort!

ARE YOU SURE YOU'RE "PUNCHING THROUGH LOUD AND CLEAR"?

The typical CB'er can get an average of three miles further to "Punch Through Loud and Clear" with and adjustment of his CB and antenna system for peak performance.

MANCHESTER CB SERVICE
Phone 428-8073 FCC LICENSED

What kind of price tag would you put on this involvement in addition to what it's going to cost to move a pretty good looking building back from the street an additional seventeen feet to satisfy somebody's whim?

All the above prompts me to lodge a formal complaint on a deplorable condition that has been allowed to exist at 224 North Union Street. Since I am paying a considerable amount of Village taxes, I'd like to have your Inspector apply some time at this location and see a garbage can, a shipping container, and other miscellaneous items left on the front lawn of this dirty house for months. The house itself is a complete mess and represents an excellent candidate for a practice run of the Village Fire Department. Next to the house you have allowed a delapidated barn to fall to the ground and lay there for the past four or five years, only to become a rat nest. Brush and weeds are never cut. The entire lot and building is a complete "Junque Shop" and I am tired of looking at it.

After reviewing the above situation I'd like to have a letter of commitment from you outlining how the Village intends to clean up one of the worst, if not the worst eyesore in town.

It is my intention to send copies of this letter to all Village elected officials and candidates for office. Any interested parties please contact me.

Very truly yours,
Frank Leonard

a very meaningful form of service for the Council and for her own troop. The troop bonus on each box sold enables the girls to have enough money to cover the costs of troop program. Third, the sale itself can provide program activities for the troops, as they determine for themselves how they

should sell, what techniques to use, what safety factors they should consider and how to spend the income they will earn.

The purchase of Girl Scout Cookies is more than buying groceries. It is an investment in the future of girls 6 through 17. As Girl Scouting moves into its 70th year won't you help keep Girl Scouting going and growing?

Financial Aid Reminder

For seniors in high school planning or furthering their education and for college students, it is that time of the year again. Financial aid forms are due soon. It is even more important than ever before that these forms be mailed in early. Funds are allocated on a first-come first-serve basis and most colleges will run short of funds this coming year. Also, the earlier you mail them in, the sooner your family will find out where you stand in the confusing financial aid picture.

Seniors who are eligible for the State of Michigan Competitive Scholarship must have their forms postmarked by January

31 to remain eligible for this scholarship. College students who already have this scholarship have a deadline of March 15 to receive it for another year.

President Reagan has changed a number of the financial aid regulations. The Guaranteed Student Loan (GSL) program has undergone the biggest change. A needs assessment has been added to the GSL. In other words, families can no longer go to their local bank and automatically borrow up to \$2500. If you have any questions about the financial aid process or just need financial aid forms contact Mr. Richard Parson at the high school.

Manchester Village Planning Commission

December 15, 1982
The Regular Meeting of the Manchester Village Planning Commission was called to order at 7:32 p.m. by Chairman Blakley. Members present: Hinkley, Kalleward, Alber, Grossman, Tracy, Walton and Leeson. Members absent: Smith and Kranss. A quorum was present.

The minutes of the Regular Meeting of November 10 were read, and approved on a motion by Leeson, seconded by Grossman.

Mrs. Sue Hamilton was present to request the Commission's approval of a sign to be placed at the business office of Manchester Travel, 154 East Main Street. She submitted a sign permit application and a check for the permit fee. She presented an artist's drawing of the proposed sign, and stated that it would be 6" x 3" in size, constructed entirely of wood, painted in two colors, and would not be lighted. In discussion, the Commission noted that the sign as presented meets the requirements of Article 55 of the Village Zoning Ordinance, pertaining to signs in commercial districts. A motion was made by Tracy, seconded by Walton, that the Commission recommend to Village Council approval of the Manchester Travel sign as described above. The motion was passed unanimously.

Mr. Howard Parr was present, representing the Manchester Historical Society, to advise the Commission of the potential purchase of the former Schneider blacksmith shop by the Historical Society. In his presentation he stated that the building would be used as Historical Society headquarters, a site for meetings, and also for storage and display of historical materials that could safely and appropriately be housed in the building. He noted that the forge has been restored and is fully operable, and the ability to use the entire building including the forge is an integral part of the Society's plans for the building. He also stated that, should the Society purchase the building, a request would probably be made to Village Council to authorize use of parking spaces on Village property, for people attending Historical Society events. In order to facilitate this parking at the far end of the property, the Society would build a stairway up to the former railroad trackbed.

Mr. Parr answered numerous questions from Commission members, stating that the Society anticipated possible use of the building by as many as 60 people inside plus 60 or more outside at special events; that the Society has been asked to investigate using the forge for demonstrations and for instruction in blacksmithing; that the Society has until December 31, 1981 to act on the purchase; that if purchased, the Society would apply for removal of the property from the tax roll as a non-profit educational

organization. In answer to further questions, Mr. D.E. Limpert, property owner, stated that the structure is approximately 9' from the West property line and 3' from the East line; the property is approximately 140' deep on the East line; the principal structure is approximately 28' x 60'.

Commission members expressed general support for the Society's goal of acquiring the property as a headquarters and historical site. Kalleward stated the opinion that to teach horseshoeing and other blacksmithing would be a different use and should be reviewed separately. Leeson suggested that Village Council consider waiving permit fees if the property were purchased by the Historical Society. Hinkley noted that the Village Attorney has been asked to furnish a legal opinion on the question of whether or not the property is still a non-conforming use within the R-1B residential zone. In answer to a question from Mr. Limpert, Mr. Parr stated that the Society would not seek designation of the structure as a historic site immediately, although such application might be made at some time in the future.

In regard to the sign at the front of the Roberts Associates property at 320 Riverside Drive, the Secretary read a letter of November 13 to the property owner. No reply having been received, the Secretary was authorized to contact Mr. Roberts by telephone, offering to have the sign removed by the Village Public Works

Department, if the Village could salvage all the scrap metal, and if the job could be done before the end of 1981.

The meeting was adjourned at 8:07 p.m. for a Public Hearing on amendments to the Village Zoning Ordinance. It was reconvened at 8:16 p.m. following the conclusion of the Hearing.

Leeson reported on the project of cross-referencing past and present Village street names. New information is still being received, and the list will be presented to the Senior Citizens Council for comment prior to being presented to the Planning Commission.

There was no report on the revised Zoning Map due to the absence of Smith. Hinkley reported that the red-tagged storage structure at 424 Territorial had not been moved; there was no report from the Village Attorney on District Court action in the case.

In regard to Manchester Village Apartments, Inc., the Secretary reported that FHA review of the project had been delayed due to the delay in approval of the Federal budget. The Secretary was requested to contact the FHA again prior to the Regular January Meeting of the Planning Commission.

The progress of construction at Pinnacle Engineering, City Road, was reviewed. Hinkley reported that a meeting had been arranged for 12-17 between Hinkley, Alber and Gene Smith of Pinnacle to review. Continued on page 10

Historical Society

At the January 18 meeting of the Manchester Area Historical Society the finance program to buy the John Schneider Blacksmith Shop was launched. The society is soliciting loans from our membership and others to meet the initial payment for the building. So far, loan offers from officers and members have been received for 20% of the purchase price (\$24,743).

The society is now circulating loan forms in the hope that we can receive enough loans to enable us to buy the building before the end of the month. The loan offers so far are in \$500 and \$1,000 denominations. These amounts, or any larger or smaller will be accepted.

For this project to be a success, support from the entire community is essential. This is the moment for decision for the Blacksmith Shop.

For loan forms and further details contact fund raising chairman, John Swainson 428-8009; finance chairman Loring Ebersole 428-9246 or Howard Parr, president 428-9233.

"SPOTLIGHT"

Mrs. Sheryl Hall has been a business education teacher at Manchester High school for the past four years. Prior to that time, she had teaching experience in Ann Arbor and California in addition to working as a substitute teacher.

Mrs. Hall feels it is important for students to take accounting. It provides training in a skill which everyone can use throughout adult life. She believes Manchester currently provides a good basic background in business education for those interested in taking vocational classes in the Consortium or major in business subjects in college.

To make the Manchester business curriculum more meaningful, Mrs. Hall hopes computerized accounting and word processing can be added in the future.

This year Mrs. Hall is teaching accounting, shorthand and typing.

First organized thirty-six years ago, there are now over 38,000 members in 745 chapters in the United States, Canada, Europe, and the Orient. The Ann Arbor Chapter, composed of members from all the surrounding communities, is directed by Jack Herr, a member of the Music Education Department of C.S. Mott High School, Warren, Michigan. Jack brings an impressive musical background to the Ann Arbor chorus and is enthusiastically sharing his knowledge with the members.

Few hobbies can equal the pleasure derived from making music, and the four-part harmony of barbershop singing provides a unique musical experience. Because barbershop is sung without accompaniment, it can be enjoyed when-ever at least four singers get together, anytime, anyplace.

The Ann Arbor Chapter was chartered in July 1978 with twenty-seven members and presented its first annual show, "Back in 1910," that same year. In 1981, sixty-two members were on stage for "Don't Touch that Dial," a musical history of the years from 1940 to the present. In addition to the annual show, the chorus performs for many civic and professional groups, hospitals, and nursing homes.

Sweet Adelines, Inc., is an educational organization. Each year the chorus is judged in a regional competition and receives its "report card." Since its first year of competition, the Ann Arbor Chapter has been progressing steadily from sixth place in 1979 to second place in 1981. This year's contest will be held in Lansing, and the chorus is putting forth an all-out effort, with the help of its director, to once again be the most improved chorus.

and, perhaps, bring home the first place medal.

Sweet Adelines membership is open to any woman, 18 or over, who can carry a tune and loves to sing. Formal musical training is not necessary, the music is learned at rehearsals. The chorus meets each Tuesday night at 7:30 in the Glacier Way United Methodist Church, 1001 Green Road, Ann Arbor. A special Open House will be held at the church Tuesday evening, January 26, for all interested guests. For more information about rehearsals, the Open House or membership, please call Shirley Roberts at 971-2157 after 6:00 p.m. (Ann Arbor).

All of the Sweet Adelines hope you'll make this the year to "harmonize Your World."

The Washtenaw County Soil Conservation District is offering their annual tree, shrub and ground cover program for the Spring of 1982. Orders will be taken until April 5, with seedling distribution scheduled for a Saturday, in late April.

For more information on the District's tree program, or to obtain an order blank for the Spring of 1982, contact the Washtenaw County Soil Conservation District at 6101 Jackson Road, Ann Arbor, Michigan 48103. architectural details. In regard to the proposed Industrial Park, Hinkley reported that Village Manager Zsenyuk, Tom Fegan of the Washtenaw County Metropolitan Planning Commission and a representative of the State Department of Commerce were to meet 12-16-81 to discuss application for a grant to initiate development of an Industrial Park.

Hinkley reported that the same meeting would include discussion of a second grant application regarding improvements and beautification of the Village's central business district. He noted that nearly \$9,000 had been spent on sidewalk replacement in the Village in 1981, and that plans were not yet completed for paving and tree planting in the business district in 1982. Leeson requested a search of old ordinances to determine if there is a requirement that only a certain type of tree be planted.

Hinkley also reported on the Kirk Park development project. Work on parking lots is underway; the north-side ball field will be lighted; work will begin in Spring of 1982 on tennis courts in the northeast corner; a June completion date is projected for the entire complex.

Under New Business, D.E. Limpert requested the Commission's consideration of the question of maintenance of the newly-cleared, graded and seeded portions of the riverbank in the Village. Hinkley will bring the matter up for discussion at Village Council.

The meeting was adjourned at 8:37 p.m. on a motion by Grossman, seconded by Leeson.

Wrestling News

Due to missing the papers deadline last week, I failed to get any news about the wrestling team printed.

On January 7, the Dutch traveled to Clinton where we faced the Redskins and came away with a 36-33 loss. Individual winners for the Dutch were Mike Silkworth at 105 lbs. with a pin in 2:30, Joel Norgaard with a forfeit at 112 lbs., Greg Bondy with an 11-4 decision at 126 lbs., Tim Seegert with a pin in 1:40 at 138 lbs., Bob Curley at 145 lbs. with a default, and Jeff Daubner at 185 lbs. with a pin in 1:45.

In exhibition matches, Roger Day won a 16-2 superior decision at 145 lbs.

On Saturday, January 9 we traveled to the Clinton Invitational where we finished 15 out of 17 teams. The tournament winner was Ida with Dundee second and Hudson third. This tournament was a very tough tournament as there were three teams taking part in it that are rated in the top fifteen in the state.

Place finishers for the Dutch were Greg

Bondy with a fifth place finish at 126 lbs. and Jeff Lance with a second place finish at heavyweight.

Individual match winners for the Dutch were Chad Hurley at 119 lbs. and Jeff Daubner at 167 lbs.

During the past week we hosted the Hudson Tigers on Thursday and came away with a 70-6 defeat. The Tigers came prepared to wrestle as our only victory came at heavyweight to Jeff Lance. The Tigers are presently rated ninth in the state.

On Saturday, January 16 we traveled to the Washtenaw County Wrestling Tournament which was held at Huron High School in Ann Arbor. Every school in Washtenaw County that sponsors a wrestling team was present. A total of twelve schools took part in this tournament.

The Dutch had four wrestlers that placed in the top six in their weight class.

Place finishers for the Dutch were Greg Bondy with a fifth place at 126 lbs., Jim Burch with a sixth place finish at 167 lbs., Jeff Daubner with a third place finish at 185 lbs., and Jeff Hawk with a third place at 196 lbs.

The only single match winner for the Dutch was Steve Hoover at 156 lbs.

Our next meet will be Thursday, January 21 at Onsted.

Art Guild News

LOOKING TO THE FUTURE

The "Manchester Art Guild News" has been on vacation for a month—but that reflects only on the writer, not the Guild itself. Members have been busy since dismantling the Christmas tree in the gallery, preparing for a new year. Lots of changes (and hopefully improvements) are in store for this rapidly growing organization, as well as a variety of gallery exhibitions.

The gallery opens its season with the 4th Annual Young People's Art Exhibition, this year entitled "Youthful Expressions". This show has been highly praised by teachers, parents, and the young artists themselves. The show runs from March 18 - April 4. A bake sale to fund the exhibition will be held March 5. The first general membership meeting of the year will be held on March 22. Look to future columns for more news of appealing guild activities.

Of course, a new year brings changes within the organization when officers are passed from one person to another. This year's officers are as follows: President, Gary Poore, 428-7338; Vice President, Steve Ljovshin 428-9393. Other officers and members of the board are: Nancy Feldkamp, Hedda Ljovshin, Sue Lambarth, Bonnie Greenwald, Carol Poore, Pam Grau, Mary Ann Hunter, Maureen Lochey, and Jo Swanburg.

Although the name "Guild" implies an organization merely for artists, in reality, the goal of the Manchester Art Guild is to foster the arts by providing activities for the community and "non-artists" as well. Anyone, everyone, come join us!

Dutch Have First Victory

by Jon Hardenbergh

In Fridays contest against the Pirates, two big things happened - one is, we came up with a super effort by Pete Johnson and second, yours truly finally made a game this season.

Ex-Dutchman Larry Jacob hit the first shot from 18 feet to put Napoleon up 2-0 and I thought to myself-look out. We did stay within 3 to 5 points until there stood some 4 minutes till intermission. Here we stumbled and the Pirates ran away to a 14 point lead to leave it 32-18 after 16 minutes.

After some 2 minutes into the 3rd period Pete went wild-he stole the ball several

times and either scored on buckets or freebies. As the final period came about Dutch fans were screaming - we had outscored Napoleon 16 to 4 making the tally 36-34. The game was tough from here on out with the final in our favor 50-49.

Pete led our score scorching the nets for 24 points. Dave Malcolm's 9 points and Bill Blumenauers 8 points sure came in handy.

Our Little Dutch also won 58-47. Stepping back quickly to Wednesday we did face Onsted. Our offense just never got on track enabling the Wildcats as easy 57-41 win. Pete again led the way shooting in 14.

As of Thursday, Pete stood 14th out of 25 of Washtenaw's scoring leaders with a 14.5 point average per game.

Family Sledding Night

The P.T.O. will host a Family Sledding Night on Friday, January 22nd from 6:00-9:00 P.M.

There will be NO SCHOOL on Friday so it will be a great night for a family outing. The hill at Klager has great snow on it now and the P.T.O. has purchased new sleds which gives us about 150 plastic sleds.

Families who would like to share in a potluck supper may call Fat Sahakian at 428-7029 to let her know the dish they will bring to pass. The potluck is optional. Hot dogs and hot chocolate will be sold.

Mark your calendar now for a fun night.

Science Classes Visit Wayne State

On Friday, January 15, the chemistry and physics classes from Manchester High School took a field trip to Detroit. During the morning, the group toured the science and technology division of the Detroit Public Library. A short period of free time allowed students to visit either the Detroit Institute of Arts or the Science Center before visiting Wayne State University.

The University tour included visits to the Natural History Museum, a working comparative anatomy laboratory and demonstrations of different kinds of microscopes including a scanning electronic microscope which gives a three dimensional view.

The group was accompanied by science teacher, Mrs. William Panches.

Kings Daughters

The Manchester Circle of the Kings Daughters will meet at Hoffer Hall of the Manchester Methodist Church at 1 p.m., Thursday, January 28 for a dessert luncheon. Mrs. Robert Pratt will be our hostess.

New Carnival For 1982 Fair

The Manchester Community Fair Board has contracted Great Lakes Amusements to provide rides and games for the 1982 fair. While many of the rides will be the same as in previous years, there will probably be something new to please fair goers this year. Dates for this year's fair are August 17-21.

At the October meeting, terms were renewed for Fair Board members Mike Rossettie, Mary Cousino, George Daubner, Herman Kuebler and Diane Schwab. New members accepted to the Board are Jim Theban, Ed Pierce, Jerry Bristol, Joyce Armentrout and Tim Armentrout. Officers for the 1982 season were elected and are: President - Eileen Kopka, Vice President - Mike Rossettie, Secretary - Dealoris Richardson, Treasurer - Mary Cousino.

The Fair Board meets throughout the year, except in December, to make the coming fair the best yet.

Shakespeare Reading Club

On Tuesday, January 5th, the Shakespeare Club met at the home of Mrs. Leroy Marx. After a short business meeting, the members responded to roll call with their hobby. Many had more than one hobby and some of those mentioned were weaving, stamp collecting, reading, knitting, hooking rugs and fox hunting. These hobbies suited the motto of the day which was "Of all God's Gifts to the sight of men, Color is the holiest."

Mrs. Jesse Walker gave a very interesting talk on hand woven coverlets. Mrs. Walker had inherited a hand woven coverlet that had been given to her maternal grandfather, Martin Leinard, as a wedding present. In one corner was woven the name of her grandfather and Milton Township. She had discovered that there was no Milton Township in Ohio at this time. A letter of inquiry to the Ohio Genealogy Society of Mansfield, Ohio brought her a very interesting letter from the grandchild of the weaver of her coverlet. The weaver, John Hartmann, came to Ohio in 1836. She also discovered that her coverlet predates 1846 as that was

the year that Milton Township was dissolved and became part of a larger township.

Mrs. Walker then explained various designs and how they were made. She told of the method of dying the material used in making the coverlets. The colors of her coverlet are Indigo Blue and Madden Red. Her coverlet is in excellent condition.

The second topic of the day was cheese making and this subject was covered by Mrs. Sally Marshall. After describing how to make cottage cheese and hard cheese, she told of the problems of making cheese in our modern well heated homes. Unpasteurized milk must be used and that type of milk is not easy to obtain as it is illegal to sell it in Michigan.

The meeting concluded with the members relating the current events that they found most interesting. The next meeting will be at the new home of Mrs. Jesse Walker on Vernon Street in Manchester. Mrs. Malcolm Billings will have a book report on Peter the Great.

Claire Reck introduced Dr. P. Lamont Oke who spoke on the subject "Our Health". This subject was both informative and fun. Members calculated their life span, using a life expectancy quiz. The next meeting will be February 9th at the home of Ellen Pratt.

Fishermen, Farmers To Pay Estimated Tax Soon

Individuals engaged in the farming & fishing industries who earned at least two-thirds of their 1980 or 1981 gross income from farming or fishing must make a declaration of estimated tax for 1981 and pay all taxes due by January 18, 1982, the Internal Revenue Service says.

However, farmers or fishermen who plan to file their income tax returns for 1981 and pay the total tax by March 1, 1982, are not required to make an estimated tax declaration.

The IRS has three publications which explain filing requirements: Publication

225, Farmer's Tax Guide, Publication 596, Tax Guide for Commercial Fishermen, and Publication 505, Tax Withholding and Estimated Tax.

The free publications may be obtained by contacting IRS.

NBJ IRA
A WORLD OF DIFFERENCE

Discover the options that set this IRA a world apart.

NBJ IRA Options:

1. Savings Account.
2. 18-Month Variable Rate Time Deposit.
3. 30-Month Fixed Rate Time Deposit.
4. 6-Month Fixed Rate Money Market Time Deposit.
5. Common Stocks.
6. Bonds.
7. Money Market Funds.

NBJ introduces an IRA that gives you more ways to make your money a star performer. Besides tax savings, you get the flexibility of choosing from a wide range of IRA options—all paying a high return on your investment, and all providing detailed statements.

• **IRA Savings Account.** Yield for this option is over 50% higher than a regular savings account. You'll earn the maximum of 8% interest compounded continuously. When your investment grows to a set amount (\$1,000, \$10,000, \$25,000, etc.) it can be transferred to another IRA option that pays higher interest. Deposits to your IRA Savings Account can be as low as \$10, and can be made conveniently through a payroll deduction program.

• **IRA Time Deposits.** Includes the following:

- 18-Month Variable Rate Time Deposit*
—\$1,000 minimum deposit.
- 30-Month Fixed Rate Time Deposit
—\$1,000 minimum deposit.
- 6-Month Fixed Rate Money Market Time Deposit
—\$10,000 minimum deposit.

Other financial institutions may appear to be paying a higher rate. But, in fact, they may not be. NBJ, on the other hand, will pay 1/4% above the rate of 91-day Treasury Bills.* Other time deposits will be at the prevailing interest rates.

• **IRA Trust Funds.** An important NBJ difference—savings and loans can't offer these. We have an experienced trust department, so we can offer three more IRA options:

- Common Stocks.
- Bonds.
- Money Market Funds.

Tax savings that make a world of difference.

You can deduct your IRA contribution from your taxable income—up to \$2,000 a year if you're single, up to \$2,250 a year if you're married with one income, and up to \$4,000 a year if you're married, have two incomes and two IRA's. And the earnings on your IRA are tax-deferred, too.

The chart below shows you how much money you can save in taxes in 1982 by investing in an NBJ IRA plan now. The information is based on a \$2,000 single IRA contribution, and a \$4,000 contribution to two IRA's by a working couple filing a joint return.

HIT or MISS by Farley

Several nationally known columnists have been crying that the "media" lately reports the bad news and not the good news. Now a quick look at any daily newspaper can prove that is not true. We looked the other night, at the days news in one of our larger newspapers and found a great deal of "good" news, not perhaps earth shaking but news that in one way or another, could be called "good". For instance:

Ginger Stewart down in Indianapolis opened a bag of potato chips for a snack when out tumbled \$47 in cash in a wallet containing identification and returned it to the owner.

The owner of the cash thought the return of his wallet a weird chain of circumstances. He said he lost it when, as a mechanic in a potato chip plant in Terra Haute, Indiana, he was working on a new packaging machine when it fell out of his pocket and on to the machine. Thomas thought that the finder could have a good time with the \$47.00, but when Ginger found the wallet she called the police and they restored it to the owner. This Thomas says, has restored his faith in the folks of this world.

And then there was the Rev. Jerry Farwell of Lynchburg, Va., who asked his TV audience not to send him money to continue his good work. He said "If God can't provide me with the funds to save sinners, then I'll find something else to do. Lord knows you need your money more than I do."

Theodore Pinz, a multimillionaire developer bought the Lost Horizon apartments in New York City and planned to convert it into co-operatives which would sell for as much as \$500,000 each. A delegation of Senior Citizens living there went to see him and told him that they would be out in the street if he went ahead with his plan, with no place to live. He answered them by saying "I didn't realize that human suffering was involved in my project. I'm still going to fix it up but you can all stay there as long as you want to at the rents you are now paying. If a person can't do some good in the real estate business, he shouldn't be in it."

The entire game was always close although Addison can pull out front with a 5 to 7 point lead, but these were soon

We then went for the final 2 pointer. Continued on page 12
