to tie the score and it missed. Mark Ball burned the net for 13 as Pete Johnson popped for 12. Bill Sealy entered off the bench to add board strength and score 9 points.

The J.V.'s have also had a rough season but they too have been improving with each contest. The Little Dutch opened the campaign against Addison here in our gym, and lost 51-39. But not this time—we hung tough on offense and played well on defense to leave victorious.

I do have some J.V. stats compiled by Coach Curt Fielder. Co-captain Ron Melcher has the best point average with 11.4 thru 7 games. Next is the other Co-captain, Kraig Sauter, with a point average of 9.8 although he is injured, and this is thru 6 games. Other J.V. members having a 5 or under game average are Tom Lockridge, Jim Stengel, Bob Bunny, Brian Waters, Tom Bejma and Todd Rickelman. Another impressive player has been Pat Eidenour with a 9.8 point average thru 7 games. Our Little Dutch now have a 3-5 record.

The next contest is Friday when we host the Dundee squad and this should be an interesting battle for both of our squads. Our J.V.'s fought hard in Dundee but lost out with a 15-13 score. We carried the momentum right thru the third set to win 15-9, therefore winning the match. Karen Dulle again showed expertise in sets with 17 as Colleen Burch had 8 game points. Kari Agin also had 8 points by leading the team with game winning spikes with 5. Our squad now faces Addison in Panther land Thursday.

Coach Kathy Rose has her Varsity Girls Volleyball team headed in the winning way as they right now stand 3-0 in L.C.A.A. play. Kathy has given me the game stats so far. We traveled to Onsted and won in 2 sets, 15-13 and 15-6. Kari Agin led in the

serving department as she had 10 winners with Carrie Rice leading the spike attack with 9. Karen Dulle had 10 assists on the night. The coaches comments—good movement with the whole team. On the weekend we were involved in the Chelsea

Tournament in which we lost right away to Brighton but came back to beat South Lyon and Northwest. In this tournament loaded with class B schools we took third place. Kari Agin and Beth Vleck led all scorers by scoring 36 points, 19 each with Kay Eversole having 14. Kari really went wild offensively as she totaled 32 spikes. Karen Dulle led in assists with 18 as Linda Rose had 12. Coach's comments—very pleased with the whole team as they played strongly all day. They attacked and moved well. On Thursday, January 14 we faced Blissfield and came away victorious in 2 sets, 15-10 and 15-7. Kay Eversole led servers with 14 as Kari Agin again led in assists with 12. Karen Dulle continued her assist leadership with 10. Coaches comments—good floor play plus moving well equals good team togetherness and victory. Last Thursday we hosted Dundee

and after a hard fought first set Dundee captured it 15-11. The second set was even more of a battle with the Dutch pulling it out with a 15-13 score. We carried the momentum right thru the third set to win 15-9, therefore winning the match. Karen Dulle again showed expertise in sets with 17 as Colleen Burch had 8 game points. Kari Agin also had 8 points by leading the team with game winning spikes with 5. Our squad now faces Addison in Panther land Thursday.

Snow's On - Schools Off

In 1914 at the Heimerdinger Farms on Sharon Hollow Road, snow removal was all done by hand. (Now George Macomber Farm) Photo compliments of Mable Acton

Guess what kids? It's Monday, no school. That's the way it's been going this year. For the last five Mondays the Manchester Schools have been closed because of icy roads and this week because of the snow that fell all day Sunday. For the most part the schools could not resume until later in the week. On Monday, the pretty white was being pushed around and taken away in trucks to make the Village come back to life. The Double A Products and Hoover Universal were closed because the snowy

Hit or Miss by Farley

Back in the days of The Depression, when we could afford to, we went to the movies for to be cheered up and to forget our woes but nowadays there is no such relief available. Many of us go to the movies but not to be cheered nor even to be entertained for a short time. Today's film are not like that. For instance it's a good thing they made "The Wizard of Oz" when they did for today's film moguls couldn't do it nowadays. Charles Dickens "Christmas Carol" couldn't be made nowadays. It wouldn't have been written in 1981. Imagine anyone today trying to picture Morley's ghost as he was. The ghost would have to be shown as a psychiatric problem and probably the ghost would be shown lying on a couch talking to a woman—and Scrooge would probably fall in love with her and there went your whole story. Great stories are products of their particular times. They must be written at the right time or never. For instance our heroes don't swashbuckle any more. For instance Douglas Fairbanks would be far, far out of place. If you put into a tale any swashbuckling you make it kind of a joke and now out that this was the kind that mom and dad took seriously when they went to the Bijou. The only thing that is permissible is a burlesque of dad and mom's era because we today are a lot smarter than they were. Swashbuckling today is about as much in style as singing "In the Gloaming" in Madison Square Garden with a piano accompaniment, for trying to get away from reality nowadays is impossible. To prove this we looked on the movie ad pages of a metropolitan daily the other day and found the following: "A picture about a quadriplegic insisting on his right to die and asking "Whose Life Is It Anyway?"

roads were impassable. The doors of the National Bank of Jackson (formerly Union Savings Bank) were also closed. It was the first time in history for a bank in Manchester to be unable to render services. Oh, everything was not shut down, many businesses were open. In a few days everything should be back to almost normal, that is, until the weekend, when it will probably start all over again.

To put it simple give us good times or give us Astaire and Ginger Rogers.

Optimist Club Scout Night

Scout Night at the Optimist Club was held last Monday evening, January 26. Each year the Optimist have as their guests the Boy Scout and Girl Scout Troops of Manchester, along with their fine and dedicated leaders. Picture: in the Fellowship Hall of Emanuel Church are (back row, l-r): Joan Cousins-Assistant Senior Patrol Leader, Mrs. Bobbie Smith-Field Director for Washtenaw County Girl Scouts, Erik Minick-Senior Patrol Leader Troop 658; (front row, l-r): Lisa Cousino-Junior, Loretta Schroen-Cadette, and Michael Meeks-Troop 430.

Bridgewater Recall Vote To Be Held March 23

Bridgewater Township will hold a recall election for three board members on March 23. The Washtenaw County clerk's office has validated petitions asking for the recall of Supervisor Douglas Parr, Treasurer Harold G. Bersuder and Trustee Andrew Poet. Clerk E. Lewis Blaisdell's recall petition was found to be three signatures shy of the required 109. The recall election will give the voters an option of a yes or no vote for the removal of each board member. If any of the three are recalled, a new election will be scheduled to fill the vacancies. Candidates for the new election, though, would not be nominated by petitions. According to a spokesman in the county clerk's office, the executive committee of each county political party would choose a nominating committee of two Bridgewater residents. The nominating committees would pick one candidate for each vacant office, and they would face each other in the new election.

icy Roads Curtail School Activities

The buildup of ice on the secondary roads throughout the school district has resulted in a curtailment of school activities for several days recently. Dr. Eugene Thompson, Superintendent of Schools, reported that an inspection of the roads indicated that conditions were too dangerous for travel by school bus. Thompson stated, "We take the issue of student safety while traveling on a school bus very seriously. Until we feel the roads are safe I will not ask our bus drivers to attempt to travel these roads. Even a minor accident caused as a result of icy conditions would be unacceptable. We will simply have to wait until the weather changes or until the road conditions are improved".

Scout Anniversary Week—Pack 421

Scout Sunday, February 7th, the pack will take part in the 10:30 a.m. service at Emanuel United Church of Christ. The Cubs will observe Anniversary Day on Monday, February 8th, by having a Uniform Day. The Blue and Gold Banquet will be held at United Methodist Church at 6:00 p.m. on Thursday, February 11th. A Pot Luck Dinner is planned. Pinewood Derby cars will be passed out at this time.

LETTERS TO THE EDITOR

February 1, 1962
Mr. Frank Leonard
400 N. Union St.
Manchester, Michigan 48158

In regard to your limited knowledge on building permits may I inform you that - No. 1 - a permit is granted on the premise the 'builder' has full understanding of Manchester's code - or is told so at that time. No. 2 - The description of said project will be the truth.

The case you referred to in the Enterprise of January 21, about the building behind Koebbe Welding was Red Tagged by the Building Inspector accompanied by Mr. Zesnyuk, 10/30/61.

The building at that time was only a frame, but the owner continued to proceed with the building, ignoring the Red Tag to stop work which was authorized by Mr. Zesnyuk.

The permit form does not have the building code printed on it - neither does your driver's license state the rules of the road.

This particular building permit No. 740 was issued October 17, 1961 for a free standing carport, size 16x20, estimated cost \$1000.00, fee \$8.00. If the code had been followed - there would have been no trouble.

Would you allow some one to defy the code where your property is concerned or would you welcome somebody's whims?

The 'wangle' you mentioned is not the B.I.'s job - he is a building inspector, not a detective, or a trouble maker.

After the persons you named were involved the owner's cash in this house and denied ever finding a Red Tag, he claimed he didn't know who Mr. Zesnyuk was or where the Police Station was located.

By this time, Mr. Leonard, you may have guessed I'm not the B.I. and you are right - I'm his wife and damn tired of reading what the inspector's duties are and listening to the verbal abuse he has to take from these turkeys.

Mr. Jeff Schaffer, Council President
Village of Manchester Council
Manchester, Michigan 48158

Dear Mr. Schaffer,

We would like to express our appreciation and thanks to the Public Works Department for the wonderful job they are doing. The fact that this has been one of the worst winters has not slowed down the hard work of Mr. Smith and his crew. They put in many hours and weekends keeping the roads as safe as possible. It's also very nice to see the kids enjoying the ice skating and warm fires provided by the Village, Mr. Smith and crew.

I would also like to comment on the letter to the Editor, in the Enterprise, January 21 by Mr. Frank Leonard. I find his letter not only insulting in its nature but also inaccurate in its facts. I am a neighbor and friend of those whom he mentioned in his "Editorial." These people have not only made continuing efforts to improve their property, but also have contributed their time towards several local service programs in the Village of Manchester. They are established and valued members of our community, and as such they do not deserve to be intercepted by Mr. Leonard as scapegoats for any conflicts which he may have with the Village Council.

We all pay Village taxes, but even so, this does not give any of us the right to abuse the use of a public forum as a means of achieving our personal desires.

Sincerely,

John Baselle, M.D.

To the Editor:

One month ago today, we boarded a plane at Metro Airport and made our flight to Bolivia, South America. Several of our family were there to see us off, along with

nearly a quarter ton of baggage which was for our personal needs and for the school for missionaries' children at Tambo. We had seen the need for extra helpers when we made a month's visit here five years ago. Tambo is a school for American children in grades one through twelve whose parents are doing missionary work in areas where there are no schools. It is a part of New Tribes Mission whose headquarters is in Sanford, Florida and has works in many countries around the world. The main emphasis is to reach NEW tribes who have never been evangelized by other evangelical missions.

We flew via Miami over the West Indies which were beautiful in the night when lights of cities were visible. We had a brief layover at Caracas, Venezuela, flew over Brazil and landed at Santa Cruz, Bolivia about 6:30 a.m. on December 8th.

Our first day was spent at the Mission Guest Home which is operated for the convenience of anyone coming or going. Then, after some business and legal papers were taken care of, we made a 6 hour trip, covering 130 miles of mountain roads by an old VW micro, arriving at the school just as the supper bell rang. We were greeted warmly by old friends and several new folk. How wonderful to be among our relatives - again - sister Mabel Hurst, nephew Cameron with Mary and their 7 month old son!

We were there in time to enjoy the Christmas season - programs, caroling and all, done in the ways of which we are familiar except that instead of snow and sleigh bells we were in the midst of sun, flowers in full bloom and birdsongs.

However the TRUE purpose and message of Christmas, honoring the birth of our Lord Jesus is the same around the world. Here at Tambo there are about 100 persons, staff and students, all living in fellowship and enjoying the same conveniences that we were more or less accustomed to, and accepting the few undesirable situations, the result of being in a country somewhat below the standard lifestyle of most Americans. We are also involved in Spanish classes daily.

Vacation began on December 17 and all the children were transported by bus, truck or plane to be with their parents for three weeks. Many of the Staff also went to the city for shopping, doctor, or dentist. Santa Cruz is 180 miles S.E. and Cochabamba, 170 miles N.W. We went to Cochabamba to be with Cameron and Mary who had been there for intensive language study, the Indian tongue "Quechua". There we had many contacts with the Bolivian people as we attended their Christmas program, church services, ate in their homes and observed their customs. We looked with awe on their way of life, all levels of civilization from the poor country people selling their produce on the streets and in stalls in the open markets, to the fine homes and modern conveniences of the more well-to-do. Since our understanding of Spanish is very limited, we could only nod or smile, but the Bolivians were very gracious to us and with our interpreters bringing Mabel and Cam, we found pleasure in being with these folks.

On January 6th, we returned to Tambo

IT'S NEW

An all new fair is being organized by the Manchester Art Guild. Titled the "Manchester Art Fair", it will take place concurrent with the Community Fair but on one day only: Saturday, August 21.

Exciting possibilities are being brought about by this co-sponsorship. Located adjacent to, but outside the main admission gates of the Community Fair, attendance should be tremendous. No admission fee will be required for the art fair itself. Manchester Art Guild organizers are enthusiastically making plans in order to draw top-grade artists and craftsmen. The new "Manchester Art Fair" appears in the comprehensive listing of "Arts and Crafts, Fairs and Festivals", published by the Michigan Council for the Arts.

Interested artists and craftsmen can call 428-5790, 428-9286, or (517) 456-7600 for further information.

New Law Enacted

This year when you purchase license plate tabs by mail from the Department of State, you must include a proof of insurance certificate with your prepared application and personal check.

This is a new law enacted by the Michigan legislature in 1961.

Your insurance company will furnish two copies of a certificate of insurance. One should be sent to the Department with your mail application for plates or tabs. The other should be carried in your car with your vehicle registration.

In addition to a drivers license and vehicle registration, you are now required by law to show proof of insurance on your vehicle if you are stopped by a law enforcement officer.

January 18, 1982
The regular meeting of the Manchester Village Council was called to order by President Schaffer at 7:00 P.M. Councilmen present: Schaffer, Patsch, Reed, Minick, Hinkley, Koebbe and DuRussel. Also present: Steels, Smith and Zsenyuk.

Minutes of the January 4th meeting were read. Patsch and Hinkley made corrections. Moved by Patsch supported by DuRussel to approve minutes as corrected. All yeas, motion carried.

Terry Nickerson was present to lodge a complaint about the "No Parking" sign on the south side of Furnace Street. Letter on file. Dick Conley also spoke on the Furnace Street parking problem. President Schaffer explained why Council was going to put a sign up on just the south side of Furnace Street. A discussion followed but Council stayed with prior decision.

Ron Markowski explained the accounting, audit and financial report to Council for March 1, 1980 thru February 28, 1981.

Jim Mann representing the Men's Club of Manchester, asked Council to give a donation to help pay for the 4th of July fireworks. Koebbe suggested he also ask for a donation from the four surrounding Townships. Motion made by DuRussel, supported by Minick to give \$300.00 for the fireworks. All yeas, motion carried.

Zsenyuk reported that Terry Wilkinson of the D.N.R. said that a special permit for the Village to tie into the sanitary sewer at the Eula Creech property would be denied.

Mr. and Mrs. Ed Wurster have not been contacted by our Insurance Company. Several attempts were made to contact Mr. Brian Doan the adjuster for Auto Owners, to no avail. Zsenyuk requested that Village Attorney Mark Gistingier contact Mr. Doan's office to see if they can resolve Mr. and Mrs. Wurster's problem.

Zsenyuk reported on the Black Smith Shop. He stated that Village Attorney Gistingier did not want to present a formal opinion until the Historical Society showed the Village that they had the proper funding.

McNamee, Porter & Seelye stated that Union Construction Company is going to

take care of the Adrian Sewer problem at no cost to the Village except the black toping. This will be done as soon as weather permits.

Zsenyuk and Mr. John Hoffman are to meet with Uniflo executives regarding the responsibilities and ownership of the 12 inch water main. It is the feeling of the engineer that this 12 inch line was never properly dedicated to the Village. The 12 inch line is still shut off.

Layne Northern ordered the bearings for the Primary Well which are being shipped from California. The Primary Well will be in service by Friday of this week. A maintenance record will be kept at the well site. The well is to be serviced every six or seven years.

Zsenyuk had a conversation with Mrs. Susan Funk, director of Public Relations of Jackson & Perkins Company. Mrs. Funk would like written correspondence on the color of rose bushes to be dedicated in behalf of Mrs. Florence Kirk.

Public Works activities as reported by Smith: Backwashed filters; Flowed parking lots; Sanded streets; Worked on grader; Read water meters; Opened drainage gutters on Duncan St. bridge; Worked at landfill; Removed snow from Parr Rd.; Picked up Christmas Trees; Cleaned at the shop; Installed water meters; Emptied trash barrels; Flooded skating rink; Miscellaneous work at garage; Flushed fire hydrants; Worked on broken water main; Routine equipment maintenance; Worked on sewer at Turvo residence; Worked on snow and ice control on major and local streets; Dug a grave.

Don Smith requested funds for the skating rink party that is held annually. Patsch moved that petty cash be raised from \$75.00 to \$150.00, so that those types of financial requests can be handled from petty cash. Supported by Minick. All yeas, motion carried.

Don Smith offered a special thank you to President Schaffer for his assistance on the water main break at Vernon and Division Streets.

Bids were opened on the Police package vehicle. Tirt Chevrolet bid: 4 door Impala \$10,725.54. Malibu \$10,095.51. Wildmeyer Ford bid: LTD S 4 door \$9,646.69. Chrysler's bid: \$7,545.00.

Moved by Patsch to put the tan vehicle

in police service, supported by Koebbe. All yeas, motion carried. Zsenyuk stated that the tan car will be readied by Jim Kensler and placed in service February 1st.

Reed reported that \$231,706.94 has been placed in Great Lakes Federal on a 32 day C.D. Reed further reported on the budget. Reed also reminded Council that his son did not get a response on his letter to Council.

Councilman Patsch said that he would like to be made aware when a Port-a-john is ordered for the parks.

Patsch asked if another spreader could be used for spreading sand on major intersections in lieu of a man shoveling the sand off the rear of the truck. Council expressed that they would forgo the cost of a new spreader at a cost of approximately \$1400.00 or \$1500.00.

DuRussel requested Zsenyuk to have a copy of the Council agenda distributed to Council members two days prior to the meeting.

Hinkley moved to amend and update zoning maps and ordinances according to Public Act 207, supported by Reed. All yeas, motion carried.

The Council received a thank you card from Ed Townsend, thanking them for his Christmas food box and bonus check. Meeting was adjourned at 10:07 P.M.

Study Continues On School Renovation

The Manchester Board of Education in special session continues to review the renovation project which was rejected by the voters in October, 1981. An attempt is being made to review the project before returning it to the voters for another election. According to Superintendent Thompson it is necessary for the project to be ultimately approved. School roofs continue to leak and heating systems break down with regularity. Students are, in many cases, meeting in unventilated classrooms which were originally designed for storage. The energy loss through lack of proper insulation is considerable and results in an economic deficit to the school district.

It is hoped that the project to be returned to the voters at the regular June school election.

One researcher says that the way to measure a man's mental age is to look at the socks he wears. In grade school they should match each other. In high school, match each other and his trousers. In college, match each other and his trousers and be clean. In old age, clean, at least clean.

via truck. The previous trip was by bus—either way it is long and tiresome over mountains more than 10,000 ft. high. We chose to economize and not use the Mission's Aztec plane. However, the next time we shall surely fly and find some other way to economize!

At this writing the children have all arrived back from vacation and are settled in for the second semester. The Staff and teachers are back at the daily routine of classes, cooking, cleaning and washing, mending, maintenance of the machinery, etc., to operate a high academic and wholesome atmosphere for 70 priceless young lives. In May at the graduation services about 10 of them will finish High School with a good preparation to face the world "out there". It would not be surprising to find the majority of them going on to prepare for future missionary work. In the past several years many, many "M.K.'s" (missionary kids) have returned as 2nd or 3rd generation missionaries.

It would be very much appreciated if any one reading this would drop us a line: Casilla 274, Santa Cruz, Bolivia, South America.

Dundee Downs Dutch

by Jon Hardenbergh

The Dundee Vikings came to town Friday and left victorious in both contests. Our Little Dutch made a great run and actually led with 1 1/4 minutes left but failed to hold. The Varsity had a different problem—no offense.

This is Dundee's first season in the L.C.A.A. and they're sure making their presence felt—12 wins and no defeats and #6 statewide.

In the first game this evening our J.V.'s fell behind 16-12 after 8 minutes and 24-19 at half. We played a good solid third period to pull within 2 points entering the final stanza. We captured the edge with 3 1/2 minutes to go but failed to convert some key free-throws to lose 47-45. The main downfall was hitting only 15' of 34 free shots. Curt Fielder in coaches comments-I felt the kids showed good hustle and played hard thru-out. Individual stats: Tom Bajma - 9 points, 8 rebounds; Bob Bruny - 8 points; Todd Rickelman - 7 points; Jim Stengel - 7 points, 9 boards and Pat Ridenour - 6 points.

In the Varsity battle the Vikings just had too many weapons. They tallied the first 8 points and proceeded to grab 18 of the next 30 points. The end result left us with 52 as Dundee had 97. Pete Johnson posted 14 points tonight as Bill Blumenaur hit for 12.

News Of Good Things Growing

If you want to stretch your food dollar this month, try some delicious egg main dishes such as quiche, omelets or crepes. Crepes are paper-thin pancakes prepared from an egg batter, filled with meats, poultry, vegetables or fruits and topped with gravy, a cheese or cream sauce.

Fill an egg omelet with cheese, bacon, onions and green pepper and top with a spicy tomato sauce. Or, crumble bacon into greased custard cups, top with grated Swiss cheese, pour an egg mixture over this and bake elegant individual quiches.

Fresh Michigan eggs, an excellent food buy, are among the good things growing in

Michigan. Last year in our state approximately 6.4 billion eggs produced 1.69 billion eggs, according to the Michigan Department of Agriculture. And that's a lot of scrambled eggs.

Egg color varies from white to dark brown depending on breed, but color is not an indication of quality.

Michigan eggs are quality graded in accordance with federal-state law. Grade AA, extra fancy, and Grade A have thick whites and firm yolks which are excellent for frying and poaching, where appearance is important.

Eggs are delicate. They should always be cooked over low to moderate heat. To hard boil, simmer eggs for 15-20 minutes, then plunge into cold water immediately to arrest further cooking and prevent yolk discoloration. To peel, crack shell and roll

between your palms to free the thin shell membrane.

To preserve quality, eggs should be stored cold with broad end up. You'll find Michigan eggs are automatically packed this way. And remember, a day at room temperature will age an egg more quickly than a week's refrigerator storage.

Friends Of The Library

The children's film festival which was sponsored by Friends of the Library in December was a lot of fun. About 50 children came to enjoy the free movies and all the popcorn they could eat. We would like to thank Rev. Macfarlane for allowing us to use Emanuel Church facilities, and all of the members of Friends who helped to make the event a success.

We would like to remind the community of our ongoing used book sale in the basement of the library. Donations of books are always welcome, and selection of books can be made during regular library hours. Come on in and browse - you might find a book you like.

William Zsenyuk-- Bike-A-Thon Chairman

The Central Regional office of St. Jude Children's Research Hospital announced today that Mr. William Zsenyuk has agreed to the chairmanship of the St. Jude Children's Research Hospital Bike-A-Thon in Manchester. The funds raised in this year's event will go to support the hospital's programs of research, patient care, and education.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which affect our children. St. Jude's is non-sectarian, non-discriminatory and provides total medical care to over 4,200 patients.

At St. Jude, scientists and physicians are working side by side seeking not only better means of treatment, but also the cause, cure, and prevention of these terrible killers.

All findings and information gained at St. Jude's are shared freely with doctors and hospitals the world over. Thanks to St. Jude Children's Research Hospital, children who have leukemia, Hodgkin's disease, sickle cell anemia, and other child killing diseases now have a better chance to live.

The funds raised in the Bike-A-Thon this spring will assure the continuation of the life giving work at the hospital.

The concern which Mr. Zsenyuk has for the work being performed at St. Jude is greatly appreciated, and the children hope that the citizens of Manchester will support the upcoming Bike-A-Thon wholeheartedly.

Senior Health Education Program

The regular monthly Senior Health Education Program will be held at Saline Community Hospital on Wednesday, February 10, 1982 beginning at 11:00 a.m. Discussing common difficulties, control and treatment possibilities as they relate to Bladder and Urinary Problems will be Thelma Wells, R.N., Ph. D. and Carol Brink, R.N., M.P.H. Both presenters are staff members of the University of Michigan School of Nursing and are involved in research concerning the topic to be presented.

This program was originally scheduled for the Senior Health Education Program in January, the cancellation of which was necessitated by hazardous weather conditions. Due to the extent of interest expressed, the presentation has been rescheduled for this month's program.

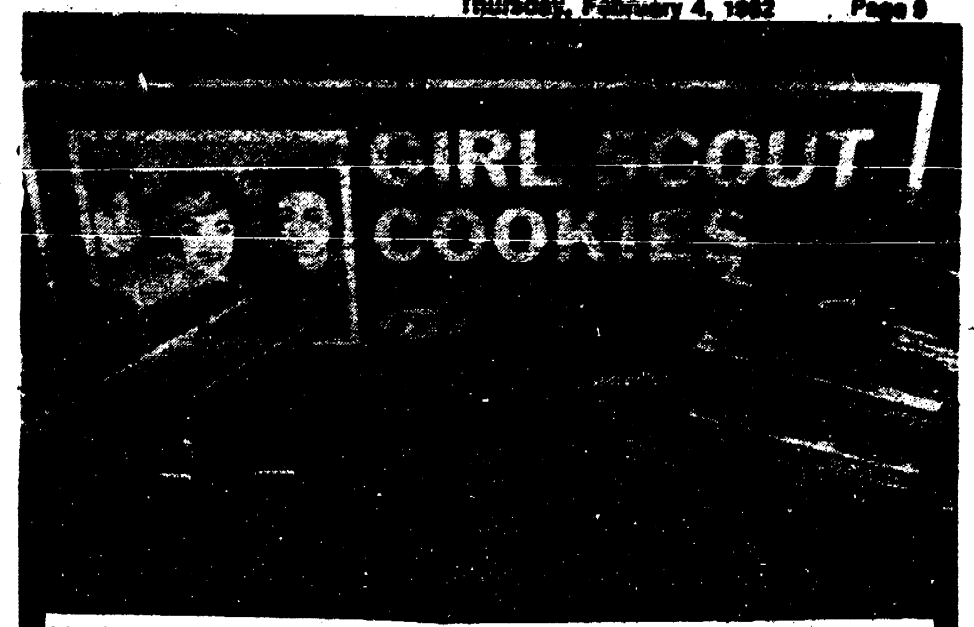

A regular cafeteria luncheon will be available in the hospital dining room following the program. For further information, please contact the hospital at 429-5435, ext. 331. All Area Seniors are encouraged to attend this informative program.

Special Education Consumer Interview Scheduled

The State Department of Education, Division of Special Education, will hold a meeting at the Washtenaw Intermediate School District, Administrative Services Building, 1819 S. Wagner Road on February 10, 1982 at 7:30 p.m. The purpose of the meeting is to review with parents and students the special education offerings in Washtenaw County.

The session is being held in conjunction with a Special Education audit as required by the Federal Government through Public Law 94-142. Auditing is required in each county at least once every three years.

The meeting is designed to allow for an opportunity to ask questions and to provide for input regarding the various special education programs and services currently being offered through local school systems and the Washtenaw Intermediate School District.

Shakespeare Reading Club

The Shakespeare Club met at the home of Mrs. Jesse Walker on Tuesday, January 19th. Despite the bad weather there were 12 members present. After a short business meeting the historian, Mrs. Norman Bucholtz read the minutes of the November 1, 1897 and November 8, 1967 meetings of the Shakespeare Club. The Brooklyn Exponent just published an article about Annette English, who was secretary of the Club in 1897. Mrs. Leroy Marx read the Seventh Sonnet by Shakespeare.

Our motto of the day was by Will Rogers, "Everything is funny as long as it's

happening to somebody else." The members responded to roll call by naming a humorist. Mrs. Malcolm Phillips gave a very interesting book review of the new book by Robert K. Massie entitled PETER THE GREAT. This part of the program was taped for our absent members. A card was written with a short message from each member to Mrs. Leslie Chavez who has been ill. The meeting ended with the members presenting many interesting current events.

NBJ IRA

A WORLD OF DIFFERENCE

Discover the options that set this IRA at a world apart.

NBJ IRA Options:

1. Savings Account.
2. 18-Month Variable Rate Time Deposit.
3. 18-Month Fixed Rate Time Deposit.
4. 30-Month Fixed Rate Time Deposit.
5. 6-Month Fixed Rate Money Market Time Deposit.
6. Common Stocks.
7. Bonds.
8. Money Market Funds.

NBJ introduces an IRA that gives you more ways to make your money a star performer. Besides tax savings, you get the flexibility of choosing from a wide range of IRA options—all paying a high return on your investment, and all providing detailed statements.

• **IRA Savings Account.** Yield for this option is over 50% higher than a regular savings account. You'll earn the maximum of 8% interest compounded continuously. When your investment grows to a set amount (\$1,000, \$10,000, \$25,000, etc.) it can be transferred to another IRA option that pays higher interest. Deposits to your IRA Savings Account can be as low as \$10, and can be made conveniently through a payroll deduction program.

• **IRA Time Deposits.** Includes the following:
 —18-Month Variable Rate Time Deposit**
 —\$1,000 minimum deposit.
 —18-Month Fixed Rate Time Deposit
 —\$1,000 minimum deposit.
 —30-Month Fixed Rate Time Deposit
 —\$1,000 minimum deposit.
 —6-Month Fixed Rate Money Market Time Deposit
 —\$10,000 minimum deposit.

Other financial institutions may appear to be paying a higher rate. But, in fact, they may not be. NBJ, on the other hand, will pay 1/2% above the rate

of 91-day Treasury Bills.** Other time deposits will be at the prevailing interest rates.

• **IRA Trust Funds.** An important NBJ difference—savings and loans can't offer these. We have an experienced trust department, so we can offer three more IRA options:
 —Common Stocks.
 —Bonds.
 —Money Market Funds.

Tax savings that make a world of difference.

You can deduct your IRA contribution from your taxable income—up to \$2,000 a year if you're single, up to \$2,250 a year if you're married with one income, and up to \$4,000 a year if you're married, have two incomes and two IRAs. And the earnings on your IRA are tax-deferred, too.

The chart below shows you how much money you can save in taxes in 1982 by investing in an NBJ IRA plan now. The information is based on a \$2,000 single IRA contribution.

POTENTIAL 1982 TAX SAVINGS

Single (\$2,000)		
If your taxable income is:	Tax Bracket	Potential Savings
\$12,900 - \$15,000	23%	\$460.00
\$15,000 - \$18,200	27%	\$540.00
\$18,200 - \$23,500	31%	\$620.00
\$23,500 - \$28,800	35%	\$700.00
\$28,800 - \$34,100	40%	\$800.00
\$34,100 - \$41,500	44%	\$880.00
\$41,500 +	50%	\$1,000.00

*Our 2% bonus adds extra sparkle.

During the month of February, NBJ makes your money even more of a star performer! We'll give you a 2% bonus when you invest in an 18-Month Variable Rate Time Deposit, or our new 18-Month Fixed Rate Time Deposit. For example, if you deposit \$2,000, we'll give you a \$40 bonus credited to your annual statement. But hurry—our 2% bonus on 18-Month Time Deposits is good only through February!

Manchester Area Historical Society will have both at the February 16 meeting at Emanuel United Church of Christ Hall over the dining room. A brief business meeting will hold from 8:00 sharp to 8:30.

Then, Luke Schaible and his Band will bring in the music. Luke will call the numbers for an hour of square dancing and old-time entertainment.

All Square Dancing groups and enthusiasts in the area are invited. Bring your partner or better yet bring the whole club.

As "admission" and for your own refreshments each couple should bring a Snack Box which will be auctioned off at 9:30 to raise money for the new building fund. (No one guarantees that your partner will get your box!) The committee will furnish coffee, tea and trimmings.

For those unfamiliar: A Snack Box, which is less of a meal than the usual Dinner Box, contains an assortment of after-party foods appropriate to serve following an evening of dancing. It's contents should be sufficient for two people. Those contents may be sandwiches, dainty or otherwise, fruits, cookies, cake, and cheeses. The box, which may be a shoe, cake or hat box, should be packed for proper handling and have an attractive exterior of ribbon, flowers or paper lace (it is a Valentine Party, too, you know). Most important of all, the name of the lady who packed the box is INSIDE the box determining the partner for supper for the buyer. Singles may solve the problem of having enough boxes to go around by pairing up in advance - one to provide and one to buy - so everyone can participate.

One gets an auction buying number when the couple enters the hall and turns in their box. To be real secretive, the Snack Box is enclosed in a paper sack until time for display and auctioning!

IRS Encourages—Do Your Own Returns

Taxpayers who plan on filling in their own 1040A federal income tax returns this year may discover it's not as difficult as they thought, the Internal Revenue Service said.

The 1040A return is a two-page form which contains 18 lines on the first page, and comes with step-by-step instructions on how to complete it, the IRS said. On page two of the form is a section that should be completed to declare any interest and dividends amounting to more than \$400. The IRS added that any interest from qualified "All Savers" Certificates should be declared as well, regardless of the amount.

Although the 1040A form is shorter than the standard 1040 form, the IRS points out it's not for everyone. Form 1040A can only be used by taxpayers whose income consists of wages, salaries, tips, interest, dividends, and unemployment compensation for the taxable year. Form 1040A filers must also have taxable incomes of less than \$50,000, the Service adds.

If the taxpayer is planning on itemizing deductions, claiming adjustments to income tax, or taking advantage of most tax credits, the IRS stresses that the

standard 1040 should be used.

By letting taxpayers declare interest and dividends on their 1040A forms, the IRS said more people will now be able to take advantage of the shorter format. Also, the IRS explained, taxpayers using Form 1040A can claim Earned Income Credit and Credit for Contributions to Candidates for Public Office.

The IRS has over 90 free publications available to taxpayers on various tax matters. Taxpayers desiring further information on the 1040A form or any other tax subject should contact the IRS.

THURSDAY, FEBRUARY 11, 1982

Hit or Miss by Farley

During the extremely cold days that we recently endured, we were accused of being unusually irritable, frustrated, out-of-sorts and depressed and perhaps we were, but now we find it was not at all our fault, we had "cabin fever".

This enlightenment comes from the National Weather Service at Washington, D.C. and psychologists say these symptoms are manifestations of a malady peculiar to northern climates and are prevalent when it snows and the winds blow and the mercury falls below the zero mark. They call it "cabin fever".

Trappers and prospectors in the north country and in Alaska used to be isolated for weeks at a time while living in one-room cabins. This condition still is true in some northern villages in the north country and mental health experts hold "cabin fever ailments" each winter in those areas.

Dr. Vitosky of the Institute of Psychiatry at Northwestern University said, "some people forced to stay indoors alone or nearly so, become upset and try to escape by using drugs or alcohol."

"When people have a hard time getting out they become depressed", said Dr. Vitosky. "Depressive personalities can become suicidal" he continues.

Doctors tell of treating patients with these problems and they advise to talk with other family members instead of sitting in front of the TV for hours on end. Patients with these problems are being asked to visit with close neighbors or talk with them on the phone.

"Cabin fever is usually a temporary problem with the young folk", says Dr. Sakauye, Chief of Geriatric Medicine at Michale Reese Hospital in Chicago, "but it can become a chronic winter affliction with the elderly, who are hesitant about going out in bad weather. This anxiety is endemic among older people who feel

I have been a Manchester resident since 1976 and live at 818 Ann Arbor Street.

I am a registered Architect and work for Hobbs and Black Associates, Inc. Architects in Ann Arbor.

In 1978 I was appointed to the Village Council and have been serving as Mayor Pro-tem for the past two years.

Mrs. Florence J. Kirk To Celebrate 100th Birthday

Mrs. Florence Johns Kirk will be honored at an Open House on Sunday, February 21 from 2 to 4 p.m. at St. Mary's Church Hall below the church at 210 W. Main Street in Manchester in honor of her 100th birthday. Relatives and friends are cordially invited—no gifts, please.

The centenarian's birthday is Saturday, February 20. Her's has been a busy life. After her husband Ferdinand's death in 1946 she and a daughter, Mildred, left the family farm south of town and moved to an apartment above her son Leonard's Appliance Store. They still live there.

Mildred is employed at the Saline Ford Plant. Each day Mrs. Kirk rises early and her daughter takes her to a nursing home in the village where she stays until Mildred returns. She enjoys many changes during the day for she often accompanies Leonard on short trips to other communities. She values these outings and is ready to return to her apartment by the time her daughter comes for her.

Shortly after the move to town she was confronted with the prospect of taking the calls for the police and fire departments. A special phone was installed and she had the job from 1946 to 1977 when a new calling system was installed. She called it quits after 31 years on the job. She was 84 at the time.

Born at Evans Lake she grew up in the

Irish Hills and was baptised and married at St. Joseph's Shrine. She was the Optimist Club's candidate for first lady during the Bicentennial and went to the Irish Hills to talk with the drivers of the National Bicentennial wagon train lumbering along US-12.

A real traveler she has been in most of the states. Her trips to Far Rockaway, N.Y. to see a 89-year-old cousin, Marguerite, and trips up north to call on friends and relatives give her the most pleasure now. She spent time with them all last summer.

Her children include two sons, Leonard and Marvin (Manchester's postmaster) and Mildred, all of Manchester. Three are deceased. Two were Dominican nuns, Sister Vincent Marie Kirk O.P. and Sister Jean Mildred Kirk O.P. and a son Robert. She has 13 grandchildren and 22 great-grandchildren.
