The menu for Senior Citizens Noon Meal on Tuesday, February 9, is: Baked Ham, Potatoes, Vegetable, Fruit, Bread and Butter, Dessert, Coffee, Tea and Milk.

On Thursday, February 11, they are serving: Meat Loaf, Potatoes, Vegetable, Fruit, Bread and Butter, Dessert, Coffee, Tea and Milk.

Reservations for meals should be made with Linda Hartman at the Emanuel Church office, 428-8308. There are no meals the days the schools are closed in the area because of bad road conditions.

The Senior Citizens Council regular meeting for February is the 10th at the Emanuel Church meeting rooms at 10:00. At 11:00 there are Exercise Programs before the Tuesday meal. Cards are played on Tuesday afternoons. On Thursday, following the noon meal, there is an Arts and Crafts Class.

The Housing Committee of the Senior Citizens Council will meet on Wednesday, February 17, at the Township Hall (new fire station) at 7:30.

More drivers are needed for the Transportation Project, especially for out of town driving. The volunteer may call Millard Uphaus, 428-7461, Ray Gouyer 428-7613 or Erwin Paul 428-8407 for information about gasoline refunds for trips and driving requirements. The volunteer's drivers license number is also needed by the committee. People calling for rides should, whenever possible, give one or two days notice of their need. Emergencies can not always be handled by the volunteers.

Manchester Area Historical Society will have both at the February 16 meeting at Emanuel United Church of Christ Hall over the dining room. A brief business meeting will hold from 8:00 sharp to 8:30.

Then, Luke Schaible and his Band will bring in the music. Luke will call the numbers for an hour of square dancing and old-time entertainment.

All Square Dancing groups and enthusiasts in the area are invited. Bring your partner or better yet bring the whole club.

As "admission" and for your own refreshments each couple should bring a Snack Box which will be auctioned off at 9:30 to raise money for the new building fund. (No one guarantees that your partner will get your box!) The committee will furnish coffee, tea and trimmings.

For those unfamiliar: A Snack Box, which is less of a meal than the usual Dinner Box, contains an assortment of after-party foods appropriate to serve following an evening of dancing. Its contents should be sufficient for two people. Those contents may be sandwiches, dainty or otherwise, fruits, cookies, cake, and cheeses. The box, which may be a shoe, cake or hat box, should be packed for proper handling and have an attractive exterior of ribbon, flowers or paper lace (it is a Valentine Party, too, you know). Most important of all, the name of the lady who packed the box is INSIDE the box determining the partner for supper for the buyer. Singles may solve the problem of having enough boxes to go around by pairing up in advance - one to provide and one to buy - so everyone can participate.

One gets an auction buying number when the couple enters the hall and turns in their box. To be real secretive, the Snack Box is enclosed in a paper sack until time for display and auctioning!

### IRS Encourages—Do Your Own Returns

Taxpayers who plan on filling in their own 1040A federal income tax returns this year may discover it's not as difficult as they thought, the Internal Revenue Service said.

The 1040A return is a two-page form which contains 18 lines on the first page, and comes with step-by-step instructions on how to complete it, the IRS said. On page two of the form is a section that should be completed to declare any interest and dividends amounting to more than \$400. The IRS added that any interest from qualified "All Savers" Certificates should be declared as well, regardless of the amount.

Although the 1040A form is shorter than the standard 1040 form, the IRS points out it's not for everyone. Form 1040A can only be used by taxpayers whose income consists of wages, salaries, tips, interest, dividends, and unemployment compensation for the taxable year. Form 1040A filers must also have taxable incomes of less than \$50,000, the Service adds.

If the taxpayer is planning on itemizing deductions, claiming adjustments to income tax, or taking advantage of most tax credits, the IRS stresses that the

standard 1040 should be used.

By letting taxpayers declare interest and dividends on their 1040A forms, the IRS said more people will now be able to take advantage of the shorter format. Also, the IRS explained, taxpayers using Form 1040A can claim Earned Income Credit and Credit for Contributions to Candidates for Public Office.

The IRS has over 90 free publications available to taxpayers on various tax matters. Taxpayers desiring further information on the 1040A form or any other tax subject should contact the IRS.

## Hit or Miss by Farley

During the extremely cold days that we recently endured, we were accused of being unusually irritable, frustrated, out-of-sorts and depressed and perhaps we were, but now we find it was not at all our fault, we had "cabin fever".

This enlightenment comes from the National Weather Service at Washington, D.C. and psychologists say these symptoms are manifestations of a malady peculiar to northern climates and are prevalent when it snows and the winds blow and the mercury falls below the zero mark. They call it "cabin fever".

Trappers and prospectors in the north country and in Alaska used to be isolated for weeks at a time while living in one-room cabins. This condition still is true in some northern villages in the north country and mental health experts hold "cabin fever ailments" each winter in those areas.

Dr. Vitosky of the Institute of Psychiatry at Northwestern University said, "some people forced to stay indoors alone or nearly so, become upset and try to escape by using drugs or alcohol."

"When people have a hard time getting out they become depressed", said Dr. Vitosky. "Depressive personalities can become suicidal" he continues.

Doctors tell of treating patients with these problems and they advise to talk with other family members instead of sitting in front of the TV for hours on end. Patients with these problems are being asked to visit with close neighbors or talk with them on the phone.

"Cabin fever is usually a temporary problem with the young folk", says Dr. Sakaue, Chief of Geriatric Medicine at Michale Reese Hospital in Chicago, "but it can become a chronic winter affliction with the elderly, who are hesitant about going out in bad weather. This anxiety is endemic among older people who feel

JOHN J. HINKLEY  
VILLAGE PRESIDENT

I have been a Manchester resident since 1976 and live at 818 Ann Arbor Street. I am a registered Architect and work for Hobbs and Black Associates, Inc. Architects in Ann Arbor.

In 1978 I was appointed to the Village Council and have been serving as Mayor Pro-tem for the past two years.

Since 1979 I have been the chairman of the Village Planning Commission.

If elected Mayor I would like to see Manchester prosper, while preserving its character and heritage of the past. I will continue to develop the programs that the Village Council has implemented. I will serve the community to the best of my ability. Manchester truly is a great place to live. My wife and I are very glad we made the decision to move here. One of the reasons why I think Manchester is such a good place to live, is its strong feeling of community. I would like to help preserve this community spirit.

GALE KOEBBE  
VILLAGE TRUSTEE

I am running again for Village Council because I have an interest in the community and feel I can contribute to the operation of the Village.

I have been on Council for 8 years, was Village President for 2 years and Chairman of the Planning Commission for 2 years.

Most of my time on Council I was Chairman of the Public Works Committee which I feel is an important job and a job I have been able to handle.

I feel with John Hinkley as President, Mary Kalleward, Bud DuRussel and myself as Councilpeople we can continue to do a good job for Manchester.

cooped up during winter storms. It affects half of them. They have little appetite and have trouble sleeping. They lose interest in their surroundings and in themselves. They become sad and preoccupied with their past."

In another article on this subject Dr. Maszpa, of the Family Psychiatric Clinic at the hospital in Chicago advises families that winter confinement because of blizzards or cold should provide an opportunity for bringing parents and children closer together. Families should make greater efforts to visit parents and grandparents during periods of winter isolation.

But, says the good doctor, these days can also become times when unchecked emotions lead to anger and families should avoid staying too close together during these shut-in periods. They should be separated by periods of private time when everybody has a chance to be alone and to recharge emotionally.

Why do blizzards and the extreme cold cause depression and other cabin fever symptoms?

Psychiatrists offer a relatively straightforward explanation. Such weather they say, disrupts daily routines which people need in order to bring order to an otherwise unpredictable world and confronts people with a situation, over which they have no control. The result is anger at the snow or the cold anger that turns inward only to emerge as depression or the symptoms of "Cabin Fever".

SUSAN HAMILTON  
VILLAGE PRESIDENT

I have chosen to become a candidate for Village President of Manchester for a number of reasons. Small villages particularly need to have citizens concerned enough about the vitality of the community to be willing to serve in leadership positions. The environment in which my family lives is important to me, so I am interested in creating and maintaining a stable but challenging

## Mrs. Florence J. Kirk To Celebrate 100th Birthday

Mrs. Florence Johns Kirk will be honored at an Open House on Sunday, February 21 from 2 to 4 p.m. at St. Mary's Church Hall below the church at 210 W. Main Street in Manchester in honor of her 100th birthday. Relatives and friends are cordially invited—no gifts, please.

The centenarian's birthday is Saturday, February 20. Her's has been a busy life. After her husband Ferdinand's death in 1946 she and a daughter, Mildred, left the family farm south of town and moved to an apartment above her son Leonard's Appliance Store. They still live there.

Mildred is employed at the Saline Ford Plant. Each day Mrs. Kirk rises early and her daughter takes her to a nursing home in the village where she stays until Mildred returns. She enjoys many changes during the day for she often accompanies Leonard on short trips to other communities. She values these outings and is ready to return to her apartment by the time her daughter comes for her.

Shortly after the move to town she was confronted with the prospect of taking the calls for the police and fire departments. A special phone was installed and she had the job from 1946 to 1977 when a new calling system was installed. She called it quits after 31 years on the job. She was 84 at the time.

Born at Evans Lake she grew up in the

Irish Hills and was baptised and married at St. Joseph's Shrine. She was the Optimist Club's candidate for first lady during the Bicentennial and went to the Irish Hills to talk with the drivers of the National Bicentennial wagon train lumbering along US-12.

A real traveler she has been in most of the states. Her trips to Far Rockaway, N.Y. to see a 89-year-old cousin, Marguerite, and trips up north to call on friends and relatives give her the most pleasure now. She spent time with them all last summer.

Her children include two sons, Leonard and Marvin (Manchester's postmaster) and Mildred, all of Manchester. Three are deceased. Two were Dominican nuns, Sister Vincent Marie Kirk O.P. and Sister Jean Mildred Kirk O.P. and a son Robert. She has 13 grandchildren and 22 great-grandchildren.

## LETTERS TO THE EDITOR

To The Editor

I'm very glad to see that taxpayers in Bridgewater are finally taking an interest in what's going on in that township by expressing their opinions to the Editor. I only wish they would do some research before they are so quick to condemn BAC's motives. Members of BAC and their attorneys have been involved with what has been happening in Bridgewater Township for the past 1 1/2 years. It's true that the 10 acre minimum lot size has been brought to the Board's attention by means of petition, but it is definitely not the reason for the re-call and the township board knows it. BAC wanted the taxpayers of Bridgewater (if they lived here 1 year or 100) to decide if they wanted this minimum lot size requirement by means of a PUBLIC vote. After accepting the petition and saying they would hold a public vote, the Board has now reneged and refuses us our Constitutional Rights. What are they afraid of? The Board and the Planning Commission have seen fit to formulate and pass an Ordinance that could open Bridgewater to development. The Chairman of the Planning Commission refuses to consider any public opinion unless it's the same as his own. He even saw fit to hold a questionable election of officers while his term was expired and new people were applying for positions on

that commission. The Board also saw fit to use our tax dollars and hire Washtenaw County to come out here and help them draft this new ordinance and new zoning maps. BAC's main objective has always been to keep Bridgewater Township as agricultural and rural for as long as possible. All they want is to keep the New Ordinance in line with the Old Ordinance by leaving the definition of Rural Residential the way it was in the Old Ordinance and by deleting entirely the definition for an A-2 zoning district, which is defined as being strictly temporary agriculture. We are the only township in this area with an A-2 definition in our ordinance. Ask yourselves why.

I personally agree with Mr. Glen DeClair's opinion that the Board should consider a 30-40 acre minimum. It would be far better than 10 acres. The only reason 10 acres was used is because it stuck with the guide lines of the Plat Land Law. That law allows 10 acre splits and it is the law under which the Kies Rd. area was split. Also Sharon and Freedom Township have 10 acre minimums and BAC felt we could form some kind of an alliance. If people would open their eyes, they could see that there has been a great deal of development in Bridgewater in the past 4 years besides the Kies Rd. area. It won't take long for small parcels of land to outnumber the farms.

Come on neighbors, be fair. Get the facts before you start condemning. Don't just listen to gossip and hearsay. Listen to both sides of the issue. Be fair enough to listen to the people who have only lived here for a short time also. Just because the Board members have lived here most of their lives does not mean they are always right in the decisions they make. The new residents may have good reason for their opinions. They may have been run out of places because of re-zoning and high taxes, and don't want the same to happen again. Let's stop drawing that line between the new comers and the old timers. This is the United States of America and we are all governed by the same Constitution and we all pay taxes. We all have a responsibility to be informed and involved. We also have the right to voice our opinions and have our government listen to those opinions and nobody likes those rights denied. Let's all come out from behind unsigned letters to the editor and get the real facts. Let's do what is right for Bridgewater even if it is to re-call the Board.

Deanna L. Becklehamer,  
Bridgewater Planning  
Commission Member

To The Editor.

As a concerned taxpayer of Bridgewater Township, I think it is high time that our Board members did a better job of keeping the taxpayers informed. Why don't they print the minutes of the Board meetings in the local papers like other townships do. Also they should be required to print the financial reports. At this point, I don't want to hear the Board say that it takes too many tax dollars to print this information. Especially after they used our tax dollars to hire Washtenaw County to come in and help draft a new Ordinance and draw up new Zoning Maps. The Board saw fit to re-zone a very large portion of Bridgewater Township without caring if those residents had proper notification or not. The biggest reason for the taxpayers in Bridgewater being uninformed is the lack of interest the Township Board has in getting information to the people. They believe that hanging a notice at the side door of the Township Hall is sufficient in keeping the people informed. I'd say that without a doubt, Bridgewater Action Committee has very good cause for their re-call drive.

## School Board Minutes

SPECIAL MEETING

January 30, 1982

The meeting was called to order by President William Broucek at 9:30 AM.

Members present: Little, Bunney, Mann, Broucek, Talcott, Horning, DuFresne. Members Absent: None.

Dr. Thompson advised that two bids had been received for two (2) new unit ventilators in Room 110 of the High School. The low bid was submitted by Controlled Temperature, Inc. of Livonia in the amount of \$7,400. It was moved by DuFresne to award the job to CTI with direction to the Superintendent to investigate whether it might be possible to install one (1) of the ventilators. All Yeas.

The Board met privately from 10:00 until 11:30 A.M. to discuss the Superintendent's evaluation. A recess for lunch was announced at 11:30 AM. The meeting reconvened at 1:00 P.M. with building principals Kappler, Schick, Hammond, and Scaletta joining the Board for the afternoon discussion. Discussion of the renovation project took place concerning priorities, methods of finance, and size of the project. Board consensus was that the administration should prepare a defined project based upon the amount of money produced by a bond issue requiring 2.5 mills to retire and a separate project requiring 2.0 mills to

retire. These data are to be presented to the Board at its regular meeting on February 15, 1982.

Discussion took place regarding the process for identifying a negotiator for the upcoming WLEA negotiations. Dr. Thompson recommended that the Board contract with the Michigan Association of School Boards for this service and that a request be submitted to have Ms. Rita Thomas assigned as the negotiator. After discussion regarding fees, timelines, and goal it was moved by Bunney to contract with MASB for negotiation services for one year and to attempt to have Ms. Rita Thomas assigned as the chief negotiator. Supported by DuFresne. Yeas: DuFresne, Horning, Talcott, Broucek, Mann, Bunney. Abstain: Little.

It was moved by Horning to adjourn the meeting at 2:40 P.M. Supported by Mann. All Yeas.

## Winter Pet Care

Old man winter is with us and aren't you glad you got the summer gear stowed away and the cars and pets winterized? What? You forgot to winterize your pet-well, take some notes as there is still time advises the Michigan Veterinary Medical Association. First, get out the comb and brush, or call the groomer, and take care of your pet's coat. Those mats, tangles and dead hairs drastically reduce the insulating ability of the haircoat and if not removed, will have a chilling effect. Call your veterinarian and have your pet checked for worms. Dogs and cats are most likely to get infected during the warm months and if untreated, may severely stress your pet during the long cold winter. This is also a good time to make sure all vaccinations are current as the stress of winter may lower your pet's

Thursday, February 11, 1982 Page 3

Your outdoor dog gets the full effect of our Michigan winter. Make sure the doghouse of coop is small enough-that's right, small enough. Most of the doghouse's warmth stems from its ability to retain the dog's body heat and cathedral ceilings won't get the job done. Locate the entrance away from prevailing winds and provide a flap or windbreak for those days when Mother Nature doesn't read the almanac.

You'll probably have to increase your dog's daily feeding as part of his food is now being used simply to keep him warm. Don't think that because he only ate one small bowl of food in hot, humid August the same amount will suffice in February. Water tends to get stiff and hard to lap during cold weather so you'll have to make several trips to the kennel each day to make sure it's available.

For house dogs, winter brings its own special challenges. Dry skin, eczema and allergies tend to occur as humidity drops and the furnace circulates dry, reheated air. You may want to trim the fur between the foot pads of long-coated dogs to reduce the amount of snow and ice brought into the house. Don't let your pet sit or lie on salted steps or walks as skin irritation may develop on the feet, abdomen or derriere! Make sure any pet birds, rodents or aquariums are located away from drafts produced by doorways, windows, furnace registers or cold air returns. Electrical outlets on outside walls may also produce drafts dangerous to parakeets and canaries.

Oh yes, remember the card that came with your December property tax bill? Your county will want your dog licensed by the end of February.

## MEASLES/COST BENEFIT

Looking at the records today, there's one thing we know with certainty—the incidence of vaccine-preventable diseases in children in this state is at an all time low. The immunisation assessment and catch-up program in Michigan has turned the trick.

But have you ever wondered, as I have, how many dollars have been saved because children got their vaccinations against measles and other childhood diseases? To satisfy our curiosity, a cost/benefit analysis was made.

Let's look at measles. Our findings were based on statistical probability, which is another way of saying the data that were gathered provided evidence strong enough to permit statisticians to arrive at reasonable assumptions. The revelations were quite astounding.

Immunization against measles prevented four deaths. Fifty children didn't get pneumonia or inflammation of the ear, thirty-five didn't suffer hearing loss, eight didn't come down with encephalitis, and three didn't become mentally retarded.

Now let's look at it from the viewpoint of direct costs.

It was estimated that 2,017 working mothers didn't lose a week of work while they took care of sick children, and 6,186 school children didn't lose ten days away from classes because of measles. This means the families were saved \$1,463,186 in direct health care costs, and another \$1,288,327 was saved in sick leave for working mothers and lost school days for the kids.

That's the benefit picture, totally ignoring the savings in anxiety and concern for those mothers whose children were spared from the measles.

To compare the benefits with the cost, we looked at the cost of giving 99,912 doses of measles vaccine in the last fiscal year

ending September 30. The cost of the vaccine was \$68,456, or 68 cents per dose. That's a mighty small price to pay in exchange for the benefits derived.

Savings of this kind certainly more than justify the state's school enforcement law which dictates the need for immunizations.

## Historical Society Square Dance And Box Social

Ever been to a Box Social? Now's your chance to recapture a couple of old-time customs, a Square Dance and Box Social. Manchester Area Historical Society will have both at the February 15 meeting at Emanuel United Church of Christ Hall over the dining room. A brief business meeting will hold from 8:00 sharp to 8:30.

Then, Luke Schaible and his Band will bring in the music. Luke will call the numbers for an hour of square dancing and old-time entertainment.

All Square Dancing groups and enthusiasts in the area are invited. Bring your partner or better yet bring the whole club.

As "admission" and for your own refreshments each couple should bring a Snack Box which will be auctioned off at 9:30 to raise money for the new building fund. (No one guarantees that your partner will get your box!) The committee will

furnish coffee, tea and trimmings.

For those unfamiliar: A Snack Box, which is less of a meal than the usual Dinner Box, contains an assortment of after-party foods appropriate to serve following an evening of dancing. It's contents should be sufficient for two people. Those contents may be sandwiches, dainty or otherwise, fruits, cookies, cake, and cheeses. The box, which may be a shoe, cake or hat box, should be packed for proper handling and have an attractive exterior of ribbon, flowers or paper lace (it is a Valentine Party, too, you know). Most important of all, the name of the lady who packed the box is INSIDE the box determining the partner for supper for the buyer. Singles may solve the problem of having enough boxes to go around by pairing up in advance—one to provide and one to buy—so everyone can participate.

### Cooperatively Speaking

Why join a food co-op? There are many reasons for joining as there are people who do join them, as we are finding out in our own experiences. Most of us have a primary purpose of saving money on our food bills, which we are able to do by buying in bulk quantities and doing the work ourselves. We can thereby eliminate the "middle-man" and because of this we save from 10% to 40% on our monthly food bills, depending on what is ordered.

Another reason for joining a food co-op is to obtain special types of foods which are unavailable or cost-prohibitive through conventional channels. These include

organic foods and unprocessed foods for those of us interested in a more healthful diet.

Cooperatively Speaking food cooperative is not just food, however. We also are able to order grocery items, such as laundry and household detergents, paper products, canning jars and lids and food steamers - and the Warehouse (People's Warehouse in Ann Arbor, our primary supplier) is constantly expanding its product line to meet the needs of their member co-ops. But the most important advantage most of us have discovered to belonging to a food co-op is getting to know others who have similar interests, and learning more about other people in our community.

Why join a food co-op? Why not? Visitors

are welcome to attend our ordering meeting on February 15 at 7:00 p.m. at the American Legion House, 203 Adrian Street. We begin with a short business meeting and then continue with the ordering procedure. Present members are reminded to drop their order forms to Ray Meyer, 415 Vernon Street, by Saturday evening, February 13. Prospective members interested in placing an order may call Marsha Chartrand, Coordinator, at 428-8831.

### Senior Citizens Meals

Menu for Senior Citizens Meals on Tuesday, February 16 is: Chop Suey, Fruit, Bread and Butter, Dessert, Coffee.

Tea and Milk. Meal is served at noon, but come at 11:00 for Exercise Class and stay for cards in the afternoon.

On Thursday, February 18, they are serving: Beef & Noodles, Vegetable, Fruit, Bread & Butter, Dessert, Coffee, Tea and Milk. Craft Class follows the noon meal.

Reservations for the Senior Meals which are sponsored by the Senior Citizens Council should be made with Linda Hartmann at the Emanuel United Church of Christ office, 428-8359 between the hours of 9 and 8 on weekdays. The meals are served in the church dining hall.

On the 17th of February, the Senior Citizens Housing Committee is meeting at Manchester Township Hall (new fire hall) at 7:30. Everyone on committee is urged to attend.

## THE MANCHESTER ENTERPRISE

### Manchester Area Historical Society

The February meeting of Manchester Area Historical Society is at the Emanuel United Church of Christ Hall, over the dining room, Monday, February 15 at 8:00 sharp. It will be followed by an hour of Square Dancing and a Box Social.

Luke Schabie and his Band will furnish the music and call the numbers. The Snack Boxes will be auctioned off at refreshment time and the proceeds will go toward the new building fund for the Society.

Mrs. Loring Ebersole, chairman of the event for the program committee, suggests that the snack boxes be decorated, plain or fancy, and contain evening refreshments enough for two. The ladies name should be inside the box so the purchaser can discover who his partner is for the "feast".

The committee will furnish tea or coffee and the trimmings.

### News Of Good Things Growing

This week's column is prompted by an inquiry from a newspaper friend who writes, "I am looking for fondue recipes. I received a fondue pot for Christmas and would love to use it, but my cookbooks seem to have very little information on this."

Ten years or so ago, fondue parties were all the rage, to be superseded by Chinese wok cooking. So it goes. Fondue is making a comeback now, and I'm glad because it's a pleasant informal way to entertain on a cold winter night. It's also a nice way to use some of the Good Things Growing in

Michigan.

Classic cheese fondue is made with any Swiss-type cheese, dry white wine, a little flour for thickening, and a pinch or two of dry mustard, nutmeg and salt. The same basic ingredients are used for Champagne fondue, but use Michigan champagne instead of wine, add a clove of garlic and a small measure of cognac. Traditionally, crusty French bread cut into chunks is used for dipping into cheese fondue.

Fondues are so versatile, you can create your own favorite recipes using whatever you have on hand.

One of my favorites, Honolulu fondue, calls for 2 large whole chicken breasts, sliced into one-inch squares (this is easier if you freeze the chicken slightly); 1 pound cooked ham, diced into one-inch cubes. Combine 1/2 cup Michigan apple juice with 1/2 cup orange juice and 1 cup dry white Michigan wine. Thicken with 1 tablespoon cornstarch and add 2 teaspoons brown sugar, 1 teaspoon curry powder, and a dash of salt.

### Iron Kettle Spinners And Weavers Guild

The Iron Kettle Spinners & Weavers Guild will meet on February 17 at 7:30 p.m. at Manchester High School, room 103. Karen Hinkley will discuss weaving.

For further information call Jan Barbour 428-9215.

The bureaucracy is becoming more squirrely. The manufacturer of a well known rat poison was asked to remove the red dye from the formulation. It was found to cause cancer in rats.

**A WORLD OF DIFFERENCE**

Discover the options that set this IRA a world apart.

#### NBJ IRA Options:

1. Savings Account.
2. 18-Month Variable Rate Time Deposit.
3. 18-Month Fixed Rate Time Deposit.
4. 30-Month Fixed Rate Time Deposit.
5. 6-Month Fixed Rate Money Market Time Deposit.
6. Common Stocks.
7. Bonds.
8. Money Market Funds.

NBJ introduces an IRA that gives you more ways to make your money a star performer. Besides tax savings, you get the flexibility of choosing from a wide range of IRA options—all paying a high return on your investment, and all providing detailed statements.

• **IRA Savings Account.** Yield for this option is over 50% higher than a regular savings account. You'll earn the maximum of 8% interest compounded continuously. When your investment grows to a set amount (\$1,000, \$10,000, \$25,000, etc.) it can be transferred to another IRA option that pays higher interest. Deposits to your IRA Savings Account can be as low as \$10, and can be made conveniently through a payroll deduction program.

• **IRA Time Deposits.** Includes the following:  
 — 18-Month Variable Rate Time Deposit\*\*  
 — \$1,000 minimum deposit.  
 — 18-Month Fixed Rate Time Deposit  
 — \$1,000 minimum deposit.  
 — 30-Month Fixed Rate Time Deposit  
 — \$1,000 minimum deposit.  
 — 6-Month Fixed Rate Money Market Time Deposit  
 — \$10,000 minimum deposit.

Other financial institutions may appear to be paying a higher rate. But, in fact, they may not be. NBJ, on the other hand, will pay 1/8% above the rate

of 91-day Treasury Bills.\*\* Other time deposits will be at the prevailing interest rates.

• **IRA Trust Funds.** An important NBJ difference—savings and loans can't offer these. We have an experienced trust department, so we can offer three more IRA options:  
 —Common Stocks.  
 —Bonds.  
 —Money Market Funds.

#### Tax savings that make a world of difference.

You can deduct your IRA contribution from your taxable income—up to \$2,000 a year if you're single, up to \$2,250 a year if you're married with one income, and up to \$4,000 a year if you're married, have two incomes and two IRAs. And the earnings on your IRA are tax-deferred, too.

The chart below shows you how much money you can save in taxes in 1982 by investing in an NBJ IRA plan now. The information is based on a \$2,000 single IRA contribution.

#### POTENTIAL 1982 TAX SAVINGS

If your taxable income is:	Single (\$2,000)	
	Tax Bracket	Potential Savings
\$12,900 - \$15,000	23%	\$460.00
\$15,000 - \$18,200	27%	\$540.00
\$18,200 - \$23,500	31%	\$620.00
\$23,500 - \$28,800	35%	\$700.00
\$28,800 - \$34,100	40%	\$800.00
\$34,100 - \$41,500	44%	\$880.00
\$41,500 -	50%	\$1,000.00

\*Our 2% bonus adds extra sparkle.

During the month of February, NBJ makes your money even more of a star performer! We'll give you a 2% bonus when you invest in an 18-Month Variable Rate Time Deposit, or our new 18-Month Fixed Rate Time Deposit. For example, if you deposit \$2,000, we'll give you a \$40 bonus credited to your annual statement. But hurry—our 2% bonus on 18-Month Time Deposits is good only through February!

#### Down-to-earth fees for an out-of-this world IRA.

NBJ's service fees are a small price to pay for a better IRA. You get the flexibility of several investment options; high, tax-deferred returns; the experience of NBJ Personal Bankers; and excellent records.

See your NBJ Personal Banker today for more information. And discover the options that set NBJ's IRA a world apart!

### Strong Marriage Can Triumph Over Lung Disease

When a spouse has a chronic lung disease, every aspect of the marriage may be affected.

A couple can learn to make adjustments, surmount difficulties, and develop a stronger relationship, says the American Lung Association of Michigan, but they may need help.

When a man has emphysema, for example (and more men have the disease than women) his physical activity becomes limited. As the disease progresses, traditional marriage roles may be

reversed. It's sometimes the wife who becomes the principal wage earner, the wife who does most of the physical work around the house while the husband may become more passive and dependent. Their sexual relationship may be affected by his illness both because his breathing is impaired and because of the stress, resentment and depression that these life changes can bring.

Every couple needs an intimate relationship, says Dr. James Kieran, a Berkeley, California pulmonary specialist, but they must be aware of how the illness has affected both of them. This will enable them to master a new lifestyle. And aiding couples in becoming aware of possibilities is where a physician or the Lung Association can assist. "Helping our

patients repair intimacy which may have been damaged by lung disease is probably one of a health professional's most important efforts," says Dr. Kieran. "In the process, we may bolster or repair a marriage which is a patient's most important support system and defense against the isolation of a long-term debilitating disease."

# Shopping locally makes good sense!

Sure, you work hard for your money, and you want to get your money's worth. But getting your money's worth is not all it's cracked up to be.

Besides merchandise, you're also paying for service. When you shop at a highway store and ask an employee for help, what kind of answer do you get? If it's "I don't know" or "If you don't see it, we don't have it," then you're getting no help at all! If you're tired of that kind of service... try ours. Shop locally, where the people you deal with enjoy dealing with you.

No need to roam... the best shopping's here at home!

## REGISTRATION NOTICE

### VILLAGE ELECTION MONDAY, MARCH 15, 1982

TO THE QUALIFIED ELECTORS OF THE VILLAGE OF MANCHESTER [PRECINCT NO. 1 AND 2] COUNTY OF WASHTENAW, STATE OF MICHIGAN

Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE  
 120 South Clinton St., Manchester  
 Saturday, February 13, 1982  
 FROM 8 O'CLOCK A.M. UNTIL 8 O'CLOCK P.M.  
 THE 30TH DAY PRECEDING SAID ELECTION

As provided by Section 498, Act No. 116, Public Acts of 1954 As Amended.  
 For the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

**ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE**  
 SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

**UNREGISTERED PERSONS NOT ENTITLED TO VOTE**  
 SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. [As provided under Act 116, P.A. 1954.]

**TRANSFER OF REGISTRATION, APPLICATION, TIME**  
 SEC. 505. A registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. **Candidates For Village**

**SUBAN HAMILTON  
 VILLAGE PRESIDENT**

atmosphere. My husband and I both own businesses in Manchester, so our family has a sizeable investment in the community.

In past years I have served in a number of leadership positions including vice president of a church council, vice president of an international family support organization, chairperson of numerous commissions and board member of Manchester United Way. These opportunities have increased my leadership skills in the areas of effective communication, planning, problem solving and decision making.

**MARY KALLEWAARD  
 TRUSTEE**

Mary Kallewaard, candidate for Trustee, has been a Manchester resident for 7 1/2 years.

She is a University of Michigan graduate who has been in business as an advertising

writer and account executive for the past 13 years.

Mary is a member of the Village Planning Commission and a Trustee of the Township Library; also a member of Emanuel Church and a former Sunday School teacher.

She has worked in Village United Way and March of Dimes campaigns; is an officer of Xi Epsilon Iota; is married and the mother of two children. In her statement, she says:

"The Village is being asked to provide more services than ever before, at the same time that many sources of funding are being eliminated. My business experience has given me the ability to dig out the facts relating to proposals before Village Council, evaluate all the alternatives, and help reach decisions that

meet current needs as well as future objectives.

"In a period of economic decline, it becomes more important than ever to keep reevaluating programs and procedures, in order to produce maximum efficiency in every area of Village government services. That would be one of my first priorities as a Council member.

"As a member of the Planning Commission, I have become aware of the potential for change—either for better or worse—here in Manchester. Because of this, I also believe that the Council must take an active role in doing everything reasonably possible to ensure that the businesses and jobs now in the Village remain here, and more are encouraged to come here. On Council, I would be very concerned with developing consistent goals to prevent decline, and to encourage controlled growth and development of our community."

**DAVID H. PETSCH  
 VILLAGE PRESIDENT**

I live at 412 East Main St., and have been employed by the Plastics Machinery Division of Hoover Universal, Inc., since 1975. My current position is Plant Superintendent of the Somerset Center Machining Facility.

I am currently involved in the charting of the new Manchester Men's Club, as a director. In the past I have been President of the Manchester Jaycees, (1978/79), and Jaycee of the year.

I am a member in good standing of the village council, and have served as a council member for the past two and a half years. My duties included: Parks and Recreation Development, maintenance and delinquent water billing.

I am a 1983 graduate of Manchester High School. In the twenty four years that I have been in this area many changes have taken place, but there is still a need for many more changes. I feel that my past and present experiences with this community make me a worthy candidate for the office of Village President.

**"Wellness And Working"**

Huron Valley Chapter, Professional Secretaries International (PSI), will participate in the PSI 1982 Program of the Year, "Wellness and Working", by focusing on the topic of "Dealing With Stress" and "Fitness In The Office" at a dinner meeting set for Thursday, February 11, 1982, at Hoyt Conference Center at Eastern Michigan University in Ypsilanti.

Chapter President Joyce Scott, secretary to R.A. Steger, CPA, of R.A. Steger & Co. of Chelsea, announced the program will feature L.L. MacKenzie M.A., Psychologist at Walter P. Reuther Psychiatric Hospital and Suzanne Zelnick.

"Wellness and Working" encompasses the effects of lifestyle, diet, exercise, stress and work environment upon health and productivity, according to PSI International President Kay Palazey, CPS, Executive Secretary to Dr. H.F. Caiote, President and Research Director, Aero-Chem Research Labs, Princeton, NJ.

"The subject has far-reaching implications for individuals and their employers," she said. "It has been determined that lifestyles have more to do with health than all the things doctors can do. "Wellness and Working" not only explores how individuals can improve their health by changing their lifestyle and by learning how to deal with stress, but also examines ways in which company-sponsored programs have resulted in reduced employee turnover and absenteeism, lower insurance premiums, and increased productivity."

Most of the 809 PSI Chapters, located throughout the United States, Canada, Puerto Rico and the Virgin Islands, are participating in the Program of the Year with seminars, panel discussions and workshops.

For more information, call Lili Kivisto, CPS, Vice President, at 764-9598 or Joyce Scott, President, at 475-1393.

### Children's Art On Display

Artwork by public school children in Washtenaw and Livingston Counties will be displayed at a special STUDENT ART EXHIBITION this month. The exhibition is sponsored by the Washtenaw-Livingston Education Association, and will be held on three consecutive weekends (February 18-14, February 20-21, February 27-28), from 1 to 4 p.m., at the Dexter Art Museum, 3445 Inverness, Dexter. A special reception and opening will be held Saturday, February 13, from 1 to 4 p.m., at the museum.

The Washtenaw-Livingston Education Association Coordinators for the STUDENT ART EXHIBITION are Roberta Rizzardi and Jody Miller, Dexter art teachers. According to Rizzardi, the exhibition contains artwork from students in grades K-12. All art teachers in the area selected eight pieces of artwork done by their students for the exhibit. The teachers selected artwork exemplifying the skills and media used by various age groups. The art ranges from two dimensional to three dimensional pieces.

This is the first exhibit of this type in the area and it represents work by students in the Dexter, Hartland, Howell, Lincoln, Manchester, Pinckney, Saline, Whitmore Lake, Willow Run, and Ypsilanti school districts.

Manchester High School students who will be participating in the show are Greg Bondy, Cathy Walkow, Kathy Mahony, Brian Mahan, Kim Johnson, Trena Withrow, Sally Koebe and Dawn Day. Manchester Middle School students who will have exhibits include Derek Whitaker, Jenny Tucker, Rob Smith, Drew Hock, Leslie Duncan, Brendan Lenski, Carla Neigebauer and Andrea Hagerman.

According to Ms. Rizzardi, "The art program offered by these districts are an important and integral part of the total educational process for our students."

The Washtenaw-Livingston Education Association, an affiliate of the Michigan Education Association, represents nearly 2,000 teachers in Washtenaw and Livingston counties. The organization is sponsoring the STUDENT ART EXHIBIT as a part of an overall effort to increase

community awareness and support for the many fine programs offered by the public schools in our area. Teachers in the Washtenaw-Livingston Education Association are seeking to encourage more communication between their communities and their schools, and are seeking to encourage more parental involvement and participation in the education of their children.

Rizzardi and Miller say they're pleased with the support the art exhibition is receiving, and extend their appreciation to the Dexter area museum and the many students, parents, and teachers who have contributed to its success.

### Open Meeting Act

The Open Meetings Act, 1976 PA 267; MCLA 15.261 et seq, requires all meetings of a public body to be open.

A public body is one exercising governmental or proprietary functions and includes boards and committees but does not include the workers' compensation appeal board, employment security appeals board, teachers' tenure commission, an arbitration panel of the employment relations commission, or a medical malpractice arbitration panel. Every person may attend a public meeting and may address the meeting pursuant to rules of the body.

Exceptions to the requirement that meetings of public bodies be open are partisan caucuses of the state legislature and meetings to discuss: (1) dismissal or discipline of a public officer or employee or a student when the person involved requests; (2) collective bargaining; (3) purchase or lease of realty; (4) legal strategy with an attorney; (5) review of applications for employment or appointment when the applicant so requests (however, interviews for employment or appointment must be held at an open meeting); (6) material exempt from public disclosure.

Minutes must be kept and minutes of open meetings must be available for public inspection. Proposed minutes must be available within eight business days after a meeting, approved minutes must be available five days after approval.

In addition to the posting of notices of meetings a public body must mail notices to person who request such notices on an annual basis upon payment of a reasonable cost. Media are entitled to mailed notices without charge.

If the act is violated, the Attorney General, prosecuting attorneys or any other person may sue to challenge the validity of the action within 60 days after the minutes are made available. For certain business transactions, the suit must be filed within 30 days. A suit may also be brought to enjoin violation of the Act. In addition, a civil or criminal action may be brought against an official who violates the Act. Where a civil action is brought and the plaintiff prevails, actual attorney fees and court costs may be requested.

### PUBLIC RECORDS

The Freedom of Information Act, 1976 PA 442; MCLA 15.231 et seq is effective on April 18, 1977.

Under the Act records retained by a public body may be inspected by any person. A person is also entitled to receive copies of the record upon payment of a reasonable charge. A request for a record may be made orally or in writing and a response must be given within five business days unless there are unusual circumstances that make it difficult to obtain the record. If there are unusual circumstances, an additional ten business days is allowed.

The public body must respond to the request by either granting it or issuing a written notice explaining the reasons for denial. The following records are exempt from disclosure: (1) records constituting a clearly unwarranted invasion of privacy; (2) investigating records compiled for law enforcement purposes; (3) records that would prejudice the ability to maintain security at a penal institution; (4) records exempt by statute; (5) records exempt under the Federal Family Educational and Privacy Act; (6) exempt records furnished by one public body to another; (7) trade secrets or commercial information voluntarily provided upon a promise of confidentiality; (8) attorney-client privilege; (9) other legally recognized privileges; (10) bid proposals; (11) real estate appraisals; (12) test questions and answers; (13) medical counseling or psychological facts or evaluations; (14) advisory communications within a public body or between public bodies; (15) law enforcement communication codes; (16) the location of archeological sites; (17) testing data to determine whether bidders' products meet specifications; (18) academic transcripts pertaining to a student who is delinquent in payment; (19) records of campaign committees; (20) records of a police agency that would interfere with law enforcement or endanger a law enforcement officer.

The public body must separate exempt and non-exempt material and must furnish the non-exempt material upon request. Frank Kelley Attorney General

### New Law Allows 17 Years Olds To Donate Blood

Governor William Milliken signed into law Public Act 228 which allows 17-year-olds to donate blood without parental consent. The new law went into effect January 12, 1982.

Introduced May 7, 1981 by Rep. Thomas E. Scott (D-Flint), the law makes Michigan the 27th state which allows 17-year-olds to give blood without permission of their parents or legal guardians.

A. William Shafer, M.D., director of American Red Cross Blood Services Southeastern Michigan Region said, "It has always been difficult to be certain that we had valid parental consent for 17-year-olds to donate. The new law makes it easier to reach these donors, and yet recognizes the importance of safety for and maturity of the 17-year-old donors."

The Southeastern Michigan Red Cross Blood Services is responsible for the collection and processing of all blood and blood products used by hospitals in the five county region of Wayne, Oakland, Macomb, Washtenaw and St. Clair.

"We must continually add to our donor pool with first time donors," explained Shafer. "Both to increase the number of donations per year and even to maintain

the status quo. One of the best places to look for new donors are among people who are just becoming eligible and where better than a high school where half of the eligible donors are 17-year-olds," he concluded.

### "Shaking The Blues"

The two-hour sessions are scheduled to begin on Wednesday, February 24 and will run from 10:00 a.m. until noon. The group will meet on successive Wednesdays through March 31.

**"Mommy, I Don't Feel Good..."**

"Mommy, I don't Feel Good..." is a plea that tugs at every mother's heartstrings. A recent Saline Community Hospital workshop helped to ease the anxiety felt by many young mothers as they learn to cope with the minor illnesses of early childhood. The topics presented included: Poisons and Safety, Colds and Flu, Sore Throats, Vomiting and Diarrhea. The

program was identified as a community need and prepared by Madonna College student, Iora Hagland, R.N., in cooperation with Saline Community Hospital staff members. Pictured are: (left to right) Beverly Shook and Holly Porter holding Jessica Porter, (Manchester residents), Dianne Charroon, R.N., Iora Hagland, R.N., and Donna Martin, R.N.

**Hit or Miss by Farley**

Somewhere about six weeks or so ago, the following news item appeared in the newspapers: "Spurred by a scarcity of patients and economic problems, some 20 percent of the nation's hospitals have begun using marketing techniques to sell their services."

This, of course, was a natural for many of our commentators and columnists who have had a great deal of fun with it. Among them was Joan Beck who says that a hospital suffers because a hospital's image is associated with illness and anxiety—that it's just not a fun place to be.

She suggests that perhaps they could offer a free steak and champagne dinner to new patients in the maternity division or to patients who check in on slow weekends for a Caribbean cruise.

Another helpful character suggests that coupons would work well and that maybe the emergency room could give \$10.00 off on a cast for a broken leg until March 31, (limit two to a customer) or perhaps one free stitch with every five purchased at the regular price until February 28 or a free Miss Piggy doll with every stomach pumping.

Perhaps prestige counts too. Maybe we could sign up the staff of General Hospital for guest appearances or Dr. Bob Hughes from "As the World Turns", Dr. Bauer from "Guiding Light", Dr. Gates from "Trapper John", all doing guest surgery.

Some banks have used premiums to jazz up their staid image. One hospital could offer a folding umbrella to everyone running up a bill of \$2,000, or a toaster for a \$4,000 bill or a scalpel or a dinner date

with the doctor or nurse of their choice with a \$5,000 bill.

Another suggestion is that they could offer "his and hers" face lifts if they occupy the same room—or three heart valves for the price of two—or a face lift and a stomach stapling operation for the price of the face lift alone.

We all know that being in the hospital is at best very unexciting and seldom chosen if any other option is available, but perhaps it could be revved up. One suggestion is that "Space Invader" games could be placed in every main lobby and in the patient lounges. Bingo could be made available to all patients and visitors (except perhaps those in coronary care). Prizes could include an extra unit of IV solution, a back rub, bed socks, crutches or perhaps surgical scrub suits. The possibilities are unlimited. You could have adult cable TV, lotteries with room numbers, and sushi bars.

The public has an angel-of-mercy picture of nurses, but a few gorgeous creatures could be presented in their ads like the airlines do. Their uniforms could be designed by the chap who designed the "Bunny" suits and the gals could be shown in their ads singing something like "I'm Bonnie and I'll hold your hand at Sixty", but maybe the nurse's associations and the older women of the community would not perhaps approve.

There's lots of other things that can be done. There's the slogan route for instance. How would "Your break deserves a break" or "For all you do, this IV's you for?" Aggressive marketing will save the day for many hospitals.
