

A PERSPECTIVE

As the year 1982 gets into full swing, so does the level of activity within the Manchester Art Guild. The excitement and planning for a new art fair in Manchester was published last week. Remember, plans will be ongoing - call 428-8798, 428-9225, or (517)456-7569 for information.

What else is in store for '82? Get out your calendars - note the date if something catches your fancy. Some shows may require lead time to complete work for contribution.

"Mommy, I Don't Feel Good..."

"Mommy, I don't Feel Good..." is a plea that tugs at every mother's heartstrings. A recent Saline Community Hospital workshop helped to ease the anxiety felt by many young mothers as they learn to cope with the minor illnesses of early childhood. The topics presented included: Poisons and Safety, Colds and Flu, Sore Throats, Vomiting and Diarrhea. The

program was identified as a community need and prepared by Madonna College student, Iora Hagland, R.N., in cooperation with Saline Community Hospital staff members. Pictured are: (left to right) Beverly Shook and Holly Porter holding Jessica Porter, (Manchester residents), Dianne Charroon, R.N., Iora Hagland, R.N., and Donna Martin, R.N.

Hit or Miss

by Farley

Somewhere about six weeks or so ago, the following news item appeared in the newspapers: "Spurred by a scarcity of patients and economic problems, some 20 percent of the nation's hospitals have begun using marketing techniques to sell their services."

with the doctor or nurse of their choice with a \$5,000 bill.

Another suggestion is that they could offer "his and hers" face lifts if they occupy the same room—or three heart valves for the price of two—or a face lift and a stomach stapling operation for the price of the face lift alone.

This, of course, was a natural for many of our commentators and columnists who have had a great deal of fun with it. Among them was Joan Beck who says that a hospital suffers because a hospital's image is associated with illness and anxiety—that it's just not a fun place to be.

We all know that being in the hospital is at best very unexciting and seldom chosen if any other option is available, but perhaps it could be revamped up. One suggestion is that "Space Invader" games could be placed in every main lobby and in the patient lounges. Bingo could be made available to all patients and visitors (except perhaps those in coronary care). Prizes could include an extra unit of IV solution, a back rub, bed socks, crutches or perhaps surgical scrub suits. The possibilities are unlimited. You could have adult cable TV, lotteries with room numbers, and sushi bars.

She suggests that perhaps they could offer a free steak and champagne dinner to new patients in the maternity division or to patients who check in on slow weekends for a Caribbean cruise.

Another helpful character suggests that the emergency room could give \$10.00 off on a cast for a broken leg until March 31, (limit two to a customer) or perhaps one free stitch with every five purchased at the regular price until February 28 or a free Miss Piggy doll with every stomach pumping.

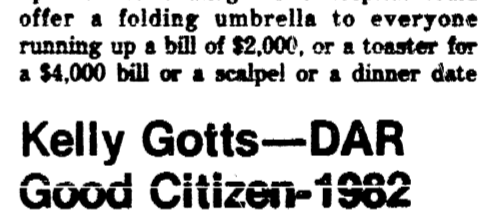

Perhaps prestige counts too. Maybe we could sign up the staff of General Hospital for guest appearances or Dr. Bob Hughes from "As the World Turns", Dr. Bauer from "Guiding Light", Dr. Gates from "Trapper John", all doing guest surgery.

Some banks have used premiums to jazz up their staid image. One hospital could offer a folding umbrella to everyone running up a bill of \$2,000, or a toaster for a \$4,000 bill or a scalpel or a dinner date

for many hospitals.

There's lots of other things that can be done. There's the slogan route for instance. How would "Your break deserves a break" or "For all you do, this IV's you for?" Aggressive marketing will save the day for many hospitals.

Cub Scouts Pack 421

To celebrate the 72nd Anniversary of the Boy Scouts of America, the Blue and Gold Banquet was held Thursday, February 11 at the United Methodist Church.

Rev. Thomas Hart welcomed the group and his prayer preceded the pot luck dinner. Good food was in abundance and the 150 participants enjoyed it immensely.

Rev. Robert Macfarlane talked of his Cub Scout days. Dr. Janice Hammond then questioned the Cubs and received enthusiastic replies.

During recognition time Jason Sloat received an "Everyone Counts" badge for recruiting. Jeff Smith received his Bobcat Badge. Wolf Badges were awarded to Brian Leach, Tony Panches, and Jason Sloat. Arrow points for the Wolf rank were awarded to Billy Day, Brad Hayden, Sean Lowery, Robbie Gonyer, Tony Panches (2), and Jason Sloat (3). Al Gleason received his Bear patch. Andy Hart received Webelos activity pins for Citizenship and Sportsman.

A candlelight ceremony was conducted

by Cubmaster Ernie Reese as he presented James Hakes with the highest award of Cub Scouts, the Arrow of Light.

Unit Commissioner Dave Minick presented Pack 421 with the 1981 National Honor Unit Recognition Award and a Window Display certificate.

After Assistant Scoutmaster Frank Cousino talked about the Boy Scouts, the banquet was closed by the Cubs "re-dedicating" themselves with the Cub Scout Promise.

The unit's leaders did an outstanding job organizing the banquet. With assistance from the Cubs the tables and hall were beautifully decorated.

A special "Thank You" is extended to Rev. Hart and the United Methodist Church for hosting this event.

Manchester Village Planning Commission

REGULAR MEETING
January 12, 1982

The Regular Meeting of the Manchester Village Planning Commission was called to order at 7:45 p.m. in the Village Hall. Members present: Hinkley, Kallewaard, Tracy, Smith, Alber, Grossman, Krauss, Leeson. Absent: Walton. A quorum was present.

The minutes of the Regular Meeting of December 15, 1981 were read and approved, as corrected, on a motion by Leeson, seconded by Alber. The minutes of the Public Hearing of December 15 were read and approved on a motion by Grossman, seconded by Alber.

On the subject of acquisition of the old blacksmith shop by the Manchester Historical Society, the Commission was informed that the Society had decided to postpone action until the end of January.

In regard to the freestanding sign at Roberts Associates, 320 Riverside Drive, the Secretary reported that the offer of Village assistance had been made to the property owner, as detailed in the minutes of the December 15 Planning Commission meeting.

Leeson presented a draft of the report cross-referencing past and present Village street names. Copies of the draft have

been furnished to the Senior Citizens Council for comment. Additional copies will be distributed to certain long-time members of the community. After all information has been collected, the final document will be presented at a future meeting.

Smith presented the working copy of the new Village Zoning Map. It was reviewed and discussed in detail by all Commission members present. It was noted that the character of some areas has changed since the original Zoning Map was prepared. In these instances, the use of the land are more consistent with an adjoining zoning district, than with the district in which they are now classified. Because of this, rezoning was suggested.

Smith made a motion, seconded by Krauss, that the Commission recommend to Village Council that the property at the south-east corner of the intersection of Main Street and Adrian Street be rezoned from I-1, Limited Industrial District, to C-2, General Commercial District. The motion was passed unanimously.

Tracy made a motion, seconded by Grossman, that the Commission recommend to Village Council that the following described area be rezoned from AG, Agricultural, to R-1A, Single-Family Semi-Urban Residential District: the area beginning at the intersection of Territorial Street and the former railroad right-of-way; following the railroad right-of-way to the river; following the river up to the border of the present R-1B District (that

is, the rear property line of the lots fronting on the south side of Grove Street); along this border line to Adrian Street; and then along Adrian and Territorial Street back to the starting point. The motion passed unanimously.

A motion was made by Krauss that certain areas along East Main Street be rezoned from Agricultural to Residential Districts. The motion was withdrawn without support, however, after it was suggested that the Commission first research past zoning action in this area.

The Secretary gave the Village Attorney's report on District Court action regarding the storage shed at 424 Territorial. The matter has been adjourned until the first court date in May, at which time the structure should have been moved.

The Secretary also reported on communication received from the FHA regarding Manchester Village Apartments, Inc. The proposed development did not receive funding approval.

In regard to Pinnacle Engineering construction, Hinkley reported that drawings detailing the remaining proposed alterations had been received. Hinkley and Alber will review them and make any necessary alterations before authorizing Pinnacle to continue.

Hinkley also reported on the progress of application for development grants from the Michigan Department of Commerce. To date, the State has not determined which uses will be eligible. The Village has drafted two applications, one for development of an Industrial Park and one for upgrading of the Central Business District. In addition, information is being collected for a third possible application: for a Senior Citizen Activity Center. As soon as the State issues its guidelines for grant applications, the Village will submit those that are most appropriate.

The meeting was adjourned at 8:50 p.m. on a motion by Grossman, seconded by Leeson.

Mary Kallewaard, Secretary

SPECIAL MEETING

February 4, 1982

The Special Meeting of the Manchester Village Planning Commission was called to order at 7:30 p.m. by Vice-Chairman Smith in the Council Room of the Village Hall. Members present: Kallewaard, Tracy, Smith, Alber, Walton, Grossman, Leeson. Members absent: Hinkley and Krauss. A quorum was present.

Glenn Lehr, Jr., Chairman of the Board of the Black Sheep Repertory Theatre, presented that group's request that the Village Zoning Ordinance be amended to allow "live professional repertory theatre" as a conditional use in R-1B, Single Family Urban Residential Zone; and to petition for a conditional use permit, under such an amendment, for the Theatre to operate in the old Methodist Church building at the corner of Main and North Washington Streets.

Leeson inquired about the past conditional use permits granted for the property. Kallewaard cited the Planning Commission minutes of 8-30-72, and Village Council action the following month, which granted permits for the office building and house but did nothing to regard to the sanctuary portion of the building.

Alber asked if there had been any recent inspections certifying the building as safe for use as a theatre. Leeson indicated knowledge of past inspections which had raised no question of soundness of the structure. Lehr said that a knowledgeable individual had recently inspected the building and found no problems.

Leeson inquired if the organ was still in the sanctuary. Lehr said that it was, but that it was owned by a private individual and the Theatre was not buying the organ. Leeson questioned the Theatre's arrangements for patrons' parking, citing the Zoning Ordinance which requires one parking space for each four theatre seats. Lehr said that with street parking along Wurster Park, the lot at the southeast corner of Washington and Madison, Main

CHILD CAR RESTRAINT LAW

The old adage "better to be safe than sorry" could have been in the minds of legislators when they adopted a new state law. The law requires you to use proper child restraint devices for infants and toddlers when they ride with you in the car.

Just over a month from now, on April 1, an amendment to the Michigan Motor Vehicle Code become effective. The change will make it mandatory for every child under four years of age in a car to be secured in a restraint device (car seat). Any driver violating the requirement will be considered guilty of a civil infraction.

Aside from the fact that using child restraints will be legally necessary, there's a far more compelling argument in favor of using the restraints. We can't ignore the glaring fact that the automobile is the leading killer of young children. It ranks ahead of all other types of accidents and all diseases.

Consider, too, that we conscientiously have our tots vaccinated against disease. Then where is the logic in failing to "immunize" our children against injury by the use of child restraints?

Children's car seats work in two ways. They anchor the youngster to the vehicle seat and they help spread the force of a crash over the strong bony structure of the body.

A study done in Washington State in the '70's points to the need for use of the car seats. Among children four years old and younger who were involved in auto crashes, the infant and child restraints were shown to reduce likelihood of death by more than 95 percent. The probability

of serious injury was cut by up to 78 percent. Also, for children older than four, lap belts alone reduced the probability of fatal injury by 81 percent and serious injury by 64 percent.

If cost of a proper child's car seat is a consideration, check around your area. Some community service groups, in some areas of the state, have set up rental or wholesale programs. These hold out opportunities to acquire the children's car seats at a lower cost.

On and after April 1 then, if you are stopped and young children with you are not riding in car seats, it will cost you a fine. But more important than that... you should comply with the new law because it's better to be safe than sorry.

Dutch Roundballers Struggle

by Jon Hardenbergh

Tuesday saw us visit Adrian Madison and we fell 73-53. Pete Johnson found the hoop and poured in 22 points but unfortunately no one else hit for more than 8. We now stand 1-9 on the season.

Friday we hosted Hudson and they showed too much height and speed to end it 77-43. The Tigers did jump to an early advantage, 16-4 but before I knew it we were within 4, 18-14. Hudson called time, regrouped and zoomed ahead. Pete was our high man with 10.

Michigan Lawyers Solicit Student Essays

The State Bar of Michigan today invited all seventh, eighth and ninth grade students in the state to submit an essay in the 1982 Law Day essay contest sponsored by the Bar and administered through the Lawyers Wives of Michigan.

Original essays, not more than 300 words, will be accepted on this year's theme "Law Day XXV: A Generation of Progress". Essays should develop major accomplishments of both the bench and bar in public and professional service to the public over the past 25 years.

"The contest, sanctioned by the Michigan Education Association, is being held by Michigan attorneys to better acquaint young people with our laws and the administration of Justice," says Patrick J. Keating, President of the State Bar of Michigan.

Ms. Pat Smith, Law Day chairperson for the Lawyers Wives of Michigan, announced top prizes of \$200 U. S. savings bonds as well as secondary bond prizes of \$150, \$100 and \$50 at each grade level. In addition, each student winner will receive an engraved plaque recognizing the honor. Winners, their parents and their teacher will be guests at the state-wide Law Day luncheon, at which Chief Justice Mary S. Coleman will be featured speaker.

Entries must be postmarked no later than March 1, 1982. More detailed information may be obtained by writing: Essay Contest, Department of Communications, State Bar of Michigan, 306 Townsend, Lansing, Michigan 48933.

Help Stop Timber Theft

The Michigan Department of Natural Resources is trying to find out how much high quality timber is being stolen from southern Michigan lands south of the Bay City-Muskegon line.

"We can only assess the seriousness of the problem and decide how to solve it with the help of the public," says Paul Flink, DNR Regional Forest Management Supervisor. "We need to receive more information from Michigan property owners to determine whether special programs or new legislation can best alleviate the high-value-timber theft situation."

In fact, Senator Edward Pierce in May 1981 introduced a bill in the State Senate to regulate the buying of walnut trees and

to register walnut tree buyers. This bill is an attempt to reduce the theft of walnut and other high value logs. Indiana has a successful program of timber buyer licensing, theft prevention by education of landowners, and timber theft alert through the cooperation of timber buyers and processors. The Indiana program has also been backed by the wood-using industry.

Information for assessing the timber theft problem in Michigan is needed by the Michigan DNR by February 28, 1982, sooner if possible. If you, or a friend or neighbor have had high quality trees stolen, please write to: Forest Management Division, Department of Natural Resources, Box 30028, Lansing, Michigan 48909, listing county and township where theft occurred, year theft occurred, kind of trees, size of trees, number of trees stolen and name and address of owner.

Your help is needed to take action against timber theft.

Heart Attack Victims Sought In Medical Study

Volunteers are urgently needed to help combat America's number one killer, atherosclerosis. This disease is primarily responsible for heart attacks, strokes, and related fatal diseases that account annually for almost one million deaths or 50% of all deaths in the United States. The National Heart, Lung and Blood Institute is conducting a program at four participating medical institutions, including the University of Minnesota, to determine whether lowering blood cholesterol levels will reduce the risk of heart attacks. The University is seeking persons 29 through 64 years of age, who have had only one heart attack in the past 5 years with no

history of heart surgery, diabetes or stroke. All such persons are urged to call the University of Minnesota Hyperlipidemia Study collect at 612-376-4494 for more information.

Street parking, plus the lot behind the stores on Main Street one block to the east, parking would actually be better than at the Theatre's present location. Leeson stated that since the large lot mentioned actually belonged to the merchants fronting on Main Street, the Theatre should not automatically include that in their parking plans.

Liz Grossman, a member of the Theatre's Board of Directors, stated that she had contacted all residents along the North side of Main Street between Clinton and Washington and had received no objections from them on having the Theatre in the old church building. She said she had been told specifically that neither parking nor noise were likely to be any greater problem than at the present time.

Walton stated that the regular operations of the Theatre did not seem likely to cause noise problems, though he would have some concern if the building were to be rented out for other kinds of performances. He and Leeson both emphasized the need to draft strict limitations on the building's use, before sending any recommendation to Village Council.

D. E. Limpert, recognized from the audience, questioned whether Council could amend the Zoning Ordinance and grant a conditional use permit at the same meeting. Smith explained that the Village Attorney's opinion was that there was no problem in doing so, as long as the public hearing notices and the Council minutes made it clear that two separate actions were being considered.

Limpert questioned whether the Commission had fully considered the impact these actions would have on the

R-1B zones of the Village. He stated that he was personally in favor of the location for the Theatre, but was concerned with future questions that might be opened up, based on actions being considered at this meeting, and also the precedent that might be set if the Theatre were granted concessions on parking requirements.

Tracy reiterated that there would be public hearings before any action was taken.

Limpert questioned whether this Special Meeting had been given proper notice. Kalleward stated that notice had been posted in accordance with the Open Meetings Act of 1976.

Alber made a motion, seconded by Walton, to schedule a public hearing for Friday, February 26 at 7:30 p.m. on the question of an amendment to the Village Zoning Ordinance to allow professional repertory theatre as a conditional use in an R-1B Zone. Vote: Alber, yes; Leeson, yes; Tracy, yes; Grossman, yes; Walton, yes; Kalleward, yes. The motion was declared passed.

The Theatre representatives were requested to provide further information on parking proposals, safety and soundness of the building at the public hearing.

The meeting was adjourned at 8:36 p.m. on a motion by Grossman, seconded by Alber.

Hospice Of Washtenaw

Hospice of Washtenaw, a community agency dedicated to helping the terminally ill and their families, completed its first full year of service in January. Over the past year, Hospice helped to coordinate and provide for patients' and families' in-home nursing, social, spiritual and practical needs. Hospice arranged help with household tasks and errands, procured special equipment, and provided family and individual counseling. Except for a small administrative staff, all Hospice services are provided by trained volunteers - physicians, clergy, nurses, social workers, and caring citizens of Washtenaw County.

Hospice is a young community agency, founded in 1979 and accepted as a Washtenaw United Way member in 1981. With its present level of financial and volunteer support, Hospice has set a goal of helping at least 100 families facing terminal illness every year. This goal will be achieved with the support of our community. With generous contributions of volunteer time and continued financial support, Hospice will continue to meet the needs of the terminally ill and their families in Washtenaw County. I encourage anyone who would like to know more about Hospice, or who would like to receive the first annual report, to call Hospice of Washtenaw at 995-1995.

News Of Good Things Growing

It's National Cherry month, and we Michigan residents have a special reason for celebrating. Our state grows more than three-fourths of all the red tart cherries

produced in the United States, and we rank fourth in production of sweet cherries.

Last year, an estimated 207 million pounds of these Good Things Growing in Michigan were harvested, including 149 million pounds of tart cherries valued at \$30.4 million. Sweet cherries accounted for 58 million pounds worth \$10.3 million.

Let me paraphrase a popular commercial - cherries aren't just for pies anymore! I find cherries an especially versatile fruit, and they certainly add attractive color to many dishes.

Besides cherry pie, think of Cherries Jubilee when you want to impress guests (there's a recipe in almost every cookbook), or a Black Forest torte, or a cherry-topped cheesecake.

Cherries are a delicious complement to many meat dishes. One of my favorites is breast of turkey (Michigan, of course), simmered in cherry juice and seasonings. When the meat is tender, you simply thicken the sauce with a little cornstarch, add cherries and heat through before serving.

Similarly, a cherry sauce is traditional with baked Michigan ham, but it's equally good with baked pork chops. And it's tart and tasty with meatloaf.

Think of cherries when you prepare salads, too, either molded or fresh fruit salads. A familiar favorite combines black sweet cherries with sliced canned pears in a gelatin salad to which you've added a little Michigan sherry.

Some people carve out a career—others chisel them.

Varsity Volleyball Squad Remains Undefeated

by Jon Hardenbergh

The weather played havoc with many things lately, with our spikers being one thing. Up until Tuesday they'd seen no school and several games were called off. Last week schools got dug out and the sport action took off.

On Tuesday, we traveled to Redskin country to defend our undefeated league record. We took the first set 15-10 and fell asleep to allow Clinton to capture the second round, 5-15. We fought hard to reverse things in the final and we prevailed 15-5 therefore the winners. In the spike department Kari Agin led the way with 10 as Kay Eversole posted 8 and Beth Vicek had 6. Karen Dulle led in assists with 12 but Linda Rose was right behind with 10. All in all Beth led in scoring with 12 as Kay totaled 8.

Wednesday was a tough day as we trekked into Addison. The Panthers shared the L.C.A.A. lead with us as they also had an unblemished record. It was a rough first set as they took it 12-15. We knew we must take the second set to force the third—so we did 15-12. We just overpowered Addison to win 15-8. Again in assists Karen led the way with 18 as Linda had 12. Our 2 top spikers also lead one two in scoring, Kay had 15 spikes and 10 points with Kari having 12 spikes and 12 points. This victory now leaves us 5-0.

Thursday, saw us on the road again, this

time in Dundee. The Vikings wanted to be spoilers as they took the second set 15-15 after we'd taken the first 15-12. We continued unbeaten as we won the third set 15-9. Linda had a super night as she had 12 assists and 17 service points. Carrie Rice had 6 service points and 8 spikes. Kay had 16 spikes as Karen posted 10 assists.

Hit or Miss by Farley

Regarding the recent cold spell many are the tales that are told about the severity of the weather but an item that appeared some years ago in F.P.A.'s column in the Chicago Tribune is still more descriptive than any I have heard since.

It seems that a northeast storm had swept into Chicago one February day and had swept thru Lincoln Park which is on the lake shore on the north side of town and through which the winter winds from the northeast sweep immercifully.

This night the trees became encrusted with sleet and the winds seemed to blow right through one when F.P.A. as he was known, drove home thru the dark. As he approached the park he passed, near the entrance, a large statue of General Sheridan mounted on his charging steed and Mr. Adams recounted in his column the next day that it was so cold that the General has dismounted from his horse and was standing there swinging his arms in an endeavor to keep warm.

And along about this time we read the tale of a chap from a nearby town who went up to Copper Harbor in the Keewenaw Peninsula of Northern Michigan to visit his brother and found him shingling his garage roof, so he offered to help him. They applied themselves diligently and failed to notice the heavy fog which rolled in from Lake Superior and, as he told it later, "We shingled off nearly six feet into the fog before we even noticed it."

Manchester Area Spring Bloodmobile

The spring Bloodmobile for Manchester area is Monday, March 29, at Manchester United Methodist Church, 501 Ann Arbor Street, between the hours of 12 noon and 6 P.M. The blood supply is critical and the goal for the 29th is 250 pints. Appointments can be made later in the month of March at the local industry in which you work, through a recruiter in each of the area churches or at counter boxes in Ann Arbor Bank and Trust, Great Lakes Federal Bank, National Bank of Jackson or the A & B Market.

Because of a concentrated effort in the County to increase the blood supply, many individuals in the area have been called to come to Ann Arbor to give blood for open heart surgery, etc. It was an error on the part of the newly organized recruiting system in the hospitals to have included Manchester in the campaign at this time, because the Red Cross is counting on Manchester's usual 200 to 250 pints on the 29th.

If you are a regular donor and can come to the Manchester Bloodmobile between the hours of 12 and 6, tell anyone who calls that you are giving within the next thirty days in Manchester. Then don't forget to sign up with one of the places mentioned above.

One can give every 58 days or up to 5 times a year. A new law allows 17 year olds to give blood without bringing a signed permission slip to the clinic from a parent or guardian. The top age limit is through the 65th year.

Circle March 29 on your calendar now and tell a friend about the importance of giving blood at an American Red Cross Bloodmobile. The donor is the key to life.
