

**DIAL
—A—
GARDEN**

Dial-A-Garden, the system of pre-recorded daily gardening tips is sponsored by the Washtenaw County Cooperative Extension Service. The system is in operation 24 hours per day, 7 days per week. Interested persons are invited to call 971-1122 at their convenience and receive timely, up-to-date gardening information. Next week's Dial-A-Garden topics are:

Friday, February 19, Forcing Spring Flowering Shrubs Indoors.

Monday, February 22, African Violets.

Tuesday, February 23, Keeping Cut Flowers Fresh.

Wednesday, February 24, Plants for Kids.

Thursday, February 25, Is Your Teenager A Junk Yard Junkie?

News Of Good Things Growing

It's National Cherry month, and we Michigan residents have a special reason for celebrating. Our state grows more than three-fourths of all the red tart cherries

produced in the United States, and we rank fourth in production of sweet cherries.

Last year, an estimated 207 million pounds of these Good Things Growing in Michigan were harvested, including 149 million pounds of tart cherries valued at \$30.4 million. Sweet cherries accounted for 58 million pounds worth \$10.3 million.

Let me paraphrase a popular commercial - cherries aren't just for pies anymore! I find cherries an especially versatile fruit, and they certainly add attractive color to many dishes.

Besides cherry pie, think of Cherries Jubilee when you want to impress guests (there's a recipe in almost every cookbook), or a Black Forest torte, or a cherry-topped cheesecake.

Cherries are a delicious complement to many meat dishes. One of my favorites is breast of turkey (Michigan, of course), simmered in cherry juice and seasonings. When the meat is tender, you simply thicken the sauce with a little cornstarch, add cherries and heat through before serving.

Similarly, a cherry sauce is traditional with baked Michigan ham, but it's equally good with baked pork chops. And it's tart and tasty with meatloaf.

Think of cherries when you prepare salads, too, either molded or fresh fruit salads. A familiar favorite combines black sweet cherries with sliced canned pears in a gelatin salad to which you've added a little Michigan sherry.

Some people carve out a career—others chisel them.

Varsity Volleyball Squad Remains Undefeated

by Jon Hardenbergh

The weather played havoc with many things lately, with our spikers being one thing. Up until Tuesday they'd seen no school and several games were called off. Last week schools got dug out and the sport action took off.

On Tuesday, we traveled to Redskin country to defend our undefeated league record. We took the first set 15-10 and fell asleep to allow Clinton to capture the second round, 5-15. We fought hard to reverse things in the final and we prevailed 15-5 therefore the winners. In the spike department Kari Agin led the way with 10 as Kay Eversole posted 8 and Beth Vicek had 6. Karen Dulle led in assists with 12 but Linda Rose was right behind with 10. All in all Beth led in scoring with 12 as Kay totaled 8.

Wednesday was a tough day as we trekked into Addison. The Panthers shared the L.C.A.A. lead with us as they also had an unblemished record. It was a rough first set as they took it 12-15. We knew we must take the second set to force the third—so we did 15-12. We just overpowered Addison to win 15-8. Again in assists Karen led the way with 18 as Linda had 12. Our 2 top spikers also lead one two in scoring, Kay had 15 spikes and 10 points with Kari having 12 spikes and 12 points. This victory now leaves us 5-0.

Thursday, saw us on the road again, this

time in Dundee. The Vikings wanted to be spoilers as they took the second set 15-15 after we'd taken the first 15-12. We continued unbeaten as we won the third set 15-9. Linda had a super night as she had 12 assists and 17 service points. Carrie Rice had 6 service points and 8 spikes. Kay had 16 spikes as Karen posted 10 assists.

Meeting Notice

The Washtenaw County Legal Secretaries Association will hold its regular monthly meeting on Thursday, February 25 at Weber's Inn. Patricia Murray will speak on the services which are available to law offices through a record copy service. Ms. Murray is a former legal secretary and court reporter who has recently opened a copy business in Brighton.

Social hour begins at 5:30 with dinner served at 6. The program will begin at 7:00, and a business meeting follows at 8:00. All interested legal secretaries, administrators and assistants are invited to attend. For further information or to make dinner reservations, call Kathryn Koke at 429-4936.

Genealogical Society

The Genealogical Society of Washtenaw County will meet at the Liberal Arts and Science Building, Lecture Hall #2, Washtenaw Community College on Sunday, February 28, 1982 at 3:00 p.m.

Milton Charbonneau will speak on "Early Michigan History - Before the White Man" and Steven Shoman will speak on "The Durand Registration - Ottawa Tribe".

THE MANCHESTER ENTERPRISE

115TH YEAR VOLUME NO. 18 USPS 327-460 THURSDAY, FEBRUARY 25, 1982

MANCHESTER TOWNSHIP LIBRARY P. O.

20 Cents Per Copy

Hit or Miss by Farley

Regarding the recent cold spell many are the tales that are told about the severity of the weather but an item that appeared some years ago in F.P.A.'s column in the Chicago Tribune is still more descriptive than any I have heard since.

It seems that a northeast storm had swept into Chicago one February day and had swept thru Lincoln Park which is on the lake shore on the north side of town and through which the winter winds from the northeast sweep immercifully.

This night the trees became encrusted with sleet and the winds seemed to blow right through one when F.P.A. as he was known, drove home thru the dark. As he approached the park he passed, near the entrance, a large statue of General Sheridan mounted on his charging steed and Mr. Adams recounted in his column the next day that it was so cold that the General has dismounted from his horse and was standing there swinging his arms in an endeavor to keep warm.

And along about this time we read the tale of a chap from a nearby town who went up to Copper Harbor in the Keewenaw Peninsula of Northern Michigan to visit his brother and found him shingling his garage roof, so he offered to help him. They applied themselves diligently and failed to notice the heavy fog which rolled in from Lake Superior and, as he told it later, "We shingled off nearly six feet into the fog before we even noticed it."

Optimist Club Outstanding Citizen

Reverend Ronald Iris, Optimist Member, presenting award to Craig pictured here with parents Mr. and Mrs. John Sauter.

Kraig Sauter, a Manchester High School sophomore, has been nominated by his classmates for the Optimist Club Outstanding Citizen of the Month for February. Kraig has been a member of the band two years, has played one year of football, two years of basketball, and was on last year's track team. He has also been a member of the pep band two years and is currently serving as a class representative on the High School Student Council and is a member of the varsity choir. He received the 1981 Blue Lake Fine Arts Camp Scholarship from the Manchester Optimist Club.

Manchester Area Spring Bloodmobile

The spring Bloodmobile for Manchester area is Monday, March 29, at Manchester United Methodist Church, 501 Ann Arbor Street, between the hours of 12 noon and 6 P.M. The blood supply is critical and the goal for the 29th is 250 pints. Appointments can be made later in the month of March at the local industry in which you work, through a recruiter in each of the area churches or at counter boxes in Ann Arbor Bank and Trust, Great Lakes Federal Bank, National Bank of Jackson or the A & B Market.

Because of a concentrated effort in the County to increase the blood supply, many individuals in the area have been called to come to Ann Arbor to give blood for open heart surgery, etc. It was an error on the part of the newly organized recruiting system in the hospitals to have included Manchester in the campaign at this time, because the Red Cross is counting on Manchester's usual 200 to 250 pints on the 29th.

If you are a regular donor and can come to the Manchester Bloodmobile between the hours of 12 and 6, tell anyone who calls that you are giving within the next thirty days in Manchester. Then don't forget to sign up with one of the places mentioned above.

One can give every 58 days or up to 5 times a year. A new law allows 17 year olds to give blood without bringing a signed permission slip to the clinic from a parent or guardian. The top age limit is through the 65th year.

Circle March 29 on your calendar now and tell a friend about the importance of giving blood at an American Red Cross Bloodmobile. The donor is the key to life.

Emanuel To Host Community Ash Wednesday Worship

The Manchester Churches invite the community to the first of its Wednesday evening Lenten Worship Programs, Wednesday, February 24, at 8:00 p.m. Emanuel United Church of Christ will host this traditional Ash Wednesday Worship, which will be a time of quiet meditation, hymns, prayers and the receiving of the ashes which will be distributed by the various Pastors.

Fr. Schlunkert will bring a message, Mrs. Avis Spike will be at the piano, and special music will be offered by Rev. Ron Iris and the Emanuel Church Choir. Rev. Thomas Hart and Rev. Robert Macfarlane will be liturgists.

The season of Lent, which precedes our Easter celebrations, is a time for spiritual growth, and a time for re-dedication of the direction of our lives. You are all welcome to share in these weekly Wednesday evening opportunities for growth in the spirit.

Next Wednesday evening, at second in the series, we will be gathering at Sharon United Methodist Church at 7:30 p.m. for opening worship, and then a program by Dr. Janice Hammond, Principal of Klager Elementary School. Her topic will be "How's Your Stress Level?" She will be leading us in learning the signs and symptoms of stress, and ways of managing stress in positive ways.

"Spotlight"

By Kim Wackenhut and Lynn Marshall

Mrs. Sharon Hankamp has worked in Manchester Schools for 14 years. She presently teaches morning Kindergarten which is housed at Nellie Ackerson Middle School.

Mrs. Hankamp enjoys doing crafts, cross country skiing, working in her garden and playing with children.

She enjoys being with the children and teaching them new things. She lives in Saline and grew up in Indiana.

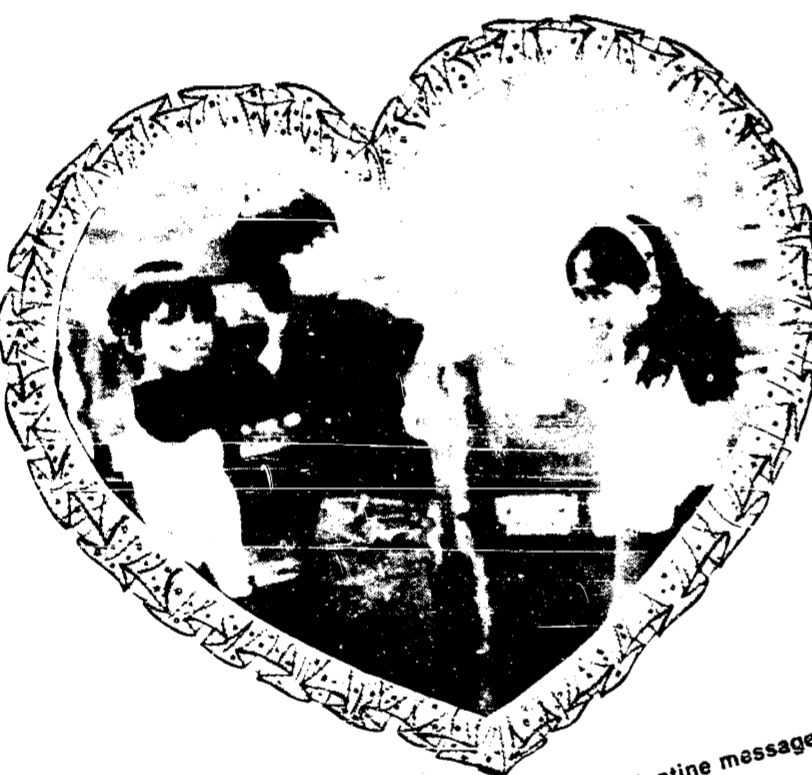

She has two children. Jeff is eight and in third grade. Scott is four.

She likes it in the morning when she's at school and in the afternoon when she's with her family.

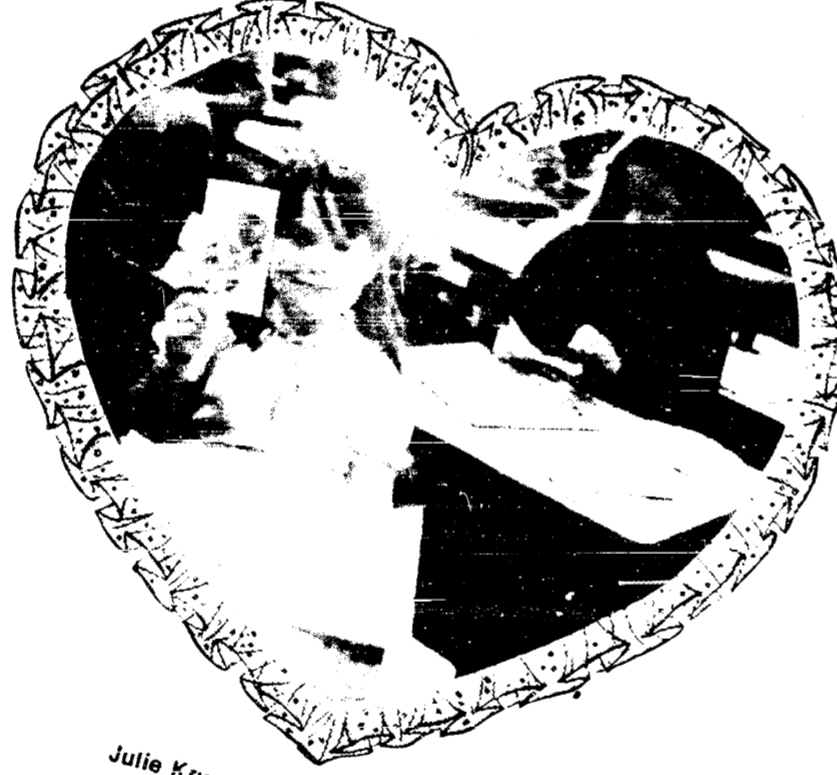

We had a very good time interviewing her.

"Mrs. Hankamp spends a great deal of energy planning different activities for her kindergarteners. Her children are working at levels where they feel comfortable and challenged," relates Principa, Dr. Hammond.

V A L E N T I N E S DAY AT KL A G E R

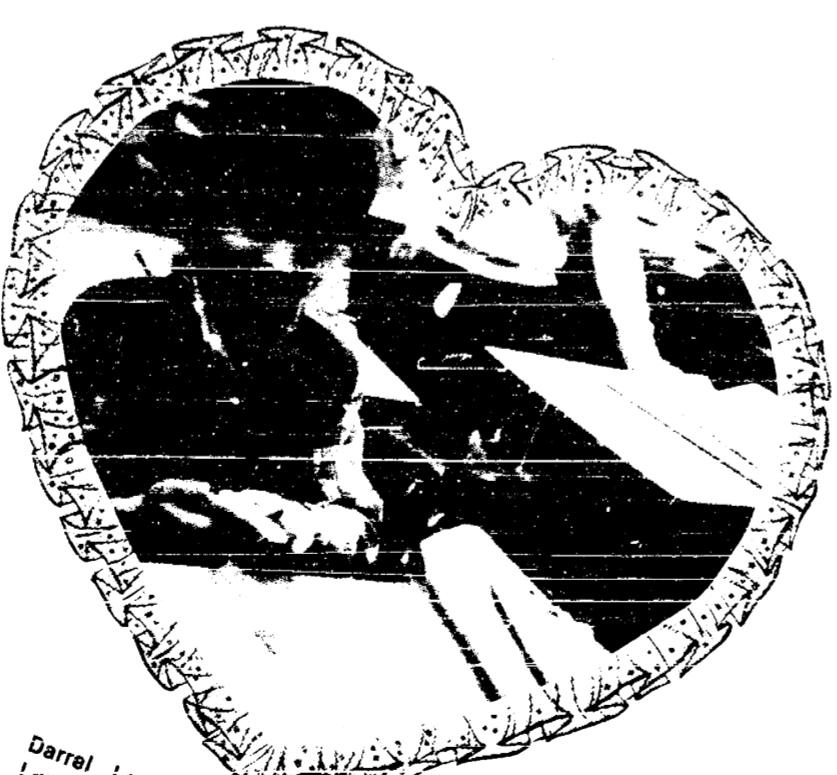

Marc DeShano, Jon Silkworth and Jenny Okey mail valentine messages to their friends in Mrs. Blossom's class.

Julie Kruso and Michelle LaRue.

Second Graders: Stephanie Underwood, Amy Polay and Ges Stripp present a big heart made by their class to Dr. Hammond.

Darrel Lee, a third grader in Mrs. Lowrey's class enjoys reading his cards.

Letters To The Editor

After reading the article "Township Tax Assessments" in last week's Clinton Local, I compared it with an article which appeared in the Ann Arbor News on January 21, 1982. "If 'ifs' and 'buts' were Assessment Cuts, We'd all be Richer". An article which I clipped and saved because of its interesting content.

In the Clinton Local article, they quote township supervisors Douglas Parr in Bridgewater and Clarence Fielder of Manchester as pointing out, "that the State of Michigan mandated the tax assessment increase. Local assessors and supervisors have no control over the assessment increase, but do have the authority to make assessments on individual properties."

According to the article in the Ann Arbor News, they stated that according to

MANCHESTER INSURANCE AGENCY

122 WEST MAIN STREET
MANCHESTER, MICHIGAN
Phone 428-8215

Home-Farm & General Insurance

Veteran State Representative Roy Smith, a Saline Republican who is regarded as one of the most knowledgeable legislators on assessing practices, pointed out that if local governments don't like assessment levels they have the power to cut the tax rate to bring down property taxes. Some Municipalities around the state, said Smith, "will levy every cent they can, blame the state and gripe all the way to the bank."

My question now is, who do we believe? A State Representative who is considered the most knowledgeable legislator on assessing practices, or our Township Supervisor Douglas Parr, who has been known to be misinformed in the past?

Deanna Beckelhamer
Bridgewater Resident

After reading Mr. Dick Martins letter to the Editor last week, I can safely say that no truer words were ever written. I have always felt that the township board has never gone out of their way to inform the residents of Bridgewater on business which directly concerns them. For example the new Ordinance and maps. Also another perfect example would be when a certain public hearing which would concern the residents at the Clinton end of Bridgewater was only published in the Manchester Enterprise. Most residents at that end, rely on the Clinton Local for their information. This meeting pertained to the re-zoning of that area from Agricultural to Residential and the Township Board was fully aware of the concern of those residents. When the question was asked, why it was only published in Manchester and not in Clinton, Mr. Blaisdell stated that it cost too much money to print in both papers.

Recently, however, The Township Supervisor attended a Township Association Meeting, held at the Hyatt Regency. At the last Board meeting (1-15-82) with no hesitation, the board reimbursed the Supervisor over \$200 for his expenses.

Where do the Board of Trustee's

priorities lie when it comes to spending our tax dollars? Is it more important to keep township residents well informed? Or is it more important to wine and dine the Township Supervisor first class at the Hyatt Regency?

Richard Beckelhamer
Bridgewater taxpayer

High School Honor Roll

3rd Marking Period

SENIORS

All A's - Stephanie Ames, Pamela Brown, Jenney Feldkamp, Kelly Gots, Jodi Huber, Amy Kocesi, Diana Pierson, Sherri Rowe, Carol Schaible, Joanne Stierle and Lisa Wolf.

Honor Roll - Shelley Barch, Rebecca Broucek, Lance Clark, Claude Cleland, Dawn Day, Karen Dulle, Eric Duncan, Kay Eversole, Donald Hagerman, Jeff Hawk, Cheri Hazen, Julie Honer, Kim Johnson, Sandy Knickerbocker, Frank Kuhn, Wendy Lavender, Victoria Lehr, Amy Little, Bruce Lobbestael, Pamela Martin, Teri May, Marcia Raab, Gary Reed, Daniel Reineck, Carrie Rice, Kim Richards, Lisa Rodriguez, Corrina Romine, Tim Seeger, Terrie Stengel, Michael Vitale, Elizabeth Vleck, Pamela Wellman, Carol Widmayer, and Colleen Zschunke.

Athletic Boosters Plan Hockey Game

How can you have a fun-filled evening for only \$2.00 and contribute to the Manchester Athletic Boosters at the same time? Just plan to attend the second annual hockey game between Manchester and the County Sheriff's Department.

Everyone who attended the contest at Yost Arena last year agreed it was a lot of entertainment for the price.

More details will be in next week's Enterprise. In the meantime circle the date, Friday, March 12.

Slide Lecture Sponsored

Nature and culture oriented expeditions to South America, the Himalayas and the island of Sri Lanka will be the subject of a slide lecture sponsored by Journeys and The Earth Preservation Fund to be held at 8 p.m., Friday, March 5 in the meeting room of the Ann Arbor Public Library, 343 South Fifth Avenue.

Program directors Joan and Will Weber will discuss upcoming trips to Nepal, Sri Lanka and Peru, open to public participation. The trips emphasize cross-cultural contacts and help support such projects as reforestation in Nepal, sea turtle hatcheries in Sri Lanka and environmental education in Peru.

The program is free and open to the public. Copies of the *Greener Globe*, the newsletter of the Earth Preservation Fund will be available at the presentation.

Nonsmokers Have Rights Too!

As a nonsmoker, you're enjoying a fine Sunday dinner when, suddenly, smoke from Uncle Ernie's cigarette drifts your way. What to do?

Besides being annoying, "second-hand" smoke is unhealthy. There are hundreds of chemicals in tobacco—from ammonia to tar. Moreover, hundreds more are created when tobacco burns. Any one of them can assault the body. Together, these chemicals make smoking the problem that it is and result in more than 300,000 premature deaths (lung, heart, and blood disease-related deaths) every year.

You're fond of your uncle, and you could choose to ignore his smoke. That way, you'd be risking up to 12 minutes of chemical exposure from his cigarette and the smoke he exhales.

Or, you can choose to follow some simple steps that will probably get him to stop smoking at the table without getting him angry or upset.

The American Lung Association says: Choose your time, keep calm, consider the smoker's feelings, but be clear about your own situation. Then suggest a solution and follow through.

With Uncle Ernie, you might wait patiently until he finishes that war, then say, "I'm sure you're enjoying that cigarette, but the smoke is interfering with my enjoyment. I'd appreciate it if you didn't smoke at the table. Maybe you'd smoke somewhere else after the meal is over. Otherwise, I just can't enjoy my food."

When he acts startled, then sheepish, and puts out the cigarette, don't forget to thank him.

If you have a relative like Uncle Ernie, or if you want to know how to deal with second-hand smoke in public places, the American Lung Association of Michigan offers information to help you assert

yourself. Ask for it by calling toll free 1-800-292-5979. In the greater Lansing area, call 484-4541.

Senior Citizens Meals

Meals for people over 55 years of age are sponsored by the Manchester Area Senior Citizens Council at Emanuel United Church of Christ dining hall at noon every Tuesday and Thursday (except for school "snow days"). Call for reservations and information 428-8359 between the hours of 9:00 and 3:00 on weekdays.

The menu for Tuesday, March 2, is: Swiss Steak, Potatoes, Vegetable, Fruit, Bread and Butter, Dessert, Coffee, Tea and Milk. Come at 11:00 for the very helpful Exercise Class and enjoy the meal even more.

On Thursday, March 4, they are serving: Macaroni & Cheese with Ham, Vegetable, Fruit, Bread & Butter, Dessert, Coffee, Tea and Milk. Following the meal there is a Craft Session with something for everyone.

Bulletin: The postponed Bingo Game promised back in January will be March 2, Tuesday, following the meal. It is important that you make reservations for the meal by Monday, March 1 if at all possible. (Hope we aren't bringing on another snow storm!)

Attention! Senior Citizens

The Manchester Senior Citizens will leave Emanuel parking lot promptly at 12 o'clock sharp Sunday, February 28 for Chelsea to see "Plaza Suite". The matinee performance is at 1 p.m. only. Tickets are sold at the door at \$3.50 each and no reservations. The matinee is held at St. Louis School For Boys.

Everyone is welcome to come and go with us. Call Helen Braun 428-8966 for more information.

Manchester Nursery School

L to R—Andrea Tubaugh, Becky Dufresne, Mrs. Joyce Meade and Andrew Macfarlane. The children are in Mrs. Karen Meyer's Monday, Wednesday, Friday class.

On Tuesday, February 16, and Friday, February 19, Mrs. Joyce Meade visited the Manchester Nursery School classes. She brought along four sizes of string instruments: a small sized violin used for instruction with small children, a regular sized violin, a viola, and a cello. Mrs. Meade named, explained, and demonstrated each of these string instruments to the children. She also played requests from the children along

with the well-known and favorite nursery rhyme tune, "Pop Goes The Weasel!"

The children were especially interested in the various sizes of the "string family." Of course, their favorite was the small sized child's violin.

All the children and both teachers, Mrs. Shar DuFresne and Mrs. Karen Meyer, were pleased with the visit by Mrs. Meade and her "string family" instruments.

BRIDGEWATER TOWNSHIP ASSESSMENT INCREASES

PROPERTY ASSESSMENTS WILL BE RAISED BY THE FOLLOWING AMOUNTS IN 1982:

COPING

Does worrying about coping with rising food prices cause you to bring home a few gray hairs along with the weekly groceries?

If so, perhaps you should consider the black and white solution now offered by more than half of Michigan's grocers: generic products.

Coping decided to do a little personal research on the subject. Read on to share the results.

When generic products—modestly attired in their black and white packaging—first appeared on grocery store shelves five years ago, it was difficult to predict their impact.

They definitely offered a thrifty option for price-conscious shoppers since most food items typically cost from two to 10 cents less than their brand-name cousins. The spread between non-food generic products and their brand-name counterparts is even greater.

But we shoppers are a curious lot. What we buy is influenced by many things in addition to economy—habit, impulse, packaging, long-time confidence in a particular brand, for instance.

Before we are willing to put generic products into our shopping carts—and ultimately into our mouths—we have some things to consider.

First is the stigma attached to making generic purchases. Black and white packages, like plain brown wrappers, are eyebrow raisers in some circles.

But a marketing expert recently told a national advertising magazine that this

great stigma no longer exists, indicating that more and more of us are overcoming our reluctance to at least sample generic products.

Generics were around long before the black and white labels, another food specialist told Coping, except they were sold with fancier packaging. Black and white labeling, minus advertising, helps keep production costs, and ultimately prices, down on generic products.

Once we decide to give generic products a chance, the next consideration is quality. Generic products are like unknown actors—they have to prove they can fill the role satisfactorily.

An executive of a national consumer interest organization contends that affluent, well-educated consumers are the least skeptical about trying generic products.

He says that lower income shoppers who would benefit most from the savings seem to be more reluctant to try generics. They tend to place their faith—and their food dollars—in products which come with a brand name and a "social seal of approval."

Coping suggests that all shoppers conduct their own product by product testing program, comparing generics with the branded products they generally use.

While equal to their brand-name counterparts nutritionally, generic foods are uneven in quality. There is no attempt to hide it. In fact, we get a notice to that effect on many packages.

As one grocer explained to Coping: "Generics are what we get when the big companies have a surplus. They are just as good and safe, but the crackers might be salted on only one side, there is less sugar in the fruits and the peas come in

assorted sizes." In other words, although they may be more mature, not quite as tender or less colorful, generics are every bit as nutritional as the cream of the crop.

"Generics are probably not for the gourmet with an acute palate," one food expert remarked. "It all depends on personal taste."

We may like a particular item the first time around and then be disappointed with it on the second try.

Such inconsistency may be frustrating but it's a fact of life we have to accept along with the price tag.

Perhaps the key is deciding when and how to use generic products to the best advantage. While Coping wouldn't serve generic products when the boss comes to dinner, they are good family fare.

Coping has also found some ways to camouflage generic products so no one need know they are included in the final culinary creation.

Those half-salted crackers the grocer mentioned are just the ticket for stretching out a pound of ground beef for a meatloaf. The tartar fruit jazes up a gelatin concoction. Those variable peas are unnoticeable if they are rolling around with some carrots and potatoes in a stew.

Be inventive and innovative. If you don't want to own up to using generic products, just say that the recipe for your casserole is a "family secret."

From the grocer's viewpoint, stocking generic products is almost like a public service since the profit margin may be less than for brand-name products. But as one grocer points out: "We like to offer customers as much choice as possible."

The manager of a large Michigan chain store calls generic products "the fastest moving section of the store right now."

He estimates that 50 percent of his shoppers buy generic products and is meeting demand with plans to supply another 25 product choices.

Even smaller inventory outlets are adding more generic products, according to a Grand Rapids wholesaler who caters to small stores.

"They are definitely stocking more items all the time," he says. "I wouldn't say there is a big boom but it is growing all the time."

The most popular generic products seem to be non-food items such as cat litter, dog food, aluminum foil and trash

bags. Sales in paper products, like toilet paper, paper towels, napkins and tissues, have really shot up. These products typically cost 20 to 25 percent less than similar branded products.

Also among consumer favorites, according to a manager of a large retail store, are macaroni, tuna, noodles, vegetable oil, ketchup, frozen food and peanut butter.

"People really cleaned the generic peanut butter right out when prices went so high," he recalls.

Whether or not they have tried generic products, many consumers have formed an opinion about them. Those opinions, as evidenced by a non-scientific supermarket survey, are as varied as the items themselves:

"I don't like the quality."

"I like the quality fine."

"I heard the pickles weren't good."

"The pickles are the best."

"I don't know who is making them so I don't buy them."

"They're great!"

"I've never bought any of them and I don't know why."

"When prices started going up, I had to do something."

Although cautioning that his crystal ball may be unreliable, one wholesaler predicts that generic products are here to stay.

The accuracy of that prediction may lie in our willingness as shoppers to give generic products a fair trial before passing judgment. The answer may be as obvious as black and white.

"The Coping..." column is made available as a public service of Michigan Food Dealers Association, Lansing.

Tuesday Singles

If you enjoy dancing to good music come and join the Tuesday Night Singles at the American Legion Hall, South Main Street, Ann Arbor, on March 2, 1982. Dance from 8:30 to 11:30 p.m. to the music of the Joe Wash Band. Refreshments served.

Ballroom dance lessons from 7:30 to 8:30 p.m. before the regular dance. For more information call 482-5478.

TRUCK WEIGHT RESTRICTIONS

of this Board and by virtue of the applicable sections of the Michigan Vehicle Code being Act 300, Public Acts of 1949 as amended, we impose springtime axle load restrictions effective at 6 a.m., Monday, February 22, 1982.

The Washtenaw County Road Commission deems it necessary to preserve the roads under the jurisdiction. The allowable truck loadings are as follows:

Spacing Between Axles	Concrete	Black-Top & Gravel
9 feet or over	13,500 pounds	11,700 pounds
More than 3 1/2 feet, but less than 9 feet	9,750 pounds	8,450 pounds
When less than 3 1/2 feet the combined weight shall not exceed	13,500 pounds	11,700 pounds
Maximum load on any wheel shall not exceed [pounds per inch of tire width]	525 pounds	450 pounds

MAXIMUM TRUCK SPEED

No truck tractor or tractor with trailer, nor any combination of such vehicles with a gross weight loaded or unloaded in excess of 5,000 pounds shall exceed a speed of 50 miles per hour which shall be reduced to 35 miles per hour during the period when reduced loadings are being enforced.

"Devil's Invention"
 A lesson from the past...

Almost a century has passed since Silvio Dolza heard a Sicilian clergyman assail the steam engine as the "devil's invention."

History, of course, has proven the clergyman wrong. But time hasn't erased the sermon from John Dolza's memory, for his father - Silvio - stressed it as an example of the dangers of ignorance and superstition.

"God made fire the enemy of water," the clergyman warned. "Great fires will make water disappear. He made water the enemy of fire; indeed much water will kill a fire. The men that try to marry fire and water in engines are sacrilegious and are working against God."

"To us it sounds ridiculous, but the opposition to modern things of most of the Sicilian leaders proved to be a very, very serious handicap for many years," John Dolza says.

The lesson accompanied Dolza and his engineering skills when he immigrated to the United States as a young man. He worked for General Motors for many years, then began Dolza International Engineering. Credited with more than 120 inventions, he lives in Fenton.

Through his 80 years Dolza has seen countless technological changes. But although the machines change - nuclear power is on the energy forefront that steam power held a century ago - Dolza sees a disheartening similarity between his father's time and today's fight against nuclear power.

"The opposition to nuclear power is very, very harmful," he says. "With the price of imported energy, keeping these nuclear plants from being completed is just plain criminal."

He points out that Italy paid a high price for a similar mistake long ago, when 10- and 15-year-old children were forced to work in underground sulfur mines.

"These youngsters died of tuberculosis caused by malnutrition, no ventilation in the tunnels and sulfur dioxide," he says. Meanwhile, American ingenuity found a way to inject steam into the ground, melt the sulfur and make it float through nearby wells to aboveground collectors. This technique, besides discarding the dangerous child labor, was more economical.

John Dolza

In Italy, however, prejudice against steam power blocked the new technology. The opposition killed Italy's sulfur industry.

"When I see on television mostly young people opposing nuclear power plants, I realize with great sadness that ignorance is just as serious today as a century ago," he says.

"Imported oil is making us poorer and poorer, and the money spent abroad comes back to buy off our land and its resources. Oil for power stations will be even more prohibitive in the future than now."

"I've never seen anything so safe or so respectful of its surroundings as nuclear energy. I think the developers have to be congratulated for a step forward," Dolza says.

"If we are to follow the antinuclear power plant logic, then we would all go back to nature and live in caves."

"Nuclear power does not put smoke into the atmosphere. It does not put sulfur dioxide into the atmosphere. It does not put dust into the atmosphere. We need nuclear energy."

"It would show the future financial disaster if this nation permits itself to lose its muscles by accepting the intimidations of ignorance."

This advertisement, which is paid for by the shareholders of Consumers Power Company, is based on a letter from Mr. Dolza to John D. Selby, chairman of Consumers Power Company.

VA News

Thousands of Michigan Vietnam Era Veterans may be eligible for a one time, two year extension of their G.I. Bill delimiting date.

Gordon Clowney, Director of VA's Regional Office in Detroit, said that the Veterans' Health Care, Training and Small Business Loan Act of 1981 signed by President Reagan on November 8, 1981 extends eligibility for certain training programs to educationally disadvantaged or unskilled Vietnam Era Veterans who allowed their 10 year delimiting date to expire before using all their entitlement for G.I. Bill training. The extension period begins January 1, 1982 and ends December 31, 1985.

Eligible veterans may use their remaining entitlement to receive benefits for high school training, if they do not have a H.S. diploma or equivalent, or vocational, apprenticeship or other on-the-job training, if the VA determines that training is needed because the veteran is unskilled.

Payment for high school training will be limited to the cost of tuition and fees charged. Payment for vocational, apprenticeship or other on-the-job training will be at the regular G.I. Bill rates.

Enrollment in college degree courses, correspondence and flight training is not allowed. Veterans who have earned college degrees are not eligible for the extension.

The VA will also provide veterans with employment assistance following completion of their training to help them find suitable employment.

Clowney urges all potentially eligible veterans to contact the Detroit Regional Office for further information. Veterans residing in the Detroit Metro Area should call 984-5110. Veterans residing outside the

New Prevention Program Launched At Hospital

The pilot program of Saline Community Hospital's new "Pumper Power II" program was a success. Sessions for the new program were held twice weekly at Union School with seven participants gaining a new respect for their bodies by feeling and looking better through an enjoyable new experience.

The purpose of the program is to provide an individualized cardiovascular program of exercise combined with education. "Pumper Power II" promotes cardiac conditioning and awareness of the need for physical activity to reduce the risk of heart disease. "We assist the participants in establishing a sense of responsibility for their own health," states Program Coordinator, Kathy Parker, R.N. "This is an educational program coupled with a livable exercise program. We find a means by which to incorporate exercise into the lifestyle of participants and to help them maintain that exercise program. To be of value, an exercise program must become a part of our lives, not just something we do during a short term class."

Reasons for participation in this phase of Saline Community Hospital's cardiac rehabilitation program vary. Some individuals have a known history of heart disease, while others are low risk and healthy individuals who need to "get back in shape". All are persons who desire a structured, medically approved program to meet their individual needs.

If you have made a resolution for better health, you may wish to obtain further information regarding this program. Please contact Kathy Parker, R.N., Program Coordinator at Saline Community Hospital, 429-5435, ext. 367.

Saline Hospital Board Welcomes New Member

Recently elected to the Saline Community Hospital Board of Directors is Mrs. Isabelle Schultz. Mrs. Schultz is a lifelong member of the community of Milan, having graduated from Milan High School and Michigan State University. She has been very active in "Citizens for Better Schools" in Milan and is currently aiding in the organization of a Milan Friends of the Library group. Mrs. Schultz is a journalist, serving as a writer and editorial assistant for the Milan Leader. She has also had numerous articles published as a free lance writer for major area newspapers. She and her husband, Duane, have three grown children and share the responsibilities of the family business, Schultz motors of Milan. Mrs. Schultz fills the Board vacancy created by the resignation of Mrs. Bonnie Faxton.

Continuing in his well-distinguished role as President of the 24-member Board of Directors is area attorney Stanton Roesch. Mr. Roesch joined the Board in 1961. During his tenure, he has served in the capacity of Board Secretary for 10 years and as Board President since 1977. Also re-elected as officers of the Board are Citizens Bank Vice-President William Howard as Board President, Manufacturers Bank of Saline President Thomas Collins as Board Secretary and Wesley Exelby who continues in the position of Treasurer.

Re-elected members of the Board are: George Anderson, George Brookline, Thomas Collins, Edward Doll, Dr. Eugene Garrison, Ethan Jones, Mrs. Woodie Merchant and Stanton Roesch.

Inflation has raised the price of everything. Even "an ounce of prevention" is worth only a half pound of cure.

 Freedom Township Supervisor-Assessor

Dutch Qualify Three For Regionals

The Manchester Wrestling Team won two more matches this past week, raising their season record to a much improved 6-7 record over last years 2-9 record.

On Tuesday, February 16, the Dutch were suppose to host a triangular meet with Adrian Madison and Ann Arbor Gabriel Richard. The Dutch had faced both teams previously this season, defeating Madison 42-30 and losing to Gabriel Richard 36-33 just one week ago.

Madison backed out of the meet at the last minute giving both Manchester and Gabriel Richard forfeits. The evening then came down to a confrontation between the Dutch and the Irish, with Manchester coming out on top with a 39-33 victory.

The Dutch won seven out of the thirteen weight classes for the victory. Winners for the Dutch were Greg Bondy with a pin in 1:25 at 126 lbs., Dave Rodriguez with a pin in 4:30 at 132 lbs., Roger Day with a 9-4 decision at 145 lbs., Jeff Daubner with a pin in :29 at 167 lbs., Dan Flick with a forfeit at 185 lbs., Jeff Hawk with a forfeit at 198 lbs., and Jeff Lance with a forfeit at Heavyweight.

In J.V. matches, Steve Vleck pinned his opponent in the first period at 132 lbs.

The Dutch took the rest of the week off so they could prepare for the upcoming District competition which would be held on Saturday, February 20 at Dundee High School.

There were thirteen teams invited to the Dundee Districts, with District competition going on at eight schools through-out the state. Only the top four finishers at each weight class would qualify for Regional competition which for us will be held at Dundee on Saturday, February 27. Going into Regionals there will only be 32 wrestlers left at each weight class, which will be narrowed down even farther to just sixteen wrestlers in each weight class.

Regional qualifiers for the Dutch were, Dan Flick with a third place finish at 185 lbs., Jeff Hawk with a fourth place finish at 198 lbs., and Jeff Lance with a fourth place finish at Heavyweight.

Dave Rodriguez didn't qualify for Regionals but he did defeat Steve Weber of Dundee with a 9-7 decision whom he lost to earlier this year.

Out of the thirteen teams at Districts, we managed to finish in ninth place. Here is a list of the other schools that were at Districts and their scores.

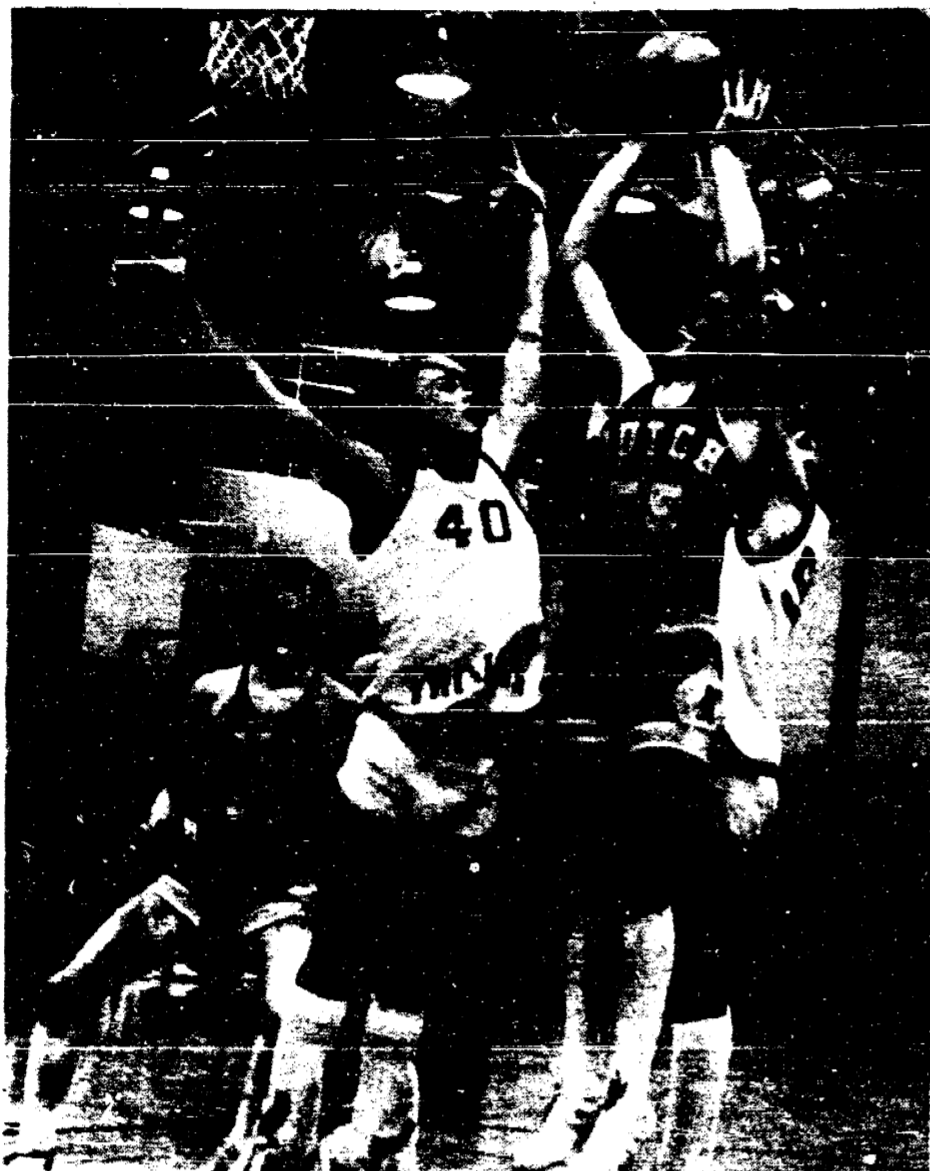

1. Ida 132 points.
2. Addison 149 points.
3. Dundee 117 points.
4. Harper Woods, Lutheran East 116 1/2 points.
5. Hudson 105 points.
6. Clinton 65 1/2 points.
7. Mt. Clemens, Lutheran North 53 points.
8. Flat Rock 39 points.
9. Manchester 32 1/2 points.
10. Onsted 32 points.
11. Detroit Lutheran West 26 1/2 points.
12. Birmingham Detroit, Country Day 13 points.
13. Blissfield 3 points.

The wrestlers still have one meet left this year which will be a make-up with Addison on Monday, February 22.

Along these same lines the National Agricultural Chemical Association recently told the House Agriculture Subcommittee on Department Operations, Research and Foreign Agriculture that a \$20 million package, primarily of health and environmental data was submitted to the EPA to support the registration of a single new pesticide.

Number 55 Dave Malcolm pops for 2 of his 13 points Tuesday. Friday he hit for 20 more. Photo by Jon

Dutch Roundballers So Close!

by Jon Hardenbergh

I guess we really learned this week the true meaning of the saying "Close-only counts in horseshoes and hand grenades". Tuesday we trekked to Whitmore Lake and fell in overtime and Friday we lost to Napoleon with under a minute left.

We just couldn't connect offensively Tuesday at first and this enabled the Trojans to assume a 12-4 edge thru the opening 8 minutes. The following 2 periods saw us rally and knot the tally 31-31 entering the final period. We did jump to a four point lead but Whitmore Lake fought back to tie it 43-43 at the end of regulation time. They did go up 2 but Pete Johnson hit both of his freebies to even it at 1:30. As time ran down no scores were added altho we did have some golden opportunities to up our tally-but didn't. We shot and missed with a Trojan being fouled in the closing seconds and he sank his free tosses to end it 47-45. Dave Malcolm was high for us as he hit for 13 as Pete added 12. Jim DuRussel entered off

Our Little Dutch Split

by Jon Hardenbergh

We really seemed to do everything right as we downed Whitmore Lake on Tuesday, 47-27. Although we did put more points on the board in each period, the third 8 minutes turned the tide. After a halftime cushion of 5 points we left the locker room to out-score them 18-2. Pat Ridenour was high scorer as he popped for 15. Ron Melcher followed with 14 points, but swept the boards 12 times.

On Friday, Napoleon came out gunning and remained hot through-out to win 60-61. Our coach, Curt Fielder, mentioned our defense has held opponents to an average of 50 points per game but Napoleon totaled 55 thru 3 periods-that makes it tough on the offense. Ron held top scorer tonight as he canned 15 points while grabbing 8 caroms. Tom Bejma followed adding 10 points as he cleaned the glass 9 times.

Nowadays marriage is when you discover you can't live with someone you can't live without.

Girls Volleyball Squad Remains Undefeated

by Jon Hardenbergh

On Monday past, we met our arch-rivals from Clinton and simply over-powered them in 2 straight sets. The first set was 15-4 as the winning set ended 15-9. Kay Eversole led the point getting with 9 as Tammy Honer was right behind with 8 points. Kari Agin topped the chart with 9 spikes as Karen Dulle led with 10 assists to Colleen Burch's 5 assists. We now remain unbeaten in the L.C.A.A. at 7-0 and 9-4 overall.

The Thursday contest was postponed due to the weather.

On Saturday, we traveled to Ann Arbor to be 1 team in a 17-squad tourney. This - the Ann Arbor Area High School Tournament was co-sponsored by the U of M Athletic and Recreation Departments and the Ann Arbor News. Of these 17 squads ranging from Class A to Class D we finished 2nd in our 4 team pool but lost to Ypsilanti in the first round of an 8 team single elimination bracket. This now leaves our overall win-loss record at 11-6. In the 4 games we played, we won 2 and lost 2. I'll give a quick summary of games, then list individual doings. Brighton fought hard and narrowly escaped 13-15 and 10-15. Then we downed Lincoln 15-5, 10-15 and 16-14. Following this, we took care of Pioneer in 2 sets, 15-12 and 15-9. We then got sent home by Ypsilanti 10-15 and 4-15. Individually: Kari Agin-37 spikes and 17 points; Karen Dulle-18 assists and 3 points; Kay Eversole 21 spikes and 7 points; Linda Rose 29 assists; Beth Vleck 11 points; Carrie Rice 5 spikes; Tammy Honer 5 assists and 3 points.

the bench and did a solid job totaling 8 points.

At Napoleon, Friday, it was once again a low scoring battle as with :48 seconds left the Pirates held a one point lead. Unfortunately they found themselves at the charity stripe shooting 1 and 1 but he did miss-. The rebound found, fell to Napoleon and in the hoop the sphere went and the Pirate was fouled-this freebie he made. This spelled doom for us as the final was 42-35. Dave was hot tonight as he burned the nets for 20 points as Pete totaled 10.

In his last illness when he was in his nineties George Bernard Shaw was so frail that every time he closed his eyes, the nurse would lean over him to see if he was still breathing.

Once, when she was about to do so, he opened one eye and said: "Will you promise me something?"

"Of course," she said "What is it?"
"After: the doctor pronounces me dead" said the playwright, "get a second opinion."

BUSINESS STATIONERY
That Gets You The Business

Richly Thermograved!
Yet Costs So Little!

You'll like the look of success that low-cost Coronet Thermograved Stationery gives your company. Feel the raised print! So elegant it says you are not only a successful company, but also says you have good taste!

Business cards and stationery at very moderate cost. Ask us for layout samples.

Manchester Enterprise
150 East Main Street

What if a friend called and said all of the businesses in your town closed up!

What would it mean to you? How would you fare financially?

It could happen. In some towns it already has because the local people did most of their shopping out of town. We all know of communities with lots of empty stores... and empty stores mean less tax support... a lot less.

Did you ever think about how much of our community's taxes are paid by business? If they were no longer paying their share, do you know how much more your taxes would increase to pay for essential local services? If they no longer made charitable donations to those groups to which you belong, how much more would you have to pay?
A healthy business community benefits everyone. Shop locally.

No need to roam... the best shopping's here at home!

Maple Sugar Festival

Due to the popularity of last year's Maple Sugar Festival, the Waterloo Nature Center will be offering a program on maple sugaring designed for school aged children. This program will be available for one week only, March 15-19. (The Maple Sugar Festival will be on March 20-21.) The following is a complete list of the program:

Maple Sugaring - This program will include a slide presentation, a puppet show and a field trip to the lowland woods to see the tapping process. Each student will receive a sample of maple sugar and will learn first hand the joy that the Chippewa children experienced during the "moon of the loose bark."

Life In A Bog - The story of the formation and succession of Michigan's inland lakes. Your group will walk to the floating bog to see insect-eating plants and orchids in season.

Michigan Birds - Adaptations, nesting habits, and migration patterns of common birds are covered in this program. An indoor introduction will familiarize them with the birds they may see on the field trip. The children will be able to see with binoculars and instructed in their use.

Spring Frogs - Children will be able to see and touch the frogs commonly found in woodland ponds and roadside ditches at this time of year. They will learn the lifecycle of the frog and have the opportunity to visit the pond and hear the male frogs singing.

Life In A Spring Pond - During the collection trip, the children will learn the ecology, identification and life cycle of plants and animals in the pond. Water collected will be examined under microscopes to reveal the tiny creatures that are often overlooked.

Michigan Geology - A Study Of The Glaciers - This program introduces students to the common rocks and minerals of Michigan. It includes a brief introduction indoors before we leave by auto caravan to a local gravel pit and then on to historic Murder Mountain.

See Walkers Like - This program is designed for the little ones. We will use our five senses to discover the world

Substance Abuse Discussions

Teenagers with drug and alcohol problems are the focus of Mercywood Hospital's Substance Abuse Discussions for March.

Held at the hospital on Jackson Road each Tuesday evening at 7:00, the discussions are offered to the public at no charge and led by Mercywood Psychiatrist David Logan, MD, specialist in the treatment of substance abuse.

Noting that community response to the new discussion series has been "very rewarding," Logan reported that the March series will be especially helpful because Families Anonymous and Alanon will meet immediately following each presentation.

"We encourage anyone who suspects a teenager close to them of abusing drugs or alcohol, and is wondering how to help, to come to the meetings," Logan said.

Topics for the month include "Teenage Drug and Alcoholic Abuse: The Adolescent Failure Syndrome," March 2; "Is My Teenager Harmfully Involved?", March 9; "What is Effective Treatment?", March 16; and "How Can I Get My Child to Accept Help?", March 23.

Information about the discussions, initiated in February, may be obtained by calling 572-4000.

Xi Epsilon Iota

The Xi Epsilon Iota chapter of Beta Sigma Phi held its regular meeting February 16 at the home of Dee Mullins. The business meeting followed Opening Ritual. It was decided to send \$50.00 to the Saline Community Hospital for the Radiographic Fluoroscopic Unit. April 24 has been set aside as our annual Founder's Day celebration. This social event will take place at Mountain Jacks in Ann Arbor. Many different things highlighted the meeting: 1) The Exemplar Ritual was read for Martha Haussler who has recently

progressed into this chapter. We are delighted to have Martha with us. 2) Congratulations were in order for Mary Kalleward who won the Village Primary Election for Trustee. Annual Election will be March 8. Good Luck from us all. 3) One of our sisters recently turned 40! Appropriate gifts were given considering her age!

Our next meeting will be March 2 at the home of Elaine Creech. We are looking forward to Lambda Nu visiting us. We will have a short business meeting and then have a White Elephant Sale.

Dexter To Hold Meter Run

The South and West Washtenaw Vocational Consortium, in cooperation with the Dexter Community Education program, will hold a five and ten thousand meter run on Saturday, March 27, in Dexter.

All participants will receive a T-shirt and there will be prizes awarded. There is a \$5 pre-registration fee to participate and on run day, the fee will be \$7. Entry blanks can be obtained in the Manchester High School office from 8 a.m. to 3:30 p.m. on school days.

The official name of the run is "Vocational Education Keeps America Running 5K & 10K Run." The Consortium is made up of the Chelsea, Dexter, Manchester, Milan and Saline school districts to provide vocational education classes to students enrolled in each of the districts.

Attention! Class of '77

Manchester High School, Class of 1977, 5th class reunion is being planned. There will be a meeting for all those interested in planning the reunion, on March 11, 1982, at 7:00 p.m. at 11696 Pleasant Shore Drive. If you would like any information or directions please call 428-7606 or 429-4382.

ELECTION LAW, ACT 118, P.A. 1954

SECTION 720. On the day of any election, the polls shall be opened at 7 o'clock in the forenoon, and shall be continuously open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

THE POLLS of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

HELEN J. KENSLE
Acting Village Clerk

DIABETES

Years ago it was commonly known as sugar diabetes. Most people thought it was caused by eating too much sugar. Of course it wasn't true; diabetes mellitus is caused by an inability to produce, or fully use, insulin which, in turn, converts glucose (blood sugar) to energy. This causes blood sugar to rise above normal. So diabetes isn't caused by sugar but by an inability to handle carbohydrates (or sugars and starches) as well as proteins and fats.

There are two kinds of diabetes: insulin-dependent, and non insulin-dependent, formerly known as adult diabetes. It can occur at any age but the former usually strikes young people, while the latter usually occurs in those over forty.

Although diabetes is serious, it can be controlled. When properly managed, it's fairly easy to live with. But, because diabetes involves many body systems, complications can occur, usually after many years. These potential complications are a major concern for every diabetic.

Long term complications include eye disease known as diabetic retinopathy; kidney disease, heart disease, and problems with the extremities, especially the feet. Every diabetic will not develop these complications. Some will have none and those who develop complications will do so with varying degrees of severity.

The best way to delay or prevent complications is to regulate the disease so there are no wide swings in blood sugar levels. And this depends on continual good management and control. This means seeing a doctor regularly and using that guidance to take the best possible care of oneself.

For example, it's very important to see an eye doctor (ophthalmologist) regularly because diabetes is a leading cause of blindness. But research has produced several successful ways of treating diabetic retinopathy, if found early. Every diabetic should have an examination by an ophthalmologist at least once a year. Similarly, diabetic kidney disease can be treated with diuretics and a restricted diet if found early.

So diabetes is a serious disease but, even though it can't yet be cured, it can be managed well through diet, exercise, weight control, and medications. If you're a diabetic the basic rule is to see your doctors regularly and carefully follow their advice. If you do, you will live longer, more productively, and more comfortably.

Manchester Community Fair News

Even this early in the year plans are being made for the Manchester Community Fair, scheduled to be held August 17-21. The Michigan Association of Fairs and Exhibitors convention on January 14, 15 and 16 was attended by members Elmen Kopka, Mike Rossette, Carol Britten, Kathy Richardson, Jim Thelen and his wife Renee. They brought back to us many new ideas for making our fair better than ever.

NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that a Public Hearing will be conducted before the Village Zoning Board of Appeals on the application of the BLACK SHEEP THEATRE pertaining to the premises located at 122 W. MAIN STREET, Manchester, Michigan. (OLD METHODIST CHURCH BUILDING). Said hearing is scheduled for 8:00 P.M., March 1, 1982, at 120 S. Clinton Street, Manchester, Michigan.

The Public Hearing will consider the appeal of the Black Sheep Theatre to change the Manchester Zoning Ordinance - "Article 21.03" to allow their request for a Conditional Use permit to use the Old Methodist Church Building for a Professional Repertory Theatre. Any comments are welcome at the meeting or in letter form.

Village of Manchester
Helen J. Kensler
Acting Clerk

Board of Review Meeting

Notice is hereby given to all persons liable to assessment for taxes in the Township of Bridgewater, County of Washtenaw, State of Michigan.

That the assessment roll of said Township as prepared by the assessing officer will be reviewed by the Board of Review at:

BRIDGEWATER TOWNSHIP HALL
10990 Clinton Road
Appeals and Conference With Taxpayers
will be heard on

MONDAY, MARCH 8, 1982

9:00 a.m.-12:00 p.m. and 1:00 p.m.-4:00 p.m.

TUESDAY, MARCH 9, 1982

9:00 a.m.-12 noon and 1:00 p.m.-4:00 p.m.

at which time the Board of Review will be in session. Upon request of any person who is assessed on said tax roll or of his or her agent and upon sufficient cause being shown, said Board of Review will correct the assessment as to such property in such manner as will in their judgment make the valuation just and equal.

Such assessment tax roll as reviewed and approved by said Board of Review will be the assessment roll of said Township of Bridgewater for the year 1982

DOUGLAS PARR, SUPERVISOR

Community Education

The Manchester Enterprise Kathy Richardson, and Carol Britten have agreed to take on the job of being co-secretaries for the remainder of this fair term. They replace Dealoris Richardson, who will be sadly missed by all of us. Dealoris was secretary to the Fair Board for more than seven years.

In these times of financial insecurity many businesses, organizations and individuals are having to tighten the belts and explore sources of income. The Fair is no exception. There has been much discussion and will probably be much more on this topic at upcoming meetings, since the State aid to our Fair continues to be cut back.

The next meeting of the Fair Board will be March 8 at the Ann Arbor Bank & Trust meeting room. Meetings are open to the community and anyone with suggestions or comments are invited to attend.

Council On Aging

The St. Aubin Tax Aid Committee of the Washtenaw County Council on Aging will be assisting older adults prepare Michigan State Senior Citizens Homestead Property Tax credit claims and Home Heating credit forms at: The Social Security Office at the Federal Building in Ann Arbor every Wednesday morning from 9 to noon and the Council on Aging office every Monday afternoon from 1 to 4 p.m. Call the Council on Aging office at 665-3625 for an appointment.

Older adults aged 65 and older may be eligible for up to \$1200 in homestead rebate whether they own their own home or rent. Please bring the following necessary items: 1981 Tax bills or proof of rent paid, proof of 1981 income, interest earned and medical insurance premiums paid. Tax Aides will assist older adults free of charge.

For more information call the Council on Aging at 665-3625.

Manchester Township Board

PROPOSED MINUTES of a special meeting of the Manchester Township Board held at the Township Hall on Friday, February 19, 1982 at 2:15 p.m. Board members present were: Burch, Lents, Macomber and Fielder. Absent: Widmayer. Reason for meeting: Appoint person to Board of Review to fill vacancy created by resignation of Harold Burch. Moved by Burch and supported by Macomber to accept the recommendation of the Supervisor and appoint Clifford Tracy to the Board of Review until January 1, 1983. Roll call vote: Burch, yes; Macomber, yes; Fielder, yes; Lents, yes; Naya, none. Carried. Burch moved to be adjourned at 2:27 p.m., supported by Lents. All yeas carried.

STATE OF MICHIGAN
 IN THE CIRCUIT COURT FOR
 THE COUNTY OF WASHTENAW

DEMERY DIXON, Plaintiff, vs.
 MARY DIXON, Defendant.
 Case No. 82-28859 DO
 Judge: Ross W. Campbell

ORDER TO ANSWER
 At a session of said Court held in the City of Ann Arbor, County of Washtenaw, State of Michigan on February 2, 1982, PRESENT: HONORABLE Ross W. Campbell, Circuit Court Judge.

On February 2, 1982, an action was filed by DEMERY DIXON, plaintiff, against MARY DIXON, defendant, in this court for divorce.

IT IS HEREBY ORDERED that the defendant, MARY DIXON, shall answer or take such other action as may be permitted by law on or before May 2, 1982. Failure to comply with this order will result in a judgment by default against such defendant for the relief demanded in the complaint filed in this court.

CARD OF THANKS

I would like to thank all my friends and neighbors for the many cards and good wishes during my recent stay at St. Joseph Hospital, and since my return home.

A special thanks to Rev. Macfarlane and Rev. Ron for their visits and prayers. All was greatly appreciated.

Roy Widmayer

My sincere thanks to everyone for their visits, flowers, and cards while I was in the hospital and since returning home.

A special thanks to Rev. Tom Hart and Rev. Macfarlane for their visits.

Last of all, many thanks to my family for all they have done for me.

Eugene Walter

Our sincere thank you to each and everyone for all the kind thoughts and deeds expressed to our families before and since the loss of our dear wife, mother, daughter, and sister, Joan Trinkle.

A special thank you to the Jenter Funeral Home for their kindness and to Rev. Reineck and Rev. Macfarlane for their words of courage and strength to all of us at this time of sorrow.

Mr. Leon Trinkle
 Mr. and Mrs. Charles Carper & family
 Mr. and Mrs. James Barth & family
 Mr. and Mrs. Brian Heldt
 Mr. and Mrs. Howard Bell
 Mr. and Mrs. Donald Schleede & family
 Mr. and Mrs. Mark Blumenaur & family
 Mr. and Mrs. Marvin Guenther & family

On behalf of myself, my wife and our family, I would like to thank Ray Tirb, Roy White and the Manchester Fire Department for the speed with which they offered their assistance on Sunday night.

We are grateful to live among such caring neighbors.

The Okeys

A special thank you to our friends and relatives for making our 40th Wedding Anniversary such a wonderful occasion.

Armin and Irma Weidmayer

from 9:00 a.m. to 12:00 noon and 1:00 p.m. to 4:00 p.m.

Appeals and Conference With Taxpayers

will be heard on

MONDAY, MARCH 8, 1982
 9:00 a.m. to 12:00 noon and 1:00 p.m. to 4:00 p.m.

and on

TUESDAY, MARCH 9, 1982
 2:00 p.m. to 5:00 p.m. and 6:00 p.m. to 9:00 p.m.

at which time the Board of Review will be in session. Upon request of any person who is assessed on said tax roll or his or her agent and upon sufficient cause being shown, said Board of Review will correct the assessment as to such property in such manner as will in their judgment make the valuation just and equal.

Such assessment tax roll as reviewed and approved by said Board of Review will be the assessment roll of said Township of Manchester for the year of 1982.

The County Board of Commissioners of Washtenaw County has proposed the following starting ratios for Manchester Township for the year 1982:
 Agriculture 47.99; Commercial 44.97; Industrial 47.82; Residential 53.06; Personal 49.47.

Dated: February 25, 1982

Clarence L. Fielder, Supervisor

Sponsor A Klager Reader

Each book that is read for the Reading Olympics program will earn one segment in the Klager Book Worm. Jenni Schneerle, Pam Herrst and Kelly Lucas are hoping the worm will stretch all the way around Klager Elementary.

Mrs. Janet Loader from the March of Dimes shows Darrell Lee and Doug Ridenour the olympic medals they can earn for reading books.

Klager Elementary Children are reading books for the next month to raise money for the March of Dimes and to win Olympic like medals. The students will be looking for sponsors who agree to pledge 10c or more for each book they read to help fight birth defects. The children will collect the money after March 19 to send to the March of Dimes.

Besides raising money for the March of Dimes the Reading Olympics program

encourages students to discover the joy of reading.

The Klager staff knows that if we can help children love reading they will learn to read well and will be successful in other subjects throughout their school and college years.

If you do not know a child to sponsor call Klager Elementary 428-8321 and we will match you up with a child working on a medal.

A Nation Danced So That Others Might Walk

January 30 was a gala event throughout the country during the 1930s and '40s. Birthday Balls honoring President Franklin D. Roosevelt were held everywhere — from the best hotels to local fire houses. Their purpose was to raise money to conquer polio, a dread crippler that could strike even the President of the United States.

The President's Birthday Balls began in Warm Springs, GA, in 1934, where FDR went regularly for therapy. He believed that swimming in the mineral waters helped his paralyzed muscles. Stricken in the early 1920s with polio (called infantile paralysis in those days), he feared at first that the disease would end his bright political career. He had already been Undersecretary of the Navy during World War I and the Democratic Vice Presidential Candidate in 1920.

Instead, he fought back with the limited treatment then available and became Governor of New York in 1928 and, by 1932, President of the United States. He served in the nation's highest office until his death in 1945. The Birthday Balls raised funds for nationwide work to relieve suffering from infantile paralysis.

This was a tall order during the grim Depression years, but help was urgently needed. Basil O'Connor, later to become president of The National Foundation for Infantile Paralysis (March of Dimes), remembered his first impression of Warm Springs as a "broken-down resort... with the squirrels running in and out of the holes in the roof." But the idea of a national fight against polio caught on and a National Committee for the Birthday Ball for the President was formed in 1934.

President Roosevelt founded the March of Dimes to conquer polio and prevent its crippling effects from striking others.

The first Balls raised over \$1 million, an astonishing figure for a nation wracked by mass unemployment. Often organized by postmasters, these dances took place, the *New York Times* reported, "wherever the Stars and Stripes flies... in every State of the Union... Alaska to Little America... Hawaii to the Canal Zone."

In his book, "The Gentle Legions," Richard Carter explained that "The 1934 balls transcended their original purpose and became a national celebration of the fresh hope that Americans felt for their country, as well as an honor to Roosevelt; and an occasion to 'dance so that others may walk'."

When FDR accepted the \$1 million check in a White House ceremony, he handed it to his law partner Basil O'Connor and announced that "Doc" would take charge. It quickly became evident that the Birthday Ball Commission could not continue

as the polio rallying point. The unified mission that would lead to an unprecedented alliance between science and lay volunteers needed to be independent of politics. At FDR's urging, O'Connor became the founding president of The National Foundation for Infantile Paralysis in 1938. With an advisory committee of leading physicians, the Foundation made grants available for virus research, epidemic aid, and care and treatment of polio.

Volunteers would raise the money; the best scientific minds would put it to work. By 1955, the vaccine developed by Dr. Jonas Salk, with full support from the March of Dimes, would end forever the threat of epidemic polio. Since then, the oral vaccine developed by Dr. Albert Sabin, who also had full March of Dimes funding, has become standard preventive medicine.

BUSINESS STATIONERY

That Gets You The Business

Richly Thermographed!
Yet Costs So Little!

You'll like the look of success that low-cost Coronet Thermographed Stationery gives your company. Feel the raised print! So elegant it says you are not only a successful company, but also says you have good taste!

Distinguished Student

A total of 3,549 Purdue University students received distinguished student rank for the fall semester of the 1981-82 school year.

The students represented, scholastically, approximately the top 13 percent of the 27,612 undergraduates on the West Lafayette campus during the first semester.

In order to qualify for distinguished ranking, a student must have a grade index of at least 5.5 (B+) of a possible 6 (A) in no less than 14 academic credit hours. The student may have no grade below 4 (C).

Bruce Garlick, 644 W. Main, Manchester, son of Mr. and Mrs. Emory Garlick, has received this distinguishing ranking in the field of Electrical Engineering.

Free Tax Return Publication

Taxpayers interested in learning more about tax return examinations can obtain free Internal Revenue Service Publication 556, Examination of Returns, Appeal Rights, and Claims for Refunds, the IRS

said. The booklet explains how and why returns are selected for examination, where the examinations may take place, and what to expect from the tax examiner. The appeal rights of a taxpayer who doesn't agree with the examination findings are also outlined, the IRS says. Taxpayers may order Publication 556 by writing the IRS or calling the IRS forms/tax information number listed in the telephone directory.

BAKE SALE

Guild members are preparing to unleash their culinary talents in order to raise money for the fourth annual exhibition of young people's art. "Youthful Expressions". A bake sale is set for March 5, from 10:00 a.m. - 5:00 p.m., in the lobby of NEJ here in Manchester.

Money is needed for posters, and invitations sent to young artists and their families. These are some of the printed materials provided by the Guild which help to make this art exhibition have special

Obituaries

Mrs. Mina D. Amerman
Buckeye, Arizona

Age 84 years, a former area resident died Tuesday, February 16, 1982.

She was born February 4, 1898 in Saline Township, the daughter of Edward and Nellie Tucker Russell.

Mrs. Amerman had been a teacher in the rural schools in the Saline-Ann Arbor area. She was married to Leslie Amerman on August 31, 1921. He died March 8, 1974.

She is survived by one daughter, Mrs. Phil (Dorothy) Rothe of Buckeye, Arizona; three sons, Howard of Linden, James of Whitmore Lake, Marshall of Battle Creek; several grandchildren and great-grandchildren; one sister, Mrs. Ethel Guenther of Saline; one sister-in-law, Mrs. Alice Amerman of Ypsilanti; also several nieces and nephews.

Funeral services were held Friday, February 19, 1982, 1:30 p.m. at the Jenter Funeral Home, Rev. Robert B. Macfarlane officiated. Burial followed in Washtenong Memorial Park in Ann Arbor.

Oscar E. Schill Jr.
13250 Schlewies Rd.
Manchester

Age 59 years, died suddenly Saturday, February 20, 1982 at the Chelsea Community Hospital.

A life long Manchester resident and farmer, he was born December 28, 1922, the son of Oscar and Mary Benzler Schill Sr.

He was married to Connie Nelson on November 14, 1947. She survives.

Mr. Schill had been an employee of the Ford Motor Company for 34 years, retiring in 1974.

He was an Army veteran of WW II, was a member of the Polled Herford Association and had been a 4-H leader in Lenawee County.

In addition to his wife he is survived by one aunt, Mrs. Anna Schill of Manchester; also several nieces, nephews and cousins.

Funeral services were held Monday, February 22, 1982, 1:30 p.m. at the Jenter Funeral Home, Rev. Robert B. Macfarlane officiated. Burial was made in Riverside Cemetery in Clinton.

Spring Tutor Training Workshop

Reading from left to right: Mrs. Townsend, Mrs. Grew, Mrs. Oug and Mrs. Lawrence

The January board meeting of the Literacy Council of Washtenaw County set in motion planning for its Spring Tutor Training Workshop to be held in March. This marks the 11th year that the Council has sponsored free tutoring in basic literacy as part of its program to address adult literacy problems.

A highlight of the January meeting was the presentation to Mrs. Clair Grew of a dictionary to be given to a student of hers who has just completed a year of reading skills study. Dictionaries for award to such students are purchased with money from the Richard E. Townsend Memorial Fund. Mrs. Edna Townsend, widow of Prof. Townsend, made the presentation. Also on hand were Mrs. Elizabeth Ong, President of the Friends of the Ann Arbor Public Library, which gives financial support to the Council, and Mrs. Elizabeth Lawrence, Head of Circulation at the Ann Arbor Public Library, who is Vice President of the Council and Workshop Chairman.

In the Tutor Training Workshops, volunteers learn the phonics-based Laubach Literacy reading skills teaching method used worldwide to promote basic literacy. Because of the one-to-one nature

of the method, maintenance of an active program requires periodic training of new tutors. The twelve hour, five session Spring Workshop will be held on March 4 and the four Thursdays following.

To participate, prospective tutors may call Donna DuButts, Council Secretary, at 482-5715. Materials for registration may also be picked up at the Ann Arbor Public Library (Main Library or any branch) or at the Ypsilanti Public Library.

Recruitment in the Ypsilanti community is being emphasized this spring. The sessions will be held in Ypsilanti High School at Packard and Hewitt. The Council hopes to train a total of 50 tutors in its Spring and Fall Workshops.

The Council is also actively soliciting new students in need of reading improvement or basic reading skills training. Potential students who wish to enroll or persons acting on their behalf may also call Donna DuButts.

In addition to the tutorial program, the Literacy Council of Washtenaw County also maintains Adult Basic Reading collections at the Ann Arbor and Ypsilanti Public Libraries. Technical and practical as well as recreational materials are included.

Genealogical Society

The Genealogical Society of Washtenaw County will meet at the Liberal Arts and Science Building, Lecture Hall #2, Washtenaw Community College on Sunday, February 28, 1982 at 3:00 p.m.

Milton Charbonneau will speak on "Early Michigan History - Before the White Man" and Steven Shoman will speak on "The Durand Registration - Ottawa Tribe".

Programs Offered at Chelsea Hospital

Chelsea Community Hospital is offering the program "Weight Training: A Part of Total Fitness for Women" on February 25, 1:15 to 2:30 PM. Sharon Wells, columnist and teacher, will use spatulas and baking pans to demonstrate what she calls "the most efficient form of exercise."

To register, call Chelsea Community Hospital at 475-1311 Ext. 354.

CPR classes will be offered to the public, scheduled for three Wednesday evenings beginning February 25, 6:30 - 9:30 p.m. Classes will be held in the Physical

Therapy Department.

Participants successfully completing the course will receive Red Cross certification in the lifesaving skill of cardiopulmonary resuscitation.

The cost of the course is \$2.00. To register call Chelsea Community Hospital, 475-1311 Ext. 354.

Meeting Notice

The Manchester Sportsman's Club will meet Thursday, February 25 at 8:00 p.m. All membership dues are payable now.

The new IRA program now offers every working person a virtually risk-free way to accumulate a fortune. Unlike other forms of investment, it does not require a great deal of your time or study, and your investment is insured to \$100,000 with an agency of the federal government.

All you have to do is make weekly deposits to an IRA account at Great Lakes Federal Savings. The tax shelter provided these deposits, plus the high interest earned, plus the magic of compounding make it possible for you to accumulate your fortune. Depending on the age at which you start, you could accumulate \$250,000, \$500,000, \$1,000,000 or more.

Perhaps you can't budget \$38.46 per week for your IRA account but can start with \$10. Then as your wages increase you can increase the weekly deposit.

It's safe. It's sure. With this one investment your financial future can be secure.

GREAT LAKES FEDERAL SAVINGS

Second Annual Hockey Game

Hit or Miss by Farley

Ted Lindsay, former player, coach and general manager of the Detroit Red Wings, will play for Manchester in the Raisin River Flyers play their second annual hockey game against the Washtenaw County Sheriff's Department.

Lindsay is shown above with Jon Hardenbergh at the Athletic Banquet of 1982 held at the K of C Hall.

Admission is \$2.00 and a lot of action is promised as the Flyers try to avenge last year's loss to the police team.

The game will be held at 7:00 p.m. Friday, March 12 at Yost Arena in Ann Arbor. Sponsored by the Athletic Boosters, the profits will benefit the Manchester sports program.

Tickets are available from Chief Zsenyuk, the Gambles Store, Athletic Boosters, or at the door.

Some days ago, I was listening to a talk show on radio from Toledo. The subject under discussion was the amount of money spent for snow removal and how much would be available with which to repair the 'potholes' which would surely be found in the pavement beneath the snow, or would they just be left there.

One of the fellows was a member of the city's highway department and he evidently was tired of hearing about potholes and he rather angrily said so and then caught himself and said "I've heard all I want to about potholes and I wish to state that those cavities are not potholes, they are highway deficiencies. Please remember that."

Now all that may be true but they feel the same when you hit them with a car wheel.

Another participant in this show was asked how the extreme cold made things tough for him, replied "I was out shoveling my sidewalk and paused to rest for a minute or two when my shadow froze into the snowdrift and I had to go back and dig it out before I could continue."

Our informant says that there is a law in Shreveport, La., prohibiting the giving away of book matches by funeral directors. I wonder if there is a hint anywhere in this action?

Figures we ran across the other day show that the most powerful industrial nation in the world had folks with only nine percent with electric refrigerators, 28 percent with gas or electric stoves and only 35 percent with telephones and less than 40 percent of its people had adequate diets, and no one had television. This was the United States just 60 years ago.

Other gems of knowledge told us recently includes the fact that nowadays two out of every three women over 65 live on an income of less than \$77.00 a week.

Sportscasters on TV have originated many colorful phrases to describe those they think are somewhat mentally lacking. Among them is "His elevator doesn't go all the way to the top." "He drifts upstream nowadays." "He doesn't have both oars in the water." "He likes to jump under the net," and "He's not playing with a full deck", and others.

And now in conclusion may we state that since we have switched to champagne I have some good news. Your favorite beer is less apt to cause cancer than it was a couple of years ago. If you didn't realize it, that's not surprising. We never heard it mentioned in the beer commercials.

A Japanese survey showed that beer drinkers were less subject to heart attacks than teetotalers.

According to research a new malt drying process has improved this danger considerably. According to the latest reports less than one per cent of the domestic beers and 2.5 of the imported beers had levels of "five parts per million of contamination," the level that has been determined safe. That information should make many a man's day.

Monsignor Clement H. Kern To Speak At Lenten Service

The Combined Lenten Service of Wednesday, March 10 will be held at St. Mary's Church, 7:30 p.m. Those present will hear Monsignor Clement H. Kern speak on "Christians and the Poor" Soon to celebrate his Golden Anniversary, this distinguished but self-effacing priest has been given national recognition for his extraordinary efforts on behalf of the poor, the disadvantaged and the immigrant. More than thirty of those tireless years were spent as pastor of the historic Most Holy Trinity Church in downtown Detroit. There, in the heart of Corktown, home of the early Irish settlers, the Monsignor welcomed all comers. When the Spanish-speaking arrived, this zealous man spent

World Day of Prayer-Friday, March 5th Emanuel Church To Host Service

WORLD DAY OF PRAYER SERVICE is hosted by the Women's Fellowship of Emanuel Church at 1:30 p.m. on Friday, March 5. Mrs. Joan Scott, Christian Education Director at Emanuel, will be the guest speaker, speaking on: "Prayer and Action: The Church In The World". Refreshments and a time of fellowship will follow the service. We invite all the ladies of the Manchester area to this special service.

Women of Ireland - Catholic and Protestant - from the Republic of Ireland and Northern Ireland invite their sisters around the world to pray with them and for their troubled land on World Day of Prayer.

They worked ecumenically at the Christian Renewal Center near the border of both countries preparing the Service on the theme: The People Of God: Gathered For Worship, Scattered For Service, which draws upon religious traditions and is a call to peace, justice and reconciliation, a recognized need in Ireland and in many nations and regions of the world. What a dramatic scene of Christian witness and service by these women of Mission! Women chosen by God to witness and serve in that distraught, disturbed community.

World Day Of Prayer is a world-wide witness to the unity and faith expressed by women in over 150 countries and islands. Celebrated on the first Friday in March, it is sponsored in the United States by Church Women United, continuing a

Annual Election

The annual election of the Village of Manchester will be held on March 6, 1982 at the Village Hall, 120 South Clinton Street. The polls will be open from 7 a.m. to 8 p.m.

The offices to be voted upon are: President, Clerk, Treasurer, 3 Trustees for 2 year terms, and Assessor.

Candidates running for these openings are: Village President - John Hinkley, Republican; Village Clerk - Helen Kensler, Republican; Village Treasurer - Sue Carpenter Koebbe, Republican; Village Assessor - Wendall Reinart, Republican; Village Trustee - Howard DuRussel, Republican, Elvin Johnson, Democrat, Mary Kalleward, Republican, Gale Koebbe, Republican and Edward E. Steele, Democrat.

In the annual election, unlike the primary election, the voters can exercise the option of splitting their votes between parties.

VOTE MARCH 6TH!

Meeting Notice

The Manchester Community Fair Board will meet Monday, March 6 at 6:00 p.m. in the meeting room of the Ann Arbor Bank & Trust building. Public interest is welcomed.
