

## Severe summer storms What if the power goes off?

Spring and summer — the time of year when gentle breezes can turn to severe storms which threaten safety and cause power outages. These tips from Consumers Power can help you cope with the season's thunderstorms, hail and damaging winds.

A few minutes of preparation now may help you deal with a power outage later. Here are some suggestions:

- Post the Consumers Power Customer Services office number and your account number near your telephone. Your account number helps pinpoint your location.
- Have candles, a flashlight with extra bulbs and batteries, and a portable, battery-powered radio in the house.
- If a severe storm is approaching and you have an electric water pump, fill containers or your bathtub to assure yourself of a water supply.
- Keep telephone numbers of local fire and law enforcement agencies at hand for use if a life-threatening situation exists.

Here's what to do if an outage does occur:

- Look outside for obvious causes such as fallen wires or trees. If wires are down, don't approach them. Check to see if your neighbor's service has been interrupted.
- Check your fuse box. If the problem is just in your home, it may be a blown fuse or tripped circuit.
- When you report the problem to Consumers Power,

be as prompt and factual as possible. If you can't reach the Company immediately, keep trying.

To cope with an extended outage:

- Keep your refrigerator door closed as long as possible. Foods inside can stay fresh for 12-24 hours. In a lengthy outage, you may wish to use dry ice to keep your foods cold.
- Use extreme caution and provide proper ventilation if you are cooking with an alternate fuel, especially indoors.
- If you have a sump pump, be prepared to take action to minimize the effects of possible flooding.
- In extreme cases you may consider buying or renting a portable electric generator.

If the storm causes flood conditions:

- If you smell gas or see bubbles rising from an appliance, call Consumers Power immediately.
- Be cautious in entering an area where the electricity may not be disconnected. Do not enter a flooded area if the water has reached the level of wall outlets switches and motors.
- If the electricity is off, shut off the gas valve at each affected appliance and disconnect the electric source before water has reached burners, controls, air intake, wiring or motors.
- Motors which have been submerged will need drying out before use. Any electric motor service organization and some appliance dealers can dry out motors.

If you're considering buying or renting a home generator contact Consumers Power's Energy Management Services Department for answers and questions.

- Home generators must be connected to your wiring and other electrical equipment in accordance with the National Electric Code. A qualified electrician should do the job. Exhaust should be piped to the outside.
- A double pole, double throw transfer switch is required to keep the generator separated from Consumers Power Company lines at all times.
- Anyone who might operate the generator should be trained to operate it properly.

Whenever a severe storm interrupts electrical service, Consumers Power must determine which areas are most affected by the outage and how serious the situation is. A system of priorities is established to restore power.

- Repair crews attempt to first restore facilities which can return power to the most customers.
- Variations in circuit arrangements make it possible for two customers on the same street to have their power restored at different times.
- If the service mast on your home has been damaged, Consumers Power advises customers to contact a qualified electrician to make repairs. Company repair crews can only restore service if the mast is undamaged.

## Therapy Equipment Demonstrated

Pictured are: Cyndy Bruhnsen, OTR, Betty Ormsby (seated) Reva Robison and Bernie Ormsby.

Receiving a first-hand demonstration from Cyndy Bruhnsen, O.T.R., of some of the equipment used in Saline Community Hospital's Occupational Therapy Department which has been provided through donations from the Hospital Auxiliary are Auxiliary members Betty Ormsby (seated), Reva Robison and Bernie Ormsby. The Occupational Therapy Kitchen area in the Hospital was designed to teach patients not only the use of adaptive and specialized equipment but also to demonstrate ways in which a normal kitchen arrangement can be easily

modified for stroke, heart and arthritis patients. Much of the equipment purchased will be multi-functional, such as a wok and fondue equipment which are also used in demonstrating to Alcoholic Recovery Patients new ideas for socialization activities without the use of alcohol.

Saline Community Hospital's Auxiliary has also announced the election of new officers. Serving the Auxiliary as President will be Nancy Zahn, Vice-President Reva Robison, Recording Secretary Cecelia Deaton, Corresponding Secretary Doreen Steeb and Treasurer Ela Finkbeiner.

**KNOWLEDGE**

Now, that's as important in the parts business as anywhere else. So we make sure our staff keeps up-to-date. In 1981, for instance, we sent at least 50 A&L people to service training, product seminars, management seminars, paint and parts workshops, and other types of schooling. We're serious about the parts business. Try us!

### Manchester Area Historical Society

Monday, June 21st, at 7:30 is the regular meeting of the Manchester Area Historical Society at the Old Blacksmith Shop, 324 East Main Street. Another work session and fun is on the agenda.

President Howard and Mrs. Parr will report on the Policies and Procedures for Building Museum Collection. They attended a meeting of the Michigan Museum Association at Bel Air, Michigan last week to get some pointers on the local problems in beginning a collection.

Plans for the staffing requirements at the 4th of July Raffle and the Chicken Broil activities will be discussed. If you haven't your raffle tickets yet contact most any member of the Society.

Refreshments will be served.

### Manchester Junior To Attend U of M

Paul Voytas, son of Mr. and Mrs. Joseph Voytas of 17723 Pleasant Lake Road has been accepted into the Young Scholars Program at the University of Michigan next year. This program allows academically exceptional students to attend the U of M on a full time basis before their high school class graduates. Generally, the program accepts approximately 1 to 4 students per year. In order to qualify, Paul had to take the ACT and SAT tests this past winter and score high on both. In addition, Paul had to meet with U of M officials and directors of the program for personal interviews.

At present, Paul has just completed his junior year at Manchester High School. The past two years he has been put on an accelerated program allowing him to take a number of classes a year earlier than normally allowed, to help prepare him for college this fall. Paul has excelled in all of his classes and also has participated in extra curricular activities, including varsity choir and National Honor Society. At the University of Michigan, Paul intends to major in physics. In addition to being accepted into the Young Scholars Program, Paul also has been awarded the very prestigious University of Michigan Regents Alumni Scholarship.

### Attention! Fair Exhibitors

Anyone interested in exhibiting in the Merchants' tent for the 1982 Manchester Fair should please contact Kathy Richardson or Carol Britten at 428-8474 or 428-8589. Fair dates this year are August 17-22.

### To Celebrate 50th Anniversary 4th of July Parade Picnic & Fireworks

Paul J. and Marjorie B. Wahr, 16634 Easudes Rd., Grass Lake, will celebrate their Golden Wedding Anniversary at an Open House given by their family at the home of their daughter at 8250 Wolf Lake Rd., Grass Lake, on Sunday, June 20, 1982, from 2-5 p.m.

Married in the parsonage of the Haven Methodist Church on Michigan Ave. in Jackson on June 18, 1932, they were attended by her brother, George Hawkins and her future sister-in-law, Ruth Brady both of whom are now deceased. Paul and Marjorie have spent their entire married life on the farm just north of Sharon Hollow where they still reside.

Parents of two children, Ruth (Mrs. Dale) Crouch of Grass Lake, and Paul Jr., of Petersburg, Michigan, they are also the grandparents of 14.

Paul has lived his entire life in Sharon Township having also been born and raised there. He was a farmer all his life until his retirement several years ago. Marjorie who graduated from Jackson High School in Jackson, attended the old Ypsilanti Normal College in Ypsilanti before teaching in Berkley and Jackson. After her

marriage and family she returned to the school which had become Eastern Michigan University to obtain her B.S. Degree in elementary education and taught for many years in the fifth grade at Manchester Public Schools before retiring.

They are members of the United Church of Christ in Manchester and Marjorie is also active in the church Guild, Senior Citizens, and is a member of the Manchester chapter O.E.S.

**COUNCIL PROCEEDINGS**

May 24, 1982

The regular meeting of the Manchester Village Council was called to order by President Hinkley at 7:00 P.M. Trustees present: DuRussel, Petsch, Koebbe, Tracy, Reed, Kalleward.

Minutes of the May 8, 1982 meeting were read. DuRussel moved to approve minutes as read and corrected. Supported by Petsch, motion carried.

Zeenyuk said that the Men's Club would like the Village to put a rider on our Insurance Policy to cover the Fire Works on the Fourth of July and The Men's Club would pay for the cost of the rider. Our agent John Oros hasn't gotten back to us with the cost factor of the rider. Council will make a decision in two weeks when they know what the cost will be.

Zeenyuk said citizens on Main Street have been written tickets on the 2 - 5 A.M. "No Parking" that was posted. Mike Schneider asked Council to take down the signs, or not enforce the No Parking during the summer months. Council agreed not to enforce the No Parking from 2 - 5 A.M. during the summer months, except on Thursday nights, when the D.P.W. sweeps the streets.

Zeenyuk said that the School system wants to replace a sidewalk on the West side paralleling the High School from Main all the way to the High School. The Council agreed that is School property and their responsibility.

Zeenyuk said that the Gilow family whose property is located at the Southeastern corner of Mound Street, wants the 10 foot usage that belongs to the Village. The Gilows were offered 4 feet quick claim deed but they rejected the offer. The Council agreed that the property belongs to the Village and they will not give the Gilows the 10 feet.

Zeenyuk said that Clear Cablevision is now soliciting in the Village. A discussion followed. Council requested that Mr. James Akans, representative of Clear Cablevision, come to next Council meeting, June 7th.

The Farmers Market will start on July 10, 1982 and run into September, and there will be a Flea Market on the first and third Saturday of every month.

Zeenyuk said the sidewalks by the Parks on Main Street are bad and should be replaced. John Schulte gave a cost factor of \$3,400.00 and the Village would have to remove the old sidewalk. Council decided not to do anything about the sidewalks at this time.

Zeenyuk said Mr. Rose on West Main, stated he was unemployed but he knows the seriousness of the sidewalk in front of his house and he would be willing to remove the sidewalk and set the forms, if the Village would provide the cement. Council agreed that if Mr. Rose would remove the old sidewalks, cart away and set forms properly, with Village inspection, the Village would put in the new sidewalks.

Petsch requested that the body of the Tan Police Car be repaired.

Keith Reed stated that hopefully he would have some figures in a week and his committee will meet with Bill Zeenyuk and come up with a budget.

DuRussel said that he feels the Village should have an Ordinance, where a permit will be required for erection of a storage shed. Hinkley said he would like to send the matter to the Planning Commission.

Tracy and Steele discussed the Police Department.

Council adjourned. Zoning Board of Appeals convened at 8:00 P.M. Additional members present: Alber and Leeson.

Jerry Pirkle of 317 Torry requested a Dimension Variance to permit construction of a garage two feet from the lot line instead of 15 feet as required for R-1B District.

The Planning Commission recommended approval of the requested Variance by the Zoning Board of Appeals with the following stipulations: (1) All auto restoration will be done inside the building, not outside; (2) Building should be landscaped to make it harmonious with the neighborhood; (3) No

annoying noise, smells, or other types of nuisance to be allowed.

Mr. and Mrs. Vic Wurster and Mr. Millard Uphouse questioned Mr. Pirkle.

Devo Petsch moved to allow the Dimension Variance with the three stipulations recommended by the Planning Commission, supported by DuRussel. Roll call vote: DuRussel-yes, Petsch-yes, Tracy-yes, Reed-yes, Kalleward-yes. Motion carried.

Kalleward stated Mr. Pirkle has paid the fee of \$125.00 for a Variance.

Zoning Board of Appeals adjourned. Council reconvened at 8:22 P.M.

Petsch reported on the Parks. He suggested putting railroad ties around the rose bushes at Kirk Park.

Koebbe presented the D.P.W. report: Flushed filters; Worked on bathroom plumbing at Carr Park; Worked at cemetery; Worked on stump removal and clean-up; Routine maintenance - Landfill, Streets and Parks; Turned on water service and repaired water service at Park; Chlorided gravel roads; Worked on water service at High School; Emptied trash barrels; Worked on water meters; Rodded sewers; Painted streets, curbs and crosswalks; Routine garage maintenance; Worked on replacing Fire Hydrant; Moved piano for Mayor's Exchange Day; Cleaned catch basins; Worked on bleachers for Parks.

Koebbe moved to buy a grease gun for the D.P.W. from Ross Automotive for \$486.00, supported by Tracy. Motion carried. Council also agreed to the purchase of a Jacobson Hand Push Mower from Kleinschmidt.

President Hinkley read a letter from the Mayor and City Administrator from Beaverton, Michigan.

Tracy moved to approve parity step-raises for the Police Department and the Department of Public Works.

Police Department: Start \$12,000, 6 mo. \$12,500, 1 yr. \$14,500, 2 yrs. \$16,500, 3 yrs. \$17,000, 4 yrs. \$17,500, 5 yrs. \$18,000.

Department of Public Works: Start \$9,360, 6 mo. \$12,500, 1 yr. \$14,500, 2 yrs. \$16,500, 3 yrs. \$17,000, 4 yrs. \$17,500, 5 yrs. \$18,000.

Supervisors \$20,000.00.

Supported by Kalleward, motion carried.

Tracy moved to pay Sue Koebbe's Blue Cross - Blue Shield, supported by Reed. Motion carried.

DuRussel moved to give Clerk Kenaler a \$600.00 a year raise, supported by Tracy. Motion carried.

Koebbe moved to give Jim Kenaler up to 80 hours a week to maintain Village equipment, supported by Petsch. Roll call vote: DuRussel - no, Petsch - no, Koebbe - yes, Tracy - yes, Reed - no, Kalleward - yes, Hinkley - yes. Motion carried.

Reed moved to give John Weber a 50c hourly raise, supported by Koebbe. Motion carried.

Tracy moved to leave part-time patrolman at \$4.50, not to exceed \$5.25 per hour, supported by Reed, 5 years, Koebbe - no, motion carried.

DuRussel moved not to give Bill Zeenyuk a raise, supported by Petsch, 5 years, Koebbe - no, motion carried.

Kalleward said that the Manchester Township Library has had memorial money given to them to buy trees. They wanted permission to buy "Flowering Crab Trees" and plant them on Washington Street. Council voiced approval.

Meeting adjourned at 10:42.

### Kari Agin To Attend Regional Junior Olympics

On June 13th Kari Agin traveled to Muskegon, Michigan to compete in the Michigan Track Athletic Congress and Junior Olympics Championships.

Kari competed against female athletes ages 17 and 18 in the 400 meter low hurdles. The 400 meter low hurdles is not an event in high school competition. It is utilized in amateur and intercollegiate competition. Kari competed in this event for the first time and had an outstanding performance placing second with a time of 64.1 seconds.

This placing has qualified Kari for the Regional Junior Olympics Championships to be held July 17th and 18th in Dayton, Ohio. The top two qualifiers in Dayton advance to the National Junior Olympics Championships to be held in Lincoln, Nebraska on July 30-August 1.

### Church Doors To Re-Open Saturday

This coming Saturday, the historic, white boarded church at 122 W. Main will experience a breath of revival in more ways than one. After being closed now for two years the doors will be opened to the public once more for a special Gospel Service beginning at 6:15 p.m.

The man behind this event is an English minister from Greater Manchester, England. The Reverend David Ashworth has travelled and preached extensively throughout the United States, since first coming to this country in 1977. He has been living in Ann Arbor with his family for the last ten months.

After preaching in big cities like Los Angeles, Chicago, Fort Worth, Kansas City; people have been asking him, "Why do you want to come and speak in the

village of Manchester?"

"I guess the name has a lot to do with it," Reverend Ashworth told us. "Since I have spent the greater part of my life in Manchester, England, it seemed like this town had a special appeal to me as soon as I heard of it. The people seem friendly enough and it has a quaint atmosphere similar to that of a small English village. Every time I drive into Manchester the surrounding countryside reminds me so much of England. I have been praying about coming to the village and so far everyone I have spoken with feels very positive about the idea of the church being re-opened."

His wife, Sandra, and their three children feel the same way. "They are all excited about the special meeting this Saturday, and they could not wait to get to work on the old church...mopping the floors, dusting off cob webs and polishing the pews. We are all believing that this is going to be a great occasion for Manchester" Reverend Ashworth added.

"With its long history as a Presbyterian, Methodist and Baptist Church, it is possible that almost every family in Manchester has been connected with the old church at some time or other. I am sure that people will be wanting to see what is going on and will give the event enthusiastic support."

"My only disappointment is that we shall not have the old pipe organ, the only one in Manchester, repaired and tuned for the service. However, if we decide to arrange future meetings we hope to get it working soon. Mr. Howard Parr, present owner of

the organ, who first started playing it when he was twelve years old has been very helpful in giving us information. Apparently there are still people in the area who have a working knowledge of the organ, which is more than eighty years old. We are also interested in finding someone who may be willing to give us the use of a grand piano."

The style of Saturday's service has the promise of being lively, with music provided by a visiting youth band from Akron, Ohio and songs included that everyone should know.

"I want everyone to consider themselves invited and feel at home in the meeting," said Reverend Ashworth. "I plan on preaching a challenging message that will be relevant and thought provoking for young and old alike. It will be entitled... 'A World in Crisis...Are the People of Manchester Ready?' This will be a non-denominational meeting. There will be no admission charge and we hope to serve light refreshments afterwards."

Certainly if the title of the message is anything to go by, it looks like the old church will be brought back to life with a good crowd this Saturday.

### American Legion Auxiliary

The American Legion Auxiliary met on Wednesday, June 9 at the Legion Home. The meeting was opened by President Middlemiss, followed by salute to the flag and prayer by Chaplain Knauss.

Poppy, Chairman, Marilyn Minick, Secretary, T.V. Ludwick

reported sales of \$563.64. She thanked all who helped sell poppies on May 21, which netted the highest proceeds in our history. She was congratulated and thanked by our unit. We are deeply indebted to the public in making the sale so outstanding.

Phyllis Baker reported new member Carmen Coury, bringing total membership for 1982 to 87. She stated that the Legion memorial urn now holds 52 geraniums, 23 ivy plants and 3 flats of petunias.

A gift of money was presented to Natalie Walkow for spending money at Michigan Girl's State which began on June 12.

Helen Hosmer presented a partial list of 1983 officers. This will be completed and presented at the July meeting for election.

For Americanism, Edna Knauss reminded members to fly their flag on Flag Day, June 14. 4th of July parade participation was also discussed and members would be notified.

Committee for the July 14 picnic will be T.V. Ludwick, Phyllis Baker and Mara Rigg. We will have a complete potluck beginning at 6 p.m. at the Legion Home. The rolls and drink will be furnished. Junior members are cordially invited to attend.

The Good Cheer report was given by Ruth Oates, who will continue as Chairman for this month. She reported obtaining 2 trophies to be given to the Special Olympics for presentation.

The names of Janet Peiray, Marilyn LaRock and Hattie Carson were drawn for door prize. They were absent and July's prize will be \$3.

### Athletic Boosters Minutes

May 5, 1982  
The meeting was called to order by President Tom Burch. The minutes from the last meeting were read and approved. The Treasurer's report was also read and approved.

Delores Gebhardt read a letter that she had written to the Substance Abuse Committee commending and supporting their work. She asked that she have the approval of the Boosters to do so. Mattie Agin moved we take this action and Jane Talcott seconded the motion. Motion carried.

Tom Burch reported on the Men's Softball League. Everything is going fine. Mattie Agin and Delores Gebhardt reported on the concession stand for the Track Meet on May 8.

There will be District and Regional Girls Softball Tournaments hosted by Manchester on June 5 and 12. Mattie Agin and Delores Gebhardt will be in charge of the concession stand on both days.

Tom Golding and Al Gebhardt reported on the Auction and Garage Sale to be held on May 15. They have not had many calls regarding articles to donate for the auction.

Shirley Krzyzaniak reported on the progress of the concession stand for the 4th of July at Carr Park. She is looking for workers for that day. The concession stand will be open from Noon until about 8:00 p.m.

There was discussion once again on how to get more people involved in the Boosters. We could certainly use more active members and would welcome their interest.

Tom Golding moved we adjourn the meeting. Al Gebhardt seconded the motion. Meeting adjourned.  
Respectfully submitted,  
Delores Gebhardt, Secretary

Concession Stand for the Girls' District and Regional Softball Tournaments to be held in Manchester on June 5, and 12.

Al Gebhardt and Tom Golding reported on the Auction and Garage Sale that was held on May 15. This project was not a success and was suggested that the Boosters drop this project.

Al Gebhardt moved the Boosters make a contribution to the Community Scholarship Fund. Reno Feldkamp seconded the motion. Motion carried.

Joe Moore moved that we make this contribution in memory of Charlene Alexander and Ed Galloway. Ron Hawk seconded this motion. Motion carried.

Bill Scaletta asked if the Boosters would take charge of partitioning off a section of the utility room of the track building to be used for baseball equipment. Tom Golding will be in charge of this project.

The State of Officers for 1982-83 was introduced by Tom Burch.

It read as follows: Al Gebhardt, President; Tom Golding and Ron Hawk, Vice-President; Ruth Burch and Francis Cleland, Secretary; Joe Moore and Mattie Agin, Treasurer. Tom Burch and Dick Krzyzaniak, Trustees.

Dick Krzyzaniak moved that Reno Feldkamp's name be added to the state of officers as Trustee. Al Gebhardt seconded this motion. Motion carried.

The Manchester Athletic Boosters Officers for 1982-83 are as follows: Al Gebhardt, President; Tom Golding, Vice-President; Ruth Burch, Secretary; Mattie Agin, Treasurer; Tom Burch and Dick Krzyzaniak, Trustees. Dave Little will serve as the representative from the Board of Education on the Athletic Boosters Board of Directors.

Dick Krzyzaniak moved we adjourn the meeting. Clarence Fielder seconded. Motion carried. Meeting adjourned.

Respectfully submitted,  
Delores Gebhardt, Secretary

### Girl Scout Jr. Troop 448

Manchester Girl Scout Jr. Troop 448, from Pleasant Lake has something to really be proud of. They went to the Girl Scout Mini Olympics the weekend of June

4, 5 & 6, held at the Jellystone Park, Traverse City, Michigan and competed with 18 troops from other areas in Michigan.

The girls brought home a 3rd place trophy. They set a record of 11 seconds to win the greased watermelon contest, and brought home a first place in the wheelbarrow race. Girls winning individual awards were Tammy Pieske for mini golf and Deanna Rentz for throwing a softball 87.7 ft. The troop was also given a certificate for participating in the weekend.

Laura Brooks, Tamie Buss, Kim Foutch, Laura Meade, Tammy Pieske, Deanna Rentz and their cheering section consisting of Mr. and Mrs. Wayne Foutch, Mr. and Mrs. Eugene Pieske and son Brian, Mr. and Mrs. Richard Buss and son Bryan arrived home Sunday night tired but proud and looking forward to next year's Olympic with enthusiasm.

Earlier in the year troop 448 earned an Honor Troop Award from the Huron Valley Girl Scout Council, so these girls really do have something to be proud of. Congratulation Troop 448.

Meet BJ® the Wonderbanker®. You'll wonder how you ever banked without him.

How will this man make your banking better? By introducing you to Manchester's first—and only—24-hour banking service. You see, he's the "brains" behind the service. And you'll find him at our downtown Manchester NBJ office.

If you're already an NBJ customer, BJ thinks you'll like banking anytime you want. And if you're not an NBJ customer, he thinks his 24-hour banking service (and other goodies you'll read about below) gives you more reason than ever to bank at NBJ!

**Better banking 24-hours a day.**  
No more hurrying off to the bank before the office or drive-in closes. Use BJ the Wonderbanker to do 90% of your banking, anytime. Make deposits to or withdrawals from your checking or savings accounts. Over 39 different transactions in all. And you can use BJ at nine other Wonderbanks in the greater Jackson area.

**See how BJ makes your banking better—and take home a FREE GIFT!**  
Take a free demonstration of BJ the Wonderbanker anytime during regular office hours—Mondays through Thursdays, 9-4; Fridays, 9-5; Saturdays, 9-noon. See how he'll make your banking better. And take home a free gift! If you're one of the first 300 people to meet BJ, you'll get a ticket to Manchester's Famous Chicken Broil. If you miss out on the tickets, you'll get a free BJ the Wonderbanker frisbee or t-shirt while supplies last!

**Make your banking better, and we'll add \$5 to your account.**  
Just apply for a PIN, and we'll add \$5 to your NBJ account. "What's a PIN?" you ask? PIN stands for Personal Identification Number. And used along with your NBJ WonderCard, NBJ VISA/Credit Card, NBJ VISA/Debit Card or MasterCard®, it lets you use BJ the Wonderbanker. It tells BJ you're the owner of the card, and it prevents others from using your card if it's ever lost or stolen. You have to have a PIN to use BJ, and we'll add \$5 to your account when you apply for it!

**Better checking without writing checks.**  
It looks like a regular VISA Card. But it's the new NBJ VISA/Debit Card. Use it to make purchases anywhere VISA cards are accepted, and the purchase amount is deducted from your checking account. You can even use your NBJ VISA/Debit Card to get cash from VISA-member banks. Apply for yours today!

**Better VISA Credit the NBJ Way.**  
You can use your NBJ VISA/Credit Card at BJ the Wonderbanker, too. Make payments on your account, or get cash advances up to \$100. Remember, NBJ was the area's first bank to offer credit cards, and we've processed credit card transactions for years. So if you don't have an NBJ VISA/Credit Card, apply for one when you take your BJ the Wonderbanker demonstration.

**See your NBJ Personal Banker at the Downtown Manchester office on Main Street through June 30. And see why BJ the Wonderbanker wants to make your banking better.**

## All-Star Basketball Game

An all-star basketball game between Jackson and Lenawee County will take place at Clinton High School, June 19, 1982, at 8:00 p.m. sanctioned by the National Collegiate Athletic Association. The game is being co-sponsored by the Clinton Jaycees and the Brooklyn Jaycees. Jim Wilson of Columbia Central will coach the Jackson County all-stars with Denny VanSickle of Onsted and Vern West of Adrian coaching the Lenawee County stars. ### Supper In Less Than 30 Minutes

When you are short on time but want to prepare nutritious, appetizing meals, turn to fully cooked brown 'n serve sausage. Combined with hot horseradish slaw, you have a skillet dish that can be served in 25 minutes cooking time. With crisp, hard rolls or French bread, a fruit salad, and cookies for dessert you have a delightful meal to serve in less than 30 minutes.

### Brown 'N Serve Sausage with Hot Horseradish Slaw

- Yield: 4 to 5 servings
- 1 package Swift Premium Brown 'N Serve Sausage Links
  - 4 cups coarsely shredded cabbage
  - 1/2 cup mayonnaise
  - 2 tablespoons white vinegar
  - 1/4 teaspoon salt
  - 1/2 teaspoon caraway seeds
  - 1 to 2 teaspoons horseradish
- Place shredded cabbage in skillet. In a small bowl, mix mayonnaise, vinegar, salt, caraway seeds and horseradish. Stir until smooth. Spoon mayonnaise mixture over cabbage and mix well. Cover and cook over low to medium heat for 25 minutes, stirring occasionally. Brown sausages in medium-sized skillet. Add to slaw during last 10 minutes of cooking.

## Former Miss America To Speak At Brooklyn Church

Miss America of 1980 Cheryl Prewitt (now Mrs. Terry Blackwood) will be the featured speaker at Brooklyn Sesquicentennial Church Night Wednesday, June 30th at 8:00 p.m. at Columbia Central's football field. Blessed with a lovely singing voice and gifted at the piano, Cheryl was determined to become Miss America and give her testimony wherever she went. Other performances in music on June 30th from 6:00 p.m. to 7:00 p.m. will be Jimmy and Bob Elrod along with sister Jeannette Linenfelsen. Then from 7:00 p.m. to 8:00 p.m. five local churches will provide music selections along with a word from the pastors. A free will offering for the hunger fund will be taken.

## FAMILY FUN

One of the most popular American card games for children of early settlers went by the unusual name of gee haw whimmyiddle. The mechanics of this game are simple, but they still puzzle scientists today. All it took were two sticks with propellers attached to each end. By rubbing the sticks together children could make the propeller on the end of one stick turn. Other games that delighted children and adults were whistles and windmills made from chestnut wood.

One of the fastest-selling card games in the United States today has joined the ranks of American classics. It's played by two to ten people, from seven year olds through adults, and is called UNO. Some games get so interesting they're played for hours. One record marathon game went on for 100 hours straight. One of the reasons the players couldn't stop was the challenge. "You never know what's going to come up next," said one of the players.

Class size is limited and registration is required. To sign up for the class or to obtain further information regarding other classes, please contact the Hospital at 429-5435, ext. 331.

## Noman D. Shinkle Runs For Senate

A lifelong Republican activist, Norman D. Shinkle is seeking the seat now held by fellow Republican, Senator Jack Mowat of Adrian, who is retiring.

Shinkle said that while his candidacy was precipitated by Mowat's sudden withdrawal, his concern with State government policies grew during the last decade as Michigan progressively lost its competitive edge with the surrounding states.

During his tenure as County Commissioner he was able to limit property taxes to within the lowest 10 among all 83 Counties in Michigan, he added. As Bedford Township Supervisor from 1976 to 1978, he vigorously promoted new business by supporting improvements to the industrial area of Bedford Township and developing the Bedford Park Center

Industrial Park. Shinkle, 51, a lifetime resident of Monroe County, currently resides in Lambertville. He is a partner with his wife, Linda, in the Law Offices of Shinkle and Shinkle in Temperance. He graduated from Michigan State in 1972. A current Republican State Chairman in Monroe County since 1978, he is the Secretary of the Executive Committee of the Michigan Republican State Committee. Shinkle is a member of the Monroe County Chamber of Commerce and in the past has served on the Monroe County Opportunity Program Board of Directors (1973-1976), the Toledo Metropolitan Area Council of Governments as a Monroe County Representative (1973-1978), the Monroe County Substance Abuse Advisory Council (1973-1976), the Michigan Advisory Commission on Juvenile Justice (1976-1978), the Bedford Township Civil Preparedness Board as Chairman (1976-1978), and the Board of Directors of the Bedford Township Economic Development Corporation (1980). Shinkle is also a member of St. John's Episcopal Church in Temperance.

## LOW CAL DIETS

The most obsessive concern of most Americans today is apparently weight loss. Diet books outsell all others each year and calorie counting seems to be a way of life for many. This is all to the good if dieting is done safely and reasonably. But there are popular, current diets which can be dangerous and even fatal if used without close, continuous medical supervision. These are the very low calorie diets - 800 or less calories per day.

People respond differently to such diets. Some with no previous history of health problems have had complications after only a few weeks on the diet. The complications range from dizziness, nausea, and weakness to collapse and even death. Commercial diet plans which presently advertise that they provide 800 calories or less per day include the Cambridge Diet Plan. There are probably other commercial diets which also provide less than 800 calories. So always check the product label carefully to determine how many calories per day it offers.

Our concerns about very low calorie diets are based, in part, on conclusions drawn from investigations of deaths associated with liquid protein diets. The conclusion of the Federal Center for Disease Control was that these deaths were due to heart complications caused by starvation. Those diets provided about 400 calories per day. We believe similar consequences can result from any diet as low as 400 a day when it is followed

without careful medical supervision. We have advised Michigan people, therefore, not to undertake any diet of 800 or less calories per day without continual medical supervision throughout the dieting and during the refueling period, after the diet has ended. Starting regular foods after dieting can be a dangerous time since a rapid increase in calorie level can strain the cardio-vascular system.

We continue to urge alternative methods of weight control using dietary techniques known to be safe and which depend on appropriate physical activity, do not promote swift and massive weight loss, and involve controlled calorie intake while meeting needs for all recommended nutrients.

## News Of Good Things Growing

By: Margaret G. McCall  
Time to prepare a picnic and plan to soak up the summer sunshine. To help you along, nearly 50 commercial food crops are included among the good things growing in Michigan.

Skewered meats and vegetables make a nice and easy combination. We talk of shish kebabs, and are indebted to the Persian, Armenian and Turkish languages for the name. Generally, kebabs are made with cubes of marinated lamb or beef, interspersed with chunks of onions and green peppers, whole mushrooms, and often tomatoes.

I like to use cubes of cooked ham and fresh pineapple chunks for a change, basting the skewers with a mixture of lemon juice and honey. Cubed chicken also goes well with this combination. But don't think just of meat cubes for skewers. You can also use thin strips of marinated steak threaded on skewers, and

you can use meatballs. Which brings me to a recipe for meatballs made with fresh ground pork I think you'll like.

Combine 1 pound fresh ground pork, 1 cup dry bread crumbs, 1 tablespoon barbecue sauce, 1 teaspoon Worcestershire, 1 teaspoon salt, 1 egg, 1 tablespoon minced dried onion, 1 tablespoon dried parsley flakes and a dash or two of Tabasco. Mix well and shape into meatballs. Thread on skewers alternately with green pepper chunks, being careful not to crowd. Grill over a slow fire, turning often, until done, about 15 to 30 minutes.

Delicious served with Michigan baked beans and cole slaw.

## Siena Heights Students Honored

In recognition of academic excellence and contributions to Siena Heights College, several students were recently honored at the college's annual Honors Convocation.

Divisional Awards were presented to two students from each of Siena's seven academic divisions who have demonstrated outstanding academic achievement in their major fields of study. The college's individual departments also awarded honors for exceptional performance.

Twenty-eight students were invited to join Sigma Kappa Alpha, Siena's campus honor society. The Delta Epsilon Sigma chapter of the national honor society, Alpha Beta, inducted 19 new members at the Honors Convocation. Five students were invited to join the national Catholic honor society, Kappa Gamma Pi.

Three juniors received the Thomas E. Emmet Scholar-Athlete award, and 19 students who will be listed in the 1982 edition of "Who's Who Among American Colleges and Universities," received certificates.

"As a college we are proud to honor the academic excellence, service to the community, and dedication to learning

demonstrated by these students," stated Jim Ebben, dean and provost of Siena, at the Honors Convocation.

Manchester students who were honored are Betty Cummings, 8220 Grossman Rd. with a Business Administration Award and Robert King, 121 West Main, Sigma Kappa Alpha and Thomas E. Emmet Scholar-Athlete Award.

## 4-H Exploration Days

56 Washtenaw County young people and adults will travel to East Lansing June 28 to participate in 4-H Exploration Days at Michigan State University, says Sara Paton, Washtenaw County 4-H Agent.

The group will spend three days learning about new career opportunities and enhancing their knowledge and skills in such areas as computer technology, Michigan government, international cooking and developing employability skills.

"Exploration Days is the only program of its kind in the country," Paton says. "Participants have a chance to learn new skills, meet new friends and sample college life at a Big 10 university."

Nearly 5,000 young people and adults are expected to participate in this year's event. In addition to taking part in learning options, delegates will also attend a number of evening entertainment offerings, including performances by the Michigan 4-H Performing Arts Troupe.

"4-H Exploration Days is a memorable and valuable experience," Paton says. "Many of our delegates will be able to use the skills they gain at the event to improve 4-H activities in their communities."

For more information about 4-H Exploration Days, or any other 4-H activity contact the Washtenaw County Cooperative Extension Service 4-H office or call 973-9610.

## Klager Elementary School BALLOONS FLY EAST

On May 18 Klager students culminated their Young Author's Day by each launching a helium filled balloon with a note enclosed. The notes told the students' name, age, title of the book they wrote and requested that the finder return it to Klager School.

So far 25 of the balloons have been found and returned. It has been fun lately for the Klager Staff and students to open the mail. The balloon finders sound almost as excited as their young senders.

An east wind seems to have taken the balloons to the Michigan thumb and some even into Lake Huron. Many people report finding balloons that washed ashore on the beach. One balloon even made it to Canada.

The students were entertained by one balloon finder who wrote a 5 page letter and signed it with a paw print—the finder was a little poodle. (She had some help with spelling from her master).

Many of our balloon finders congratulated the students on the books they wrote. The children are writing thank you letters back to the finders. It has been fun!

Jason Briggs shows where his balloon landed in Yale and Beth Hayden points to Port Sanilac where hers was found.

### HIT OR MISS by farley

When us older folks were young, the horse played an important part in rural life. He furnished the "horsepower" to plow and cultivate the fields and to harvest the crops and then in the wintertime for instance, to haul the grains to mill to be made into feed. But times changed and he was superseded by the tractor, the pickup and the automobile, but he didn't vanish from the scene.

In Michigan a recent census shows that there are more than 260,000 horses in the state and that the horse has been referred

to as the "invisible industry".

For many years however, horse owners and breeders in the state have not received any recognition, acclaim and support. But a state conference was held last week on the Michigan horse industry.

Some 600 people were present to find ways to make the horse industry more important to Michigan's economy.

There are various kinds of horses; race horses, show horses, pleasure horse and some working horses, and these different kinds are not particularly congenial. Each group keeps somewhat to itself. The show horse set is disdainful of the premutual and the rural horse group has no equality with the other groups.

There was a parade of the various kinds at this conference. There were Arabians, Palominos and Morgans, all with their boosters. They divided into committees to discuss economic development, education and promotion, regulatory standards and research and then united in concern for their industry.

Just as the business man asked for changes in workman's compensation and agriculture in the "right to farm" laws the horsemen said "We generate millions of dollars for the state and instead of putting all that money into the state's general fund, give us the choice to determine how that money is to be spent and we can increase the amount of money you get from us." These activities include changes in tax laws, off track betting, agricultural education, research and other activities.

There will be final presentations to the Governor next month. As one person said "We can better harness Michigan's horsepower".

"The new congressional district plan adds Chelsea to the 2nd District, which I represent. I will seek a 4th term and look forward to the opportunity to serve you.

"I'm one of the few Congressmen who maintains his family and home in his district, instead of Washington. I return home every week for direct meetings with the people I represent.

My philosophy of government is best expressed by these words of President Abraham Lincoln:

"You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by destroying the rich. You cannot keep out of trouble by spending more than you earn. You cannot build character and courage by taking away men's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves."

ESTABLISHED 1867

MANCHESTER, MICHIGAN 48158

FLOOD DAMAGE PREVENTION ORDINANCE NO. 115

AN ORDINANCE TO ADOPT REGULATIONS DESIGNED TO PROMOTE THE PUBLIC HEALTH, SAFETY AND GENERAL WELFARE, AND TO MINIMIZE FLOOD DAMAGE.

THE VILLAGE OF MANCHESTER ORDAINS:

ARTICLE 1. STATUTORY AUTHORIZATION, FINDINGS OF FACT, PURPOSE, AND OBJECTIVES.

SECTION A. STATUTORY AUTHORIZATION

This Ordinance is adopted to secure the public health, welfare, and safety under the combined authority of Act No. 3 of the Public Acts of 1895, as amended, Act 167 of the Public Acts of 1968...

SECTION B. FINDINGS OF FACT

- 1) The flood hazard areas of the Village of Manchester are subject to periodic inundation which could result in potential loss of life, property, health and safety hazards, disruption of commerce and governmental services...

SECTION C. STATEMENT OF PURPOSE

It is the purpose of this Ordinance to promote the public health, safety and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

- 1) restrict or prohibit uses which are dangerous to health, safety and property due to water or erosion or in flood heights or velocities;
2) require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;

SECTION D. OBJECTIVES

- The objectives of this Ordinance are:
1) to protect human life and health;
2) to minimize expenditure of public money for costly flood control projects;
3) to minimize the expense and relief efforts associated with flooding and generally undertaken at the expense of the general public;

ARTICLE 2. DEFINITIONS

Unless specifically defined below, words or phrases used in this Ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this Ordinance its most reasonable application.

- "APPLICANT" is the owner, agent or legal representative of property for which and by whom an application for Village of Manchester Development permit is made.
"AREA OF SPECIAL FLOOD HAZARD" is the land in the flood plain within a community subject to a one percent or greater change of flooding in any given year.
"BASE FLOOD" means the flood having a one percent chance of being equalled or exceeded in any given year.

- "DEVELOPMENT" means any man-made change to improved or unimproved real estate, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.
"EXISTING MOBILE HOME PARK OR MOBILE HOME SUBDIVISION" means a parcel (or contiguous parcels) of land divided into two or more mobile home lots for rent or sale for which the construction of facilities for servicing the lot on which the mobile home is to be affixed, including, at a minimum, the installation of utilities, either final site grading or the pouring of concrete pads, and the construction of streets is completed before the effective date of this Ordinance.
"EXPANSION TO AN EXISTING MOBILE HOME PARK OR MOBILE HOME SUB-DIVISION" means the preparation of additional sites by the construction of facilities for servicing the lots on which the mobile homes are to be affixed, including the installation of utilities, either final site grading or pouring of concrete pads, or the construction of streets.

ARTICLE 3. CONSTRUCTION OF LANGUAGE

- The following rules of construction apply to the text of this Ordinance.
A. The particular shall control the general.
B. In case of any difference of meaning and implication, between the text of this Ordinance and any caption, preamble or illustration, the text shall control.
C. The word "shall" is always mandatory and not discretionary. The word "may" is permissive.
D. Words used in the present tense shall include the future; and words used in the singular number shall include the plural; and the plural the singular, unless the context clearly indicates the contrary.
E. A "building" or "structure" includes any part thereof.
F. The phrase "used for" may include "arranged for," "designed for," "intended for," "maintained for," or "occupied for."
G. The word "person" includes an individual, a corporation, a partnership, an incorporated association, or any other similar entity.

M. Unless the context clearly indicates the contrary, where regulation involved two or more items, condition, provisions, or event connected by the conjunction "and," "or," "either...or," the conjunction shall be interpreted as follows:
1. "and" indicates that all the connected items, conditions, provisions, or events shall apply.
2. "or" indicates that the connected items, conditions, provisions, or events may apply singly or in any combination.
3. "Either...or" indicates that the connected items, conditions, provisions, or events shall apply singly but not in combination.

ARTICLE 4. GENERAL PROVISIONS

SECTION A. LANDS TO WHICH THIS ORDINANCE APPLIES
This Ordinance shall apply to all areas of special flood hazard within the jurisdiction of the Village of Manchester, Michigan.

SECTION B. BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD

The areas of special flood hazard identified by the Federal Insurance Administration through a scientific and engineering report entitled "The Flood Insurance Study for the Village of Manchester," dated December 1980, with accompanying Flood Insurance Rate Maps and Flood Boundary and Floodway Maps and any revision thereto are hereby adopted by reference and declared to be a part of this Ordinance.

SECTION C. ESTABLISHMENT OF DEVELOPMENT PERMIT

A development permit shall be required in conformance with the provisions of this Ordinance. Application for such permit shall be on forms furnished by the Building Inspector. The applicant shall supply all information of the form.

SECTION D. COMPLIANCE

No structure or land shall hereafter be located, extended, converted, or structurally altered without full compliance with the terms of this Ordinance and other applicable regulations.

SECTION E. ABRIGATION AND GREATER RESTRICTIONS

This Ordinance is not intended to repeal, abrogate, or impair any existing easements, covenants, or restrictions. However, where this Ordinance and another conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

SECTION F. INTERPRETATION

In the interpretation and application of this Ordinance all provisions shall be:
1) considered as minimum requirements;
2) liberally construed in favor of the governing body; and
3) deemed neither to limit nor repeal any other powers granted under state statutes.

SECTION G. WARNING AND DISCLAIMER OF LIABILITY

The degree of flood protection required by this Ordinance is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can and will occur on rare occasions. Flood heights may be increased by man-made or natural causes. This Ordinance does not constitute a warranty of the accuracy of the flood hazard data or the flood elevation data has not been provided by the Village of Manchester or by any officer or employee thereof for any flood damages that result from reliance on this Ordinance or any administrative decision lawfully made thereunder.

ARTICLE 5. ADMINISTRATION

SECTION A. DESIGNATION OF BUILDING INSPECTOR

The Building Inspector is hereby appointed to administer and implement the provisions of this Ordinance.

SECTION B. DUTIES AND RESPONSIBILITIES OF THE BUILDING INSPECTOR

- Duties of the Building Inspector shall include, but not be limited to:
1) Review all development permits to assure that the permit requirements of this Ordinance have been satisfied.
2) Advise permittee that additional federal or state permits may be required, and if specific federal or state permits are required, such permits, or a letter of no authority, be provided and maintained on file with the development permit.
3) Notify adjacent communities and the State Flood Control Coordinator at the Michigan Department of Public Safety prior to any alteration or relocation of a water-course, and submit evidence of such notification to the Federal Insurance Administration. Require that maintenance is provided within the altered or relocated portions of said watercourse as that the flood carrying capacity is not diminished; and
4) Verify through acceptance of applicant's engineering certificate, the actual elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures and retain as Building Department record.
5) Where interpretation is needed as to the location of the boundaries of the areas of special flood hazard (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Building Inspector shall give the necessary interpretation. The person contesting the location of the boundary shall be given a reasonable opportunity to appeal the interpretation as provided in this article.
6) Where applicant seeks to substitute construction standards required and referenced by this Ordinance, the applicant may file with the Construction Board of Appeals for relief.
7) All records pertaining to this Ordinance shall be maintained in the Office of the Building Inspector and shall be open for public inspection.

SECTION C. PERMIT PROCEDURES

- 1) Application for a Development Permit shall be made to the Building Inspector on forms furnished by him and may include, but not be limited to, the following plans in duplicate drawn to scale showing the nature, location, dimensions, and elevation of the area in question: existing or proposed structures, fill storage of materials; drainage facilities; and the location of the foregoing. Specifically, the following information is required:
(a) Elevation in relation to mean sea level of the lowest floor (including basement) of all structures.
(b) Elevation in relation to mean sea level to which any non-residential structure has been flood-proofed.
(c) Provide a certificate from a registered professional engineer or architect that the non-residential flood-proofed structure meets the flood-proofing criteria in Article 6, Section B(2).
(d) Description of the extent to which any watercourse will be altered or relocated as a result of the proposed development.
(e) Base flood elevation data where the proposed development is subject to Public Act 288 or 1967 or greater than the areas in (a), (b), and (c).
(f) Additional information which may be reasonably necessary to determine compliance with the provisions of this Ordinance.
2) The Building Inspector shall:
(a) Determine if site is potentially in special flood hazard area.
(b) Obtain the base flood elevation from the "Flood Profile" in the Flood Insurance Study.
(c) Obtain information on the ground elevation at the building site as reference Article 5, Section C(1), (f).
(d) Compare base flood and building site elevation, and determine if it is in or near special flood area based on the criterion in Article 6, Section B(1) and (3).
(e) Using his best judgement, determine if site is in or near flood area; and if so, send applicant to ONE for a permit.
(f) Check to see if the project needs a permit from another agency as stated in Article 5, Section B(2).
(g) Any person aggrieved by the decision of the Board of Appeals or any taxpayer may appeal such decision to the circuit court or court of like jurisdiction, as provided by the State of Michigan public law.
(h) Variance may be issued for the project if the requirements of the Ordinance are not met.
(i) Check for hazardous buoyant or polluting material prohibited by the Ordinance.
(j) Check building plan for compliance with the Ordinance.
(k) Check the application for completeness and make sure the site drawing has everything required by the Ordinance as referenced in Article 6(1), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), (15), (16), (17), (18), (19), (20), (21), (22), (23), (24), (25), (26), (27), (28), (29), (30), (31), (32), (33), (34), (35), (36), (37), (38), (39), (40), (41), (42), (43), (44), (45), (46), (47), (48), (49), (50), (51), (52), (53), (54), (55), (56), (57), (58), (59), (60), (61), (62), (63), (64), (65), (66), (67), (68), (69), (70), (71), (72), (73), (74), (75), (76), (77), (78), (79), (80), (81), (82), (83), (84), (85), (86), (87), (88), (89), (90), (91), (92), (93), (94), (95), (96), (97), (98), (99), (100).
(l) If applicant meets all the requirements, issue a permit. If not, he shall inform applicant that the permit must be denied until the problem is corrected.
(m) Make an inspection before any filling or placement of obstruction is done.
(n) Make an inspection when the filling is completed or the first floor is ready to be begun.
(o) Make a final inspection when the project is completed. If project has been completed according to approved plans, he shall issue a certificate of occupancy.

SECTION D. VARIANCE PROCEDURES

- 1) The Board of Appeals as established by the Village of Manchester shall hear and decide appeals from the Building Inspector's decisions and from the requirements of this Ordinance.
2) The Board of Appeals shall hear and decide appeals when it is alleged there is an error in any requirement, decision, or determination made by the Building Inspector in the enforcement of the National Register of Historic Places or the State Register of Historic Places without regard to the procedures set forth in the remainder of this section.

(5) In passing upon such applications, the Board of Appeals shall consider all technical evaluations, all relevant factors, standards specified in other sections of this Ordinance.

A. EVALUATION CRITERION:

- 1) The danger that materials may be swept onto other lands to the injury of others;
2) The danger to life and property due to flooding or erosion damage;
3) The susceptibility of the proposed facility and its contents to the flood damage and the effect of such damage on the individual owner;
4) The importance of the services provided by the proposed facility to the community;
5) The necessity to the facility of a waterfront location, where applicable;
6) The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;
7) The compatibility of the proposed use with existing and anticipated development;
8) The relationship of the proposed use to the comprehensive plan and flood plain management program for that area;
9) The safety of access to the property in time of flood for ordinary and emergency vehicles;
10) The expected height, velocity, duration, rate of rise and sediment transport of the flood waters and the effects of wave action, if applicable, expected at the site; and
11) The costs of providing governmental services during and after flood conditions including maintenance and repair of public utilities and facilities such as sewer, gas, electrical, and water systems, and streets and bridges.

B. STIPULATIONS ON CRITERION:

- Generally, variances may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing items (1)-(11) have been fully considered. As the lot size increases beyond the one-half acre, the technical justification required for issuing the variance increases.
(6) Upon consideration of the factors listed above and the purposes of this Ordinance, the Board of Appeals may attach such conditions to the granting of variances as it deems necessary to further the purposes of this Ordinance.
(7) Variances shall be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.
(8) Conditions for Variances:
(a) Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
(b) Variances shall only be issued upon (1) a showing of good and sufficient cause; (2) a determination that failure to grant the variance would result in exceptional hardship to the applicant; and (3) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.
(9) Any applicant to whom a variance is granted shall give written notice specifying the difference between the base flood elevation and the elevation to which the structure is to be built and stating that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.
(d) The Building Inspector shall maintain the records of appeal actions and report any variances to the Federal Insurance Administration upon request.

ARTICLE 6. PROVISIONS FOR FLOOD HAZARD REDUCTION

SECTION A. GENERAL STANDARDS

- In all areas of special flood hazard the following provisions are required:
(1) All new construction and substantial improvements shall be anchored to prevent flotation, collapse or lateral movement of the structure.
(2) All new construction and substantial improvements shall be constructed with materials and utility equipment resistant to flood damage.
(3) All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage.
(4) All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system.
(5) New and replacement sanitary sewer systems shall be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters.
(6) On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.
(7) Any alteration, repair, reconstruction, or improvements to a structure on which the start of construction was begun after the effective date of this Ordinance, shall meet the requirements of "new construction" as contained in this Ordinance.

B. SPECIFIC STANDARDS

- In all areas of special flood hazard where base flood elevation data has been provided as set forth in Article 5, Section B, or Article 5, Section B(11), the following provisions are required:
(1) RESIDENTIAL CONSTRUCTION - New construction or substantial improvement of any residential structure shall have the lowest floor, including basement, elevated to or above base flood elevation.
(2) NON-RESIDENTIAL CONSTRUCTION - New construction or substantial improvement of any non-residential structure shall have the lowest floor, including basement, elevated to the level of the base flood elevation or, together with attendant utility and sanitary facilities, be flood-proofed so that below the base flood level the structure is water tight with walls substantially impervious to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall certify that the standards of this subsection are satisfied. Such certification shall be provided to the official as set forth in Article 5, Section C(3).
(3) MOBILE HOMES
(a) No mobile home shall be placed in a floodway or coastal high hazard area except in an existing mobile home park.
(b) All mobile homes shall be anchored to resist flotation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that:
(i) Over the top ties be provided at each of the four corners of the mobile home, with two additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side.
(ii) Frame ties be provided at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side; and
(iii) all components of the anchoring system be capable of carrying a force of 4,800 pounds; and
(iv) any additions to the mobile home be similarly anchored.
(c) For new mobile home parks and subdivisions: for existing mobile home parks and subdivisions: for improvement of the streets, utilities and pads equals or exceeds 50 percent of value of the streets, utilities and pads before the repair, reconstruction or improvement has commenced; and for mobile homes not placed in a mobile home park or subdivision require:
(i) stand or lots are elevated on compacted fill or on pilings so that the lowest-floor of the mobile home will be at or above the base flood level;
(ii) adequate surface drainage facilities be provided; and
(iii) in the instance of elevation on pilings: (1) lots are large enough to permit steps; (2) piling provided for pilings more than six feet above the ground level.
(4) FLOODWAYS - Located within areas of special flood hazard established in Article 4, Section B, are areas designated as floodways. Since the floodway is an extremely hazardous area due to the velocity of flood waters which carry debris, potential projectile and erosion potential, the following provisions shall apply:
(a) Prohibit encroachments, including fill, new construction, substantial improvements and other developments unless certification by a registered professional engineer or architect is provided demonstrating that encroachments shall not result in any increase in flood levels during occurrence of the base flood discharge.
(b) If Article 6, Section B(4) (a), is satisfied, all new construction and substantial improvements shall comply with all applicable flood hazard reduction provisions of Article 6.
(c) Prohibit the placement of any mobile homes, except in an existing mobile home park.

SECTION C. STANDARDS FOR SUBDIVISION PROPOSALS

- 1) All subdivision proposals shall be consistent with the need to minimize flood damage.
2) All subdivision proposals shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize flood damage.
3) All subdivision proposals shall have adequate drainage provided to reduce exposure to flood hazard.

ARTICLE 7. SEVERABILITY

Should any section or provision of this Ordinance be declared invalid or unconstitutional by any court of competent jurisdiction such declaration shall not affect the validity of the Ordinance as a whole or any part thereof which is not specifically declared to be invalid or unconstitutional.

ARTICLE 8. PENALTIES

Any person found guilty of violating any section of this chapter shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than ninety days or both in the discretion of the court.

ARTICLE 9. EFFECTIVE DATE

This Ordinance shall become effective upon publication.

## VERSATILE SALADS for any occasion

With more people on-the-go and eating light, salads have come into focus as viable alternatives to heavy meals. And what better time to try inventive salad ideas than on busy weekends? The Kraft Kitchens have created these two salad recipes which would fit well in the weekend schedule.  
Fresh vegetables fill the center of a unique mold featuring cooked rice, salmon, celery, and Kraft creamy cucumber dressing in this recipe for Salmon 'N Rice Salad. This is a great one-dish meal that's both appetizing and colorful.  
For a special Sunday dinner, this recipe for Spinach Salad provides just the right touch for the first course. Kraft Italian dressing is the perfect match for fresh spinach leaves tossed with crumbled bacon, chopped hard-cooked egg, and onion rings.  
Simple or elaborate, delicate or hearty, salads suit almost any occasion, meal, or position in the menu.

**SALMON 'N RICE SALAD**  
3 cups cooked rice  
1 7/8-oz. can salmon, drained, flaked  
1/2 cup celery slices  
1/2 cup Kraft creamy cucumber dressing  
Combine rice, salmon, celery, dressing, pimiento, onion and pepper; toss lightly. Pack into 4-cup ring mold; chill. Unmold. Combine tomatoes and cucumber; toss lightly. Fill center of mold with vegetable mixture. Garnish with cucumber and serve with additional dressing, if desired.  
4 to 6 servings  
Variation: One 5% or 7% can of tuna may be substituted for salmon.

**SPINACH SALAD**  
1 qt. torn spinach  
4 crisply cooked bacon slices, crumbled  
3 hard-cooked eggs, chopped  
1/2 cup onion rings  
Kraft Italian dressing  
Combine spinach, bacon, eggs, onion and enough dressing to moisten; toss lightly.  
6 to 8 servings

## Summer Programs Offered By Hospital

Chelsea Community Hospital is once again offering summer Speech and Language Therapy and Sensory Integration Programs.  
Beginning June 29 and ending August 12, the programs will be offered Tuesday, Wednesday, and Thursday between the hours of 9:00 AM and 1:00 PM at North Elementary School, in Chelsea.  
The Speech and Language Therapy Program is for preschool and school age children with language development, pronunciation, stuttering, cleft palate or other communication problems. Small groups will meet for one hour each day. A parent group will also meet once a week at Chelsea Community Hospital to discuss methods of promoting health speech and language development.  
The Sensory Integration Program is for children of preschool and elementary age who have poor coordination, short attention span, developmental delays and other such problems. The program will be held for two hours a day.  
For further information about these programs, contact Kathleen Anderson for the Speech and Language Therapy Program; or Pat Kubany for the Sensory Integration Program. Both are available at 475-1211.

### Roy Smith-18th Senate District

State Representative Roy Smith (R-Pittsfield Township) announced today that he will seek the Republican nomination to the Michigan Senate for the new Washtenaw County 18th Senate District.

Smith was first elected to the Michigan House of Representatives in 1966. He completes his present term this December. Roy has fully 14 years of local government experience, eight of which he served as Ypsilanti Township Supervisor, concurrently serving eight years on the Washtenaw County Board of Commissioners and, in 1966, was elected Chairman.

"While I have been able to accomplish a lot during my service in the House of Representatives," Smith said, "there is still a great deal which needs to be done. I want to continue my fight for relief from the unfair burden of local property taxes."

"I believe more strongly than ever that we must depart from the political philosophies of spend and spend, tax and tax which have brought the State to the brink of financial ruin."

Roy believes that his many years of government experience (28), along with his previous business experience at Ford Motor Company, will serve the needs of the people of Washtenaw County.

Co-sponsored this year by the Manchester Community Fair, it will be held on Saturday, August 21, 1982, the last day of Fair Week.

The art fair will be located adjacent to and outside the main admission gates of the Community Fair. A multi-media advertising campaign is planned, as well as inclusion in main fair publicity. It has been published in the calendar, "Arts, Crafts, Fairs, and Festivals" by the Michigan Council for the Arts.

In past years, visitors have enjoyed the variety and quality of the fair. Several educational demonstrations of fine arts and

heritage crafts will be presented this year, as in the past.

Work will be juried by slides. Only original art and handcrafted items will be accepted. For more information or to request an application, write the Manchester Art Guild, P.O. Box 4, Manchester, Michigan 48158, or call Jo at 428-8796, Maureen at 428-9286, or Bonnie at (517) 456-7569.

### Distinguished Student Ranking

A total of 8,435 Purdue University students received distinguished-student

rank for the spring semester of the 1981-82 school year.

The students represented, scholastically, approximately the top 18 percent of the 25,821 undergraduates on the West Lafayette campus during the second semester.

In order to qualify for distinguished ranking, a student must have a grade index of at least 5.5 (B+) of a possible 6 (A) in no less than 14 academic credit hours. The student may have no grade below 4 (C).

Named to this list was Bruce Garlick, 644 West Main St., Manchester in Electrical Engineering.

## John Schneider Blacksmith Shop Forge Reactive

This is a picture of John Schneider working at the forge in the Blacksmith Shop. Watching him is Jim Kensler, who used to spend many hours watching the smith at work. Kensler is now Manchester Fire Chief.

The old forge at the John F. Schneider blacksmith shop was fired up on Thursday, June 17, 1982, for the first time in many years. The Blacksmith committee of the Manchester Area Historical Society gathered for a meeting in preparation for the demonstration scheduled for July 4th. John S. Kasnick, Tim D. Armentrout, David R. Goodrich and Robert L. Mottice make up the committee and have many years experience as blacksmiths between them.

The Old Blacksmith Shop will be open from 12:00 noon until 2:00 p.m. when the July 4th Parade is scheduled; will be closed during the parade, and will reopen after the parade and will remain open until 6:00 p.m.

The art of the blacksmith will be demonstrated, and hand forged items will be for sale, as well as some gifts for children.

### Rose Marie

The Black Sheep Repertory Theatre of Manchester will present ROSE MARIE for one more weekend, performances being Thursday through Saturday at 8:15, and the final showing at 4 o'clock on Sunday, June 27. The excellent production features the music of Rudolph Friml and Herbert Stohart with such memorable tunes as the INDIAN LOVE CALL, ROSE MARIE, the MOUNTAIN SONG, and the DOOR OF HER DREAMS. Ticket prices are \$7 Adult, \$5 senior/college student, and \$2 Youth (under 18). For RESERVATIONS call (813) 428-9280 noon to six daily, closed Monday.

An original production of VAUDEVILLE will open July 9 at the Theatre.

The society recently obtained an anvil, thought to have been originally used in the blacksmith shop when it was operated by John F. Schneider. Mel Faulhaber of 6015 Esch Road made the anvil available to the society, and it fit perfectly where the anvil had been. The society had searched for months for an anvil used in the blacksmith shop. The search included contacting the warden at the State Prison for Southern Michigan (Jackson) because it was said that the prison received the anvil after the death of John F. Schneider. The Department of Corrections had no record of receiving such an anvil.

The Representative from Dimondale, and Jerry Roe, a member of the State of Michigan Historical Society helped in the search, but to no avail. After tracking down many rumors and false leads, the anvil now being used in the Blacksmith Shop was provided to the society by Melvin Faulhaber of Esch Road, and is greatly appreciated by the members of the society.

The society is now searching for coal for the forge for the demonstration on July 4th, as well as for future demonstrations. It has been suggested that there may be coal in the coal bins of residents of this area, that remained in the basements after the heating plants were converted to other fuels. The society would make arrangements to remove the coal if anyone knows of such a cache, and all they would have to do is give Howard Parr, President of the Manchester Area Historical Society a call at 428-9233. In fact, the society would be glad to receive any contribution of tools or artifacts having to do with the blacksmith shop. Tongs, blowers, swages, vices, etc., would be most welcome.

## Manchester United Methodist Church To Burn Mortgage and Dedicate Church

Sunday, June 27, 1982 is a special day in the life of the Manchester United Methodist Church when it plans to celebrate the burning of the mortgage of the church building and to dedicate the church.

In March 1966 a Study Committee was named to evaluate the needs of the church. At a Quarterly Conference on March 21, 1968 a Building Committee was named. In May 1970 a Crusade for funds was conducted. On Sunday, April 18, 1971, a Ground Breaking Ceremony was conducted. On November 7, 1971 there was a Cornerstone Laying Ceremony. The first service was held in the new church at 501 Ann Arbor Street on April 23, 1972. The building was consecrated on May 14, 1972.

At the June 27, 1982 morning worship service at 10:30 District Superintendent Dr. Robert Selberg will speak. The Reverend O. William Cooper, who was here when the building project was started, and the Reverend Walter Damberg, who was here when we moved into the new church, will both participate in the worship service.

Following the worship there will be a potluck dinner at 12:30 p.m. in Hoffer Hall. At this time the Reverend Maurice D.

Sharai, who served in the new church, will join us. There will be an open house in the afternoon for all friends of the church.

### "It's Chicken Broil Time Again"

by Lucy Feldkamp

It's that time of year again. Chicken Broil time. Once again Manchester will be a big town for one day when 12-14,000 people will visit us for chicken dinners. Gene Bentschneider, general chairman of the broil, says that last year's was the biggest and most profitable ever, and he expects at least as many people to show up this year.

The committee list should be in the mail this week. Anyone who has not yet volunteered and would like to should call Gene Bentschneider or Ron Mann.

This year's entertainment has not been chosen yet. Who can forget last year's attraction, the Parris Island Marine Corps Band? Manchester was as much a treat for the Marines as they were for us. At the reception held for them at Bob Ross' farm, many of the band members said they would like to come back this year, but economics have made that impossible.

The Marines may not be able to make it, but our old friends Bud Guest and Fat Bob Taylor are planning to come. "PM Magazine" is sending a camera crew out to film the broil, but the footage will not appear until next year, when our hometown extravaganza will be thirty years old. Maybe, just maybe, J.P. McCarthy will get his first taste of Manchester chicken this time around. Bob Ross, longtime publicity chairman, and Dave Little, his successor, have been invited to appear with Bud Guest on J.P.'s WJR "Focus" show at noon on July 7.

So remember the third Thursday in July, the 15th, and plan to be around for the best little chicken broil in the state of Michigan.
