

### Klager Students Participate In Fitness Program

The students of Klager Elementary School participated in the Nabisco Amateur Athletic Union (AAU) Physical Fitness Program this spring. The primary purpose of the program is to help American youngsters discover their physical capabilities, and to provide an incentive for them to strive for maximum development of individual physical potential. The program contains five test items which are: bent-knee sit-ups, push ups, standing long jump, run/walk and a choice of one of the optional events: pull-ups, sprints, running high jump, and shuttle run. For each test item a specified standard is provided for boys and girls and for various age groups which the children strive to achieve. The tests which form the basis of the Nabisco-AAU Physical Fitness Program provide the means of determining the present physical capabilities of young people between the ages of 6 and 18 - and the standards listed are designed to motivate boys and girls to increase sports participation for the development of physical fitness.

There are three types of certificates attainable for students participating in the program. A Certificate of Participation is given to any boy or girl who participates in the AAU Physical Fitness Test so as to acknowledge participation whether or not he or she has been able to equal or surpass the test's proficiency standards. A Certificate of Attainment is received by boys and girls who achieve the AAU Physical Fitness Test standards for their age-group by passing all four required events and one of the optional event. The AAU Physical Fitness Test is designed to be a challenge for the majority of the nation's boys and girls, it is anticipated that some youngsters will find the test easy to master and will desire a more difficult one. Therefore, a special point system has been adopted for these high

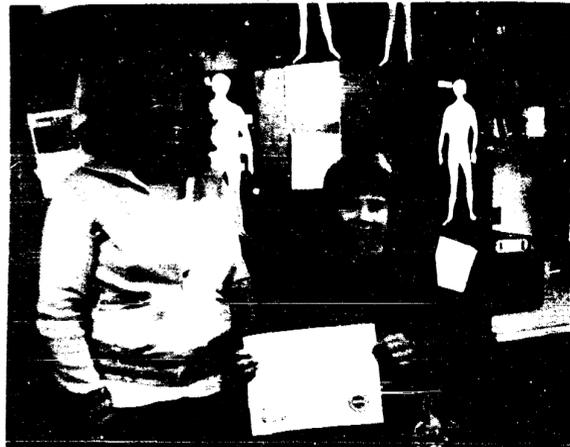

achievers - and those equalling or surpassing the required point totals will receive the Outstanding Achievement Award. To achieve this award an individual must pass all four required events and one optional event and attain a combined total of 150 or more points for the five events. Points are awarded only for those performances in each event that surpass the basic standards of the AAU Physical Fitness Test. There was one individual in Klager School who earned this Outstanding Achievement Award. Andy Pagel, a third grader, earned 151 points to achieve the Outstanding Achievement Award.

The following students earned a Certificate of Attainment Award for equalling or surpassing the AAU Physical Fitness Test standards:

First Grade - Gary Barrett, Rodney Burkhardt, Kathleen Noshisch, Jamie Sloat, Amanda Tubaugh, Lynnette Wackenhut, Jeff Weidmayer, Joey Whiting, Angelo Yeutter, Chris Pilaraki, Andrea Karpo, Stacey Clouse, Jennifer Coppernoll, Andy Corwin, Kristin Cyers, Shane Fielder, Laura Isom, Amber Minor, Melissa Nimke, Kerrick Rentfro, Holly Seales, Meghan Hakes, Pamela Herrst, Kellie Lucas, Richard Lutton, Greg McLennon, Steven Raab, Kim Reeb, John Runyon, Jenni Schneare, Ann Spiess, Michelle Mann.

## JULY 4th SPECTACULAR!

As you know the fourth of July is here, and the Manchester Men's Club is sponsoring their annual fourth of July activities. Starting at 12 noon, beer will be sold at Carr Park till 1 a.m. At 2 o'clock a parade will start from the Athletic Field and proceed through town to Carr Park with many antique cars and show cars plus many other attractions. Three bands will be performing at the park throughout the day. The Manchester High School Pep Band starts off the day playing many popular songs from 1 to 3. At 3 o'clock we will have a very good country western band from Ypsilanti called Acoustic Country, one of the better country western bands in Southern Michigan. At 8 o'clock John Anthony and his band will perform. Requested by many people to come back again this year. John and his band have played all over southern Michigan, and has cut the record call Michigan Lady.

We also sponsor a fireworks display which is performed by the Manchester Fire Department. We have received help from The American Legion, Legion Auxiliary, Societies of Manchester, Village of Manchester, Freedom Township, Sharon Township, and Bridgewater Township to help fund partial amount of cost of the firework display. Last year it was estimated that 3,500 people witnessed the fireworks display, yet we received only \$759.00 in donations that day. To continue this display we need help from you, the people. The fireworks next year would be as good or better than this years if everybody could give at least one dollar in donation to the canvassers in the crowd or in the pails at the beer stand. Donations can also be mailed in care of Bill Puchas. The Men's Club and American Legion will be collecting the donations at the park.

Later in the afternoon Manchester's own famous stuntman and member of the Men's Club, Eddie Green and his partner, will skydive into the park aiming for second base on the ball diamond. It will be his 2,500 jump. He is coming special from Ann Arbor to make this in front of his hometown crowd.

In order to cover these expenses, beer stand, bands, and skydiver, we need your support for this afternoon of entertainment to make it continue for years to come. We are looking for many picnics and a fun day for all on July 4 at the park. Come early and stay late, this will be a day to remember.

## "Main Street" To Have New Look

As many of you are aware, trying to travel down Main Street recently has been somewhat of an obstacle course. In due time, however, all this will cease, and our eyes shall behold a beautiful transformation. Planned renovations include replacing sidewalks on both sides of the street, new curbs and gutters, blacktopping the street, and planting 20 trees. The completion date is set for July 14th. Manchester Merchants regret any inconvenience these renovations have caused shoppers and invite them to park in the rear lots and use the back entrances.

## Historical Society Open House At Old Blacksmith Shop

The late John Schneider and his portable blacksmith shop preparing to show a couple of horses on a farm near Manchester.

On the Fourth of July, you can visit the Old Blacksmith Shop on East Main in Manchester and see it in working order as the local "Smithies" demonstrate the art of blacksmithing. Manchester Area Historical Society has arranged an Open House from 12 to 2 and 3 to 6 with an hour out from 2 to 3 for the Parade.

After 3 the program will include the shoeing of a horse (or horses) at the outdoor site. Bill Kellum of Adrian, a farrier with seven years experience at the trade, will bring his portable shop from

Lenawee County to do the demonstration.

A blacksmith did more than shoe horses, he repaired all equipment made of metal, made tools and even invented tools needed for special purposes. Quite often the blacksmith and his family enjoyed a favored station in the community because he was not directly affected by the economic conditions of the time. Horses had to be shod and equipment maintained no matter what the price of corn.

All afternoon, blacksmiths John E. Continued on page 9

## Old-Time Horse And Wagon Ride

by Lucy Feldkamp

Wendell Reinhart and his volunteers will be repeating their popular horse and wagon shuttle service at the Chicken Broil this year. Anyone who parks at the high school can hitch a free ride to the athletic field and the best barbecued chicken dinner in Michigan. As usual, there will be no charge for the ride, not even a tip. The only thing you will need is the patience to wait in line awhile.

Reinhart first got the idea during the Bicentennial. That year he rigged up a wagon with seats, harnessed his draft horses, and drove down to the broil, thinking it would add a little historical flair to the occasion. People loved it and stood in line for a ride instead of taking the school buses which usually did this chore. Since then, Reinhart has added more teams and wagons every year, until now most of the local teams, and even one from Adrian, have been signed up for duty. The school buses are no longer needed.

Last year, eight wagons, each carrying 16 to 25 people, made four trips an hour from 4:00 to 8:00 P.M. Reinhart estimates his equine taxis carried about 2000 people all told. This year Reinhart says he and his crew, which includes Lloyd Hughes, McCalla Feeds from Chelsea, Jim Hone,

Denver Eicker, George Macomber, Andy Poet, and others, will field the same number of wagons, but will stop service around 7:30 to avoid overworking the horses. Anyone with a team who would like to increase this number should call Reinhart at 428-8540.

Kids love the horses, which include ponies and mules, as well as the giant Percherons and Belgians, but Reinhart says they are just as popular with the elderly. Many older folks remember the days when the farmer's most valuable tool was his team of horses, not his tractor.

So when you go down to the broil this year, plan on participating in a little re-creating history. Rest your feet and let the horses hooves do the walking for you.

## Luther Schaible's 25th Anniversary

Mr. and Mrs. Luke Schaible of Manchester will be honored with a 25th Anniversary Open House on Sunday, July 4 at their home, 4665 Fletcher Road, from 2 to 6.

It will be hosted by Dan and Julie Schaible, Bob and Jane Braem and Joan, Mike and Carol Schaible.

All friends of Luke and Barb are cordially invited.

## Help Needed At Chicken Broil

Any boys, 12 years or older, that would like to work on the butter detail at the Chicken Broil, July 15, please contact Ted Stautz, 428-8126 or Mike Hughes 428-7864 before Chicken Broil time.

## Attention! Merchants And Organizations

Any business or organization wishing to exhibit in the merchants' tent at this year's Fair should contact Kathy Richardson or Carol Britten at 428-8474 or 428-8589. The Fair is only two months away and tent space must be reserved in advance. 1982 Fair dates are August 17-21.

**LETTERS TO THE EDITOR**

Dear Sir,  
As I recall being in Germany thirty-five years ago and in the last days of the war we had to back up and stall for time. Letting the Russian troops take over their assigned position of Germany. What happened and why? They are still there and are still up to the same old games, while the American people sleep.  
It is not the United States but the USSR that is menacing the world.  
Freeze advocates and their literature imply that the world is threatened by both of the superpowers. It is high time we remember that it is communism, not the U.S. which relentlessly seeks to conquer the world. Soviet declarations of this intention are far from idle boasts. In the past decade communist power has conquered Laos, Cambodia, and South Vietnam. It has forcibly invaded Afghanistan, it has used Cuban troops to solidify communist control of Angola and Ethiopia, and it has crushed the aspiration of the Polish people for even a fraction of freedom in their occupied country.  
The last several times the United States has gone to war, it has been in response to communist aggression. Does it make for

America to scrap or reduce its military capabilities in the face of such a record.  
Sincerely Yours,  
Russell Wolff

Mr. Simon Steele

I am addressing this letter to the taxpayers and electorate of Manchester, Freedom, Sharon and Bridgewater townships to inform them of some decisions made by their respective township supervisors. It seems that sometime ago these four supervisors got together and decided, for you, that the Manchester Fire Department was no longer to respond to medical emergencies of any sort, because, it costs too much money to try and save someone's life or prevent further injury at the scene of an accident.

Now this is a pretty harsh statement that I make but as a taxpayer, volunteer firefighter and a professional firefighter I feel you have a right to know about this decision. It is my opinion that if one life is saved or one injury prevented then this should more than make up for the cost factor involved. I know the fire department budget isn't overly large, but what most people don't realize is that we, the firefighters, don't do this job for the money. Over 60% of the money we receive for wages each month is gladly donated back to the department for equipment. All hours spent in training and maintaining the equipment is done on our own time because we take pride in our department and community. I feel bad about all the time spent by all the individuals and organizations to raise money for the fire department to have the proper equipment to do our job, only to have these supervisors tell us not to do it! I feel worse for the next person who picks up the phone and calls for fire rescue to help and none arrives. I sincerely hope that Mr. Flender's family along with those of the supervisors of Sharon, Freedom and Bridgewater townships are in excellent health and remain that way, because if they ever need an ambulance it is very possible that it will take 20 to 30 minutes for response time. The same would apply if there is an auto accident in this corner of the county. As for the people in the village the same goes for you. All though you are fortunate because the Manchester Police Department will be there to help and I might add do a fine job. So if you feel as cheated as I do give your

supervisor a call and let him know how you feel. If you think they are right fine, but remember an emergency can happen at anytime and the fire department response time to any of the four townships is less than ten minutes. Only the people who pay the bills and elect our officials can change things if they want to. I don't feel that four people should make decisions about the health and safety of my family and friends.

**HIT OR MISS by farley**

Perhaps the smartest columnist that we have heard of is the editor of the Glasgow, Mont., newspaper. A friend sent us his column for that week. It read as follows (surrounded by a lot of white space):  
The editor of this paper hasn't a single word to say this week. He isn't mad at anyone; he can't find anything to brag about—what a blessing.

\*\*\*\*\*

We just ran across a proposal made some time ago by Senator Gary Hart who has an idea to help out the economic crunch. He says that businessmen should pay for 30 percent of their lunches out of their own pockets instead of deducting the full amount as they do now. This 30 percent could be added to the school lunch for poor children.

The business lunch program first came into being because, for many businessmen, it was the only hot meal they got. Many of these fellows rush off with very little

breakfast and when they come home at night their wives refuse to cook for them. If it wasn't for the hot lunch they would be deprived of the proper nutrition for an average businessman.

This luncheon has been called a needless subsidy but it isn't. Go into any first class restaurant and see the folks with an expense account soaking up their food and drink. Then you know what a business lunch means to these people.

One columnist commenting on the Senator's untimely action says that he is mean trying to save money at the expense of the stomachs of folks engaged in commerce.

The minimal requirements for proper nutrition includes cocktail, soup, salad, smoked salmon, meat or fish with two pureed vegetables, cheese, dessert, coffee and a cigar. Where can you cut this down without sending folks away hungry?

President Reagan says everyone has to expect pain if his economic system works, but if you can't take your best customers for a decent lunch, and deduct the expense there will be no money to trickle down to the poor, and the psychological impact of paying 30 percent out of your own pocket is as bad as no lunch at all.

However it would be political suicide for anyone to vote for it. Next thing you know people will be supposed to pay for their own super bowl tickets, their baseball tickets or theater tickets. Several liberal Senators are accused of expecting the elimination of deducting corporate boxes at basketball games because they say it is a waste of taxpayer's money. They must be crazy. Next thing they will be expecting the Senators to pay for their own bean

**Don Limpert Seeks County Board**

Donald E. Limpert, prominent Manchester developer and General Contractor, has announced his candidacy for District 1 of the new Washtenaw County Board of Commissioners. District 1 includes Lyndon, Sylvan, Lima, Sharon, Freedom, Lodi, Manchester, Bridgewater, Saline, and York Townships.

Limpert, whose family originally settled in Freedom Township in 1884, has been a resident of Manchester since 1968. He was Chairman of Manchester Township Planning Commission from 1967 to 1976. During his tenure, this Planning Commission was among the first to update a new zoning ordinance. He has restored 13 major buildings on Manchester's Main Street (which includes the historic Mann Feed Mill, now in progress) and thereby has been a major factor in preserving the turn-of-the-century charm of Manchester's

central business district. In addition to this undertaking, Limpert has engaged in renovation projects in surrounding towns as well as developing and building various apartment projects in the area. In 1968 he created and established Manchester's Black Sheep Tavern which he owned and operated until 1976.

Mr. Limpert, 55 years old, is a member of the Michigan Regimental Round Table Civil War group, Historical Society of Michigan, the Manchester Men's Club, and a charter member of the Michigan chapter of Stein Collectors International.

In commenting on his candidacy, Limpert stated, "The new, smaller County Board will result in many changes in County operations and management. I hope to have the opportunity to act as a positive force in designing and implementing these changes as the elected representative of the largest geographic portion of Washtenaw County."

**Kari Agin Qualifies For National Championships**

On Saturday, June 26th, Kari Agin competed in the Track and Field Association/USA Midwest Regional Championships. The Regional meet was held at Ferry Field on the University of Michigan Campus in Ann Arbor. Athletes from Michigan and Ohio were competitors in track and field events in various age groups. Kari competed in the 17-18 age group in the 400 meter low hurdles. Kari placed second with a time of 1:02.7. Kari improved her time in this event by two seconds, competing in this event for only the second time. Kari's performance qualifies her for the Track and Field Association/USA National Championships to be held in St. Louis, Missouri on July 9-11.

# COUNCIL PROCEEDINGS

June 14, 1982  
The regular session of the Manchester Village Council was called to order by President John Hinkley at 7:00 P.M. Trustees present: Petsch, Koebbe, Tracy, Kallewaard. Absent: DuRussel, Reed. Also present: Zsenyuk, Steele, Smith.

President Hinkley asked for questions from the audience. Judy Steele stated that the Village Preliminary Budget is supposed to be adopted two months after the old budget expires, and she wondered why one hadn't been adopted. Hinkley said the Council was waiting for figures from the Township Supervisor.

Don Limpert asked who finally put the Preliminary Budget together. Hinkley stated he, Dick Kuntz and Bill Zsenyuk. Mr. Walter Lewis from Washtenaw Engineering discussed the repairs to be made on Main Street.

Mr. Doug Fuller of Cunningham & Gooding did not have all the unit prices and he said he would call Zsenyuk in the morning with all the figures. A decision will be made on June 21st.

Don Limpert asked if the unit prices and scope of work would be available to citizens. Hinkley said yes.

Jim Jenter representing the Manchester Men's Club, asked the Council's permission to use Carr Park on July 4th for Fire Works and the other festivities that they are planning and permission for a beer tent from 12:00 P.M. - 1:00 A.M. Koebbe asked about the insurance covering the Fire Works. Zsenyuk said that the Village was able to put a rider on their insurance policy for the 4th of July, for \$150.00, and the "Men's Club" have already paid the \$150.00. Don Smith asked for help from the Men's Club to clean up Carr Park the next day.

Koebbe moved to approve the Men's Club having a beer tent at Carr Park on July 4th, from 12:00 P.M. - 1:00 A.M., supported by Petsch. All yeas, motion carried.

Zsenyuk said that Lauren Leeson

requested that a plaque or fence be placed on the 3 acres that the Leeson family decided to the Village as an extension of Carr Park on July 15, 1984. Council asked Zsenyuk to ask Mr. Leeson if a plaque would be acceptable to the Leeson family and also to get a cost factor.

Convened for Public Hearing on Flood Plain Control Ordinance at 8:00 P.M.

Limpert asked if there was a definite plan showing the exact qualities of the Flood Plain. Zsenyuk said the plans are on file in the Village Offices.

Basically the ordinance covers two main purposes:

1. If a home is already built in the Flood Plain area, the Insurance Companies have to give the owner a lower rate on Flood Insurance.

2. To prevent people from building in the Flood Plain area unless they comply with the Ordinance.

Petsch moved to adopt the Flood Plain Control Ordinance Co. 115 to comply with the Federal Government, supported by Tracy. Motion carried.

Petsch reported on the Parks. Zsenyuk said that "No Parking" signs would have to be put up at Kirk Park because people are parking on the grassy area and tearing it up. Zsenyuk was asked to get a price for putting on a roof at the middle Pavilion at Carr Park.

Council convened for Public Hearing at 8:21 P.M. on the Preliminary Budget. Zsenyuk said that the State of Michigan

has informed the Village that Council has the right to levy a tax increase of .039 if Council so chooses. The Village would get \$10,285 from the tax increase, and would have to earmark those dollars for a specific project. Zsenyuk stated the Bridge Bond would be paid off in 1983.

Tracy moved not to access the .039 tax levy, supported by Koebbe. All yeas, motion carried.

Petsch moved to pay Village payables, supported by Kallewaard. Motion carried.

### James Murray - State Senate Seat

regarding State programs, regulations and taxing policies.

He said the concerns range from property taxes, preservation of agricultural land and policies for lake and recreational land uses to economic development, preservation of the educational system and high technology development.

Murray, 36, holds a Bachelor of Science Degree in Political Science/Public Administration is married and has two children.

Revenue from state aid is expected to decrease by \$256,000, a decline of 6.5 per cent. Tuition for next year was increased in March and should produce \$904,900 more in revenue. Tuition was increased by \$5.50 per credit hour to \$24. An increase of 8 per cent in property tax revenue is expected; there is no change in the College tax levy of 2.25 mills for operations. The College will use \$635,900 from fund balance to complete the revenue side of the budget.

Expenses have been reduced during the current year through a concentrated program of close review of costs, Dr. Myran said. This will continue next year and is reflected in budgeted increases of 5 per cent for utilities and non-personnel expenses. Personnel expense will increase by 9.9 per cent principally reflecting bargaining agreement costs and no increase in staff positions.

"We anticipate a very tight budget year allowing for very little growth. Program changes during the year will come from a reallocation of resources or outside funding," Dr. Myran said.

James Murray, Washtenaw County Drain Commissioner and Director of the County Building Inspection Department, has announced he will seek the Democratic Party Nomination for the 18th District State Senate Seat. The seat is currently held by Ed Pierce who is campaigning for the Democratic gubernatorial nomination.

The 18th State Senate District is comprised of all of Washtenaw County except the Township of Saline.

Murray, a self described "pragmatist and problem solver," has served as Drain Commissioner since 1980 when he won election to the post in his first bid for public office.

He states his experience with County affairs and program implementation give him an edge over other Democratic candidates in the Senate race. Murray also states his work for the County in various capacities over the past five years have made him "aware of the wide variety of interests and concerns" that County residents and local elected officials have

### Approve Budget 'Hold The Line'

Washtenaw Community College Trustees approved a "hold the line" budget for 1982-83 of \$16,945,200, an 8.8 per cent increase.

"The budget increase is expected to cover the inflationary increases next year, but will provide minimal growth in programs," Gunder A. Myran, president, said.

Revenue from state aid is expected to decrease by \$256,000, a decline of 6.5 per cent. Tuition for next year was increased in March and should produce \$904,900 more in revenue. Tuition was increased by \$5.50 per credit hour to \$24. An increase of 8 per cent in property tax revenue is expected; there is no change in the College tax levy of 2.25 mills for operations. ### Married LAURA ANN VANDERKOLK JOHN WILLIAM SPENSLEY

Laura Ann Vanderkolk became the bride of John William Spensley in the Emanuel United Church of Christ, Manchester, Michigan on June 19, 1982.

The Reverend Robert B. Macfarlane performed the ceremony uniting the daughter of Mr. and Mrs. Bernard J. Vanderkolk of Lafayette, Indiana and the son of Mr. and Mrs. Charles R. Spensley of Manchester, Michigan.

Maid of Honor was Miss Lizette Heiberg of Coal Valley, Illinois. The best man was Michael Powell of Oxford, Ohio.

Bridesmaids included Linda DeBoy of Lafayette, Indiana; Laura Connor, Lafayette; Tammy Plantenga, Lafayette;

and Marianne Noyes, East Lansing, Michigan.

Sasha Peyton of Vienna, Virginia, niece of the bride attended as flower girl and Robert Taylor of Edison, N.J., nephew of the bride was ring bearer.

Ushers were Dr. Michael S. Spensley, Manchester, Michigan; Robert L. Spensley, Ypsilanti, Michigan; Charles R. Spensley, Belleville, Michigan; and Stephen K. Spensley, also of Manchester, all brothers of the groom.

After a reception at Charamar Farm in Manchester, the couple left for a honeymoon at the Caravanerai Hotel in St. Maarten, Netherland Antilles.

### Old Fashioned Day At North Sharon

On Sunday, July 4th, the North Sharon Bible Church will be having an Old Fashioned Day.

This is the day we hold up our country and the old fashioned religion that has made America great. There will be old fashioned dress, singing, preaching, the presentation of colors, a flag-raising and old fashioned games such as tug of war, sack races, log sawing, nail driving, pie eating contests and a penny hunt for the little ones. Also horse shoe pitching, egg and balloon toss. There will be buggy rides, go-cart and motorcycle rides plus an antique display in the church foyer. The public is invited to bring a dish to pass.

join us for the picnic following services as well. We will begin this great day at 10:00 a.m. at North Sharon Bible Church, located at the corner of Sylvan and Washburne in Grass Lake, Michigan.

### Household Uses For Vinegar

I frequently quote a wise old home economist, who told me you can run a household without expensive cleaners; all you need are ammonia, salt, baking soda and vinegar. A listener who agreed sent me a long list of household uses for vinegar, as well as some historical notes. Vinegar is referred to in the Old Testament; not surprising, since it's been around as long as wine. Ruth was given a cooling drink of vinegar while working in a barley field at high noon. Most of us would consider that an acquired taste; though Julius Caesar's armies are said to have drunk vinegar diluted with water while on the march. Cleopatra, on a binge with Mark Anthony, bet him that she could devour a fortune in one meal. She dropped a priceless pearl in a cup of vinegar, let it dissolve, and drank the liquid; not a bet most of us would care to win. The French kings used vinegar to cool their cannons; and in the Middle Ages, it was used as medicine to treat bubonic plague. Our modern usage is more mundane, and more effective. In cooking, it's a meat tenderizer. A tablespoon of vinegar added to a pot roast while cooking will make it easier to chew. The flavor of lamb is improved if washed with white vinegar before baking. Wilted vegetables will freshen up when soaked in cold water and a little vinegar. A teaspoon added to water before boiling rice makes it white and fluffy. And if you want a distinctive flavor for your meat loaf, add one third cup to three pounds of meat. Did you over salt the soup? Add one spoon vinegar, one spoon sugar and reheat. Even your gelatin mold can be improved. A tablespoon of vinegar to two packages of fruit gelatin keeps it firmer when served. Although most vinegars have a distinctive odor of their own, they can be used to deodorize other foods. A few drops in the pot will keep the odor of boiling cabbage from permeating the house. And a little on your hands will remove the odor of onions, and also do away with fruit stains.

## Open House At Old Blacksmith Shop

Kasinick, Tim D. Armentrout, David A. Goodrich and Robert L. Mottice will be demonstrating their art at the reactivated forge in the Old Shop. One of the original anvils which was recently made available to the Society by Allan J. Faulhaber, 6015 Each Road, will be used to form the ironwork.

Items forged at this time will be for sale and special orders may be placed by those wishing future delivery.

Antiques will be on display and tickets will be available for the drawing to be held at Carr Park just before the fireworks begin. Members of the Society are reminded that ticket stubs and funds must be turned in no later than 6 o'clock at the Shop or 6 o'clock July 4th at the Society's headquarters at Carr Park.

All funds collected from the various events will be used for the Historical Society Building Fund and to maintain and serve the history of the area.

For the safety of all, the Manchester Historical Society has been donated two fire extinguishers by the Manchester Volunteer Firemen's Association. These will be charged and ready for use at the Shop during all demonstrations at the forge.

## Ag. Expo '82

Properly using modern farm equipment can enable farmers to increase their efficiency significantly.

Farmers must pick the proper sized equipment to do the job most efficiently. This is where Ag. Expo '82 enters the picture.

The event, July 20-22 at Michigan State University, features 30 acres of farm equipment and displays. Visitors will be able to see just about every type of apparatus needed to help improve farm production efficiency.

"Expo will help farmers make management decisions for potential capital

changes necessary to maintain or increase production efficiency," says William Bickert, MSU Cooperative Extension Service Agricultural Engineer and Ag. Expo '82 chairman.

The Ag. Expo '82 site is near the intersection of Farm Lane and Mt. Hope Road, close to the central campus. Free shuttle buses will be available to the 50-acre tillage demonstration site, the campus and crop variety trial tours.

The machinery displays will represent almost every mechanized area in a typical farm operation. Examples include irrigation systems, field machinery, dairy equipment and supplies, livestock handling equipment, grain harvesting, handling and storage systems, sprayers, buildings, seed, and fertilizer supplies and services.

"This complete machinery exhibition will allow farmers to see the latest machinery available on the market and enable them to compare systems," Bickert says.

## Public Hearing Conducted

The Michigan Fire Safety Board will conduct a public hearing on proposed rules regarding transportation of flammable and combustible liquids and storage of flammable and combustible liquids at the State Police Training Academy, 7426 N. Canal Road in Lansing starting at 9:30 a.m., Thursday, July 22, according to Charles E. Cribley, executive secretary of the board.

The proposed rules will take the place of the 1973 Michigan Flammable Liquids Regulations and also will separate provisions for transportation and storage. Due to the separation in rules the hearing will be conducted in two phases, the first relating to transportation and the second relating to storage. The proposed rules adopt and make full use of national standards.

Copies of the proposed rules may be reviewed or obtained in advance of the public hearing at the State Fire Safety Board office, General Office Building, State Secondary Complex, 7150 Harris Drive,

The Manchester Enterprise Lansing, 46913, (517/322-1925), from 8 to 5 Monday, through Friday.

Persons attending the hearing are requested to present a written statement for submission at the hearing. This will in no way prohibit or limit the right or oral expression at the hearing.

Those unable to attend the hearing may present data, views, and arguments, relative to the proposed rules, by filing the same in writing with the State Fire Safety Board no later than the close of the business day preceding the date of the hearing.

## Beauty Pageant Open To Michigan Women Of All Ages

A new, statewide beauty pageant has done away with the traditional age and marital status restrictions of conventional beauty pageants to attract to the competition the most beautiful women in Michigan, no matter what ages or marital statuses they might be.

The Michigan Beauty Pageant is envisioned by its organizers as a beauty contest whose winner could just as easily be a mother of three as an 18-year-old college freshman.

Based on the premise that beauty is ageless, entrants in the Michigan Beauty Pageant will be judged solely on their poise, personality, beauty and figure.

There will be no talent competition, nor will entrants be required to have won any previous beauty contest. Judges will know only the entrant's first name and place of residence, not her age, marital status, occupation or whether she has children or not.

All Michigan Beauty Pageant entrants will compete in regional preliminaries held throughout the state in August and early September. A field of 100 will be selected by the judges to participate in the state finals pageant to be held Sept. 25 in Flint's Whiting Auditorium.

Prizes will include use of a 1983 automobile for the year, a trip, a fur, scholarships, clothing, promotional appearances and advertising contracts.

"A beautiful woman is a beautiful woman, no matter what her age or marital status," said Sandra Meloche Garbutt, executive director of the Michigan Beauty

Thursday, July 1, 1982 Page 9

Mrs. Garbutt is a former beauty queen who has directed several beauty pageants over the last decade in Michigan and Ontario. A professional model for the last 20 years, she now resides in Brighton with her husband and their three children.

The Michigan Beauty Pageant is open to all Michigan women 18 years of age and older. Additional information and entry forms are available by calling (818) 227-5570 or by writing The Michigan Beauty Pageant, Inc., P.O. Box 633, Brighton, Mich. 48116. A limited number of entrants will be accepted.

## Cards Of Thanks

We want to thank everyone who helped make our 50th Anniversary a very happy and memorable time.

We especially want to thank you all of the beautiful cards, gifts and flowers we received.

May God Bless You.

## Buy, Rent or Sell

# This man will make your banking better.

Meet BJ® the Wonderbanker! You'll wonder how you ever banked without him.

How will this man make your banking better? By introducing you to Manchester's first—and only—24-hour banking service. You see, he's the "brains" behind the service. And you'll find him at our downtown Manchester NBJ office.

If you're already an NBJ customer, BJ thinks you'll like banking anytime you want. And if you're not an NBJ customer, he thinks his 24-hour banking service (and other goodies you'll read about below) gives you more reason than ever to bank at NBJ!

**Better banking 24-hours a day.**

No more hurrying off to the bank before the office or drive-in closes. Use BJ the Wonderbanker to do 90% of your banking, anytime. Make deposits to or withdrawals from your checking or savings accounts. Over 39 different transactions in all. And you can use BJ at nine other Wonderbanks in the greater Jackson area.

**See how BJ makes your banking better—and take home a FREE GIFT!**

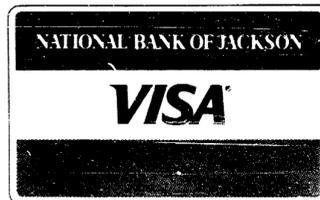

Take a free demonstration of BJ the Wonderbanker anytime during regular office hours—Mondays through Thursdays, 9-4; Fridays, 9-5; Saturdays, 9-noon. See how he'll make your banking better. And take home a free gift! If you're one of the first 300 people to meet BJ, you'll get a ticket to Manchester's Famous Chicken Broil. If you miss out on the tickets, you'll get a free BJ the Wonderbanker frisbee or t-shirt while supplies last!

**Make your banking better, and we'll add \$5 to your account.**

Just apply for a PIN, and we'll add \$5 to your NBJ account. "What's a PIN?" you ask? PIN stands for Personal Identification Number. And used along with your NBJ WonderCard, NBJ VISA/Credit Card, NBJ VISA/Debit Card or MasterCard®, it lets you use BJ the Wonderbanker. It tells BJ you're the owner of the card, and it prevents others from using your card if it's ever lost or stolen. You have to have a PIN to use BJ, and we'll add \$5 to your account when you apply for it!

**Better checking without writing checks.**

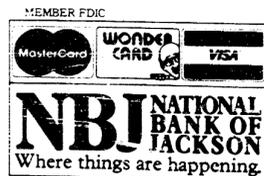

It looks like a regular VISA Card. But it's the new NBJ VISA/Debit Card. Use it to make purchases anywhere VISA cards are accepted, and the purchase amount is deducted from your checking account. You can even use your NBJ VISA/Debit Card to get cash from VISA-member banks. Apply for yours today!

**Better VISA Credit the NBJ Way.**

You can use your NBJ VISA/Credit Card at BJ the Wonderbanker, too. Make payments on your account, or get cash advances up to \$100. Remember, NBJ was the area's first bank to offer credit cards, and we've processed credit card transactions for years. So if you don't have an NBJ VISA/Credit Card, apply for one when you take your BJ the Wonderbanker demonstration.

**See your NBJ Personal Banker at any NBJ office through July 10. And see why BJ the Wonderbanker wants to make your banking better.**

**MEDICAL INDIGENTS**

It recently came to our attention that thousands of Michigan residents are ignoring significant health conditions in need of immediate attention because they can no longer afford medical care.

We are told that perhaps nearly as many as 400,000 persons have lost their health insurance benefits because of the state's prolonged recession and resulting double-digit unemployment.

This is an intolerable situation, but one that is not easily remedied.

Some local health departments in the state, recognizing the need created by this condition, already have moved to try to do something to help. They have developed certain mechanisms, such as telephone "hotlines," to respond to the emergency needs of persons at the poverty level.

All of the state's 48 county and district health departments have been encouraged by this department to pursue similar initiatives.

At best, this is a tough problem to solve. The "locals" have been beset by the same difficulties the rest of us have faced, namely cutbacks in budgets and personnel.

However, there is much to be said for cooperation. We contend that the local departments can have a much greater impact by working with other concerned elements in the community. We strongly believe that conditions, made up of voluntary service organizations, governmental agencies, and providers, can succeed where individual entities have been overwhelmed.

Supporting the belief that cooperation is the key, we have urged the local health departments to join forces with the community, professional, and regional organizations in their areas. We have

suggested to them that when possible, they voluntarily offer to their indigent and unemployed the free health care services we associate with the prevention of disease.

I'm reminded of the premise that in unity there is strength. We need that unity now if we ever did.

**Farmers Urged To Report Acreage**

Farmers, who have not done so, are urged by Barbara Cranson, District Director, Federal Crop Insurance Corporation, to report to their agent as soon as possible the insured acreage they have planted. The Acreage Report establishes the amount of acreage that will be insured under an "All Risk" Crop Insurance policy.

The amount of acreage insured by the Federal Crop Insurance Corporation in 1982 exceeds previous records. This has created a burden for insurance agents in securing the many Acreage Reports. Cranson requests that insured farmers call their agent as soon as possible to report planted acreage.

Timely and accurate acreage reports benefit the farmer in assuring a correct premium billing and prompt handling of a crop loss.

**Chronic Pain Management Program**

Chelsea Community Hospital will present a program on Headache and Chronic Pain Management on Friday, July 2 and Wednesday, July 24.

Theresa Wiltsie, RN, a primary nurse on the Headache Unit at Chelsea Community Hospital, will speak to two groups of Senior Citizens.

The programs will be presented at the Chelsea Senior Meal Site, North Elementary School in Chelsea on July 2. The July 14 presentation will be held at the Dexter Senior Meal Site, Knights of

Columbus Hall in Dexter. For more information about the program, contact Patricia Kubary at Chelsea Community Hospital, 475-1811 Ext. 477.

**Margaret O'Conner-52nd District**

Margaret O'Conner, the Saimme area's no nonsense advocate on the Washtenaw County Board of Commissioners for the past six years, has announced her candidacy for State Representative of the 52nd District. She now joins Ed Aluk and

Milan Mayor Ben Weber as candidates for the legislative seat currently held by Rep. Roy Smith.

A fiscal conservative, O'Conner reached her decision to seek the State post after receiving words of support and encouragement from her family, friends, constituents and political allies over the last month. The move also was paved by the new geographical look of the 52nd District.

"I feel at home among the people of this area, and I want to continue to represent their views and political philosophy in government, but this time at the State level."

The stance wasn't born with last fall's conservative landslide, for O'Conner has hammered away at big government and high taxes since she first entered the political arena more than a decade ago.

Mrs. O'Conner, the mother of nine children, was first elected County Commissioner for District 8 in 1976, and was re-elected to the post by substantially larger margins two more times. Previously, she served as a Trustee on the Lodi Township Board for eight years, and the Township Planning Commission and the County Planning Commission for two years each. The Nebraska native has earned bachelor degrees from Creighton University in nursing education and from Eastern Michigan University in political science and public administration. A registered nurse for the past two decades, she and her husband, Dr. Gerald O'Conner, own Wenloch Farm in Lodi Township.

Hinkley asked Tracy to take over Dave Minick's duties with Clear Cablevision. Koebbe gave the Public Works report: Worked at cemetery; Cleaned catch basins; Worked on Park bleachers; Worked at Landfill; Emptied trash barrels; Worked in Parks; Worked on Ball Diamonds at Kirk Park; Purchased new lawn mower; Repaired swings and cleaned bathrooms at Carr Park; Hauled black dirt to use in parks; Routine maintenance at shop, streets and parks; Replaced water meters; Worked on street signs; Backwashed filters; Hauled and spread sand at Kirk Park; Spread asphalt at Carr Park. Koebbe said the one-ton Dump Truck has arrived at Widmayer Ford and has been sent to Lansing for the box. When it comes back it

will be taken to Adrian to be Tuff-Coated. Koebbe said the first person that puts a dent in the truck is going to pay for it. Don Smith asked about a dumping place for brush. Hinkley asked the Public Works committee to get together and find a new place.

Don Limpert asked if there could be a village policy requiring each store to have their own water service. There are three stores on Main Street that do not have their own service. The Village will put in curb boxes to all the stores.

Bob Rhees asked Council if the Men's Club could have a Beer Tent on August 14th at the Street Fair on Adrian Street from 12:00 P.M. - 12:00 A.M. Sgt. Steele asked Council to wait until next meeting to make a decision on the Beer Tent at the Street Fair.

Zeenyuk said the Manchester Community School would like to replace the sidewalks around the Middle and Nellie Ackerson Schools. The total cost factor would be \$6,782.00, the Village would assume half of the cost, \$3,391.00. Tracy moved to replace the sidewalks all around the Middle and Nellie Ackerson Schools. Supported by Koebbe, motion carried.

Zeenyuk stated the Manchester "Old Mill Run" would like to request the use of Main Street again, like last year. They would run on Main, Furnace, Adrian and Torry Streets on July 10th. Petsch moved to approve the "Old Mill Run," supported by Tracy. Motion carried.

Zeenyuk said he would like to clarify with Council, something that was brought up at the meeting of May 4, 1982 after he left about his ability to write grants. He

said he would like Council to know he has written four grants. 1. Police Communication System, the Village received \$15,000. 2. Snow Disaster Grant, the village received \$4,650.00. 3. The Senior Citizen Transportation Grant, and they are going to receive a Van within the next ten days. 4. Park Grant, that Reagan cut out the funding for. He also received two Military vehicles, an auxiliary generator and 2 shelters in case of disaster.

Hinkley made a recommendation that Zeenyuk receive \$300.00 for being Zoning Inspector. Tracy moved to pay Zeenyuk \$500.00 for Zoning Inspector. Supported by Koebbe, motion carried.

A discussion was held on giving Dick Kuntz a raise. No decision at this time. Meeting adjourned at 9:30 P.M. Helen J. Kensler Village Clerk

### Manchester Township Board Minutes

The following are PROPOSED MINUTES of Manchester Township submitted by Wilma E. Lentz, Clerk and approved by Clarence L. Fielder, Supervisor:

June 21, 1982  
Budget workshop was held by the Manchester Township Bd. on Monday, June 21, 1982 at 8:00 p.m. with all Bd. members present.

Reason for meeting was to prepare upcoming budget for 1982-83. The Bd. approved the purchase of 2 air packs instead of four as had been requested by the Fire Dept. \$125.00 per month will be paid to the Dutchmen Firefighter Assoc. for the maintenance of hall and fire department. Firemen to get pay raise as of July 1, 1982 from \$5.00 per hr. to \$7.00 per hr. It was noted that \$1000 was budgeted for Library upkeep to repair steps, etc. Also \$534 was budgeted extra for cemetery fence repair and upkeep.

Permission granted for clerk to send letter to Chelsea Comm. Hospital c/o James England, for support of Sr. Citizen Housing.  
Moved by Burch and supported by Lentz to be adjourned at 9:48 p.m. after preparing the budget.

approved as read. There was no correspondence or petitions.

Treas. passed out financial statements and explained same. Supervisor brought to the electors attention that the \$450,000 plus interest for the Fire Hall has been disbursed and there is now a 0- account.

Fire Chief Kensler gave report that the curbing in back is a real improvement and also they had improved parking across road. Fire Dept. has gone to County dispatch through the Sheriff Dept. The storm warning system that was discussed last annual meeting has been really improved. Cable TV has been obtained and is real beneficial. Firemen can track storms right into area with radar. Surrounding areas have also improved their storm systems. He is proud of the firemen as 19 received state certification after going to school from Sept.-May. He also stated that the 28 year old truck goes to every fire and the 36 year old truck is for reserve. They should be replaced in two years. He also added that Cablevision donated the cable to the F.D. as a community service. Nancy Sipel questioned if any sirens could be heard in the country. At this time-no. You can obtain a "Thunderbolt" siren that can be heard for 20 miles but are about \$9000 each. Possibility that a grant could be obtained thru Civil Defense.

Doris Mahony, President of the Library Bd. of Trustees explained update of the library. Budget has been cut. Salaries will be cut but they don't want to cut back on services. "Friends of the Library" have supplemented their book budget. Supervisor complimented Library Bd. on their budget. He also thanked Fire Chief Kensler and the Fire Department for taking seminars and staying on top. Constable Moore reported there is an advantage with the dispatch with the County in regards to fires and accidents. He reported of the many calls he responded to. He traveled 155 mi. for zoning and 12777 for police work in the past year.

General Fund budget of \$156634 was presented. Supervisor explained the need for assessing cards and also explained

"Truth in Taxation". Also explained that the firemen had received a raise from \$5.00 per hr. to \$7.00 per hr. and it is projected in the budget. No salary increases for Township Bd.

Moved by Kensler and supported by Koebbe to approve the General Fund line item budget as presented and recommend the adoption of it. All years, carried.

Moved by Sipel and approved by Scully to use N.B.J. as main depository for the Township for the upcoming fiscal year. All years, carried.

Moved by Koebbe and supported by Moore to allow the Bd. to authorize the Treas. to use the bank that is most productive for the Township for investments. All years, carried.

Moved by Moore and supported by Kensler for assessor to hire secretary for assessing purposes. All years, carried.

Moved by Reck and supported by Scully to hold the regular Bd. meetings of the Township Bd. on the second Monday of each month at 8:00 p.m. All years, carried.

Koebbe thanked the township, on behalf of the Fire Department, for the raise. Moved by Burch and supported by Goodrich to be adjourned at 1:55 p.m. All years, carried.

The story is told that Albert Einstein was to be away from home for a week at a scientific seminar and his wife packed his suitcase with changes for the seven days.

When he returned home Frau Einstein opened the suitcase to remove the soiled clothes. Her eyes narrowed suspiciously when she saw that everything was spotless and neatly laid out.

Knowing how untidy her husband was she suspected a feminine hand and said so. Einstein tried to persuade her that her suspicions were groundless but her doubts persisted.

Finally he was forced to confess to her that he had been so busy that he had not even opened his suitcase during his stay.

**Operation C.A.R.E./Sky Guard**

The Michigan Army National Guard has been ordered to active duty to assist the Michigan State Police in Operation C.A.R.E./Sky Guard during the upcoming July 4th holiday weekend in an effort to reduce the loss of lives on Michigan's highways.

Lt. Governor James Brickley has signed an executive order which will allow six (6) Army National Guard helicopters to work in conjunction with State Police aircraft monitoring major trunkline highways. Each helicopter will be carrying a state police officer who will be conducting air

speed timing to insure compliance with the 55 mph speed limit, as well as watching for traffic accidents and stranded motorists. Lt. Governor Brickley cited the loss of 22 lives during the 1981 July 4th holiday weekend as the basis for his action.

Colonel Gerald L. Hough, Director of the State Police, advised that this is the first time that Army National Guard aircraft have assisted the State Police Operation C.A.R.E. Program and, it is hoped that their support will be the catalyst for a decrease in holiday weekend death and injuries.

**FOOD!**

**GLORIOUS FOOD!**

"Food! Glorious Food!" is the title of an exciting new cookbook recently published by the Chelsea Community Hospital Auxiliary.

"To some people, food is something to eat - nothing more. To others, food is a poem, an adventure. Its color, aromas, mouth-watering tastes are an idea to steal the imagination!" The introduction says what this cookbook is all about.

It states that its recipes are from the Chelsea Community Hospital Auxiliary and their friends. But this excellent compilation of superb recipes could easily have come from New York or Chicago. The quality and diversity of the recipes shows that the

cookbook was carefully compiled and edited. The design is pleasing to the eye, crisp and easy to follow. Ingredients are placed on the left with the instructions on the right. Cooks will love the format.

The book is divided into ten sections: Appetizers and Beverages, Soups and Sauces, Breads and Jellies, Salads and Dressings, Vegetables, Entrees (Meat, Fish, Poultry), Cheese and Egg Dishes, Desserts (General, Cookies and Candy, Pies and Pastries, Cakes and Frostings), Area Restaurant Aromas, and Herbs and Spices.

The section on Herbs and Spices is especially welcome. Few cookbooks, if any, have such a comprehensive definition of the 24 major spices together with an extensive chart on how to use them.

While the format and recipes are first rate, the photography which is used on the cover and in the section dividers is remarkable. One can almost touch the beads of water on the Vegetable section photograph and smell the Area Restaurant Aromas in that section photograph. The cover, with its photograph of asparagus, uniquely resembles Chelsea Community Hospital's logo of trees in a forest.

As one opens the book to the section on appetizers, one of the first recipes is Bitter-Ballen (Dutch meatballs) submitted by Fred van Reesema, MD. Reading through the recipe makes one want to try it immediately with the next guests for cocktails. There are drinks from a super Margarita recipe to the coveted Orange Julius combination. A brunch recipe of French toast made with English muffins gives a new twist to a somewhat traditional brunch menu. Sherry Sundling's "Mom's Stuffed Flank Steak" is a different use for flank and gets the taste buds working. And there are many more

"mouth-watering tastes...to steal the imagination" than can be mentioned.

"Fat" Bob Taylor, WJR disc jockey, noted gourmet, and "chef extraordinaire" says about the book. "Cookbooks are coming out all the time but I endorse this one enthusiastically. This cookbook tops them all."

In short, this cookbook is well worth having. It's also a great gift idea. At \$8.95 it's a good buy. The cookbook is available now at area banks, The Clothes Line, and Krauss Pharmacy. It's also available by mail. Write to Chelsea Community Hospital Auxiliary, 775 S. Main Street, Chelsea, Michigan 48118. Please add \$1.50 for postage.

**Ask The Governor**

Question: I plan to vacation in Northern Michigan this summer. Is there any way I can find out what facilities are accessible to a person in a wheelchair, as I am?

Answer: A guide was published recently that should be very helpful in making your vacation plans. It is the "Handicapped's Coastal Guide to Accessible Recreation Facilities," prepared by the Department of Natural Resources' Division of Land Resource Programs Coastal Management staff. Prepared during the 1981 International Year for the Disabled, it lists Great Lakes public recreation areas, describes those facilities available and specifies those that are accessible to the handicapped. It is a valuable tool for improving recreational opportunities for the handicapped along Michigan's Great Lakes shoreline. You may receive a copy, free of charge, by writing to: Michigan Department of Natural Resources, Division of Land Resource Programs, Coastal Management Program, P.O. Box 30028, Lansing, Michigan 48909.

**Vaudeville!**

The Black Sheep Theatre of Manchester announces the return of VAUDEVILLE! its annual salute to the musical entertainment of days past. Originally scheduled to run the first three weeks of October, VAUDEVILLE! has been moved up to July to accommodate our summer patrons and provide a complete musical season for the warm weather months. VAUDEVILLE! performances will be Thursday, Friday, and Saturday evening at 8:15 and Sunday afternoon at 4:00, July 9 through August 1.

Numerous vaudeville shows have played this Theatre since it was first opened in 1867. At that time, Manchester was a crossroads for rail traffic and a very popular recreation spot. The Black Sheep Theatre carries on the tradition. VAUDEVILLE! offers the songs, dances, and fancy patter that entertained generations past and will delight modern audiences. Thrill to the incredible Flying Zucchini Brothers, cheer the Hero and hiss the Villan in a classic melodrama, and call for the hook if an act isn't up to snuff. Will Dick the Floor Sweep return with his impromptu between-the-acts merriment? Come to VAUDEVILLE! and see.

Tickets for VAUDEVILLE! are \$7 - regular admission, \$5 - seniors over 60 and college students, and \$2 - youth under 18. Telephone reservations are accepted at the box office between noon and six, Tuesday through Sunday. Call (313) 428-9280.

barbecue books are out on loan. Perhaps one of you readers could supply instructions.

For a smaller crowd, you can barbecue one or two whole pork loins on a rotisserie, and feed from 20 to 35 people. Figure about three servings per pound, and one or two six-pound boneless pork loins. Ask your butcher to remove the bones and tie the roasts. (Save the bones for spareribs.) Insert a rotisserie rod through center of roast, and test for balance on the spit before you begin operations. It's a good idea to use a meat thermometer, which should not touch bone or rest in fat. Roast on the spit until well done (170 degrees), at a low temperature. Allow about 2 1/2 hours total cooking time. Baste with barbecue sauce during the last 45 minutes. If you have only one rotisserie, you can prepare one loin roast ahead and keep warm in a low oven (basting occasionally) while the other cooks.

Here's my favorite barbecue sauce for pork. It was given to me back in 1968 by a friend from Alabama who used to barbecue whole hogs a couple of times a year, and it's really delicious.

Combine the following ingredients, heat and use to baste meat. Have plenty of extra in a bowl for dipping or to ladle over individual portions at the table.

One gallon apple cider vinegar, 1 pound brown sugar, 1 pint lemon juice, 12 oz. bottle Worcestershire, 1 pint prepared mustard, 1 to 2 tablespoons salt, 1 quart catsup, and Tabasco to taste (I use about 1/2 teaspoonful). Keeps well refrigerated.

Manchester Township Library  
302 WEST MAIN STREET  
MANCHESTER, MICHIGAN 48158

Manchester Township Library offers a Summer Reading Program beginning July 6 for all area children who wish to read or listen. Readers are encouraged to choose books on any area of interest (animals, biography, choice, countries, family, fiction, history, humor, mystery, nonfiction, poetry, science, science fiction, or sports). Each time a book is finished participants circle the word or words that describe the book on a special "READIKS CUBE", a copy of which is on the form given each reader when enrolled in the Program. Certificates of Achievement will be awarded to all who have read eight or more books between July 6 and Wednesday, August 25, at the Program's Finale Party. At that same celebration, the participant who reads the greatest number of pages during the summer program will receive a special prize.

In addition to the Program for readers, there is one for pre-school and other non-readers. Each participant is given a GOOD LISTENER CHART where the reader records the titles of books read and the listener records a star for each book

listened to during the program. Good Listener Certificates will be presented to all who have ten or more stars on their charts.

According to Rosemary Hamilton who is in charge of the program, a wall chart in the Library during the program months will provide information about pages read by each participant. Each child is encouraged to register now for a Summer of Reading Fun.

**Siena Heights Dean's List**

The Dean's List for Spring semester at Siena Heights College has been announced. Students maintaining at least a 3.5 grade point average (on a 4 point scale) while carrying a full-time course load of at least 12 credit hours, are eligible.

"College work at this level of excellence indicates intelligence, dedication, and hard work," notes Jim Ebben, dean and provost at Siena Heights.

Three students from Manchester were listed. They are: Robert E. King, Mary F. Nobsich and Christine E. Reichert.

**News Of Good Things Growing**

by Margaret G. McCall  
Celebrate the Fourth of July this year with a traditional American event, a pork barbecue. Or "a pig pickin'," as people in the Carolinas say.

A friend phoned last week seeking advice on roasting a whole pig. Despite a collection of several hundred cookbooks, I was unable to help, since my outdoor

**PAST MOMENTS SHARED AT OLD BLACKSMITH SHOP**

Margaret Schneider, Jean Schneider Westphal, Marie Schneider and Florence Schneider Kirk gathered around their father's old anvil in the John C. Schneider Blacksmith Shop restored for its first Open House, July 4th, 1982.

Nearly 600 people were able to experience a moment from the past when they crossed the threshold of the Old Blacksmith Shop on East Main on July 4. Blacksmiths John Kosirnik, Tim Armentrout, David Goodrich, Robert Mottice and Gene Meade demonstrated their art at the reactivated forge producing many interesting items for sale.

Among the visitors at the open house were the four daughters of John Schneider, the last to operate the blacksmith shop, Miss Marie Schneider and Miss Margaret Schneider of 533 Granger, Mrs. L.V. Kirk, ne Florence Schneider, of 521 Summit and Mrs. Herbert Westphal, ne Jean Schneider of 3693 Waterworks Road, Saline had much to recall as they

viewed the items for sale, antique tools and one of the original anvils now returned to the shop.

Another interesting attraction was Bill Kellum of Adrian, an experienced farrier who brought his portable shop to shoe a horse at the outdoor site.

Those who attend the Chicken Broil will also have an opportunity to visit the Blacksmith shop from 3:00 P.M. to 9:00 P.M. The forge will be in operation and wrought iron items will be on sale. If you missed this demonstration, plan to visit on July 15.

Before the July 4 fireworks began, the winners of the raffle were announced. Those who won \$100 were Stan Kuhl.

**"The Broil Is Sneaking Up"**

by Lucy Feldkamp

The big day is sneaking up on us. The day when Manchester hosts a multitude nine times its size and feeds the whole crew dinner at the 29th Annual Chicken Broil.

All broil volunteers have received their committee assignments, the pre-broil tickets are on sale, and the Gambles store is selling Chicken Broil buttons and hats. This week, the ball gets rolling with the Pre-Broil gathering Thursday, July 8, at 6:00 p.m. All workers are invited to this warm-up party and for a \$3.00 donation, they can get their appetites in gear for the broil by feasting on a good home-made dinner, starting at 7:30.

This week the salad chairmen, Del Ludwick and Lyle Widmayer, will concoct the secret salad sauce first created by Doc Jones way back when the broil was still young. The mysterious ingredients will all go into an old mechanical mixer from Way's Bakery, and when Ludwick and Widmayer are done, they will have 80 gallons of the sauce that makes Chicken Broil slaw famous.

Dave Little says that a German band and strolling musicians have been invited to play a few tunes to accompany the lip-smacking and finger-licking.

Gene Bentzschneider, the general chairman of the broil, has made his yearly educated guess and phoned in the order for the chickens. These will come as always in a refrigerated truck from Morren poultry in Galesburg, and will be here in time to go on the grills early in the afternoon on Chicken Broil day.

If the unofficial weather committee,

made up of our trusty local clergy, does its job as well as usual, July 16th should be another bright and sunny one, a good day to cook and eat outside. A lot of fine chicken should meet a glorious end.

**Emanuel Worship To Be At Carr Park**

This coming Sunday, July 11, at 9:30 a.m. Carr Park will be the site of Worship for the Emanuel United Church of Christ, followed by a fellowship coffee hour. Everyone is invited to bring a lawn chair. If there is inclement weather, worship will be in the Sanctuary.

The Church Council will meet at 11 a.m. following worship, back at Church. This will be our last meeting to finalize plans for the Anniversary.

The 100th Anniversary of the building of the Sanctuary will be observed on Sunday, July 18th, when there will be two events occurring. Former Pastors Rev. Wise and Rev. Kuether will be visiting for a week and will be preaching, at the 9:30 a.m. Service when Holy Communion will be served. Following worship an all-church picture will be taken on the lawn outside, so church members are all encouraged to come and be a part of the event.

At 4 p.m. in the afternoon, an outdoor celebration will take place, including dedications of the Church Steeple, Parsonage, and Secretary's Office. The cornerstone will be opened, special worship is planned, and will be followed by ice cream and cake. The afternoon event is a community affair, and an open invitation is extended to all.

**50th Anniversary Open House**

Mr. and Mrs. Russell C. Fuller of 10129 Manchester-Chelsea Road, Manchester, will be honored at a 50th wedding anniversary open house Sunday, July 11, 1982 from 2-5 p.m. at the Emanuel Church Hall, Manchester.

The event will be hosted by the couple's three daughters, Arlene (Mrs. Clinton) Fisk of Manchester, Elaine of Belleville, Michigan and Mary (Mrs. Douglas) LeFevre of Savannah, Georgia and their families.

Mr. Fuller is a retired farmer and former Sharon Township Supervisor. He also drove a school bus for Manchester Public Schools from 1963 to 1970.

Mrs. Fuller is a homemaker and enjoys gardening. She is a member of the Rowes Corner Extension.

The Fullers are members of the United Church of Christ in Manchester. They enjoy arts and crafts and are active in 4-H youth groups.
