

News Of Good Things Growing

By: Margaret G. McCall

It's blueberry season in the state where good things are growing! Blueberries are nature's original convenience food.

Delicious Michigan blueberries, available fresh from now until summer's end, are ideal for making pancakes, pies, muffins and cool, refreshing summer beverages.

Our state harvests the largest blueberry crop in the U.S., about 45% of the nation's supply. A record 52 million pounds of blueberries were produced last year, worth more than \$26.5 million, according to the Michigan Department of Agriculture.

One-third of Michigan's blueberry crop is sold through fresh market outlets each year. The remainder is processed into more than 85 different blueberry products for consumption year-round.

If you're going to pick-your-own at one of our state's many blueberry farms or buy them at area markets, plan to get enough to put some extra 'summer' in your freezer or make some homemade jam.

Select plump, firm berries, dark blue in color with the silvery bloom still covering them. The bloom is a natural protective waxy coating.

Store blueberries for winter months the quick way by just putting them into containers and freezing. If you wash blueberries before freezing, they tend to become mushy when thawed.

Blueberry muffins and blueberry pancakes are great for summer breakfasts. The best way I know to prepare blueberry pancakes is to use your favorite pancake recipe. Spoon batter onto griddle as usual, then sprinkle with a handful of washed, well-drained blueberries. Turn pancakes and finish baking, you'll find the berries will be heated through, still firm and juicy.

Museums Open In Michigan

Four of Michigan's seasonal historical museums are open for the 1982 season. Secretary of State Richard H. Austin announced today. A fifth, the Father Marquette Memorial Museum at St. Ignace, is not yet scheduled for opening.

The museums, located in Michigan State Parks in Delta, Keewenaw, Mackinac and Crawford counties, offer travelers and tourists a view of Michigan's past. They

are administered by the Michigan Department of State in cooperation with the Michigan Department of Natural Resources.

Part Wilkins Historic Complex In Fort Wilkins State Park At Copper Harbor-The story of 19th century military life, the history of Michigan's "copper country", and tales of Lake Superior shipping come to life in this fort and lighthouse complex that dates back to 1844. Open from 8:00 a.m. to 8:00 p.m., seven days a week through the fall color season and admission is by Michigan state park motor vehicle permit.

Historic Fayette Townsite, Fayette State Park, On The Garden Peninsula Off U.S. Highway 2 In Delta County-Nineteen historic structures remain from the village where the famed Jackson Iron Company smelted Michigan iron ore from 1867 to 1891. A visitors' center, period room presentations, walking tours and modern exhibits tell the story of Fayette and its iron workers of a hundred years ago. Open 8:00 a.m. to 8:00 p.m., seven days a week, until mid-October. Admission is by Michigan state park motor vehicle permit.

Hartwick Pines Lumbering Museum-In Hartwick Pines State Park at Grayling presents the story of Michigan's "White Pine Era," through museum exhibits including a restored lumber camp. This year a new series of exhibits on logging and the people involved will greet visitors. Open 8:00 a.m. to 8:00 p.m. seven days a week through late fall. Admission is by Michigan state park motor vehicle permit.

Sanilac Petroglyphs-In Sanilac Petroglyphs on Germania Road in New Greenleaf Township in Sanilac County, four miles east of M53. These ancient Indian rock carving are reminders of the long cultural traditions of Michigan's Indian peoples. Open from 8:00 a.m. to 8:00 p.m. seven days a week through the fall. No admission fee.

Hit Or Miss by farley

Must be that our recent story about Teddy Bears was right on target. The Philadelphia zoo recently held a "Teddy Bear Rally" Bears of all sizes and shapes and appearance and ages paraded through the zoo-there were some 1,000 of them carried by both children and adults. There were prizes for the biggest bear, the oldest bear, etc.

They even had a bear clinic for the treatment of such ailments as lumpy stuffing, eye dislocation and the mange. There were also live bears and several bear cubs to round out the parade.

Cast of Black Sheep Theatre's "VAUDEVILLE!" performances Thursday-Saturday at 8:15, Sunday at 4:00.

Hit Or Miss by farley

In the 1960's, Senator Pepper of Florida was running for re-election and was defeated, largely it was said at the time by a leaflet that was circulated throughout the state and turned many voters against him. It went as follows:

"Are you aware that Claude Pepper is known all over Washington as a shameless introvert? He is also reliably reported to practice nepotism with his sister-in-law, and he has a sister who was once a thespian in Greenwich Village. He has a brother who is a practicing home sapiens, and he went to a college where the men and women openly matriolated together. It is an established fact that Mr. Pepper, before his marriage practiced celibacy. Worse than that, he has admitted to being a lifelong autodidact."

Michigan residents, happy with their July first tax reduction should be reminded that after all, they didn't escape a state tax boost either.

The state legislature, in May, enacted a six-month increase in the state income tax. The tax rate 4.6 per cent in the past, will be 5.6 per cent until October 1.

A family of four with a \$25,000 income will pay \$135 more to Lansing. Extra state, Social Security, and local taxes for one family in Michigan will be \$291.25. With the federal tax cut this means however, a cut of some \$70.

But inflation, bracket creep and the combined effort of other tax changes will mean that Michigan taxpayers will also end up paying more taxes than before.

There are times when Hit or Miss should perhaps be labeled This and That, and so be it this week.

In days of yore the Associated Press wire service used to send out at the end of the day a bunch of what were then called fillers-short paragraphs about this and that, that were used to fill up the columns when the lead articles came an inch or so from filling up a column. They were set up in type when one had time and were just about the handiest things in the composing room. They came in all sizes and about all things, and I have quite a collection of them that it seems to us are interesting so may we share a bunch of them with you this week?

Few things are harder to put up with than the annoyance of a good example.-Mark Twain.

A dictionary is a device for looking up the words that you already know how to spell.

The embarrassment of an adult going to a X-rated movie pales beside the chagrin of a teenager seen going to one rated G.

TV networks are concentrating on comics, perhaps forgetting that they already have programs that are laughable.

Sauerkraut cooked without a jigger of gin in it is like a hotdog without mustard, according to some gourmet specialists. If you're going to gussy it up don't leave out the caraway seeds and some slices of apple and onion.

Birds get tuberculosis. None has more than four toes. High flyers can ice up. A carrier pigeon wearing ear muffs can't fly. Only chickens have combs. That's all the important information for today.

Dr. Glenn C. Lehr Heads United Way Campaign

Clarence Fielder, President, Manchester United Way Board of Directors, announces Glenn C. Lehr, D.D.S. will again chair this fall's United Way campaign.

Dr. Lehr, a practicing dentist in Manchester, has long been active in community projects and programs. He is a Captain in the United States Air Force reserves, is a member of the Emanuel United Church of Christ, a member of the Manchester Optimist Club and President of the Association for the Performing Arts.

Dr. and Mrs. Lehr, Maria, reside on Sanborn Road. They have two sons, Chris

and Michael and a daughter, Vicki. "Manchester area residents have one of the finest records for giving their fair share," Dr. Lehr said. "Comparing goal to actual contributions we were 12th out of 106 agencies. We will need additional volunteers to help us achieve this year's goal."

"It will soon be Community Fair time, so start thinking about a catchy slogan for the coming campaign. Last year's slogan OPEN YOUR HEART-DO YOUR PART was contributed by Carolyn Sauter. Literature will be available at our booth in the Merchants tent during the fair and volunteers will be present to help answer your questions and to receive your contest entries.

"Manchester's way of working together truly makes us a united community".

Annual Heritage Craft Festival

The Annual Manchester Heritage Craft Festival will be held Saturday, August 14, beginning at 9:00 A.M. There will be arts and crafts demonstrations and sales including spinners, weavers and blacksmiths.

Entertainment is scheduled throughout the day featuring the Manchester High School Band, Top Priority an award winning ladies barbershop quartet, The Plymouth File and Drum Corps, Washtenaw County Sheriff's Crime Lab and the Hamm's Bear. The Men's Club is sponsoring a beer tent from noon on with a street dance beginning at 8:30 P.M.

The Merchant Sidewalk Sales will also be held along with the regular Saturday Farmer's Market and Flea Market. Food specials from local restaurants, featuring local German cuisine, will be available.

Manchester Township Library 202 WEST MAIN STREET MANCHESTER, MICHIGAN 48134

MYSTERY COLLECTION

The Manchester Township Library has a very extensive collection of mysteries. In addition, the librarians are able to borrow many new and classic books from the Huron Valley Library System. If the volume you wish is not on the shelf, please request it from the librarian on duty. Each month our library has a new collection of current books on loan from the system.

Most readers use mysteries as escape reading. However, many of the books designated as "mystery" also contain useful information easy to absorb.

For example, the Harry Kemelman series about the rabbi who lives in a New England state, has details about the Jewish religion as well as life in a small New England town from the viewpoint of

the local rabbi. The John D. MacDonald stories concentrate on boats and life on the water off the coast of Florida mainly. Georges Simenon is the delightful writer whose works are based in France and have special information about Paris and the French people. Agatha Christie's novels use the country life in England as their locale. Detroit, Michigan, is the setting for the stories by William Kienzle, a former priest who writes murder mysteries about Catholic happenings. A lovable Mrs. Pollifax is the senior citizen-detective whose adventures form the basis of a series by Dorothy Gilman. Richard Condon is a world traveler and includes information about countries, cooking, and governments in his varied novels. Every mystery fan has preferences of writers, areas, and ages. Our library serves all of us.

1982 Fair Theme "Good Olde Days"

The theme for this year's Fair is the Good Olde Days. At the kick-off parade on Tuesday, August 17 this theme will be reflected in the many floats we all love to watch rolling down Main Street.

The Fair is now less than three weeks away, and all departments are gearing up to meet the demands. The Fair Office will be open from 9-12 a.m. and 7-9 p.m. beginning August 5, and season passes will then be available.

Daily admission prices are \$2.00 for fairgoers over 14, season passes are \$7.00. Senior citizens (62 and over) are eligible for a reduced rate of \$1.50 per day or \$5.00 for season passes. Children 14 and under are free.

There will be no day this year when Senior Citizens will be admitted free. The reduced rates, however, will be in effect for Seniors every day of the Fair.

Entertainment features at the Fair this year include The L Three a dulcimer and old time string band, the Zarifa Middle Eastern Dancers, Don Clay and the North Country Grass Band and Brad Frey. Watch the Enterprise for more details about our nightly entertainment.

Fair books are now available at local merchants, and are free to anyone interested in exhibiting in the Fair or anyone who wants to know ahead of time just what your Fair offers you.

Remember, the Fair Office will be open beginning August 5 from 9-12 and 7-9. Those eligible for gate passes or discount passes should pick them up at the Fair Office during those hours.

SUPPORT YOUR COMMUNITY FAIR!

Bank Consolidation Approved

Comerica Incorporated, formerly DETROITBANK Corporation, announced today that it has received approval from the Federal Reserve system to acquire The National Bank of Jackson, Jackson, Michigan. It is anticipated that the consolidation will be completed in the latter part of August or early September, 1982.

The agreement provides for shareholders to receive approximately 1,224 shares of Comerica Incorporated common stock in exchange for each of the 1,015,597 outstanding shares of The National Bank of Jackson.

"We are very pleased by this approval," said Donald R. Mandich, Comerica Incorporated Chairman, "and we look forward to participating in the continued growth of the Jackson market."

Robert L. Condon, President of The National Bank of Jackson, said, "We see this affiliation as a positive step for our operation. The combination of our resources with Comerica Incorporated will allow us to increase our scope of services and become an even more important competitive force in the Jackson financial market."

The National Bank of Jackson is the largest bank in that city with 18 branch offices and assets of \$286-million at June 30, 1982.

Letters To The Editor

A FATHERS THANKS

Well here it is six o'clock in the morning, watching the remnants of yesterday's celebration going up in smoke in the burning barrel. It sure is quiet and peaceful. As I watch the flame my thoughts go back over the years. This is my fourth child to Graduate. One To Goff and also the events of the past weeks. Senior Trip, Baccalaureate and Graduation. Listening to the students giving their thanks to all those who made it possible for them to Achieve Their Goal: Graduation. Thanks to the teachers, thanks to the mom's and dad's to the administration, etc., etc., etc. They owe you some thanks "right?"

But you know, as I stand here I wonder. What about me? "The Father". If anyone owes thanks it's me. Thanks to the community in which I live whose people were not to busy or selfish with their time to help me raise my children, that Mr. and Mrs. Manchester Community who took the time to give encouragement, to correct my children when they saw them going astray, those of you who weren't afraid to take on the responsibility of adult leadership, whether at a ball game, at a park, or on the Village street.

You Mr. and Mrs. Manchester who

weren't to busy to listen to a little boy or girl, to what he or she had to say, even though it interrupted your valuable time as you went about your business. You Mr. and Mrs. Caring Stranger who took time to say hello to my children, making them feel they belonged and were a part of the community too! And you Mr. and Mrs. John Doe who saw my child somewhat clumsy work, but still heaped the praise and told the little one or the teenager "Well done, Good job!"

You the people of Manchester, the surrounding community, Washtenaw County, all of you who came in contact with my children whether directly or indirectly, you were the guiding lines, then fences, that kept my five children headed in the right direction. Many, many of you gave my children their first taste of facing life, their first responsibility when they were irresponsible. I've heard it said by a few, "I don't owe this town anything", well I can't say that. I owe each and every one of you. To you, the community, I'll be forever grateful. Thank you for helping me raise my children. Truly it couldn't be done without caring people like you and our Holy Loving God, who makes all things possible. Thank's from a Dad!

Webb D. Seegert

LETTER TO THE EDITOR

In response to the section of the Council Proceedings printed in the July 22 issue of the Manchester Enterprise pertaining to the incident at Double A Products on June 9, 1982 involving Irwin Kappler. Although we greatly appreciate all that Sergeant Steele did to help save the life of Irwin Kappler, it should be noted that C.P.R. had already been initiated by Sue Brunk and Sue had been relieved by Mo Mashad by the time that Sergeant Steele had arrived. And during that time Art Lamarrad was administering the oxygen to Mr. Kappler. Sergeant Steele took over C.P.R. at that point and accompanied the Huron Valley Ambulance crew and Mr. Kappler to Herrick Hospital. The hospital cardiac arrest team did what they could to stabilize Mr. Kappler and then at approximately 8:00 that evening he was flown by the Life Flite helicopter out of St. Vincent's of Toledo to St. Joseph's Mercy Hospital where he remained in critical but

stable condition for several weeks. There's no doubt whatsoever that the effort of all these people, including Sergeant Steele, saved Mr. Kappler. The doctors at St. Joseph are truly amazed that he survived the ordeal and stated very flatly that someone, (meaning Sue, Mo, Art, Sergeant Steele, and the hospital and ambulance crew) did a miraculous job.

So once again we, the family of Irwin Kappler, would like to thank, from the bottom of our hearts, all those involved for allowing him to be at home with us again.

This Week In Lansing

FARM BILL BECOMES LAW

Preserving family farming as a way of life in Michigan is the goal of legislation signed into law last week by Governor Milliken. Individuals interested in becoming farmers or expanding the farm they already own can receive a helping hand under the Family Farm Preservation Act. The new law establishes a revenue authority within the Department of Agriculture so young or beginning farmers could obtain low interest loans to purchase land or machinery.

Agriculture is Michigan's healthiest industry and one with almost unlimited potential. At a time when the auto industry is floundering and the present economic picture is dim, agriculture is a \$12 billion a year enterprise that is growing every day.

This law permits the state, for the first time, to provide a real incentive to people who want to begin a farm or expand the one they have at no cost to the taxpayer. Under the provisions of the act, the authority would issue revenue generating bonds and notes to be sold by the

Department to investors throughout the nation for the purpose of providing low interest loans.

Any young or beginning farmer with personal assets of less than \$250,000 could qualify for a loan of up to \$400,000 to buy land, or \$125,000 to purchase equipment. As you know, it's extremely costly to get a farm operation off the ground today. Unless a person has the financial backing of his family, it's very likely his dream of owning a farm may dissolve because of high interest rates and tight financing and low commodity prices we are now experiencing.

Beginning farmers may qualify for the loans if they are state residents intending to purchase or begin a Michigan farm and have the necessary education, training or experience to assure success.

Because interest on revenue generated from the sale of bonds and notes is tax free, the authority could loan money to farmers at a rate as much as three to nine percent lower than the prevailing interest rate.

This type of investment is appealing because of the stability and productivity of our agriculture, which is widely recognized throughout the country. Sophisticated investors realize that this industry has had a stabilizing influence on our entire state economy and would probably look at agriculture bonds as a sound investment.

Ladies Arbeiter Picnic

The Ladies Arbeiter Picnic will be held Monday, August 2, 12:00 noon at Carr Park. Bring your own dishes, drink and a dish to pass.

More Household Hints

Running a household used to be considered an art. It's more of a science these days. Our kitchen shelf could easily be taken for a chemistry lab, with row upon row of special solutions for special problems. Let's try to simplify our lives, with the reminder that often one old-fashioned product can be put to many uses. Vinegar will do more than flavor your salad or marinate a tough roast; it can clean your house and make many difficult tasks a lot easier. Are you trying to free a rusted or corroded bolt? Soak it in vinegar, and after a time it will loosen up. Clogged radiator valves will respond to similar treatment. Boil them in vinegar for five minutes, and rinse. To unclog a steam iron, fill it with a quarter cup of vinegar and one cup of water, and let it stand overnight. The next day, heat the iron, remove the mixture and rinse with clean water. To remove dark or burnt spots from your electric iron, rub them with vinegar and salt heated in an aluminum pan. Be careful with the salt; it gets hot, rapidly, and holds heat for a long time. Even glue can be unstuck. A bottle of dried glue can be renewed and moistened with a few spoons of vinegar. Tired of the decals stuck

on the wall? Brush them with several coats of vinegar. Let it soak in, and they will wash off easily. And most do it yourself painters know they can soften old paint brushes by boiling them in vinegar, and then washing with strong soap suds. The stuff is great for cleaning and freshening up old colors. To bring out the color in rugs and carpets, brush them up with a mixture of one cup of white vinegar to a gallon of water. Has your varnished furniture lost its luster? Get a soft, lint-free cloth. Prepare a solution of one tablespoon of vinegar to a quart of lukewarm water, and wring the cloth out in this. Rub it across the surface, following the grain of the wood. Finish the job by wiping the surface with a soft, dry cloth. The same solution can be used to clean plastic tile.

Washing plastic shower curtains may leave them clean, but cloudy looking. A few drops of vinegar in the rinse will clear them up. Leather furniture can be renovated with a cup of vinegar, combined with a cup of linseed oil. Stainless steel kitchen equipment is durable, but gets spotty. Vinegar will remove the spots. It's also good for glassware; a quarter cup added to your dishwasher will leave the cheapest glass gleaming like fine crystal. It will remove fly specks and sticky marks from walls, woodwork and picture frames; and you can clean dirt and smoke from walls and woodwork with vinegar on a

Chamberlain Industries in England - manufacturers of internationally marketed Staffa products. Previously, he had managed Double A's marketing in the United Kingdom and subsequently became responsible for Double A's High Wycombe assembly and cylinder plant facilities as General Manager of the Double A Division of Brown & Sharpe, Ltd.

As a wholly owned subsidiary of Brown & Sharpe Manufacturing Company, Double A serves machine tool, mining, marine, construction and other major industries worldwide. In addition to its U.S. facilities in Manchester, Michigan, Double A has manufacturing plants in Traverso City, Michigan and Statesville, North Carolina.

Meet The Candidate

On Thursday, July 29, at 10:00 A.M., at the home of Joe and Mary Sue Moore, there will be a coffee hour for persons in the 52nd district to meet Larry Steeb, Republican, who is running for State Representative in the August 10th primary election.

Anyone interested in meeting Mr. Steeb is cordially invited. The Moores live at 10555 Pleasant Lake Road. Call 428-8687 for information.

High School Merit Scholarship Awarded

Manchester High School student Timothy T. Seegert has been awarded a High School Merit Scholarship for the 1982-83 academic year by Washtenaw Community College.

The scholarship covers cost of tuition for Fall and Winter semesters at the College plus \$100.00 per semester for books and supplies. One student in each Washtenaw County high school is chosen for the scholarship by a committee of the Associate Deans and the Director of Financial Aids of Washtenaw Community College. Selection takes into account students' high school activities and recommendations from school personnel as well as grades.

Mr. Seegert plans to pursue a program in Accounting at the College.

Double A Elects Duncan Crighton

Double A Products Co. of Manchester, Michigan has announced the election of Duncan Crighton Vice President of its European operations.

Prior to his election, Mr. Crighton managed Double A's hydraulics operation in England and the European continent facilities in Germany and France. He was also responsible for recently acquired

COUNCIL PROCEEDINGS

July 22, 1982

The regular meeting of the Manchester Village Council was called to order by President Hinkley at 7:00 P.M. Trustees present: Potach, Koebbe, Tracy, Reed, Kalleward. Absent: DuRussel, Zzenyuk and Steele also present.

Minutes of the June 21, 1982 meeting were read. Moved by Potach, supported by Tracy to approve minutes as corrected. Motion carried.

Reed stated he wanted it in the minutes that on March 1, 1982, he moved to submit the final figures of the 1981 Budget as the Preliminary Budget for the year 1982-83.

Jim England representing Manchester Senior Village Inc. said they have filed an application with HUD for the site of Dr. Lehr's property behind the Dental Clinic and they were at the Council meeting to request consideration for rezoning the site to B-3. Hinkley referred them to the Planning Commission.

Mr. Weinert appeared at Council to clarify the rules of the Refuse Transfer facilities.

Reed moved to pay Village payables of \$27,610.20. Supported by Potach, motion carried.

Free Weight-Loss Program At U of M For Adolescents

Physicians at The University of Michigan C.S. Mott Children's Hospital have begun a new, free weight-loss program for adolescents in Washtenaw County.

The five-month program will be open to a maximum of 90 youths between the ages of 10 and 15 who need to lose 20 pounds or more, said Albert Rocchini, M.D., assistant professor of pediatrics and communicable diseases at the U-M Medical School, who is the director of the program.

"Our goal is for the kids to lose one pound a week over a span of 20 weeks," Dr. Rocchini stated, "but our main concern is for their general health."

The children's blood pressure, glucose tolerance, cholesterol level, exercise tolerance and percentage of body fat will be measured before and after dieting. According to Dr. Rocchini, "overweight children and adults tend to have abnormalities in all these areas."

The inspiration for the program, which is funded by a grant from the National Institutes of Health, came from Dr. Rocchini's experiences with children in the Preventive Cardiology Clinic that has been in operation at Mott for a year and a half. The clinic treats children who are potential candidates for heart attacks later in life—primarily those who are overweight, suffer from high blood pressure or have a family history of heart disease.

"In 70 percent of the children we see in that clinic with high blood pressure, there is no organic cause," Dr. Rocchini said, "other than the fact that they're overweight. It seems unreasonable to put people on medications for high blood pressure when it would be better for them to lose weight."

In a preliminary program conducted last year with eight participants, most of the children lost some weight. "But more importantly," Dr. Rocchini noted, "all showed marked improvement in exercise tolerance and lowered blood pressure."

The children will be divided into three treatment groups. One group will attend diet and behavior modification classes once a week. Another group will receive exercise training for three hours a week in addition to diet and behavior modification sessions. The third group will be a delayed entry group. This group will be observed for six months before beginning the reducing program of their choice.

The most popular feature of last year's trial program turned out to be the exercise sessions, which included running and jogging, aerobic dance, swimming, basketball, kickball and weight training, Dr. Rocchini reported.

"One of the boys couldn't walk a mile when he joined the group," Dr. Rocchini went on, "and now he is running three to five miles in local road races. This is all on his own, without any suggestion from us."

Assignments to treatment groups will be made on a first come-first served basis. Parents who wish to enroll their children in the free program may contact the Division of Pediatric Cardiology at 764-5176.

MAIN DISH SALAD GIVES MENU A LIFT!

Good news! Salads aren't just for side dishes anymore. Now, these adaptable menu favorites are teaming up with a variety of popular protein sources to serve as simple—and simply delicious—main dishes. That's really good news for the summer eating scene ahead and so is Alpine Potato Salad, a fabulous salad idea for the Kraft Kitchens featured in Kraft's new cookbook, "Salads—From Beginning to Endive."

Like a breath of fresh mountain air, Alpine Potato Salad is decidedly different from its traditional creamy counterpart and a real breeze to prepare. It's a complete meal all by itself, featuring the hearty goodness of ham, Swiss cheese, red cabbage, celery, green onion, plus thrifty-good potatoes that are a market bargain this time of year. You don't even have to peel them! This robust combination of distinct tastes, textures and colors is beautifully blended with Kraft Italian dressing mixed with Kraft prepared mustard. All you need to round out the menu are slices of crisp pumpernickel or rye bread and icy cold steins of beer or soft drinks.

ALPINE POTATO SALAD

- | | |
|--|------------------------------------|
| 1 1/2 qts. quartered cooked new potatoes | 1/4 cup Kraft Italian dressing |
| 2 cups shredded red cabbage | 1 tablespoon Kraft |
| 2 cups ham strips | pre-prepared mustard |
| 1 cup celery slices | 6 ozs. Kraft natural Swiss cheese, |
| 1/4 cup green onion slices | cut into strips |

Combine potatoes, cabbage, meat, celery and onion. Add combined dressing and mustard; mix lightly. Chill. Add cheese just before serving; mix lightly. 8 to 10 servings

Corner of Pleasant Lake and Sylvan Roads

As provided for in MCLA 168.653 as amended by P.A. 2 of 1982.
Dated: 7/28/82 Duane R. Maselewerdt, Clerk

Ask The Governor

Question: All the papers are writing about the 25th anniversary of the Mackinac Bridge, which made me realize that I don't know much about it. Can you give me some statistics on the bridge and its construction?

Answer: Although talk of a roadway connecting Michigan's two peninsulas had been around since before the turn of the century, the Mackinac Bridge was first seriously discussed under Governor G. Mennen Williams in 1950. During that year, the Mackinac Bridge Authority was authorized by the Michigan Legislature to form actual plans for the construction of the bridge.

To finance the bridge, \$99,800,000 in Mackinac Bridge bonds were sold to the nation in the late 1963. The bonds are being repaid to investors out of gasoline and license plate taxes, in addition to the toll fares.

The engineer chosen was Dr. David B. Steinman, and construction opened over the Mackinac Straits in May, 1954. The world's longest suspension bridge between cable anchorages was opened to automobile traffic on November 1, 1957.

The original toll fare was \$3.25 for both cars and trucks, but in 1969, the auto toll was cut to \$1.50, while the toll for trucks was raised to \$6.50.

The bridge is 26,372 feet long, nearly 5 miles. It cut the crossing time between peninsulas from 53 minutes by ferry, to 10 minutes and eliminated the often long wait to ride the ferry. The main tower is 552 feet above the water, and the water is 295 feet deep at the bridge's midpoint.

Although "Big Mac" went up rapidly, it was not without mishap. Five men died during construction, at least four of whom fell off the towering structure.

The bridge's foundation was built by the Merritt Chapman Scott Construction Company for 125,375,600, while U.S. Steel's Ambridge Division made the successful bid of \$44,858,000 for the superstructure. "Big Mac" required 85,000 blueprints,

600 million tons of steel, main cables 24" in diameter, containing 12,580 wires each, and 466,300 cubic yards of concrete.

As of June, 1982, 80 percent of the bonds have been redeemed, and 44,090,113 vehicles have crossed the bridge carrying over 100 million people. Each Labor Day, one side of the bridge is closed to traffic and opened to anyone who wants to walk across it. In 1968, 55 pedestrians took the challenge with Governor Williams. In 1981, some 33,000 people walked the 5 miles with Governor Milliken.

The bridge was built to withstand both strong winds off the Great Lakes and major ship traffic beneath it. Said "Big Mac's" designer and engineer, Steinman, "If a huge Great Lakes freighter hits any part of it (the bridge), too bad for the freighter. It will sink."

Dental School Seeks Denture Patients

The University of Michigan School of Dentistry is seeking denture patients.

Examinations will be conducted August 2 through August 6 in the Department of Complete Denture for persons who want or need new dentures, to determine eligibility for treatment in the fall.

A fee of \$13 for registration and x-ray will be due at the time of the examination. Anyone now wearing both upper and lower dentures who wishes to be examined should call (313) 763-3363.

Color your salads BEAUTIFUL!

True salad artistry depends on selecting and combining just the right ingredients for plenty of color, texture, flavor and pizzazz. But you don't have to be a kitchen Picasso. Sometimes, just a few unusual extra touches are all that's needed to turn an ordinary tossed salad into a tantalizing work of art. Start with one of the many flavors of bottled dressings available. Add these imaginative salad "fix-ups" to your palette of kitchen techniques and you'll be sure to create picture-perfect salads every time. Many of them are items you'll find ready and waiting in your pantry, cupboard or refrigerator. Tossed in or sprinkled on, they make it special.

CRUNCHY FIX-UPS

- Whole, chopped or sliced nuts
- Chow mein noodles
- Shoestring potatoes
- French fried onion rings
- Crushed potato or corn chips

COLORFUL FIX-UPS

- Grated carrots
- Black or green olives
- Hard cooked eggs
- Red pepper rings
- Crumbled bacon

CREATIVE FIX-UPS

- Flaked, shredded or toasted coconut
- Garbanzo beans
- Cheddar cheese, cubed, julienned or shredded
- Grated parmesan cheese
- Sesame or sunflower seeds
- Alfalfa or bean sprouts

Council Proceedings

have to put up a fence.

Zsenyuk said Bob Rhees has taken care of the problem of late baseball games, and they will not continue any games after midnight.

Zsenyuk stated Mr. Laurin Leeson gave him the dedication the Leeson Family wants on the Plaque. It will state: A Portion of this Park - Dedicated by the Leeson Family - To All People Who Enjoy - The Out-of-Doors.

Zsenyuk requested that Council pass a resolution for Ed Strong, owner of The Country Kitchen Restaurant which was sold at a tax sale. Council has the right to give him a six month extension to come up with the funding so he can get the property back. Council tabled the matter until the July 19th Council Meeting and requested Zsenyuk to ask Ed Strong to attend the meeting.

Councilperson Gale Koebe offered the following resolution and moved its adoption:

WHEREAS, Act 61, P.A. 1961, as amended (Sec. 6) provides that the Highway Commission "shall approve such part of (the) system of Major Streets as complies with the Uniform Standards and Specifications adopted and established... and shall reject and delete any part that does not so comply..."

WHEREAS, diagonal parking does not comply with the Uniform Criteria for Major Streets and is currently permitted on Main Street in the Central Business District;

WHEREAS, the elimination of the existing diagonal parking on Main Street will in fact result in the loss of approximately 21 parking spaces, and since there are very limited off street parking facilities available to service the Central Business District.

THEREFORE, be it resolved that this Honorable Body requests an exception from the Major Street Criteria prohibiting diagonal parking.

Supported by Councilperson Mary

Kallewaard. Yeas-five. Nays-0. Absent-one.

I hereby certify that the foregoing is a true and correct copy of a Resolution made and adopted at the regular meeting of the governing body of this Municipality on the 12th day of July, A.D., 1982 Signed Helen J. Kensler, Village Clerk.

Zsenyuk said that he had a letter from Don Limpert stating that he had some property that the Village could utilize for burning brush. The Council accepted Mr. Limpert's offer.

A discussion was held on Bill Walkove putting in an Arcade in Manchester. Don Steele asked to have a week to research the matter.

A Resolution from Gisting & Gisting was read. Petch moved to table it, supported by Tracy. Motion carried.

Zsenyuk asked if Council wanted to purge an invoice of \$66,70 sent to the Black Sheep Theatre for a Public Hearing. Council decided not to purge the invoice.

Petch said he would like Council to consider replacing the sidewalks by Wurster Park. Monies could be taken from the Parks fund. Zsenyuk said he would get a cost factor for replacing the sidewalks to the next Council Meeting.

Reed asked President Hinkley to read the Duties of Village Administrator that was adopted by Council January 5, 1981.

1. Village Administrator should be on a contractual basis, incorporating all his responsibilities including the Police Dept. and Public Works Department. A) Budget, B) Business functions, C) Grants, D) Payroll, E) Personnel, F) Purchasing, G) Reports.

2. Village administrator should make recommendations on all appointments, resignations, discharges & etc. - subject to majority confirmation of council at an open meeting.

3. All communications pertaining to village business to all other governmental agencies, state, local and federal would transmit through the administrators office.

4. The village administrator will be responsible for setting the agenda for all regular and special public meeting and establish policies to get items on the agenda.

VA Medical Center Sponsors Picnic, Cook-Off

Disabled veterans and their families and members of the community are invited to participate in a picnic and cook-off on Saturday, August 7, from 10 a.m. to 4 p.m. in Independence Lake County Park.

Host for the day's events will be Jackie Wright of WPAG-AM Radio in Ann Arbor. The festivities are being held in recognition of National Year of the Disabled. The picnic is being organized by the Ann Arbor Veterans Administration Medical Center's employee Subcommittee on Employment of the Handicapped and Disabled Veterans.

Veterans service organizations; the VA Medical Center's employee union, AFGE Local 2092; and local businesses are contributing refreshments.

VA staff are arranging recreational activities, including special wheelchair games for adults and children.

A highlight of the picnic will be a cook-off in which disabled individuals will prepare their favorite recipes. Acting as judges will be prominent members of the community.

All disabled persons are invited to submit recipes for the cook-off. Recipes must be submitted by July 30, 1982, to Judy Wilzke, prosthetic representative, VA Medical Center, 2215 Fuller Road, Ann Arbor, Mich. 48105. Five finalists will be selected to make their dishes at the picnic. Reservations to attend the picnic should be made in advance to ensure adequate refreshments. For reservations or other information, call Judy Wilzke, chairperson for the picnic, at (313) 769-7100, ext. 215.

Washtenaw County Parks and Recreation Commission's Independence Lake County Park is located off Jennings Road in Webster Township. For directions to the park, call 994-2875.

Meeting adjourned at 9:37.
Helen J. Kensler
Village Clerk

make in advance to ensure adequate refreshments. For reservations or other information, call Judy Wilzke, chairperson for the picnic, at (313) 769-7100, ext. 215.

Washtenaw County Parks and Recreation Commission's Independence Lake County Park is located off Jennings Road in Webster Township. For directions to the park, call 994-2875.

4-H Livestock Auction

The Washtenaw County 4-H will hold a Livestock Auction at the Farm Council Grounds, Saline-Ann Arbor Road on Thursday, July 29 at 7:30 p.m.

They will be offering hogs, sheep, rabbits and beef. The proceeds go to the 4-H club members.

Please attend and support local 4-H. Remember, if you buy an animal, you do not have to butcher it out, you can re-sell it at the stockyards.

Medical Study Seeks Heart Attack Victims

Volunteers are urgently needed to help combat America's number one killer, atherosclerosis. This disease is primarily responsible for heart attacks, strokes, and related fatal diseases that account annually for almost one million deaths or 51% of all deaths in the United States. The National Heart, Lung and Blood Institute is conducting a program at four participating medical institutions, including the University of Minnesota, to determine whether lowering blood cholesterol levels will reduce the risk of heart attacks. The University is seeking persons 29 through 64 years of age, who have had only one heart attack in the past 5 years with no history of heart surgery, diabetes or stroke. All such persons are urged to call the University of Minnesota Hyperlipidemia Study collect at 612-378-4494 for more information. The number again is 612-378-4494.

News Of Good Things Growing

by Margaret G. McCall

As this is written, Michigan cherry growers are looking forward to an excellent crop of both sweet and red tart cherries. Thanks to a late spring, which held back the buds until after the danger of frost was pretty much past, all Michigan fruit crops are expected to be abundant this year.

That's good news for Michigan, the cherry capital of the world, which produces about two-thirds of the nation's red tart cherries and ranks fourth in sweet cherries. Last year's crop (smaller because of unfavorable weather) was estimated at 134 million pounds, including 88 million pounds of tart cherries, 46 million pounds of sweet cherries, and 5 million pounds of sweet cherry fruit.

Sweet cherries, which ripen before the tart ones, are an ideal treat to wash and eat out of hand. A big bowl of sweet cherries with the stems on makes a simple, delicious dessert.

However, if you want something different, try this recipe for turkey (or chicken) and sweet cherries. It's good to prepare for a crowd, and is a pleasant change of pace for a summer picnic. But I generally use whole turkey breasts, halved, for a crowd, since it's convenient and reasonably priced, especially this season of the year.

In large heavy skillet or roaster, saute turkey breast in 3 tablespoons butter and one chopped onion. Season with salt and pepper. Add 1/4 cup Michigan sherry, 1/4 cup Michigan apple juice, and about 1/4 teaspoon powdered ginger. Simmer, covered, until tender. Thicken sauce with 3 tablespoons cornstarch mixed with 1/4 cup cold water. Remove turkey, take meat off bones, and cut in generous-sized chunks. Add 2 cups black sweet pitted Michigan cherries and the turkey. Keep hot until

ready to serve. You can vary the proportions, use chicken breasts, thighs or whatever you prefer.

George Washington Statue Dedication

A nine-foot bronze statue of George Washington has been placed on the grounds of the Lewis Cass state office building near the Capitol, a gift to the state from the Freemasons of Michigan.

Its \$90,000 cost is being raised through donations from Masons, said Leo E. Harrawood of Novi, general chairman of the memorial project. He is head of a committee comprising state officers of the five principal Michigan Masonic bodies - Free and Accepted Masons, Scottish Rite, Royal and Select Masons, Royal Arch Masons and Knights Templar.

The memorial will be dedicated on Saturday, August 7, after a parade through downtown Lansing that will start at noon. Gilbert A. Rice of Farmington Hills, parade marshal, said he expects it will gather more than 1,200 members of Masonic organizations throughout the state.

A tribute to Washington as a Freemason, as well as a statesman and patriot, the statue marks the 250th anniversary of his birth. It depicts him in Masonic regalia as he participated in the cornerstone laying of the United States Capitol in 1793.

Its location was chosen, Harrawood said, to honor another eminent Mason, Lewis Cass, first territorial governor of Michigan.

The statue is one of six cast by sculptor Donald DeLoe of Leonardo, N.J., that now are located in various states. The first was created for the Masons of Louisiana for the courthouse in New Orleans. Another stands at the Old Mariner's Church near the Renaissance Center in Detroit.

CONGRESSMAN CARL PURSELL

LEADERSHIP FOR LOWER TAXES AND CONTROL OF GOVERNMENT SPENDING

CONGRESSMAN CARL PURSELL DOESN'T JUST TALK ABOUT LOWERING YOUR TAXES AND REIGNING IN RUNAWAY GOVERNMENT SPENDING.

CONGRESSMAN PURSELL VOTED FOR THE TAX CUT BILL WHICH LOWERED YOUR FEDERAL INCOME TAX 5% LAST YEAR AND ANOTHER 10% IN JULY.

CONGRESSMAN PURSELL EARNED THE 2nd HIGHEST 1981 RATING AMONG MICHIGAN'S CONGRESSMEN AND SENATORS FOR VOTING TO CONTROL GOVERNMENT SPENDING.

The National Taxpayer's Union recently conducted a thorough study of congressional votes affecting government spending. That study shows that CONGRESSMAN PURSELL is rated by NTU as one of the most frugal of Michigan's 21 Congressmen and Senators in spending your tax dollars. In fact, Carl Pursell was ranked 2nd in the entire Michigan delegation.

Here are the results (with other Michigan Congressmen and Senators identified by party) as printed in an editorial in the Lansing State Journal:

"The higher the score, the more frugal the politician; the lower the score, the bigger the spender."

Republican	56%
CARL PURSELL	53%
Republican	50%
Republican	48%
Democrat	44%
Republican	43%
Republican	39%
Republican	39%
Republican	38%
Democrat	34%
Democrat	34%
Democrat	32%
Democrat	32%
Democrat	31%
Democrat	30%
Democrat	30%
Democrat	30%
Democrat	29%
Democrat	27%
Democrat	25%
Democrat	24%

CONGRESSMAN PURSELL'S TOP PRIORITY IS TO HELP CREATE MORE BUSINESS AND JOB OPPORTUNITIES FOR MICHIGAN.

Carl believes the greatest need is to bring down interest rates so the economy can recover and people can go back to work. He also believes that the best way to reduce interest rates is to reduce taxes and halt the uncontrolled growth of government spending.

And Congressman Pursell doesn't just talk a good game.

He has voted to reduce your taxes.

As a member of the powerful Appropriations Committee, he has voted to control runaway government spending and achieve a fair and balanced budget.

With that record of leadership CONGRESSMAN CARL PURSELL is seeking your support in the Republican Primary, August 10.

CONGRESSMAN CARL PURSELL
Michigan 2nd District—GOP PRIMARY, August 10

equipment for the Old Blacksmith Shop. Contact John Swainson, Tom Walton or Loring Eberole if you have things that you think might be of interest or use. Be sure and let them know if you have not or do not receive a formal letter of acceptance and thanks. There can be overights, you know, when so much is going on. The Manchester Area Historical Society is new at this and is very anxious to have complete and correct records.

Many have asked when the blacksmiths will be working again. August 14 and 21st from 12 to 3 are the dates and times to put on your calendar. Bring the children and your out-of-town guests, as this is a "mini-Greenfield" spot right in Manchester!

The Collectible Sale on the Walton lawn in conjunction with the Art Fair and Side-Walk Sale, Saturday, August 14 (alternate date August 28) needs the attention of all members and interested persons. Call Mrs. Walton 428-7522 or Dorothy Hamilton 428-9687 for information.

Japanese Students To Visit Manchester

Manchester Area Church Women United has extended an invitation through the Ecumenical Campus Center to several Japanese students to spend the weekend of August 14th and 15th with families in the area. This homestay with an American family is one of the many opportunities the Ecumenical Campus Center offers to students and scholars.

There are 24 men from Japan who will be visiting that weekend and they all teach High School English. We would like all of these men to be able to visit homes in Manchester. If you are interested in welcoming one or two of them to YOUR home, please contact Mary Sue Moore, 428-8687.

6th District, Michigan

Congressman Jim Dunn

DUNN ANNOUNCES VETERANS BENEFITS APPROVED BY HOUSE COMMITTEE

Congressman Jim Dunn (Mich.-6) announced today that the House Veterans Affairs Committee has approved several measures that are beneficial to veterans, including a proposed 7.4 percent cost-of-living increase in compensation payments for service disabled veterans, their widows and dependent survivors.

"A totally disabled veteran's monthly payments will be increased from \$1,130 to \$1,213 with those at lower rates receiving comparable increases," Congressman Dunn said.

The bill also corrects what he termed an "inadvertance" in the Veterans Administration's burial benefit program for wartime veterans, he said. Legislation passed last year limited the payment of a 1300 burial allowance to survivors of veterans receiving compensation or pension. The allowance is reinstated by the compensation bill to provide for burial of the unclaimed remains of any veteran.

"Congress never intended to deny honorable interment to wartime veterans," Congressman Dunn said. "I am pleased the committee has acted to make sure they do not receive a pauper's burial."

The Michigan lawmaker, who serves on the Veterans Affairs Committee, added that other sections of the measure increase the benefit level for certain blinded veterans and include ROTC members among those eligible for disability benefits if injured during summer training.

The committee also approved a bill that will increase the effectiveness of federal programs designed to obtain employment for Vietnam-era and disabled veterans, Congressman Dunn said.

That legislation will strengthen and improve the Veterans Employment Service of the Department of Labor by clarifying and consolidating the duties of the Assistant Secretary of Labor for Veterans Employment.

Among educational provisions in the measure, Congressman Dunn said, is repeal of the so-called 50 percent employment rule which requires vocational schools to report on the number of graduates who have obtained employment in the field they were trained for. This provision is expected to save some \$223,000 in the coming fiscal year.

In other action, the committee sent to the full House a bill that would extend re-employment rights for members of the National Guard or Reserves who are required to take training in excess of 90 days annually. The present 90-day protection period would be increased to one year during any three-year period, Congressman Dunn said.

Legislative Update

Mary Keith Ballantine
23rd District

Highway Construction Zones - Summer-time is also the time when Michigan's state

highway construction crews repair our roads and interstate transportation system. The posted speed in those areas is usually 45 m.p.h. Please slow down when approaching highway construction zones. Last year, hundreds of workmen were injured, many permanently, and one fatality was reported, due to careless drivers. Obey highway construction speed limits.

Another Billot Proposal - Gov. Milliken has signed Senate Bill 72, which places on the November ballot a proposal to abolish the automatic fuel adjustment clause for public utilities, and to prohibit rate increases based upon changes in the cost of fuel or purchased gas unless notice has been given by the Public Service Commission and there has been an opportunity for a full and complete public hearing. The proposal also would permit concurrent hearings separate from a general rate case.

Children's Trust Fund Established - Legislation that was passed earlier this year, allowing Michigan taxpayers to designate \$2 of their income tax refund for the Children's Trust Fund was signed into law last week by Governor Milliken. The Trust Fund will be used to finance child abuse prevention and service efforts.

Red Tart Cherries! - The Michigan Department of Agriculture reports that there's a record crop of red tart cherries

being harvested right now in Michigan—the Cherry Capitol of the World. In fact, three-fourths of the nation's cherries are grown right here in the Great Lakes State. Need a new idea on how to prepare cherries? Try making Cherry Shrub. Here's how: Simmer red tart cherries in the top of a double boiler until the juices are extracted. Strain through cheese cloth, sweeten to taste and refrigerate. When ready to serve, pour over ice cubes and add about half water (or soda water for fizzyness). You may want to spice it up with a pinch of cinnamon or cloves. The Cherry Shrub was a popular drink in the 19th century, and many recipes can still be found with variations of the above.

Senior Citizens News

The important activity to remember is the July 31st Senior Citizens' Flea Market-Yard Sale (Saturday) at 519 Ann Arbor Street from 8:30 to 5:00. Bring things for the sale before Saturday, please. You may call Mr. Goyer 428-7613 if you have no way to get your donations to the location. Remember - no clothing accepted.

Call Helen Braun 428-8966 about future van trips for the older adults. There is nothing definite scheduled at this time for the coming week. August will be filled with special events.

United Way Sets Goal

Manchester's United Way Board of Directors have set this year's campaign goal at \$30,358.00.

Clarence Fielder, President of the Board of Directors stated the goal was established upon the recommendation of the Budget Committee chaired by Louis D. Vogel.

Applications from the various agencies totaled \$33,650.00. Presentations were made to the budget committee by agency representatives and after thorough review the committee recommended the \$30,358.00 goal.

Allocations to the participating local, state and national organizations are:

- Manchester Area Recreation \$6,300.00;
- Manchester Family Service \$200.00;
- Manchester Senior Citizens Council \$1,000.00; American Red Cross \$6,000.00;
- Catholic Social Services \$1,300.00
- Child & Family Services of Washtenaw

Kari Agin, Olympic Hopeful

This past weekend, Kari Agin traveled to Lincoln, Nebraska to compete in the Junior Olympics running in the 400 meter low hurdles. She placed second, earning a silver medal in this event. Kari was among twenty-four top competitors in her age division who came from all corners of the United States to compete in the Junior Olympic games.

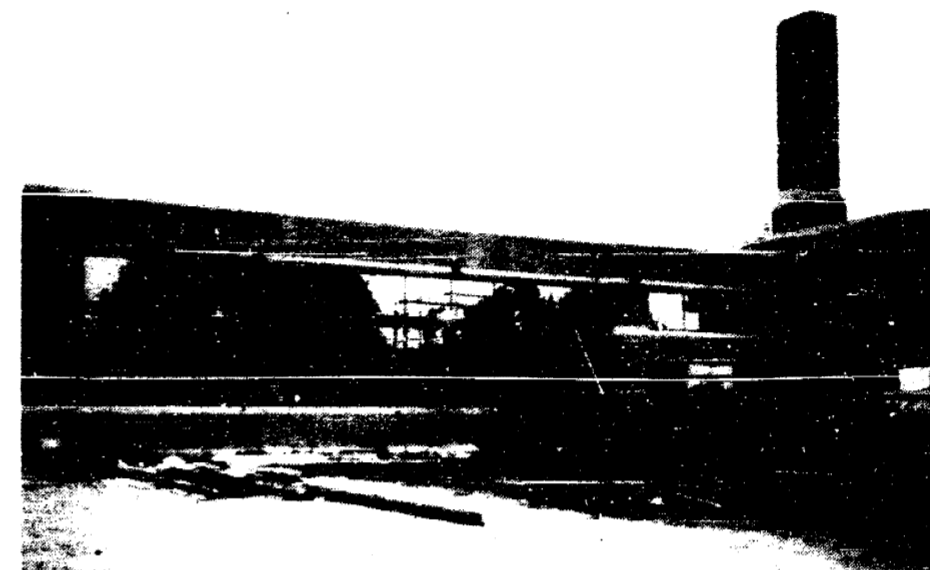

Seven weeks ago, Kari began training for the 400 meter low hurdles, an event completely new to her. She is the Class C State Champ in the 200 meter low hurdles with a record time of 28.6. Two weeks after her State Championship, Kari began her assault on her olympic dreams. Starting at Muskegon on June 13th, she competed for her first time in the 400 meter low hurdles placing second with a time of 64.7, advancing her to the Midwest Regional Championship on July 17th in Dayton, Ohio. Here, once again she placed second, bettering her time to 63.0, thus qualifying her for the National Junior Olympics which were held this past weekend in Lincoln, Nebraska. She ran her best time of 61.09 and earned a silver medal in the 400 meter low hurdles of the National Junior Olympics.

Kari is the first athlete in Manchester's history to have obtained a Junior Olympian status. This is the first step to getting to Los Angeles and the Olympic games in 1984.

CONGRATULATIONS KARI!!!!

Hoover Renovates Old Ford Plant

Construction underway at the site of the old Ford plant on Austin Road, recently purchased by Hoover Universal Inc.

by Lucy Feldkamp

At the beginning of World War II, Henry Ford built a small water-powered factory on the Raisin River at Manchester's eastern village limits. For many years, this plant built gauges for Ford Automobiles. After Ford sold the building, several other owners used it for several other purposes, which made bicycle parts. Over the years, the structure aged, windows broke, and it became more of an Austin Road eyesore than a prospering business place.

Now there is new life at the spot. Hoover Universal, Inc. has acquired the

property and is completely renovating the building. When this work is done, the old Ford plant will provide working space for about fifty marketing and technical employees as well as a new showroom for Hoover products.

Dave Maciejewski, the man in charge of the renovation, says business has been good for Hoover in spite of the recession. Hoover builds blow-molding machinery for such things as plastic milk bottles at its Manchester location. Maciejewski says his company plans to spend over \$1,000,000 for the entire project, a sum which includes the purchase price of the land, Kriehoff Lenawee Co., the contractors for the work, will be adding a mezzanine to the interior, new wiring, and all new thermal-paneled windows. The frame of the building was still in excellent condition and so was the dam and power-generating equipment. All the electricity for Hoover's new acquisition will come right from the Raisin River.

At a time when several Main Street retail spaces sit empty, it is good to know that business is thriving for at least one Manchester operation.

Board Of Education Schedules Tax Hearing

In order to comply with the recently enacted Truth-in-Taxation law the Manchester Board of Education has scheduled a public hearing for the evening of August 16 at 8:00 P.M. in the high school.

The purpose of the meeting is to advise citizens, and to hear comments, regarding the tax levy for the coming year. All persons will be given the opportunity to express their point of view.

In the Manchester School District the State Equalized Value (SEV) of all property has increased by approximately seven percent (7%). This means that property owners generally will experience an increase in taxes according to the increase in their SEV.

The voters of the school district have authorized the Board of Education to levy thirty (30) mills for the purpose of operating the school district. In order to meet increased expenses due to inflation the Board is proposing to again levy the 30 mills as it did last year.

According to the language required by the legislature it would appear that an increase in millage is planned. This is not the case. The increase is in property valuation and not in the mills levied. In order to provide the same educational program as last year it will be necessary for the Board to once again levy the voter authorized 30 mills.

Check page no. 2 for Notice of Public Hearing on property taxes.

Japanese Students To Visit Manchester

Manchester Area Church Women United has extended an invitation through the Ecumenical Campus Center to several Japanese students to spend the weekend of August 14th and 15th with families in the area. This homestay with an American family is one of the many opportunities the Ecumenical Campus Center offers to students and scholars.

There are 24 men from Japan who will be visiting that weekend and they all teach High School English. We would like all of these men to be able to visit homes in Manchester. If you are interested in welcoming one or two of them to YOUR home, please contact Mary Sue Moore, 428-8687.

1982 Fair Admission Prices

Gate prices for the Manchester Community Fair 1982 will be as follows: General admission \$2.00 per day, \$7.00 pass; Senior Citizens (62 and over) \$1.50 per day, \$5.00 pass; Parents of Steer and Lamb Club members \$6.00 pass; Food tent workers \$2.00 pass. Steer and Lamb Club members over 14 will receive a gate pass.

Senior Citizens and others eligible for discount passes are urged to pick up their passes early at the Fair Office. The office will be open beginning August 5 from 9 a.m. to 12 noon and from 7 to 9 p.m.
