

6th District, Michigan

# Congressman Jim Dunn

### DUNN ANNOUNCES VETERANS BENEFITS APPROVED BY HOUSE COMMITTEE

Congressman Jim Dunn (Mich.-6) announced today that the House Veterans Affairs Committee has approved several measures that are beneficial to veterans, including a proposed 7.4 percent cost-of-living increase in compensation payments for service disabled veterans, their widows and dependent survivors.

"A totally disabled veteran's monthly payments will be increased from \$1,130 to \$1,213 with those at lower rates receiving comparable increases," Congressman Dunn said.

The bill also corrects what he termed an "inadvertence" in the Veterans Administration's burial benefit program for wartime veterans, he said. Legislation passed last year limited the payment of a 1300 burial allowance to survivors of veterans receiving compensation or pension. The allowance is reinstated by the compensation bill to provide for burial of the unclaimed remains of any veteran.

"Congress never intended to deny honorable interment to wartime veterans," Congressman Dunn said. "I am pleased the committee has acted to make sure they do not receive a pauper's burial."

The Michigan lawmaker, who serves on the Veterans Affairs Committee, added that other sections of the measure increase the benefit level for certain blinded veterans and include ROTC members among those eligible for disability benefits if injured during summer training.

The committee also approved a bill that will increase the effectiveness of federal programs designed to obtain employment for Vietnam-era and disabled veterans, Congressman Dunn said.

That legislation will strengthen and improve the Veterans Employment Service of the Department of Labor by clarifying and consolidating the duties of the Assistant Secretary of Labor for Veterans Employment.

Among educational provisions in the measure, Congressman Dunn said, is repeal of the so-called 50 percent employment rule which requires vocational schools to report on the number of graduates who have obtained employment in the field they were trained for. This provision is expected to save some \$223,000 in the coming fiscal year.

In other action, the committee sent to the full House a bill that would extend re-employment rights for members of the National Guard or Reserves who are required to take training in excess of 90 days annually. The present 90-day protection period would be increased to one year during any three-year period, Congressman Dunn said.

highway construction crews repair our roads and interstate transportation system. The posted speed in those areas is usually 45 m.p.h. Please slow down when approaching highway construction zones. Last year, hundreds of workmen were injured, many permanently, and one fatality was reported, due to careless drivers. Obey highway construction speed limits.

Another Ballot Proposal - Gov. Milliken has signed Senate Bill 72, which places on the November ballot a proposal to abolish the automatic fuel adjustment clause for public utilities, and to prohibit rate increases based upon changes in the cost of fuel or purchased gas unless notice has been given by the Public Service Commission and there has been an opportunity for a full and complete public hearing. The proposal also would permit concurrent hearings separate from a general rate case.

Children's Trust Fund Established - Legislation that was passed earlier this year, allowing Michigan taxpayers to designate \$2 of their income tax refund for the Children's Trust Fund was signed into law last week by Governor Milliken. The Trust Fund will be used to finance child abuse prevention and service efforts.

Red Tart Cherries! - The Michigan Department of Agriculture reports that there's a record crop of red tart cherries

being harvested right now in Michigan—the Cherry Capitol of the World. In fact, three-fourths of the nation's cherries are grown right here in the Great Lakes State. Need a new idea on how to prepare cherries? Try making Cherry Shrub. Here's how: Simmer red tart cherries in the top of a double boiler until the juices are extracted. Strain through cheese cloth, sweeten to taste and refrigerate. When ready to serve, pour over ice cubes and add about half water (or soda water for fizziness). You may want to spice it up with a pinch of cinnamon or cloves. The Cherry Shrub was a popular drink in the 19th century, and many recipes can still be found with variations of the above.

### Senior Citizens News

The important activity to remember is the July 31st Senior Citizens' Flea Market-Yard Sale (Saturday) at 519 Ann Arbor Street from 8:30 to 5:00. Bring things for the sale before Saturday, please. You may call Mr. Gonyer 428-7618 if you have no way to get your donations to the location. Remember - no clothing accepted.

Call Helen Braun 428-8966 about future van trips for the older adults. There is nothing definite scheduled at this time for the coming week. August will be filled with special events.

### United Way Sets Goal

Manchester's United Way Board of Directors have set this year's campaign goal at \$30,358.00.

Clarence Fielder, President of the Board of Directors stated the goal was established upon the recommendation of the Budget Committee chaired by Louis D. Vogel.

Applications from the various agencies totaled \$33,650.00. Presentations were made to the budget committee by agency representatives and after thorough review the committee recommended the \$30,358.00 goal.

Allocations to the participating local, state and national organizations are:

- Manchester Area Recreation \$6,300.00;
- Manchester Family Service \$200.00;
- Manchester Senior Citizens Council \$1,000.00; American Red Cross \$6,000.00;
- Catholic Social Services \$1,300.00
- Child & Family Services of Washtenaw

### Kari Agin, Olympic Hopeful

This past weekend, Kari Agin traveled to Lincoln, Nebraska to compete in the Junior Olympics running in the 400 meter low hurdles. She placed second, earning a silver medal in this event. Kari was among twenty-four top competitors in her age division who came from all corners of the United States to compete in the Junior Olympic games.

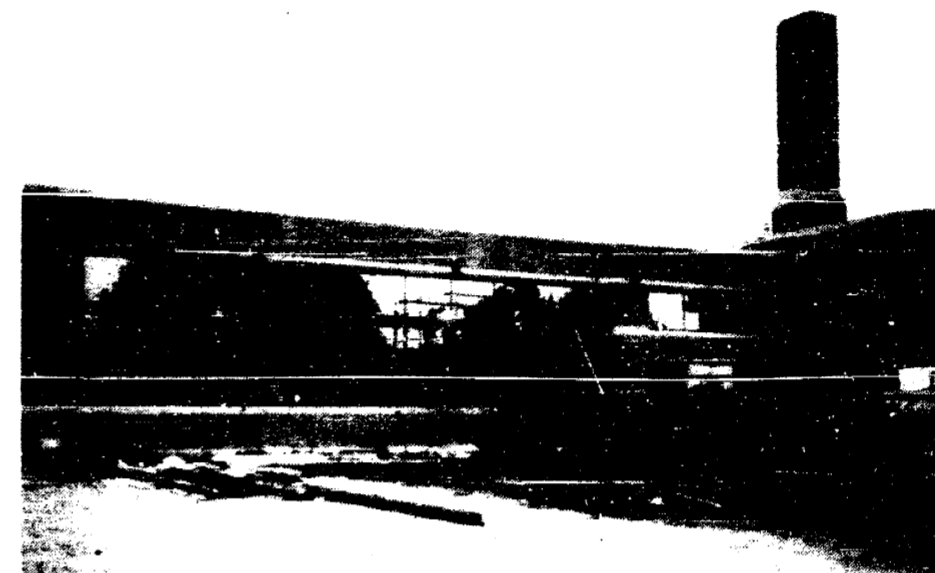

Seven weeks ago, Kari began training for the 400 meter low hurdles, an event completely new to her. She is the Class C State Champ in the 200 meter low hurdles with a record time of 28.6. Two weeks after her State Championship, Kari began her assault on her olympic dreams. Starting at Muskegon on June 13th, she competed for her first time in the 400 meter low hurdles placing second with a time of 64.7, advancing her to the Midwest Regional Championship on July 17th in Dayton, Ohio. Here, once again she placed second, bettering her time to 63.0, thus qualifying her for the National Junior Olympics which were held this past weekend in Lincoln, Nebraska. She ran her best time of 61.09 and earned a silver medal in the 400 meter low hurdles of the National Junior Olympics.

Kari is the first athlete in Manchester's history to have obtained a Junior Olympian status. This is the first step to getting to Los Angeles and the Olympic games in 1984.

Check page no. 2 for Notice of Public Hearing on property taxes.

CONGRATULATIONS KARI!!!!

### Hoover Renovates Old Ford Plant

Construction underway at the site of the old Ford plant on Austin Road, recently purchased by Hoover Universal Inc.

by Lucy Feldkamp

At the beginning of World War II, Henry Ford built a small water-powered factory on the Raisin River at Manchester's eastern village limits. For many years, this plant built gauges for Ford Automobiles. After Ford sold the building, several other owners used it for several other purposes, which made bicycle parts. Over the years, the structure aged, windows broke, and it became more of an Austin Road eyesore than a prospering business place.

Now there is new life at the spot. Hoover Universal, Inc. has acquired the

property and is completely renovating the building. When this work is done, the old Ford plant will provide working space for about fifty marketing and technical employees as well as a new showroom for Hoover products.

Dave Maciejewski, the man in charge of the renovation, says business has been good for Hoover in spite of the recession. Hoover builds blow-molding machinery for such things as plastic milk bottles at its Manchester location. Maciejewski says his company plans to spend over \$1,000,000 for the entire project, a sum which includes the purchase price of the land, Kriehoff Lenawee Co., the contractors for the work, will be adding a mezzanine to the interior, new wiring, and all new thermal-paneled windows. The frame of the building was still in excellent condition and so was the dam and power-generating equipment. All the electricity for Hoover's new acquisition will come right from the Raisin River.

At a time when several Main Street retail spaces sit empty, it is good to know that business is thriving for at least one Manchester operation.

### Board Of Education Schedules Tax Hearing

In order to comply with the recently enacted Truth-in-Taxation law the Manchester Board of Education has scheduled a public hearing for the evening of August 16 at 8:00 P.M. in the high school.

The purpose of the meeting is to advise citizens, and to hear comments, regarding the tax levy for the coming year. All persons will be given the opportunity to express their point of view.

In the Manchester School District the State Equalized Value (SEV) of all property has increased by approximately seven percent (7%). This means that property owners generally will experience an increase in taxes according to the increase in their SEV.

The voters of the school district have authorized the Board of Education to levy thirty (30) mills for the purpose of operating the school district. In order to meet increased expenses due to inflation the Board is proposing to again levy the 30 mills as it did last year.

According to the language required by the legislature it would appear that an increase in millage is planned. This is not the case. The increase is in property valuation and not in the mills levied. In order to provide the same educational program as last year it will be necessary for the Board to once again levy the voter authorized 30 mills.

Check page no. 2 for Notice of Public Hearing on property taxes.

Manchester Area Church Women United has extended an invitation through the Ecumenical Campus Center to several Japanese students to spend the weekend of August 14th and 15th with families in the area. This homestay with an American family is one of the many opportunities the Ecumenical Campus Center offers to students and scholars.

There are 24 men from Japan who will be visiting that weekend and they all teach High School English. We would like all of these men to be able to visit homes in Manchester. If you are interested in welcoming one or two of them to YOUR home, please contact Mary Sue Moore, 428-8687.

### 1982-83 School Calendar Approved

The Manchester Board of Education and the WLEA/MEA teachers have reported agreement on the school calendar for the coming year. The agreement, which must be formalized at the Board meeting in August has been approved by the representatives of both groups.

1982-83 Calendar  
August 26 - Teacher Workday.  
August 27 - Teacher Workday.  
August 30 - STUDENTS MORNING ONLY, Teachers all day.

September 6 - Labor Day - No School.  
November 4 - Parent-Teacher Conferences. No School.

A. Teachers report 1:00.  
B. Conferences K-12, 1:00-5:00, 6:30-9:30.  
November 5 - Parent-Teacher Conferences. No School.

A. Conferences K-12, 9:00-12:00, 1:00-4:00.  
November 25-26 - Thanksgiving.

December 17 - Christmas Break begins end of day.  
January 3 - School Resumes.

January 21 - Teacher Workday - No School.  
A. K-4 Inservice.  
B. 5-12 Records.

March 24 - Parent-Teacher Conferences. No School.  
A. Teachers Report 1:00.

B. K-12 Conferences 1:00-5:00, 6:30-9:30.  
March 25 - Parent-Teacher Conferences. No School.

A. K-4 Conferences 9:00-12:00, 1:00-4:00.  
B. 5-12 Inservice all day.  
March 31 - Spring Break begins at end of day.

April 11 - School Resumes.  
May 30 - Memorial Day - No School.  
June 10 - Students Morning Only, Teachers All Day.

**Inside The Fair: The Homemaker Award**

Each year at Fair time an average of six or seven area women load pick-up trucks or wagons with quilts, embroidery, handmade clothing, needlepoint, floral arrangements, pies, cakes, cookies and all the delicious canned goods they have preserved over the last year. They carefully transport them to the fairgrounds and enter them as exhibits in our community Fair. These women are competing for the Champion Homemaker Award, and usually enter from 50 to 100 items to be carefully inspected by the judges.

This year there have been some changes made in the point system that determines the overall winner. A limit of 8 winning ribbons in each division except Canned Goods will be counted toward the Homemaker Award. In Canned Goods a limit of 15 winning ribbons will be counted toward the total points. The ribbons of the highest point value will be counted first. These changes have been made to help insure that the recipient of the Homemaker Award is one who is very capable in all areas of the home, and emphasizes the quality of the winning items. Contestants for the Homemaker Award should carefully read the rules on page 21 of the 1982 Fair Book. Fair Books are now available at most area merchants.

On the Monday night or Tuesday morning before the Fair, entrants wait in line for their boxes and crates of prized canned goods and needlework to be tagged and entered. By noon on Tuesday all the exhibits have been arranged on shelves and displayed to their best advantage and the tent is closed to everyone except the workers and the judges.

The judges in each division carefully inspect each item and award first, second or third prizes according to the quality of the goods displayed in each category. When the judges are finally finished with this sometimes mind-boggling task, the tent is opened again to the public so that everyone can see which delicious or beautifully worked entry has taken the blue ribbon.

While everyone is making rounds in the tent, the girls in the office are working

frantically to tabulate the results of the judges' decisions and count up the points to determine who will be the Champion Homemaker. When all the paperwork is done, one woman emerges as the best overall homemaker in our area. One woman also becomes the Reserve Champion Homemaker, and two young ladies under 18 will become the Junior Champion and Reserve Junior Champion Homemakers.

Good luck to all of you who enter this year!

**Saline Hospital Offers Course For Nurses**

Saline Community Hospital's Education Department will be offering a course of interest to area nurses and aides entitled, "Learning To Teach Patients Effectively". The two-hour course is designed to aid the nurse in bedside teaching through an understanding of basic adult learning and teaching principles. Special consideration will be given to patient teaching in the critical care environment including an emphasis on how anxiety, severe illness or environmental factors may aid or hinder patient education. Other topics will include: types of learning, assessing the patient for teaching, approaches to teaching and barriers to understanding. Two-hour sessions will be held in the Saline Community Hospital Classroom on Tuesday, August 24 from 7 to 9 p.m.; Wednesday, August 25 from 2 to 4 p.m.; and Thursday, August 26 from 8:30 to 10:30 a.m. Registration is required by August 17 and may be completed by contacting Saline Community Hospital's Education Department at 429-5435, ext. 296. The Hospital is located at 400 W. Russell Street in Saline. The charge for a two-hour session is \$7.50.

**Arthritis Information**

Your greatest resource in controlling your arthritis is YOU. The decisions you make and the actions you take can make a significant difference in your well being. Gale Baker, Chairperson of the Adrian Unit of the Arthritis Foundation recommends you take the following steps to stay as healthy and as independent as possible.

1. Get professional medical care. Only a doctor can recommend the proper medications, a balance of rest and activity and a prescribed exercise program. Arthritic diseases do not lend themselves to self-treatment.
2. Help your doctor take care of you. Learn as much as you can about your type of arthritis and its treatment. Do ask your doctor questions; try to enroll in arthritis classes, and generally do things that make your disease feel better, not worse.
3. Stick to your treatment program. Finding the right treatment program often involves trial and error. If your arthritis doesn't seem to be getting better, talk to your doctor about changing the program.

Don't just give up or keep quiet.  
 4. Avoid unproven arthritis remedies. If you're curious about non-traditional arthritis treatments, talk to your doctor of the Arthritis Foundation, a United Way agency.

5. Exercise wisely. Exercise daily at times when you have least pain, stiffness and fatigue. Build slowly and do the exercises in a smooth, steady rhythm. If you have pain for more than two hours after exercising, cut back.

6. Reduce stress on your joints. When sitting or standing, use good posture to avoid stiffness. Avoid joint positions which can cause pain and deformity.

7. Conserve your energy. Sit whenever possible and pace yourself through the day. Find the easiest and most efficient way to do each day's work.

8. Openly discuss your feelings and problems. Make sure your family and friends understand about the "ups and downs" of arthritis. If your problems seem overwhelming for a long period, you may want to seek professional help from a psychologist or counselor.

9. Contact the Arthritis Foundation. We can provide you with information on many aspects of living with arthritis. We are eager to help you help yourself in your fight against arthritis. There may be no cure for arthritis, but treatment can help people live with it. How you cope is up to you!

To better understand Arthritis, write for the "Basic Facts of Arthritis." The address is: Arthritis Foundation, 929 Beech Street, Lansing, 48912.

**"Freeze Campaign"**

The local Michigan Nuclear Weapons Freeze group is now reorganizing for Phase II of the "Freeze Campaign". Phase II will be a drive to get everyone out to vote for the "Freeze Proposal" which will be on the ballot, November 2. Phase I produced 385,000 petition signatures which have been submitted and counted. The ballot designation is expected soon. It is now time for you, the many volunteers who made the petition phase such a

success, and any new volunteers, to get involved in the final push to insure a YES vote in November. Please join us on August to hear chairperson, Jane Phifer, speak on "Ready or Not, Here Comes November 2". Steve Latta, of the local group, will report on national events and Michigan's role in the Freeze movement. The five committees which are being organized locally for the Phase II push will be explained. It is hoped that volunteers can then decide where they would like to help. The committees are: Fundraising, Publicity, Education, Voter Mobilization, and Outreach.

Come to the Ann Arbor Public Library on August 9 at 7:30 P.M. to see how you can get involved in the Freeze Campaign. If you can't come that evening please call 663-1870 for more information.  
**ONLY ONE PERSON CAN PREVENT A NUCLEAR WAR YOU!**

**Maplewood Lanes Bowling Picnic**

August 14 is the date for the Maplewood Lanes Mixed Bowling League Picnic. It will be held at the home of Dawn and Mike Stockwell at 6:30 p.m. Bring a dish to pass, table service, and there will be a \$3 donation for meat and beverages. All regular bowlers and subs are invited. See you there!

**Manchester Town Club Meeting**

The fall meeting of the Manchester Town Club Womens Bowling League will be held on August 23rd at the American Legion Home on 203 S. Adrian Street at 7:30 p.m. The league is still in need of one full team and substitute bowlers. The league bowls on Tuesday nights at 6:00 p.m. in Chelsea at the Chelsea Lanes. If you have a full team or you are interested in bowling regularly call Evie Seegert at 428-9885, Kathy Hagerman 428-7003 or JoAnn Clark 428-8257. All teams please plan on attending, so league can be ready to bowl.

**Notice of Public Hearing On Increasing Property Taxes**

PLEASE TAKE NOTICE THAT ON AUGUST 16, 1982, AT EIGHT O'CLOCK P.M. AT MANCHESTER HIGH SCHOOL THE BOARD OF EDUCATION OF MANCHESTER COMMUNITY SCHOOLS WILL HOLD A PUBLIC HEARING ON THE LEVYING IN 1982 OF AN ADDITIONAL PROPOSED MILLAGE RATE OF 1.96 MILLS FOR OPERATING PURPOSES PURSUANT TO ACT 5, PUBLIC ACTS OF MICHIGAN, 1982.

THE BOARD OF EDUCATION HAS THE COMPLETE AUTHORITY TO ESTABLISH THAT 30.00 MILLS BE LEVIED IN 1982 FROM WITHIN ITS PRESENT AUTHORIZED MILLAGE RATE.

THE MAXIMUM ADDITIONAL PROPOSED MILLAGE RATE WOULD INCREASE REVENUES FOR OPERATING PURPOSES FROM AD VALOREM PROPERTY TAX LEVIES IN 1982. OTHERWISE PERMITTED BY ACT 5, PUBLIC ACTS OF MICHIGAN, 1982, BY SIX AND 99/100 PERCENT (6.99%).

THE PURPOSE OF THE HEARING IS TO RECEIVE TESTIMONY AND DISCUSS THE LEVY OF AN ADDITIONAL MILLAGE RATE, NOT LESS THAN SEVEN (7) DAYS FOLLOWING THE PUBLIC HEARING, THE BOARD OF EDUCATION MAY APPROVE ALL OR ANY PORTION OF THE PROPOSED ADDITIONAL MILLAGE RATE.3

THIS NOTICE IS GIVEN BY ORDER OF THE BOARD OF EDUCATION.

**Fair Photography Department**

There will be a bit of a new look in the photography department this year at the Manchester Fair.

The first thing is, the 2 sections from 17 years on down, in the black and white categories, have been reduced to miscellaneous classes only. The reason for this is, that no one has entered these sections in the last 3 years.

The biggest change is the creation of a new category called, "The More Experienced Photographer". Those who would enter this category, are people who use the better equipment, have had some training, or are in the position of having their work published. The reason for this category is quite obvious. To give everyone who enters, an equal chance to be a ribbon winner, those who have the advantages of better equipment and training, should be separated from the

everyday snapshot taker. The judges will feel free to be more critical of those experienced people, which can also make exhibiting a learning experience.

We are looking forward to a fine exhibit from all of the photographers, old and young, of our area. Be reminded that the work exhibited must be the work of the exhibitor; may not have been previously exhibited; and must be mounted or framed. You can enter as many as you would like in each class; but please DO NOT display any other type of material with your images.

We do our very best to take care to prevent damage or loss; but as it says in the front of the fair book, the fair cannot be responsible for damage or loss of any exhibit.

Do start entering on Monday night, so there is not such a long line, late Tuesday morning.

See you at the photography exhibit at the fair!

**News Of Good Things Growing**

by Margaret G. McCall

Three weeks of eating my way through Europe equals four pounds, and I can only be grateful it wasn't more, thanks to the castle climbs and coliseum strolls.

It's easy to understand how Europe was the source of our American cookery. Everywhere, fresh fruits and vegetables were appetizingly prepared, desserts were lavish and delicious. Attention to detail in small as well as elegant restaurants made eating an adventure. Tossed or "mixed" salads appear to have been added to appease the Americans. Each meal is comprised of several courses, made easier because dinner is a leisurely meal served late in the evening.

Just one of many dishes which captured my interest was the bombe served to us at a family-style restaurant in Florence, Italy. At least our host, Leo, called them bombes when he proudly displayed them to our applause, before handing them to the waiters to serve. Since his English was slight, and my Italian limited to "grazie" (thank you) and "prego" (you're welcome) we communed in gestures.

I rushed home to consult Larousse Gastronomique. Alas, nothing listed there quite matches Leo's bombe. Here's my Americanized version of his recipe -- and a great make-ahead it is for summer meals.

Line a dome-shaped or melon mold with thin slices of sponge cake, which have been soaked with brandy (or any other liqueur you wish). Carefully pack softened vanilla ice cream into half the mold. Top with chopped candied fruits and nutsmeats. Pack softened chocolate ice cream over all, to the top of the mold. Cover with foil, place in freezer until ice cream is firm. About a half-hour before serving, unmold on decorative plate. Cover with whipped cream, garnish with toasted slivered almonds and Michigan maraschino cherries in a decorative pattern.

Bring to the table with a flourish and serve. Skip breakfast and lunch the next day.

Italian ice cream is rich and has delicious flavor. Equally good are some of our Michigan ice creams.

You can combine as many ice cream flavors as you wish in your mold, and add whatever fruits and nuts you prefer. Here are just a few that Larousse suggests: vanilla with strawberry, to which you've added kirsch; strawberry, tangerine and pistachio; vanilla and anise, decorated with crystallized violets; strawberry, raspberry and praline. The list goes on and on, but you get the idea.

Supporting and promoting agri-business, which includes finding overseas markets for our farm surpluses, is part of our campaign to "Say Yes" to all good things growing in Michigan.

**Ask The Governor**

Question: With the State in such financial trouble, why doesn't Michigan begin exporting agricultural products? I've read about farmers in the Midwest selling grain to Russia, but I've never heard of such a practice in Michigan.

Governor: It may come as a surprise to you that Michigan is the second largest exporting state in the nation, after California. An important component of goods exported from Michigan is agricultural products.

During the fiscal year 1981, Michigan's farmers exported more agricultural products than ever before. Our agricultural exports totaled \$943.6 million, an increase of \$256 million, or 37 percent, over the previous record set in fiscal 1980. Shipments of dry edible beans, wheat and soybeans accounted for nearly \$240 million of the increase.

Agriculture is particularly appreciated in difficult economic times, such as we are experiencing today, because it is a stable, expanding segment of the economy. When the value of processing, transporting and marketing these goods is computed, agri-business becomes a \$12 billion component of Michigan's economy. Nationally, agricultural exports pay for more than 50 percent of the oil this country imports.

Supporting and promoting agri-business, which includes finding overseas markets for our farm surpluses, is part of our campaign to "Say Yes" to all good things growing in Michigan.

## Flying Equestrians 4-H Club

The Flying Equestrians 4-H Club of Manchester achieved a remarkably successful record at the annual Washtenaw County 4-H Fair in Saline. The nine members who attended the week long event accumulated a total of thirty-six ribbons of which ten were for first place and eleven for second. Western Pleasure appears to be the Club's specialty since, of the ten classes in this category, the Flying Equestrians were able to post five firsts and two seconds.

Because of their placings in the preliminary classes, seven members qualified for the evening Championship classes which determine our county representative to the state 4-H finals in Lansing. Since all seven of these members reached the finals in more than one category, the club was represented by a total of seventeen entries in the Championship Classes.

Special congratulations go to Jenny England and Dawn Rice who will be representing Washtenaw County at the State Finals this year. Jenny was awarded Grand Champion Western Pleasure and Dawn won Reserve Grand Champion in both Western Pleasure and Western Equitation. In addition, Lisa Buono, who was a county champion last year, received Reserve Grand Champion in Showmanship.

Perhaps the most encouraging aspect of this year's show was that all members made significant contributions to the Club's success. Individual accomplishments were:

Michelle Buono: First place Showmanship, first place Pleasure, fourth place Equitation.

Lisa Buono: First place Pleasure, first place Equitation, second place Showmanship.

Mary Cleland: First place Pleasure, second place Equitation, fourth place Showmanship.

Dawn England: First place Mare and Foal, third place Pleasure, third place Trail, sixth place Showmanship.

Jenny England: First place Western Pleasure, second place English Pleasure, fourth place Trail, fourth place Western Riding, fifth place Dressage, sixth place Versatility, sixth place Equitation.

Kristen Houck: Second place Pleasure, second place Equitation, second place Showmanship.

Dawn Rice: First place Equitation, second place Pleasure, second place

### Showmanship.

Sue Shear: First place Flag Race, second place Barrel Racing, second place Pole Bending, third place Trail, fifth place Showmanship, fifth place Equitation, fifth place Versatility.

Kathy York: First place Pleasure, second place Equitation, fourth place Showmanship.

### NITRATE IN WATER

You may have heard about possible health problems related to nitrate in food or in water. Nitrate is a form of nitrogen which is essential to life. Nitrogen, actually, composes four-fifths of our atmosphere. But nitrate, in excessive amounts, can cause a serious disease in infants. It may, also, be related to some cancers in adults, although the evidence is not conclusive.

Adults get most nitrate from food rather than water. But under certain conditions, private well water can contain very high levels of nitrate. This can occur if the well is improperly located and constructed so that it is contaminated by human sewage. Or it can occur if there is run-off from barnyards or fertilized fields, or from some industrial wastes, or even if the soil naturally contains high levels of nitrate, as it does in some parts of Michigan.

The biggest health risk is a disease with the long name of methemoglobinemia. It occurs in infants six months of age or less. It is a condition in which the ability of the red blood cells to carry oxygen is reduced severely. When this happens, the infant will develop a blue color, due to lack of oxygen in the blood, and must be seen by a physician immediately. Methemoglobinemia occurs in infants because, for a variety of reasons, they cannot convert methemoglobin to normal hemoglobin and because, in relation to body weight, they drink much more water than adults.

The link between nitrate and cancer is much less clear. But epidemiologic studies of human populations have shown a correlation between gastric cancer and nitrate levels in drinking water. The studies are not conclusive by any means but they do suggest caution when dealing with exposure to nitrate in drinking water.

If you think you might have a problem with nitrate in your drinking water, you should have your well tested. A regular

water sample container furnished by the Michigan Department of Public Health and available from your local health department should be used to collect a sample. Our laboratory will analyze the sample and report results to the local health department. If excess nitrate is found, you will be notified. However, no water supply can be evaluated on the basis of one analysis alone. A complete survey would be needed. The local health department will advise you of what needs to be done.

## Berke Reunion

The 25th annual Berke Reunion was held Sunday, August 1, 1982 at Sun On Park in Toledo, Ohio. There were 63 members and 5 guests present from

Norvell, Manchester, Toledo, Ohio and Denver, Colorado to enjoy the potluck dinner, fellowship, games and swimming. The business meeting was called to order by President Janet Hardy. It was voted to have the same officers for the coming year. President - Janet Hardy, Vice-President - Karen Renkin, Secretary - Treasurer - Debbie Rawloski, Historian - Gola Bertke. It was voted to have the 1983 reunion at Carr Park, Manchester, the first Sunday in August, dinner at 1 o'clock. David Gormley will be in charge of tables. There were 6 births, 1 marriage and 1 death.

Oldest member present was Madeline Holton of Norvell and youngest member was Erika Mueller of Toledo, Ohio.

**EXAMINING TAX REFORM ALTERNATIVES**

Many Americans are becoming increasingly concerned about the size of their tax burden and the loopholes which enable certain people to avoid paying their fair share. Many of these people have suggested that the United States should consider reforming our tax structure to make it more equitable and prevent many people from taking advantage of the current federal income tax rules.

The Internal Revenue Service estimates that the underground economy accounts for more than \$30 billion worth of unpaid income taxes a year and is growing at an annual rate of 10 percent. Some Members of Congress have introduced legislation designed to reform our tax system based on a flat percentage tax rate with few or no reductions.

Rep. George Hansen of Idaho has introduced, H.R. 4821, the Tax Simplification Act, which provides for a 14 percent taxation rate of personal income with the current basic personal exemptions, and with deductions for only religious and catastrophic medical purposes. Rep. Leon Panetta of California has introduced another bill, H.R. 6070, which would radically change the income tax by eliminating all deductions, credits, and exclusions, establishing a flat 19 percent tax on all income and creating a substantial personal exemption credit. This credit would prevent the major tax increase for low- and middle-income taxpayers that would otherwise accompany a switch to a flatrate tax.

Representatives of some groups which benefit from current tax laws have expressed concern about plans to eliminate most deductions. Members of charity organizations, for example, feel that they will receive less contributions if donations are no longer allowed as deductions.

Because current tax law treats each taxpayer differently, the switch to a simple tax would have varying impacts on individual taxpayers. In order to bring in the same amount of revenue, some would end up paying a little more, while some would pay a little less. But these variations would be more than offset by the ease with which each taxpayer would be able to understand and carry out his responsibilities under the law.

It is my belief that our tax system should be equitable, with everyone contributing to the support of our government. I will continue to examine alternatives for reforming our current tax system to ensure that the all Americans are taxed in the fairest manner.

\*\*\*\*\*

Early Christians for the sake of their health chose not to cross themselves in public but duplicated the reverential gesture in public merely by crossing their fingers. Crossing your fingers for luck came from this.

**United Way**

A new agency, Hospice of Washtenaw, is included in this year's campaign. Hospice of Washtenaw, established in January 1981, serves terminally ill people through a program emphasizing living and loving.

Hospice offers an alternative to the institutional setting by enabling the terminally ill to remain at home with their family in comfort and dignity. Services include the providing of companionship, friendly visiting, emotional support, care and transportation assistance. Agency personnel also help with household chores and errands. The agency attempts to ease the burdens of families involved in a stressful situation. Services are provided by multi disciplinary teams of physicians, nurses, pharmacists, social workers, members of the clergy and professional and lay volunteers.

Volunteers are the backbone of the Hospice program. Much of the service is provided by over 80 volunteers who are giving of their time and skills to help make the program a reality in Washtenaw County.

Hospice is primarily funded by financial support from Washtenaw United Way, Manchester United Way and other community United Ways, Foundations, Corporations, Service groups, memorials, individuals and hospitals.

The office address of Hospice of Washtenaw is 2530 South Main Street, Ann Arbor Michigan 48104, telephone number 995-1995. Anne Ballew is the Executive Director.

Manchester's United Way Campaign Chairman, Dr. Glenn C. Lehr, again reminds us that we need a new slogan for this fall's campaign. A slogan contest will be held during Community Fair Week, August 17-21. Volunteers in attendance at the United Way booth in the Merchants' tent will receive your suggested slogans. A slogan winner, to be determined by the United Way Board of Directors, will receive a \$10.00 cash award. The booth space rental fee is being contributed by Manchester Tool & Die, Inc.

County \$1,500.00; Cystic Fibrosis Foundation \$500.00; Huron Valley Child Guidance Clinic \$200.00; Huron Valley Girl Scout Council \$3,000.00; The Salvation Army \$1,500.00; United Way of Michigan (25 agencies) \$3,008.00; Washtenaw Assn. for Retarded Citizens \$860.00; Wolverine Council Boy Scouts \$3,000.00; and Hospice of Washtenaw \$2,000.00.

# COUNCIL PROCEEDINGS

July 19, 1982

The regular meeting of the Manchester Village Council was called to order by President Hinkley at 7:04 P.M. Trustees present: Petsch, Tracy, Reed, Kallewaard. Absent: DuRussel, Koebbe, Zsenyuk and Smith present.

Minutes of the July 12, 1982 meeting were read. Moved by Petsch, supported by Kallewaard to approve minutes as corrected. Motion carried.

Walt Lewis was present from Washenaw Engineering. Hinkley said there have been several complaints about the new sidewalks. Mr. Lewis said he would check the sidewalks and see what can be done. Hinkley asked for a report.

A discussion followed on the Adrian Street project. Walt Lewis said he will give Council an estimate on repaving on Adrian Street to the Alley.

Present at the meeting were - Detective Lieut. Herman Newman and Detective Lieut. Roger Bittel from the Michigan State Police Narcotic Enforcement Unit. They came to Council to explain the operation of the Livingston and Washenaw Narcotic Enforcement Team and asked for funding to help pay for a secretary for the unit. Hinkley said that Council would look at the Budget and see if they can come up with some money for the unit.

Ed Strong, owner of the Country Kitchen came to ask Council to pass a resolution to give him a six month extension to come up with funding, so he can get the property back which was sold at a tax sale.

Petsch moved to give Ed Strong a six month extension to come up with the monies to pay his taxes, because it was commercial property. No support, motion failed.

Reed moved not to give Ed Strong a six month extension, supported by Petsch. Roll call vote: Petsch-no, Tracy-yes, Reed-yes, Kallewaard-yes. Motion carried.

Petsch said that after the Baseball season, Emory Garlic will do the excavating and extend the parking lots at Kirk Park.

Petsch stated that the cost factor for replacing the sidewalks on the north and south side of Wurster Park would be \$3,400.00, and he proposed to have it done the latter part of August. Hinkley asked Zsenyuk to get a cost factor from Lunningham-Gooding to take out the old sidewalks.

Reed requested two more benches at Kirk Park. He also asked to have the lights at Kirk Park checked and aimed differently.

Kallewaard stated that the Planning Commission has two hearings set for their August 10th meeting. She also said that there are monies available for a start up grant for an Industrial Park also monies for a development grant and Zsenyuk has filed a note of intent to apply. Hinkley said that the Village should get an option on the 20 acre parcel of property, south of Hoover, contingent on the grant. Kallewaard said they will want some kind of budget commitment from the community. Hinkley appointed a committee of Zsenyuk, Kallewaard, Reed and himself to look into the matter.

Tracy reported on the Police Department. Smith reported on the Public Works Department.

Zsenyuk stated Jim Kensler resigned as Village mechanic and he recommended Jim Rogers to be the Village mechanic. Council requested that an ad be put in the Enterprise for a part time qualified mechanic.

Zsenyuk said that Don Steele checked with Clinton and they do not have anything adverse to say about Bill Walkow's Arcade.

The Senior Citizens would like to get their insurance for their Van with the Village Fleet Insurance.

Zsenyuk said he checked with John Orus and they could be included in our Fleet insurance for \$400.00 and the Senior Citizens would pay the Village. They would also like to purchase gas from the Village.

Kallewaard moved to allow the Senior Citizens to purchase the gas for their Van from the Village at our cost and the Village Manager being the only one to supply them with gas, supported by Petsch. Motion carried.

Kallewaard moved to table their request to be put on the Village Insurance Policy until the next Council Meeting. Supported by Petsch, motion carried.

Meeting adjourned at 9:30 P.M.  
Helen J. Kensler  
Village Clerk

## 50-50 Club Winner

The winner of the K of C 50-50 drawing for July 31 was Dick Schlack with ticket number 266.

The first president to travel in a submarine was Theodore Roosevelt. In 1905 he submerged in Oyster Bay N.Y. near his home.

The pound cake got its name not from its weight but from the pound of butter it contains.

# THE MAN IS MOON

STATE REPRESENTATIVE  
52nd DISTRICT  
REPUBLICAN  
Tuesday  
August 10

Harold L. Moon, a businessman, newspaper man and philanthropist, has been a great contributor to the youth of the county. He is the only individual honored with the 'Benefactor's Award' along with many other citations from the Wolverine Boy Scout Council. Active in masonry and many other clubs and national organizations, Moon has played an active role in the affairs of the community.

## MOON WILL WORK FOR YOU

Former publisher of the Washtenaw and Monroe County Courier, his recognition for integrity and professionalism has been well established. The Courier as a weekly newspaper was awarded the George Washington Honor Medal Award by the Freedoms Foundation of Valley Forge three years in a row. Believed to be the only time in the history of the Michigan Press Association that feat had ever been accomplished.

In 1976, the city of Monroe and the county of Monroe honored the Courier with a Courier Week. A very rare and distinctive honor given to a local newspaper. This coveted citation was awarded the newspaper for a well deserved reputation as a defender of freedom and the American way of life. The Courier was eternally reminding its readers of our nation's greatness and the strength of her free institutions. The Courier kept reminding its readers about keeping America beautiful, law and order, strong family ties and spiritual values. The value of hard work, and the importance of sound leadership for youth.

## PROVEN PUBLIC SERVANT

Moon's career as a newspaper man follows the footsteps of one of his illustrious relatives. He is a great nephew of Mrs. Warren G. Harding. In 1884, Harding and a partner paid \$300 for the Marlon Star. The future president relished newspaper work. In the early days, he did reporting, sold ads and set type. His wife was credited by historians with putting the Marlon Star on a firm financial footing. Recently Moon presented a letter found by his mother written on White House stationery to the Harding Museum in Marlon. The only letter in the Museum signed by Mrs. Harding.

## WILL GIVE 100% IN LANSING

Currently Mr. Moon has given up all of his business ventures and is concentrating on a political career. He is a Republican candidate for Michigan State Representative from the newly formed 52nd district.

Moon, is an 18 year veteran involved in six major battles in the Korean war. He also possesses a B.A. degree.

## "THE MAN IS MOON"

PAID FOR BY COMMITTEE TO ELECT HAROLD L. MOON, MICHIGAN REPRESENTATIVE, 4308 WASHENAW, ANN ARBOR, LLOYD A. THOMPSON, TREASURER.

## Hit Or Miss by farley

It has long been said that city folks enjoy making fun of us folks from the rural boondocks and many are the tales that are told of the encounters between the two. Rural folk seem to enjoy a quiet sardonic humor in the attitudes of the city folks. A farmer may be somewhat out of place in Manhattan or the Chicago Loop but not so much so as the city feller out in the sticks.

You have to know how to talk to the rural person or you may find yourself on the amusement at your expense side of the conversation. The country cousin so often ends up on top of the heap. Usually more so than the average.

Many are the tales that are told to support this theory. Some of them you have heard and some you have not, but may we present a few of the new and of the old.

There's the tale about the tourist who

stopped and climbed the fence of a small field to gather wild flowers for his girl friend who stayed in the car. Suddenly he called excitedly to the farmer hoeing in the next field, "Hey is this bull over here safe?" "Well replied the farmer, he's a damn sight safer than you are."

And then there is the one about the salesman from the city trying to sell the farmer a set of books on scientific farming. "You ought to buy them" he urged. "If you had them you could farm twice as good as you do nowadays." "Hell," the farmer retorted, "I don't farm half as good as I know how now."

And so easy does it, verbally and otherwise. One chap tells of visiting a farm one day and was greatly amused to watch two city boys trying to put a calf in the barn. Each shoved and pulled to no avail. Finally the farmer's daughter smiled, walked over and put her finger in the calf's mouth and calmly and gently led it into the barn.

A college president I heard of was asked to make a speech on "The Place of the

Humanities in Education." The speaker who preceeded him, didn't think much of humanities compared with practical courses. "What I want my son to do," he said, "is to know how to milk a cow." "That's a very good idea" said the moderator of the meeting who was brought up on a farm. "I want my boy to be able to milk a cow, but I'd like him also to be able to do some things that a calf can't do better."

Not long ago at a small agricultural college, it was proposed to raise the professors salaries but the farm group couldn't see why the state should pay college professors so much for just talking for 12 to 15 hours each week. The faculty group was making no headway until one who had grown up on a farm took the floor and said, "Gentlemen, a college professor is a little like a bull, it's not the amount of time he spends, it's the importance of what he does." They got their raise.

Levi Strauss made his first pair of blue jeans in 1874. For them he received \$13.50 a dozen.

The first auctions of record were held in Babylon in 450 B.C. Young ladies in good physical condition were sold on the block.

There are some 180,000 Americans camping out in our National Parks tonight.

Casey Stengel once recorded the fact that "There comes a time in every man's life-and I've had plenty of 'em.

The French have a very descriptive expression, "Strawfire Love" which they say means that it blazes up quickly and leaves very few ashes.

**DIAL -A- GARDEN**

The following is a schedule of Dial-A-Garden, the system of pre-recorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in operation 24 hours per day, 7 days per week. Interested persons are invited to call 971-1122 at their convenience and receive timely, up-to-date gardening information.

Thursday, August 5, Preserve Green Beans.

Friday, August 6, Storing Fruits and Vegetables.

Monday, August 9, Harvesting Vegetables.

Tuesday, August 10, Friendly Garden Insects.

Wednesday, August 11, Control Warm-blooded Pests.

**August Food Shopping Best Of Season**

Michigan food shoppers will find August 1982 to be one of the best months of the year. A wide selection of seasonal state-produced fruits and vegetables is

coming to market, beef prices are slightly lower, poultry prices are steady and egg prices have increased less than predicted.

While the U.S. Department of Agriculture wrestles with the definition of barbecue, America's backyard cooks are proving that almost any meat can be grilled. First-cut chuck roasts (wrapped in foil), top-round steak (marinated first for best results) and porkburgers are some of the more economical cuts replacing traditional steaks.

Budget-minded cooks may have to continue this economical action as retail pork prices continue to climb and retail beef prices are only slightly lower. Analysts say the high cost of money is one key factor that is holding down pork production. (The June USDA report showed pork supplies running below last year as much as 15 percent through mid-1982.)

The reduced pork supply is helping to maintain beef prices so further reductions in beef will be minimal. Total cattle on feed at the 13 major feeding states is up 4 percent over a year ago but, considering high cow slaughter rates, beef industry analysts believe herd expansion this year will be small.

Broilers and turkeys will continue to be economical choices during August. Shoppers may want to add eggs to the shopping list more often as an inexpensive meat alternate.

Fresh produce shoppers will find Michigan's harvest basket filled to overflowing this month. For starters, sweet cherries and red tart cherries are still available. Inquire at any farm or orchard market with freezer facilities or in the produce department of the state's largest retail cooperatives.

Blueberry production is at the seasonal peak this week and will continue until

September. Blueberries are widely available from supermarkets, city markets, roadside markets and U-pick operations. Blueberries are an ideal fruit for beginning pickers, since you literally can pick a bucket full in a few minutes.

Michigan's peach crop will peak about the third week in August. Although the national crop is down about 25 percent, Michigan has a larger crop than last year.

Calls to buyers indicate excellent quality cantaloupe are coming from local growers. More and more Michigan growers are also producing some of the specialty melons such as Crenshaw and Persian.

Apple fanciers who have had it with out-of-state imports will want to look for Paula Red (or Paulared) apples, a home-grown, late-summer apple with all the good qualities of a top fall apple. It's slightly tart flavor is so thirst-quenching it could inspire a new pop flavor.

A backyard cookout wouldn't be complete without a salad. Start with head lettuce from California or a combination of greens (endive, escarole, Romaine) grown right here in Michigan. The cucumber slices, tomato wedges, green pepper rings, carrot slivers and radish roses probably all originated on a Michigan farm.

**Cancer Support Group Takes Summer Break**

Saline Community Hospital's August meeting of the Cancer Support Group has been postponed.

The group, which meets on the first Tuesday evening of each month at 7:30 p.m. in the Hospital's Classroom, will resume regular meetings on Tuesday evening, September 7, 1982.

The purpose of the group is to provide educational opportunities and emotional support for those with cancer, their families and friends. Further information regarding the group may be obtained by calling Saline Community Hospital at 429-5435, ext. 331. New group members are welcome at any time.

Store managers can tell you predictably how much beer they are going to sell, in any one week. They may not be certain about pet food, ice cream, etc., but the beer turnover they understand. It's a staple commodity. If people drink it, they buy it, and in predictable amounts.

**SAY YES TO LANA POLLACK**

Lana Pollack, Democrat, has the credentials, convictions and courage to work for all of us.

**Qualifications:**

- Trustee, Ann Arbor Board of Education
- B.A., M.A., University of Michigan
- Teaching Certification, State of Michigan
- Instructor, Washtenaw Community College
- Michigan Association of School Boards, Long Range Finance Planning Committee
- Chair, Ann Arbor Democratic Party
- Manager, Pierce for Senate, 1978
- 22-year county resident
- Married to Henry Pollack, son John, 16

**Committed to:**

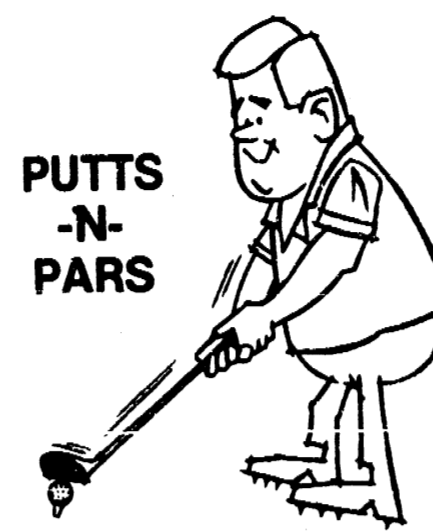

- Diversifying Michigan's economy
- Reducing health care costs
- Equal pay for equal work
- Increased state funding, under present formula, for K-12
- Increased state funding for higher education—control of tuition costs
- Reform of the single business tax
- ERA
- Nuclear Freeze
- Protecting the environment

**POLLACK**

For State Senate—Democratic Primary Election Aug. 10, 1982

Paid for by Lana Pollack for State Senate Committee, 543 N. Main, Ann Arbor, Michigan 48104

**Community Fair Includes Art Fair**

The Manchester Art Guild is heightening preparations for the presentation of its fifth art fair on Saturday, August 21, from 8:00 a.m. - 6:00 p.m. This year it will be held on the last day of Manchester Community Fair activities. Located on the Middle School grounds, it will be adjacent to and outside the main admission gates of the Community Fairgrounds. The Art Fair will include a wide variety of fine arts and crafts as well as heritage craft demonstrations, and will feature many local artists as well as some traveling from as far as Kalamazoo. This new addition to Community Fair Week is planned to have something of interest to everyone!

• The only judge to send prostitutes to jail and order V. D. tests.

**Manchester Township Library**  
302 WEST MAIN STREET  
MANCHESTER, MICHIGAN 48154

**GARDENS AND PRODUCE**

Library patrons will find an extensive collection of gardening guides, including volumes which concentrate on specifics, such as shrubs, annual flowering plants, trees, landscape ideas, herb gardens. For the problems often encountered in any type of gardening, there are several encyclopedias. The *Wise Garden Encyclopedia* is the most recently acquired and has valuable information arranged in a logical manner. Many garden editors have recommended *The New York Times Book of Vegetable Gardening* for backyard gardeners with families to feed. Most of the gardening guides have suggestions for laying out the plot, companion planting to control pests and encourage growth, composts and other fertilizers, rotation of crops, as well as information about the specific plants.

Close to the garden section are the shelves of cook books. Included in this collection is a great variety of the standard volumes, including *The Joy of Cooking*, *The New York Times Cookbook*, and *The*

*Boston Cookbook*, favorites for many years. Gardeners will appreciate some of the more specialized editions, such as *Home Gardener's Cookbook* by Marjorie Page Blanchard, *A Herb and Spice Cookbook* by Craig Clairborne, *Fine Preserving* by Catherine Plagemann and *The Spice Cookbook* by Avanelle Day and Lillian Stuckey. The books about spices also have useful spice and herb charts and not only suggestions for their uses, but directions for drying or freezing the specific plants. *Gifts from Your Garden* by Joan Scoby and Norma Myers has many ideas for using flowers, herbs, and plants in making personalized gifts for family and friends. In addition to the more common pickles, etc., they have included directions for sachets, herbed vinegars, pressed flowers, and dried flower arrangements.

And, finally, a paperback written by Marian Ungerer may help a gardener-cook through the summer harvest days. *The Too Hot to Cook Book* is packed with easy, cool, and tasty recipes for this time of the year.

**Birth Announced**

David, Marsh and Alyssa Chartrand are pleased to announce the birth of Ariane Julia on July 19, 1982 at Bixby Hospital. Ariane weighed 7 pounds 3 ounces and was 19 1/2 inches tall.

Maternal grandparents are Mr. and Mrs. Alton Horning of Manchester. Paternal grandmother is Mrs. Henry Chartrand of Stambaugh, Michigan. Great-grandmothers are Mrs. A.D. Nicholson of Manchester and Mrs. Elwyn Johnson of Holbrook, New York.

**National Audubon Society**

Every year near Christmas the National Audubon Society conducts hundreds of bird counts in the U.S. and Canada. For one day, usually during the week before Xmas, teams of birdwatchers count all species and individuals of birds in their count areas which are always the same established 15 mile circles. The collected count information is then thoroughly edited and made available to scientists and amateurs in the Audubon Society publication, *American Birds*.

Christmas birding is a fast-growing activity in which the public participates as a coordinated group of trained scientific observers accumulating data which, once assimilated, becomes a useful tool in understanding not only fluctuations of bird concentrations, but also in changes of weather and even land use. So birdwatching by the amateur can go beyond being just a checklist tucked in the back of a bird book, and on into realms of long-range, scientific "environment watching". The success of the Xmas Count concept is because of its long history of strict controls on data gathering, and because birding in winter is comparatively simple.

Establishing a new Audubon Christmas Bird Count area is not as simple. Martin Bialecki of Manchester has undertaken to register the Irish Hills from Brooklyn to Clinton, and from Onsted to Manchester. Although it seems ridiculous to be thinking anything Xmas yet, it may already be too late for an Audubon-sanctioned count this Yule Time. Martin urgently needs a list of area bird count participants before this new count area can be approved.

The birdwatchers don't have to be

experts. Of course, the most competent will be group leaders and guides for the day, responsible for the accuracy of their route tally.

Usually two types of observers participate: 1) the feeder watcher, who can do all counting from their window at home, and 2) the route watcher, who from dawn till whenever the desire ebbs travels in vehicle and on foot until he or she is satisfied that their route assignment has been adequately covered. In some areas bird counting is done from boats, planes, and even snowshoes. Almost without exception at least two participants are required per route. This helps maintain accuracy and minimize confusion.

If you are interested in partaking please contact Martin Bialecki immediately. Phone 313-428-7794 at 11983 Noggles Rd., Manchester, Michigan 48158. All participants should be able to choose their own routes within the 15 mile circle which is centered at the corner of Noggles and Wellwood Rds., less than two miles east of Wampers Lake. You need not reside within the circle to join the effort.

Martin says, "if we can present to the Audubon Society a list of 8 or 10 route participants who are of average competence and in earnest, we should pass approval, but if our people don't rally now we may have to wait until next year. I'm not as concerned with seeking out and enlisting feeder-watchers as I think there will be plenty. But I still need to hear from all prospects now. And if you won't be counting but know of an unusual bird or any large recurrent flocks please let me know."

The first use of the term "Old Glory" to designate the US flag was made by a New England seaman, William Driver. Before setting sail for the Orient in 1831, he had the flag unfurled and said, "I name thee Old Glory!" The term caught on during the Civil War.

**CONGRESSMAN CARL PURSELL**

Michigan 2nd District

**EFFECTIVE REPUBLICAN LEADERSHIP**

Congressman Carl Pursell has spent a lifetime in the 2nd District. He grew up in the small town of Plymouth, where he stayed to raise a family and establish a career.

His business and community leadership led to election as County Commissioner (1969-70) and State Senator (1971-76). In 1976, the people of the 2nd District elected him to Congress. He has been re-elected twice by wide margins.

Carl Pursell has an excellent record of leadership in Congress and responsive attention to the people and problems of the 2nd District.

He is the author of important state and national laws in such areas as economic recovery, business and job expansion, government efficiency, education, transportation, environment, and new energy sources. He has supported control of taxes and government growth, and is working to achieve a fair and balanced budget, and lower interest rates.

He is a former small business owner and educator, army officer, and graduate of Eastern Michigan University (B.A. and M.A.).

Carl has been active in the Republican Party for nearly 30 years. He has served at every level of the party, including volunteer, precinct delegate, campaign manager, district chairman, and National Delegate to the 1980 GOP National Convention.

**NATIONAL LEADERSHIP...**

Congressman Pursell is a member of the influential Appropriations Committee of the U.S. House of Representatives. His participation in policy decision-making is often sought by President Reagan and other national Republican Leaders.

**... WITH A "HOME TOWN" TOUCH**

But Carl is one Congressman who remembers he works for the people here at home. On a given day, Carl might meet with a group of senior citizens in Michigan in the morning, then with the President at the White House in the afternoon—and consider both of equal importance.

Unlike most Congressmen, Carl's home and family are in the district, not in Washington, D.C. He has never lost touch with the people.

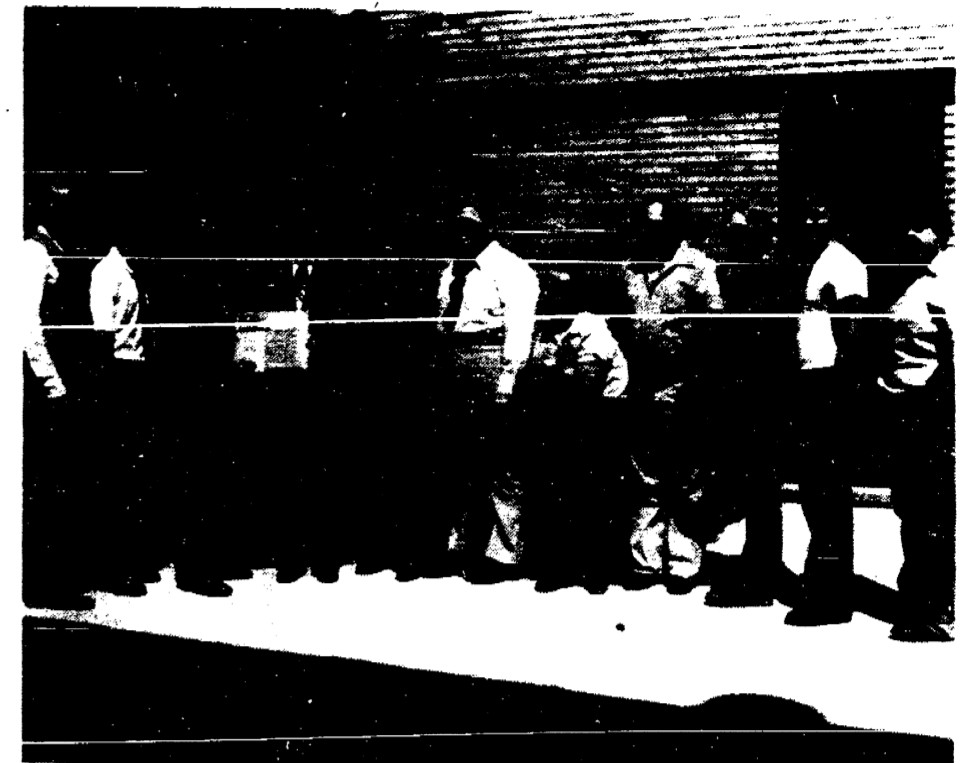

He never will.

Congressman Carl Pursell is seeking your support for a 4th term of responsive representation at home... and responsible leadership in the United States Congress.

**CONGRESSMAN CARL PURSELL**  
EFFECTIVE REPUBLICAN LEADERSHIP  
FOR THE 2ND DISTRICT

Primary, August 10.

**Manchester-Somerset Safety Presentation**

Pictured Left to Right: Phil Ward (Somerset), Kim Horning (Jackson), Robert Lucke, Peter Rosewig, Paul Hawkins (Clinton), Cy Atlee (Chelsea), Bill Bell (Milan), Al Macey (Reading), Bill Whitcher (Somerset), Greg Crawford (Adrian), Tom Rice (Pinckney).

Employees at Hoover Universal, Inc.'s Manchester-Somerset plant received awards July 29, 1982 for the best safety record in the plastics division and best overall record for 41 Hoover U.S. plants over the past 12 months.

The Manchester-Somerset Center Plant has gone for 365 days without a safety incident resulting in lost time. Kim Horning, the Plant's Safety Committee coordinator, said "This achievement is an important step toward our eventual goal of 1,000,000 plant hours without a lost time accident." If the plant continues its current safety performance, the goal will be met some time this fall.

Award plaques will be presented to the plant's safety committee by Peter J. Rosewig, Vice President and Chief Financial Officer of Hoover and Robert V. Lucke, Vice President-Plastics Machinery Division.

Rosewig said, "Employee safety is a vital issue to this company. It protects our employees. And it enables the company to achieve more efficient production and to avoid unnecessary insurance premiums. We're very proud of the job done here at the Manchester-Somerset Center plant."

Awards will be presented to the Plant's Safety Committee. Members of the Manchester-Somerset Center safety committee are: Bill Bell, Milan; Greg Crawford, Adrian; Kim Horning, Jackson; Alan Macey, Reading; Tom Rice, Pinckney;

SOS, the traditional call for help from a ship in distress, does not actually stand for anything. It was chosen because it could easily be sent as a wireless message.

## State Police Statistics

Michigan in 1981 had a reported 76,625 fires which claimed 323 lives including four firemen, and caused an estimated \$232.2 million, a new high, in property damage, according to the State Police Fire Marshal Division's annual summary.

The death toll was 48 less than the record set in 1979.

The new property loss mark was more than \$12 million over the previous record high of \$220.4 million charged to 1980 fires. The total value of the property involved in fires was over \$14 billion.

Fire departments during the year responded to a total of 210,418 alarms. In addition to the 76,625 fires, these included 61,538 rescue runs, 43,353 non-fire emergencies (power lines down, gas leaks, spills, etc.) 26,028 false alarms, and 2,874 other non-fire runs. Ambulance runs are not included.

According to the summary, the fires involved 6,928 commercial buildings, 19,706 dwellings, 17,718 mobile properties and 32,277 other classifications.

Investigators reported 6,121 incendiary fires in 1981, which had a loss totalling \$24.1 million. In addition, there were 8,574 fires reported in which arson was

a suspect. These did an estimated \$32.4 million damage.

The State Police statistics are based on information submitted to the Fire Marshal Division by about 1,000 fire departments in the state.

## Gauss Reunion

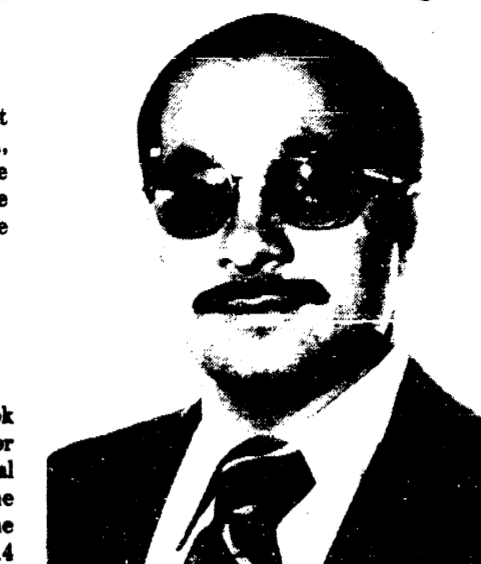

The annual Gauss reunion will be held at Carr Park in Manchester, Michigan, August 8th, 1982. A potluck dinner will be at 12:30 p.m. Bring a dish to pass, table service and your own drink. Bring a white elephant gift to be auctioned off.

## Historical Society Collectible Sale

Now is the time to take one final look through your garage, basement or attic for items you might donate to the Historical Society for their Collectible Sale on the Walton lawn in conjunction with the Sidewalk Sale on Saturday, August 14 from 9:00 A.M. to 4:00 P.M. Please bring your items to the Walton's garage anytime before the sale. Nothing will be sold before 9:00.

For information call Mrs. Nathan 428-7166, Mrs. Walton 428-7822, or Mrs. Hamilton 428-8987.

## John W. Stanowski 14th District Judge

John W. Stanowski is a judicial candidate for the 14th District Court for Washtenaw County. John, his wife, Rene and children, Christian and Nicole live in Saline. Stanowski lived in Ypsilanti while attending Eastern Michigan University. He and Mrs. Stanowski are graduates of Eastern Michigan. Mrs. Stanowski is a teacher at Houghton Elementary School in Saline.

As a Senior Trial Attorney, he has successfully prosecuted persons charged with murder, rape, robbery, arson, salvage auto theft, as well as district court misdemeanors.

As a judicial candidate, Stanowski, believes that a variety of experience is an essential ingredient for logical and mature decisions. Toward this objective, Stanowski was actively engaged as the attorney/advisor for the Consumer Action Center until budgetary considerations closed the office. The Consumer Action Center has handled thousands of calls per year, some of which resulted in a referral toward prosecution for excessive fats in

meats, short measure of Coleman Fuel and misleading or false advertisement. He has also served as advisor/attorney to the Washtenaw County Sheriff's Breaking and Entering Squad and the Arson Investigation Bureau.

Upon request from the local police agency, Stanowski has been the training officer in the field of search and seizure, laws of arrest, civil law and the consequences of violating the civil rights of persons who are injured during apprehension.

Foremost, Stanowski believes that every Judge should be involved with the community to become aware of the local problems and needs. Interaction with the community will build a working relationship and remove the distance between the court and the people.

Stanowski is the Past-President of the Ann Arbor Optimist Club which has as its goals to support and be a "Friend of Youth" of the community. Their charitable activities provide funds for the hearing impaired children, sponsor the handicapped children's Christmas Party at Brizwood and Career Day and Recognition banquet for the Eagle Scouts. The Optimist Club is also involved in recognizing the Outstanding Youths from each junior class of each high school. They sponsor baseball and basketball leagues, Scout-O-Rama, Oratorical Contest and Maxey Night for the young men in minimum security.

John Stanowski is also active in church affairs and has been elected as Deputy Grand Knight of the Saline Council, Knights of Columbus. Among the activities supported by the Knights are Boysville, High Point, and for the retarded children.

I'm wondering - there was a personal notice that appeared in the Toledo Blade not long ago which read: "A young lady is seeking the companionship of an interesting man" - but it specified that "Smokers, cat lovers, and Ohio State enthusiasts need not apply."

# March of Dimes Poster Children

Michelle and Stephen McDonald, 3, of Chelsea, have been named 1982 March of Dimes Poster Children for Washtenaw and Livingston Counties. It was announced today.

Michelle was born with cerebral palsy and has been receiving treatment at University of Michigan Hospital. Stephen is a very healthy little boy.

In selecting Michelle and Stephen as our Poster Children this year, we think they will bring home to all the people of this area the real need there is to expand efforts to prevent birth defects and give all our children the best chance for a healthy start in life.

Michelle and Stephen are the children of

Dennis and Anita McDonald. They have two other children, Karan, 13, and Ryan, 10 months.

The children are pictured with Dr. James F. Peggs, Medical Director for the University of Michigan Family Practice Center at the Chelsea Medical Center.

The March of Dimes leads the fight to prevent birth defects. The March of Dimes currently supports the University of Michigan with medical grants totaling \$150,000. Every year more than a quarter-million children are born with birth defects. The March of Dimes supports research, medical services, professional and public health education, all aimed at assuring every child a healthy birthright.

## Spur Of The Moment, Inc.

The Spur Of The Moment Inc. had our very first show without our "main lady" Annie White. It was slower, but we didn't make too many mistakes. You are missed very much Annie. Even with the smoke in the skies from the fires up in Canada, we had a nice day. Our judge was Stephany Hindricks, from Clinton and her ring steward was Leslie Buckner from Brooklyn. Our next show will be yearling and 1982 foals.

**Pony Halter:** Sponsored by Eames Animal Clinic, Manchester. 1st. Kristen Houck with Minute Mans Sentenel. 2nd. Jeannie Buss and Smokey.

**Pony Pleasure:** Sponsored by Dick and Lorry Alexander, Manchester. 1st. Minute Mans Sentenel ridden by Kristen Houck. 2nd. Smokey and Jeannie Buss.

## North Sharon Bible School

GOD SPEAKS - WE LISTEN - is the theme of our Daily Vacation Bible School at North Sharon Bible Church. We are inviting all boys and girls from age 3 through grade 8 to join us for Bible School. It will be held Monday, August 16th through Friday, August 20th from 10:00 a.m. until 12:15. A great time is planned! Boys and girls can earn points toward prizes by coming, bringing friends, bringing their Bibles, doing a special, and memorizing verses. Sunday, August 22nd will be Rally Day in which all parents are especially invited to come at 10:00 for a Bible School Program.

North Sharon Bible Church is located at 17999 Washburne, Grass Lake, Michigan. You can call for a ride at 313/428-7222.

**Welfare Reform Introduced**—Republican-sponsored legislation has been introduced in the Michigan House of Representatives that would allow landlords to obtain money directly from the Department of Social Services to pay for ADC recipients who fall behind in their rent. Currently, ADC recipients who have already received their checks can come back to the state to ask for an emergency allotment if they are facing eviction. That practice has already cost the state \$2.5 million this year.

**Primary August 12**—The Michigan Primary Election will be held August 10, and at stake are political party nominations for Governor, U.S. Senate, U.S. Congressional seats, as well as State House, State Senate, and County Commission races. Winners of the primary will face off in the General Election, November 2.

**Cherry Farmers Seek Federal Aid**—Michigan's cherry industry faces losses of more than \$25 million this year, and farmers are asking the U.S. Department of Agriculture to purchase the surplus cherries for use in school lunch programs and other domestic food assistance projects. Because this year's crop is the largest since 1965, the \$38.5 million pounds of cherries will be sold at prices lower than the cost of producing them, which causes the farmers to lose money on the sale. Several northern Michigan farmers face bankruptcy if the U.S.D.A. does not act soon.

**Art Fairs—Art lovers**, and those who like to browse at summertime art festivals are in for a treat this weekend. Art fairs are planned August 7, in Hessel, for the Antique Boat Show; Holland's Art in the Park will be held in Centennial Park; the Island Art Fair in Grand Ledge; the Waterfront Art Festival in Escanaba; the Arts and Crafts Fair in Lewistown; the Kalamazoo Art Fair in Millam Park; North Muskegon's Arts and Crafts Fair in Walker Park; the Waterfront Art Show in Tawas; and the Summer Arts Festival, Cister Center in Sault Ste. Marie.

**Governor Vetoes Forestry Bill**—Governor William G. Milliken has vetoed legislation amending the 1960 Forest Improvement Act because it did not contain "adequate protection for the public interest." The Forest Improvement Act has not been enacted because the Office of the Attorney General is still reviewing various technical areas of the law. The vetoed amendment to the Act would have provided incentive payments for forest owners of 112 an acre for improving and maintaining woodland

areas. County fairs—County fairs prevail in Michigan throughout the month of August. Some counties and dates to keep in mind are: August 2-7, Monroe County Fair; August 7-14, Otsego County Fair; August 8-14, Alpena County Fair; August 11-14, Roscommon County Fair and the Montmorency County Fair; August 12-15, Gogebic County Fair; August 15-21 is the week of the Bay, Isabella and Cheboygan County Fairs, and the week of August 17-21 is the Berrien County Youth Fair and the Newaygo County Fair. The Upper Peninsula State Fair in Escanaba runs August 17-22.

### Income Tax Arguments To Be Heard

On Monday, August 9th, Ingham County Circuit Court Judge Robert Holmes Bell will hear oral arguments on a suit filed jointly by Senator Jack Welborn (R-Kalamazoo) and Rep. Alan Cropsey (R-DeWitt) charging the recent 22% income tax increase was unconstitutional.

"The Michigan Constitution clearly states that the original purpose of a bill cannot be changed on its passage through either house of the Legislature," Welborn explained. "The bill started out as property tax relief for some and was changed to increase the income tax on everybody. In my opinion, the original purpose of the bill was definitely changed."

On June 30th, Judge Bell denied the Attorney General's request to dismiss the suit. Since the state may be unconstitutionally withholding the tax, the judge also told both parties to proceed as quickly as possible. "Our attorneys worked very hard to comply with the judge's request; but the Attorney General's office has been dragging their feet," Welborn charged. "It took the Attorney General's office the full 20 days allowed to agree with everything we said, except our conclusions."

"The Legislature has the power to increase taxes, but it does not have the power to run roughshod over our constitutional rights," Welborn said. "If the Legislature does not abide by the Constitution, there is no reason to have a Constitution; and without a Constitution, the people would truly be at the mercy of the government. That is why I am fighting this battle," Welborn added.

### Commencement Ceremonies Held At WCC

Washtenaw Community College Commencement was held Saturday, June 19 at 10:00 a.m. at the College's main campus. Because of rainy weather, the ceremonies were moved indoors to the Student Center Building cafeteria. Associate degrees and Certificates of Achievement were conferred upon Fall 1981, Winter 1982 and Spring and Summer 1982 graduates by Gunder A. Myran, College president. The Reverend Myran

Frye of the Greater Faith Christian Center provided the invocation. The program also included short messages by retiring WCC instructor Evelyn Wilson and by Ann C. Kettles, Chair of the College's Board of Trustees. Dr. Myran made a few brief comments also. College instructor Robert Nelson performed musical selections, and graduates proceeded in to and recessed out of the ceremony to accompaniments from the WCC Ensemble. Graduates from Manchester are: Annette Alexander, Scott Barber, Jeffrey Clark, Kari Gregerson, Mary-Helen Hibben, Margaret Jones, Mark Lowell, Steven Post, Larry Salyer and Jan Savage.

## CASE Built to endure Designed to perform

- HUMAN ENGINEERING**—A pleasure to operate with natural reflex control. Up right seats to see, easy to reach a primary control to operate.
- GEAR & SECTOR STEERING**—Quick response with positive control. Lets him to steer easier to maneuver.
- HEAVY GAUGE STEEL HOOD, FENDERS, AND FOOT RESTS**—Built for strength to last longer to look better.
- EXCLUSIVE HYDRAULIC DRIVE SYSTEM**—Provides smooth single lever control of speed and direction and no belts, shafts or pulleys in the drive train.
- CAST IRON TRANSAXLE WITH HEAVY DUTY GEARS**—Built to last. Built to handle the toughest jobs. Built to perform.
- CAST IRON FRONT AXLE AND HEAVY DUTY KING PINS**—Stand up to tough jobs. Built to last and save money.
- HIGH WHEELS—HIGH CLEARANCE**—Three modes with 16 wheels provide greater traction and higher ground clearance for handling rough gardening chores.
- RUGGED TWIN CHANNEL WELDED FRAME**—Built tough to last longer and perform better. Retains frame in value and protects your investment.
- SNAP FAST ATTACHMENT SYSTEM**—Saves time when mounting or dismounting attachments. Another customer convenience.

• Hydraulic Lift— for attachment control, raise, lower, or apply down pressure—a real customer benefit and convenience.

• Hydraulic P.T.O.— for plug-in tiller operation without belts, shafts or pulleys.

• One year warranty parts and labor— given for commercial use, commercial quality and durability at homeowner prices.

### Hit Or Miss by farley

Now that the primary election is over we have nothing to worry about for a week or so until the standard bearers of the major political parties roll up the heavy artillery for the forthcoming campaign for election. But never in the state's history have so many spent so much to date in the attempt to be elected governor of Michigan, a state that is in terrible shape financially. And two-thirds of this money is to come out of the state's anemic treasury, and if you pay taxes in Michigan this two-thirds is coming from you.

Seven Democrats and four Republicans have spent nearly six million dollars. All this has taken place when the one thing all of the candidates agreed on was that the state treasury was in the worst shape that it had been since the great depression and if you will remember only last May the state had its bond rating reduced to the lowest of all the 50 states.

Under a law that took effect in 1978, politicians who qualify for the primary ballot gets \$2 from the state for every \$1 that they spend — that they can collect from private contributors and each can file for a maximum of \$660,000 from the Michigan treasury. One candidate Democrat James Blanchard did so some time ago. But a week before the primary election that state had given out some \$3,713,650 to the ten candidates. The first year that the law was in effect (1978) the primary cost the state \$1.43 million.

After the primary the end of the state money is not in sight. Candidates can go on raising and collecting primary money, filing reports of contributions and being reimbursed, \$2 for \$1, even if they lost. An executive order has been issued that primary money will be cut off after September 30, but until then if the candidates have debts, they can go on collecting their money.

No one forces these candidates to accept the money, but this year all but one has. He is John Safran, a retired Methodist minister, who is a political unknown. The rest have been filing reports, often weekly, with the state elections division to receive their share.

The winners for each primary will get a check for \$750,000 for the general election campaign provided they promise to spend no more than \$1 million.

The result will be in November, that after the expenses for the third party effort of tax-cut advocate Robert Tish and other minor party candidates are thrown in Michigan will have elected a new governor at a cost of between \$8 and \$10 million.

New Jersey, the only other state which finances the gubernatorial wars paid out \$6 million to 21 candidates in the 1981 election there.

If you're curious, here's how much the various candidates had received up to August 1st:

Democrats: U.S. Representative James Blanchard, \$660,000; State Senator Kerry Kammer, \$344,217; William Fitzgerald, \$338,628; State Senator David Plawerki, \$330,832; Zolton Farenev, \$244,901; total \$1,918,578.

Republicans: Lieut. Gov. James Brickley, \$540,234; Richard Hedlee, \$459,268; L. Brooks Patterson, \$450,770; State Senator James Welborn, \$162,227; making a total paid Republicans of \$1,612,499.

### What's New At The Fair?

This year the Manchester Fair is pleased to present carnival rides and attractions by Great Lakes Amusements. You can expect to see some different rides as well as your old favorites. Jack Jackson, owner of the carnival, has 9 different rides with such names as Tornado, Scrambler, Tilt-A-Whirl and Super-Lou Roller Coaster as well as a Haunted House. While he may not be able to set up all of them on our fairgrounds, you can be sure he will have an impressive display of tummy-twisting rides for you.

Video game enthusiasts will be delighted by the truck load of games that will be on the fairgrounds this year. Take a turn at Pac Man, try to resist the Space Invaders, or shoot the Asteroids. (Misplaced teenagers can probably be found at this display.)

Walking toward the animal tents you might be surprised to see a new concrete slab with plumbing. This is the new steer washing station and sanitary dump site for trailers that stay on the grounds for the duration of the Fair.

When you are at the Fair at night you will probably notice that the lighting looks a little different. These new low pressure sodium bulbs will ease the load on the electrical wiring and also cut the costs for lighting.

The Merchants' tent is the intended area for a new display that we hope will be as interesting to you as it is to us. A 30 year collection of Manchester Fair books that belonged to Jesse Walker can be viewed through a specially made cabinet from Dutch Country Kitchens.

The Fair Office will be open from 9-12 and 7-9 p.m. for the rest of the week, and the fairgrounds will be humming with activity all through the weekend. The number of the Fair Office is 428-9144 if you need to have questions answered.

Come to Manchester's 50th annual Fair. There's something for everyone to enjoy. As always, there are some new and some tried and true amusements and exhibits. We hope you'll enjoy them all.

### Manchester School Board Agenda

- The Manchester Community Schools regular board meeting will be held August 16, 1982 at the high school. The agenda will be:
- I Roll Call
  - II Communications
  - III Visitor Input
  - IV Minutes of Previous Meetings
    - A. Regular Meeting, July 19, 1982
    - B. Special Meeting, July 26, 1982
  - V Financial Report
  - VI Bills Payable
  - VII Discussion Items
    - A. California Achievement Test Report
    - B. Annual Report 1981-82
    - C. Building Renovation Project
    - D. Superintendent's 1982-83 Objectives
  - VIII New Business
    - A. Michigan Assoc. School Board Election
    - B. 1982-83 Calendar
    - C. Computer Program Coordinator Proposal
  - IX Old Business
    - A. Employee Group Contracts

### Attention! Merchants And Organizations

There is still time to apply for space in the Merchants' tent at the Fair. A limited amount of space is available, though, so call Carol Britten or Kathy Richardson at 428-9474 or 428-9589 to reserve exhibit space. Hurry! Fair dates are August 17-21!

### Poultry Exhibits Still Open

Frank Cousino will still take entries in the poultry department at the Manchester Fair from the local area. Though the entry time has officially passed, there is still some area available in the poultry tent. Frank can be reached at 428-8607.

### Manchester Buyers Support 4-H Sale

Pictured above is Kelly Bristle with her Grand Champion Animal. This year's Champion Animal was owned by Kelly Bristle, daughter of Steve and Karen Bristle, Waterworks Road. E.G. Mann & Sons purchased the gallon for \$200.00 with the proceeds to be distributed evenly to 4-H members attending Dairy Days, August 23-26, 1982 at Michigan State University. Veri Sanch of Britton also donated \$50.00 towards this endeavor.

This was the first year for selling of a gallon of milk from the Grand Champion

### United Way Needs Campaign Slogan

Over the years, Manchester's United Way slogans for their fall campaigns have been suggested by Manchester area residents. Again this year, Dr. Glenn C. Lehr, Campaign Chairman, is looking for a short and catchy slogan that he and his volunteer team can use throughout the campaign.

Last year, Carolyn Sauter submitted the winning slogan "OPEN YOUR HEART - DO YOUR PART".

Your suggested slogan can be dropped in the slogan contest box at the United Way booth in the Merchants tent during Community Fair week, August 17-21.

Residents of the Manchester area are eligible and there are no age limits. All entries will be considered by the United Way Board of Directors and the person submitting the winning slogan will receive a \$10.00 award of appreciation.

Come to the fair-stop at the United Way booth-suggest a slogan-you could be the winner.
