Financial Aid For High School Seniors

For seniors in high school planning to further their education and for college students, it is that time of year again. Financial aid forms are due soon. It is even more important than ever before that these forms be mailed in early. It is not absolutely necessary that you have completed your 1982 income tax form as financial aid forms can be filled out from an estimated income tax return. Remember that funds are allocated on a first-come, first-served basis and many colleges may run short of funds this year. Also, the earlier you mail them in, the sooner your family will find out where you stand in the financial aid picture.

Everything in the financial aid process has been delayed this year due to governmental red tape. However, this does not mean there will be less money available. In actuality, there is a considerable increase in the total amount of funds available compared to last year. One deadline to keep in mind is for seniors who are eligible for the State of Michigan Competitive Scholarship. These forms must be postmarked by February 14. For all others there is no absolute deadline, but again, the earlier they are mailed, the better.

President Reagan has changed a number of the financial aid regulations. The Guaranteed Student Loan Program (GSL) has undergone the biggest change. A needs assessment has been added to the GSL. In other words, families can no longer go to their local bank and automatically borrow \$2500. Using various methods you must show that you actually have a financial need. If you have any questions about the financial aid process or just need financial aid forms, contact Mr. Richard Parson at the high school.

HIT or MISS BY FARLEY

The Congressional Quarterly, published in Washington, D.C., notes in its issue of last June that there is \$900,000 in campaign funds from 20 members of the House of Representatives who had announced that they were retiring at the end of the 97th Congress. What these lame duck Congressmen did with that money is up to them. They can save it, give it away or spend it for most any personal use.

When lawmakers amended the Federal Election Campaign Act in 1979 they agreed to prohibit the personal use of the campaign funds by departing members but assumed they left a loophole which made this prohibition apply only to members taking office after January 3, 1982. All of the House members who retired this year were elected before the cutoff date.

Senator S.I. Hayakawa is the only Senator to retire who has any funds left in his account. Senate rules prohibit the use of campaign funds for personal affairs.

The last we heard, many of the departing House members said they didn't know, at that time what they were going to do with their funds but some said they had definite plans. Some were

saving the money for future campaigns and others said they would use it to support their party's candidates. Some of these examples include:

Rep. Ken Holland said he has \$118,904 in his campaign fund and he says he can't afford to stay in Congress if they repeal the \$75.00 per day tax deduction that the members gave themselves. He plans to keep his committee active because he might decide to run for the Senate if Senator Storm Thurmond decides to retire. Mr.

He served as Past Master of Manchester Lodge #148 in 1955.

Informational Meeting

The Washtenaw County Young Farmers and A.S.C.S. office are sponsoring an informational meeting on the Payment and Kind Program. The meeting will be held Monday, February 7 at 8 p.m. at the Freedom Town Hall. The meeting is open to the public with an explanation of the program and answers and questions.

SECOND GRADE PUPPET THEATRE

Mrs. Henry's second grade has been busy presenting puppet plays this week. Andy Corwin, Ann Spiese, Meghan Hakes and Ty Turner tape recorded "The Elves and The Shoemaker" and then performed for the younger children in the school.

New Equipment Installed On School Buses

Recently the Special Education buses of the Manchester Community School District were equipped with Strobe Light Flashers designed to make them even more visible to traffic. These white flashers are attached to the top of the buses and provide an intense flashing light which is visible for great distances. The lights are similar to those used on airport runways.

The intent of this project is to make it possible for the buses to operate under more weather conditions. Superintendent Gene Thompson stated, "We intend to try out the flashers on a few buses at first. If we are satisfied with the results our intention is to equip all of the buses with these safety devices. These runway flashers will, hopefully, make it

possible for us to operate in the more difficult fog conditions. We have never been concerned about our drivers ability to navigate in fog but have been fearful of collisions when buses are stopped to pick up children. The lights are visible for up to one-half mile making the buses highly visible when they are stopped. Thus far we have been very pleased with the success of the project."

All Manchester school buses have now been equipped with radio communication systems which enable the transportation department to maintain constant contact with all buses. Installation of the radios was recently completed. Awarded to the General Electric Company after a competitive bid process the total

Railroad Equipment To Be Preserved

"A way to bring back a bit of the Golden Age of Railroad." That is how members of The Southern Michigan Railroad Society, Inc., a group formed in August 1982 to preserve antique railroad equipment such as steam locomotives and passenger coaches, describe their plan to purchase nearly 14 miles of railroad branch line in Lenawee County, Michigan. According to Society members, the track would be used actually to operate the equipment. Member John Shaw says that, "Although we'll also have nonmoving displays of equipment and artifacts, the emphasis is on operating...it's nice to see old locomotives displayed in city parks, but they were meant to run!"

Letters To The Editor

Dear Editor,

First let me say I think it is great the way the paper publishes pictures and news of the boys sports activities. It not only makes the kids and parents proud to read it in the paper, it also gives them incentive to keep working hard.

However, I wonder why we never read about the girls sports. Last summer we had some really good girl's softball games, but we never read about the champs nor the good work all the girls and coaches did.

The 7th and 8th Grade Girls also had basketball teams this year. Not too many people around town know we had a Girl's 7th Grade Basketball team which was undefeated. I feel both the girls and Coach Miss Williams deserve recognition for their hard work and perfect record. Keep up the good work girls we are just as proud of you as we are of our boys.

Proud Parent of both girl and boy

Band Boosters Minutes

January 24, 1983

The meeting was called to order on Monday, January 24, 1983, at 7:05 by President Jan Howell. The minutes of November 22, 1982 were read and approved. The treasurer, Penny Getty, made the following report:

The fruit sale by the High School Bank Members was very successful. They made approximately \$1438.10, to be adjusted with last minute obligations. This is over \$400 more than last year. The 7th and 8th grade band members made about \$910 on their candle sale, again more than ever before. The 5th and 6th grade fundraiser canister sale is now in progress. The following amounts are presently in the Band Booster accounts: Checking \$7.55, Scholarship \$187.00, Uniform \$715.93 and Savings \$3997.42. Penny mentioned that we have made 176 in interest by keeping most of the money in savings. The Pop Band shirts were purchased from the savings. The shirts are to be saved for future groups also.

Old Business: Chaperones are lined up for the High School dance to be held on February 4. Mrs. Wanless will chaperone along with two other couples. Jon Hardenberg has been lined up. It was decided not to provide refreshments.

New Business: Mrs. Wanless received a letter from Adrian College thanking the Pop Band for playing at their game, and requested that we consider playing again. There are four possible days to choose from. This is under consideration. Jan Howell mentioned that we have

no response as of yet from scholarship requests. We will need to know by March 1 when the students must submit their application and fee for camp. The Drum Majors and Majorities are required by our constitution to attend camp, so the question was raised of whether we should pay their fees as has always been done in the past since the scholarship fund could remain low. A tentative decision was made to pay the fees, but a final determination will be made dependent on our finances at that time. A question was raised about a second fundraiser for the High School members since a large amount will be needed for uniforms in the future. A general discussion pursued where it was decided not to have another fundraiser. A general plan of action was developed to first decide upon and know the exact uniform and price before canvassing for donations. Donators names will be listed in the newspaper. This will probably begin sometime next year. It was noted that we will need about 25 more band sweaters for next year's large 7th grade. The upcoming Band Festivals' details were discussed. The middle schoolers will begin to play at 8:00 a.m., with a half hour preparation before that. The early hour is to avoid conflicts that have emerged with 4-H events. The Jr. High's date will be March 5. The High School Festival will be March 19th sometime in the morning between 8:00 and 10:00. Mrs. Wanless made a request for 5 guitars to be used by the chorus since all band members are in chorus. After discussion, it was decided that there was fundraiser money available from either the 5th and 6th graders or the 7th and 8th grade band if they would like to make the purchase. The point was cleared that the instruments would belong to the school, but would be under the jurisdiction of the band. Peg Townsend then brought up the point that the Band Boosters need a written inventory of items they have purchased and own from the past. It was also decided to look into having shelves built at the High School for many of these items.

The next meeting will be February 21, 1983 at the High School. The meeting was adjourned at 8:45.

Respectfully submitted,
 Nancy Houck, Secretary

Rabies Inoculations Urged

Bubonic plague, typhoid fever, and rabies: diseases guaranteed to start a panic in any neighborhood. Thanks to vaccinations and sanitation, we rarely get to know these diseases first hand. But that doesn't mean they're not out there. You won't find the first two in Washtenaw County, but rabies is something of which everyone who owns a pet should be aware.

As the economic climate gets worse in this area, more people let their pets' vaccinations lapse. Eventually, this could lead to an outbreak of rabies. Last year in Washtenaw County, a cat had to be euthanized after exposure to rabies in a bat. The Center for Disease Control (CDC) reports animal rabies cases are on the upswing nationwide, leading some authorities to consider mandatory rabies immunization programs.

Stray pets - cats and dogs that are allowed to roam - can spread rabies quickly when there is an outbreak. Roaming pets not only come into contact with wild animals, but in their travels they may visit dozens of neighboring yards and interact with countless other pets.

We may not be able to wipe out

rabies, the way small pox has been eradicated, but it can be controlled if pet owners 1) keep their pets vaccinated; 2) keep them confined to the owners' property; and 3) support a vigorous animal control program, including licensing, which requires a rabies vaccination, and picking up of free-roaming pets.

Dogs and cats must be regularly vaccinated. Cats must be vaccinated at 6 months of age, at one year, and every three years thereafter.

The Humane Society of Huron Valley and The Washtenaw Academy of Veterinary Medicine urges all dog and cat owners to have their pets vaccinated against rabies by their veterinarians. Prevention is much cheaper than cure!

W.A.R.S.P. Dinner And Meeting

The last place you should look for an IRA.

Because once you've seen ours, there's no need to search further.

Everyone—the banks, the savings and loans, the brokerage houses, the insurance companies—they're all shouting about IRAs. How they save taxes, build whopping retirement funds, and how you can open one any time up to April 15 and still claim a tax deduction for 1982.

But whose IRA is best? Quite simply, ours is. And that's why we say Comerica Bank-Jackson is the last place you should look for an IRA.

New! Self-Completing Life and Disability Insurance.

We're now offering Life and Disability Insurance on our Comerica Bank-Jackson IRA. So if you die before age 65, your estate will receive the same amount of money you'd have contributed if you lived to 65.

**Short time only!
Earn up to 25% Bonus!**

If you act now, we'll even pay you to make us "last"! Open an IRA at Comerica Bank-Jackson with \$1,000—and you'll earn a bonus rate of 15%. Open one with \$2,000, and you'll earn a bonus 25%. But don't wait—do it now to earn the most!

New! More investment options.

A Comerica Bank-Jackson IRA offers more investment options than our competitors—another reason ours should be the last IRA you look at!

New! "Add-to" Accounts.

Now you can add to your IRA investments—even, for example, during the term of a certificate. Add to your IRA on a regular basis, conveniently through paycheck deduction, and you can still earn Money Market rates.

Go IRA shopping. Then come to Comerica Bank-Jackson.

Our IRA is best—we're confident you'll think so, too.

And you'll appreciate the friendly service—coupled with years of experience—you'll get from our Personal Bankers, who'll help you select the best IRA option for your money.

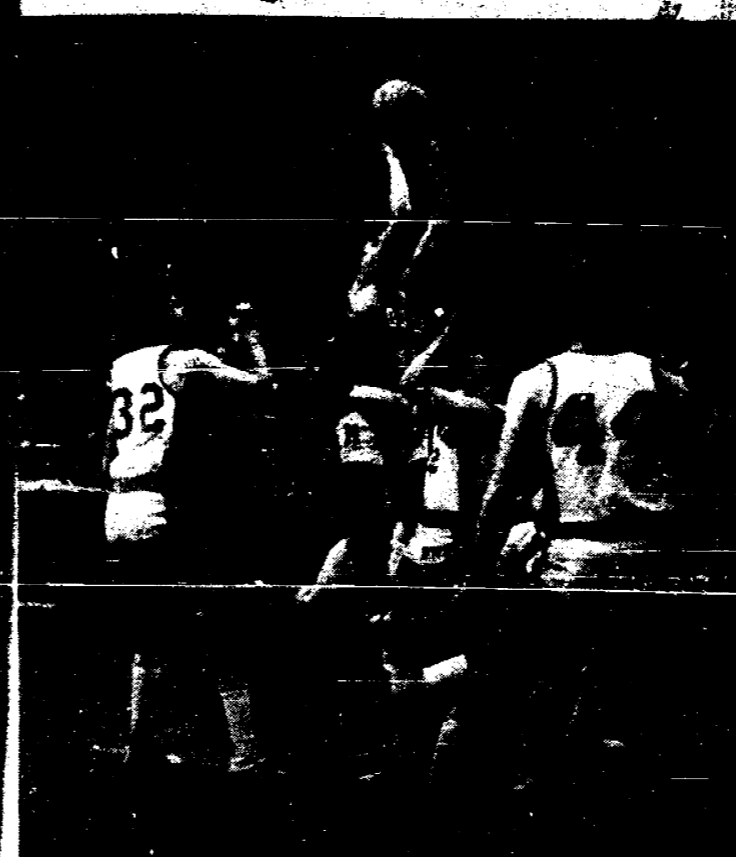

So go somewhere else—first. Then come to Comerica Bank-Jackson.

This is one time we're happy to settle for last place!

Flying Dutchmen's Winning Streak Continues

Mike Agin shooting one of his 8 baskets against Hudson on Friday

by Jon Hardenbergh
Manchester won both contests this week to now hold a 6-4 overall record, also having 4 consecutive victories.

On Tuesday, we trekked to Britton to play the winless Torries. We out-scored Britton 21 to 4 in the third period to win 60-43. John Blumensaur was tough tonight, gunning 23 as Mark Ball popped for 14.

I wasn't able to go to our battle

at Hudson but I heard it was a thriller. Although we controlled by 11 they did rally to tie and it took 2 free throws by Mike Agin to win it 49-47. Mike and Pat Ridensaur shared the scoring, hitting 12 each as Dave Malcolm canned 11.

Come see us continue our winning ways as we host Jackson Baptist on Friday, February 4 and then host Napoleon on Tuesday, February 8.

Volleyball Team Tied For First

by Jon Hardenbergh
Going back two weeks, I mentioned we downed Dundee, but I didn't know the stats. We won in 2 straight games 15-12 and 15-12 behind 8 points by Jennifer England along with 6 points from Tammie Honer. In the spikes department Kari Agin and Colette Rickelman both had 9 while Jennifer hit 5. In the assists we had Tammie Honer with 12 as Sarah Platt posted 9.

Now with this past week's happenings—we traveled to take on Adrian Madison, Monday and had a rough time but left victorious. It did take 3 games as we won the first 15-9 but they took the second 11-15. We fought hard and won the third game 16-14. Julie Gebhardt led in points with 14 and Sarah Platt had 9 points and 9 assists. Colette Rickelman had 16 spikes, Kari Agin hit 13 and Lisa Rickelman had 11. Tammie Honer had 15 assists.

On Thursday, we hosted Addison and once again it took us 3 games to win the set. The first we captured 15-4 but after a big cushion, Addison rallied to win 14-16. We did recapture the momentum to be victorious 15-9. Sarah Platt had a super night as she led point wise with 13 and led in assists with 15. Jan Coval played well having 9 assists. Kari Agin slammed 9 spikes as Lisa Rickelman hit 6.

We now stand 9-3 overall and 4-1 in the league, tied for first place with Hudson and Blissfield. On Monday, February 7 we host Hudson.

Reading about other people's lives is always fascinating. The library has a wide range of biographies to interest everyone. Madame Sarah by Cornelia Otis Skinner details the career and life of the legendary actress, Sarah Bernhardt. Daisy of a pigeon waltzer by Doris Schwerin, the author was recovering from cancer in her New York City apartment when she became involved in watching a group of pigeons on the window ledge. She started a diary, leading to reflections about her own origins and next. Barn again by Charles Colson, known as the White House hatchet man in the Nixon administration. Colson kept probing for the deeper meaning of

what had happened to him, turning to prayer to find answers. Duffy by Duffy Daugherty follows his nineteen year football coaching career at Michigan State, including many photographs. At the drop of a veil by Marianne Allred is the true story of a California girl's 12 years spent in an Arabian harem. The Moon a ballad by David Niven, in which Niven tells of his life as an athlete soldier, bootlegger, organizer of pony races and through a stroke of luck, a Hollywood star. A White House diary by Lady Bird Johnson, a thorough and honest chronicle of the Johnson presidential years, from 1963 to 1969. I should have seen it coming when the rabbit died by Teresa Bloomingdale, when the author was married, she planned to have a large family, ten pregnancies in twelve years accomplished her goal and gave her much material for an entertaining book.

Railroad Equipment To Be Preserved

The group's goal is to purchase as much as possible of the 13.5 mile Clinton Branch, running from Lenawee Junction, Michigan, just east of Adrian, to Clinton. The trains of antique passenger equipment would run on the line. Persons interested in the Society may join the group. Membership is \$10.00 for regular members, \$25.00 for families, or \$7.50 for those under 18. The group is also "selling" ties in the railroad, with a certificate of honorary ownership for each "purchaser." Ties are \$10.00, and purchasers' names will be placed on a tie to be installed in the railroad or in the museum. A variety of Society memorabilia is also available. All profits go towards the purchase of the line, equipment, and artifacts. Write The Southern Michigan Railroad Society, Inc., P.O. Box 434, Clinton, Michigan 49236.

Wrestling Update

Illness and injury reduced the wrestling team to only six out of thirteen weight classes for Saturday's tournament at Napoleon, Mich. We had two medal winners. Van Takcott came in 5th out of sixteen 90 pounders. He wrestled four matches, including two overtimes, and won three. Dave Rodriguez won 4th place at 145 lbs, winning two of three matches. Single match winners were Joey Deacons (185 lbs.), Steve Vleck (136) and Bob Curley (155). Jeff Daubner won two of four matches at 167 lbs.

Last Tuesday, at home against Ousted, winners on pins were Takcott at 40 seconds, Rodriguez at 1 minute 15 seconds, and Daubner at 44 seconds. Winning on points were Joey Deacons at 10-6 and Bob Curley 12-2. In junior varsity Jeff Kunselmann won on a pin at 2 minutes 45 seconds. The Dutch forfeited four weight classes at six points each; final score Ousted 48, Manchester 25.

At Morenci on Thursday B.J. Lee (98 lbs) won on a pin at 44 seconds. Daubner won on a pin in 61 seconds. Curley won on points 8-7. In junior varsity Brian Waldron won 2-0. Final score Morenci 56, Manchester 21, with the Dutch again forfeiting 24 points.

Fix kept Bart Nickerson out of Saturday's tournament action. On the injured list were Jim Burch, Allan Kuhl, Tom Naff, Bill Broseck and Mike McClellan. Best wishes of the team go with Steve Hoover, who took an early

graduation. The only activity this week is at home against Chelsea, Thursday, February 3rd at 7:30 p.m. Adrian Middlem has cancelled the meet scheduled for Tuesday, February 8. The Dutch will wrestle at Willow Run Thursday, February 10 at 7:30 p.m.

New Equipment Installed On School Buses

cost of the project was approximately \$30,000. The radios enable immediate contact with the bus garage and the central office in the event of a problem. "It is amazing", said Superintendent Gene Thompson, "Within the first few days we had already serviced a bus with brake problems within a few minutes of the breakdown. In the past the driver would have had to send an older student in search of a telephone to call for help. The time lost and concern over the location of buses with problems was considerable. We are already asking ourselves how we ever got along without the radios." Although the winter, thus far, has been free of major storms the radios were intended as a significant safety measure during blizzard conditions. Buses often broke down or were trapped in the snow with school people being unable to determine exactly where they were located. The radios have completely eliminated this problem and have enabled the school district to assure parents of the location and safety of children.

CHARITABLE CONTRIBUTIONS

QUESTION: Every year I donate to various charities, but because I can't itemize deductions, I don't receive any tax benefit from these contributions. Will I ever be able to deduct these contributions without itemizing deductions?

ANSWER: Beginning in tax year 1982, taxpayers may deduct a portion of their charitable contributions even if they are unable to itemize deductions. For 1982 and 1983 the deduction will be 25% of up to \$100 (\$50 Married Filing Separately) of your contributions.
