Kathy Rose and Bart Bartels Manchester Coaches Selected For Annual Awards

Bart Bartels

Kathy Rose

Mr. Bart Bartels and Ms. Kathy Rose, Varsity Basketball and Varsity Volleyball coach respectively have been selected by the Ann Arbor News as Coach of the Year in each of their sports for Washtenaw County. Bartels has been Varsity Basketball Coach in Manchester for the past 8 years. Following a

C.A.T. Tests To Be Administered To Students

Immediately following spring break the Manchester Schools will administer standardized achievement tests to all students in grades 2, 4, 6, 8, and 11. The dates for testing will be April 11-22.

The California Achievement Tests which is utilized by the school district measures student achievement in the areas of reading, math, and language arts. The results from the test enable school personnel to evaluate programs as well as individual student progress.

Normed tests such as the CAT permit the comparison of individual students, classes and schools to national groups. These data provide an annual assessment of the district.

Conducted in the Spring of each year, the tests provide longitudinal measurement of student progress. Results of previous years testing have indicated that Manchester students perform extremely well when compared to the national norm groups.

disasterous 81-82 season during which the athletic program was sharply reduced in the Manchester Schools. Bartels' varsity team rebounded in 1962-63 with a 13 and 8 season. It was for this effort and for the general turnaround in the entire Manchester Basketball Program that Bartels was selected as Coach of the Year.

Ms. Rose has been Varsity Volleyball Coach at Manchester for 2 years. For the second year in a row she led her team to the LCAA championship before being eliminated in the playoffs.

Superintendent Gene Thompson commented, "I am extremely proud of both of these coaches. Though not a member of the teaching staff Kathy Rose has provided outstanding leadership to the young women who participate in her volleyball program. We are indebted to community persons such as Ms. Rose. Mr. Bartels is, of course, a respected member of the Manchester Teaching Staff. His hard work and dedication was clearly evident through the past basketball season. His work with students and parents in a high stress situation was very professional. I extend my congratulations to both of these staff members."

Good Friday Closings

In observance of Good Friday, April 1, the Manchester Merchants will be closed from 12 noon to 3 p.m. Remember to attend Good Friday services.

As everyone knows, I think, Congress is prone to enact laws affecting everyone but themselves, at least they don't enact laws to help their employees. A nosy reporter has recently discovered, for example, that a short order cook in the Senate cafeteria, a 15-year worker, receives \$4.165 per hour and another gal who has worked there for 21 years gets \$13,000 a year while a male cook there receives \$15,000 a year.

Senate restaurant employees make a minimum of \$4.39 an hour while those in the House of Representatives make \$3.65. Officials will tell you that this is more than they would make in private industry. Many of these workers do not receive any overtime but are supposed to work as long as the House remains in session.

These employees and 60 percent of their 200 colleagues have established an independent union which the Senate refuses to recognize. There are no unions on Capitol Hill except for the Library of Congress, organized in the '70s and the Government Printing Office, organized before the Civil War.

Congress has exempted themselves from the National Labor Relations Act which requires recognition of unions and protection from unfair labor practices - one of dozens of laws from which Congress has

That Cow

This article is a reprint from the Manchester Enterprise dated September 30, 1875.

"Hav you seen a-our keow?" That's what he said; a "barefoot boy, with cheeks of tan;" but we didn't invoke any "blessings on thee, little man," for we had seen her, and you have seen her too, reader, to your sorrow. It's that cow that has so much taste-of garden vegetables. She goes around in the daytime, examining gate fastenings, "seeking whom she may devour," and then at night goes and "pays her devours" to the doomed spot. If we believed in metempsychosis, we should say that cow contained the soul of some defunct burglar.

Perhaps you are "just the nicest young man," and are taking a moonlight promenade with the "sweetest girl in town." You move along like a pair of badly-matched oxen, "solemnly, sadly, sweetly slow." Suddenly gentle Luna

Good Friday Services

The Annual Community Good Friday Worship Service will be held at the Manchester United Methodist Church at 1:30 p.m. Those participating in the worship service are: Bethel United Church of Christ, Emmanuel United Church of Christ, Sharon United Methodist Church and the host church, Manchester United Methodist Church. Reverend Robert Macfarlane will preach the sermon - "The Giving Tree" based on the text Matthew 27:28 - "the man they compelled to carry His cross". The other ministers assisting in the service are: Reverend Roman Reineck, Reverend Ronald Iris, and Reverend Thomas Hart.

Good Friday has always been a special time of worship for Christians. It is a time to reflect

on the wonder of God's love for all people - "For God so loved the world that he gave his only Son, that whosoever believes in Him should not perish, but have eternal life" (John 3:16).

We cordially invite all members of the community to join us for this worship service.

Awards Bid For Middle School Gym Roof

During its regular meeting on March 21, 1963, the Manchester Board of Education took action to award the project of re-roofing the Middle School gym and stage roof to the Gundrum Roofing Company of Ann Arbor. Gundrum had submitted the low bid of \$19,241.00.

The roof to be installed is a 60 mil EDPM Rubber Membrane manufactured by Carlisle Rubber Company. This membrane is sealed along seams and literally creates a water tight lining on top of the roof.

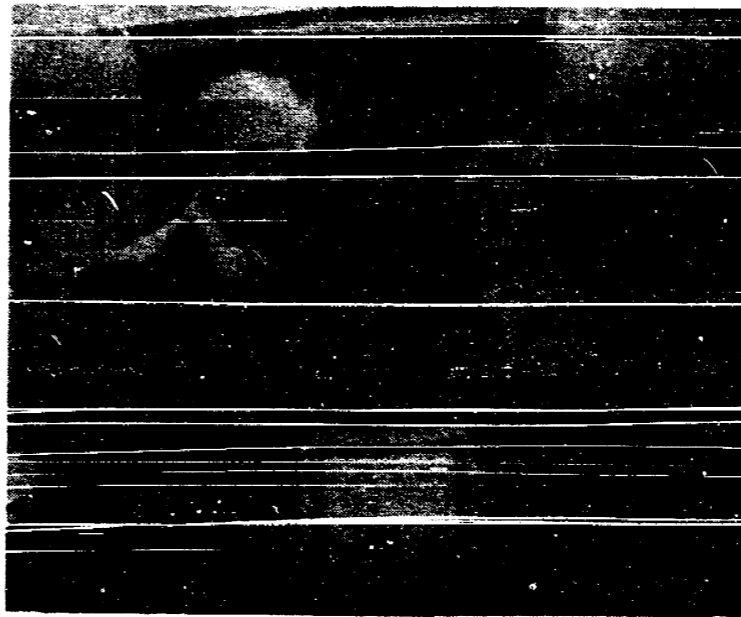

Insulation will also be installed

Board Of Education

The Manchester Board of Education met for its regular monthly meeting on March 21, 1983. All members were present.

Fred DuFresne was appointed as the district representative to the WISD Board Election.

The financial report shows a balance of a little over one million dollars as of February 28, 1983.

Bills in the amount of \$240,000 were approved.

Mr. Dick Parson, High School Counselor, presented a report to the Board regarding his assignments, The National Honor Society and the Quiz Bowl Team.

Approval was voted for the 1983-84 agreement with the custodial group. This agreement calls for a 4% increase in salary in the next year.

Trustee Okey reported to the Board regarding progress on the Curriculum Needs Assessment.

Superintendent Thompson advised the Board regarding progress on the audit of educational programs. A full district staff meeting is scheduled regarding this topic for March 29 at 8:00 A.M.

The date of the April regular meeting was changed to Tuesday, April 19, in order to permit several members to attend the Optimists Club Ladies Night

Banquet.

The Board received a report from the athletic policy committee by Athletic Director Scaletta. The Board reacted to the draft of the proposed policy and requested that a final report be returned for the regular May meeting.

The re-roofing project of the Manchester Middle School gym and stage was awarded to the Gundrum Roofing Company for \$19,241. The specification called for insulation with an R value of at least 20 and an application of a 60 mil single membrane rubber roof.

In official action the Board set June 13 as the date for the annual regular election.

The Board extended its congratulations to Janice Hammond and Yvonne Henry for their article which was published in the latest edition of Michigan Association of School Boards Journal.

The meeting was adjourned at 10:00 P.M.

Annual Easter Egg Hunt

An Easter Egg Hunt, sponsored by the Manchester Mens Club will be held Saturday, April 2nd, at 1:00 p.m. SHARP for all area children between the ages of pre-school and 4th grade at Carr Park.

We urge all parents to bring the children approximately 30 minutes early in order to arrange them according to age before the hunt begins.

Catherine McAuley Radio Auction

If you want to have some fun, listen to WAAM 1600AM on April 16 and 17. The radio auction will be going on.

Here is a sampling of some of the many items that will be auctioned off. These good things were contributed by Manchester

merchants.

Black Sheep Theater donated two tickets for nine plays to enjoy the rest of their season. Bogue and Verhines contributed one hour and a half worth of labor toward whatever your car needs.

The only restriction is that it is labor and cannot be used for their towing service. Bottom of the Hill restaurant has contributed a gift certificate to cover a free meal or two at the Bottom of the Hill. Down by the Old Mill Stream is willing to part with a hand crafted herb drying rack and a child's pouting chair. Krauss Pharmacy has donated a hair dryer. It looks like a very large western gun but works like a great hair dryer.

Manchester Area Historical Society has contributed a hand crafted wrought iron triangular gong and striker. Manchester Chicken Ercil will use some advance advertising on the July 21, 1983 broil by giving six tickets to some lucky person. A fun item contributed by the Manchester Fire Department is to ride on the "Big Dutch Boy" in the Manchester Fair Parade. Marti's Beauty Salon has given a "Quantum Permanent". You can get precision cuts at precision prices.

This is just a sampling of what will be auctioned off. Mark April 16 and 17 on the calendar. Tune in the radio and get involved in the Radio Auction 1983.

Attention! Parents

Hobby Day is coming April 25, 1983. Why not help your child get a hobby to share? This might be a good project to help them with during spring vacation.

If you have a hobby you would like to share or would like to help, call Joanne Schiel 428-7544. You do not have to have a child in school to help.

Emanuel's Men And Boys Banquet

Mr. Jerry Koernke demonstrating Taekwondo

Church - 160 of them - met together for a fine evening of a meal and entertainment on Thursday, March 17, 1983. A baked chicken dinner was served in the Fellowship Hall, which was decorated in festive St. Patrick's Day fashion. Special thanks is given to the wives and Moms who planned, cooked, and served such a creative evening. Berdella Alber, Linda Hartmann and Luragay Olsen were general chairpersons of the event.

Providing an exceptional hour of fascinating entertainment was Mr. Jerry Koernke, who is a Black Belt Instructor of Taekwondo, and sixteen of his pupils, ranging in age from 6 years old to 26. Mr. Koernke is a

member of Emanuel Church.

Training in the martial art of Taekwondo for ten years, and an instructor for six years, Mr. Koernke has about 115 students in his Academy, which is one of about 250 ATA sanctioned Taekwondo schools across the country. He and his students demonstrated in the Church Gym various phases of their training. Generally it takes about 2 or 3 years to earn a Black Belt, and then there are nine degrees of Black Belt which take many years of discipline and training to earn.

Mr. Koernke is a Third Degree Black Belt, and will be testing for his Fourth or Master's Degree in November in Las Vegas, Nevada. The accompanying picture shows him demonstrating a side thrust kick.

Local Insurance Agent Receives Award

Larry Bechtel, 327 Riverview Dr., Manchester, local agent for Farm Bureau Insurance Group, has been named one of the company's top agents of 1982, based on his excellent record of sales and service for the year.

As one of the year's top agents, Bechtel received Farm Bureau Insurance Group's "All American" award during the company's recent annual sales convention in Grand Rapids. The award, reserved for the company's top producers, recognizes agents for their outstanding sales achievements and superior client

service. A member of the company's Leaders for Life Club for top life insurance producers, Bechtel was also honored at the Grand Rapids convention for earning special underwriting authority for the high quality of his life insurance business.

Shakespeare Reading Club

The Shakespeare Club met March 15 at the home of Hazel Walker. The quote for the day was from William Shakespeare's Hamlet, "neither a borrower or a lender be; for loan oft loses both itself and friend."

Lenora Parr had the topic for the day, "Hamlet, Prince of Denmark." She gave a very excellent and interesting review of this play, which is considered to be Shakespeare's greatest tragedy.

The last half of Scene III and Scene IV of Othello, Act III were read, followed by a discussion of current events.

The next meeting will be April 5, at the home of Jeanette Kirk at 2:00 p.m.

Manchester Women's League

The March meeting of the Manchester Women's League was held at Sandy Kings house with President Pat Bertke conducting the meeting.

Easter bingo with the Senior Citizens was on March 29 after their lunch. Prizes were different kinds of Easter baskets.

The Women's League provided a nursery for the bloodmobile March 28 at the Emanuel Church.

The group decided to assist the Men's Club and Easter Bunny for the Easter Egg Hunt April 2, 1:00 at Carr Park.

The evening closed with a Wicker Party and Candy Sale which was enjoyed by everyone.

ARTHRITIS

It's a rare adult who has never suffered some form of arthritis or rheumatism. These diseases are among the oldest known to man

and the most common. About 12 million Americans have some form of rheumatic disease - twice as many as have the next most common chronic ailment - heart disease.

Rheumatism is a general term used to describe stiffness and aching pain. Rheumatic diseases are those in which abnormalities exist in supporting structures of the body - the ligaments, tendons, joints, muscles and bones. Although most rheumatic disease involves joints, many connective tissues may be involved. Arthritis really means inflammation of a joint, nothing more precise than that. So while arthritis is often part of rheumatic disease, it isn't the only part. Actually there are about 50 different rheumatic diseases. But the most common are rheumatoid arthritis, osteoarthritis, and gout.

Rheumatoid arthritis is potentially the most serious, although many victims have only minor trouble. The disease varies in severity from time to time, seldom going away completely. A very small percentage of patients have severe, worsening arthritis that results in crippling. The treatment for rheumatoid arthritis includes a variety of methods applied in a comprehensive daily program. Drugs are not always used but when they are the dosages vary to gain the best results for each individual.

Osteoarthritis is a relatively mild form of arthritis. It is very common and is usually little more than a considerable and continuing nuisance. The weight-bearing joints are most commonly involved and the chances of getting it increase with age. The principal drug treatment is simple aspirin.

Gout is a severe, acute arthritis

usually affecting one or two joints only. It is related to a hereditary defect in the chemistry of uric acid in the body. Gout is treated successfully by one of several drugs which speed up elimination of uric acid.

There are several organizations engaged in research on rheumatic disease. Before many years, all of these groups, working cooperatively, may well have done themselves out of business by finding a cure for arthritis. When that happens, millions of us will breathe a great sigh of relief.

Helpline

The American Academy of Ophthalmology are announcing a new project HELPLINE, which begins on April 11 in Michigan.

The HELPLINE offers medical eye help to anyone over 65 who is needy, has a medical eye problem, and does not have an ophthalmologist. Information on eye diseases will be sent to any senior who calls 800-222-EYES.

Michigan is the first state in the nation to offer this help to seniors. The HELPLINE is sponsored by the American Academy of Ophthalmology and the Michigan Ophthalmological Society. The project is supported by the White House.

Free Public Program At U of M

"Asteroids II: The Klondike of the 21st Century" is the subject of The University of Michigan AstroFest series' 122nd free public program at 7:30 p.m. April 1 in Auditorium 3, Modern Languages Building.

Jim Loudon, AstroFest director and staff astronomer for the U-M Exhibit Museum, will lecture on asteroids and how these small Sun-orbiting bodies can supply the human race with resource needs that are rapidly running out on Earth.

The program, due to popular demand, is a continuation of last month's program on asteroids. It also replaces a Space Shuttle update which was originally publicized, before the delays in the flights of the second Shuttle Orbiter, Challenger.

AstroFest is sponsored by the U-M's Exhibit Museum and department of aerospace engineering.

Tree Seeding Sale End Is Near

The Board of Directors of the Washtenaw County Soil Conservation District reminds county residents that April 4, 1983 is the last day orders for tree & shrub seedlings, will be accepted for the District's Annual Spring Tree Sale.

According to Chairman William Fishbeck, limited quantities of the following tree and shrub seedlings and ground cover seed are still available: Austrian Pine, White Pine, Norway Spruce, White Spruce, Colorado Blue Spruce, Douglas Fir, Black Walnut and Scotch Pine for Christmas tree plantings. Wildlife shrubs: Autumn Olive, Seed: Emerald Crownvetch Seed. There are also Wildlife Packets available which are suitable for wildlife food and cover. These packets offer an assortment of 50 tree and shrub seedlings, including: White Spruce, Red Pine, Mountain Ash, Sargeant Crab, and Autumn Olive.

All seedlings offered are available on a first-come first-serve basis, while quantities last. For further information and to obtain an order form, interested persons should contact the District Office, 6101 Jackson Road, Ann Arbor, 48103 (313) 761-6721.

Live long enough and eventually you will be wrong about everything.

A&L PAINT & EQUIPMENT
—A DIVISION OF A&L PARTS, INC.—
HERE WE GO AGAIN!
With Winter retreating, can rust spots be far behind?
Fred Bush, Manager of A&L Paint & Equipment, reminds us that "It really makes good sense to take care of those little things before they become major problems. A small effort early can save a big effort later on."
"We help out by staying right on top of all the new products on the market. With the developments in the plastics area, new items appear with great regularity. There's a nice rubberized spray undercoating on the market now — easy to use and gives a great protection job. And this 'chip guard' texturized paint for lower body panels protects well. The body fillers are getting better all the time, too."
Besides all the waxes, glazes, cleaners, sealers, dressings, and finish renewers, we can duplicate any color of paint — for all domestic cars and trucks and for the foreign ones, too. Then for the person who has a big job, we have tools — small hand tools right on up to frame straighteners and custom-made air compressors."
Drop by and see Fred or any of his professional counterpeople. They're there weekdays 8:00 to 5:00, and on Saturdays from 8:00 to 12:00.

That Cow

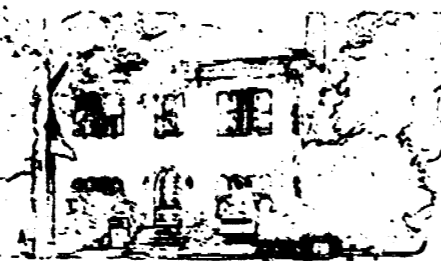

draws a "cloud" before her face, and you tread the dark path of uncertainty. Your heads incline together, and you whisper in Sophronia Sophanoba's writing ear—"Dear-a that cow!" as you take a hurried leap from the sidewalk.

It's all up with you, young man, you said a "cuss" word, and how does she know but you smoke horrid cigars, and like Mary's little lamb, gamble on the green, in a billiard saloon,--and where do you spend your evenings? She knows where you have spent most of them of late, but where did you spend them "previously before?" as our colored brother has it. Oh! said!

But perhaps you have passed through all this safely, along with the whooping cough and measles, and have come home to tea in your potato "vine-embowered cottage," and are just telling the partner in your "jaws" how they have found Charley Ross over to Ypsilanti, going to school to Rebecca Harding Davis, when bang! flies open the door, and flowing with milk in rushes your "little honey," with the pitcher-handle in one hand and mud on the other, yelling "That cow-o! She hooked me-o." You rush out and grab a bean pole, and discover "that cow" examining the new three-ens-quad on your gate. R-r-vengeah! and you go for her. Of course you catch your feet in that croquet hoop, and fall down and skin your elbow, bark your shin, and tear your trousers, and get up and swear, and make a rap

across the fence and ah, jawbreaker, how your fingers sting. You drop that pole as if it was hot. Then your wife comes out and says, "What'll the neighbors think? If I hear any more such profanity I'll go right over to mother's, so now." Then you jam your hat over your eyes and rush down town to see if "the lodge" don't meet somewhere, and your wife goes into the house and sister Jane calls and she's just telling how the bride was dressed, when your wife hears an ominous sound and there's "that cow" among the cabbages. She shrieks "Whey there," and waves her broom. The cow takes a fresh bite. Another wave, a stamp of the foot, and "Ghang there, you old hateful." The cow trims a fresh head. That's too much. She starts for that cow; but it's another irrepressible conflict between freedom and slavery till the stitches give way and there is no further "pull-back" to women's onward progress. Of course the cow can't see the open gate until she has run over the white clothes on the grass six times and flower bed a dozen, tipped over the trellises and broken the clothes line, then she departs for other fields and pastures new, and once more "all is quiet on the Potomac."

The white chicken meat known as the center-cut breast far outlasts all other pieces.

Manchester Township Library

382 WEST MAIN STREET
MANCHESTER, MICHIGAN 48158

Does the shuffling of cards make you think of fun or possible profit? Do you need a new game to entertain your children? The game section at the library contains the following books that might help you. The complete illustrated guide to gambling by Alan Wykes starts with a history of gambling by car principle for amateurs, continuing to explain the common different forms of modern gambling around the world. Throughout the book many famous gamblers are also mentioned. The Weekend gambler's handbook by Major A. Kiddle claims to help the gambler win some of the time, if not all of the time, shows how to beat the house percentages by playing certain games and not others and discusses luck and how to use it. The Casino gambler's guide by Alan Wilson offers a complete playing strategy of major casino games, exposes popular but inaccurate gaming theory and demonstrates how computer mathematics give the player a fair shake against any casino. Beat the dealer by Edward O. Thorp, the author has spent many hours theorizing about the game of blackjack and has developed his own gambling system through

mathematics. He says the essentials, consolidated in simple charts, can be understood and memorized by the average player. Bobby Fischer teaches chess to children by the youngest international grandmaster in chess history, Bobby Fischer. The books starts with one-move mates and develops these ideas into mates of two, three or four moves. Searns' encyclopedia of games by John Searns is a complete, authoritative and up-to-date reference book on just about every game you can think of - in all, more than 1,000 games and their variations are described, together with the latest rules and easy-to-follow instructions. Goren's bridge complete by Charles H. Goren is an information packed book that includes clear and simple explanations of basic bridge for beginners as well as the latest data on tournament winning techniques for advanced players. Family Games by Lincoln David Stein gives the rules, equipment and step-by-step instructions for party games, picnic games, backyard and street games, card, board and counter games for all ages and every occasion.

Professional Secretaries Week

Professional Secretaries International, the world's leading secretarial association, has designated April 24-30 as Professional Secretaries Week. Professional Secretaries Day will be observed on Wednesday, April 27. PSI is the originator and sole sponsor of Professional Secretaries Week since its beginning in 1962.

Locally, PSI Huron Valley Chapter President Lili Kivisto has announced 1983 Professional Secretaries Week activities will be under the direction of Chairman Alvina Lingle. Members of the Professional Secretaries Week Committee includes the entire chapter.

Huron Valley Chapter of PSI plans to celebrate Secretaries Day on April 27, 1983 with a seminar and luncheon at the Briarwood Hilton. All executives, secretaries and administrative personnel in the Ann Arbor area are invited to attend. For more information, contact Alvina Lingle, telephone 973-0732.

A Republican President has only two chances out of 15 of completing a second term, statistically. Grant and Eisenhower completed theirs. Lincoln and McKinley were assassinated. Teddy Roosevelt and Coolidge served the unexpired terms of their predecessors plus four years. Nixon resigned. Service was for four years or less for Hayes, Arthur, Garfield, Arthur, Benjamin Harrison, Taft, Harding, Hoover and Ford.

"Tips On Buying A Home Computer"

Like the television explosion of the 1960's, the computer in the 1980's is quickly becoming a part of our daily lives. If you're in the market for a home or personal computer, the experts all agree on one thing: do not buy a computer until you thoroughly shop and test the available models. To help consumers sort out the options, the Better Business Bureau/Detroit and Eastern Michigan has a new booklet offering buying advice.

"Tips on Buying a Home Computer" provides information on the basic computer components including a range of prices consumers should expect to pay. The booklet also offers a glossary of computer terms to help prospective buyers become smarter shoppers.

A special section stresses the importance of comparison shopping. "Shop different stores, different models and manufacturers. Call the Better Business Bureau for a reliability report on a specific company," advises Thomas F. Ashcraft, President, Better Business Bureau/Detroit and Eastern Michigan.

The new booklet has been added to the Better Business Bureau Consumer Information Series which offers helpful tips on over 85 topics of consumer interest. For a copy of the booklet, send 25c and a self-addressed, stamped envelope to Better Business Bureau/Detroit and Eastern Michigan, 150 Michigan Avenue, Detroit Michigan 48226.

himself to others. Thus every family is an arena of a power struggle between parent and child. It's a battle that is being won by the children in too many homes due to permissive child-raising ideals taught in the fifties and sixties.

In To Shape the Will Without Breaking the Child, the second film, Dr. Dobson draws a very helpful distinction between anger and authority in getting a child to obey reasonable rules.

Hit or Miss

The situation mocks the Democratic Party that says it is concerned with civil rights and the rights of working people says Representative Don Edwards, Democrat, of California, chairman of the subcommittee of the civil rights Judiciary committee. "The situation is intolerable" he goes on to say.

The legal basis of Congress' exemption laws is in Article 6 of the Constitution "speech and debate clause" which provides in the case of Federal legislatures for any speech or debate in either House they shall not be questioned" in any other place. This clause also protects members from being used for their actions within the legislative sphere. Actions relating to the internal administration of Congress have been found to be protected legislative acts.

Both the House and Senate have rules which bar discrimination on the basis of sex, race, religion or national origin but these rules lack any enforcement mechanism.

Senate leaders fear that the involvement of the International Organization could be embarrassing and as there is so much competition for jobs that the workers grin and bear it.

Senator Mathias, of Maryland, chairman of the rules committee, said recently that "The Library of Congress is organized. I don't see any reason why we should make fish of one and fowl of the other. I see no real reason why they shouldn't have a union," but don't expect any radical changes in the near future. You all know that if for any other reason, Congress doesn't move that fast on like matters.

exempted itself which includes: Civil Rights of 1964 which forbids discrimination on the basis of race, color, religion, sex, or national origin. Fair Labor Standards Act setting minimum wage, overtime and other standards. Equal Pay Act guaranteeing women the same pay as men for the same work. Occupational Safety and Health Act, establishing workplace standards. Freedom of Information Act providing the public the right to examine most records of federal agencies. Social Security Act, requiring employees and employers to contribute to the Social Security Fund. Age Discrimination in Employment Act, protecting the rights of older employees. Conflict of Interest Laws prohibiting employees of the executive branch from participating in government dealings in which they have a financial interest. Privacy Act, assuring confidentiality of personnel files that government agencies maintain on individuals. Those who support these exemptions argue that Congress is a political institution which could not function if its 535 members were unable to select its staff on the basis of its personal needs. Opponents contend that it is unfair for Congress to exempt itself from the standards it sets for the private sector, the executive branch and the state and local governments.

Unseasonably warm weather this winter should drive smelt into Great Lakes tributaries up to two weeks earlier than normal this spring, according to the Automobile Club of Michigan. If mild temperatures continue, the State Department of Natural Resources may permit smelt dipping above Highway M-72 before the scheduled April 10 starting date. Fishermen should check with local DNR offices before going out. Smelt dipping below M-72 has been allowed since March 1. Smelt are virtually ignored throughout the year, except during the spring when they become the coveted inhabitants of Great Lakes creeks and rivers. Temperatures in those waters now are nearing the 40 - to 45 degree level ideal for spawning. Best runs traditionally are between late evening and early morning hours although some daylight runs occur. Just a glimpse of the slender, iridescent fish, averaging 8 inches long and weighing 2 ounces, will send fishermen into a frenzy of vigorous scooping. Fifty-seven of the Great Lakes best smelt dipping locations, including Canada's Point Pelee National Park and the Wheatley area southwest of Detroit, are listed on the Auto Club's 1983 Smelt Guide. Best runs below Highway M-72 should begin the first week of April along lakes Michigan and Huron beaches and tributaries. Small smelt runs already have been reported on Cooper Creek between Ludington and Manistee and in the St. Clair River near Port Huron. Northern Lake Huron results should be heaviest between April 10 and April 20 while northern Lake Michigan runs will peak from April 12-21. Lake Superior smelt runs should begin April 15 and peak around April 20. Point Pelee Park authorities anticipate early smelt runs and will open the park for extended hours from April 7-24 to accommodate dippers. Peak activity is expected April 10-17. Hand nets may be used for smelt up to one-half mile upstream from any river mouth from March 1-May 31 south of Highway M-72 and from April 10-May 31 north of M-72. Anglers should consult the Michigan Department of Natural Resources 1983 Michigan Fishing Guide for additional information.

Agriculture In Action

A DANGEROUS PRECEDENT TO SET

Most of us have been taught that when we borrow something, we return it. It may be just our neighbor's garden tools, or a dime for a phone call. It can also range up to thousands of dollars borrowed to buy a home, car, business, or farming operation.

In these tough times, paying back those large sums becomes a real burden. Many have simply not been able to pay, and lenders have been forced to foreclose. Many times those who cannot pay have been forced to liquidate before foreclosure time came, or take bankruptcy.

There are some who believe that they should be forgiven their debts, simply because their financial condition is through no fault of their own. There has even been a bill introduced in Congress to force the secretary of agriculture to grant deferrals and forego foreclosure on Farmers Home Administration loans. The American Farm Bureau has testified against that bill, citing the fact that the secretary already has discretionary authority to do that.

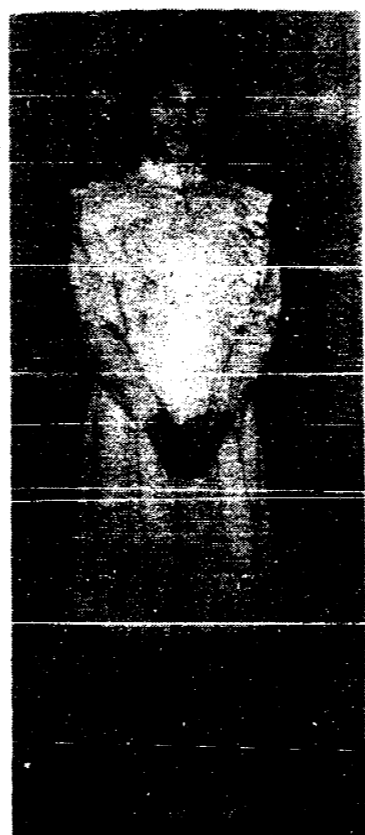

Farm Bureau representatives also told a Senate hearing that Farmers Home last year only foreclosed on 844 individuals, which is a mere three-tenths of one percent of its 270,000 borrowers. The agency also made special arrangements for more than 40,000 borrowers last year, a fourth of whom were being carried delinquent at the end of the year.

There are 88 percent of agricultural borrowers who use sources of credit other than Farmers Home loans. Would it be fair to require them to continue to make payments should Farmers Home borrowers not have to make theirs? What about the unemployed worker who has to make car and house payments? If Farmers Home borrowers are going to receive deferrals on their principle and interest charges, why should the city employee have to pay for his house and car?

It's a tough situation and every effort should be made to help a farmer stay in business if he can prove that he is a sound manager, and has a good chance to make it. However, to single out Farmers Home borrowers for such special treatment as deferrals on principle and interest is a dangerous precedent.

Jolly Farmerettes Win Honors

Marie Ball won the 1st place Faber Award in the Young Division for this misty blue cotton-polyester pullover dress she made for her 4-H sewing project. Marie is the daughter of Mr. and Mrs. Leon Ball of Vernon Street and a 7th grader at the Manchester Middle School. This is Marie's sixth year with the Jolly Farmerettes.

Becky Blumenauer won the 1st place Faber Award in the Senior Crocheting Division with this light grey 100% acrylic casual sweater. Becky is the daughter of Mr. and Mrs. Mark Blumenauer of Bethel Church Road and is a sophomore at Manchester High School. This is Becky's third year with the Jolly Farmerettes.

Kim Bailey won a Purple Honor Ribbon and was selected the top Junior Model with this stylish teal blue and deep plum Gunne Sax original she chose for her 4-H sewing project. Kim is the daughter of Mr. and Mrs. Lynn Bailey of Austin Road and a 7th grader at the Manchester Middle School. This is Kim's second year with the Jolly Farmerettes.

Denise Kuebler won the 1st place Faber Award for the Senior Sewing Division with her Gunne Sax prom dress. Her cream colored dress consisted of a high-Victorian collar with an illusion inset, pearl buttons, and crepe dechene skirting. Denise is the daughter of Mr. and Mrs. Duane Kuebler of Waterworks Road and is a senior at Manchester High School. This is Denise's seventh year with the Jolly Farmerettes.

The annual Washtenaw County 4-H Spring Achievement was held March 5th at the Saline High School. The Jolly Farmerettes had 12 girls entered in the sewing and 1 girl entered in the crocheting competition. The competition is broken down by

groups: Beginners (7-9 yr. olds), Young (9-12 yr. olds), Juniors (12-14 yr. olds) and Seniors (14-18 yr. olds). The girls are judged on the garments they made and are awarded a Blue, Red or White ribbon. The 4-Hers who have done outstanding work on their projects are elected by the judge to go on to the Faber Judge to be considered for a Purple Honor Ribbon. All Faber Award candidates are judged in their garment and then

change, returning the garment to the Faber judging room for final decisions. Out of the girls chosen for Purple Honors, three girls out of each age group are selected for a Faber Gift Certificate. Next the girls model their garments at a Style Show for the public and are judged by Modeling Judges on their garment, plus their poise and grace. These judges pick 10 top models in each age category. The Jolly Farmerettes did themselves proud this year. Blue Ribbon Winners: Kristin

The last place you should look for an IRA.

Because once you've seen ours, there's no need to search further.

Everyone—the banks, the savings and loans, the brokerage houses, the insurance companies—they're all shouting about IRAs. How they save taxes, build whopping retirement funds, and how you can open one any time up to April 15 and still claim a tax deduction for 1982.

But whose IRA is best?

Quite simply, ours is. And that's why we say Comerica Bank-Jackson is the last place you should look for an IRA.

New! Self-Completing Life and Disability Insurance.

We're now offering Life and Disability Insurance on our Comerica Bank-Jackson IRA. So if you die before age 65, your estate will receive the same amount of money you'd have contributed if you lived to 65.

Short time only! Earn up to 25% Bonus!

If you act now, we'll even pay you to make us "last"! Open an IRA at Comerica Bank-Jackson with \$1,000—and you'll earn a bonus rate of 15%. Open one with \$2,000, and you'll earn a bonus 25%. But don't wait—do it now to earn the most!

New! More investment options.

A Comerica Bank-Jackson IRA offers more investment options than our competitors—another reason ours should be the last IRA you look at!

New! "Add-to" Accounts.

Now you can add to your IRA investments—even, for example, during the term of a certificate. Add to your IRA on a regular basis, conveniently through paycheck deduction, and you can still earn Money Market rates.

Go IRA shopping. Then come to Comerica Bank-Jackson.

Our IRA is best—we're confident you'll think so, too.

And you'll appreciate the friendly service—coupled with years of experience—you'll get from our Personal Bankers, who'll help you select the best IRA option for your money.

So go somewhere else—first. Then come to Comerica Bank-Jackson.

This is one time we're happy to settle for last place!
