A Brief History

A reprint from the Manchester Enterprise dated June 14, 1877

The First Settlement Of Sharon

(The following history, by Col. Fellows, was read at the Pioneer Meeting lately held in this village. We publish it by request.)

The first land bought from the government was in the fall of 1830, by Mr. Luce, from Livingston county, N.Y., on section 32, and afterwards bought and improved by Amasa Gillet. The next was taken by Moses Pool, in the spring of 1831, for his adopted daughter, - name now Hannah P. Perry, - and she occupies the same yet. The next was taken by David I. Sloat, on section 34, in the spring of 1831.

About that time the excitement began to rise to fever heat that the north bend of the River Raisin was the place to get the best farm lands, and people came in from all quarters; the woods were thronged with land lookers by day and night. When nightfall came on they would build a fire and camp for the night; after refreshing themselves on their downy beds, made of soft marsh hay, cut with their jack-knives, they would arise in the morning, partake of their sumptuous breakfast, take new courage and speed on again.

Before that year passed away the most of the land in the town was taken. The first house that was built in the town was erected by David I. Sloat and his three sons, - John, Robison and

Direct Dialing For Manchester Residents

One and two-party telephone customers in Manchester will no longer have to give the operator their number when they direct dial a long distance call which began Monday, April 4.

"Michigan Bell's new automatic number identification system will make long distance calling easier for some 2,000 Manchester residence and business customers and also save them time," according to Bob Lacinaki, Michigan Bell's local corporate affairs manager.

When a customer dials a long distance call, the new equipment automatically will record the number for billing purposes, Lacinaki said. In the past, the operator would come on the line, ask for the number and manually enter it into the billing system.

The procedure for dialing long distance calls remains the same as before: customers dial "1" plus the area code (other than 313) and then the telephone number.

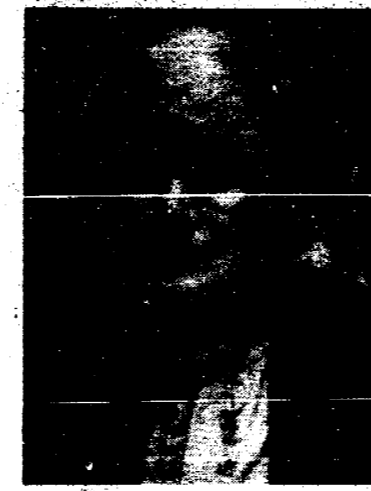

Lacinaki pointed out that four-party customers will have to continue to give their number to an operator when calling long distance.

Cornelius, - and the writer of this sketch was also one of the number that helped on this pioneer house. The material that was used for the covering was elm bark peeled and put on for roofing, also used for the upper floor or chamber; the earth had to be used as the lower floor for the time being. The house was finished in one week and they moved in and called it home. The first land that was plowed was done by Joseph O. Gilbert, in the month of June, 1831, on the farm where David Rowe now lives. Mr. Gilbert was our first postmaster, and he used to carry the mail in a shot bag from Lodi Plains to his house; when the postmaster at Lodi saw the shot bag come, he knew it was all right and forthwith sent the mail. In that year several families came in and built shanties and commenced a pioneer life, and I will mention their names. David I. Sloat, John Bessy, Henry Gilbert, Henry Rowe, Joseph O. Gilbert, Amos Bullard, David Cook and Francis A. Gillet. In the year 1832 there came into our town quite a number of pioneer families, so that it swelled the number of inhabitants considerably, and amongst them are Ebenezer Conklin, Oliver Kellog, Lewis Allen, Nicholas Becker, Abijah Marvin, R.L. Fellows, Marvin Berk, Ira Annabell, Mr. Campbell and George C. Lathrop.

This was a year of considerable excitement in our little pioneer town. It was the year of the Black Hawk war, and when the news came it was at a time when most of the men were from home in search of provisions; there being no roads, it took a long time to return, and most of the way they followed the Indian trails. But as time rolled on the excitement grew more and more fierce, and every day would bring fresh news that the Indians were nearer and more ferocious and were committing terrible depredations on the inhabitants. While this excited feeling kept up, the women of this town would meet together and lay plans for their best protection; and, accordingly, on a certain day they that could met at the house (or shanty you may call it) of Porter C. Lathrop, - which stood a little east of where Kappeler's barn now stands, - and all, with one accord, said they would protect themselves the best they could with the weapons at their command, such as pitchforks, hoes, rakes and other weapons. But there was not an Indian that made his appearance, nor were there a hostile Indian in several hundred miles of here.

In the winter of 1832, Mr. Campbell and David Cook started for Detroit with an ox team after provisions for their families. They got their provisions and returned back as far as Dexter, when their team gave out; they left it and started for home. By the aid of a

Joins Chelsea Hospital Staff

Former Michigan State Representative, Mary-Keith Ballantine has joined the Staff of Chelsea Community Hospital as a part-time consultant. Ms. Ballantine's duties will include representing the Hospital with governmental and community agencies.

Ms. Ballantine represented the Old 23rd District in the Michigan State House of Representatives from 1978 to 1982, which included Eastern Jackson and Western Washtenaw Counties. She ran unsuccessfully in 1982 in the New 50th District. She was a member of the following standing committees: Corrections, Public Health, Public Utilities, Senior Citizens and Retirement. Prior to being elected to the State Legislature she was a Jackson County Commissioner from 1971 to 1978. Ms. Ballantine received a BA degree from the University of Kentucky and a MA degree from Indiana University. She lives in Jackson with her husband Robert.

Commenting on Ms. Ballantine's appointment, Willard Johnson, Chelsea Community Hospital Administrator, said, "Mary-Keith Ballantine brings an extremely high level of experience and expertise to the Hospital family. Mary-Keith will, I know, prove to be very valuable to the Hospital."

Kindergarten Round-Up

Do you know someone who will be five by December 1st? Tell them about Kindergarten Round-Up on May 5 for children who will be coming to Klager and May 6 for children in the Middle School attendance area. Parents should call the Klager office 429-8321 to sign-up.

At Round-Up children will spend some time with their new teacher, and ride the bus. Parents will fill out registration sheets, show their child's birth certificates and immunization records and complete information on their child's abilities and skills.

Parents who are unsure about their child's readiness for school, may sign up at round-up for testing on May 11. After the testing a meeting with the parents will be held.

Another Successful Bloodmobile

Manchester's annual Spring Bloodmobile added another 190 pints of blood to save lives in southeastern Michigan. Eleven more offered to give but were deferred temporarily for medical reasons. These donors and hundreds before them are the key to the success of a thirty-two year old civic project for the area, which has collected over 6400 pints of blood for the Red Cross since March 1951.

This record is reflected in the number of gallon donor pins presented by the Red Cross at each clinic. Theodore Stautz received his 4-gallon pin this time. Three 3-gallon pins went to Virginia Fielder, Alan Hanewald and David Waitou. Three 2-gallon pins were earned by Lee Dennis, Joann Finkbeiner and William Pfau. While a dozen 1-gallon pins were received by Timothy Adams, James Barth, Dolores Bunney, Linda Hartmann, James Jenter, Ray Kemner, Ronald Lutton, Kevin Roberts, Michael Schlosser, Edward Straynski,

Seminars Held On Substance Use And Abuse

On Friday, March 25, all middle school and high school teachers participated in a teacher in-service program aimed at developing staff awareness of the problems associated with substance use and abuse among adolescents. The program was organized by Mr. Brian Schick, middle school principal.

Guest speakers and their topics were as follows: Mr. Bill Zsenyuk, Chief of Police, gave an update on local problems. Displays and demonstrations were presented showing the types of drugs and drug paraphernalia being used in our community.

Mr. Dan Brown, who works in the Adolescent Recovery Program at St. Vincent's Hospital in Toledo, Ohio, discussed symptoms, community strategies, intervention, and the importance of positive role models for adolescents.

Ms. Jennifer Brown and Ms. Lynn Crawford, representing Back Door Drop in Center located in Brighton, Michigan, offered a variety of activities and approaches suitable for classroom use when discussing substance use and abuse with students.

Ms. Donna Caswell from the Washtenaw Council on Alcoholism along with two recovering addicts from Dawn Farm in Ypsilanti presented additional information on symptoms and related personal experiences involving substance abuse and how it has affected their lives.

A special "Thank You" is in order to Manchester's Substance Abuse Awareness Committee, particularly to Mrs. Kay Silkworth, for providing the donuts and coffee.

June Wellman and Donald Wolf. (If there were other pins given out by the Red Cross on the 28th, and you are not listed, will you please call Mrs. Rock at 429-5982 with the correction?) Special mention goes to thirteen donors who gave blood for the first time - freshmen are always welcome.

Emanuel United Church of Christ hosted the clinic during the busy Easter week, while their Womens Fellowship donated the Canteen food and volunteers who served the donors. The American Legion Auxiliary supplied the orange juice and the Womens Guild staffed a Nursery to care for donor's children. Local doctors who were on call for the day were Dr. Hwang, Dr. Johnson and Dr. Purfield.

Twenty-eight volunteers assisted the professional staff; Ica Schaffer, Chairperson-of-the-Day; presceener, Annetta Breitenwischer; registrars, Ellen Pratt, June Jenter, Elizabeth Grossman and Vada Ridge; pack table, Amanda Schafie and Lillian Scott; escorts, Marie Knorpp, T.V. Ludwick, Gladys Uphaus and Lillian Uphaus; canteen, Dolores Bunney, Hilma Tervo, Helen Braun and Carol Clark; observers, Dorothy Mann, RN, Marian Creason, LPN, and Florence Parr, RN; Nursery, Janice Stautz, Sandy King, Mary Anne Fielder, Astrida Panches and Pat Bertke; Drivers for shuttle buses, Paul Wilde, Mel Brisbin and Alfred Strang.

The next Manchester Bloodmobile will be October 17. Regular donors should not give after August 19 to be able to give in October. One can give every 58 days or five times a year.

Activity Days At 1983 Fair

Thursday, Friday and Saturday of the Fair this year will be noted for special activities. Thursday has been the day for Senior Citizens, but this year instead of offering free admission, the Fair will offer special activities our older citizens will enjoy.

Friday will be Kid's Day, featuring activities the youngest of fairgoers have enjoyed in past years. There will be no reduced rides this year, but kids will be able to ride all day for \$5.00. This is something many of you have requested and the Fair is happy to be able to provide.

Saturday will be Women's Activity Day, featuring special demonstrations and speakers of interest to women.

Anyone who has suggestions as to particular activities that might fit the needs for these Activity Days is urged to contact any Fair Board member or present the idea at a Fair Board meeting.

The next Fair Board meeting will be held Monday, April 11, at 8:00 in the Emanuel Church basement.

Among those attending were Manchester Teachers Nondus Buss, Mary Ann Dettling, and Mary Korican. Many educators from Michigan and other states presented sessions on a large variety of subjects of interest to middle school teachers, counselors, and administrators. Nondus Buss presented two sessions entitled, *What Can I do If We Don't Have a Gifted Program*, offering attending teachers many ideas and sources of information. This is Mrs. Buss' second year as a presenter.

After a conference such as this teachers return to their schools with new and stimulating ideas for expanding and enriching middle school curriculum.

This week I will tell you about two more of our Little Dutchmen. Our leading charity stripe popper of this season was Bruce Rhee - he not only sank more (45 of 65) but led the squad in freebie percentage (68%). Bruce was second in field goal attempts (49%) and he grabbed 95

rebounds to also take second place. He hit for 161 points, only 9 off the lead as he played all 19 games. Tom Lockridge saw action in 14 games and came away with 2 top stats. He shot from the field 102 times and sank 51 for a 50 percent clip. Tom closed the year totaling 140 points to lead his team in game point average of 10. Next week I'll finish this series on our J.V. Basketball Squad.

The toughest golf hole in the world is the 17th hole at a course in North Carolina. It measures 745 yards, and is a par six.

Our "Coach Of The Year"

by Jon Hardenbergh

Anyone seeing the Enterprise last week knows our basketball leader and volleyball commander were awarded Region Coach of the Year by the Ann Arbor News. I have interviewed Bert Bartels and Kathy Rose about leading their squads past to present. This week I'll tell a little about Bert and next week about Kathy. Bert and I talked last week in my shop and the following is a run down on what transpired. Bert has been the head roundball coach since the 1974-75 campaign. When I asked him if there was a special team, he stated, "not really—each

my first and last season-teams". The 1980-81 year was a very tough time for Bert as the millage failure saw some valuable athletes transfer—therefore we won just 1 contest while dropping 17. He didn't let the community get him down as he took virtually the same group of young men and won 13 out of 21 games this year. Bert talked about the need for a good basketball program in a school and ours is developing well. He highly commended the work done by his ex-player and 3 year J.V. Coach Curt Fielder. I asked Bert to give me 5 players he has had, to be an all star squad. I set the guidelines of talent, no talent, hustle, desire to play or whatever—the 5 were Dean Decker at center, the 2 forwards were Nick Krzyzaniak and Jeff Clark, the 2 guards were Curt Fielder and Bob Smith. I asked Bert in closing how he felt in continuing and he said "coaching is something enjoyable if you ever come to a point where you don't love it...".

I have been sports writing for every year Bert has been here, and we've had chats in many different places, whether about wins or defeats. There's one main thing—Bert loves coaching. I think the words written on the plaque given to him last year by his players say it all—"You never gave up on us".

years squad was special in its own way. If I had to be specific I'd say

At H&R Block we guarantee our work.

This year with over 100 changes in the tax laws and forms, you have more chances of making a mistake. And that could mean an IRS audit. If H&R Block prepares your taxes and you're audited, we go with you at no added cost. Not as your legal representative, but to explain how your taxes were prepared. If we make a mistake and you owe additional tax, you pay only the tax. We pay the penalty and interest.

The new tax laws. This year's number one reason to go to H&R Block.

BY FARLEY

Raven McDonald, a professor emeritus at the University of Chicago has developed a book recently on the "American" language as it is spoken in these United States and has discovered that not only do the words used vary from community to community and state to state but even from one city and neighborhood.

Nearing completion the book will be a library of all the dropped r's, aint's, can't's, and taint's in the country.

Grammar among the well educated Americans the professor says is pretty standard but pronunciation and slang words used in colloquial speech vary. In Kentucky, a hillbilly is a hillbilly, but in Maine he is a hayseed, in Georgia he is a cracker, in New York a backwoodsman and in South Carolina a buckra and in North Carolina a mountain boomer.

Take Ron Reagan, Ted Kennedy and Jimmy Carter who are good examples of people who speak standard English but with drastically different accents according to the professor. If a fog came over the White House one morning, how would each pronounce it?

"Fawg", Mr. Carter likely would say, reflecting his southern roots.

"Fuhg", Mr. Reagan who is from California, but originally from Illinois, might say, giving it a central American pronunciation.

"Fahg", Mr. Kennedy, a New Englander would likely say. In Milwaukee, one asks where the "bubbker" is - a drinking fountain, and in Philadelphia, a youth suggests that his country cousin "bag school" - play hooky.

In Charleston, if they suggest that you go out and sit on the piazza they are inviting you to sit on what in Kentucky is called a porch and a stoop in the Hudson valley. In Minneapolis, the boys don't flip each other with rubber bands, they do it with rubber binders. In Baltimore, the police don't hit people with their nightsticks, they use their espantoons. But in Savannah, Georgia and Philadelphia when they speak about the pavement they mean

the sidewalk, not the street. People from northern Indiana don't talk like people from southern Indiana and neither group talks like people from Oklahoma or Nevada because dialects - like customs and culture, and modes of government - tend to follow lines of settlement.

One of the widest belts of south-influenced speech follows Daniel Boone's historic Wilderness Road westward from Virginia and the Carolinas into Tennessee, Kentucky, Southern Indiana, Southern Illinois and Missouri.

Likewise Yankees who settled the Great Lakes area left their dialect influence on upstate New York, northern Indiana, Michigan, Wisconsin, and Minnesota.

Yet, researchers found people who say "warah" generally a southern pronunciation for wash as far north as Vermont. In Calhoun County in southern Illinois Mr. McDavid found people who use the New England verb form "hadn't ought".

If we had a serious energy shortage in this country that lasted 50 years, it would affect our language, because people couldn't travel.

"Compared to the British we have no dialects at all," Mr. McDavid says. "And look at Europe, Latin after the fall of the Roman Empire, became French, Italian and Spanish. There was no communication."

The Atlas was started in 1929 by the American Council of Learned Societies under the leadership of linguist Hans Kurath. The New England states and the Upper Midwest are the only sections in print.

Years are spent on each region to analyze the region, choose interviewers, make up questionnaires, do interviews and edit the findings.

A successful marriage nowadays is one that lasts long enough to amass sufficient stuff for a garage sale.

Another advantage of a college education is that it makes vocational school easier.

Hunter Safety Class

The Manchester Sportsman Club will be sponsoring a Hunter Safety Class on the following days: Wednesday's, April 13, 20, and 27 from 7:00 to 9:00 and Saturday, April 30 from 10:00 a.m. to 3:00 p.m. at the clubhouse on Grossman Road. Attendance at all four classes are necessary.

The class is taught by certified instructors and upon completion a Hunters Safety Certificate from the Department of Natural Resources will be issued. This is necessary to obtain a hunting license in Michigan if you are under 18 years of age. Several other states and Canada require a Hunter Safety certificate at a much higher age. There is no

charge and the only requirement is you must be 12 by October 1, 1983.

Topics covered are hunting history, ethics, and laws, in addition to safety, first aid, handling a shotgun, rifle and a bow & arrow and handgun.

Sign up sheets will be at the middle school and Gambles. For further information contact Lauren Huber 428-8116, Daryl Taylor or Earl Iverson.

You can place absolute trust in the man who pays no attention to necktie widths.

Being a science fiction fan, I have read considerable amounts of science fiction. Presented here are some that I found particularly interesting.

The Gor Series by John Norman is a series of books about a character named Earth. The Deer Hunter by Robert A. Heinlein is about an engineer who because of money problems has himself put into suspended animation. His cat, Pete, is quite a character.

Clery Road also by Robert A. Heinlein is a war veteran teams up with a beautiful blond and her nervous to retrieve the egg of the phoenix. The Crystal Gryphon by Andre Norton is a fantasy about a land invaded by an unknown enemy with advanced technology.

Science fiction fans might also like these stories worthwhile. Headcrabbing Tale of Heaver and the Machine by H.P. Lovecraft

which is a book of short stories by an excellent writer. The War Lord and the World's Pain by Michael Moorcock in which captain Ulrich Von Bek battles against demons and dragons to end the Holy Grail and return it. This takes place during the Thirty Years War. The Tarzan Series by Edgar Rice Burroughs is about Tarzan the ape-man and his adventures. Edgar Rice

Burroughs also wrote the John Carter of Mars series which is science fantasy but unfortunately is not available in our library.

The Currents of Space by Isaac Asimov is a science fiction, detective, thriller. Asimov is noted for his science fiction and scientific writings but our library has a detective story, Murder at the ABA, that he wrote.

Other science fiction writers to look for are Ray Bradbury, Jules Verne, and Lin Carter. Guest columnist Mike Swanberg The library board wishes to commend Sharon Day for maintaining the day to day operation of the library following the resignation of Georgia Willson.

The Bunny Brunch

The "Easter Bunny" gives the children a sneak preview of the goodies in her basket

Dawn Bunn, from the high school, made a great bunny

Easter Fun At Nursery School

Pictured above are Theresa Baran (clown), Sandy Fielder, Erika Panches, Katie Randall, John Tyrell, and Carl Herschelmann holding the rabbit.

The children at Manchester Day Care Center (a cooperative preschool) treated their dad's to a special Dad's Day - Easter Party, Monday and Tuesday evenings. An egg hunt, coloring eggs, and making Easter bunny salads for their snack were some of the fun activities enjoyed by everyone. The children also made Easter baskets with real grass they had grown from seed.

There were some exciting guests at nursery school the last day before spring break. The children were visited by a friendly clown and a pretty white rabbit.

Special thanks to Mann's Feed Mill for our grass seed, John Bihlmeyer for the bunny, and to Terry Baran for being our clown. For registration information call Jennifer DuRussel at 428-7459.

Pictured are: Stacey Havens, Christopher Bowers, Amy Hlavka, Erin Binder, Katie Randall. Second Row: Theresa Baran, Patrick Steele, Nicholas Baran, Hannah Mick and Matt Herman.

The last place you should look for an IRA.

Because once you've seen ours, there's no need to search further.

Everyone—the banks, the savings and loans, the brokerage houses, the insurance companies—they're all shouting about IRAs. How they save taxes, build whopping retirement funds, and how you can open one any time up to April 15 and still claim a tax deduction for 1982.

But whose IRA is best?

Quite simply, ours is. And that's why we say Comerica Bank-Jackson is the last place you should look for an IRA.

New! Self-Completing Life and Disability Insurance.

We're now offering Life and Disability Insurance on our Comerica Bank-Jackson IRA. So if you die before age 65, your estate will receive the same amount of money you'd have contributed if you lived to 65.

Short time only! Earn up to 25% Bonus!

If you act now, we'll even pay you to make us "last"! Open an IRA at Comerica Bank-Jackson with \$1,000—and you'll earn a bonus rate of 15%. Open one with \$2,000, and you'll earn a bonus 25%. But don't wait—to it now to earn the most!

New! More investment options.

A Comerica Bank-Jackson IRA offers more investment options than our competitors'—another reason ours should be the last IRA you look at!

New! "Add-to" Accounts.

Now you can add to your IRA investments—even, for example, during the term of a certificate. Add to your IRA on a regular basis, conveniently through paycheck deduction, and you can still earn Money Market rates.

Go IRA shopping. Then come to Comerica Bank-Jackson.

Our IRA is best—we're confident you'll think so, too.

And you'll appreciate the friendly service—coupled with years of experience—you'll get from our Personal Bankers, who'll help you select the best IRA option for your money.

So go somewhere else—first. Then come to Comerica Bank-Jackson.

This is one time we're happy to settle for last place!
