Dutch Dominate Trojans 17-8

The Manchester Dutchmen traveled to Hillsdale on Saturday, November 5th, to face the Homer Trojans in our season finale. The reason for this match-up was the Cascades Conference winner battled the Big Eight champ. The setting and weather were perfect but most of all the Dutchmen Albers say the best cider comes were perfect. Pat Ridenour ran for 2 touchdowns, Terry Schuler booted 2 extra points and a field goal to supply 17 points. Homer's offense stalled all day basically due to Don Dettling, Todd Ricklemann and Steve Vlcek. Our defense held the Trojans to no first downs until 1:26 left till the intermission, but no score until about 2 minutes left in the game.

The game started with the Dutch receiving the kick but after several plays and I first down, punted. The clock was ticking past the 7 minute mark and Pat kept the pigskin on a quarterback option and scampered 33 yards into Homers endzone. Tim Schuler knelt for his brother's toe; Terry took the snap and booted the extra point. There was 6:04 left in the first quarter and we sat up atop 7-0. The possessions seesawed, then we struck quickly in the 2nd period. Pat hit Mark Ball on 2 aerials and we sat at the Trojan 10. We failed to advance so Terry trotted on to attempt a 27 yard fieldgoal. It split the uprights making it 10-0 at 9:20. With 1:26 left, Homer started to drive and at :56 they were at our 20. Ten seconds later they were at our 7 yard line. They went to the air and our Jerry Post snatched the ball to stop their bid for paydirt.

The third period saw both defenses star which brought the final stanza with the tally still 10-0. At 3:46 Don Dettling sacked the Trojan quarterback at their 4 making them punt. Pat rifled it to Tom Lockridge who grabbed it and fell at the one. Pat then ran left and crossed the goal line. Terry toed the extra point leaving it 17-0 with 3:30 left. Moments to ruin our shutout. The clock ticked away with the conclusion

I'm sure you'll join me in congratulating our varsity and Gall and Pat Wallace.

Pinnacle Engineering Co.

Pinnacle Engineering Co. was formed by Gene Smith on October 20, 1968, in Ann Arbor. He saw a need at time for a shop that could pick up "Hot Jobs" and deliver them to the customer in a minimum of time.

Since then the shop has been moved three times and he is hoping that its present location will be its last. Gene Smith makes a particular point that he is very happy with the location of the business in Manchester. He thinks it is an extremely close Community with its many activities such as the Community Chase and he endorses and supports as many as are possible.

WOODSHOP I

taught by Mr. Richard Fielder. This class is taught first hour with seventh hour being reserved for an advanced class in woodshop taught by Mr. Wes Gall. Mr. Fielder's program stresses safety, developing basic skills, use of power equipment, and creativity. Students design their own projects first and then go about the process of construction. The quality of these student projects as improved dramatically over the years. The purchase of needed power equipment has made this possible. The following pieces of equipment have been especially helpful: Drill Press, Power Sander, Table Saw, Band Saw, Joiner and Routers.

We are very proud of the growth in our woodshop program over the last two years, especially when one realizes that all we used several years ago were hand tools. Once again our aim is to Manicotti is a main dish made of develop an interest in woodshop and to hopefully use this experience to guide our students into related classes offered at the high school by Mr. James available for tasting. 7TH GRADE

It's not very often that a basketball team scores 7 points and wins. However, that's exactly what happened in Grass Lake on Monday, October 31. Manchester held their hosts scoreless for the first half, and could have put them away had they generated any offense of their own. But Halloween night proved to be pretty scarey for the Dutch, as Grass Lake got within one, at 7-6. and forced the Dutch to control the ball. Key players responsible for the Dutch victory were Teresa Macomber on defense and Laura Meister on offense. They both showed good discipline. The final game of the season

was very satisfying for the Dutch 7th grade. Eight out of eleven players contributed to an offense that handed Clinton a 27-11 defeat. A full-court press gave Clinton trouble as several steals Vanessa Salyer and Sarah Corwin gave them high point honors with 6 each. Jennifer Bailey had a good second half, as her hustle helped the Dutch

8TH GRADE On Monday, October 31st, the Manchester squad traveled to Grass Lake. In a game where both teams display good defense, turnovers usually decade the game. That was true in this case score. Those four points were the Six of the Dutch's 8 points came discussion from the free throw line. Kim Lockridge made four out of four from the line, while Sara Scully made the only field goal.

On Wednesday, the Dutch visited the Redskins of Clinton. Trailing by 11 after threequarters the Dutch didn't give in and fought back to within three. Time was dwindling fast and it became necessary to foul the other team. No. 23 of Clinton Relaxation Techniques/Coping calmly stepped to the line and sank 4 out of 4 to put the game out of reach. Kim Bailey played her best game of the season scoring 14 points and getting The 7th grade Dutch finished numerous rebounds. The final score was Clinton 34, Manchester

Bethel Church Preschool News

On October 29, the Bethel Church Preschool group enjoyed a Halloween costume party. Several games were played, coordinated by Anita Acree, Shirley Haeussler, and Susan Mann. After a parade, the children had donuts and apple cider provided by Kathleen Jefferson and Holly Porter. One of the highlights was several moms dressed as witches.

On October 4, a meeting was held at Holly Porter's home where a nurse practitioner from Dr. Linkner's office in Ann Arbor spoke on childhood illnesses. This was a very informative session for the members who were present. At the business meeting which followed, the name of our group was changed to "Preschool Plus" to include the school-aged child in our activities.

Our next event is a potluck for moms at the home of Nancy Haeussler, November 10 at 6:30 p.m. On December 10 at 10:00, a Christmas party is being planned for the children

A summary of the events by this very active group (since the last reporting) follows.

An Easter Egg Hunt was held at Holly and John Porter's farm. The preschoolers searched through different sections of the Porter's barn and hayloft and had a great time finding decorated Easter eggs. This event was a great success. After prizes were awarded, refreshments were served and the children were led Flower girl and ring bearer were Heather Kirk of on a tour of the milking barn.

membership of the churches. In June, the preschoolers had a picnic on the church grounds. They enjoyed hot dogs, thanks to "chef" Pastor Reineck and moms. Dessert was provided by Diane Seeger and Diane Petrowski. The children also participated in Children's Day activities as well as attending Bible School during

the month of June. July and hot weather brought many families (fathers included) to a swim party and potluck picnic at the home of Vicki and Robert Roehm. The children had a great

Awards Night

All parents of fall sports athletes and cheerleaders are cordially invited to spend an evening together to honor our young men and women. The event will be held Monday, November 14th at 7:30 p.m. in the high school gym for all interested people. The program for the evening will allow each fall coach to present his or her team and make some comments about their seasons. Following the presentations of each of our squads, refreshments will be served by the Boosters.

Tri-Church Bazaar - December 3rd

The date to remember this year is December 3rd. The 14th Annual Tri-Church Bazaar will be held at Emanuel United Church Of Christ hall located on Main Street. Plans are just about completed as the women of Emanuel, St. Mary's and Methodist churches have been busily preparing their own food specialties. A luncheon will be served between 11:30 a.m. and 1:00 p.m. The hours of the bazsar will be from 9:00 a.m. to 3:00 p.m. A nursery will be provided for shopping parents.

winter use. Now there are few cold cellars and apples require a cold place for storage. In years Sunday, November 13, 11 a.m. past Michael Alber made hundreds of crates that were used during the harvesting season. That gave way to putting the apples in bins and then bagging them for customers. Nate Alber remembers when farmers would line up with horses and wagons along the road to have their apples ground. There was a time when it was his job to blow the whistle on the steam engine and they netted two cents a gallon for processing the apples farmers brought in.

The family is not concerned with expanding the business-only improving the crop through the use of sprays, replacing trees with including WOZ Thankoffering Box better varieties and adding new addition was built onto the mill that cost more than the 14-room farm house did when it was built. Their reasoning shows sound judgement where once there were many small cider mills in Washtenaw County-now there is

They know apples are living organisms and that they breathe like other plants do. In the process apples burn up food that they stored while growing on the tree. To prevent deterioration in storage, the breathing process must be kept to a minimum. Regulating the storage area temperature is the best way. Recommended storage temperature is the best way. Recommended temperature for apple storage is about 35 degrees.

There is a large wholesale business in apple cider. They have Women's Intecessory Prayer many outlets in Washtenaw and nearby counties. Ann Alber, N. Allen's wife is very thankful for BETHEL UNITED CHURCH OF her 2-way radio station that saves no end of time. After listening, reading, discussion, and giving thoughtful views on Reproductive Health, the following factors emerge.

First, as a school system the Board has the purpose to educate the total child. To deny the existence of a basic human drive and the emerging sexuality in adolesence is to circumvent the issue of educating the child. Knowledge in and of itself does not hinder development, rather the LACK of knowledge is the

Second, to say "little 4th grade children" do not care about "sex" is a denial syndrome also. They could not exist in this world, this of the aspects of sex in our society.
