Kraig Sauter Named D.A.R. Good Citizen

Kraig Sauter, a senior at Manchester High School, and the son of Mr. and Mrs. John Sauter of 17019 Pleasant Lake Road has been selected as Manchester High School's D.A.R. Good Citizen. Kraig was chosen on the basis of established qualities of leadership, dependability, service and patriotism. As a local winner, Kraig now has the opportunity to compete at the state and possibly the national level for various scholarships. Each school "Good Citizen" will receive a Good Citizen pin and certificate from their sponsoring chapter.

Because youth hold tomorrow's future in their hands, National Society Daughters of the American Revolution established a Good Citizen Contest in high schools in 1934 to recognize and encourage outstanding young people in the pursuit of high ideals. This contest has continued since that time and was endorsed by the National Association of Secondary School Principals. To compete at the state level, Kraig was required to fill out a questionnaire on his personal and school activities, take a short test on the American government system and to write a 500 word essay in school, under supervision and without reference. Ten finalists will be selected by the State Society and will be given monetary awards. One state winner will be selected who will compete with other state winners at the national level.

While attending Manchester High School, Kraig has been a leader in and out of classroom. He has participated in both vocal and instrumental music, varsity athletics, drama, and student government. In addition, he has been a two year member of the National Honor Society, last year serving as vice-president and this year as president. Kraig plans to attend college next year at either Michigan State or Eastern Michigan University.

Butter Making

This is a reprint from the Manchester Enterprise dated February 26, 1880.

A paper written by Mrs. Isaac Hall, of Manchester, and read at the Farmers Institute, January 20, 1880.

The first essential quality for good butter, is good cows; those that are strong, healthy and hearty. After getting the cows, then comes the care and management of them, and that in winter

Teachers Complete Effective Teacher Training Program

Nine Manchester teachers recently completed a special training program designed to provide for a systematic instructional program. Developed in conjunction with the Chelsea, Dexter, and Whitmore Lake Schools the concept for the program originated in California at the Berkley campus. The program is designed to provide a basis for teachers to consciously think about their classroom procedures.

Carol Savage, Mary Koebbe, and Janice Little from Klager Elementary together with Doug McLeod, Sally Hanifi, and Laura Young from the Middle School joined Astrida Panches, Phyllis Heinrich and Susan Davis for the 5 day program which was taught by Dr. Dennis Sparks, a free lance consultant. All teachers successfully completed the program and reported significant positive results in their classroom as a result of the experience.

Superintendent of the Manchester Schools Gene Thompson commented favorably upon the Teacher Effective Program, "We first became aware of the program in conjunction with the Ann Arbor schools about 2 years ago. As part of our effort to develop shared programs with neighboring school districts we worked closely with the superintendents of Chelsea, Dexter and Whitmore Lake to share resources for staff development. I am very proud of the Manchester teachers who were the leadership group for this effort. Our goal is to train every Manchester teacher in the concept over the next two years. Staff are enthusiastic about the project. This may be the most important effort we have made in curriculum development during my administration. Teachers who have successfully completed the program will be awarded a special lapel pin as a measure of recognition. The pin features an apple with the numeral one in the middle. Persons who see one of our teachers wearing this pin should be aware of the special effort they have made as the Manchester Schools reach for excellence.

is of the utmost importance. They should have warm, well ventilated, and clean stables. Should be fed on good nutritious food. Do not for one day think that hay or stalks is enough, but feed plenty of meal. Do not feed roots to your cows, unless you wish to impart their flavor to the butter. In summer, plenty of good clover and timothy pasture will do. Never allow your cows to procure drink from some stagnant pool, but good fresh water is a necessity. The utmost cleanliness should be observed in all things, and above everything else, in milking. Every particle of dirt should be removed from the udder, so there will be nothing to drop in the pail while milking.

After all these things are attended to comes the women's share of the work. First of all is clean pans. Do not think that rinsing the milk off the pans with cold water, then putting in hot water, and taking one end of the cloth, (and that very dirty) in your hand and whirling the other around the pans will clean them. On the contrary, the last stage of your pans is worse than the first. To clean your pans thoroughly, you should rinse off all the milk, then wash with a clean cloth in strong soap-suds, being sure that all sediments that have settled in the seams are removed, fill with boiling water, let stand about five minutes and wipe as dry as you can, with a clean dry cloth, after which heat by the stove or in the sun. The milk should be strained as soon as the foam settles, after milking, and set in a place where the temperature of the milk will be as near 60 degrees as possible. Dairymen tell us to let the milk stand 36 hours before skimming, but never allow the milk to sour so that it will be thick if you can avoid it, if it does not stand 24 hours. Many people let the milk stand until the cream is covered with a white mould, and the milk is all whey, and then think their butter is good. They might as well expect to have good bread out of sour, moldy dough. Have the cream jar clean and cool; sprinkle about a tablespoon full of salt in the bottom, and stir the cream gently, each time after skimming. Do not cover the jar with a cloth and plate, but with a fine sieve, so that the air can circulate in the jar. Be sure and have the churn sweet and clean. The same way will clean the churn as the pans, only do not set it by the stove or in the sun, unless it is stone. You should churn as often as three times a week in warm weather, and oftener if you have cream, but twice in the winter will answer. As soon as the butter is gathered in small lumps, draw off the buttermilk and pour on cold water until it runs clear. Handle the butter with care and add one ounce of salt to every pound of butter. Work the salt in nicely;

High School Student Adds Meaning To Foreign Language

Michelle Cartier, a sophomore at Manchester High School, decided to write a poem. But Michelle didn't write just any poem. A German II student at Manchester High School, Michelle decided to write the poem in German.

Mrs. Susan Davis, the German teacher at Manchester High School, was delighted. "I've had some students produce some very fine literary pieces in German in my years here as a teacher. Michelle's poem, however, is excellently done. What's even more interesting is that Michelle didn't write the poem as part of an assignment. She wrote it because she wanted to," stated Mrs. Davis.

The following is a copy of the poem in German followed by its translation in English.

Die Zeit Ruft - Eines Tages
Werde Ich Antworten

Weh! Weh!
Blumen von meinen Traumen;
sie fallen-
wie Blatter von den Baumen.

Steh auf! Steh auf!
Die Zeit vergeht so schnell,
Zeit Fur Liebe, Zeit Fur Freunde,
Ich kann sie nicht finden.

Sei vorsichtig!
Heute wird bald vorbei;
Nimm Zeit! Zeit kostet nichts.
Lach! Hab Spass!
Aber besonders-
Hor deinen Traumen zu!

The Time Calls
One Day I Will Answer

Blow, blow,
flowers of my dreams;
They fall-
like leaves from the trees.

Stand up! Stand up!
Time goes so quickly;
Time for love, time for friends,
I can not find it.

Be careful!
Today will soon be gone;
Take time! Time doesn't cost
anything.
Laugh! Have fun!
But especially-
Listen to your dreams!

Micro-Computer Steering Committee Organized

A new committee has been formed for the purpose of evaluating our present K-12 micro-computer curriculum. Vertical articulation will be stressed by the committee along with possible program changes and/or expansion.

Michigan must help its needy conserve energy and save money, because the state can no longer afford to foot the bill for poor people's rising utility costs, a Public Service Commission member says.

"The state of Michigan has a problem - a very serious one," Matt McLogan said. "It costs over \$400 million a year to pay to heat homes of low-income citizens and others who are truly needy. That's doubled since 1978. By 1990, it will cost Michigan \$1 billion to heat the homes of the poor."

Mr. McLogan said that a task force headed by former state Representative Alma Stallworth will introduce legislation to provide services to help poor people conserve energy. The task force, made up of representatives of the PSC, departments of social services and labor, utilities, consumer groups, welfare rights organizations, business, and labor, created a 12-bill package called the Energy Equity Plan.

The five-year plan includes weatherization, protection from utility shutoffs, reduction of natural gas consumption, and direct payment to utilities of weatherization, protection from utility shutoffs, reduction of natural gas consumption, and direct payment to utilities of public assistance. Mr. McLogan said at a community organization luncheon. The program will be available to senior citizens, public assistance clients, and other low-income people.

"We must reduce the consumption of those people who use gas and can't pay their bills," he said. "The way... is to better insulate (their homes)... or, more brutally... to move a family out of a home that can't be

energy-efficient. "If a low-income customer wants cutoff protection, that recipient must cooperate." If the recipient's heating bill remains too high after complying with the program, the excess will be the recipient's responsibility. The task force targeted 50,000 homes across the state for the program - 10,000 Consumers Power Company customers and 40,000 Michigan Consolidated Gas Company customers, he said.

A series of bills that would restrict the flow of information about local government have quietly made their way to the floor of the Michigan Senate. As the law now stands, local governments are required to print changes in township or village ordinances, and counties are required to publish minutes of their proceedings.

But there are people who are interested in these notices, and they make it their business to find out which publications carry them.

One set of bills would allow townships to print ordinance changes in synopsis form, while another grants county governments the option of printing summaries of their minutes, or to simply publish a notice that the minutes are available on request.

This may seem a small matter, but it is one more effort at making information about local government less easily available. Many local officials, of course, would be only too glad to serve as editors of their own printed proceedings. And current laws are drafted in a way to prevent

exactly that. The bills would have their greatest impact on smaller and more rural areas, where government is more personal and interest in local matters perhaps more intense. Because of this, it's a good idea that ordinance changes and official proceedings be published in unedited form. The simple fact that publication is required may have a salutary effect on the conduct of local government.

The state Senate has many important items on its agenda. These bills are not among them. The Senate should let them die.

Tax Counseling And Home Heating Rebates For Seniors

A program to assist seniors, home owners or renters, to file a Michigan Property Tax Rebate and Home Heating Credit is offered by the Washtenaw County Council on Aging. This free service, available to county residents who are 65 years and over, will be given by volunteer tax counselors, who have received special training from the Michigan Department of the Treasury.

Confined to their homes, older adults may request an individual visit to complete the forms. Appointments can also be made for individual sessions at Council on Aging Office.

Older adults residing in senior high-rises may request a public meeting for an explanation of the rebates and how to complete the forms. According to Paul Serafin, program chairman, during the past seven years over 6000 individuals in Washtenaw County have received tax refunds totaling

more than \$2.5 million dollars. For more information or to set up an appointment call the Council on Aging, 665-3625.

Baptist. We then bussed to Clinton and slipped. Our next opponent was league foe Hanover Horton which we easily whipped bringing on the Whitmore Lake squad to close out 1983 and we turned their lights off, 70-35. Starting 1984 in super fashion was league victory #2 over Vandercook Lake. Saturday we had a makeup contest against Britton and we cruised to a 24 point victory.

Two things are very nice and they are - we have a four game win streak going and we haven't lost a league game yet in both football and basketball also varsity and junior varsity.

Our Little Dutch lost their first battle to Sand Creek then simply turned it around to win the next five. Unfortunately Britton tripped them Saturday.

Our next game is at Napoleon on Friday. On Friday past we trekked to Vandercook Lake and what was rumored to be a tough contest turned into a relatively easy win. We took the first period lead 10 to 6 then just proceeded to blister the net in the following eight minutes outscoring them 21-12 to control 31-18. Late in the third period the Jayhawks began their comeback - with 6:06 left they stood only 6 points back. At this

Hazards Of Drinking During Pregnancy

During National Fetal Alcohol Syndrome Week, the Southeast Michigan March of Dimes is

continuing its efforts to tell the public about the hazards of drinking during pregnancy.

Fetal Alcohol Syndrome (FAS) has been recognized during the last decade as one of the leading known causes of mental retardation in the newborn. It is not known whether there is an absolutely safe level of alcohol consumption during pregnancy, or if consuming small amounts still poses some risk.

Congress has declared the week of January 15 National FAS Awareness Week. As part of its mission of preventing birth defects, the March of Dimes has supported research into FAS and does extensive public health education about the impact of alcohol and other maternal health habits on the health of the unborn baby.

"The effects of alcohol on the fetus are probably felt very early in pregnancy, possibly even before a woman knows she is pregnant," said Dolores Wehr, associate executive director of the Southeast Michigan March of Dimes. "That's why women planning pregnancy - preparing for conception, so to speak - must be made aware of the effects drinking may have."

Among pamphlets available free of charge from the March of Dimes are: "Drugs, Alcohol, Tobacco Abuse During Pregnancy," "Pregnant? Before You Drink, Think," and a booklet, "Be Good To Your Baby Before It Is Born." Interested persons can contact the March of Dimes at 423-3200.

for table use, make into rolls of 2 to 2 1/2 lbs., wrap snugly in thin cloths, and put in a jar in a cool place. If you wish to pack in tubs, use ash or oak; have the tubs soaked over night in a strong brine. Cover the butter each time after packing with a cloth, and when the tub is filled, cut a piece of cloth a trifle larger than the tub, and with a case-knife press it gently around the inner edge of the tub, sprinkle salt to the thickness of one-fourth inch on the cloth, fasten the cover solidly, and the butter is ready for market.

An Italian Luau

Surrounding the centerpiece are Italian and Hawaiian dishes of cheese-filled manicotti, hot rice and pineapple, and two different fresh fruit salads, served in hollowed-out pineapple bowls.

Served family style this cuisine is both nutritious and fun. The centerpiece is made of pineapple, cucumber, pepper and a peach, arranged on greens.

By A. E. Schepeler

Why not combine the two sunnies: places imaginable for a diner's delight during this mid-winter season?

We did just that and came up with Italian and Hawaiian fare fit for any Michigianian.

Italy is found in southern Europe, and found in Italy are some of the most magnificent pieces of architecture made by civilized man. The Colosseum, Roman temples and the Cathedrals of Florence and Siena are just a few of the wonders this country has to offer.

Gondoliers sell rides through the watery canals of Venice and open-air cafes tempt the passers-by with spicy foods and cold drinks. This country is responsible for a lot of the wines sold in the United States. A tour through the vineyards and wine cellars is a fun and exciting way to spend an afternoon.

On the other side of the globe is Hawaii, which offers natural wonders to behold: lush, green foliage, palm trees and pineapple plants, volcanoes, and leis of red, white and pink hibiscus flowers to wear. To those interested in such things, blow-holes can be found on some of the islands, as well as the Kuee ruins on the main island and, of course, the national memorial at Pearl Harbor should not be missed.

The old way of life is still evident in some places in Hawaii and areas which show grass huts and ancient traditions are popular tourist attractions.

Bringing Italian and Hawaiian epicure to this state is no mean feat. First one must consider the main course, then the trimmings, the beverage and finally, dessert.

We decided on manicotti for the main course. Served in two identical dishes, the noodles were filled with a cheese mixture and a tomato and meat sauce was poured over and around them.

For the side dishes hot rice with pineapple bits and a fresh fruit salad were served in hollowed pineapple shells. Garlic bread pieces were arranged in a basket for nibbling and a lime pie with whipped cream was offered for dessert.

Forget the snow and ice. The wind howling outside the door and rattling the windows will not be considered with the tempting cuisine offered at the table. With just a little imagination and some extra time, supper can transport diner guests to a land of enchantment and beauty.

Centerpiece transports diners to warmer climes

By A. E. Schepeler

It is easy to believe in warmer climes with a pineapple hut beside a palm tree for a centerpiece.

The one for our luau is relatively easy when directions are followed exactly. It takes two days of soaking in ice water for the leaves on the palm tree and the tree itself to fan out sufficiently. Only a half-hour's time is needed to hollow out the pineapple halves and another 15 minute's time to arrange the centerpiece on a bed of ferns or other greens.

It is a good idea to buy a few pieces of vegetables and fruit to practice on before starting the centerpiece.

Step 1:

Selecting a round, firm cucumber, cut the ends off so it stands without support.

Using a small paring knife, make the bark of the tree by cutting thin strips around the cucumber.

Put in ice water and set in refrigerator for two days.

Step 2:

Using a three-sectioned green pepper, cut the bottom of the pepper off and hollow out inside. Slice the pepper up along the sections until almost to the top. Cut to resemble palm leaves, cutting diagonally into each section. (You will have to round the peppers at the cor-

ners.) See picture Place in ice-water for two days.

The rest of the steps can be done well in advance of party-time.

Step 3:

Halve two very ripe pineapples (they will be somewhat yellow and soft, but not mushy). With a small, supple paring knife slice around the outline of the fruit going down as far as possible without cutting through it.

Cut lengthwise into the pineapple as far down as possible in four evenly spaced slices. The outside slices should come out easily. The middle two will have to be coaxed out by lifting the strips as far up as they will come and then slicing the flesh away from the rind.

When this is done scrape out any remaining pulp with a grapefruit spoon and refrigerate.

Step 4:

Cut off the top and bottom of one pineapple, saving the

leaves.

Hollow out pineapple, there is no easy way of doing this. (We do a variation of step number 3, which is to cut chunks out and then scrape out the rest.)

Cut a door into the hut about one inch by one and one-half inches. To make it stand open slice down along the inside of

the rind making sure not to cut the hinge side.

Step 5:

Set the pineapple on a tray spread with ferns (or other greens). Place the leaves on top of the hut and secure them with pins, adding small flowers loosely on the top.

Set the trunk of the tree next

to the hut (if it wobbles, secure with putty or clay). Place the leaves on top of the trunk and secure with toothpicks, making sure to push them down so they do not show.

Put the carrot lei around the trunk of the tree and the outrigger canoe (a sectioned peach) in front of the hut.

Antipasto course explained

Anyone who has ever gone to a restaurant and ordered an Italian meal has been offered an antipasto dish before the main course.

For those caught unaware of what antipasto is, it is a time of trial. "What is antipasto?" is the first and foremost question on the diner's mind. If the person is in a fancy restaurant, however, and does not want to show his or her ignorance on the subject, a simple "What do you suggest?" will suffice for an answer, and then order the maitre de's suggestion.

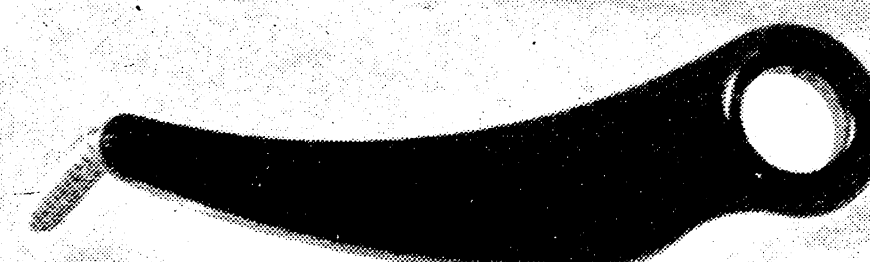

Antipasto, literally translated, is "before the meal". It is a soup or salad served before the main course. The salad is composed of meats, cheeses, fish, eggs and vegetables, then doused with a tangy dressing. The soup offered is usually minestrone, and sometimes these combinations are offered in small amounts.

For an Italian luau, we recommend Macadamia Nut Soup and a fresh vegetable salad with bits of pineapple and cheeses in it and a good oil and vinegar base salad dressing.

After making the thin diagonal slices in the pepper for the palm tree, the edges must be trimmed for a more realistic appearance.

Carrot lei requires special tool

To make the carrot lei requires a curler (picture 1). This tool is inserted into a chilled carrot core (or any other round vegetable) and turned clockwise.

When done smoothly (turning the tool, not the vegetable) the end result is a continuous corkscrew which can be curled around the base of the palm tree.

Recipes that make the meal delicious

Manicotti

10 manicotti noodles
2 lbs. cottage cheese (making sure it is not too creamy)
1/4 lb. mozzarella cheese shredded
1/2 cup Parmesan cheese
2 eggs, slightly beaten
1/2 cup chopped parsley, (optional)

1 quart prepared spaghetti sauce

1 lb. ground beef
Mix together cottage cheese, mozzarella and Parmesan cheese, eggs and parsley. Refrigerate for 1 hour or so until firm.

Brown ground beef until done and add spaghetti sauce and 1 cup water. Simmer for 10 minutes.

Parboil noodles (5 at a time). Drain. Do not rinse. (Parboil means to partially cook the noodles, about 3 to 4 minutes in rapidly boiling water).

Stuff the noodles with the cheese mixture. Spread half the meat mixture on bottom of oblong pan, place noodles down, then add rest of meat. Be sure not to let the noodles touch each other and completely cover them with sauce.

Bake in 400° oven for 20 to 25 minutes. Just before serving, sprinkle generously with grated Parmesan cheese.

Fresh Fruit Salad

Mix chunks of fresh pineapple, apple (with peels on), freshly grated cocoonut (dried in oven), orange slices and chunks. Any other fruit may be added.

Overlap orange slices around pineapple bowl and spoon fruit in heaping mound inside it.

Rice and Pineapple

Cook 3 cups of long-grain white rice according to directions. When still hot, add 1 cup of fresh pineapple bits and stir thoroughly.

Serve in pineapple bowl. Can be hot or cold.

Lime Pie

Meringue crust:

4 egg whites, room temperature, 1/4 teaspoon cream of tartar and 1 cup sugar.

Preheat oven to 275°. Grease 9 inch pie plate; set aside. In a large bowl, beat egg whites and cream of tartar until soft peaks form. Gradually add sugar 1 tablespoon at a time, beating until quite stiff. Spoon meringue into prepared pie pan, mounding up sides and over the edge. Bake 1 hour. Remove from oven and cool.

Filling:

4 egg yolks
1/8 tsp. salt
1/2 cup sugar
1/4 cup lime juice
1 Tbsp. grated lime peel
1/2 pint whipping cream
Green food coloring
1/2 pint whipping cream, whipped
1 lime, sliced thinly

Beat egg yolks and salt in medium bowl until light and fluffy. Stir in sugar, lime juice and peel. Place mixture in top of double boiler over boiling water. Stir constantly until thick and smooth, about 8 minutes. Remove from heat. Cool. Beat 1/2 pint cream until stiff and fold into lime mixture. Add food coloring (if desired). Pour into crust. Refrigerate several hours or overnight.

Garnish with whipped cream and lime slices. Serves 8.

MANCHESTER BUSINESSMEN

The January meeting of the Manchester Area Historical Association will be held Monday, January 16, at 7:30 p.m. at the Blacksmith Shop. A review of the years 1880 - 1920 is the topic to be covered in a round-table discussion, with comments and contributions from the audience encouraged.

The annual Christmas meeting was a standing-room only success, with a crowd of Manchester residents and visitors enjoying the reading from the Christmas Carol by Professor Bert Hornback of the University of Michigan. After the reading, many residents stayed to sing carols and socialize in the Old Manchester Mill.

For the first time, the Manchester Historical Society this year was in charge of the annual Luminaria on December 24. Despite the low temperature and freezing winds, most residents were able to line their lots with lighted candles.

Manchester came in 7th in the 9 team tournament with 52.5 points, a good showing considering they fielded only 7 wrestlers out of 13 weight classes. They were followed by Tecumseh with 43 points and Stockbridge with 41. Napoleon was the tournament winner and Grass Lake the runner-up. Third place went to Morenci, followed by Clinton, Quincy and Homer.

Grass Lake will wrestle at Manchester this Thursday, January 12. The Dutchmen will face very strong competition in the Ann Arbor News tournament this Saturday, January 14, at Huron High School, Ann Arbor.

Agriculture In Action

NOT NECESSARILY A HEADLINER

While it's not likely to make the headlines, it is worth noting that food prices for 1983 increased by a smaller percentage than any year in the past 16. The total increase was about two percent. It also marked eight out of nine years in which food prices have risen less than the general rate of inflation.

It is unfortunate that food prices only make the headlines when they're going up significantly. The last time that happened was in 1979 when the increase in food prices was 11 percent. That was just for food purchased in the grocery store. This year, grocery store prices went up one percent while food in restaurants went up about four percent.

While bargain food prices may be good news for consumers, it is not necessarily good news for producers. One reason that food prices have not increased is that the farm price has gone up very slowly in some years and decreased in others. This past year, the farm value of food actually dropped by nearly five percent. The U.S. Department of Agriculture blames that decrease on declining foreign and domestic markets for agricultural commodities and on larger supplies of livestock.

This year, USDA expects food prices to increase from four to seven percent. A stronger economy will add to disposable income and consumers may buy more groceries, including an increase in meat purchase.

Unfortunately, the increase in food prices predicted for 1984 will likely make the headlines and there may be howls of protest from some consumers. But, if farm prices also increase, it will mean that the very efficient American farmer can continue to make enough on his investment to stay in business.

The amount of food produced on America's farms is a modern day blessing. Right now, it is a blessing and a bargain. It is far better to continue that blessing at a little higher price than to have food shortages at a much higher price.

For **VILLAGE ELECTION** Monday, February 20, 1984

TO THE QUALIFIED ELECTORS OF THE VILLAGE OF MANCHESTER (PRECINCT NO. 1 AND 2) COUNTY OF WASHTENAW, STATE OF MICHIGAN

Notice is hereby given that in conformity with the "Michigan Election Law," the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE

**120 South Clinton Street
Manchester, Michigan
Monday, January 23, 1984**

FROM 8 O'CLOCK A.M. UNTIL 8 O'CLOCK P.M.
THE 30TH DAY PRECEDING SAID ELECTION

As provided by Section 498, Act No. 116, Public Acts of 1954 As Amended.

For the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City, or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

UNREGISTERED PERSONS NOT ENTITLED TO VOTE

SEC. 491. The inspectors of election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P.A. 1954.)

TRANSFER OF REGISTRATION, APPLICATION, TIME

SEC. 506. A registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Transfers shall not be made after the 30th day next preceding a regular or special election or primary election, unless the 30th day shall fall on a Saturday, Sunday or legal holiday in which event registration transfers shall be accepted during the following day.

TRANSFER OF REGISTRATION ON ELECTION DAY

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and had not recorded such removal with the local Clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said request. The applicant for transfer, after having signed an application to vote as provided in Section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of the street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

point we just started calmly scoring, rebounding to switch the momentum and won 57-46. Pat Ridenour was hot tonight as he popped for 17. Ron Melcher canned 13 as John Blumenaer hit for 11.

Our JV's also won.

Last Saturday we hosted the Aggies from Britton and our offense went wild. We out-scored them in every period (19-12, 22-14, 19-15 and 23-18) to sail to the 83-59 victory.

All five of our starters posted double figures and it was Mark

Player Profile

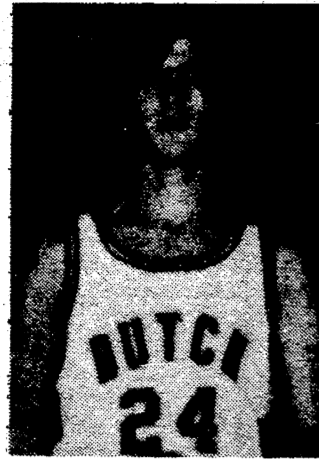

TRI-CAPTAIN MARK BALL
5'11\"/>

Mark is the son of Leon and Eileen Ball and they reside with their family at 611 Vernon Street. Mark has been very active in school. He has participated in Varsity football for two years, Varsity basketball for three years as well as baseball and track. Mark is a member of the National Honor Society and has maintained a fine 3.7 grade point average.

Among the honors or awards he has achieved include: academic honors his freshman and sophomore years, captain of the Varsity basketball team both his junior and senior year, best freethrow %, and most improved player as a junior.

Mark plans to attend college at either Siena Heights or Eastern Michigan University and major in secondary education.

Coach Bartels relates: "Mark is a fine student-athlete and has contributed greatly to our basketball team both on and off the floor. He has shown good progress from his sophomore year and possesses a deadly jump shot. We have been fortunate to have this young man with us for three years."

TRI-CAPTAIN RON MELCHER
6'1\"/>

Ron is the son of Arthur and Marjeanne Melcher and they reside with their family at 13304 Logan Road. Ron has participated in Varsity football, Varsity basketball, and Varsity baseball for two years. Ron also belongs to VICA - Vocational Industrial Clubs of America. During his high school academic career he has maintained a respectable 2.8 grade point average.

During the summer months Ron is employed at the Greenfield Village Henry Ford Museum. He works at the Edison Institute and enjoys this interesting occupation.

After this, his senior year, Ron plans on attending Central Michigan University for two years and then transferring to Michigan Technical Institute to complete his education in electrical engineering.

Coach Bartels comments, "Ron has been an excellent player for us. He really came on during the latter part of his junior year. He has good quickness, leaping ability, and is a threat with the basketball anywhere near the basket. Ron has been a pleasure to work with these past two years."

Senior Citizens Meals And News

Senior Citizens meals at noon Tuesdays and Thursdays at Emanuel United Church of Christ dining room are scheduled every week (except "snow days"). Call the church office for information and reservations, 428-8357.

Tuesday, January 17, the menu is: Roast Beef, Potatoes, Vegetable, Fruit, Roll and Butter, Dessert, Coffee, Tea and Milk.

Thursday, January 19, they are serving: Scalloped Potatoes and Ham, Vegetable, Fruit, Roll and Butter, Dessert, Coffee, Tea and Milk.

The first in a monthly series of clergy presentations open to all is at 11:00 on Tuesday before the meal. Father Raymond Schlinkert will make this presentation.

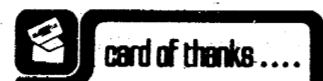

On Thursday at 11:00 come for exercise class with Julie and learn things that will make you feel better each day of the week. After the meal that day, there is BINGO. The surprise overall prize is donated by Kleinschmidt's True Value Hardware.

All the trips for the month mentioned last week are pretty well filled. If there are any questions, call Helen Braun, 428-8966.

The BIG PARTY of the month is FUN NIGHT at the Old Mill on January 21, Saturday night, from 7 to 10. For transportation, those in the village may call by the day before to Helen Braun, 428-8966, or Lillian Uphaus, 428-7461 to get to and from the Mill. (Hopefully, country people can make arrangements for transportation, if need be, with family or friends). Bring along a few home made cookies to replenish the refreshment table, following the sing-a-long, dancing and the old

movie. The cover charge is 50c for all over 50! Door prizes are furnished by Gambles, Inc., Mann's Feed Mill and Kraus Rexall Pharmacy.

Concentrate on NO SNOW that day!

I would like to thank the many friends, neighbors and relatives for their cards, calls and visits during my recent hospitalization and since my return home. Special thanks go to Mrs. Mabel Knorpp and Mrs. Betty Thomas for their thoughtfulness and concern, and to Mr. and Mrs. Bud Knorpp for the beautiful cactus. My grateful appreciation goes to Rev. Macfarlane for his prayers and cheerful visits which lingered long after his departure.

Sincerely,
Alvin T. Kappler

I thank my wonderful family, relatives, neighbors and friends for all the kindness shown me in so many ways while I was at the Saline Hospital and since my return home.

Also a special thank you to Pastor Hart, Pastor Hocking and Dr. Hwang.

Thank You
Olga Uhr

Dutch Netters Victorious

by Jon

Our girl volleyball squads opened the season in grand style as both varsity and junior varsity departed from Greenhills on the winning end.

In volleyball you must be victorious in two of three attempts and that's what both our teams did. Both fought back from first round losses to win.

In the JV match the scoring went 6-15, 15-10 and 15-2. The varsity game was 8-15, 15-10 and 15-10 with Julie Gebhardt leading the way in the point category with 13. Lisa Ricklemann supplied eight points as Jenny England posted fifteen spikes. Sarah Platt had fifteen sets this night as Treasa Rose helped, setting nine.

We now open our home and league stand against Napoleon Wednesday, January 11, then trek to Michigan Center, Monday, January 16. The games now start at 6:30 p.m.

NOTICE

Due to the tabling of the non-partisan resolution for thirty days, the next regular meeting of the Manchester Village Council will be held on Monday, January 23, 1984 at 7:00 p.m. in the Village Council Chambers, 120 S. Clinton Street.

- Mr. Walt Samonek
- Mr. Duane Kuebler
- Mr. Steve Kuebler
- Mr. Earl Alber
- Mr. George Wacker, G.E. Wacker, Inc.
- Mr. Bud DuRussel, DuRussel Farms

for their help on Christmas day. The efforts of these men by providing heaters, fuel, and work enabled the school district to avoid major frozen pipe damage during a heating system breakdown.

The school district and community are indebted to each of you.

It's Your Chance To Help Wildlife

Michigan residents now have a wonderful opportunity to help protect and preserve the wildlife that makes their state a special place in which to live.

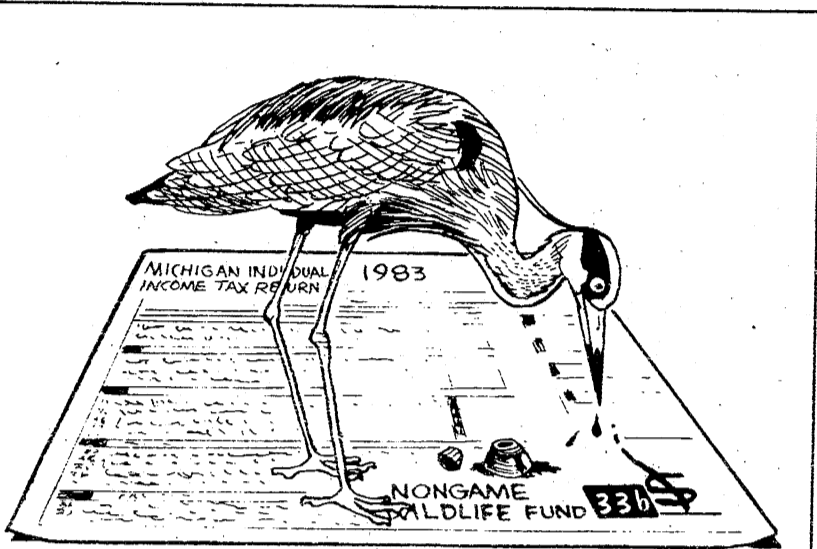

Bluebirds, bald eagles, prairie chickens, badgers, loons, Kirtland's warblers, and barn owls are but a few of the many species that will be helped with your support of the Nongame and Endangered Wildlife Program.

The 1983 Michigan Legislature created the Nongame Wildlife Fund to help support the many species of wildlife which we do not

many problems: population pressure, urban sprawl, land neglect, pollution, pesticides, and accidental and illegal killing.

In 1981 nearly all of Michigan's federal aid for helping nongame and endangered species was eliminated. Clearly, if we are to preserve our nongame wildlife heritage, we must do it ourselves.

The nongame wildlife refund write-in makes it possible to convert your concern for wildlife into actions. The write-in is not a part of your taxes (like the political tax check-off) but a

hunt or trap, but enjoy having and seeing in our environment. These nongame species include more than 500 kinds of birds, mammals, reptiles, amphibians and fish. Endangered plants will also be helped by this fund. Nongame wildlife is a vital part of our natural diversity and is important to the high quality of life we enjoy in Michigan.

For some species we can take special pride. During the breeding season Michigan has the entire world population of the beautiful endangered Kirtland's warbler and one of the highest number of nesting bald eagles of any state. Unfortunately our wildlife faces

Look for line 33b on your Michigan income tax form. That's where you can write in your donation.

If you do not have a refund coming, you can still donate to wildlife by sending a check to the Nongame Wildlife Fund, Box 30028, Lansing, Michigan 48909. Contributions made in this way should be made out to "State of Michigan-Nongame Wildlife Fund."

Your contribution will qualify as a deduction on your 1984 federal tax form.

It's Girl Scout Cookie Time Again!

Starting next week, the Manchester Girl Scouts will be taking orders for our seven delicious varieties of Girl Scout Cookies: Thin Mints, Caramel deLites, Peanut Butter Patties, Peanut Butter Sandwiches, Shortbread, Pecan Chocolate Chips, and the new Almond Fudge Cremes.

The annual 1984 Huron Valley Girl Scout Council Cookie Sale will take place January 20 through February 10 (order-taking), with deliveries scheduled for March 1st through 10. Nearly 10,000 Brownie, Junior, Cadette and Senior Girl Scouts, ages 6 through 17, will take part. Huron Valley covers Washtenaw, Livingston, Western Wayne and northern Monroe counties.

The cookie sale is the major fund-raising project in the Council that supports the Girl Scout program financially. The goal of the Council is to sell 700,000 packages. When this goal is reached, it will mean \$700,000 has been raised to support Girl
