Men's Club Elect Officers

The Manchester Men's Club held their January membership meeting at the Wolverine in Chelsea on Thursday, January 19. A very delicious dinner was enjoyed by all.

After dinner, fines were assessed and upcoming projects were discussed. Also elections of officers for the coming year were held. Officers for 1984 are President, Bob Rhees; Vice-President, Dave Bunn; Secretary, Bruce Pratt; Treasurer, Jim Jenter; Board of Directors, Richard Scott, Dave Kemner, Paul Wackenhut, Jerry Ahrens, Chip Eckert, and alternate, Chuck Denomie.

Dave Petsch, one of our members announced his intentions to run for mayor in the upcoming election. Dave discussed his intentions if elected and also answered questions.

Meeting adjourned at 9:45 p.m.

Manchester Family Service

Manchester Family Service hopes that no one was missed on the 1983 Christmas list of needy families including 81 household people served with 105 of their children and 26 senior citizens. The Christmas Project is built around the requests from the Department of Social Services, Washtenaw County Health Department, the Salvation Army, area churches and individuals. The area is Manchester School District, all of Manchester Township and that portion of Bridgewater Township that is in the Clinton School District.

The December 17 "Shop" and distribution day was at St. Mary's Church again this year. This "Santaland" was a maze of useful household items, clothing, toys, boots, shoes, caps, mittens and new Christmas treasures for the choosing. A handmade stuffed toy made by Mrs. Robert Pratt was atop each grocery box that went to a family where little children were involved. The gift orders for the families are based on the criteria of the Salvation Army for needy at Holiday time.

The Middle School Student Council under the guidance of Dick Fielder conducted the drive which netted approximately 900 canned and packaged foods for the grocery boxes. Klager Intermediate School, Emanuel United Church of Christ, Iron Creek Church and Manchester Methodist 4th Grade Sunday School Class plus other families and individuals brought the collection up to the necessary 1500 items.

This year, we are again indebted to the Abtrex Company of Inkster for the turkeys, half

The Presbyterian Bell Manchester, Michigan

A reprint from the Manchester Enterprise, dated February 7, 1895

Ring on sweet bell! thy cheery tones resounding,
Hath summoned souls to the blessed house of prayer;
And on the world's unrest and ceaseless longing,
Have sung a benediction on the listening air.

Ring on sweet bell! thy vibrant language telling,
Upon the Sabbath called, to service most divine;
And souls have answered and within thy dwelling
Have found the inward grace that makes the face to shine.

Ring on sweet bell! for in my heart thy story
Hath brought the past with all its peace and joy to me!
And from the years there comes a fadeless glory
Of times and names we nevermore shall see.

Ring on old bell! thy solemn voice in tolling
Announced the flight of many a sainted dead.
Whose names with ours on earthly books enrolling.

Mandatory Safety Belt Law

Michigan Secretary of State Richard Austin asked the federal government to accept passage of a state safety belt law as an alternative to air bags.

Austin told Diane K. Steed, National Highway Traffic Safety Administrator, he is confident that Michigan would adopt a mandatory safety belt law if this would be acceptable as a substitute for air bags.

Austin said adoption of air bags now would cost thousands of jobs in Michigan and the life-saving effect would not be felt for many years.

Austin said safety belts are now available in more than 95 percent of the nation's 105 million passenger vehicles. Their use could cut serious injuries by 50 percent and deaths by at least 20 percent. The challenge is to get motorists to use them.

A mandatory safety belt law would accomplish this without the added economic burden of air bags.

It is estimated by the University of Michigan Transportation Research Institute that requiring air bags would result in the loss of a minimum of 60,000 jobs in the auto industry because of the impact of increased costs on sales.

Austin said if Michigan were to be a demonstration state, the hard evidence would be developed

And now, in heavenly mansions, comforted.

Ring on old bell! I hear thy echoes swelling
All down the years, to the present thoughtful day;
And I, again the precious story telling
To those who now in glorious mansions stay.

Ring on old bell! and while of thee I'm thinking,
My heart is sad with what thy memories bring;
For many a loved, whose hopes with mine were linking.
No more on earth their Sabbath praises sing.

In better land, and grander temples praising,
With sweeter voice their hallelujahs raise;
And grander scenes provoke their rapturous gazing,
And joys unceasing, thro' everlasting days.

Ring on sweet bell! and pleasing God ring ever,
To call to truth and right, to peace and growth of soul;
And may thy voice with all its teachings never forgotten be, till all have reached that happy goal.

Parent Advisory Board Organized

In order to assure an open line of communication between the middle school staff and the home, a parent advisory committee has been developed. Several parent representatives from each of the grade areas will be meeting with the building principal and other staff members on a regular basis to discuss issues affecting middle school operations. The parent representatives are as follows:

FIFTH GRADE - Mrs. Ann Fenelon, Mrs. Rosemary Hamilton and Mrs. Sandy Winzenz.
SIXTH GRADE - Mrs. Carol Schulte, Mrs. Sonja Knul and Mrs. Jan Waldron.
SEVENTH GRADE - Mrs. Carol Samonek, Mrs. Jan Howell and Mrs. Sharon Hunt.
EIGHTH GRADE - Mrs. Ardella Swanberg and Mrs. Delores Strahle.

All parents/guardians who have questions or concerns about any issues involving the middle school are invited to contact Mr. Brian Schick at 428-7442 any time during the school day or any of the representatives listed. Your concerns will be placed on an agenda and discussed by the board. For interested parties the board minutes will be available in the middle school office.

HIT or MISS by farley

A friend of ours tells us that he recently crawled under his mobile home to check some frozen pipes and found four newly born kittens that had been abandoned by their mother.

He brought them into the trailer, put them in a box and wandered off to devise some method of feeding them. When he returned, he found the family's male dog, Skipper, in the box licking them clean.

The rest of the family feeds the kittens with eyedroppers, but Skipper takes over their care after that.

"I don't know what to expect when their eyes open and they find they've got a dog for a mother," he said.

The U.S. Secretary of Education says that he has released reams of statistics that he says detail a ten year decline in the quality of American public

Mothers March January 22-29

Start the new year off on the right foot by welcoming your March of Dimes Mothers Marcher. We need community cooperation in this appeal to support research, medical services and education programs.

"Each new year holds a great deal of promise," says Millie Schembechler, 1984 Honorary Mothers March Chairman. "By joining the Mothers March you can help some of these promises come true in the prevention of birth defects. Our nation's most serious child health problem affects more than a quarter-million newborns every year with physical or mental damage."

The Mothers March began as a family-to-family appeal in 1951 to help the March of Dimes combat poliomyelitis, the dread paralytic disease... Once polio was conquered by the development of effective vaccines, the March of Dimes turned its attention to the nation's most serious child health problem: birth defects.

The voluntary health organization, known today as the March of Dimes Birth Defects Foundation, still relies on the dedication and enthusiasm of its volunteer supporters. Funds collected in the Mothers March support research into the causes of and ways to prevent birth defects, intensive care for critically ill newborns and a vigorous campaign for better prenatal care for all mothers.

The March of Dimes is dedicated to preventing birth defects and improving the outcome of pregnancy. When these women, or the men who join them, come to our doors this January 22-29, welcome them with open arms and open purses. You will be giving to the children of today and tomorrow.

education.

The Superintendent of Michigan schools says the Secretary doesn't know what he is talking about.

The four major divisions studied showed increases in teacher pay, class size, the number of dropouts and decreases in the scores on college entrance examinations.

Nationally teacher's salaries went from an average of \$9,615 in 1972 to \$17,380 in 1982. Class sizes went from 22.3 to 18.9 and the percentages of ninth graders who graduated four years later went from 77.2 percent to 77.8 in 1982. A perfect score is 36. The college aptitude tests used for college entrance went from 9437 to 939,1000 is a perfect score.

The Michigan superintendent says that the survey figures were wrong. The numbers released said that Michigan students taking the American College test scored an average of 18.7 in 1982. The state superintendent said they were 18.6.

Other figures showed that the Michigan composite was 19.1 but the state's figures showed it to be 19.6, a one point drop over the ten years when the number of students taking the tests went from 24.4 percent to 51.4 percent. Michigan statistics, said Superintendent Runkel.

He also said that there was a dropout rate of 5.85 percent in 1940-41, the most recent date for which figures were available.

"We've been through the most depressed times in our history. We've had students move out of the state. These figures were counted as dropouts in Mr. Bell's figures for Michigan."

Michigan's ratings for pupil teacher went from 24.8 to 22.9 but moved only from 49th place to 48th place nationally.

Michigan's average teacher salary stayed ahead of the national average during the ten years covered by the 10 year period. Michigan's average in 1982 ranked third in the nation. It was \$21,507 up from \$11,300, a decade earlier when Michigan was tied for third place. Alaska's average for 1982 was \$29,000 for tops while Vermont's was lowest with \$13,285.

The minute our school taxes go up a considerable percentage of our residents howl and moan about and insist that our schools are wasting our money unmercifully but that is the only interest they show in our schools. This fact is proven by the fact that at the last school election only some 20 percent of the eligible voters cast ballots. If they don't like the way their schools are being run they can change their present situation with their votes at school election time. It's going to take more than reams of statistics to pinpoint the faults with our educational system but if

Wrestler Parents Night

Middle Schoolers will be admitted free to the final home wrestling meet, which will also be Parent's Night. The meet will be against Blissfield, Thursday, February 2nd, and will start at 7:30 p.m. If you've never seen a high school wrestling meet, this is your chance to observe a demanding sport that requires determination, discipline and intense conditioning. This week, the Dutch will travel to Napoleon on a 7:00 p.m. meet on Thursday, January 26th, and again on Saturday for the Napoleon Invitational at 10:00 a.m. Manchester continues to be at a disadvantage in dual meets with only 6 of 13 weight classes filled. They still managed to give

Gabriel Richard a run for their money January 17th, winning 4 of 5 matches and taking a forfeit in another. Richard forfeited 4 weight classes and there were 4 double forfeits for a score of Richard 45, Manchester 36. Winners were B.J. Lee (98 lbs.), by a score of 6-5, Bob Curley (145 lbs.) with a pin at 2:39, Steve Vleck (155 lbs.) 7-2, and Jeff Daubner on a pin at 4:34. Shawn Ion (112 lbs.) took the forfeit. Joey Deacons (119 lbs.) worked hard but came out on the short end of a 7-6 score.

Speaker At W.C.C.

Gary Owen, Speaker of the Michigan House of Representatives, will come to Washtenaw Community College Friday, February 3, to talk with students at the College and other constituents. The public is welcome to attend. From 10:00 to 11:00 a.m. Representative Owen will answer students' and the public's questions in the College Theatre-Room LA I-of the Liberal Arts and Science Building. A reception in the Board Room (second floor of the Student Center Building) at 11:30 will close his day at W.C.C. A graduate of the College, Owen has taught state and local government at W.C.C., reports aide Theresa Bossard. The twelve-year Ypsilanti resident holds a Masters degree in Urban Planning from the University of Michigan and an honorary Doctor of Law from Eastern Michigan University.

OSTEOPOROSIS CAN BE PREVENTED

Many of us know someone—usually a woman over the age of 60—who has broken a hip or wrist while doing a routine task. Bone fractures are common among elderly women, we have heard, because their bones simply weaken with age. In point of fact, weakening of the bones is not an inevitable part of the aging process. It is a treatable disease called osteoporosis.

Roughly 15 million Americans suffer from some degree of osteoporosis, and about 88 percent of the cases occur in women. Osteoporosis can begin as early as age 35, so that by the time a person reaches the age of 60, her (or his) bones are thinner and break more easily than those of someone who has not developed the disease. Every year, 190,000 elderly persons fracture hip bones. Osteoporosis is often the underlying cause, and many of these people decline in health and die within six months of the injury. This tragedy is made all the more terrible by the fact that osteoporosis is largely preventable.

Osteoporosis is a progressive disease, meaning that once it begins, it continues to worsen if not treated. Osteoporosis is caused by a decrease in calcium and other substances that maintain strong bones. Women are more likely to contact the disease, partly because their bones are smaller to start with, and also because changes that occur during menopause lower the levels of calcium and estrogen in their bodies, thereby accelerating their loss of bone tissue.

For most women, the gradual bone-thinning process that occurs in osteoporosis is painless. In fact, the first sign of disease often appears on an x-ray taken for another purpose or, unfortunately, when a bone is fractured. The disorder usually shows up first in the bones of the forearm and the spine. It may later affect the upper part of the thigh bone, where it helps to form the hip. Women who lose bone mass in their vertebrae or spine may suffer from lower back pains because the shrunken vertebrae move closer together and put

to convince other states to adopt mandatory belt laws.

If mandatory safety belt laws don't work, then we can turn to air bags as the only remaining viable alternative.

Austin said, "I am asking the Department of Transportation to give the Michigan legislature until June to adopt the pending safety belt bill."

Austin told a meeting of the Transportation Research Board of the National Research Council about Michigan's efforts to enact a mandatory safety belt law.

Austin said acceptance by the federal government of a state safety belt law as a substitute for air bags would provide a major boost in efforts to obtain enactment of a mandatory safety belt law for Michigan.

Austin also met with Michigan Congressman John Dingell to enlist his support of Austin's proposal.

Republican County Convention

A Republican County Convention was held at Clague School in Ann Arbor, January 11, 1984 to elect delegates and alternates to the Republican State Convention.

Area residents who were elected to attend the January 27 and 28 Convention in Grand Rapids are Mike and Kay DuRussel, Jane Talcott and Dan Winkler.

Convention business will include election of delegates and

alternates to the National Convention in Dallas this summer, and election of a National Committeeman and Committeewoman.

Agriculture Director To Speak At Annual Meeting

William Fishbeck, Chairman of the Washtenaw County Soil Conservation District announces the 35th District Annual Meeting

to be held Tuesday, February 7, 1984 at the Pittsfield Union Grange Hall, 3337 Ann Arbor-Saline Road, Ann Arbor. The public is invited to attend the meeting which will begin at 8:00 p.m.

The featured speaker for the meeting will be Dr. Paul E. Kindinger, Director of the Michigan Department of Agriculture.

An important event to be conducted at the meeting will be the election of two District Directors to fill the expiring terms of Leonard Burmeister and Charles Koenn. Candidates for the two director positions are Leonard Burmeister, Freedom Township; John Cares, Seo Township; Charles Koenn, Sylvan Township; and Lester McCalla of Sharon Township. The two candidates receiving the highest number of votes will be elected to three-year terms.

Other features of the Annual Meeting include award presentations, refreshments and door prizes donated by area businesses. There is no charge for the meeting.

Questions regarding the District Annual Meeting should be directed to the Soil Conservation District Office, 6101 Jackson Road, Ann Arbor; telephone 761-6721.

It's Girl Scout Cookie Time!

The twenty-fifth annual Huron Valley Girl Scout Council cookie sale kicked off January 20 and runs through February 10. Girl Scouts from Washtenaw, Livingston, western Wayne and northern Monroe Counties will be taking orders for seven varieties of cookies during this period.

Mrs. Jeanne Wood from Canton, chairman of the 1984 cookie sale, says, "The proceeds from the sale will be used to benefit Girl Scouts individually and through troop and Council program opportunities. These funds maintain three Council camps, provide staff services, girl and adult training events and much more. The sale is the Council's primary fund raiser and is the vital link in continuing to provide Girl Scout program to girls now and in the future," adds Jeanne.

The seven varieties of cookies offered includes the new Almond Fudge Cremes, Pecan Chocolate Chip, Shortbread, Thin Mint, Peanut Butter Patties, Caramel deLites, and the Peanut Butter Sandwiches. The cookies baked by FFV-Interbake in Battle Creek, Michigan and Richmond, Virginia, are made with 100% vegetable shortening and contain no preservatives.

The price of the cookies is \$1.75 per package. Each Girl Scout enrolled in this fund raising project is encouraged to sell 88 packages. Last year each girl selling averaged 91.25 packages, with Vonyea Carter, the top sales girl, selling 1,011 packages. The Council's goal for this year's sale is 700,000 packages.

The purchase of Girl Scout

Cookies is more than buying groceries. It is helping each and every Girl Scout in the community.

Huron Valley Girl Scout Council is a United Way agency.

Matthaei Botanical Gardens To Hold Lobby Sale

The Friends of the Matthaei Botanical Gardens will hold their monthly Lobby Sale on Saturday and Sunday, February 4 and 5, 1984 from 10 a.m. to 4:30 p.m. at the Gardens, 1800 N. Dixboro Road, Ann Arbor. Items available will be selections of indoor plants, stationary, books on plant care and preservation of herbs and flowers. Come to the Gardens, tour the Conservatory or walk on the outdoor trails and shop at the Lobby Sale. The outdoor trails and the lobby exhibit are free. There is always a fee of \$1.00 for the Conservatory.

On Sunday, February 5, Docents will be at the Gardens to offer guided tours through the Conservatory at 2:00 p.m. For more information phone the Gardens, 764-1168.

The educational and interesting exhibit in the lobby for the month of February will be "The World of Ferns." The selection of live ferns will be used to display the many types and forms found in the world. There will also be written material on structure, reproduction, distribution, evolutionary history, and common ferns for the home. There will be a series of black and white photos showing different fern spore patterns.

From The Surgeon General
Doctors try to stop or slow down the rate of bone loss in patients with osteoporosis in a number of ways-by prescribing diets rich in calcium and adequate in protein, for example, and by encouraging patients to get plenty of daily exercise, such as walking, bicycling or another activity appropriate to the age and physical condition of the patient. Vitamin D supplements often are prescribed because vitamin D aids in the absorption of calcium from food. An effective and common drug treatment for slowing bone loss in women after menopause is estrogen therapy. Neither vitamin D nor estrogen should be used, however, except under close medical supervision.

Saturday, February 11, Teen Fellowship will spend the day at Echo Valley.

Of course, the osteoporosis that shows up in the later years had its beginnings much earlier, which is why medical experts today recommend that preventive measures be started as early as possible. A woman should get plenty of calcium in her diet throughout life, but particularly after the age of 40 and following menopause. Dark green, leafy vegetables are excellent sources of calcium, as are milk and milk products. To make sure that you get the calcium you need, discuss your diet with your doctor. After estimating the calcium content of a person's normal diet, a doctor can recommend calcium supplement tablets, if necessary, to bring daily calcium intake up to the proper level for that individual. Staying active appears to protect against osteoporosis, too. While there is no hard proof that exercise will prevent the disorder, we do know that lack of physical activity hastens bone loss and that regular exercise of the type that works the muscles against gravity, such as walking, bicycling and running, serves to maintain and actually strengthen bones. Osteoporosis is a common problem, a serious problem for millions of Americans. But it is not an inevitable consequence of the aging process. By keeping your calcium intake at the proper level and by getting the right kinds of exercise on a regular basis, you can do a great deal to protect yourself against this disabling, but preventable, disease. Why not start today?

"Miami In March"

The annual tour of the Friends of the Matthaei Botanical Gardens will be to Miami, Florida, from March 6 - 14, 1984. Labeled "Miami In March", the tour will focus on Fairchild Tropical Gardens, Villa Vizcaya, Everglades National Park, the USDA Plant Introduction Station, as well as orchid nurseries and other points of interest to the gardener and plant enthusiast. A highlight will be the Exhibition of the Eleventh World Orchid Conference. The Orchid Conference, held once every three years, has not been in the United States since 1966. The tour is open to anyone who is a member of the Friends. For membership information and an itinerary call: William Collins at the Gardens, 313-764-1168.

Sugar Loaf Hosts Winter Special Olympics

Seven hundred mentally impaired individuals from across Michigan along with six hundred chaperons and volunteers will travel to the Leelanau Peninsula to participate in Michigan's

seventh annual Winter Special Olympic Games.

Special Olympics is an international program of physical fitness, sports training and athletic competition for mentally impaired children and adults. Like the international olympic games, winners receive gold, silver and bronze medals.

Sugar Loaf Resort, a ski area and conference center 18 miles N.W. of Traverse City, hosts the event, February 7 through 10.

"The Special Olympics were designed to train mentally handicapped individuals in athletic competition. By participating in these sports the mentally impaired improve their physical coordination and, at the same time, raise their self esteem," stated Cindy Rudert, program coordinator for the Special Olympics.

This year's competitive events are: alpine skiing, cross country skiing, snow shoeing and ice skating. Other activities include wheelchair races, toboggan rides, broomball games, ice sculptures and variety shows.

"We've got something going on inside as well as outdoors from breakfast time until the lights go out at night," stated Tom Forgie, director of sales at Sugar Loaf.

Opening ceremonies include a torch light parade of ski instructors coming down the mountain, fireworks, a snowmobile procession, a local high school band and the traditional lighting of the olympic torch.

"The special olympics games are every bit as important to its competitors as the international olympics are to our star athletes. For many of these mentally impaired individuals it is their only opportunity to visit a ski resort and participate in winter activities," stated Forgie.

Volunteers interested in donating their time to the Michigan Special Olympics Winter Games can call Sue Terns or Cindy Rudert at (517) 774-3911 between 8:00 a.m. and 5:00 p.m. The Michigan Special Olympics headquarters is located at 126 Rowe Hall, Central Michigan University, Mt. Pleasant, Michigan 48859.

Exotic Cooking Of India

Some like it hot but some like it mild says Ms. Loveleen Bajwa, owner of Raji Rani, a local Indian restaurant. She is speaking, of course, about the foods of her native country. Ms. Bajwa will be the featured speaker at Cooperative Extension Service's monthly Corner on the Kitchen program, February 7 at 7:30 p.m. at the County Service Center, 4133 Washtenaw Ave.

The educational program, Exotic Cooking of India will feature an explanation of how the Indian cuisine varies according to region and local spices. The diet is low in sodium, adequate in protein and high in flavor. She will demonstrate the preparation of chicken, cheese and vegetable pakoras, a deep fried filled fritter. A dessert will also be served. The \$2.00 admission fee covers the cost of food and recipe sheets. Reservations should be made by calling Cooperative Extension Service at 973-9510.

Federal Tax Help In Your Neighborhood: IRS

Most small town residents and suburban areas don't have locally stationed IRS personnel to go to for help with federal income tax

forms. But, that situation will change for scores of communities, and community organizations who take the initiative to inquire about the Internal Revenue Services "Outreach Program".
District Director Charles A. Parks said IRS representatives plan to bring free individual tax help into more than 100 neighborhood locations in the state during the 1984 tax filing season. Parks said the Outreach program, tested last year, will be expanded almost three-fold for the January thru April 15 period. IRS assistants will schedule tax help projects during daytime and evening hours as well as on weekends, Parks said. Libraries, community centers, schools, union halls, factories, churches and other suitable sites will be used, he said.

In most locations the IRS personnel will be accompanied by specially trained local volunteers who will work on state and local tax forms, Parks said. Representatives of community organizations and other groups interested in arranging for a local outreach program should call or write the program coordinator in Detroit.

The address is Outreach Coordinator, Internal Revenue Service, P.O. Box 32500, Stop 12, Detroit, MI 48232. The tollfree phone number is 1-800-424-1040, extension 3674.

Decrease In Traffic Accident Fatalities For 1983

Michigan has recorded a provisional toll of 1,297 traffic accident fatalities for 1983, the lowest annual loss since 1945 when 1,150 deaths were recorded, according to Col. Gerald L. Hough, State Police director.

While the present count will increase slightly due to delayed reporting, he said the continuing decrease in yearly deaths is encouraging. As of this accounting, fatalities in 1983 have declined by 8.5 percent from 1,417 in 1982 and by 47.8 percent from the state's highest recorded total of 2,487 in 1969.

Increased use of safety belts and child restraints were a contributing factor as well as law enforcement awareness of the drinking driver problem, Hough explained. He stressed the importance of seat belt usage, noting that 94.6 percent of the 1983 fatalities who had seat belts available were not wearing them.

Traffic officers point out that the decrease in deaths in Michigan last year has been achieved with total statewide motor vehicle traffic mileage expected to be a little more than the 61.32 billion miles recorded in 1982. Officers also look for another good low year for the death rate per 100 million miles of motor vehicle travel in 1983. Michigan had a mileage death rate of 2.31 in 1982, the lowest on the state's record.

State Police traffic figures show that Michigan had three traffic deaths over the Christmas holiday weekend compared with 19 deaths in 1982, and seven fatalities over the New Year's weekend compared with 10 a year earlier.

Reports of deaths that occur after 1983 but are charged to traffic accidents which occurred during that year will increase the state's annual traffic death loss, officers pointed out.

On The Road Fun Found In Michigan

All roads leading into southeast Michigan lead to fun and excitement and the Travel and Tourist Association of Southeast Michigan is eager to guide travelers to all of the interesting places to be found in the 11-county region.

The Association has just released its new "Mini-tours" brochure, "On the Road in Southeast Michigan" which describes 11 one, two and three day trips throughout the counties of Oakland, Wayne, Macomb, Sanilac, St. Clair, Washtenaw, Lenawee, Jackson, Livingston, Hillsdale and Monroe.

The 4-season brochure depicts a wide range of tours from skiing, fishing and camping to fall color tours, cultural and educational areas. Whether you're looking for things to do in one of our large metropolitan cities or a peaceful trip to the countryside, this new "On the Road in Southeast Michigan" is free and can be picked up at the Association's office, 64 Park Street in Troy, or mail a self-addressed, stamped business envelope to TTA, P.O. Box 1590, Troy, MI 48099-1590.

Married

VIRGINIA MARIE BOWERS
MICHAEL ERIC SCHNEIDER

Virginia Marie Bowers and Michael Eric Schneider were united in marriage on November 12th at the St. Stephens Evangelical Lutheran Church in Adrian. Pastor Daniel Gieschen officiated.

The couples parents are Mr. and Mrs. Lawrence Bowers of Manchester and Mr. and Mrs. Gordon Schneider of Adrian.

Matron of Honor was Mrs. Brian (Dana) Ploegstra of Adrian, friend of the bride while Michael Ploegstra of Adrian, friend of the groom served as Bestman.

Bridesmaids were Lisa Schneider of Adrian, sister of the groom and Mrs. Michael (Joyce) Spiess of Manchester, sister of the bride.

Groomsmen were James Noffsinger of Oxford, Ohio, friend of the groom and Douglas Bowers of Manchester, brother of the bride.

Ushers were Raymond Schneider of Manitou Beach, brother of the groom and Larry Bowers of Westland, brother of the bride.

The bride is a graduate of Manchester High School, she attended Washtenaw Community College and is employed as a secretary at Culligan Water Conditioning in Ann Arbor.

The groom is a graduate of Adrian High School, he recently completed 6 years in the U.S. Navy and is attending Washtenaw Community College where he is employed at the Veterans Office.

A reception followed at the K of C Hall in Adrian. The couples sisters, Mrs. Wm. (Susan) Cunningham of Monroe and Susan Schneider of Adrian, cut the cake. The couple are residing in Ann Arbor after a wedding trip to Washington, D.C.

Diabetic Program Presented

All diabetics, their friends and family, are invited to a special educational program on "Insulin Dependent Diabetes Mellitus - Prospects for Early Detection and Prevention" by Eric W. Lewis, M.D., a Post Doctoral Fellow from the University of Michigan Medical School, Department of Internal Medicine, Division of Endocrinology and Metabolism.

This presentation will be on Tuesday, January 31, 1984 at 7:30 p.m. in the meeting room of the Marriott Inn (3600 Plymouth Road) in Ann Arbor. Come prepared to ask questions of the physician and of the American Diabetes Association representative.

Participants are required to donate 30 hours of their time during the gardening season to community projects.

Manchester Village Planning Commission

December 12, 1983

The regular meeting of the Manchester Village Planning Commission was held in the Village Council chambers, with members present: Alber, Leeson,

Grossman, Stautz, Smith, and Lowery; members absent: Kallewaard, Kwolek, and Walton. A quorum was present. The meeting was called to order at 7:33 p.m., by Chairman Alber.

The prepared Agenda was considered and adopted. The Minutes of the November 15, 1983 meeting were reviewed, and accepted as read.

Smith reported that in reference to the Industrial Park study, there is a meeting being held with a representative of the Michigan State Commerce Department, attended by various members of the business community and representatives from other agencies concerned.

Two probable Building Code violations were discussed. They will be referred to the proper authorities.

Scope of the Sign Ordinance it would apply to anticipated request by a C.B.D. merchant for an "Open 24 Hours" sign was discussed. The Village Attorneys have expressed the opinion that even if other conditions were met, the various size limitations would negate its legality as an out-of-doors use.

In reference to the anticipated new development of some property in the south-eastern area of the village, it was suggested that the owner be advised of any possible restrictions or other conditions which might limit some uses of certain portions within the flood hazard zone established by the Federal Insurance Administration of the Department of Housing and urban Development, or the flood prone zones as modified to reflect actual elevation data, delineated by Engineers McNamee, Porter and Seeley (John M. Holland), as quoted from a communication to the Village President, published in The Manchester Enterprise, May 1, 1975. Also, any information on compatibility of run-off, etc., which may be supplied from the Michigan Department of Natural Resources.

Adjournment was moved by Grossman, seconded by Lowery. The meeting was declared adjourned, at 8:10 p.m.

Laurin F. Leeson, Acting Secretary

Dutch Spikers Stumble

The Manchester Volleyball team just couldn't get on track this week and fell to Michigan Center 10-15 and 9-15. We also were downed by Hanover Horton 3-15 and 12-15. Statistically in these 2 games, Julie Gebhardt had 10 points, Jenny England had 28 spikes and Sarah Platt had 29 sets.

Roundballers Tie For #1

The Manchester Dutchmen visited the Trojans from East Jackson last Friday and knew a win would knot the league. This will untie itself Tuesday as we host Michigan Center.

We played badly in the first half falling behind after the first period 18-12 and at the intermission it stood 8 back. The locker room talk must have been really something as the squads entered for second half battle.

From the tip you could tell East Jackson was in trouble—we were all over them and it turned the 8 point deficit into a 13 straight five point lead. Mike Agin and Ron Melcher lifted us as Mike netted 6 of his game 12 points with Ron also popping in 6 of his 13 total in this key third period. We just kept canning all night as the Trojans played confused, leaving the final 70-62. Pat Ridenour led the scoring with 16 as Ron had 13 and Mike 12. Mark Ball hit for 10 as John Blumenaur totaled 8. Bob Bunney posted 7 points as Tom Lockridge added 4.

Our Little Dutch just keep rolling - 49-40 - to remain unbeaten in Cascade play.

Your phone service in 1984.

How to start it.

How to change it.

How to stop it.

New ways to handle your phone service.

On January 1, 1984, Michigan Bell separated from AT&T. As a result, there are some changes in how you go about starting, transferring, changing or disconnecting your phone service.

Services Michigan Bell provides:

Michigan Bell provides your basic local service, ranging from budget measured service to flat rate service with unlimited local calling. We continue to offer Calling (Credit) Cards and optional calling plans, plus Touch-Tone® service and Custom Calling service, where available. We also offer long distance service *within* certain geographic areas called LATAs. LATA stands for "Local Access and Transport Area." In Michigan, there are five LATAs that happen, in most cases, to closely approximate our Area Codes.

Services other companies provide:

Effective January 1, 1984, AT&T Information Systems assumed ownership of the phones that Michigan Bell had been providing for a monthly fee. AT&T will continue to lease phones to you and will offer repair services for them. You also have the option of obtaining telephones from other telephone suppliers.

A number of companies provide long distance service *between* LATAs. You may wish to contact various companies for an explanation of their offerings.

Ordering new service:

Call a Michigan Bell Service Representative to arrange for new Michigan Bell service. You'll find a number to call listed in the Customer Guide pages in the front of your Michigan Bell Telephone Directory.

In order to use your Michigan Bell service, you need to lease or buy your telephones, as mentioned earlier, from the supplier of your choice.

You also may want to select a long distance carrier. Your basic Michigan Bell service provides access to AT&T long distance service. Or you may contact one of the other companies that offer long distance service.

Transferring service:

Call your Michigan Bell Service Representative to have your service disconnected at your old address and started at your new Michigan Bell location.

Telephone sets that you own may be taken with you to your new address. If you are leasing phones from AT&T, please call AT&T Information Systems for instructions as to the disposition of those phones (1 800 555-8111).

Adding, changing or deleting service:

Call your Michigan Bell Service Representative if you wish to add or delete telephone lines, or if you wish to add

or delete other services, such as Touch-Tone service or Custom Calling services, etc. Your Service Representative's phone number is listed on your telephone bill.

If you want additional outlets for extensions, you have these options: Michigan Bell or other companies will install them for a charge, or you may install them yourself, using conversion kits available through other service companies.

Disconnecting service:

To cancel your Michigan Bell service, simply call your Service Representative and ask that it be disconnected. If you are leasing phones from AT&T, you need to call AT&T Information Systems for instructions as to the disposition of those phones.

Michigan Bell intends to keep you informed as other changes take place in your phone company and your phone service. You expect the best... and that's our promise to you. After all...

IT'S AT&T WE'VE SEPARATED FROM...
NOT YOU.
