Boosters Responsible For New Football Scoreboard

The Athletic Boosters completed Phase I of a four-phase program by placing a new football scoreboard at the athletic field. (See related Athletic Booster article on page 6.)

Athletic Complex Track To Be Resurfaced

Superintendent of the Manchester Community Schools Gene Thompson recently announced the contract for resurfacing of the all-weather track located at the athletic complex near Klager Elementary has been given to the firm of Current Surfaces, Inc. of Jackson, Michigan.

"All of our reports indicated that the track surface is in good condition for its age," said Thompson. "However, we knew that we were pushing our luck if we did not proceed with a resurfacing very soon. I recently awarded the contract to Current Surfaces for approximately \$8,100. The money for this project will come from the 1.5 mill special maintenance tax levy."

The track which is approximately seven years old was originally installed by the Jackson firm. It is made up of a composition product containing asphalt and rubber. The very same product will be used in the resurfacing. It was felt that excellent results had been received from the original construction and that the same product should again be utilized.

A Desperate Chase

MANCHESTER ENTERPRISE
SEPTEMBER 13, 1877

About three weeks ago a man arrived at the Goodyear House, in this village, and registered as R.R. Youngs. He claimed to be waiting for a man who was coming from Lansing. He hired a livery of Mr. Farrell to drive to Crouches, west of Tecumseh, returning at night. He took an early walk the next morning and forgot to pay for the livery or his board. Tom and Sut. Vreeland went in search of him that day, but he left no clue and they returned empty handed.

Officers at Clinton and Tecumseh were informed regarding the fellow's actions and instructed to arrest him should he put in an appearance. We learn that he has been to Tecumseh twice since he left here, the last time being on Saturday last. He went to Jackson on that evening and on Monday morning he hired a livery to go into the country, promising to return at night. He did not return. Officers at Clinton sent word here on Tuesday at about three o'clock that the man Youngs, accompanied by another man, was there, and they immediately started after him.

Arriving at Clinton they found that they had driven west. They took the trail and arriving at H. Lancaster's, at Evans Lake, found that they had been there only a short time before, but that as they enquired the distance to Norvell, Brooklyn, Morenci, etc., and did not state where they were going; they did not know which course to take. Lancaster said the team was about used up, and

thought they were working towards Jackson. He thought they would not go farther than Brooklyn that night, as it was already quite dark.

After consultation they concluded to go to the junction, and if they failed to find their man would go to Brooklyn, where they were in full hopes of cramping him.

It was not a pleasant ride. The roads were stony and muddy, and over hill and dale; add to this the darkness and the increasing opportunities for the bird to skip should they overtake him, together with the presentment that they were on the wrong track, and one can imagine that the boys were not in good spirits.

They drove to the junction and to Brooklyn but failed to get an encouraging word, so they concluded to go to Napoleon, where they put up for the night.

Wednesday morning they drove to Norvell, and their hearts were made glad when they found that Youngs had put up at the hotel, having come directly there from Lancaster's, and had gone out into the country on business, leaving his partner at the hotel playing cards.

They now felt that they were sure of their man, for he would surely return to the hotel after transacting his business with some farmers in the vicinity; so the boys waited and watched for nearly three hours, when suddenly Youngs put in an appearance. Sut. was sitting in front of the hotel when he drove into town from the south, and it is

Bloodmobile Scheduled For October 15th

Monday, October 15th, the regular Fall Red Cross Bloodmobile is scheduled for Manchester area. Emanuel United Church of Christ will host the clinic from noon to 6 p.m. according to Ica Schaffer, chairwoman-for-the-day.

This Bloodmobile has emergency status due to the recent strike which disrupted blood collections. The goal for the day is 250 units. Donors are men and women in good health between the ages of 18 through 65. They may give up to five times a year, but there must be 58 days between donations. For instance, August 18th is the last date one can have given and be eligible for the October 15th Bloodmobile. Anyone in this area called by the Red Cross or Ann Arbor Hospitals now for an emergency blood donation can postpone his donation to October 15th and give at home.

Recruiters for donors are working in all the churches in the area. Local industries will be signing up their employees during the week and a half before the clinic. People not contacted at these sources may sign appointment cards at displays in Comerica, Great Lakes Federal and 1st of America Banks or at the IGA A & B Market. Those signed up by October 9th will receive their appointment cards back in the mail indicating the times they are scheduled. (If your card doesn't come back, come at the time you signed up for, as cards do get lost!) Also, "walk-ins" are welcome on the 15th and they will be worked into the schedule as quickly as possible.

Mark October 15th in red on

your calendar now! It is too important to forget as all the hospitals in the area are depending on your support—a neighbor or one of your family might be the next one in need.

Hit Or Miss

America's dogs and cats don't yet have Blue Cross cards clipped to their collars, but many are following the same route as their owners in dealing with rising health care costs—medical insurance.

Already well established in some states, pet health insurance is spreading and growing in popularity.

"When a veterinarian bill comes in it can create economic hardship and unfortunately sometimes it's the pet that loses out," Jo Schetter, public information director for Veterinary Pet Insurance Inc., of Garden Grove, California, explains.

"We are there to help people budget for the risk factors they cannot plan for. It's nice to be able to tell the veterinarian to do all they can to save the animal, and that's what the insurance is for," she says.

And, Ms. Schetter says, veterinarians report that owners of insured animals tend to bring them in sooner when illness strikes rather than take a wait-and-see attitude.

Veterinary Pet Insurance, just over two years old, now insures 38,000 cats and dogs in California and hopes to expand to Arizona and Washington state as soon as approval is received from regulatory agencies in those states.

Across the country, Animal Health Insurance Agency of

Mount Kisco, N.Y., has been marketing pet medical plans for three years.

Scott Henderson, agency president, declined to say how many policies have been sold other than that "it's in the thousands. It's sufficient enough for us to expand."

Mr. Henderson says his company has applied to market policies in 22 states and has won approval in a dozen so far. "If we didn't get the numbers (sales) we wouldn't be seeking approval in other states."

Dr. Gary A. Banas, a veterinarian at Burke, Virginia, says an insurance system called the Pet Protection Plan has been approved for operation in his state within the last six months.

And in the Detroit area, a group of veterinarians has set up a health maintenance program for pets.

Pet Health Plan of Minnesota offers coverage for accident and illness, and additional coverage can be obtained.

Veterinary hospitalization and treatment averages about \$50 a day, Dr. Banas says, and can climb quickly for an animal that needs specialized care, after an accident for example.

The Dallas, Texas-based plan sold in Virginia does not involve veterinarians directly, as the pet owner makes payment and then receives a refund from the insurance company, Dr. Banas

75th Anniversary Of Bethel Church Building

Bethel Church of Freedom Township will celebrate its 75th Anniversary of the building of the present stone church. We welcome Rev. Kenneth Kuebler, son of the late Rev. Robert Kuebler, to deliver the message at the 10 a.m. Service. There will be a potluck dinner served at 12:30

p.m. following the service.

We are pleased to have Rev. Victor Schoen, son of the late Rev. A.A. Schoen, deliver the message at the 2 p.m. Service.

We welcome all members and friends of Bethel Church to worship with us as we give thanks for the years the beautiful stone church has been of service to us.

BAND BOOSTERS

Wednesday September 19, 1984
The meeting was called to order at 7:05 in the High School Library by President Sallie Anderson. The previous minutes from May 23, 1984 were read and approved. It was noted by newly elected Treasurer Jan Waldron that the financial books have not been completely turned over yet so she was unable to give a financial report at this time.

Old Business: A group discussion was held about the band's project of selling community calendars that offer the buyer a listing of his family birth and anniversary dates. We must receive at least 200 orders. Presently, we are in need of a sponsor for the group picture of the band on this calendar. This problem will be worked on no later than this week. The calendar also offers to list local group's events, and Band Boosters unanimously decided to purchase the listing of our future meeting dates on the calendar. The board also decided to list dates such as sports dates, chicken broil, etc.

The 7th and 8th graders have completed their sale, to be tabulated soon.
A discussion was held as to the reason for these fund drives, which has been to purchase many band-related items in the past, but will also be the only way we can replace our present uniforms which are at least twelve or more years old. As the larger groups of students graduate toward high school, we are anticipating needing even more uniforms than we now have, and with much research, have discovered that we can buy new uniforms cheaper than we can order duplicates (mainly because they are wool). Each new uniform costs between \$200 to \$300, and an anticipated total of \$20,000 will be needed.
New Business: A discussion on money-makers led to Carol

school buildings. As large single pane glass windows are removed they are replaced with smaller thermal-block windows and extensive insulation.

In addition to window replacement and insulation, extensive work is called for in heating controls and electrical replacement. Also included in the project is the replacement of the high school ceiling.

Superintendent of Schools Thompson stated, "This is exactly the kind of project we have attempted to institute for the past several years. It is a project designed to pay for itself through cost avoidance within a relatively short period of time. Once the bonds are retired the dollars saved will be used for educational purposes into the future. We feel this project takes us a long step toward modernizing the school buildings."

Kings Daughters Meeting September 27th

The Kings Daughters will meet on Thursday, September 27th at Mrs. Bessie Davidson's home, 13328 Logan Road. Reservations for the state convention must be in by September 22nd.

Work Proceeds On Energy Retrofit Project

Community members who have driven by Nellie Ackerson School in recent days have noticed a significant change in the appearance of the building. Work is progressing at a rapid pace on the Energy Retrofit Project which is designed to save the school district thousands of dollars in energy costs.
Using the guidelines of Public Act 431 the Manchester Board of Education recently borrowed \$350,000 in energy bonds which will be paid back from the cost savings on energy expenses. The entire project is scheduled for repayment in 8.7 years. A key part of the project is the replacement of a large portion of the glass currently found in the

Student Selected For FFA Band

Todd Haselschwerdt, son of Mr. and Mrs. Duane Haselschwerdt of Manchester, has been selected to participate in the 1984 National FFA Band. This band is selected from applicants from all FFA chapters in the United States. After a series of auditions, each state selects its state representatives and alternates. Todd is one of our state representatives. The band will start rehearsals on November 4 and will perform at the National FFA Convention on Saturday, November 10 in Kansas City, Kansas. Todd is a 1984 graduate of Manchester High School and has been playing the trombone for eight years. He is currently attending Michigan State University.

Saline And Milan Students Take Classes At Manchester High School

For many years, the students of Manchester High School have traveled to Saline to take vocational classes. These classes are offered in the morning and afternoon to juniors and seniors and includes such courses as Machine Shop, Model Office Practices, Health Occupations, Electronics, Auto Shop and Printing. Now for the first time, students from other area high schools, specifically Saline and

Milan, are traveling to Manchester to take vocational classes in Computer Programming. Two years ago, Manchester High School applied for and received permission from the State of Michigan to offer a two hour vocational class in Computer Programming. This course teaches a number of computer languages including cobol, fortran, and pascal. The South and West Consortium, an organization comprised of five area high schools including Manchester, Milan, Saline, Dexter, and Chelsea, purchased IBM personal computers and other equipment necessary to offer this class. Last year it was available for the first time to a limited number of Manchester students. This year it has been expanded with students from Saline and Milan joining Manchester students.

Students enrolled in the Computer Programming are left to right - Paul Reynolds, Saline High School; Karen York, Manchester High School; and Rich Boggs, Milan High School.

Bill Symons, Computer Programming teacher, states "It's exciting to have some of the very best students in the area of computers travel to Manchester to participate in this class. It's an excellent group of young people and we are offering them some very sound instruction in the area of programming."

Last year, Manchester High School applied for and again received permission to offer a second vocational class in the area of Accounting and Computing. This class also uses the IBM personal computers and is taught by Ms. Sheryl Hall. It's one of the first classes of its kind offered in the State of Michigan.

"It's great fun teaching this class" states Ms. Hall, "but it's

also kind of scary. There are no other programs in the area to look to for advice. I guess that's what you get by being in the fore front. Fortunately, we have community advisors in the area of Accounting and Computing offer suggestions about what should be included in the class." These advisors include Nancy Blumenauer of Green Go Farms, Mr. Richard Kuntz of Double A Products, and Mrs. Arlene Paul of Wacker Oil. With their advice and by returning to graduate school, I know my students are receiving instruction not available to other schools."

The staff of Manchester High School is currently reviewing the computer offerings available to students now. "We want to stay at the front of this rapidly changing technology" states high school principal Bill Bushaw. "We plan to put together some specific proposals on how we can stay in the leadership position for the next five years. This is what our students need and this is what our community expects."

METHODISM PROCLAIMING Grace and Freedom

The Manchester and Sharon United Methodist churches invite the community to a bicentennial service 4:00 p.m., Sunday, September 30th. This year, Methodism celebrates two hundred years of proclaiming grace and freedom throughout America.

The special service will be held on the front lawn of the Manchester United Methodist Church or in the sanctuary, depending on the weather. The service will have an early American theme and will feature our Church founders John Wesley (Rev. Hayden Carruth) and his brother Charles Wesley (Rev. Evans Bentley). The congregation is invited to dress in early American style clothing.

As in the good Wesleyan spirit, the service will be filled with song, special music, and holy fun. And no Methodist gathering would be complete without food. A potluck of fingerfoods, cookies, sandwiches, etc. will follow. Also, a youth hayride is planned for 6:30 that evening.

Dutch Bomb East Jackson 36-14

#10 Pat Ridenour throws one of eighteen passes for 168 yards.

We opened our league campaign in great shape by crushing the Trojans. Pat Ridenour hit Tom Lockridge twice for touchdowns as Mike Agin rambled for 180 yards to score three times.

We went into this contest having nine straight wins and the state polls had us in 6th position. Well, we are now going for 11 consecutive victories and ? in the state rankings. Friday we take to

the road to face Hanover-Horton. Hanover-Horton was steam rolled by Grass Lake 47-0 last week.

We hit paydirt first as Pat found Tom in the southwest corner of the endzone on 20 yards out. Mike then ran up the middle for the 2-point conversion. The first period ended with the tally 8-zip our favor.

We marched down the field and Mike crossed the line for 6 points. Pat went to the air connecting

with Rob Smith for 2 points so as the intermission came we sat atop 16-0.

We entered the third quarter and proceeded to act sluggish. East Jackson's halfback scampered 56 yards to pull his squad within 10 points. This woke us up as we scored three times as they tallied once.

Tom snatched a 4 yard pass from Pat then Pat crossed the goal for the conversion. The Trojans did score again as they connected on a 54 yard pass play. Their successful conversion put the tally at 24-14. Here Mike really got going—he broke loose and zoomed 58 yards for the touchdown. If that wasn't enough he soon motored 74 yards to score again. This put 34 points on the scoreboard and 14 for East Jackson as time ran out.

Todd Ricklemann led our defenders with 8 tackles as Steve Vleck and Tom Neff had 6 apiece.

SEE YOU AT HANOVER-HORTON FRIDAY!

Middle School Football

The Middle School football season opened September 19, at home against the Sand Creek Aggies. The Aggies are coached by ex-Manchester player, Jim Krzyzaniak. The 7th grade took a 22-8 loss and the 8th grade won 24-6.

The 7th grade made a good effort and had they tackled better, a win would have been possible, as all three Sand Creek touchdowns could have stopped at line of scrimmage. Jamie Darrow scored Manchester's only touchdown on a 35 yard run up the middle. George Werle added the extra point on a run. Playing well both ways for the Dutch, were Jamie Darrow, George Werle and Dave Beck.

The 8th grade broke loose for all 24 points in the second half to seal their 24-6 victory. Mike Brokaw ran for 42 yards for a touchdown and Tom Mann ran the extra points to take an 8-0 lead. Jason VanDeven then took an option pitch for 41 yards and a touchdown. A John Korican to Bryan Barnard for the first of two extra points made the score 16-0. The last Dutch touchdown came on a John Korican to Brian Pratt pass of 57 yards. Good offensive line play from Andy Hunt, Brian Howell, Tim McGinn helped lead the Dutch. Keven Duvall (fumble recovery) and Jason VanDeven (interception) helped to control the Aggies.

#32 Mike Agin scampers for big yardage.

CHRISTMAS FAIR

The Manchester Art Guild will be looking into the presentation of an art fair sometime during the Christmas season. The feasibility and timing of such an event will depend in part upon those willing to participate. There will be more news on this to come. Discussion will center on this subject at the next (and first regular of the Fall season) General Membership Meeting in October, date to be set.

Newcomer's Group

The Turner Geriatric Clinic is again sponsoring a Newcomer's Group for senior citizens who have recently moved to the Ann Arbor area. Meetings will be held on the 1st and 3rd Tuesdays of each month from 1:00 to 3:00 p.m. We will meet at the Clinic, 1010 Wall Street, beginning on October 2nd. The group will acquaint participants with local resources and provide an opportunity for meeting new people. We welcome new members at any time and also invite other seniors of Ann Arbor who would like to become reacquainted with their community. There is no charge for the program. To register or for more information call Cyndi Cook at 764-2556.

Flu Shots For Seniors

Two flu shot clinics for senior citizens will be conducted on Thursday, October 4th and 11th at 12:45 p.m. at the Chelsea Senior Citizen's Center in North School. All persons over the age of 50 are eligible to receive these injections.

The clinic is sponsored by the University of Michigan Family Practice Center. Nurses from the Family Practice Center will assist at this clinic.

Anyone who is allergic to chicken eggs should not

participate in the program. Those who do qualify for the program should check with their physician to determine the advisability of receiving the immunizations.

A special reduced fee of \$4 has been established. This reduced rate applies only to the flu shots given in these two special clinics at the Senior Citizen's Center at North School.

Preregistration is requested by calling the Chelsea Community Education Center at 475-9830.

Middle School Basketball

The Manchester 8th grade ran into a tough Michigan Center team on Wednesday, September 19th and the visitors went home with a 20-15 win. Behind by nine at the half, the Dutch played aggressive defense the second half and held center to three points. However, a sluggish offense and 5/21 free throw shooting prevented the Dutch from ever taking the lead. A seven-man balanced scoring attack saw Sarah Corwin and Cheryl Blumenauer share high scoring honors with 3 apiece.

This past Monday, Grass Lake visited Manchester's gym, and was sent home with a 20-17 loss. For the second game in a row, the Dutch were down at the half; however, this time the third quarter proved to be the difference. Sarah Corwin got 6 of her game high 10 points in the 3rd, while Manchester's tough defense held the Warriors scoreless. Some fine ball handling by Sherry Rickelman and Jill Fielder helped preserve the victory, and upped the 8th grade record to 2-1.

The 7th grade record stands at 0-3, as they lost to Michigan Center 18-9, and Grass Lake 19-11.

Next weeks schedule looks like this: Monday at Home against Napoleon and Wednesday at Vandercreek Lake. Game time is 4:30.

Fall Tree Sale Closes

October 5th is the last day for tree seedlings will be accepted by the Washtenaw County Soil Conservation District, for its Fall Tree Seedling Sale. Interested persons are encouraged to get their orders in prior to this date.

Five tree species are being offered for conservation and reforestation purposes. They include: Austrian Pine, White Pine, White Spruce, Colorado Blue Spruce and Douglas Fir. All tree species are still available with a good supply of each. The trees are bundled in lots of 50, so minimum orders of specie will be 50 trees.

Trees will be available for pick-up on either Wednesday, October 10 or Thursday, October 11, at the Soil Conservation District Office, 6101 Jackson Road, Ann Arbor, 1/2 mile west of Zeeb Road. Time for pick-up will be between 8:00 a.m. and 4:30 p.m.

For more information, contact the Washtenaw County Soil Conservation District Office, 6101 Jackson Road, Ann Arbor; Telephone: (313) 761-6721.

Trophies will be presented to the first male and female finishers in the runs, while medals will be awarded to the top three placers in each age division. Walkers will have an added incentive to stroll on October 7, as prizes donated by area merchants will be passed out to finishers on a random basis.

Participants also will be rewarded for their efforts with food and refreshments at the finish line. Spirits, in addition, will be lifted even higher by school cheerleaders and pep band. The Pumper Power event will be sponsored financially this year by R & B Machine Tool Co., Cresvico Die & Tool, McNaughton & Gunn, and Citizens Trust.

In a new twist this year, entrants can stride out on race day in a brightly colored hospital "scrub" emblazoned with the Pumper Power ensignia. The eye-catching shirts can be purchased for \$5.50; the race fee alone is \$3.00. Matching "scrub" pants will be available for sale on race day. Proceeds from the event will support the Hospital's Pumper Power Program, which encourages family physical fitness and promotes cardiac health.

The pre-race registration deadline is September 29th. Call race director Jim Harns at Saline Community Hospital, 429-1630, for more information.

Pumper Power Run Set For October 7th

Entry forms now are available for the annual Pumper Power Road Races offered by Saline Community Hospital, itself a focal point for the fitness-minded in the area. The registration blanks can be obtained at SCH and a host of retail locations around Saline, according to race chairman Mary Ann and Marvin Fogle.

Scheduled for Sunday afternoon, October 7, the Pumper Power event will feature 10-kilometer and 5-km runs, a 5-km "Walk for Health," as well as a 1 mile run for school-age children. The races and the walk all will start near the front of Saline High School on Maple Road, proceeding

north along paved roads before winding back to the point of beginning.

The 10-km race, won last year by Daniel Heikkinen in the record-setting time of 30:48, will cover two loops through the city industrial park, and will be staged on a course spiced with several challenging hills to test even the most-ardent runners. Sanctioned and certified by The Athletic Congress, the course also will be dotted with aid stations at strategic points with traffic control provided by local law enforcement officials.

Athletic Boosters Notes

The regular scheduled meeting of the Manchester Athletic Boosters, scheduled for October 3, will not be held due to the school pep rally and bonfire scheduled for that date. The Booster meeting will be held on October 10th at 8:00 p.m. at the high school.

The Manchester Athletic Boosters are a non-profit organization dedicated to the support of all athletes in the Manchester schools. Booster members regularly run the concession stand at both football and basketball games and the Manchester Metric Invitational Track Meet. In 1983 a steering committee was established to spearhead a drive to complete the athletic complex at Klager School. A four phase program was outlined by this committee to the Booster Club for completion of this complex.

Phase I was purchase a new football scoreboard for use at the present field and to be moved when the new complex is complete. This was accomplished prior to the first home game this Fall.

Phase II was installation of a new water line to the athletic complex. This has recently been completed with the good help of much volunteer labor and equipment.

Phase III consists of securing a lighting system for the new complex to light the football field and track.

Phase IV consists of installing bleachers, press box and restroom facilities for the new complex. These two phases are still in the planning stages.

The Manchester Athletic Boosters welcome all new members of the community who are interested and concerned

about athletics in the local schools. If you would like to join this organization, dues are \$2.50 for individuals or \$5.00 per couple. Make checks to Manchester Athletic Boosters and mail to: Frances Cleland, 17520 Mahlrle Road, Manchester, Michigan 48158.

Cemetery Vandalism

Do you KNOW where YOUR children are RIGHT NOW??? Do you KNOW what they are doing??

A local cemetery was vandalized - a felonious crime - by three children, who should have been in school, but weren't.

Twenty-eight tombstones were knocked over, of which two were broken. Flowers, flags, and memorials from Servicemen's graves and urns from other graves were destroyed.

Many of these things were PRE-CIVIL WAR and CANNOT BE REPLACED!

The subjects were caught, and the men of the families repaired the cemetery and paid for the damage.

I thank God that these CHILDREN were caught on their FIRST time out, and pray that it will be their LAST as an enemy of society.

Their ages are 8 - 9 - and 10! Please think about that.

Obituary

Ruben E. Wolff
119 Madison St.
Chelsea, Michigan

Age 74 years, died suddenly Friday, September 14, 1984 in Chelsea. Born September 8, 1910 in Manchester, he was the son of Ernest and Clara (Aharn) Wolff. On September 14, 1932, he married Luella Katz. She survives. Mr. Wolff was a member of St. Paul's United Church of Christ. Also surviving are two sons, LaVerne of Arkansas and Norman of Gregory; two daughters, Mrs. Ralph (Elaine) Knepper of Colorado and Mrs. Carl (Shirley) Braakma of Indiana; four brothers; one sister; 15 grandchildren; five great-grandchildren; several nieces and nephews. Funeral services were held September 17, 1984 at the Cole-Burghardt Funeral Chapel with the Rev. Erwin R. Koch officiating. Burial followed in Oak Grove Cemetery. Memorial contributions may be made to St. Paul's UCC.

A Desperate Chase

thought that he saw or recognized him for just as he reached the centre of the four corners he stopped his team for a moment and then turning their heads towards the west whipped them into a run, and left town without even taking his partner with him. Before the boys could hitch up their team, Mr. Youngs was far out of sight, but nevertheless they put their horses into a run and gave chase.

At each turn of the road they were obliged to examine the track to see which way he had gone, until they came in sight of him. Away they went up hill and down, both teams on a dead run, the mud flying in every direction; people along the route were gazing with wonder and surprise at such proceedings. Both parties had good teams and the horses seemed to understand what was expected of them. At each turn in the road the boys could see that they were gaining ground, and Youngs applied the lash more vigorously. They went north, then west of Norvell, towards Michigan Centre, and in 30 minutes they were eight miles away. He became aware that his team would not hold outlong, and as his

pursuers were hard after him the best thing he could do was to drive through a piece of woods just ahead, a square with the intention of trying it again, but just at this moment the boys met a man who had one horse before a buggy, who took Sut. in with him, and putting his horse onto a run soon made it so hot for Mr. Youngs that he drove up to the fence beside a cornfield, leaped from his buggy, leaving his team to go where they would, and ran for a small piece of woods close by, followed by Sut., who used his revolver finely, but was not smart enough to catch the bird. A number of men assisted in searching the woods, but to no purpose, the bird had surely escaped them. Sut. took Youngs' team to Jackson, where he found that warrants had been issued for both Youngs and his partner. Tom drove home in the afternoon, but somewhat slower than he had gone over the road a few hours before, and when he arrived home he was covered with mud from head to foot.

We cannot learn what Youngs' business is, only that he has notes against many of the farmers, which he is trying to sell. How he gets them is a mystery. He will probably be captured and brought to trial, for the officers are all on the look out for him now. We will not attempt to describe him, for he is probably the muddiest man in the State of Michigan.

Bridgewater Township Board Meeting

The regular monthly meeting of Bridgewater Township was called to order by Supervisor Douglas Parr, 8:00 p.m. September 20, 1984. All board members present (5), (7) electors were present. Minutes of regular meeting August 20, 1984 were read by Karen Weidmayer, Clerk and approved as read.

Harold Bersuder, treasurer presented bills to Board for approval. Andy Poet made the motion to pay bills and Marvin Brenitenwischer supported motion. Voucher 1203 thru 1219 Tax collection and General Fund 1220 thru 1223.

Old Business - Harold Bersuder discussed the Summer Taxes and how they were effecting the townships and schools. Fire calls for the Township were again discussed by the board.

New Business - Supervisor Douglas Parr read a letter from Washtenaw County Sheriff's Department concerning the Law Enforcement Service in the Township. Parr also had received information on the Drain Commissioners meeting. Harold Bersuder reminded the board that the clerk will be also signing checks for the General Fund account.

Karen Weidmayer, clerk presented two applications to the Board for Act No. 116, Farmland Agreement. These are: Stephen St. Clair and Robert Dayss. Andy Poet made the motion to approve, supported by Harold Bersuder. Discussion on getting a telephone for the township hall, was presented by Clerk. An estimate of cost for a phone includes: Michigan Bell Business line installed: \$42.00; Wiring placement about 1/2 hour, \$24.95; Purchased telephone, \$38.22; which totals estimate cost of \$105.17. A deposit of \$100.00 is required, this will be returned over 3-5 year period. Monthly cost will be \$12.53 plus 8.2c for each

call connected. Long distance calls are comparable to residential phones. Discussion followed. Harold Bersuder made the motion to install phone with two jacks in the building. Andy Poet supported, all board members approved.

Harlin Fraumann, Zoning Inspector gave his report. 1) Notice of Public Hearing September 24, 8:00 p.m. township

hall on application for a variance for Building Permits for Use of Building U.S. 12, Parcel 3 West of Neblo Road, Clinton, Michigan. 2) Notice of Public Hearing October 8, 1984 8:00 p.m. township hall on Conditional Use Permit for Fertilizer and Feed Sales at 13225 Allen Road, Clinton, Michigan. 3) Discussion on driveway on East Schneider near Bemis. 4) Building Permit on Parker

Road.

Andy Poet, made motion to adjourn meeting, supported by Harold Bersuder, supported, meeting closed 9:10 p.m. Board minutes subject to change.

Tiger Cubs
Karen Weidmayer
Bridgewater Township Clerk

Spur Of The Moment Horse Show

The Spur of the Moment Horse Show at Whites Arena was great to come home to. My husband and I had been in England for 2½ weeks. We got home Saturday evening before the horse show. Sunday morning I had to pick up my horse from my parents house, bring her home, clean and trim her up, then go to Whites Arena for the show. When I arrived at the show the grounds and arena looked very nice. "First Man" Bernard Davis (President Jean Davis' husband) had been working very hard on the grounds and arena. Plus he sets up the timer and speed events. Thanks, First Man Bernard!!! President Jean Davis also does a lot of work getting the show organized, running and showing in it too. Jean, we wouldn't know what to do without you!! Thanks a Bunch! Gary Blades does his fair share too. He announces and helps set up. Thanks Gary. Our judge was

Stephanie Caunter of Clinton. Thanks Stephanie for a great job of judging and being asked to judge on a spur of the moments notice. We really enjoy all the spectators and personal cheering groups, please keep up the good work. Our Special Classes for our last show of the year on October 7, 1984 will be Old Timers - 30+ and Bareback Equitation-Open. Hope to see ya there!!

September 16, 1984

GOOD WORK EVERYONE

Craig Rogers, a 1979 graduate of Manchester High School, has accepted a teaching and coaching position at Dresden Junior High School in Dresden, Tennessee. He will be responsible for coaching the football team and assisting with the basketball team, also. His teaching load will include history, physical education and health.

Craig received a bachelor of science degree in education from the University of Tennessee at Martin in March. During his stay at Tennessee, Craig lettered three years on the Varsity Baseball team. His earned run average of 1.2 during the 1981 season placed him fifth in the nation among Division II baseballers in that category.
