Hit Or Miss

by farley there are, across the country, several stations who cater to the truckers of the nation. These fellows we have found, have a world of their own with special weather reports and their reports of news and views and their ads for truck stops across the land. They are a clannish and interesting bunch. These stations liven up the wee small hours of the night immensely.

I read the other day that television had become the nation's entertainment for the masses while radio was fast becoming a source of entertainment and also information, knowledge with discussion for the average person—that it was rapidly gaining in popularity. Radio indeed has many facets. Most stations present the "latest news" each hour followed by, on many stations, music divided into many categories such as rock, country, bluegrass, big band and classic and in some cases a mixture of any and all of these and more.

Then too there have appeared on many stations what are known as "talk shows" intended to encourage and invite audience participation in discussions about most any and all current subjects. Many of those who call in to participate in political programs for instance, are quite prejudiced and their expressed opinions are sometimes quite violent and many times very interesting. Those who conduct these programs are quite adept at agitating the participants and make for many interesting discussions.

There are many other categories available for listening on today's radio. For instance

Not to be ignored are the several stations who offer surcease to the lonesome individuals of the land and there are a lot of them who present their cases during the late evening hours. They are invited to call in and present their plea for companionship or for a "mate". Many of these pleas seem to be a wish for an end to their lonesome existence. If you call and enumerate such as "a petite female, aged 42, blonde with green eyes, weight 108, 5'3" tall, who likes to eat out and who enjoys most social activities who would like to meet a gentleman 40 to 55 years of age with whom one could develop a lasting friendship."

Some of them even profess to be professional folks who have good jobs and some of whom profess to have a bank account.

Optimist Club Honors Boy's State Representative

Manchester Optimist Club honored Ron Milkey for his attendance at Boy's State. Pictured are Lois Milkey, Ron Milkey and Rev. Evans Bentley.

Ron Milkey was honored Monday, October 22, as the Optimist Club's representative to Boys State. Ron was one of several hundred who traveled last June to the Michigan State Campus in order to participate in the creation of a mock state government.

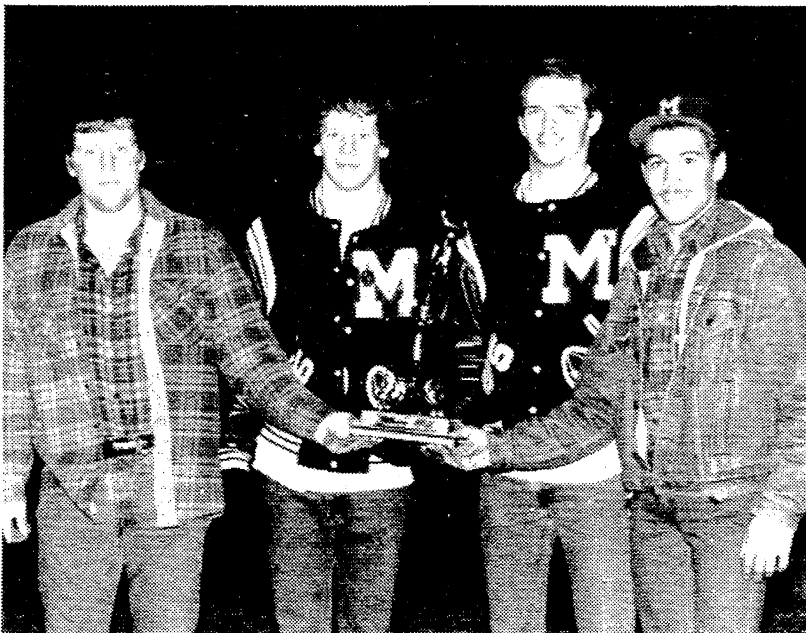

This nine day program emphasizes the importance of

government, stimulates a lasting interest in government, and enlarges the participants understanding of government.

Ron was selected because of his outstanding leadership qualities. He is well regarded in his school and community. Ron is a Senior at Manchester High and will be attending Michigan State University next fall.

Dutch In State Playoffs

by Jon

Quad-Captains with Championship Trophy. Left to right are Todd Rickelman, Steve Vleck, Pat Ridenour and Mike Agin.

Saturday saw a battle take place between our 8-0 Flying Dutchmen and the 8-0 Union City Chargers. At the end of 48 minutes of play the scoreboard read 22 to 8 in our favor. After the Contest, calculators were humming and people were trying to find out if we had enough points to make the State playoffs. Coach Wes Gall said to me, "It looks as if we made it by nine tenths of a point. I don't know the final total but do know we play in Marshall Friday or Saturday."

We received the opening kick and proceeded to march. With quarterback Pat Ridenour mixing his plays well between runners Mike Agin and Mark Lenhart, along with aeriels to Tom Lockridge, we crossed their goal. Pat ploughed in from 2 yards out at 7:39 making it 6-0. On the ensuing boot, the Chargers moved well from deep in their end but finally had to punt. We took possession on our own 44 yard line but in 3 plays we sat at Union City's 27 yard line. The right side of our line was opening holes even I could go thru. These Linemen were Steve Vleck, Todd Ricklemann and Bruce Rhees. Pat's pass in the left flats to Tom was good and Tom would have scored but the Charger player grabbed his facemask. This gave us the sphere on the 4 and Mike shot over Todd for 6 points. Pat's toss to Tom for the conversion was good so with one minute left in the opening period the board showed 14-0.

The entire second stanza belonged to both defenses leaving it 14-0 at halftime. Union City took the third quarter kick and just zoomed down the field and in 2 minutes tallied 8 points. Here is where we broke the Chargers. We motored right down the turf

Manchester Schools Receive Excellent Rating

Mr. David Haffey, CPA, from the accounting firm of Curtis, Bailey, Exelby and Sposito has reviewed the result of the annual financial audit with the Manchester Board of Education. Mr. Haffey's report indicated that, "The financial position of the Manchester Community Schools as of June 30, 1984, and the results of its operations for the year then ended, are in conformity with generally accounting principles." He commended the work of Mrs. Maxine Frey, Bookkeeper, and

Mrs. Joan Berry, Payroll Supervisor, as well as the general administrative supervision of the financial affairs of the school district.

The Manchester Community Schools operated on a budget of approximately \$3,200,000 during the 1983-84 school year. Mr. Haffey's report indicated that the objective of the system of control is to provide assurance that assets are safeguarded, transactions are authorized and transactions are recorded properly for the entire project.

Superintendent of Schools Gene Thompson commented, "We take the management of our financial resources very seriously.

I consider my responsibilities to the taxpayers of the school district in this matter to be one of the most important duties I fulfill.

Mrs. Frey and Mrs. Berry do an excellent job of providing me with the information the administration needs to make decisions regarding our financial position. The financial resources of the school district are limited so it is necessary to very carefully stay on top of our position. Mr. Haffey's report was gratifying. We have worked hard to improve and maintain the position of the district."

State Regional Playoff Game

The "Dutch" football team will meet the Cougars of Lansing Catholic Central this Friday night at Marshall High School in the State Regional Playoff game. Kickoff time is 7:30 p.m.

Manchester becomes one of only eight teams in class C to participate in post-season play by accumulating a big chunk of playoff points in the defeat of Union City. The M.H.S. team edged out Berrien Springs to set the stage for this Friday's contest with 8-1 Catholic Central, who captured a share of the Capital Circuit championship.

Tickets are \$2.00 for student/adult at the gate and pre-sale tickets are on sale at the high school office. NO passes will be honored. A spectator bus will be going for all interested persons and they ask that you sign up before Friday at noon. Maps to Marshall High School are also available at the office. If you have any questions regarding the "big game" please call the high school at 428-7333.

Chamber Of Commerce

The Manchester Area Chamber of Commerce will hold its monthly luncheon meeting on Wednesday, November 14, from 12:00 noon til 1:00 p.m. (promptly) at The Mill on Main Street.

The agenda will include discussion and voting on the Chamber's By-Laws as well as the election of officers. An industry panel moderated by Emory Jonas, Manchester Plastics, Inc., will discuss the present and future for industry in the Manchester area. A hot lunch will be available at \$4.00 per person. The Chamber encourages any interested citizen to attend.

Please RSVP by Monday, November 12 at 428-7187 (Jan) or 428-8395 (Sue). See you there!

Middle School Girls Basketball

Manchester's 8th Grade finished off the season by posting wins against Napoleon and Vandercreek Lake, making their final record stand at 9 wins and 3 losses. At Napoleon last Wednesday, stingy defense and a hot shooting hand by Sherry Rickelman, 12 points all in the second half, spelled defeat for the Pirates. Vanessa Salyer paced the Dutch with 9 rebounds, 7 of those coming in a strong second half performance. Sarah Corwin contributed 8 points while Teresa Macomber and Jennifer Bailey scored 2 each. Final score was 24-11.

In the season finale, it was all Manchester, as we got on the board first and were never behind. With a 10 point halftime lead, we came out in a zone, and coasted to a 29-18 final score. Sarah Corwin led all scorers with 12, while Cheryl Blumenauer helped us get on top early with 7, all in the first half. Teresa Macomber had 4, with Cindy Veil, Vanessa Salyer, and Tracy Stengel adding 2 each. Tracy also dominated the boards, pulling down 10 rebounds. The teamwork and enthusiasm that Manchester displayed in this game was indicative of their style of play all season. The 8th graders proved that hard work, discipline, and a positive attitude are a winning combination.

The 7th and 8th Grade Basketball Teams would like to thank JoAnne Kemmer for her hardwork and dedication in serving as our manager. She was a great help and a joy to have around. Also, a special thank you to Linda Milkey for being a part

of our team, and providing us with valuable statistics that were a great benefit to us. Finally, a great big thank you to all the parents for your support and cooperation, including trips to practices and games and late suppers.

Dutch In State Playoffs

Mike Agin, #32, rambling toward his night's total of 139 yards.

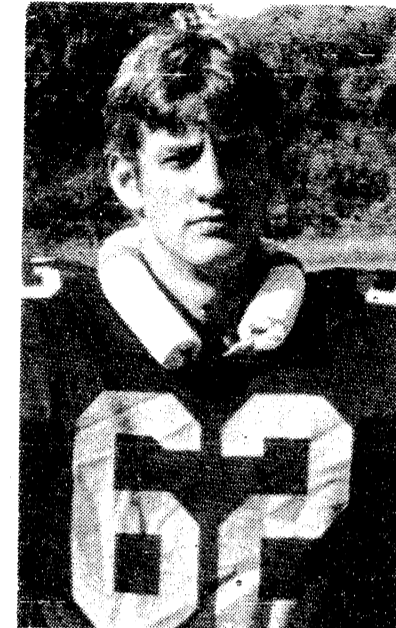

on the ground consuming some 6 minutes when Pat's pitch to Mike netted a touchdown. Pat scampered for the conversion making it 22-8. The respective defenses took over and for the remaining 16 minutes there was no change in the scoreboard at 22-8.

The entire team played superbly but if I had to give a most valuable tonight it would go

to Mike Agin. Mike scored 2 touchdowns, recovered two fumbles, intercepted 2 passes from the Chargers, all this while zig-zagging for 139 yards.

We now take our 9-0 record and 16 consecutive wins to Marshall to face Lansing Catholic Central. BE THERE-PLAN A TAILGATE PARTY. The time is Friday night at 7:30 p.m., November 9.

Prepare Your Heart For Winter

As the mornings get colder and the dew turns to frost on the morning grass our activity level changes. We find ourselves relaxing more, sitting by the warmth of the fire, instead of running in the warmth of the sun. Our lawn mower is put away and the snow shovel takes a prominent place in the garage. "Don't let yourself get too relaxed," cautions Dr. Jody Rogers, chairman, exercise committee, American Heart Association of Michigan. "When it comes time to use that snow shovel, you should already be in good condition. Snow is heavy, and lifting puts a strain on your heart."

"First thing to do is see your doctor for a check up if you have a heart condition or are over 40 years old. The cold weather puts an additional strain on the heart, so outdoor activities should be controlled. Besides shoveling, many people find themselves helping a neighbor by pushing a car out of the snowbank. That type of activity puts a lot of strain on your upper body and heart; strain you shouldn't have unless you know your body can handle it."

"The day to get in condition is And conditioning will take more than a day. Snow shoveling is strenuous as it combines lifting heavy snow, turning, and throwing. The fact that you're out in the cold means your heart is working overtime to help keep you warm."

"There are alternatives to shoveling if your doctor advises against it. You can hire a plow, use a snow blower (but keep in mind this involves the exercise of

pushing the plow through the snow), or you can try raking the snow. Rather than using a shovel, try using a rake with a piece of cardboard woven through the tines. The raking action eliminates the load of heavy snow you use to lift," Dr. Rogers said. The idea is to take the snow off the driveway as you would leaves off the grass. You'll find the action is much easier on the body. If there's a lot of snow, start on the top and take down. "Raking is not an alternative for everybody," Dr. Rogers said. "But for those who have their doctor's approval to be exercising in the cold, it could be a viable alternative."

Dr. Rogers offered some tips for going out in cold weather. Dress warmly - and that included wearing a hat. A majority of body heat is otherwise lost through the head. Remember speed is not of the essence when shoveling, staying within your physical limitations is.

Sub-Zero Cold Can Lock You Out

Motorists can take precautions now to help prevent car door locks from freezing during severe winter weather, according to the Automobile Club of Michigan. "Before the cold-weather hits, motorists can winterize their cars by using a liquid graphite solution to keep locks from freezing," cautioned Robert Tellier, Auto Club's Emergency Road Service manager.

"Using a graphite solution prohibits moisture from forming on the inside of the lock and later freezing during extreme cold," he pointed out. "Motorists should apply the solution now to protect their locks before the extreme cold weather arrives," advised Tellier. "The solution is available at area hardware stores and locksmith shops and should be applied once a month during the winter."

To help prevent frozen locks, Tellier said cars should be parked in a garage, if possible, especially during sub-zero temperatures.

"If a lock is frozen, one way to thaw it is to heat the key several times with a match or lighter," he said. "Motorists may have to repeat the heating process several times to thaw the lock completely."

There are also several products on the market to help unstuck frozen door locks. They come in aerosol spray cans and are generally a mixture of alcohol and a lock lubricant and can be squirted into the keyhole. The mixtures contain alcohol and should not be used near the flame.

If the latch mechanism on the door edge is frozen, motorists should close the door as far as possible and run the car heater on high. The heat should eventually warm the door enough to thaw the latch mechanism.

The Auto Club warns motorists not to pour hot water down the side of the car window and door handle to thaw the lock. The water freezes again very quickly and can crack the window glass and ruin the car's finish.

Bedknobs And Broomsticks

Walt Disney's Bedknobs and Broomsticks will be shown Friday, November 9, in the Manchester High School Auditorium. The movie begins at 7:30 p.m. and runs until 9:30. Admission is \$1.00. Popcorn and orange drink will be available at 25 cents each. The movie stars Angela Lansbury and Roddy McDowell. The search for a lost magic spell lands everyone in a witches brew of fantasy, music, animation, and live action adventure. From the animated visit to the blue briny to a stirring march of ghosts from Britain's past, there's a special sorcery in this film which earned it an Academy Award for its special effects.

Annual Veterans Day Parade

The Washtenaw County Council of Veterans, the Veterans Affairs Office and the City of Ann Arbor will sponsor a Veterans Day Parade Sunday, November 11th, 1984. The parade, traditionally held at the 11th hour of the 11th day of the 11th month was moved to Sunday at 2:00 p.m. so that more people may participate in the festivities.

The celebration is to honor all veterans and particularly those from Washtenaw County, that have served in the Armed Forces and to publicly demonstrate support for those that carry on the torch seized from the Veterans of yesterday. Washtenaw County has a rich history of citizen sacrifice for our

Country, and the parade is to show that we remember and are thankful. Taps will be blown and a rifle salute will take place at American Legion Post #46 to signal the start of the parade at 2:00 p.m. It will then proceed west on Packard, north on Main and east on Liberty and back down Fifth Street. Groups will disband at the Post.

The Manchester Elementary P.T.O. is sponsoring this film for a pleasant evening of family entertainment.

Celebrate 20% IRA earnings this New Year's. And many happy returns on the money market now.

At First of America, you'll find plenty of reasons to celebrate New Year's. Both now and January 1st. It all begins when you start getting the best of the money market from First of America's Investment Checking and Investment Savings accounts. Both accounts pay current money market rates when you maintain balances of \$2500. Both are FDIC insured. And both let you bank automatically with your First of America banking card at our automated teller machines.

Better yet, when you open a new Investment Checking or Investment Savings account (or add \$2500 to your present account), you'll receive a bonus coupon good for a 20% rate on your IRA contribution.* So drop into your nearby First of America office and open an Investment Checking or Investment Savings account. For more information, call us toll-free, 1-800-222-1983. When we work together, you can start celebrating New Year's with many happy returns now.

FIRST OF AMERICA
WORKING TOGETHER TO BE FIRST.

Substantial penalty for early withdrawal. *Bonus coupon is redeemable for 20% rate only if account remains open until IRA contribution is made. This 20% rate is earned only on the maximum annual contribution of \$1000 or more when made between January 1st and April 15th, 1985. On April 16th, the IRA rate will revert to the rate in effect on the date of deposit. Members FDIC.

Middle School Mini-Campus Project

This fall Mrs. Perry's Horticulture Class has been working on a mini-campus project which is located between the two buildings comprising the Middle School.

The project consists of shrub gardens, stone walkways, areas for picnic tables, and plenty of black dirt and grass seed. This new campus area will benefit all our students by giving them a place which can be called their own.

Manchester Cooperative Preschool Auction - Bazaar

Manchester Cooperative Preschool's fundraising bazaar, auction and bake sale will be held on Saturday morning, November 17, at Emanuel Church. It's a perfect opportunity to get started on your holiday gift buying, while you enjoy free coffee, refreshments and babysitting.

All seventy preschool families have donated handmade craft projects, slightly-used items, or personal or professional services to be sold or auctioned off. All proceeds from the bazaar - auction will be used to support the preschool's educational and scholarship programs.

The bazaar and bake sale start

at 9:00 a.m. Items on sale will include Christmas decorations, quilted pillows, wreaths, dried flower arrangements, handmade Teddy Bears and Care Bears, children's clothing, rag rugs, quilted pillows, and all sorts of baked goods.

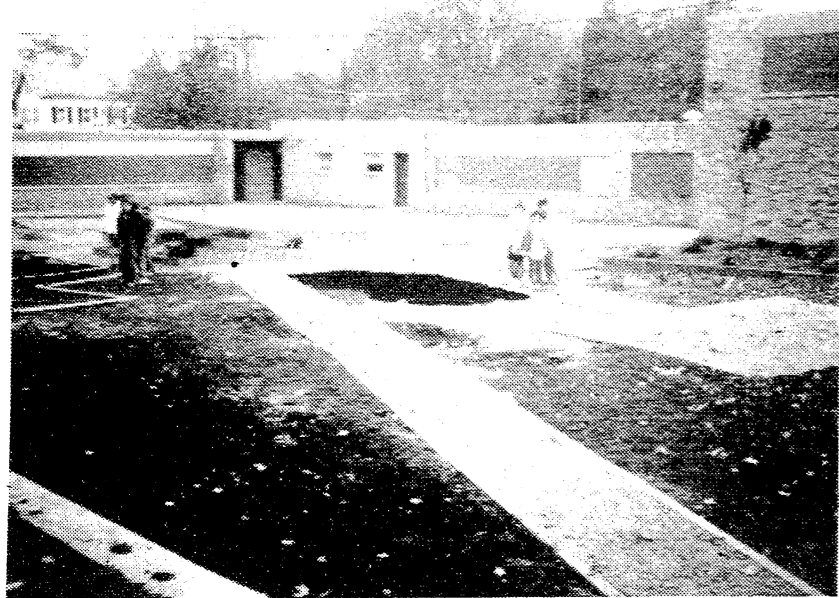

At 10:00 a.m., the auction will begin. Here are just a few of the valuable items and services that will be sold to the highest bidder: A G.M. Love Seat, a brand-new Cabbage Patch premie, a 6-drawer dresser with mirror, children's furniture, a service call from Milan Plumbing and Heating, a complete lasagne dinner, preparation of income tax

returns, home care visits by a registered nurse, horse riding lessons, preparation of a job resume and many others.

Free babysitting will be provided at the church. Weather permitting, pony cart rides will be provided for the kids for a small fee.

Plan on arriving early to get the best selection of bazaar items and a chance to preview everything available for auction. For additional information about the bazaar - auction, call Nancy Peters at 428-7792.

Woodburning stoves and chimneys are the top causes of home fires related to heating sources and accounted for nearly \$12 million in damages in Michigan last year, according to the Automobile Club of Michigan.

Throughout Michigan last year, 5,400 fires at one- or two-family dwellings were caused by wood stoves or chimney fires. The number of such fires has nearly doubled in five years and they have caused 67 deaths and more than 2,500 injuries in the past seven years.

A survey of Auto Club homeowners insurance claims in 1983 shows the average loss related to all home fires was \$2,500 and was an estimated \$3,200 for those caused by wood burning stoves. Losses from wood heating fires alone represented 11 percent of all fire losses covered by Michigan insurers last year.

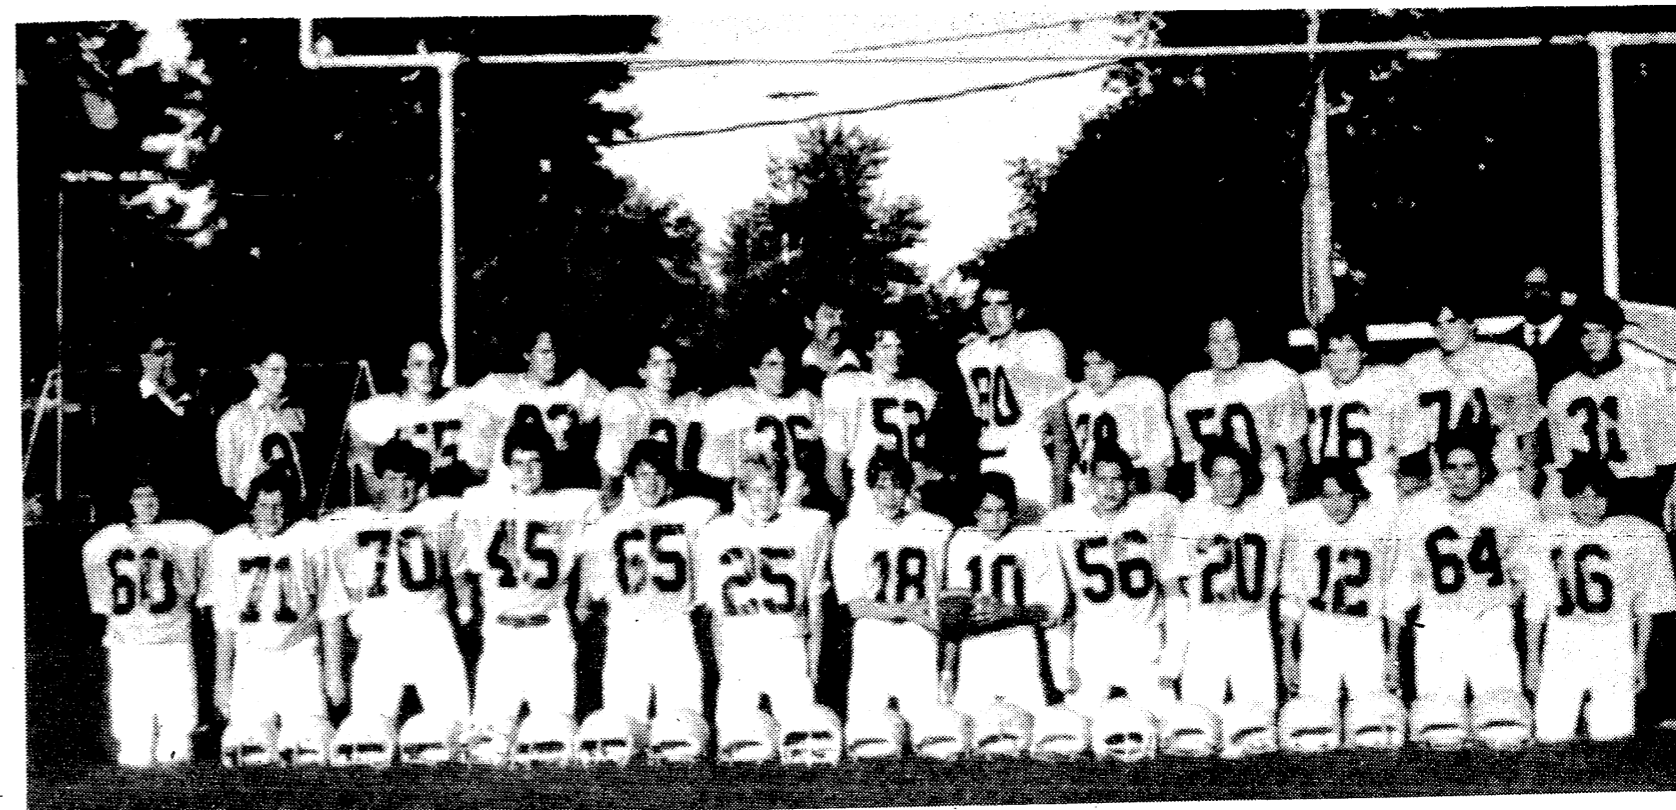

"Michiganians are using woodburning stoves and fireplaces for a romantic atmosphere as well as to heat their homes, but they need to take precautions to avoid fire damage," stated Bob Cullen, manager of the Auto Club's home safety and security program.

"Proper installation, operation and maintenance of heating sources is a key to fire prevention," Cullen said.

"Homeowners can do something about fire prevention," he added. "For example, woodburning stoves, fireplaces and chimneys all should be installed and inspected regularly by a technician certified through such organizations as the National Chimney Sweep Guild and Wood Heating Alliance.

Proper Maintenance Can Prevent Stove, Chimney Fires

Woodburning stoves and chimneys are the top causes of home fires related to heating sources and accounted for nearly \$12 million in damages in Michigan last year, according to the Automobile Club of Michigan.

Throughout Michigan last year, 5,400 fires at one- or two-family dwellings were caused by wood stoves or chimney fires. The number of such fires has nearly doubled in five years and they have caused 67 deaths and more than 2,500 injuries in the past seven years.

"Proper installation, operation and maintenance of heating sources is a key to fire prevention," Cullen said.

"Homeowners can do something about fire prevention," he added. "For example, woodburning stoves, fireplaces and chimneys all should be installed and inspected regularly by a technician certified through such organizations as the National Chimney Sweep Guild and Wood Heating Alliance.

"When having a woodburner

installed, homeowners should make certain double-walled flues are used to provide adequate heat transfer and to avoid possible ignition of other combustible materials in the heating system," Cullen said. "Improperly installed woodburners will dry out wall studs to the flash point within a year and could cause a fire.

"In addition, only buy a woodburning stove that has been safety tested by an authority, such as the Underwriters Laboratories, Inc., or a building code group," said Cullen.

The Auto Club recommends this safety list for homeowners:

- Check with local fire and building officials to ensure your heating sources meet installation and inspection codes.
- Contact your insurance company for proper homeowners

coverage requirements.

- Keep combustibles, such as drapes, clothing and Christmas trees, away from a stove or fireplace.
- Protect floors and walls around heating source with noncombustible covering or hearth.
- Following removal, put ashes in a covered metal container in a safe place outside the home.
- Have chimneys regularly swept for creosote buildup and inspected for cracks by a professional.
- "It's essential to keep chimneys of all heating sources clean and properly maintained," Cullen advised. "Smoke condenses in the chimney, creating a flammable tar, creosote, which is the primary cause of chimney fires."
- From installation to operation, every step in caring for a heating

source is important for fire safety, he said.

Safety tips on proper operation include: equip fireplaces with spark guards; make sure the damper is fully opened before using a fireplace; open the damper before opening the firebox of a woodburning stove to check the fire or to add wood, and never start a fire with a flammable liquid.

The Auto Club also suggests homeowners install at least one smoke detector on each floor, develop an emergency fire escape plan for the family and practice family fire drills on a regular basis.

"We confess to small faults only to convey the impression that we have no big ones." La Rochefoucauld

Halloween Fun - Parades and Judging

Mrs. Ediger's p.m. kindergarten getting in line to lead the Halloween Parade.

Klager Halloween

Halloween is a magical time for young people. Imagination and fun have free rein. Klager students were no exception. Everyone put on their happy (or scary) faces and paraded throughout the school on Halloween afternoon. Parents organized parties in each room with activities varying from magic shows, cookie decorating, spooky music to apple bobbing.

In a little more than an hour all the make believe characters had disappeared and in their places 300 clean-faced kids climbed aboard school buses for the trip home. What a special day!

Klager United Way Drive

Klager School students and their parents raised over \$165.00 for the United Way. Each week a different grade level held cupcake sales to benefit the United Way. Students were able to participate directly in the fund raising event which does so much for the children of Manchester.

Marching in the Halloween Parade.

5th Grade Winners: Mark Schulze - Most Scary; Lance Fielder - Funniest; Patrick Walz - Most Weird; Donna Spiess - Most Colorful; Tim Becketl - Most Original; Melanie Ball - Most Nearly Real.

6th Grade Winners: Tracie Thornton - Most Scary; Amy Scherd - Funniest; Noah Nietz - Most Weird; Rachel Rodriguez - Most Colorful; Robb Gonyer - Most Original; Larry Gorlitz - Most Nearly Real.

The high school leadership students joined the fun and helped to supervise the parade.

Klager Kid's Korner

A new and creative writing magazine, written by Klager students, was published for the first time last week.

The magazine, called Klager Kid's Korner, is a show place for student written and art work. This issue featured Halloween stories, original poetry, student drawings and news reports from each classroom.

Reading and writing form a keystone of Klager's curriculum. The new magazine will underline the importance of learning to express oneself in writing and both reward and encourage all Klager students to become accomplished in this area.

7th Grade Winners: Billy Day - Most Scary; Tim Harvey - Funniest; Brian Weidmayer - Most Weird; Heather Cyers - Most Colorful; Chad Randall - Most Original; Kim Davis - Most Nearly Real.

8th Grade Winners: Tom Tolen - Most Scary; Tammy Privatte - Funniest; Linda Hansen - Most Weird; Amy Schnearle - Most Colorful; Roy Ebersole - Most Original and Scott Becklehamer - Most Original; Tim McGinn - Most Nearly Real.

Haunted House

by Wayne Baker

Once upon a time a bad witch lived in an old house. She was out looking for an old stem from a jack-o-lantern, one melted candle, and one old twig. Then she mixed them and made a monster.

The monster was not alive yet. So the witch got a dead spider. She put the spider on the monster's chest and said "roses are red, violets are blue, your a big monster, that is true." And the monster came to life. Then the monster smashed the house. The monster was good.

The Sad Little Pumpkin

by Andy Kallewaard

Once there was a sad little pumpkin on a wagon. He was sad. He was on the wagon for weeks and weeks and people went by but no one bought him. But one day someone came and bought him and carved him. When he was done the sad little pumpkin was not sad. He was happy because he was a HAPPY LITTLE JACK-O-LANTERN.

The Boo!!!

by Ronnie Marecle

It was one happy Halloween. On Halloween Mom and I carved a pumpkin and put a candle in it. We lit the candle and it flickered. I Put on my costume and we went Trick or Treating. On my way I saw a bat. The bat was scary. Then I saw a sad Jack-O-Lantern. I saw a spider costume. I thought I saw a monster. Halloween time was over. We went home. We had pumpkin pie. It was good. Then it was bedtime. And mom said, "Happy Halloween".

On Halloween Night

By Amanda Erskine

Once upon a time on halloween night a scary witch found a house with a spider. The spider was happy. They made pumpkin pie to eat and a Jack-O-Lantern that flickered. A ghost scared them and they ran away. They were never seen again.

Our Scare Crow

by Dan Bihlmeyer

The 3-4 team room made scarecrows out of corn, material and thread. First we took the corn and we used the husk for the head and arms. Second we cut the material for clothes. Third we stuffed the head with newspaper. Next we sewed the clothes together. We cut out a hat and scarf. Finally we put on eyes and our scarecrows were done. Everybody enjoyed it, even the teachers!

Halloween

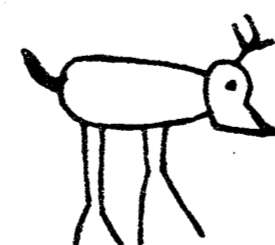

by Mara Bragg

Witches are scarey They stir their brews in cauldrens Slimy, gooey, brews!

Spooky Things

by Rudi Heinrich

It was night. Our pumpkin was orange. We got it from a patch. The vine was long. The vine grew from seeds. It took a long time to carve it. Then it was time to go trick or treating. Then we saw a BIG monster. It was hairy. We were terrified! He roared.

by Chris Imler

I was out on the open fields and I saw a deer. I was not going to shoot it because it was a baby. So I went back to the ranch.

A kindergarten Gremlin.

Elementary Parent-Teacher Conferences

Parent-teacher conferences are scheduled at Klager School on Thursday, November 8 and Friday, November 9. The first of two conference periods scheduled this year, allows parents and teachers to share information and concerns about their students and school programs. Creating and maintaining an open line of communication is vital to meet the individual needs of students.

Report cards will be available at parent conferences. There will be no school for students on conference dates.

Klager Book Fair

Klager School, under the direction of librarian Mrs. Beuerle, will again sponsor a school Book Fair.

Books will be on exhibit for parents to preview on Thursday, November 8 and Friday, November 9. Students will be visiting the Book Fair on November 12,13,14.

The Book Fair includes a wide variety of literature and "just fun" materials at an inexpensive price. The proceeds from the sale will be used to buy new books for the library.

Pies Flew At Victory

On the final day of our Sunday School Contest here at Victory Baptist Church, we reached our goal and after the morning service Pastor Cantrell and Harold Arnett received two beautiful chocolate cream pies baked by Alma, in the face. Alma and Denise had the privilege of throwing pies in their husbands faces. Adults and children alike watched on with excitement. The winning teams also received their Hiwi's and a trip to the Monkey Jar. Candy was then thrown into

Hit or Miss

That's the kind that I would prefer.

This station checks back to see if the inquirer is what they profess to be and if so gives to the inquirer a number. Anyone who is curious about an individual plea then calls the radio station and asks for information about this number. Reports say that this has been a very successful activity in finding friends and even mates for a great many callers. There are certainly a great many lonesome folks in this world.

To go with this activity there are also the "advice" programs. If you can't get along with your husband, wife or girl friend, you call the moderator and tell her your problems and she tells you how to solve them—how to recapture an erring husband or wife or how to recapture for keeps a casual girl friend or how to successfully manage your children or even select a menu for a prestigious dinner party or how to plan a vacation trip, or most anything else you can imagine. What a load all this can take off your mind.

Then there are other "advice" programs that can solve all your legal or financial problems and even those that can alleviate your minor aches and pains. How successful they are I know not but there are also a great many sports shows which are very

popular. Each participant seems to be an expert who can tell in detail what ails any sport—why each contest was won or lost and what should be done to correct the losers—all this besides listening to the action during the games.

There are too, other activities on radio including expanded coverage of farm activities, and even the buy, sell or trade programs which attract a goodly audience.

Other categories include quite a number of religious programs. Many of these are sincere it seems and, I imagine, offer consolation to a goodly number of needy people, but then there are what we call an "electronic" religious program which are hosted by altar pounding pastors to solve all problems for all people. Some of them, for instance, offer good luck charms that will assure one of good luck, relief from all problems from those of an erring husband to a lack of money. All one has to do is send in to the speaker a donation of what you can afford to in the neighborhood of four bucks or more, preferable much more, for a pamphlet, book or cassette for your solace.

There are too, many church services which are a great comfort to shut-ins and others who have no opportunity for other religious contacts.

A number of folks have asked me why many of us have not become aware of the many facets of life which are available to us all on radio which some of us think has been outmoded by television. I'm not so sure that it is more entertaining than television even if it no longer offers many soap operas which have to be appreciated to be appreciated, nor no longer a great many Saturday morning children's programs.

The following want ad "personal" is said to have appeared in a New York State newspaper the other day. It read: "Herman: I'm so sorry that I lost my temper and broke our engagement. It was all my fault. I'm so lonesome. Can't you forgive and forget and go on where we left off? Please phone me at once. I'll be waiting for your call. Your own "Bernice." P.S. Congratulations on winning the New York Lottery last week!"

Card of Thanks

I would like to thank neighbors, relatives and friends for their sympathy and help at the time of my sister's death and while my husband was in the Saline Hospital.

Lillian Leeson

I would like to thank family and friends for the thoughtful visits, cards and flowers during my recent stay in the hospital. Also thanks to all the folks at Saline Community Hospital and to Rev. Carruth and Chaplain Hocking.

Laurin Leeson

I wish to thank all the nurses and Dr. Boudeman for the good care while I was at the Saline Hospital.

A special thank you to Alma Arnett and Pastor Cantrell and his wife, for all the visits, prayers and kindness.

Also to my family who brought cards and flowers and showed their love. I love you all.

Glenna Joseph

Many thanks to our dear neighbors, friends and relatives who did so much to help us through this sad time in our lives, during the illness and loss of our loved one. It is a comfort to know you are with us. Thanks to Fr. Schlinkert and the Jenter Funeral Home and everyone who helped in any way to lessen the heavy load.

The Family of Marie Schneider

The Manchester Women's League would like to send out a big "Thank you" to Bakers Dozen and Albers Orchard for furnishing the Cider and Donuts for the Children's Halloween Party. Also, a big "Thank you" to the Police Department. We sincerely appreciate your generosity in helping us in your own special way to make this celebration a success.

Help Your Heart

Heart Attack Warning Signals

During a heart attack, your body usually sends out warning signals that your heart is starving for oxygen. An uncomfortable pressure, fullness, squeezing or pain in the center of your chest for more than two minutes is one signal. Chest pain that spreads to your shoulders, neck or arms is another. Dizziness, fainting, sweating, nausea or shortness of breath may also occur. Sometimes the signals may subside, only to return later.

Help your heart! Learn to recognize these signals and take fast action. Remember that each year 350,000 Americans die from heart attacks before reaching the hospital. So don't ignore the warning signals.

If you are having chest discomfort that lasts for two minutes or more, call the emergency rescue service. If you can get to a hospital faster by car, have someone drive you. Find out which hospitals in your area offer 24-hour emergency cardiac care. Select in advance the facility nearest your home and office and tell your family and friends so they will know what to do. Keep a list of emergency numbers next to your telephone and in a prominent place in your pocket, wallet or purse.

If you are with someone who is experiencing the warning signals, and if they last for two minutes or longer, insist on taking prompt

action. Expect the person to deny the possibility of anything as serious as a heart attack. Call the emergency rescue service, or get to the nearest hospital emergency room with 24-hour cardiac care. Give mouth-to-mouth breathing and chest compression (CPR) if it is necessary and if you are properly trained.

NEWS From the office of THE GOVERNOR

Department Of Natural Resources News
State Officers Compensation Commission

The State Officers Compensation Commission (SOCC) will meet beginning at 9:30 a.m., Thursday, November 8, 1984, in the Commission meeting room, third floor, Lewis Cass Building, 320 S. Walnut, Lansing, Michigan.

Commissioners will hear from representatives of both Houses of the Legislature as part of their program of gathering information prior to determining salary and expense levels for the Governor, Lieutenant Governor, Justices of the Supreme Court and Legislators.

The Commission must report its decisions during December.

Four public hearings—in Detroit, Grand Rapids, Lansing and St. Ignace—were held to gather public opinion. Primary focus for the Commission in the November 8 and future meetings will be gathering specific information and perspectives.

SOCC meetings have been tentatively scheduled for November 20, December 4 and December 18.

The Commission was created by an amendment to the Michigan Constitution approved by the people in 1968, and its activities and constraints are spelled out by law.

GRANT DEADLINE FOR COMMUNITY LAND/WATER RECREATION PROJECTS
Michigan communities considering applying for grant funds under the Land and Water Conservation Fund (LWCF) to develop outdoor recreation projects must submit pre-application forms to the Michigan Department of Natural Resources (DNR), beginning in November.

The pre-application forms will be available November 1, 1984, from the DNR, and must be completed and returned postmarked no later than March 1, 1985. To obtain a pre-application form or further details, write to: Michigan Department of Natural Resources, Recreation Services Division, P.O. Box 30028, Lansing, Michigan 48909, or call (517) 373-1660.

A current local recreation plan must be on file with DNR's Recreation Services Division or accompany the pre-application. Applicants whose community lacks a current recreation plan on file with the DNR prepared before 1980, should contact Recreation Services Division at the above address.

Free Diabetes Screening Tests

Free screening tests for sugar diabetes will be conducted by members of the laboratory staff of Saline Community Hospital in five area communities in conjunction with Diabetes Detection Week being observed November 11-17.

"We are happy to offer this service to residents in our area," William J. Lavery, Hospital Administrator, noted.

"The service is open not only to residents of the named communities but to those in outlying areas as well," the administrator observed.

The screenings are conducted annually by the hospital in conjunction with the Michigan Affiliate of the American Diabetes Association.

Laboratory technicians will draw and process blood samples and record results which are then sent to the ADA. Follow-up letters are sent, by the ADA, to those in whom findings indicate that a visit to their family physician would be advisable.

Although these are only rough guidelines, the ADA notes that those most likely candidates for diabetes are those over 40 years of age who are overweight and who have a blood relative who is a diabetic. Some symptoms (although these do not necessarily signify diabetes) are excessive thirst, frequent urination, blurred vision and extreme fatigue.

Members of the hospital's auxiliary will be on hand to assist with various functions at the screening sites.

The screenings will be conducted from 8:30 a.m. to 10:30 a.m. on the following dates and at the following sites: Monday, Nov. 12, Saline Community Hospital Blue Room, Tuesday, Nov. 13, Manchester Emanuel Church of Christ, 324 W. Main St., Manchester, Wednesday, Nov. 14, Clinton Medical Center, 103 W. Michigan, Clinton.

The lady Dutch went 1 and 1 this past week. Tuesday, November 6, the state ranked Grass Lake Warriors defeated the Dutchmen 51-23.

Thursday, the Dutch came back to defeat the Napoleon Pirates 34-27.

In the Grass Lake game Manchester trailed from the opening tip off and never was able to catch the excellent Grass Lake team.

Kim Bailey led the Dutch with 8 points, Nicki Baker added 5, Jennifer England 3, Mary Cleland, Hope Broucek and Dawn Adams each had 2 points.

Grass Lake was led by All State candidate Shelly Wyers who had 22 points.

Thursday, before a large Parents Night crowd, The Dutch defeated the Napoleon Pirates 34-27. This marked the second victory this season over the Pirates.

Manchester outscored Napoleon 7-6 in the first period. Jennifer England accounted for 4 points, Nicki Baker 2 and Lisa Rickelmann tossed in 1 free throw.

The Dutch again outscored the Pirates 9-8 in the second period. Lisa Rickelmann scored 6 of the 9 points. The score at half-time was 15-9 in favor of Manchester.

The Dutch were outscored 8-6 in the third period bringing Napoleon within 4 points.

The Pirates pressed throughout the fourth period and the Dutchmen refused to falter. Manchester outscored Napoleon 13-10 for the quarter and sealed the victory. The final score was Manchester 34, Napoleon 27.

This was Manchester's 4th win in conference play. It raised their record to 4-6 in conference and 4-11 overall.

Lisa Rickelmann played an excellent basketball game. She made 7 of 10 free throws and finished the game with 9 points, and 9 rebounds. Jennifer England played equally as well also scoring 9 points and pulling down 12 rebounds.

Manchester Schools Return To Main Street

As part of its ongoing program to keep the community informed regarding programs, the Manchester Community Schools will once again host the "Manchester Schools on Main Street" project. The project which is held in conjunction with National Education Week will be displayed in the Manchester Mill. The project which is under the direction of Ms. Yvonne Henry, Klager Elementary teacher, will feature projects from each level. Of special interest will be the opportunity for "Hands On" computer work, information regarding the German School Exchange Program, a briefing about the high school English program, and an exchange of music.

All members of the Manchester Community are invited to visit the Manchester Mill on Saturday morning November 17. Teachers, Administrators and Board Members will be present to discuss the programs of the Manchester Schools. Of special interest will be the Energy Renovation Project currently being carried out at all schools. Superintendent of Schools Gene Thompson will be present to discuss the project.
