THURSDAY, NOVEMBER 29, 1984

## Show Time! "Spoon River Anthology"

Coming to Manchester for the first time in four years is its very own High School play! The Drama Club will be presenting "Spoon River Anthology" by Edgar Lee Masters.

"Spoon River" is a collection of verse in which Mr. Masters tells the life of the people who are buried in the town cemetery. As in most small towns everyone knew everyone else. It is from family relationships, neighborhood gossip, and the successes and failures of the townspeople that Mr. Masters derives his story. "Spoon River" was written in 1915 and survives today as the epic of Middle America.

Auditions for "Spoon River" were held the first week of October before a committee of six High School staff members, including the director, Nancy Smyka. Ten Cast members were selected out of the approximately twenty students who auditioned. Both cast and crew have been working hard for a successful show.

The production will be presented November 30th and December 1st at the High School Auditorium at 8:00 p.m. Tickets are on sale now. Be watching your mailboxes for more information or call 428-7333 (High School).

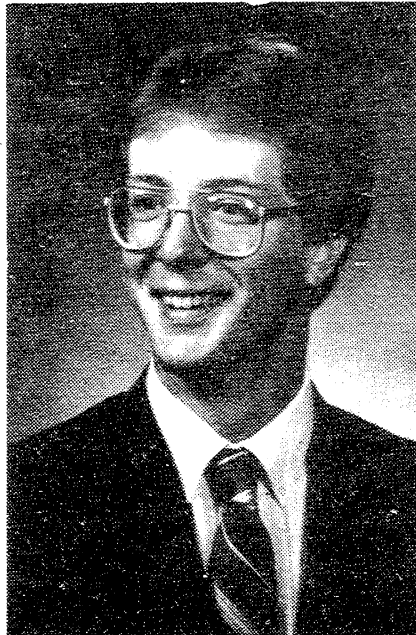

## Luminaria Alert

Once again Manchester is organizing for the luminaria display on Christmas Eve. The candles, bags and sand will be available for distribution at the Blacksmith Shop on East Main Street on Wednesday evening, December 19, from 7:00 to 9:00 p.m. and on Saturday, Sunday and Monday [December 22, 23 and 24] from 1:00 to 5:00 p.m. The cost per house remains at \$3.00. Forest Walz [428-8234] is in charge of the display and welcomes volunteers.

## Ron Milkey Selected DAR Good Citizen

Manchester High School is pleased to announce that Ron Milkey has been chosen as the school's DAR Good Citizen Award Winner for 1984-85. Ron is the son of Steve and Lois Milkey of 4754 Fletcher Road in Manchester.

Because our youth hold the future in their hands, the Daughters of the American Revolution established a Good Citizens Contest in high schools in 1934 to recognize and encourage outstanding young people in the pursuit of high ideals. Ron was selected on the established qualities of leadership, dependability, service, and patriotism. He will advance to State Good Citizen Competition in December by taking a written examination, submitting a transcript of his grades and letters of recommendation. State award winners will receive educational scholarships and will advance to the National Scholarship Competition.

Ron Milkey

Ron plans to attend Michigan State University next year and major in business administration. While at Manchester Ron has been on the honor roll every year. He was class president in tenth grade and has been a two-year member of the student council, this year being elected secretary-treasurer. In eleventh grade Ron was selected as Manchester's representative to Boy's State. He has also been a lay reader at his church and is the senior youth group president. Ron is a two year member of the National

continued on page 11

## Fall Sports Recognition Night

A Fall Sports Recognition Night has been scheduled for Tuesday evening, December 4, 1984 at 7:00 p.m. in the High School Gym. Refreshments will be provided by the Athletic Boosters after the presentation of awards. The public is invited.

## Tri-Church Bazaar

"Christmas In The Country" is the theme of this year's Christmas Bazaar to be held on Saturday, December 1st, 10 a.m. to 3 p.m. at Emanuel Church Hall. Shown above are the raffle items from all three churches. St. Mary's items are a lighted ceramic Christmas tree and a crocheted Christmas tree skirt. Emanuel's items are a soft washable doll, a crib quilt and a needle point pillow. Emanuel also has a lovely springtime quilt (not shown.) The Methodist Church will offer as there items a soft-sculptured doll with a wooden cradle, a crewel picture, two knitted afghans and a knitted stole.

Luncheon is from 11 a.m. to 1 p.m. Childcare will be provided for shopping parents.

## Fielder Receives Coaching Honors

Jim Fielder has been at the top of our Flying Dutchmen squad since 1976 and has compiled a very impressive list of accomplishments. Jim, now 37, played football for Manchester in the early to mid 60's and is now running the show. He has seen his young men win 52 games and lose 21 in 8 years, along with posting 16 straight victories, capture the Cascade League trophy for 2 consecutive years, for the second year in a row win the battle of the Big-8 Conference vs. Cascade, and in 1979 and again in 1984 he took his team into the State Playoffs.

Jim's record brought special tribute this year as he was selected "Region Coach of the Year" by the Ann Arbor News. He was also chosen by the alumni of Eastern Michigan University as "Class C Head Coach" for the entire state.

When Jim was asked about his success as the coach he replied "I've just been blessed with very good players. If I had to tell you why it is that I've been so successful, I couldn't say. All I know is that I've been blessed with good players."

Besides the players Jim has high praise for his coaching staff. "I've got a lot of respect for the people who have helped me with this program. I can't believe the total number of hours those guys put in on a volunteer basis. I'll

match my staff against any other program in the state."

I saw Jim play football and his then rough tough winning style is being used in his coaching. As a sport writer, my job is much easier because Jim is such a helpful caring person.

## Lisa Rickelmann in U.S. Senate Youth Competition

Lisa Rickelmann

In 1962 the United States Senate voted unanimously to endorse a nationwide youth program that would bring high school students to Washington D.C. for a brief indoctrination into

## Optimist Outstanding Citizen Of The Month

Superintendent Gene Thompson pictured with Outstanding Citizen Leslie Duncan.

At their meeting Monday, November 12, the Manchester Optimists honored Leslie Duncan, daughter of Mr. and Mrs. James Duncan as October Citizen Of The Month.

Leslie, who is a Junior at Manchester High School, has been on the school honor roll for two years. She also participates in Pep Band, Varsity Choir, Varsity Pep Leader, Academic Games Team and will soon appear as a character in the latest Manchester Drama Club presentation Spoon River Anthology. In addition,

Leslie was homecoming queen runner up and is active in her church youth group. In the summer of 1984, Leslie was selected as one of twelve high school students in Washtenaw County to attend the State of Michigan Summer Institute for the Arts and Sciences.

Her plans are to attend college after graduation. She is currently interested in the University of Michigan and UCLA with plans to major in theatre arts or communications.

**School Hot Lunch Menu**

Monday, December 3 - Chicken Patty/Bun, French Fires, Dill Pickles, Fruit Cocktail, Milk.  
 Tuesday, December 4 - Homemade Italian Spaghetti, Buttered Corn, Warm French Bread With Butter, Applesauce, Milk.  
 Wednesday, December 5 - BBQ On Bun, Hash Brown Potato Patty, Vegetable Stix, Chocolate Chip Cookie, Milk.  
 Thursday, December 6 - Crispy Fish Filet, Oven Brown Potato, Coleslaw, Bread & Butter, Crushed Pineapple, Milk.  
 Friday, December 7 - Cheesy Pizza, Tossed Salad With Dressing, Chocolate Pudding, Fresh Fruit, Milk.

not Jackson as previously mentioned.  
 Tuesday, the Newsletter workshop starts at 10:00 a.m. in one of the Emanuel Church meeting rooms. New people are always welcome here. Euchre is the name of the game following lunch that day.  
 Thursday begins with the Exercise Class at 11:00 a.m. Bring \$2.00 to cover the cost of the afternoon craft class with Mrs. Heckaman. Christmas window decoration will be in the making and one doesn't have to be an artist to participate.  
 Those who are signed up for the trip to Flint for "Christmas at Whiting" be sure the date, December 11, is marked on your calendar.  
 Plan now too to make the Volunteer Appreciation Dinner on December 20. Out of town guests are anticipated and the bus will be picking up Seniors in the village for the meal. Make those reservations soon (428-9661) and start concentrating on a lovely winter day--no snow!!

**Senior Citizens Meals And News**

Senior Citizens Meals are served at noon every Tuesday and Thursday (except snow days or announced vacations) at Emanuel United Church of Christ. Those fifty and older are welcome to the meals where the price is according to ones ability to pay. Suggested price is \$2.00. Reservations are made by calling 428-8359 or 428-7630.  
 The menu for the Tuesday, December 4, meal is: Beef and Noodles, Vegetable, Fruit, Roll and Butter, Dessert and Beverages.  
 Thursday, December 6, they are serving: Roast Pork and Dressing, Vegetable, Fruit, Roll and Butter, Dessert and Beverages.  
 Christmas Shopping bus leaves the Emanuel Church parking lot at 9:15 Monday morning, December 3rd for Westland Mall.

**Jolly Farmerettes**

The monthly meeting of the Jolly Farmerettes 4-H Club was held Wednesday, November 14, 1984, at Marie Ball's home. There were ten members and four leaders present. Sara Samonek explained to our new members what our Christmas meeting is about. Marie Ball and Melanie Ball are in charge of making sunshine boxes for our next meeting. Our next meeting will be December 12 at Jennifer Bailey's home. We will be exchanging our Christmas gifts that we have made for each other.  
 Club Reporter  
 Jennifer Bailey

**Manchester Board Alters Class Fund Policy**

At a recent meeting the Manchester Community Schools Board of Education took action to modify a policy regarding class fund accounts. The policy which covers "Trust and Agency Funds" is listed in the Board of Education Policy Book as number 3470. The policy described the procedures to be used for class and club bookkeeping.

Previously, the policy simply stated that class funds would remain in the class accounts only one (1) year following graduation. Any balance remaining at the end of the year was to be forwarded to the Manchester High School Alumni Association.

The Board modified the policy to state that class officers and sponsors are to be advised of the policy in writing and to sign an agreement attesting to their understanding of the policy prior to their graduation. Any funds remaining in the class account one year following graduation are now to be transferred to the Manchester High School Student Council Account.

In addition to providing for class fund procedures the policy also directs that a food tent maintenance contingency fund be established. As fee for the use of this facility at the annual Manchester Fair, the Senior Trip Club, according to the policy, is required to deposit Two Hundred (\$200.00) dollars in the account annually. This fund is used for any maintenance of this facility.

**Wrestlers Open Season**

Manchester wrestlers open the season at home against Stockbridge next Thursday, December 6, at 7:00 p.m. Coach Dan Jordan hopes to have most weight classes filled; the twenty-eight man roster is the largest in recent years.  
 It's not too late to come out for the team. Any interested high schooler can talk to senior co-captains Steve Vleck or Van Talcott, or just show up for practice.  
 Wrestling is considered by some to be the most demanding sport in the world, and has a tradition that dates back over 5,000 years. George Washington was known as a good wrestler, and Abe Lincoln was champion of his county.  
 Because opponents are paired by weight, it is a sport open to a person of any size who has determination and a willingness to work and learn. High school wrestling has 13 weight classes: 98 lbs., 105, 112, 119, 126, 132, 138, 145, 155, 167, 185, 198 and heavyweight.  
 On Saturday, December 8, the

**Middle School Parent Advisory Committee**

Members present: Pat Sahakian, Rosemary Hamilton, Sandy Winzenz, Carol Schulte, Brian Waldron, Sharon Hunt, Brian Schick. Absent: Joyce Spiess, Ann Fenelon, Carol Samonek, Jan Howell.

Items discussed:  
 1. The new Middle School Reading Program which is now Harcourt Brace: The program is working very well. Teachers are pleased and better able to keep in touch with their students. Special Ed has a new high interest program for students which is also working well. The 7th grade required reading program is a literature class in which students take a 9 week class that they may test out of and go back into the elective program. This class helps the student with reading difficulties. The 8th grade has added a Literature book to the English program to allow for an easier transition to High School Literature.  
 2. The 5th grade Team Room, which combines the Special Ed students into the normal classroom setting is working beautifully thanks to teachers Roger Boyce and Jane Hayward.  
 3. Lighting problems are to be evaluated by a team of electricians and appropriate measures will be undertaken.  
 4. Painting and window installation are in the final stages. Hopefully new carpeting will be installed during Christmas Break. Carpet will be added to the 5th grade hallway to prevent slipping.  
 5. Bus rules and regulations were brought up. The Bus Supervisor will be invited to a future meeting.  
 6. Rosemary Hamilton has volunteered to act as chairperson of this committee. Sandy Winzenz will be recording secretary.  
 7. We would like to extend a very special thanks to the custodians at the Middle School for all of the extra work that they have done in cleaning up after the workers. They are doing a tremendous job. Thank you.

Next meeting, December 11, at 1:00 p.m.  
 Agenda:  
 1. How to get parent involvement in the Middle School.  
 2. Library Resource Center.  
 Parents with questions or concerns about the Middle School are asked to call one of the above named Advisory Committee members or the Middle School office and your comments will be brought up at the next scheduled Committee meeting.

**5th Grade V.I.P. Winners**

**Past winners include: Erin Eckert, Tracey Sixbey, Joanne Kemner, Demian Potter, Lance Fielder and April Barrett.**

Each week our fifth grade homeroom sections nominate and then elect one student from each class to receive the V.I.P. award. This award is given to students who have demonstrated positive character traits that have been appreciated by their classmates. Such traits could include leadership roles, getting along with others, being helpful, completing assignments, and demonstrating skill in such areas as band and physical education.

**Senate Youth Competition**

the functions of the federal government and, in particular the United States Senate. The William Randolph Hearst Foundation made available the necessary funds, and, each year for the past twenty-two, two high school juniors or seniors from each of the 50 states and the District of Columbia have participated in this unique learning experience.

Lisa Rickelmann, daughter of Edwin and Patricia Rickelmann of 9297 Meyers Road, was selected as Manchester High School's representative to this program. As the local winner in the U.S. Senate Youth Competition, Lisa advanced to regional level of competition. All regional winners advance to the state competition. Although Lisa was not chosen as a regional finalist, Manchester High School is very proud of Lisa's accomplishments in this program. The regional winner was Liam Lavery of Saline High School.

A senior at Manchester, Lisa has been involved in many extra-curricular activities. She has participated in basketball, volleyball and softball, as well as being treasurer of her class the last two years. Lisa is the president of the National Honor Society and was selected as the Optimist Citizen of the Month during her junior year. In addition, she received perfect attendance awards in ninth and tenth grades and has been on the honor roll every year. Lisa currently ranks second in her class. After graduation, she plans to attend Michigan State University and major in accounting.

**National Honor Society Induction Ceremony**

**ALL WELCOME**

The Manchester Chapter of the National Honor Society will induct its new members for the 1984-85 school year in a formal ceremony, December 3, at 7:30 p.m. The traditional candlelight ceremony will be held in the high school media center and attended by family, friends and teachers. Members of the community are encouraged to come and join us in honoring these outstanding students.

New members to be inducted are: Senior Becky Blumenauer and Juniors Kevin Creech, Kim Desarov, Leslie Duncan, Andrea Hagerman, Lisa Knickerbocker, Lynda Kosinski, Rob Smith, Rita Talcott, Jennifer Tucker, Debbie Wenk, and Renee Yeutter.

**Athletic Boosters Meeting**

The December meeting of the Athletic Boosters will not be held on its regularly scheduled date of the first Wednesday of the month, but will be held BETWEEN JV & VARSITY BASKETBALL GAME on December 11. All members are urged to attend.

The coldest city in the world is said to be Ulan-Bator, Mongolia, with an average temperature of 24.8 degrees Fahrenheit!

# John Swainson Honored With Portrait

On November 14th the Michigan Supreme Court held a ceremonial session for the presentation of a painting of Former Justice John B. Swainson of Manchester.

The portrait was painted by Dorothea R. Stockbridge of Ann Arbor. Ms. Stockbridge, a prominent Michigan portraitist, is best known to area residents for her calendar drawings for the Manchester Historical Society.

The presentation was to honor Justice Swainson for his service to the people of Michigan as

Associate Justice from 1971 to 1975. The welcoming address was given by Chief Justice G. Mennen Williams. Dennis Archer, the new president of the State Bar of Michigan and Attorney David Sparrow, spokesman for the Swainson family gave short speeches on various facets of Justice Swainson's professional and private life.

Attorney General Frank J. Kelley introduced the artist to those in attendance. He then presented the portrait to the Court.

In his closing address to the Justices and guests, Former Justice Swainson thanked the Court and spoke fondly of his life in Manchester and of his interest in the history of two former Justices.

Among those in attendance were Senator Lana Pollock, State Rep. Perry Bullard and Judge Judith Wood of Ann Arbor. Mr. and Mrs. Loring Ebersole and Rev. and Mrs. Robert MacFarlane and Allen Schaffer attended from Manchester. A reception was held after the ceremonies.

# Brochure On Small Claims Court

A 12-panel brochure on how citizens may exercise their rights in Michigan's Small Claims Court has been published by the State Bar of Michigan and its Young Lawyers Section. Single copies may be obtained free by writing Communications Department, State Bar of Michigan, 306 Townsend Street, Lansing, Michigan, 48933, Attn: Ms. Karen Adams.

The brochure outlines how individuals can sue any person or business for \$600 or less without a lawyer.

The Small Claims Court is authorized to consider claims up to \$600 (\$400 if the claim is for property damage caused in an automobile accident). Several proposals now in the legislature would increase that limit but none have yet passed.

The brochure outlines a step-by-step procedure for filing a case. The Small Claims Court is a division of Michigan's District Courts. The brochure is a public service of the State Bar, which is made up of 23,000 Michigan lawyers.

## A Neighborly Lift

Ever wondered why birds fly south for the winter in V-formation? Researchers at Cal Tech in Pasadena point out that the birds fly in that formation because it is aerodynamically efficient. A flock of 25 birds in that pattern can go about 70 percent farther than if they were flying solo. When a bird flaps its wings in a downward motion, an upward draft is created near the wing tips. Each bird benefits from its neighbors' updraft.

A similar mutual assist would be realized if the birds flew in a horizontal line, but then those at the center would benefit more, and those on either end would have to expend more effort than their neighbors. In the

# Manchester Area Historical Society

The regular monthly meeting of the Manchester Area Historical Society was held on Monday, November 19, 1984, at the John F. Schneider Blacksmith Shop. The meeting was called to order promptly at 7:30 p.m. and many matters were presented to the membership.

A new gas heater had been installed in the so-called 1983 room, and was operating during the meeting. It appears that it will adequately heat the area, and the Society will be able to use this facility during the cold weather season.

It was announced that the Blacksmith Shop will be open between the hours of 1:00 p.m. - 5:00 p.m. on Sunday, November 25, in conjunction with the downtown merchant's special shopping hours on that date. The

Society will serve coffee and the trade of blacksmithing will be demonstrated. The 1985 Calendars published by the Society will be for sale, along with items fashioned at the forge by the blacksmiths.

The speaker of the evening was Mr. Richard Kuntz, a resident of Manchester, Michigan, who during the past ten years or so has availed himself of the opportunities to visit other "Manchesters", in other states. He showed slides of four other Manchesters, and indicated that there were 26 towns or cities named Manchester throughout the nation.

Everyone enjoyed the presentation and took the list of the various Manchesters passed around by Dick Kuntz. The list appears below.

## Manchesters of the United States

State	Location	Population
California	less than 1,000	80 miles North of San Francisco
Connecticut	31,100	30 miles East of Hartford
Georgia	4,779	75 miles South & a little West of Atlanta
Illinois	less than 1,000	70 miles North of East St. Louis
Indiana	600	West of Cincinnati
North Manchester	5,800	40 miles West of Ft. Wayne
Iowa	4,641	Between Dubuque & Waterloo, 125 miles NE of Des Moines
Kansas	less than 500 (350)	Straight West of Topeka about 65 miles
Kentucky	1,664	40 miles North of Tennessee border
Maine	600	Suburb of Augusta (capital of Maine)
Maryland	1,466	40 miles North West of Baltimore
Massachusetts	51,400	80 miles North of Boston on coast
Michigan	1,650	
Minnesota	96	100 miles S. of St. Paul/Minneapolis
Missouri	5,031	Suburb of St. Louis
New Hampshire	90,900	25 miles North of Massachusetts border
New York	1,305	half way between Rochester & Syracuse
North Carolina	less than 500	15 miles N.W. of Fayetteville
Ohio	4,700	South West of Akron
	2,195	Kentucky border near Maryville, KY.
Oklahoma	240	Oklahoma & Kansas border below Wichita
Pennsylvania	2,391	40 miles SE of Harrisburg
South Dakota	6	50 miles NW Sioux Falls
Tennessee	6,208	half way between Nashville and Chattanooga
Vermont	435	10 miles from New York
Manchester Center	1,060	40 miles North of Massachusetts
Washington	987	on the Bay West of Seattle
Wisconsin	600	50 miles NE of Madison

## Waterloo Area Historical Society

You're invited to come and enjoy the Spirit of Christmas as it was celebrated back at the turn of the century. The old Really farmhouse, decorated with garlands of evergreen roping and red velvet ribbons, will be just as your grandmother might remember.

The delightful smells of special Christmas baking fill the air - stollen and kuchen - recipes that were handed down from mother to daughter in old German families. Children busy in the kitchen, stringing popcorn and cranberries to decorate the fragrant Christmas tree cut from the woodlot and now standing in the parlor.

There will be the opportunity to sing familiar Christmas carols accompanied by the mellophone. You will enjoy the cheerful fire in the old log house on the grounds where a cup of hot mulled cider and home made Christmas cookies await you after you have toured the brick house.

We're located in Jackson County near Munnith at 9998 Waterloo-Munnith Road. We'll be expecting to see you on either December 1 or 2 between 1:00 p.m. and 5:00 p.m. Do come and step back to a time when Christmas was celebrated in a more relaxed fashion.

## Manchester Sportsman Club Christmas Party

The Manchester Sportsmen's Club Christmas party will be held on Saturday, December 1st. Cocktails will be served at 6:00 p.m. and dinner at 7:00 p.m. Everyone is asked to bring a dish to pass and meat and drink will be furnished.

## No Diversion For Dairy Farmers

Secretary of Agriculture John Block says the Reagan administration has no intention of seeking an extension to this year's dairy diversion program. The USDA paid diversion program will expire March 31, 1985. It began January 1, 1984, and provided dairy farmers with government payments for reducing milk production from 5 percent to 30 percent.

## Hit Or Miss

by farley

Now that the presidential election is finally over and we don't have to wonder about who is going to win the presidential election, many of the experts are now wondering about how they have decided as follows:

Mr. Reagan will be a lame-duck president from the start. That is, he will be ineligible to seek a third term. He will have the usual "honeymoon", and then people will begin picking his successor. The atmosphere will be less than electric for any big domestic changes.

Look at Congress. It is divided - the Democrats have a majority while the Republicans control the

White House and have a small majority in the Senate as they normally have been - it's hard to say who's in charge.

Economic problems in the next four years are going to be especially tough, I think. The nation is living beyond its means and enjoying it; the economy is almost purring with self content. The Congressional Budget Office figures that the annual deficit could reach as high as \$263 billion by 1989 on the basis of present curves, but there is actually little inflation just at present and unemployment is down.

An english observer said about the 1980 election that it has "always baffled political scientists from countries with parliaments as to how the United States with its divided government can go through the enormous commotion of a quadrennial election with

what often appears inconclusive results.

Canada has just had an election, and the result there may well be more specific and decisive.

It lies within the president's power to disrupt the global economy or to blow the world to bits. Yet it is uncertain whether he can do what he wants to do, what he knows he must do and what he was elected to do." The president is constrained by restraints the Founding Fathers wove around him. Yet the Founders would themselves be surprised perhaps. "To a frightening extent," observer Hodgson says, "the huge Washington bureaucracy has eluded the president's control."

There is the difference between the voters' faith in "the president" and what he can actually do. There is the quadrennial search for a charismatic figure who will solve our problems. Often he himself is unable to enforce his will on Congress", says the writer.

Yet now the divided American government has pulled us through. It works best, I think, with strong political parties to help it along. It is coming in for increasing debate; every election proposes constitutional changes, often contradictory. They seem to show dissatisfaction with the system. Observers wonder. A British reviewer in the Economist says of the President: "He is confronted by a Congress from which he is excluded...tempted by the media to resolve his problems by making a direct appeal to 'the people'...But this, cuts him off the more completely from the realities of government."

We read and ponder. We are participants in the system we discuss. It is not just a spectator sport; it is often an unsatisfactory but also a majestic process says a Washington correspondent.

All efforts to discuss or debate the subject of "education" are

## Medicare/Medicaid Counseling Program

futile until and unless the disputants can agree on a definition of the word that adequately distinguishes it from "schooling" or "learning" or "training", which are only partial descriptions of the process.

It seems peculiar that the current administration is more preoccupied with the "civil liberties" of creatures that have not yet been born than with the impairments of living persons. No country is ready for self-rule until it has begun to practice it; our unreadiness was the principal argument advanced by the British Tories against the demands of the American colonists.

The universal reproach, "Physician, heal thyself," is a thoughtless maxim, for people generally do not apply to themselves the sound counsel they are competent to offer others. (How many lawyers have been careless or negligent in drawing up their own wills?)

You don't know what it means to pay the piper until you have hired a plumber.

Neatness is an obvious symptom of Regimentation.

Conspicuously absent after a blizzard are the kids who offered to shovel your sidewalk after a half inch snowfall.

The poverty figures would be even more startling if they were taken on the day before payday.

Raising children is tough, what with illness, expenses and reruns of "Gilligan's Island."

The Washtenaw County Council on Aging is offering a new program providing assistance with Medicare and supplemental health insurance to older adults. Volunteers will provide education and assistance to older adults with Medicare/Medicaid applications, other health insurance - their costs and benefits, followup and appeal process.

Many people find it difficult to understand and deal with insurance coverage as well as supplemental health insurance coverage.

Volunteers are trained in these issues and will provide assistance to those having difficulty. Volunteers are available to assist older adults in Washtenaw County with these issues by appointment. Call the Washtenaw County Council on Aging at 665-3625 for more information to arrange for an appointment.

## A Neighborly Lift

V-formation, the lead bird experiences a bit more friction than the others, but even he benefits from the updraft of the birds immediately behind him on both sides.

That behavior is not based on theoretical insight among migrating birds. Rather, after generations of experience, they sense the ease of flying in that fashion and adjust their positions accordingly.

As you hear the honking of geese overhead and see the majestic formations, you are witnessing the practical benefit of a neighborly lift.

## Chemical Dependency Has Many Faces

- Chemical Dependency is loss of control. Once you begin drinking or using other drugs you cannot predict when you will stop.
- Chemical Dependency is personality changes. Lying, unreasonable anger, loss of interest in work and family.
- Chemical Dependency is hiding and denying the problem. Concealing drinking or drug use from family and friends creates a pattern of deception that creates guilt.
- Chemical Dependency is blackouts. Drugs affect the brain and memory. Chemically dependent persons also can act as if awake and later remember nothing.
- Chemical Dependency is a disease - progressive, chronic, incurable and fatal if not treated.

Chemical dependency destroys lives. But there is hope. Catherine McAuley Health Center will hold a public information open house at Huron Oaks, its new chemical dependency facility on Wednesdays at 2 p.m. If you or someone you know has a problem with chemical dependency, this open house will provide you with important information.

For more information, please call 572-4300.

Huron Oaks was funded totally by community philanthropy.

# Manchester Village Council Minutes

The regular meeting of the Manchester Village Council was held November 5, 1984, at the Emanuel Church Hall.

President Hinkley called the meeting to order at 7:00 p.m. Present: Harris, Kallewaard, Koebbe, Niehaus, Reinhart, Schaible, Zsenyuk, Smith. Also present: 35 citizens.

Niehaus moved to approve the minutes as corrected, supported by Kallewaard. Motion approved. Zsenyuk stated that Rural Housing withdrew from the agenda.

Don Limpert asked why Rural Housing would have to be present for a discussion on the project. Zsenyuk said that there are some documents that Rural Housing has to present to Council. One is documentation from the D.N.R. stating that they will not cite the Village if Council approves the site plans.

Harris presented the year-to-date budget.

Harris moved to pay Village Payables of \$35,376.72, plus Blue Cross, estimated at \$2,400.00 and pre-pay Bridgewater Lumber, supported by Schaible. Roll Call Vote: Ayes all. Motion approved. John Schaible presented the Monthly Police Report. Report on file.

Koebbe presented the D.P.W. and Mechanics Reports. Reports on file.

Zsenyuk reported on the Infrastructure Hearing he attended, which was about possible funding for up grading the Sewage Treatment Plant.

Koebbe moved to lease the D.P.W. Office Building to the Manchester Senior Citizens for a

Manchester Senior Center for five years at \$1.00 per year, supported by Reinhart. Roll Call Vote: Ayes - all. Motion approved.

Harris moved to adopt the following rule:

### Manchester Council Rule #2 Agenda Items

Agenda items must be received by the Village Manager or Village Clerk at the Manchester Village Office, 120 South Clinton Street, by 2:00 p.m. the Thursday preceding the regularly scheduled meetings. Supported by Kallewaard. Roll Call Vote: Ayes all. Motion approved.

Council decided to have the Transfer Site open Friday, November 23, 1984, from 12:00 p.m. to 5:00 p.m. because of Thanksgiving being on Thursday. Discussion followed on the Mound Street situation. President Hinkley requested that Sue Gisting come to the November 19th Council meeting and discuss the problem in more detail.

Koebbe moved to adjourn the meeting, supported by Reinhart. Meeting adjourned at 8:07 p.m.

Helen J. Kensler  
Village Clerk

## AGRICULTURE IN ACTION

### The Dairy Program

There's no question that the dairy program will be one of the critical issues in major farm legislation next year. Dairy is a consumer issue, a taxpayer issue and a commodity issue in every state.

According to American Farm Bureau Federation dairy specialist Hollis Hatfield, there's more agreement now among producers on what needs to be done. Hatfield says producers agree that there is a problem; that they have to avoid a great surplus of milk, and that some form of dairy support program is needed—but not one that

encourages excess production. According to Hatfield, "Most dairymen believe price is the way to control production, by relating the support price to government purchases." Hatfield says there's only limited support for controlling production by quotas. There's a good chance then that the dairy price support program initiated in the Act of 1949 will be retained, with modification. The support price will not be set by Congress or parity formula. It will be set to go up or down to keep government purchases at a more constant and reasonable level. At least, that's what most producers are hoping.

## American Legion Auxiliary

The American Legion Auxiliary met at the Legion Home on November 14, 1984, with 16 members and two guests present.

Second District President, Cheryl Hohman was introduced to us, and we were briefed on the activities and performance of various district committees; also what was expected from the District units, which included the need for video machines at the V.A. Hospital.

Ginny Motluck and Alice Alexander reported they had purchased 36 gifts to be taken to the Ann Arbor V.A. Hospital Christmas Gift Shop to be held December 3 thru December 5. This particular gift shop enables patients to select Christmas gifts for giving to their loved ones. Volunteers from our Unit will attend the gift shop on December 4th to wrap gifts and also give their assistance to the patients.

The Veterans Affairs Committee is also busy obtaining an updated list of area servicemen's names and addresses so that cards and gifts can be sent in time for Christmas.

Our Unit has "adopted" two area veterans confined to nursing homes. These veterans will be remembered continuously throughout the year with visits, cards, gifts, etc. This program has been encouraged by our

Second District President, who is following the National and Department theme "Investing in America - By Investing in our Veterans."

It was voted to give Manchester Family Service a donation for the purchase of paper products to be included in Christmas gift boxes to be distributed to area DSS recipients.

Dues are now due and should be paid as soon as possible. Our December meeting will consist of a complete potluck dinner which will begin at 6:00 p.m. at the Legion Home on December 12, 1984.

### Citizens Against Waste

Messages on bumper stickers, t-shirts and trash bags will be used to fight government waste. Citizens Against Waste is behind the effort to force Congress and the administration to implement the 2,478 recommendations made by the Grace Commission to save \$424.4 billion in three years.

Commission Chairman J. Peter Grace, who is paying the start-up costs for the campaign, will be a speaker at the American Farm Bureau Federation annual meeting in Honolulu, Hawaii in January.

## Engagement Announced

Lauren Willson and Tim Wacker wish to share the joy of their engagement with friends, relatives and acquaintances. Lauren, the daughter of Georgia Willson, and sister of Doug of Manchester, is employed by Comerica Bank, Jackson. Tim, the son of the George Wackers of Manchester, is employed by G.E. Wacker, Inc. Both are 1983 graduates of Manchester Community High School. They are making plans for a March 30, 1985, wedding at Zion Lutheran Church, Chelsea.

## The Mystic Numbers

Manchester Enterprise  
November 7, 1987

Shall we explain it? Do you wish to know something about it? Listen then. But not to its highest meaning. Not to where it crowns all. There is a veil between us and that. But some of it we may divulge to you. To the Pythians it was the Tripod, on which the priest sat to reveal the will of Apollo in the Temple at Delphi. To the Persians it was Fire, Land and Water. To the Egyptians it was Light, Darkness and Spirit. Epicurians it was Food, Sleep and Pleasures. In Architecture it is Solidity. Fulfillment and Sympetry. To the individual it is Body, Mind and Soul. To the Benevolent it is Faith, Hope and Charity. It is symbolized in three links. In Three Columns. In Three Greetings. In Look, Thought and Speech.

But in an Intelligent, Growing, Pushing, Live, Progressive, Enterprising village it makes itself known, vizible manifest, in Churches, Schools and Newspapers. Without these Three no village or town is complete. Without these, any place is behind the age, lost in the fog, and dead to the world. No village can truly live without food, rest and exercise. The man that opposes these or is indifferent to them, is dead to his own interest; whether they be his interests in property, in comfort, or in culture. Such a man is a dead limb of a tree, a stagnant pool amid living waters, an owl sitting on the Chime of bells; a

blighting power in the body politic. He may make money, but what does he know. He may acquire property, but look at his children. He may have brains, but listen to their dullness. He may have a soul, but what does he care.

Manchester Has These Three. - After a long night, day has dawned on it. After a very long sleep, it has shaken itself, and opened its eyes. We have fair Churches, a Splended School House and a live Paper. Sum them all up, and they mean, ENTERPRISE.

Are you glad of it? How Far? How deep? - in your pocket.

If you are glad; if you jump with joy; if you smile, (even in your sleep) at these things, then come up with a like man, like a christian. Give to the church, support the School, and subscribe for the "Enterprise." Funerals are sad things at best; now do not let us read your epitaph in your face. Let us be assured that you are alive by hearing you say, "Give me my paper-here's your money."

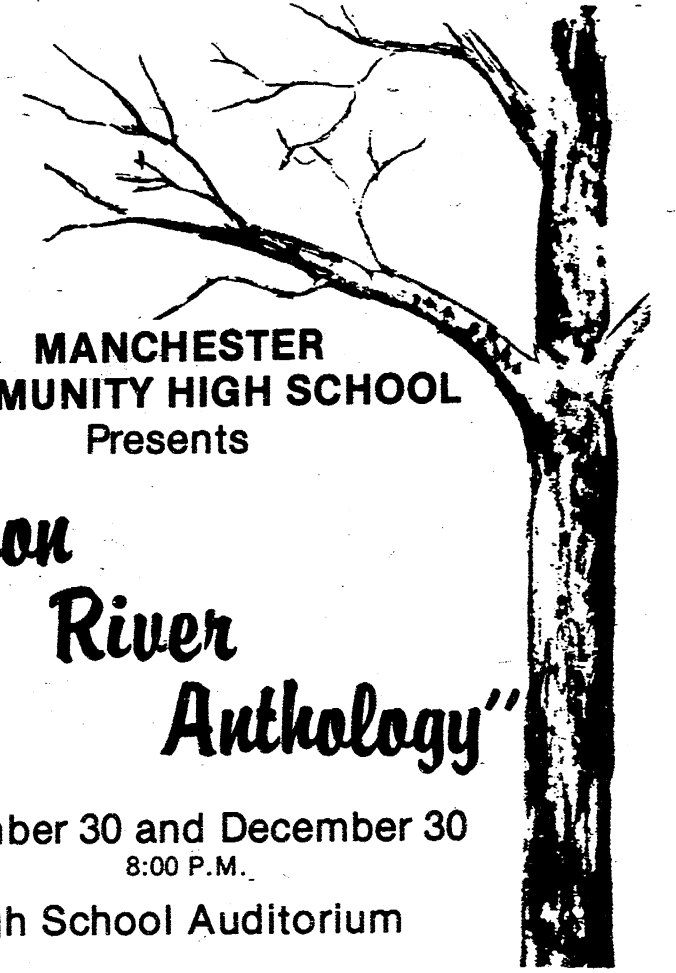

## DIAL —A— GARDEN

### DAR Good Citizen

Honor Society and is a cast member of this year's school play, "Spoon River Anthology." In addition, he is the pre-game and half-time announcer for the band and was the master of ceremonies for the 1984 Homecoming activities.

Dial-a-Garden, the phone-in service that is sponsored by the Washtenaw County Cooperative Extension Service will be closed down from December 1 through April. During this time we will be converting to a permanent tape system that will provide information on gardening, 4-H youth, home economics and nutrition and farming. You will be able to obtain information on any subject at any time of the year.

The popular Dial-a-Garden program has worn out six automatic answering machines in 7 years with over 33,000 phone calls per year. It was this sustained popularity that prompted our decision to implement a totally new and more comprehensive system. The Extension Service looks forward to offering this new service to Washtenaw County residents beginning next spring, and extends a thank you to all who have used and supported the Dial-a-Garden program.

# Santa Comes To Town

by jon

Sunday was a very special day as jolly old St. Nick made his annual stop. The weather was beautiful and so was the Mill. The Mill was set up ideally so boys and girls, young and old, could tell Santa what they would like for Christmas. There were some out of towners here from Detroit, who mentioned to me they came to our village because they'd heard of its uniqueness on WJR radio. It was a long day but well worth it.

If you saw me take pictures of your son or daughter with Santa, I'll have the prints at my shop at 134 E. Main Street. If you have any questions, please call me at 428-9509.

# Trouble-Free Driving All Winter

Motorists who invest 30 minutes now in a simple do-it-yourself Automobile Club of Michigan preventive maintenance program can help guarantee trouble-free driving all winter.

"By following the owner's manual maintenance recommendations and performing 12 routine checks, motorists will have a more dependable vehicle and find overall operating costs reduced," stated Robert Tellier, Auto Club's Emergency Road Service manager.

"A properly maintained car can improve fuel economy and cut operating costs by as much as 20 percent," Tellier said. "If a vehicle driven 15,000 miles annually delivers 20 miles per gallon with gas priced at \$1.23 per gallon, the savings could be \$396 annually."

"In addition, motorists who perform preventive maintenance now will know their cars can meet the severest cold-weather

problems," Tellier added.

Nearly half of all road service calls occur between December and March, and 80 percent of those calls are caused by vehicle neglect, not failure.

A Survey of nearly 5,000 vehicles inspected during the Auto Club's 1983 Winter Car Care Clinics showed that 48 percent of the vehicles checked had deficiencies, which if left unattended, could have resulted in breakdowns. The most common problems were low antifreeze, motor oil and tire pressure (28 percent of all vehicles checked). Each of those items can be maintained through instructions in the owner's manual.

Preventive maintenance is the key to a vehicle's overall performance. "If motor oil is not changed at specified intervals, engine damage can result and is costly to repair," Tellier said.

To perform the following 12-point check list, a motorist will

need a screw driver, anti-freeze hydrometer and a tire pressure gauge. The checks can be performed anywhere and require about 30 minutes.

\*Motor oil—the owner's manual will specify intervals between oil changes, but the oil should be checked each time the car is filled with gasoline.

\*Brake fluid level should be within a quarter-inch of the top of the master cylinder. The screwdriver is needed to pry off the clip that holds the cover of the brake fluid chamber.

\*Fill the windshield washer reservoir with a good commercial solvent to prevent freezing.

\*Check the level and strength of antifreeze in the radiator. Some cars have overflow tanks where the coolant can be checked. Strength of antifreeze can be checked easily with the hydrometer. Never open a hot radiator.

\*Power steering fluid level can be checked on a dipstick similar to the oil dipstick. To avoid over filling, add the fluid gradually and

test the level several times.

\*Hold the carburetor air filter up to the sun or next to a light. If you can't see light through it, it is time for replacement.

\*Check the automatic transmission fluid with a dipstick located on most cars behind the engine on the passenger side of the car. The car should be parked on a level grade with the engine running.

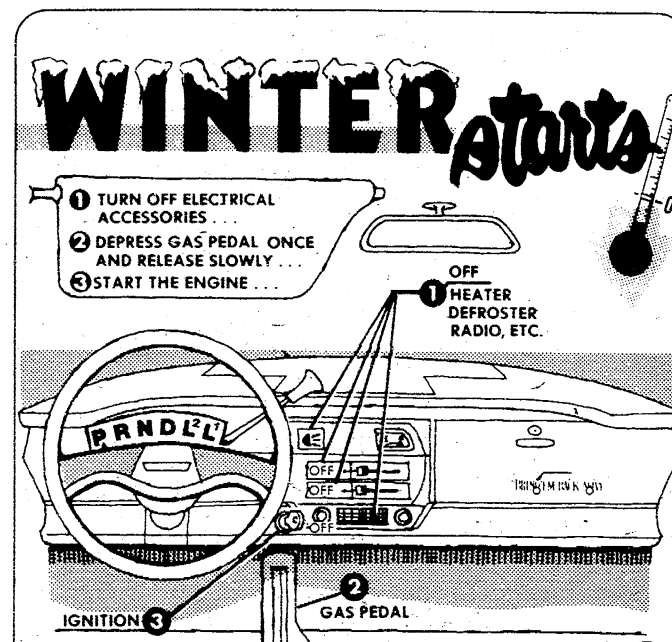

\*Test for fan belt tension and look for fraying or cracking. Press your thumb on the middle of each drive belt. If the belt gives more than a half-inch, have it tightened or replaced. Also inspect hoses and connections for leaks.

\*Clean battery terminals and dirty cables with a baking soda and water solution, and check the battery fluid level.

\*Turn on all lights and turn signals to make sure they work.

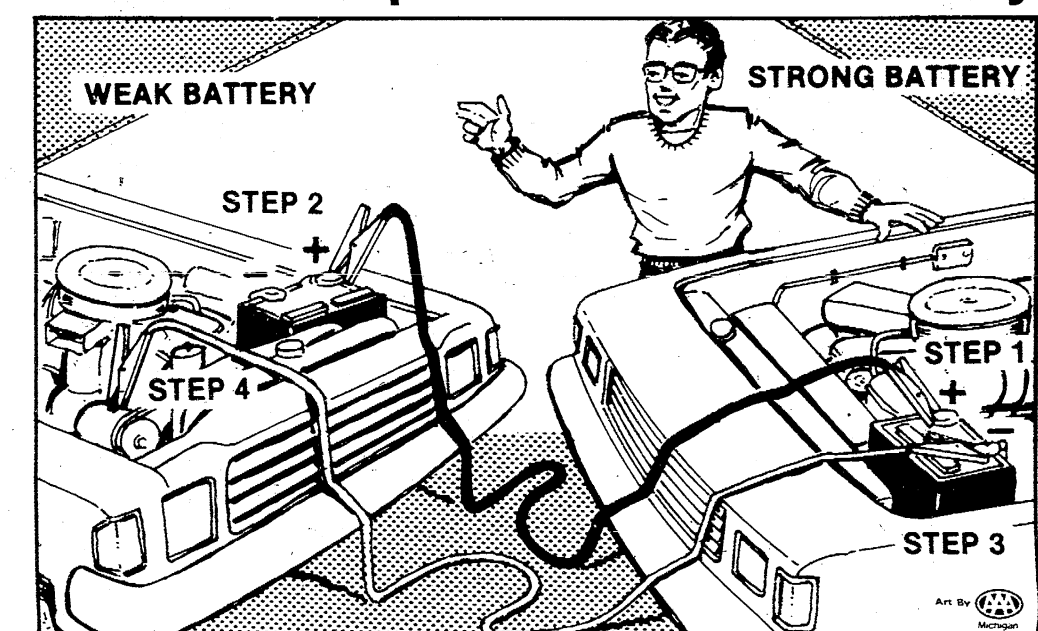

\*Check tire pressure with a gauge and inspect tread wear. The spare also should be checked.

\*Check windshield wipers and replace them if worn.

For added ease in winter starting, the Automobile Club of Michigan suggests this simple 1-2-3 method: (1) With the transmission in park, turn off electrical accessories so there is no extra strain on the battery. (2) Push the gas pedal to the floor and let up slowly to set the automatic choke. The accelerator should not be pumped since this will flood the engine. (3) Engage the starter for 10 seconds. Should the engine fail to start, wait 30 seconds and repeat steps 1 and 2. If you flood the engine, depress the gas pedal to the floor, hold and engage the starter. The accelerator should be kept down until the engine starts. Motorists should keep their fuel tank full to avoid fuel line freezing.

## How To Jump Start Your Car Safely

Jump starting can boost a weak battery to get a car's engine running, but it is critically important to use the proper procedures to avoid injury or damage to a vehicle's electrical system, the Automobile Club of Michigan advises. Both cars should be in "park" and not touching each other before booster cables are attached. The ignitions and all electrical accessories should be turned off on both cars. Step 1) connect one end of a cable to the positive terminal of the strong battery; Step 2) attach the other end to the positive terminal of the weak battery; Step 3) connect one end of the other cable to the negative terminal of the strong battery; 4) attach the last clamp to the engine block or generator mounting bracket of the disabled car as far from the battery as possible. Start the vehicle with the strong battery and let it run several minutes before starting the disabled car. Remove the cables in reverse order. If the battery has water cell caps, remove them and place a damp cloth over the openings before jump starting. Motorists should never smoke and wear some type of eye covering when working near a battery.

## America Turning on to Electricity

W.H. Krome George

The shift to electricity has been one of the most important energy developments of recent times, a leading American industrialist says.

"In the last 10 years, our use of electric power has grown by more than 20 percent while the use of nonelectric forms of energy has fallen off by 15 percent," says W.H. Krome George, former chairman of the board of the Aluminum Company of America. "Last year we used more electricity in this country than we did in any other year in the history of the United States."

The trend is toward an electrical economy in the United States, he says, pointing out that the industrial use of electricity rose by more than 8 percent between 1973 and 1982. In the same period the total industrial demand for nonelectric forms of energy declined by over 27 percent.

Mr. George's comments appear in the current issue of FOCUS: Views on Energy, a magazine published by Consumers Power Company.

"Electric power has been replacing other sources of energy and fueling much of our increase in industrial output simultaneously," says Mr. George, who spent

33 years at Alcoa and retired last year after eight years as chairman. Now 66, he is chairman of the executive committee of the Alcoa board of directors and a director of several other leading companies.

Steel producers are shifting more and more to electric arc furnaces, which can double the profit from each ton of steel over that produced by traditional fossil-fueled blast furnaces.

Car manufacturers also rely heavily on electricity. "Visit the paint rooms in many automobile manufacturing plants," says Mr. George. "You'll see infrared heaters drying the coating on cars. And don't forget this: All those robots that the automobile industry is installing are powered by electricity."

The reason for the big switch, says Mr. George, is primarily because "electricity is the most efficient, versatile form of energy. You can use virtually all of it."

But he warns that the present surplus of generating capacity in most parts of the country is not going to last too long.

"Currently, we have about 568,000 megawatts of capacity, but a lot of that is getting pretty tired," he says.

"Most standard projections of the growth in the consumption of electric energy put it above the increase in the GNP - the gross national product. The best opinion is that we're going to need generating capacity for an additional 438,000 megawatts by the close of the century, partly to replace capacity that will be worn out during that period."

**Card of Thanks**

I would like to thank my relatives, friends and neighbors for the kindness they showed me while I was in St. Joe's and since my return home; for the cards, visits and flowers and the attention of the members of the Methodist Church and of Rev. Carruth. Thanks to the hospital staff and to my very fine doctors, Dr. William Purfield and Dr. James W. Meyers.

Mel Brisbin

We would like to thank the individuals, the businesses and the organizations who assisted us financially in honoring the Football Team. We could not have done it without your support. It was a generous and willing spirit in which you gave. That is what makes our Community such a great place to live.

Thank you All!  
 The ManchesterAthletic Boosters

Thanks to all families, friends and neighbors who have helped us during my stay in the hospital and since returning home. The prayers, food, cards and visits acknowledges this community's caring. Special thanks to Rev. Carruth, Dr. Purfield, Dr. Fabok, the Senior Citizens Club, the American Legion Auxiliary, the Methodist Church and the Willo Circle.

# \$MONEY MANAGERMENTS

## Investors Need To Plan Year-End Strategy

This is the best time of year for investors to examine their holdings and figure out the tax impact on their investments. Tax experts stress that tax planning of investments should be a year-round project, but since investors often neglect to follow a year-round strategy, planning at the year's end is the next best thing, says the Michigan Association of CPAs.

To calculate the tax on gains realized from investments, subtract long-term losses from long-term gains. Then, subtract short-term losses from short-term gains. Finally, offset the two results to determine if the net result is a gain or loss and whether it is short-term or long-term.

The best tax result on an investment comes from realizing long-term gains or short-term losses. That's because 60 percent of the gain on a long-term investment is excluded from taxation. The remaining 40 percent of a long-term gain is simply added to your income and taxed at your tax bracket rate.

A short-term loss is more desirable than a long-term loss because it is fully deductible from your income. Each dollar of a long-term loss, however, is worth only 50 cents off your income. That's why it is wise at year-end to examine all your investments to see if you can take a loss on a short-term investment before it becomes a long-term holding.

Keep in mind that federal tax law allows you to deduct from income a maximum of \$3,000 in net short-term losses a year, or \$6,000 in net long-term losses. Any losses above those limits may be carried over to succeeding years.

When calculating net losses and gains, remember that the long-term capital gain (and loss) holding period was shortened from one year and a day to six months and a day by the Deficit Reduction Act of 1984. Now, all investments made after June 22, 1984, qualify as long-term if they are held for more than six months. All investments made before that date still come under the old capital gains rules which mandate that only investments

held for more than a year qualify for the more favorable long-term gains tax treatment. The net effect of the new law is that investments made after June 22 will have to be sold after December 22 to qualify for long-term capital gains, treatment.

One useful wrinkle in the rules affecting investors allow you to choose in which year a gain will be included - 1984 or 1985 - when it is realized in the last five business days of 1984. So if you sell a stock for a gain after December 24 of this year, you have the option of including the gain in your 1984 or 1985 income tax return. That's because you can choose the trade date or the date you receive the proceeds as the effective IRS bookkeeping date. Figure out what gives you the best tax advantage. Your CPA can help you with this type of transaction.

Another year-end move can help investors in municipal bonds and mutual funds. A short-term loss on one of these investments may be worth realizing especially before it becomes a less powerful long-term loss. You can sell the investment, get the tax deduction and buy a similar (but not the same) bond or fund. The new investment will qualify as a long-term gain in six months and a day under the new holding period rule. This way you can reap the same benefits if the security appreciates in value that you would have gotten by holding onto the losing investment.

The rules affecting capital gains and losses are complicated, so consult your tax advisor for more information.

## Food Drive For The Needy

Manchester Middle School Student Council will hold its annual Christmas canned and packaged food drive for the needy beginning now until December 11th. Home canned or processed foods are not acceptable because of Department of Health rulings and it is not possible to use split packages of packaged foods.

Students will be canvassing their neighborhoods (if you have a student friend next door, be sure and help him) in town as well as the country. Since many people who want to participate in this project are not contacted each year, remember that they can take their donations to the Middle School during the hours the schools are open.

The foods, as explained later in this story, are distributed by Manchester Family Service, Inc. If a larger supply than is needed at this time is collected, it will be used as a Food Cupboard for use during the year, thus cutting down on grocery orders for those emergency cases that invariably arise.

Remember the deadline is Tuesday, December 11.

### Manchester Family Service

Each year at Christmas time Manchester Family Service provides help to low income families and individuals in the Manchester School District, as well as all of Manchester Township and that part of Bridgewater Township in the Clinton School District. The Department of Social Services and the Washtenaw County Health Department cooperate with the local volunteer agency in identifying the needy. The

Salvation Army assists with the financing of the areas that are outside the School District since the District is the service area defined by the United Way for the agency.

Assistance consists of holiday food boxes provided from the canned and packaged foods collected by the school system, a free shop for used clothing and household items, toys, Christmas decorations, etc., and a gift of a family grocery order at the IGA or a clothing order at a designated K-Mart store.

Needy persons who may not be on the agency rolls should contact Manchester Family Service by December 10, if possible, for information about the Project. Call 428-8852 daytimes or evenings until 9 p.m.

Donations may be made to Manchester Family Service which is a tax exempt organization. The mailing address is Merrill Korth, Treasurer, 410 Adrian Street, Manchester.

**YOU'RE INVITED...** to the Guild Christmas party! No business, just good conversation and a good time.

Are you a closet artist? Want a little creative stimulation? Interested in the promotion of art in the community? Have you been interested in the Manchester Art Guild but unable to attend because of daytime meetings?

We'd like to introduce ourselves!  
**WHEN:** Monday, December 3  
**WHERE:** Swanberg's, 14108 East Austin Road (428-8798).  
**TIME:** 7:30 p.m.  
 Spouses are welcome. Bring a plate of ethnic hors d'oeuvres or dessert.  
 Hope to see you there!

**Your best friend is choking, and all you can hear is your own heart pounding.**

Every second counts. Would you know what to do? Red Cross will teach you what you need to know about life-saving. Call us.

We'll help. Will you?
