Who Are These Reindeer

Behind the reindeer masks are kindergartners from Mrs. Ediger's and Mrs. Hankamp's room. These classes led the Klager Christmas Program December 18th. The audience was entertained with traditional

Christmas songs, new songs, the Mexican Hat Dance and several skits. Mr. Marrison presented a very entertaining evening and everyone agreed that the singing was superb.

It's Campbell Soup Time Again

Manchester Middle School is collecting labels to be exchanged for audio-visual equipment. The collection period ends on February 24. Please save labels from all Campbell's Soups, "V-8" juices, Swanson Canned and Frozen Foods, all Franco-American products and Recipe Dog Food. You may send the labels to any Manchester school to be sent to the Middle School, or give them to any Middle School student or deposit them at the local IGA. Thanks for helping us again.

Early Deadline Due To Holidays

Due to the New Years Holiday falling on Tuesday, the deadline for all advertising and all news articles will be Friday, December 28th by 5:00 p.m.

BOYS AND GIRLS:

You'd Better Watch Out

TOM'S CHRISTMAS

by Wayne Baker-2nd Grade

Once upon a time a boy named Tom lived in a big house. It was Christmas Eve. Tom said "I can't wait until tomorrow!" The next morning Tom got a train set, a space gun and a little bear. But Tom did not take good care of his toys.

One evening Tom saw a monster! The monster said "I am a monster of old toys that people do not take good care of." From that night on Tom took great care of his toys.

Chrysler Proving Grounds Employees Help Needy Families

An annual event at the Chrysler Proving Grounds has just come to a close. Each year the employees gather funds to help needy families at Christmas time. This year a record \$3,300.00 was collected to help several needy families in surrounding communities.

Contributions this year came from 12,000 pop can deposits. The cans are from vending machines in the plant. The remainder came from donations from the plants 600 employees. Polly's market manager, Mike Kennedy, has cooperated in redeeming the pop cans each year.

This project has been going on for over ten (10) years. Employees have distributed over \$13,000 to 50 needy families in employees communities.

Names of needy individuals came from plant employees and efforts are coordinated by Plant Guard Workers Local 35 President Elmer Schulte, U.A.W. Local 1284 President Dave McAllister and Plant Personnel Manager Bill Mitchell.

1984 Big Tree Contest Winner

The 1984 Big Tree Contest, co-sponsored by the Washtenaw County Soil Conservation District and Tri-County Logging Company of Clinton, Michigan, has recently been completed and the winner named.

A Cottonwood, entered by Mr. Dean Zahn, of Braun Road, Saline, has been named as the 1984 Big Tree in Washtenaw County. The tree measured 118 feet in height, 20 feet 6 inches in circumference at 4 1/2 feet from the ground, has an average crownspread of 100.5 feet, and estimated board feet of 2670, for a Total Point score of 3059.

Each tree entered into the 1984 Big Tree Contest received a point score based upon the American continued on page 16

Santa Claus Comes To Mrs. Ediger's Kindergarten Class

Kindergartners listen to some good advice from an expert.

The children were surprised by a special guest on "Party Day." Santa appeared to distribute stocking-filled treats and Rudolph refridgerator decorations. His special message was to "be good and go to bed early on Christmas

Eve." Children promised to follow his advice.

Besides seeing Santa, children made Rudolph faces, aluminum chains, tasty Christmas trees and "Homemade" ice cream.

Jessica Porter, Mica Jefferson and Nathan Bertke show Mrs. Kathy Jefferson the contents of their stockings.

HAPPY NEW YEAR GREETINGS TO ALL

Letter To The Editor

Dear Mr. Steele:

The case for the preservation of the Bur Oak on Austin Road has been stated eloquently and at considerable length by a number of people in various forums, and one is tempted to think that before any reasonable jury it would have been won hands down. However, some remarks by Mr. Norman Kennedy quoted in a recent issue of the Ann Arbor News indicate that the fate of the tree is still in doubt, and at the risk of being charged with flogging a dead horse, I would like to bring out some relevant points that is seems to me have not been adequately addressed to date.

Granted that one of the legitimate functions of any road commission is to monitor and cultivate the safety of the highways under its jurisdiction, the present Commission is to be commended for taking its job seriously, and Mr. Kennedy, albeit I surmise that his views and my own regarding the 'quality of life' are poles apart, shows admirable zeal in pursuing the cause of safety. However, even he must concede that in the real world there is no such thing as absolute safety on the highway. The automobile is inherently a dangerous device in the hands of an irresponsible, incompetent, or functionally impaired driver. It can be a deadly menace, both to its operator and to nearby living things, even in the most ideal physical surroundings. In the effort to increase the safety of the surroundings, as in almost any enterprise one can think of, there is a point of diminishing returns, a point at which the marginal return from that last measure of safety is not worth the marginal cost that it entails. I believe that the solidarity of the support evidenced at the recent Manchester town meeting and in the public forums elsewhere is a clear indication that in the

judgment of the majority the tree in question lies beyond that point. It is simply too high a price to pay for the additional measure of safety its removal would provide. And just what is that measure of safety, in reality? The Michigan Supreme Court, in its duly constituted wisdom, has declared that any obstacle less than five feet from the edge of the roadway is legally a hazard, and the tree is obviously included in this category. But I strongly suspect that this ruling fails to take into account certain extremely significant realities that might be termed higher-order effects. The tree, to whatever extent it constitutes a hazard, is a conspicuous one, something that is virtually impossible to overlook or remain unaware of. It is true that in any society there are elements who delight in living dangerously, and from these individuals we need a power greater than the Road Commission to defend us, but fortunately they are not in the majority. For the ordinary person, the strongest deterrent against a particular act or type of behavior is the immediately apparent threat it presents to his own life and limb. For the great majority, then, the real hazards are those that are not conspicuous, that are concealed or easily overlooked, or for whatever reason are not anticipated. Removal of the obvious hazards will only encourage the type of behavior that makes the concealed ones, many of which cannot be removed, all the more deadly. The fact that the tree stands unscarred after generations of close proximity to the roadway is strong evidence that it constitutes an ineluctable warning of its own presence, and it may well be the most effective advocate of sober and sensible driving that could be devised. Certainly in the eyes of many people it is the most sightly. We

will never know, of course, but I believe it is worth asking ourselves how many tragedies it may already have averted, and how many human lives it might actually save if its own is spared.

F.B. Sleator
Ann Arbor, Michigan

THE SACRED BUR OAK

More than likely, everyone is tired of hearing about the pros and cons about the big oak on West Austin Road, but I would like to make one more comment on its existence. After all the articles I've read through the past months, nobody has mentioned why the big oak has not been scraped and mangled by automobiles thru the years. If anyone had taken notice, they would have discovered that the tree stands on the inside of a slight curve in the road. Three hundred feet to the east on the same side stands a tree about half its size, the same distance from the road. The location of this tree is on the outside of a slight curve. The apparent scars look like it been through many wars. Only half of the bark remains at its base. Which tree should possibly be eliminated? Think about this! Still, from what I've read, the Washtenaw County Road Commission won't be satisfied until the big Bur Oak is cut down. After all the controversy, now it appears to be an obsession with them to see that the tree is eliminated. I can remember when M-11 (now Austin Road) was maintained by the State of Michigan. They had no problem with the big oak. Then the county took over this particular road maintenance, possibly in the early forties. They had no problem with the tree either. Now after 100 years plus, since Austin Road

RX For Holiday Hospitality

Get down the punch bowl. . . polish up the platters! The holiday season is almost here and it's time to be thinking about what you'll serve at various up-coming festivities. For informal drop-in occasions you can't beat a refreshing punch and a couple of really special cookies. Try this Fruited-Wine Punch which starts with a base of strong tea to give body without masking the flavors of the other ingredients. Lemonade, apricot nectar and white wine are added to the tea base and then the punch is set aside to give the flavors a chance to "marry". At serving time, the punch is poured into the punch bowl and lemon-lime soda is added to give extra holiday sparkle. The recipe below makes about 3 quarts or about 24 punch-cup servings.

- #### Fruited Wine Punch
- | | |
|---|---|
| 2 rounded tablespoons instant tea | 2 (12 oz.) cans apricot nectar, chilled |
| 4 tablespoons sugar | 3 cups sauterne or medium dry white wine, chilled |
| 4 cups cold water | 2 cups lemon-lime carbonated beverage, chilled |
| 1 (6 oz.) can lemonade concentrate, undiluted | |
- Add tea and sugar to cold water; stir to dissolve sugar. Stir in remaining ingredients except lemon-lime beverage. Chill. When ready to serve, add carbonated beverage and ice cubes. Garnish with lemon slices if desired. Makes 3 quarts.

FOR THE HOLIDAYS: NEW TWIST TO AN OLD FAVORITE

Did you know that lemon meringue pie is the second most popular pie in the United States? Even so, for the holidays, try putting a little pizzazz into this American favorite. For example, tempt your family with a delicious crust made of shortbread crumbs and pecans, topped with sliced bananas and lemon filling and crowned with soft, high golden-peaked meringue. This delectable variation to lemon meringue pie, Banana Meringue Squares, can be made in about a half hour, thanks to ROYAL No Bake Lemon Meringue Pie Mix. The Squares are pleasing to the eye and palate, and require minimal cost, time and effort from the holiday cook.

- #### BANANA MERINGUE SQUARES
- Makes 9 servings
- 1 (13 1/2 ounce) package ROYAL No Bake Lemon Meringue Pie Mix (Lorna Doone Shortbread Crumbs included)
 - 1/3 cup PLANTERS Pecans, chopped
 - 1/4 cup BLUE BONNET Margarine, melted
 - 2 medium bananas, sliced
 - 1/2 cup sugar
 - Water
- In small bowl, combine shortbread crumbs, pecans and margarine. Reserve 1 tablespoonful mixture for garnish; press remaining mixture against bottom of 8-inch square baking dish. Arrange banana slices over crust. Prepare lemon filling according to package directions using sugar and water. Pour over bananas in dish. Chill 15 minutes. Prepare meringue topping according to package directions using water. Spoon over slightly soft lemon filling; spread to edges, sealing well to dish. Sprinkle with reserved crumb mixture. Brown meringue in oven at 400°F. for 10 to 12 minutes. Chill 3 hours before serving.

Easy Chowder Is Cheery Supper

Hot and hearty Corny Frank Chowder is rich, satisfying and affordable winter fare. The one dish dinner — made with frankfurters, onions, green peppers and canned cream style corn — is easily and quickly prepared with the (almost) magic two-step Velveeta process cheese sauce. You simply add milk and process cheese cubes to the other ingredients, then heat and stir until steaming hot and cubes melt. Serve with crispy, toasted bread slices.

Corny Frank Chowder

- | | |
|--|---|
| 1 lb. frankfurters, cut into 1-inch pieces | 1 17-oz. can cream style corn |
| 1/2 cup chopped green pepper | 1 cup milk |
| 1/2 cup chopped onion | 3/4 lb. Velveeta pasteurized process cheese spread, cubed |
| 2 tablespoons Parkay margarine | Dash of pepper |

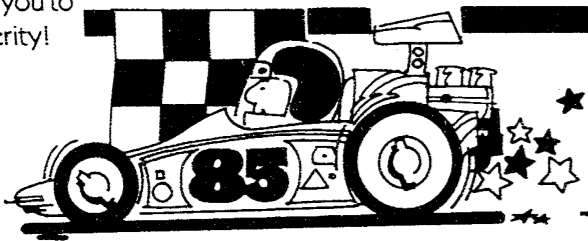

Microwave frankfurters, green pepper, onion and margarine in 3-quart bowl or casserole on High 6 minutes or until vegetables are tender, stirring every 3 minutes. Stir in remaining ingredients. Microwave 6 minutes or until hot, stirring after 4 minutes.

Six 1-1/3 cup servings

Conventional Preparation: Sauté frankfurters, green pepper and onion in margarine in 3-quart saucepan. Add remaining ingredients; stir until process cheese spread is melted.

Season's best

Here's hoping that the New Year steers you to peace and prosperity!

DAN'S WESTSIDE AUTOMOTIVE

At the start of a new season, we pause on memory lane to recall the good times, the good friends and to say, "We're thinking of you."

SUTTON AGENCY

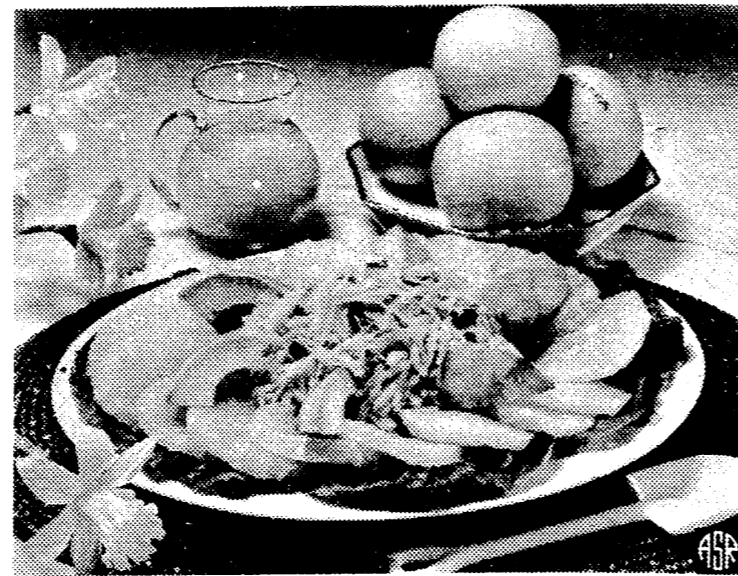

The Affordable Luxury

Montreal, Quebec — There are just a few times in life when one is able to enjoy the finest...the richest...the most luxurious...the unforgettable. One of those times is when saying, "That is the one," picking the thick-skinned, oval-shaped, deep orange-colored Shamouti orange from Israel, marketed under the name, "Jaffa". That is the moment of affordable luxury, the best.

Shamouti Oranges are in your local supermarket from now through mid-May. Carefully wrapped and boxed, they arrive from Israel just one week after they were picked. Shamouti oranges are grown along the Mediterranean coastal plain where climate and soil combine to make them world-renowned for flavor.

The Shamouti Orange is a healthful food, laden with vitamin C and potassium as well as other nutrients. It is also extremely versatile. Popular as it is combined with other foods because of its rich flavor, its thick skin makes it easy to peel and eat out-of-hand, making it a great addition to the lunch box or as a take-along treat for an outing. And it remains unparalleled as a juice orange.

Enjoy them now for the season is short. You will recognize them by the "Jaffa" stamp. The affordable luxury.

The Jaffa Orange Avocado Salad — delicious and nutritious.

- | | |
|---------------------------------------|--|
| 1/4 cup warm water | 1/8 teaspoon ground ginger |
| 2 tablespoons golden seedless raisins | 2 cups coarsely shredded carrots |
| 6 Jaffa Oranges, divided | 1 large, ripe avocado, peeled and sliced |
| 1/4 teaspoon salt | 1 tablespoon lemon juice |
| 1/8 teaspoon crushed red pepper | Lettuce leaves |

In small bowl combine water and raisins, soak 20 minutes. Drain. Squeeze the juice from 3 oranges (1 cup). In large bowl, combine orange juice, salt, pepper, and ginger. Stir in carrots. Cover, refrigerate 1 hour. Peel and slice remaining 3 oranges. Sprinkle avocado slices with lemon juice to prevent darkening. Line serving plate with lettuce leaves. Arrange orange slices and avocado slices over lettuce. Mound carrots over salad, sprinkle with raisins. Serve with remaining orange juice dressing.

Yield: 4 to 6 servings.

Ring in the New!

Let the New Year be welcome for the time it brings to strive, to do, to make new friends, and keep the old. Best Wishes.

Comerica BANK

On A Winter's Night . . . A Soup That Satisfies

What better way to satisfy a hungry family on a bitter cold night than with a piping hot serving of homemade soup. Laden with a variety of nutritious ingredients, this recipe for good, old-fashioned New England Clam Chowder was developed by the Home Economists at KitchenAid using their large capacity food processor. The weather aside, it's also a good recipe for a busy cook, because it can be prepared ahead in just a few simple steps.

For a satisfying meal, serve it with a garden fresh salad, a selection of cheeses, a loaf of homemade bread and a colorful mix of sliced fruits. All but the cheeses can be prepared in the food processor.

New England Clam Chowder

- | |
|--|
| 2 small onions, quartered |
| 3 carrots, peeled and cut into 1-inch pieces |
| 3 medium potatoes, peeled and cut into 1-inch pieces |
| 2 tablespoons butter or margarine |
| 1 cup water |
| 2 cans (6 1/2 oz. each) minced clams, with juice |
| 4 tablespoons butter or margarine, melted |
| 6 tablespoons flour |
| 4 cups milk |
| 1 teaspoon salt |
| 1/4 teaspoon pepper |

Position metal work blade in work bowl. Add onions and pulse 7 to 8 times to finely chop. Remove from bowl and set aside. Add carrots and potatoes to bowl. Pulse 7 to 8 times to coarsely chop.

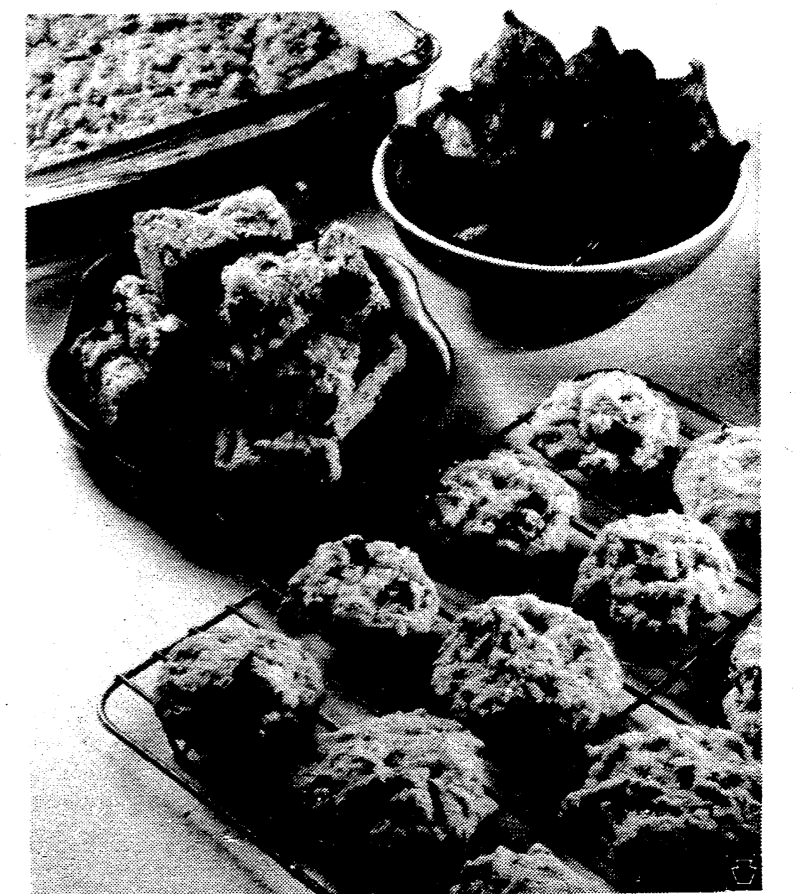

Melt butter in a 4-quart pot over medium heat. Add onions and sauté until tender. Add carrots, potatoes,

and water. Cook until vegetables are tender, about 15 to 20 minutes.

Stir in clams with juice. Combine butter and flour to make a smooth paste. Slowly add flour mixture to pot, stirring constantly. Add milk, salt, and pepper. Reduce heat and cook until soup thickens, stirring constantly.

Yield: 10 to 12 servings

Oatmeal Cookies For Family and Friends

Homemade cookies have a special quality about them. Not only do they fill the house with wonderful aroma, they always speak louder than words, in saying you've made something special for family or friends.

This easy recipe can be baked as bar or drop cookies, with enough batter to make some of each. Chocolate pieces, oatmeal and cinnamon all add to their flavor, but the addition of dried figs makes them special. Providing chewy texture with a depth of natural sweet flavor, figs also bring lots of nutrition to the cookie jar. A concentrated source of quick energy, they add more calcium, magnesium, potassium and copper than any other fruit.

So bake up a batch of homemade cookies that make wonderful little special gifts—if you can keep them in the cookie jar that long.

CHEWY FIG OATMEAL COOKIES

- | | |
|--------------------------------------|---|
| 12 dried Calimyrna figs | 2 teaspoons cinnamon |
| 1 cup (2 sticks) butter or margarine | 1 1/2 teaspoons baking powder |
| 2 cups granulated sugar | 2 cups quick cooking rolled oats |
| 2 eggs | 1 cup semi-sweet chocolate pieces (6 oz.) |
| 2 teaspoons vanilla | |
| 2 cups all-purpose flour | |

Cut stems from figs and discard. Chop figs to make one cup. Set aside. Cream together butter and sugar. Add eggs and vanilla and beat well. Combine flour, cinnamon and baking powder; gradually add to creamed mixture. Stir in oats, figs and chocolate pieces. Mix well as dough is very stiff. Drop by teaspoonfuls on ungreased cookie sheet. Or divide dough in half and spread each half in a greased 8-inch square pan. Bake in 350°F oven. For the drop cookies bake 15 minutes; for the bar cookies bake 30 minutes. Yields 6 to 7 dozen drop cookies or 64 bar cookies, 1 by 2 inches each.

FILLYAW'S MARATHON SERVICE

Walnuts Give Breakfast A Lift

Monday through Friday, it's enough to grab a quick breakfast of cereal, toast and juice. But on the weekends, grills sizzle with meats, pancakes or waffles and the morning meal is enjoyed at a calm, leisurely pace.

With more time to prepare and enjoy it, breakfast becomes the highlight of the weekend, a special meal to savor and celebrate two glorious days of relaxation away from a hectic weekday schedule.

Something special is required to turn a weekend breakfast into a grand occasion. Something as special as California walnuts — crisp, crunchy and delicious!

Country Apple Walnut Syrup, made by adding sliced apple, cinnamon and chopped walnuts to basic maple syrup, is an easy way to dress up pancakes, waffles or French toast. The result is a sensational syrup that enhances traditional breakfast foods and puts them into the weekend, super-special category.

While walnuts add tantalizing flavor and texture to give breakfast a lift, their benefits go beyond good taste. These delicious nuts from California offer good nutrition, too.

Walnuts provide vegetable protein and fiber, as well as certain B vitamins, vitamin C, and important minerals including iron, potassium, phosphorus, copper and zinc. While walnuts taste rich, they are low in saturated fat and sodium and are cholesterol-free.

For a special weekend breakfast or a quick-to-fix weekday starter, try some of these nutty-good breakfast ideas:

• Top French toast with sliced, fresh bananas, chopped walnuts and a sprinkling of cinnamon-sugar.

• Combine walnut pieces with dried apples, raisins and a dash of cinnamon and nutmeg. Pack in plastic sandwich bags for breakfast-on-the-run.

Country Apple Walnut Syrup dresses up basic maple syrup with walnuts and apples to make a delightful pancake topping.

- Knead chopped walnuts into yeast bread doughs and add to banana bread and other quick bread batters.
- Dollop hot cooked cereals with yogurt. Sprinkle with chopped walnuts and drizzle with maple syrup.
- Serve bread pudding for breakfast—it has eggs, bread and milk in one convenient dish. Add coarsely chopped walnuts for appealing crunch and flavor.
- Add finely chopped walnuts to pancake or waffle batter.

COUNTRY APPLE WALNUT SYRUP

- | | |
|--|-----------------------------------|
| 1 cup maple or maple-flavored syrup | 3 tablespoons butter or margarine |
| 1/2 cup honey | 1/2 teaspoon cinnamon |
| 1 large apple, peeled and thinly sliced (about 2 1/2 cups) | 1 cup chopped walnuts |
| | Squeeze of lemon juice |

In saucepan combine syrup, honey, apple, butter, cinnamon and salt. Bring slowly to boil, stirring. Reduce heat, simmer 8 minutes. Stir in nuts and lemon juice. Serve hot over pancakes, waffles, French toast or ice cream. Syrup may be stored in covered container in refrigerator for several days. Reheat over low heat. Makes about 2 cups.

Would you like more exciting ways to use America's favorite nut? Send for the 44-page cookbook, *California Walnuts—Talk of the Town*, enclosing \$1 to cover postage and handling to: Walnut Cookbook, 1540 River Park Drive, Suite 101, Sacramento, CA, 95815.

Counting Our Blessings

Plastic Milk Containers

Nutritionists and health experts report that milk is still the best food money can buy. It is nature's most complete food. Moreover, more and more, the milk we buy is being packaged in plastic containers.

Actually, modern plastics are now used for more than 90 percent of all milk sold in gallons and for an increasing proportion of half-gallon milk containers. One reason for this popularity is that plastic milk containers help keep freshness and taste in, while keeping odors out. Dairy experts also report that the plastic bottles are easier to handle and easier to take from the display case. If one drops on the floor it doesn't shatter or split.

According to the U.S. Department of Agriculture, the best way to conserve the val-

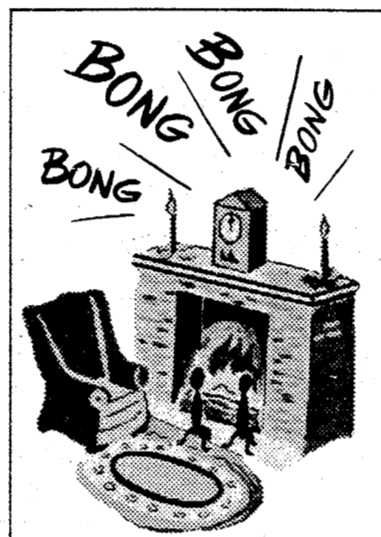

uable nutrients and good flavor of milk is to keep it cold, covered, and away from strong light. They go on to say that milk today is well protected by the present methods used from farm to consumer.

A good part of the credit for the fresh and good tasting milk we get is due to our retailers. They are responsible for bringing us the improved new products, including foods that nourish us and the plastics that keep our foods safe and convenient.

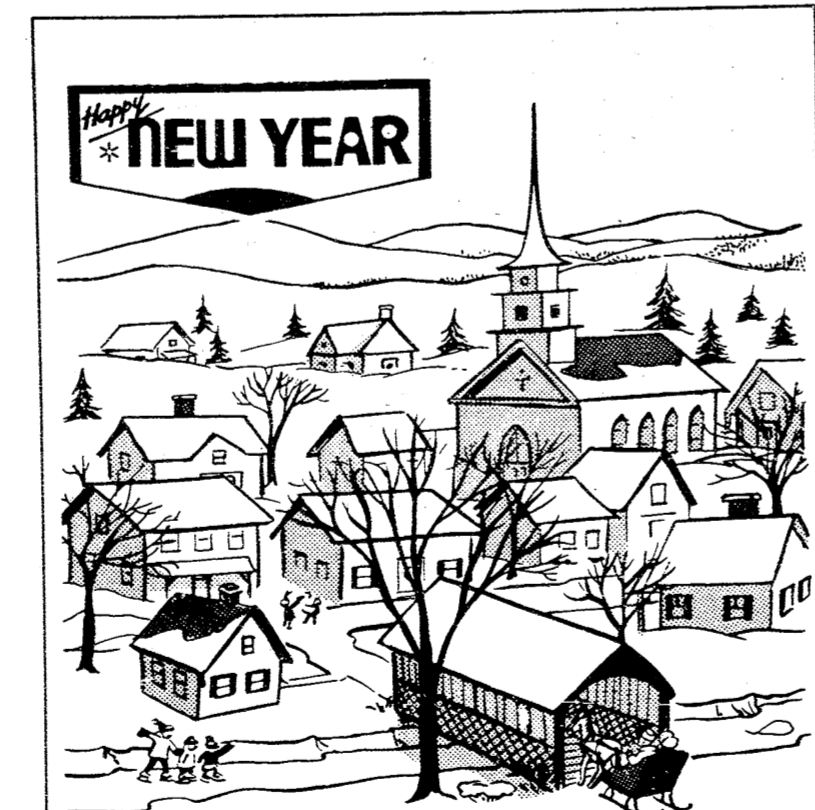

Season's best to all the fine people of the community.

BACK DOOR PARTY STORE

Warm Wishes
Our very best wishes for a happy, prosperous New Year.

obituaries.....

Miss Shelly Lynn Green
678 West Main Street
Manchester, Michigan

Age 20 years, died Tuesday at University of Michigan Hospital as a result of injuries received in an accident.

She was born May 13, 1964, in Tecumseh, the daughter of Therman and Frances Irelan Green.

She graduated from

Manchester High School in 1983 and at the time of her death she was employed at Jac Products in Ann Arbor.

She is survived by her mother, Mrs. Frances Green of Clinton, father and step-mother, Mr. and Mrs. Therman Green of Pinckney, a sister, Sherry, of Manchester, a brother, Todd or Ypsilanti, her maternal grandmother, Mrs. Elva Meyers of Brooklyn, her paternal grandparents, Leon and Ruth

Green of Clinton, and Mrs. Dorothy Thacker of Manchester. Funeral services were held Thursday, December 20, 1984, at 1:00 p.m. at the Jenter Funeral Home. Rev. Milan Maybee officiated. Burial followed in Oak Grove Cemetery. Memorial contributions may be made to the U of M Hospital Neurological Intensive Care Unit.

Paul Frederick Haeussler
11285 Pleasant Lake Road
Manchester, Michigan

Age 70 years, died on December 18, 1984, at University Hospital, in Ann Arbor, Michigan.

He was born on October 2, 1914, in Freedom Township, the son of William F. and Clara Dieterle Haeussler.

Mr. Haeussler lived in Freedom Township most of his life. He married Olla Broderick in Manchester in 1971. She preceded him in death on March 11, 1983.

Mr. Haeussler was a member of Bethel United Church of Christ.

He is survived by one step-son, Mr. Charles Broderick of Chelsea, one step-daughter, Mrs. Nancy Ground of Britton, and several step-grandchildren and great-grandchildren. He was preceded in death by one sister Florence Haeussler.

Graveside services were held Thursday, December 20, 1984 at 3:30 p.m. at Bethel Cemetery in Freedom Township. Rev. Roman Reineck officiated.

Youngsters are learning about alcohol abuse early in one community's successful effort to cut down drunk driving among teens.

Teaching children about the use and abuse of alcohol is a sobering subject. One town is doing it successfully, without raising taxes or introducing new restrictions.

Concerned with teenage drinking, the teachers and parents of Lee, Massachusetts have joined forces to put alcohol education in the schools from the sixth grade up. Thus beginning early, the young people are taught how values are shaped, how to know oneself, about peer pressure and about the characteristics of alcohol and drug abuse.

In the 7th and 8th grade the programs include the psychological factors influencing alcohol use and how to deal with peer pressure.

Youngsters in the ninth grade learn about the legal and social aspects of alcohol use. Guests in the social studies class include a judge, a lawyer and a detective.

In the 10th grade driver education classes provide an in-depth study on how alcohol and drug use affect driver safety.

All the teamwork has paid off and Lee has sharply reduced its drunk driving among teens. The program's success has prompted the National Football League, The Distilled Spirits Council of the United States and the National Association of State Boards of Education to mount a national campaign so other communities can benefit from this program.

FREE BOOKLET

A booklet has been prepared by the National Association of State Boards of Education on how to establish an alcohol prevention program in a community. The booklet is available free by writing to: TEAMWORK, Box 1197, Dept. D, Washington, D.C. 20013.

Homeless Pets Become Leader Dogs For The Blind

The Humane Society of Huron Valley has just been notified that five more of its dogs have graduated from training at Leader Dogs For The Blind in Rochester, Michigan, bringing the total HSHV graduates for this important work to over forty. The dogs graduate along with their new owners - blind persons who come to the school to obtain a Leader Dog and learn how to live and work with one.

In addition to actively seeking to place shelter animals in "traditional" homes, the Humane Society recently began a placement program with Leader Dogs For The Blind that works in the following manner: Humane Society volunteers select animals from the shelters kennel that meet Leader Dog's breed, age and temperament requirements. Ideal dogs are the Golden and Labrador Retrievers, Shepherds, and mixes of those breeds that are between one and three years old, with confident, outgoing personalities (More unusual breeds are sometimes accepted. HSHV counts at least one Bouvier, Chesapeake Bay Retriever, and Husky Mix among its graduates.) Then comes the hard part. The selected dogs are taken through an obstacle course for further evaluation. Up and down stairs, along a busy road, into a car, into a crowded room of strangers, to meet other dogs, to meet cats, to walk on a leash, and accept a choke chain. In order to be considered a potential candidate the dog must be unafraid and friendly in all of these situations. A few pass. Those that do are driven to Rochester by volunteers to undergo the final screening by Leader Dog instructors prior to acceptance. Those that pass will stay and begin training. But don't think the dogs are on easy street! Training can last six months or more, for eight hours a day, and a dog may be rejected at any time during training if a behavior problem becomes apparent. This can be as natural as a healthy fear of traffic, but it is not suitable for Leader Dog work. In fact, only 30% of the dogs accepted for training from all sources ever complete training. So far, HSHV has had over forty dogs graduate! HSHV dogs that do not complete training are placed in good homes by the Leader Dog staff or the Humane Society.

All Leader Dogs are spayed or neutered in order to be more stable and reliable companions. Dogs are then selected for their new owners based on that persons personality and lifestyle to ensure a happy coexistence - after all, the two are going to have to work and play together!

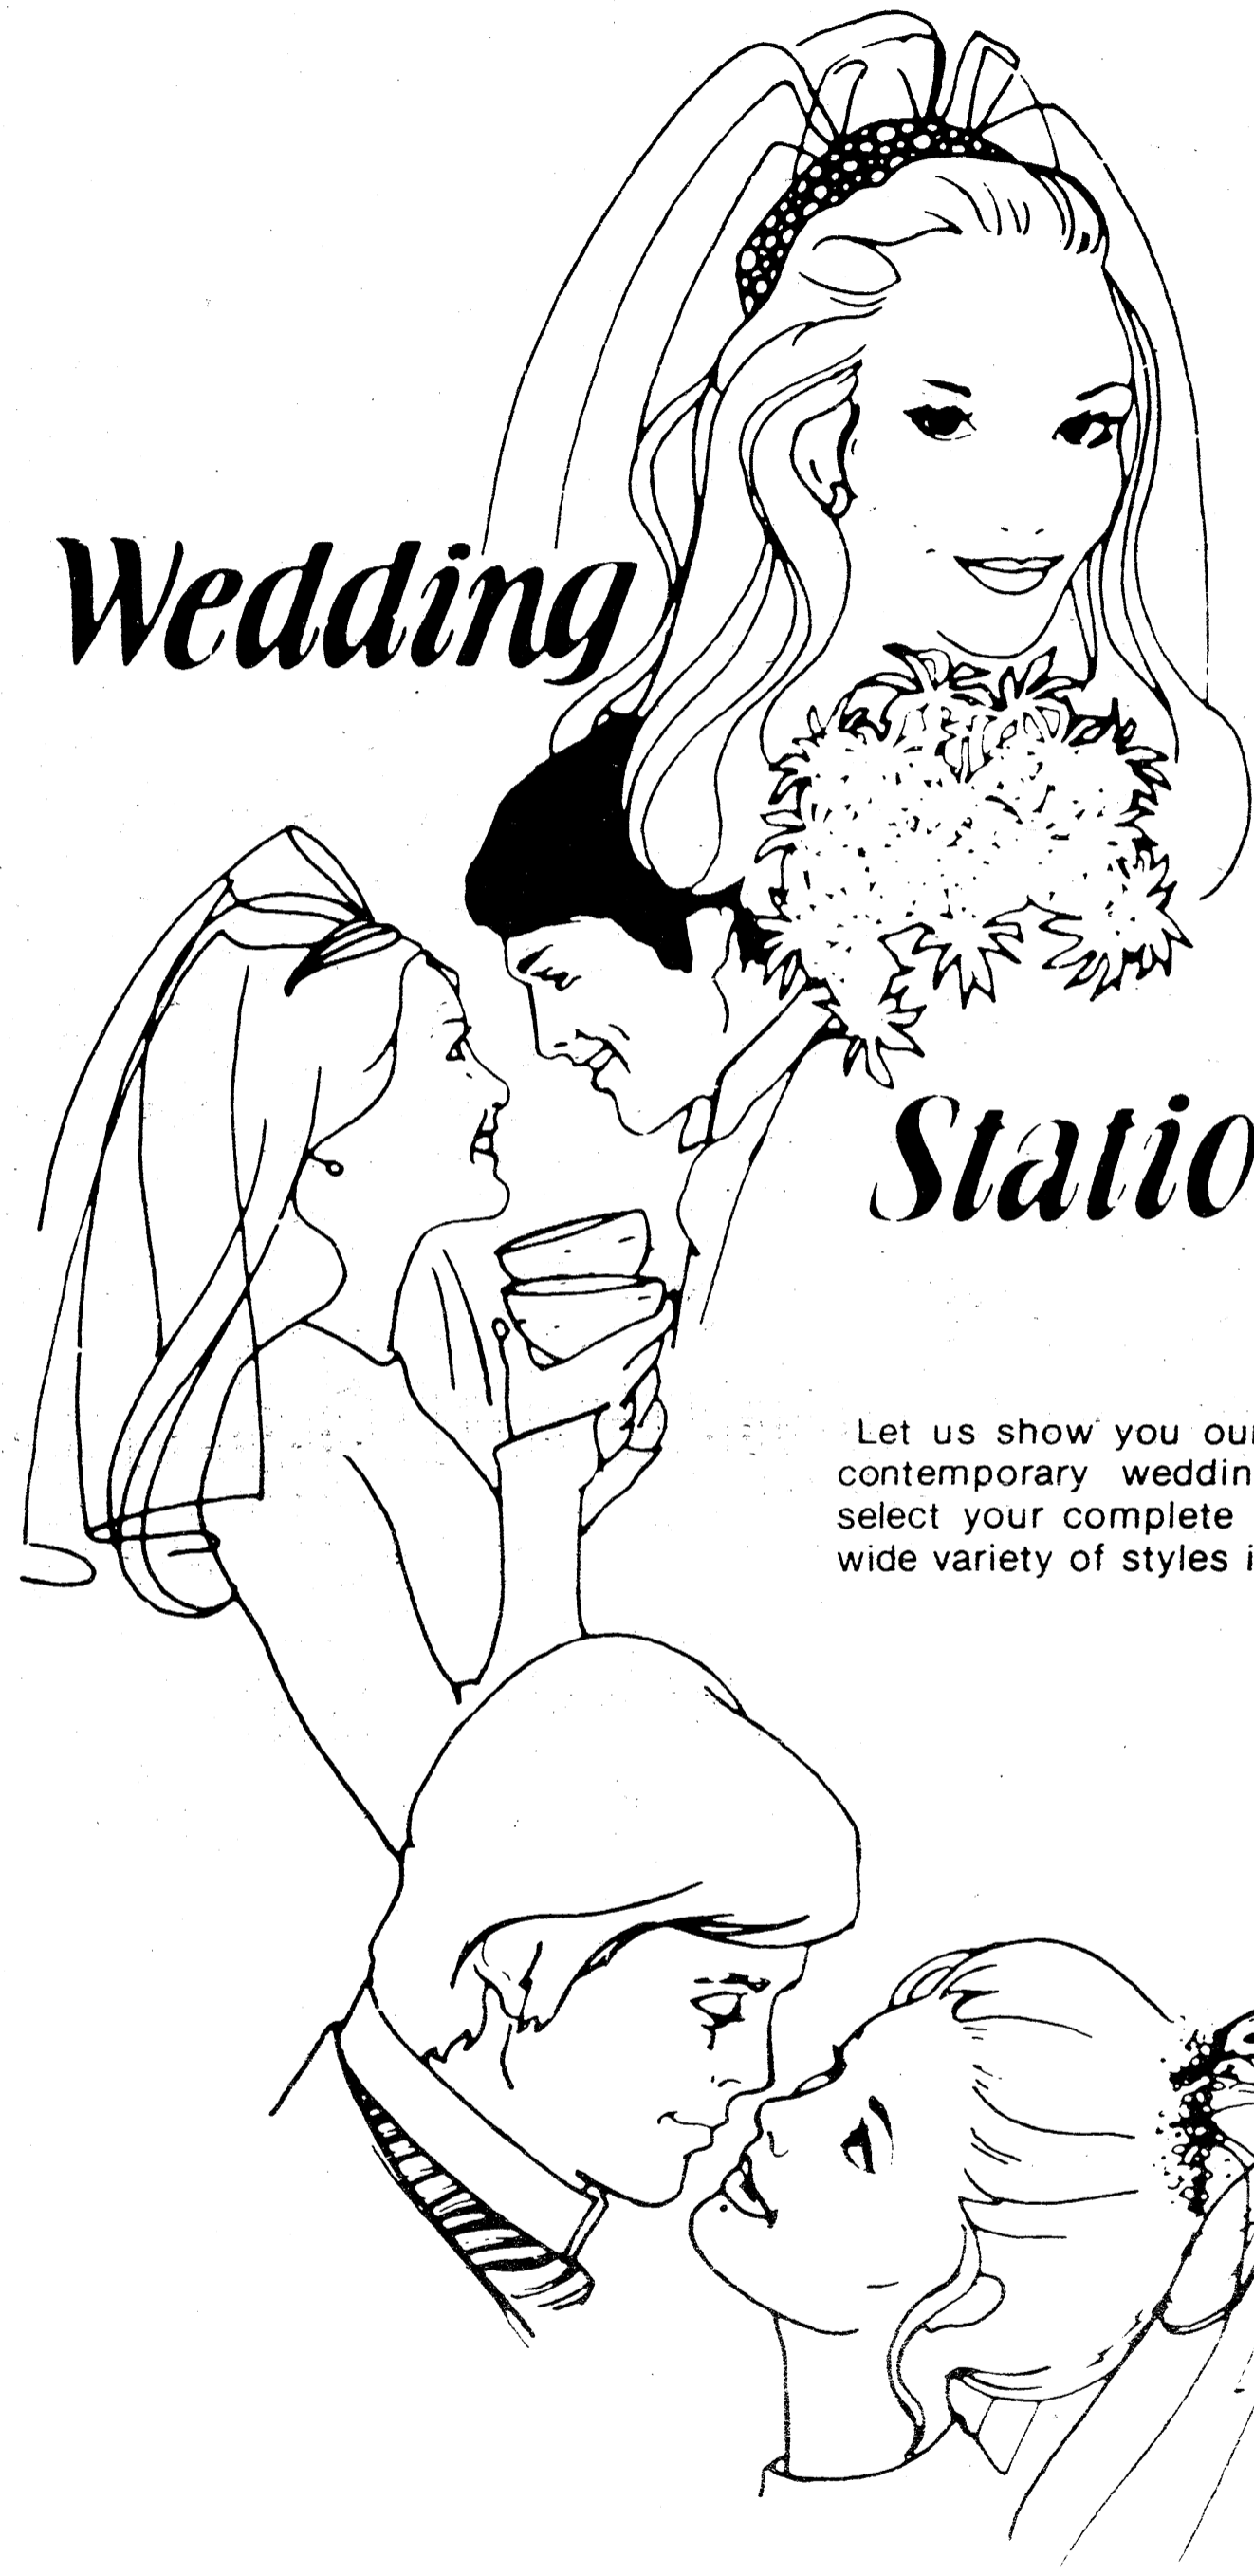

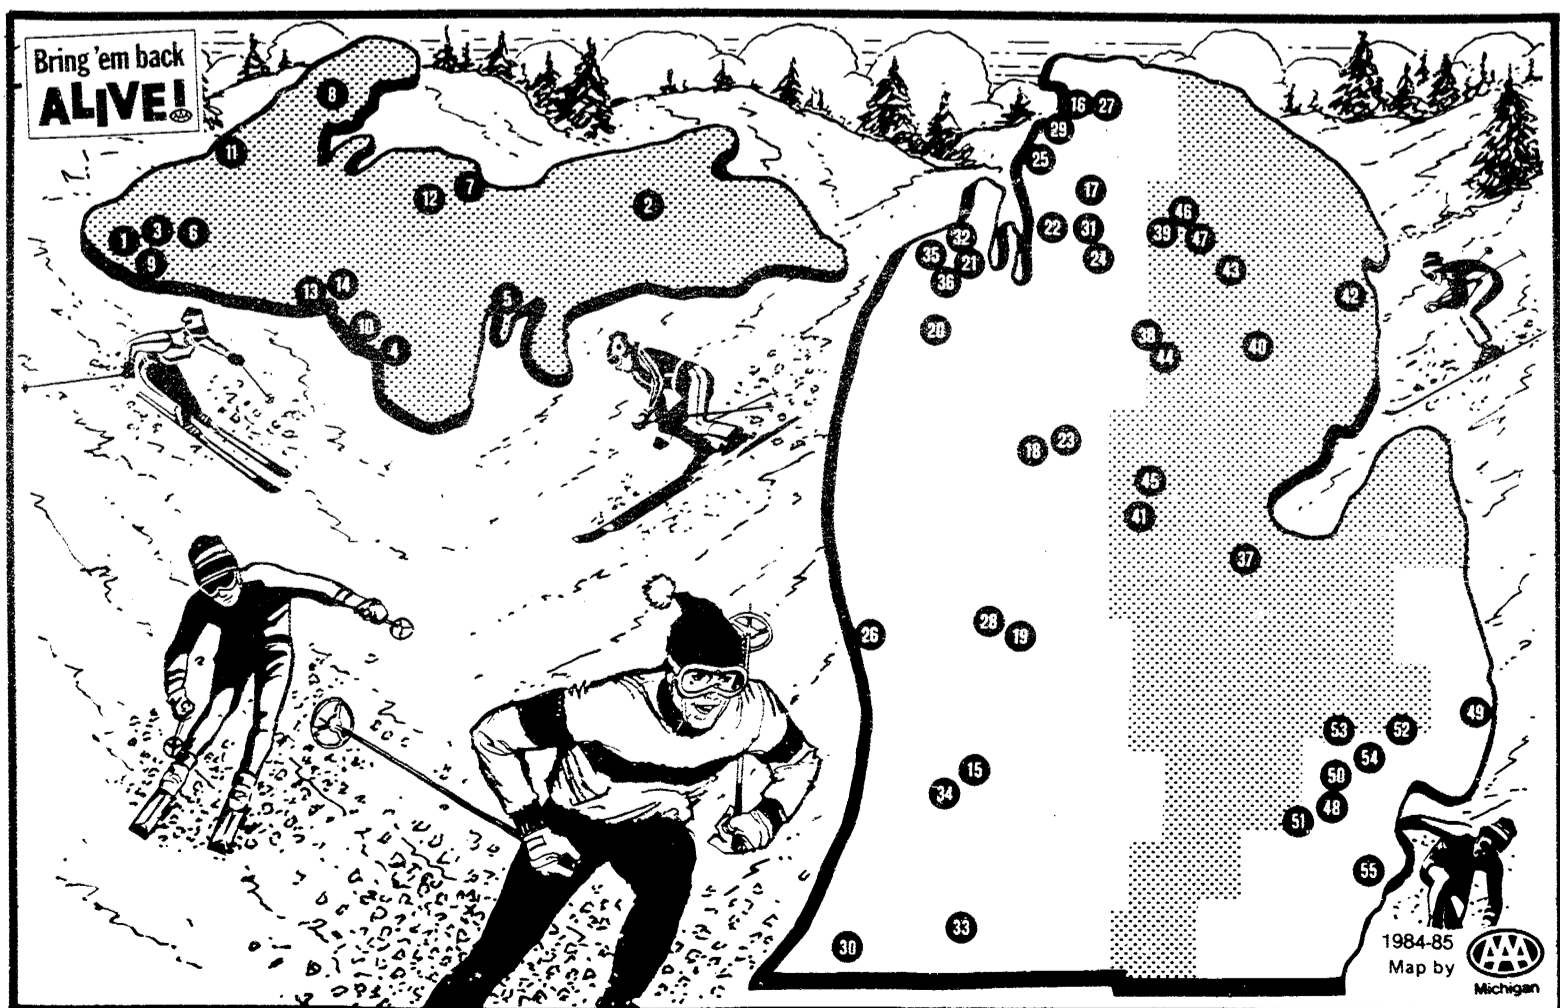

This successful arrangement between the Humane Society of Huron Valley and Leader Dogs For The Blind serves two important purposes: it guarantees a secure and loving home for a once unwanted pet and it gives a blind person a richer, more satisfying life.

The name of the flower that we call the daisy was so dubbed because the daisy looks like the day's eye. Its petals grow around a yellow center like the rays of the sun.

Manchester Village Council

Unapproved Minutes

DECEMBER 3, 1984

The regular meeting of the Manchester Village Council was held November 19, 1984 at the Village Council Chambers.

President Hinkley called the meeting to order at 7:02 p.m. Present: Kallewaard, Koebbe, Niehaus, Reinhart, Schaible, Smith, Zsenyuk. Absent: Harris.

Reinhardt moved to approve minutes as corrected, supported by Niehaus. Motion approved. Kallewaard moved to pay Village Payables of \$34,869.61, supported by Schaible. Roll Call Vote: Ayes-all. Motion approved.

Kallewaard said that Council would have to act on the Petition of Mark and Wendy Chapin to rezone a parcel of land at 200 Riverside Drive (corner of Duncan and Riverside Drive) from 01 (Office) to R-2B (Low Density Multiple Family) district. The Planning Commissions recommendation was that the Chapins Petition be denied.

Wendy Chapin said the property is not marketable as office space, that's why they want to change the Zoning to R-2B so they can put in two single bedroom apartments. Discussion followed.

Reinhardt moved to accept the Planning Commissions recommendation to deny Chapin's Petition, supported by Koebbe. Roll Call Vote: Ayes-all. Motion approved.

Schaible reviewed Herbert Mahony's evaluation.

Schaible moved to give Kevin Deacons his 6 month step raise from \$12,000 to \$13,125, supported by Koebbe. Roll Call

Vote: Ayes-all. Motion approved. Zsenyuk said he talked with the Village Engineers and they said extending the Water Main by Mrs. Hallers would not eliminate the problem. The Engineers suggested that the Village Chlorinate 1500 feet of water main, from Wagner Street, south to the end of the line at a cost of about \$500.00.

Reinhardt moved to Chlorinate Macomb Street from Wagner Street, South to the end of the water main, supported by Niehaus. Roll Call Vote: Ayes-all. Motion approved.

Jeanette Stein, Gordon McGlynn, Ann Rahn and Melody Popkey were present to complain about the Manchester Police Department harassing motorists. The two bar owners object to Police Officers parking in front of their establishments and following their customers when they leave. Others complained of being followed and pulled over for no apparent reason.

Zsenyuk said that following motorists was just good police work, in order to keep drunk drivers off the road.

Ann Rahn said she believed they were all present because of a business concern and they would like to see better cooperation between the Police Department and the bar owners.

Council said they would have to have more facts and dates in order to do anything about the problem. President Hinkley said if anyone has a problem with the Police Department they should contact Chief William Zsenyuk or John Schaible.

Kensler stated that Gillows will accept the \$128.00 for back taxes if the Village pays for permanent

markers to be placed on the Gillow property and assure her that she will be able to get Title Insurance on a Quit-Claim Deed. It would cost \$300.00 to have Mound Street and the Gillow property permanently staked, plus \$40.00 for a legal description of the 4.05 feet.

Council said permanent staking was not necessary as long as they had the legal description.

Kallewaard moved to approve \$40.00 for a legal description of the 4.05 feet on Mound Street for a Quit-Claim Deed, supported by Niehaus. Roll Call Vote: Ayes-all. Motion approved.

Reinhardt said he talked to Allan Schaffer about the condition of the Duncan Street bridge and about the Village Engineers letting the mistake happen. Mr. Schaffer said he didn't want the Village blaming the Engineers, and if we would wait until the Spring of 1985, he would repair the Duncan Street bridge at no cost to the Village.

Kallewaard suggested publishing in the Manchester Enterprise that part of the local ordinance that deals with junk cars, before enforcing the ordinance. Zsenyuk said he would put an article in the Enterprise.

Koebbe moved to adjourn the meeting, supported by Niehaus. Meeting adjourned at 8:45 p.m.

Dessert Temptations From Vienna

Indulge in a taste of Vienna with glorious desserts and pastries. Desserts are a treat for family and friends, especially when they include the luscious sweets made with nuts, sweet cream butter, fresh fruit, chocolate, and sweetened whipped cream. These ingredients give Viennese desserts and pastries their mouth-watering goodness.

Share the adventure of the pastry shops of Vienna and prepare a variety of desserts and pastries for a dessert party. This is a fun way to celebrate and satisfy "sweet-tooths". Create a tableful of confections that are rich in taste and beautiful to look at. Land O'Lakes Test Kitchens invite you to create a Ginger Peach Torte for one Viennese dessert temptation. Ginger Peach Torte is rich with ground almonds and LAND O LAKES® Sweet Cream Butter. This torte is simple to prepare because there's no rolling of the dough, just press it in the pan. Ginger Peach Torte can be created successfully every time. Explore cookbooks and magazines for other delights like Apple Strudel with Whipped Cream, Sachertorte, Viennese Jam Pockets, Salzburg Souffles with Raspberry Sauce.

Provide a setting of Vienna by serving the desserts on linen or a country print cloth. Surround the desserts with fresh fruits and a gathering of wild flowers. Brew a pot of freshly ground coffee and you'll be ready to indulge in a taste of Vienna.

Ginger Peach Torte

- 1 c. all-purpose flour
- 1 c. finely ground blanched almonds
- 1/3 c. sugar
- 1 tsp. ginger
- 1/4 tsp. salt
- 1/2 c. LAND O LAKES® Sweet Cream Butter, cold
- 1 egg, slightly beaten
- 10 oz. jar peach preserves

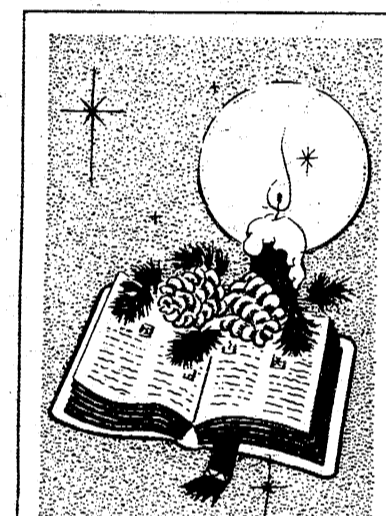

In small bowl combine flour, almonds, sugar, ginger and salt. Cut in butter until crumbly. Stir in egg until dough forms a ball. Chill 2 hr. Heat oven to 400°. Press 3/4 of dough in bottom and up sides of 9" round cake pan. Fill with preserves. With floured hands crumble remaining dough on top. Bake for 25 to 30 min. or until preserves are bubbly and crust is lightly browned. YIELD: 12 servings.

QUICK QUIZ

Take this quick quiz to see how much you know about everyday steps that can help protect you from cancer. The answer to the last question is about a free booklet on cancer prevention.

1. High dose estrogens for menopause decrease the risk of cancer. a. True b. False

2. Only a small number of occupational chemicals, metals, dusts and fibers can cause cancer. a. True b. False

3. Information on cancer prevention is available from anywhere in the country with one free telephone call. a. True b. False

ANSWERS: 1.b. High dose estrogens have been linked to an increase in cancer of the lining of the womb among women who take the hormone for symptoms of menopause. Today, estrogens for menopause symptoms can be prescribed at very low levels, greatly reducing the risk of cancer. If you are taking estrogens, you can help protect yourself by discussing dose levels with your doctor. 2.a. Although they can be hazardous in other ways, only a small number of agents in these groups actually cause cancer. When they do increase risk, they do damage by acting alone, or probably more often, by acting in combination with another workplace carcinogen or with cigarette smoke. Some scientists suggest that the main carcinogen in the workplace is the cigarette. 3.a. A toll-free telephone call to 1-800-4-CANCER will connect you to the Cancer Information Service. You can ask them for "Good News," "Better News," "Best News," "Cancer Prevention," or "Free National Cancer Institute booklet." If you live in Alaska, call 1-800-638-6070. In Washington, D.C. and suburbs in Maryland and Virginia call 202-636-5700. In Hawaii, on Oahu call 808-524-1234 (neighbor islands call collect).

Some say it is good luck to own a moonstone.

Happy NEW YEAR to you.

May you find success, good health and many friends through the days yet to come.

MANCHESTER PLASTICS INC.

caught a little short?

Now there's no need to ever worry about being stranded without enough cash.

Thanks to Magic Line® and your Great Lakes 24 card you can make cash withdrawals and deposits at over 2,000 automatic teller machines statewide.

Just look for the Magic Line® logo

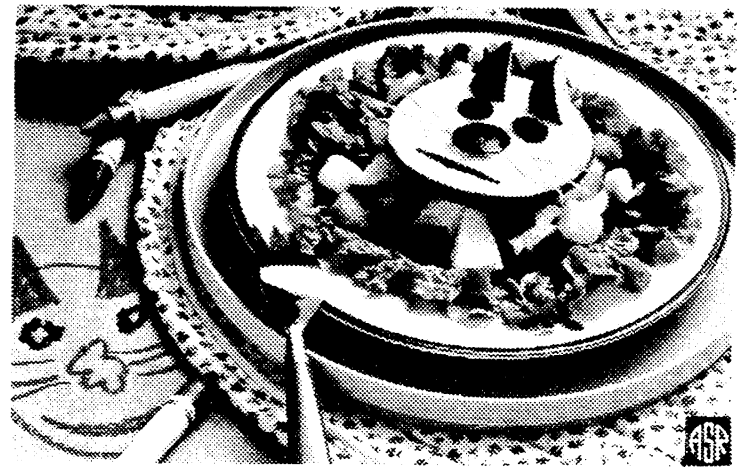

You'll find easy-to-operate teller machines ready to serve you 24 hours a day, 7 days a week.

Kids Find Fruit Salads Fun

Fruit salads add sparkle to any meal. Children in particular favor their sweeter flavor. When served in an amusing, fun way, a fruit salad can captivate the entire family's interest. Fanciful Apple Salads takes a tasty Waldorf salad, makes it better by adding miniature marshmallows and raisins, then garnishes it to create a friendly kitty or funny face.

Fanciful Apple Salads

- | | |
|------------------------------------|-----------------------------------|
| 3 cups chopped apples | 1/4 cup raisins |
| 1/4 cup orange juice | Kraft real mayonnaise |
| 1 cup Kraft miniature marshmallows | Lettuce |
| 1 cup celery slices | Apple, cut into cross-wise slices |

Toss apples with orange juice. Add marshmallows, celery, raisins and enough mayonnaise to moisten; mix lightly. Serve on lettuce-lined plates. Top each salad with apple slices, spread with mayonnaise. Decorate as follows:

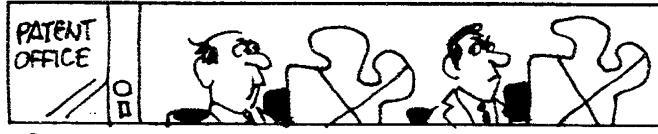

Funny Face Salads: Use additional apple pieces, raisins and celery slices to make faces and shredded carrot or cheese for hair.

Kitty Cat Salads: Use additional apple pieces, raisins and celery slices to make faces. Cut triangular-shaped apple pieces to make ears and thin strips of celery for whiskers.

6 servings
This is just one of the delightful recipe ideas the whole family will enjoy from the "Treasury of Sweet Treats Confections Cookbook" from Kraft. With over 100 recipes, there's something for everyone.

To order your copy, send \$2.95 in check or money order (no stamps or cash) and one proof-of-purchase (one back panel with UPC symbol from any size or variety package of Kraft marshmallows) to: Kraft Confections Cookbook Offer, P.O. Box 838, Dept. ARS, South Holland, IL 60473.

Please include your name, address and zip code, and allow 6 to 8 weeks for delivery. This offer is good while supplies last.

Over 100,000 patent applications are filed each year.

Good luck and good health all through the year.

MANCHESTER MEN'S CLUB

Eastern Michigan University Degree Candidates

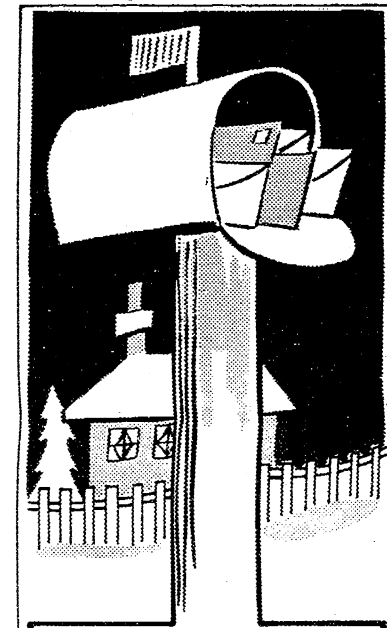

Eastern Michigan University conferred degrees upon approximately 1,096 students December 16, at winter commencement ceremonies held in Bowen Field House on the EMU campus.

Some 846 seniors were candidates for bachelor's degrees and approximately 250 graduate students were eligible to receive advanced degrees.

The commencement address was delivered by Thomas S. Monaghan, chairman of the board and president of Domino's Pizza and owner of the Detroit Tigers. Monaghan was awarded an honorary Doctor of Business degree by the University.

The theme of the winter commencement ceremonies was "A Salute to the College of Business."

Degree candidates from this area include: Susan W. Gialanella, 20284 Kirk Rd., BBA; Donna M. Riggs, 315 Territorial St., BSNE; Sarah K. Rose, 403 West Main St., BS.

May this New Year bring you health, prosperity and lasting friendships.

Hints For Homemakers

TIPS TO HELP YOU

While there are no iron clad rules when it comes to ironing, a comfortable ironing board can be your passport to not letting the ironing pile up. It may help if you sit down on the job. Choose a board that can be lowered to let you sit comfortably without a wrinkle in the work flow.

Many ironers are freeing themselves from electric iron cords. A new cordless Free-Style iron allows you to zip through your ironing chores freeing you for other activities. The iron energizes on a separate electrical power base with the base designed to complement the bottom of the iron and to hold it upright. This power base features a skid-resistant pad on the underside to prevent sliding and a lazy-susan platform for easy rotation during use.

To use this iron from Bend, you simply lift it from the base and press in a normal manner. You return the iron to the base after each pressing—the same motion normally used with a conventional cord iron. It could help make smooth sailing of ironing chores.

NEW YEAR Greetings

At the start of a new season, we pause on memory lane to recall the good times, the good friends and to say, "We're thinking of you."

Helpful Hints From SAF—The Center For Commercial Floriculture

Q. Any special points on how to care for my poinsettia?

A. Yes. Here are five helpful tips from the pros:

1. Place in a room with filtered, not direct sunlight.
2. Avoid drafts or excessive heat.
3. Avoid areas in the house that are heavy traffic areas.
4. Water thoroughly when soil is dry to the touch. Never allow your poinsettia to stand in water. If lower leaves turn yellow, you are watering too much or too little.
5. To prolong color, temperature should not exceed day temperatures of 72 degrees Fahrenheit, and night temperatures of 60 degrees Fahrenheit.

FREE LEAFLET

For a free leaflet about poinsettia care, send a self-addressed, stamped envelope to: SAF—The Center For Commercial Floriculture, 1601 Duke Street, Alexandria, VA 22314.

Greetings

We hope you have a really great holiday and a most successful year.

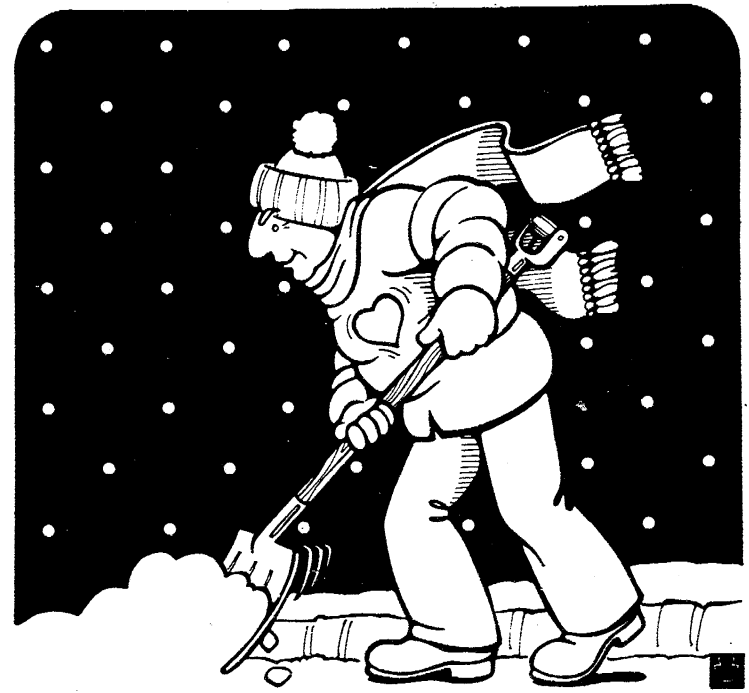

FAHEY REALTY

May all good things be yours all through the year.

LARRY BECKTEL FARM BUREAU AGENT

Doctors Warn Against Snow Shoveling

If the thought of a snow-covered driveway propels you out of bed looking for the snow shovel, you may want to reconsider. Cold air and hard work can be a double-whammy for your heart. Statistics show that there are more hospital admissions for heart conditions in any year when blizzard conditions prevail. Snow-shoveling is thought to be a major contributor to these unexpected fatalities.

More than 42 million Americans have some form of heart disease. Usually, the condition develops silently over many years. The first signal may be sudden chest pain, brought on by emotional stress or physical activity. Snow-shoveling happens to be very intense exercise. It is doubly dangerous, because the heart needs more oxygen to handle the added workload, but the cold acts against the delivery of oxygen by constricting the arteries and limiting the amount of blood available to the heart. This state of imbalance—when the heart's need for oxygen is greater than its supply — always sets the stage for angina, or sometimes an even more serious cardiac event.

Any kind of chest pain should be diagnosed by a physician. It may simply be heartburn or another temporary condition, but the possibility of heart disease must be considered. Most patients with chest pain have coronary arteries that are permanently obstructed by deposits of fatty plaque, the most common form of heart disease. While it is impossible to cure this problem, it can be effectively treated with a number of medications. A very interesting new class of prescription drugs for this purpose are the calcium antagonists, such as Cardizem® or diltiazem. They are very effective in reducing the number of chest pain episodes without causing fatigue.

Doctors like to keep their heart patients active and following regular exercise programs. But they are quick to point out that snow-shoveling is out of the question for people with heart problems and should probably be avoided by anyone who is middle-aged and out of physical condition.

20th Century Club

The December meeting of the Twentieth Century Club was held at the home of Mary Walton. A sumptuous banquet was prepared and served by Hostesses Mary Walton, Florence Koczek, and Maggie Tapping.

A brief concert was presented by a women's barbershop quartet from Ann Arbor.

Dolls dressed and contributed by members, were beautifully displayed on a fine Victorian sofa. These were meant as Christmas gifts for clients of the local Family Service. In lieu of the customary gift exchange, club members collected \$70.00, also to go to the Service.

Hospice Of Washtenaw Affiliates With Health Center

Hospice of Washtenaw, a community agency that began operation in 1981, providing direct services and coordinating community resources for terminally ill patients and their families, has announced its affiliation with Catherine McAuley Health Center.

According to David Harrell, president of the board of directors of Hospice of Washtenaw, the agency is excited about the potential of working with a comprehensive health center.

"We approached Catherine McAuley Health Center to explore opportunities to work together. Through affiliation with a major community health center, Hospice of Washtenaw will be able to expand services for its patients," Harrell said.

Members of the Hospice of Washtenaw Professional Advisory Committee, who have helped to prepare for the affiliation, will continue to guide and advise the agency.

Hospice of Washtenaw will retain its name and United Way status and as a result of the new affiliation will expand and provide nursing care which had previously only been available through contracts with local home health agencies.

The consolidated hospice and home health program will facilitate provision of Medicare certified hospice care.

Winter Goose Hunting Season Announced

Waterfowl hunters will be able to take advantage of Michigan's unique late Canada goose season in southern Michigan which begins December 22, and runs through February 16, 1985. Both the Department of Natural Resources (DNR) and the U.S. Fish & Wildlife Service hope the late season and expanded hunting area will help control locally-reared giant Canada geese.

This year the hunt area was expanded to include parts of 24 counties. They are: Barry, Eaton, Ingham, Livingston, Oakland, Kalamazoo, Calhoun, Jackson, Washtenaw, Wayne, St. Joseph, Branch, Cass, Van Buren, Allegan, Kent, Ionia, Shiawassee, Genesee, Lapeer, Macomb, Monroe, Lenawee and Hillsdale.

The boundaries of the Southern Michigan Goose Management Area, the hunt area, are shown in the State's 1984-85 waterfowl hunting guide, available at DNR Information Services, 7th floor, Mason Building, Box 30028, Lansing, Michigan 48909, or call 517-373-1220. Hunters are reminded that the daily bag limit is three Canadas.

"Many winter geese are found on private lands," says Jerry Martz, Waterfowl Specialist with the DNR Wildlife Division. He cautions hunters to obtain permission from landowners before setting up their hunt. Hunters should check with local conservation officers and wildlife biologists at the DNR district Offices at Pontiac Lake (313-666-1500), Jackson (517-784-3188), and

Plainwell (616-685-6851) if they have questions about public access, hunting closures, or local hunting conditions.

The Department is also seeking hunter cooperation in collecting biological samples needed to identify the proportion of locally-reared giant Canadas harvested. Interested hunters should contact wildlife biologists at the DNR District Offices in Pontiac Lake, Jackson and Plainwell, who will supply them with instructions and materials.

1984 Big Tree

Forestry Association point system which adds the trunk circumference, measured in inches at 4½ feet from the ground, plus the height of the tree in feet, plus ¼ of the average crownsread of the tree in feet. To this point total is added the estimated board feet of the tree. This measurement is an additional measurement added to the point system for the purposes of this contest.

The 1984 contest drew 39 entries which is a large increase over recent years. There were six entries in the 1983 contest. Any questions about the contest should be directed to the Washtenaw County Soil Conservation District, 6101 Jackson Road, Ann Arbor, Michigan 48103. Telephone: 313-761-6721.

Irrigation Management Seminar

The Cooperative Extension Service is sponsoring an Irrigation Management meeting to be held January 17, 1985. The meeting will be held at the Quality Inn, just off I-94 in Albion (Exit 121). The meeting will begin at 9:30 a.m. and conclude by 3:30 p.m. This meeting will be of special interest to farmers who want to efficiently utilize their water resources for field crop as well as fruit and vegetable production.

Jim Jenkins from the Michigan State University Ag Engineering Department will be on hand to talk about soil moisture balance concepts. He will cover the relationship between soil moisture levels and the plants need for water.

Fred Henningsen, Extension Director in St. Joe County, will relate the concept of scheduling irrigation waters to meet the plants needs. Mr. Henningsen has been involved in field studies of scheduling versus nonscheduling of corn production in St. Joe County. Often, it is not the total amount of water used over the growing season, but the timing of the water that results in higher yields.

Dr. Ted Loudon, from the Ag Engineering Department at Michigan State University will speak on wells and well maintenance and the importance of monitoring your wells for efficient use.

Other topics that will be covered at the meeting will include: chemigation, cost of corn production and cultural practices

under irrigation.

The irrigation management meeting is open to anyone who is interested in learning how to better utilize their irrigation system. Please phone in reservations to the Calhoun Cooperative Extension Service (616) 781-0784 by January 15, 1985. There will be a \$7.00 fee at the door to cover the lunch cost. For more information, contact Natalie Rector, Extension Field Crops Agent in Calhoun County.

Michigan State University Degree Candidates

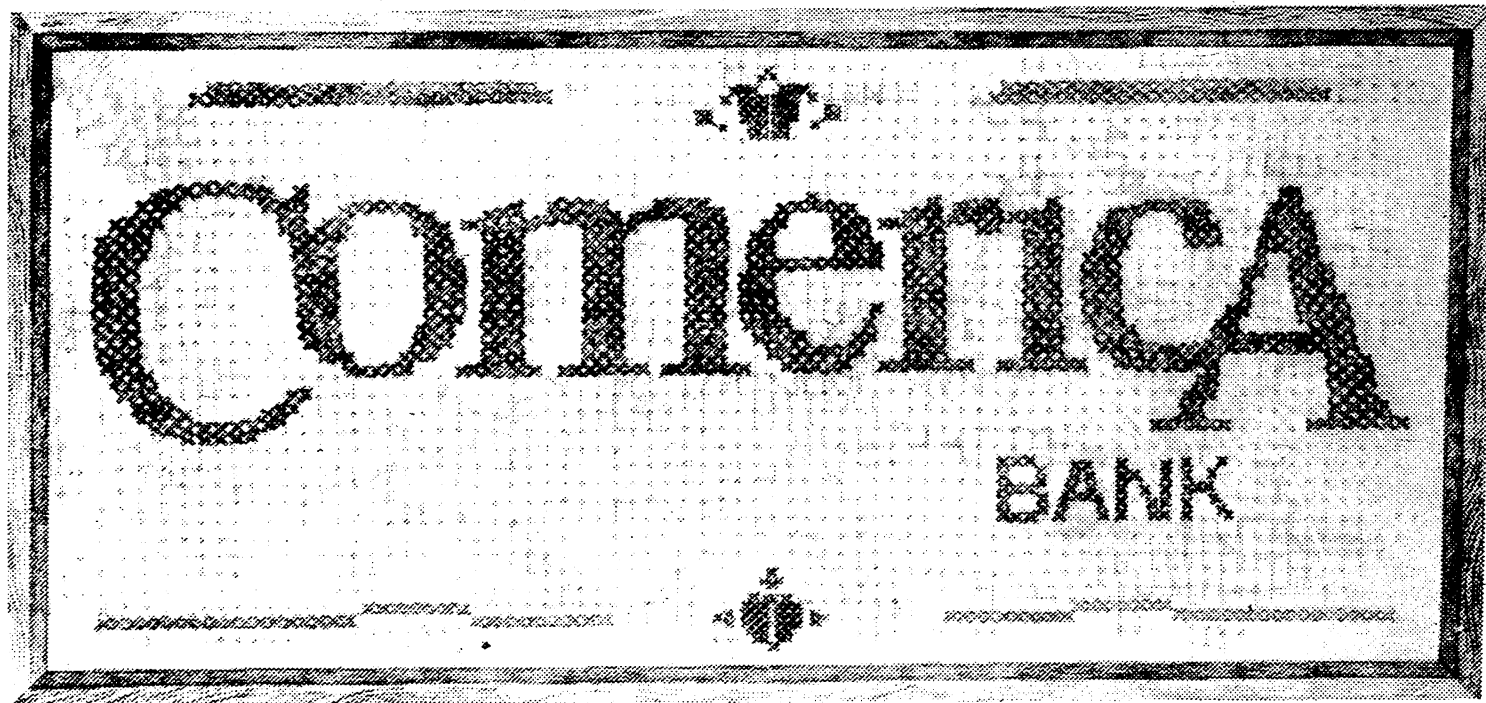

Michigan State University lists 1,835 candidates for degrees awarded at separate commencement exercises December 8, on campus.

The degree candidates include 1,276 bachelor's, 456 master's, 90 doctoral, 6 educational specialists and 7 doctors of medicine.

At the University Convocation, undergraduates were addressed by Olympic silver medalist Judith Brown-King of Eugene, Oregon, and Steven Spivey, a successful farmer in New Windsor, Illinois.

Degree candidates from this area include Anthony C. Day of 20636 E. Austin Road, Manchester. Tony's degree/title is a BA in Hotel and Restaurant Management.

WE'RE RIGHT AT HOME IN MANCHESTER

Comerica Bank is right at home on Main Street, bringing you all the benefits and services of a big-city bank, but with all the friendliness and personality of your neighbor.

Comerica means "clout."

As part of the Comerica family of banks, we have widespread financial clout. That means you benefit from our connections throughout Michigan, the United States, even world-wide. And, of course, right here in Manchester.

Comerica means services.

At Comerica Bank, you always get our friendly, personal attention and a full range of banking services including:

- 24-hour banking with the Wonderbank®

- Comerica C.O.D. Account
- Individual Retirement Account
- Simple Interest Loans
- Paycheck Deduction

And more. We're leaders in banking, and we'll continue to be--right here in Manchester, where we're right at home.
