## Klager Library Named In Honor Of Leland B. Jacobs

Leland B. Jacobs has donated many books to the Klager Library over the past years.

Manchester elementary children have a very special benefactor in Leland B. Jacobs. Mr. Jacobs has been sending boxes of library books to Manchester students, on a monthly basis for years.

A resident of Leon, New Jersey, he spends his summers on Pleasant Lake, Pleasant Lake students initially, and now all

Manchester children, have come to recognize Leland Jacobs as a special friend. The children look forward each month to the excitement of opening and reading a new selection of literature.

The Leland B. Jacobs Library is named in honor of this Special person.

## Hit Or Miss

by Farley

From here and there we find now and then various items that seem to us to be informative or amusing or both, and so we chuck them into a convenient shoe box and now and then we get them out and offer to share them with our readers, hoping to bring them a chuckle or two. So herewith are this week's offerings.

Sonny Elliott of the weatherman fame on TV is back again on Detroit radio. The other day he offered the following: he claimed he didn't see why many parents made such a fuss about whether their children were getting sufficient grades to be at the top of the list or whether they were at the bottom for, he said, they were taught the same subjects at either end.

More women than men awaken each morning with a sense of well being and bright eyed bouyancy. Doctors know that from studies in hospitals, but they don't know why.

The word sophomore used to designate second year college students is a combination of two Greek words meaning wise and foolish.

The basic formula for cold cream was discovered by the second century Greek physician Galen, and it remains the same after 1,800 years. Minor substitutions have been made to make it more commercially feasible.

Some smarty pants told us that the porch thermometer found it so cold the other night that it knocked on the door and wanted to come in.

A football game occurs when the spectators have four quarters in which to consume a fifth.

Witty bits:  
A playground is a tot lot.  
A bird feeder is a tweeter treater.  
Recently appearing in the Jerusalem Post: 'The today page will appear tomorrow.'

When the 'good old days' are considered, a top contender for high honors is the era when utility rates went down.

## Federal Surplus Foods

Federal Surplus cheese, butter and possibly milk will be distributed to the Manchester Area on March 1, Friday, from 10:00 to 12:00 at the Manchester United Methodist Church on M-52 501 Ann Arbor Street.

If new to the area, bring proof of residence and income, such as A.D.C., food stamp, SSI or unemployment cards or pay check stubs. Eligibility is determined by the following income guidelines: family of one, \$0,474 maximum annual income; family of 2, \$3,736; 3, \$10,998; 4, \$13,260 and adding 2,262 for each additional member beyond the family size of 4.

Further questions may be answered by calling 428-8852.

## Optimist Club Tri-Star Basketball Contest February 16

The Manchester Optimist Club will hold a Tri-Star Basketball contest at the Middle School at 9:30 a.m. Saturday morning, February 16. The contest is composed of three basic skill tests aimed at evaluating a contestant's skill in passing, shooting and dribbling.

Boys and girls will compete in six age groups, eight through thirteen, against youth of their own age. All that is needed to compete is the desire and a pair of gym shoes. Trophies will be awarded to first, second and third place winners in each age group.

Entry Blanks are available at the offices of both Klager School and the Middle School. Each entry blank must be signed by the contestants' parent or guardian.

## Manchester Bloodmobile March 18th

Red Cross Bloodmobile for Manchester Area is only a month away. The date, Monday, March 18 from 12 noon to 6:00 p.m. at Manchester United Methodist Church. Anyone who has not given blood since January 21 may be able to donate at this clinic. Mark the date on your calendar NOW and be ready to register when March arrives.

Volunteers from the Manchester Area who regularly work on the Red Cross Blood Program have been very busy since New Years 1985. Twenty-eight men and women helped staff three Bloodmobiles at Chrysler Proving Ground in January and the High School Honors clinic this month. This represents 168 hours of service to help add over 250 pints of blood to the needy program.

The goal for our March 18 date is 250 pints. Resist those calls from Ann Arbor to come there and give for special cases, unless you really can't make it here the 18th.

## Clinton Woolen Factory

Manchester Enterprise  
December 5, 1967

While passing through our sister village of Clinton on the cars, we have watched with pleasure the progress and completion of their "pride" the New Woolen Factory, and concluded to stop off one train and visit the institution. —Having provided ourselves with a pass we were introduced to S.H. Hartwell, the gentlemanly Agent and Salesman, who produced a full line of samples for our inspection. Here we found Cassimeres, Tweeds, Flannel, Yarn, etc., of every shade and of the best quality. After which we concluded to explore the machinery from whence they came.

This structure is built of brick 50 by 100 feet and is five stories high: two towers 15 by 16 feet. The picker building (or South wing) 30 by 32, three stories, a dye house, 26 by 32, one story, an engine house 20 by 24, one story, fire proof.

On the first floor we find the sale-room, a rotary fulling mill four hammer falling stock, cloth dryer, 1 broad and 1 narrow gig, 3 burling tables, 1 brushing machine and shears, a dry-press and plate-heater, a "yankes" winding upon a board and measuring the cloths for sale; the patent dryer is a large cylinder with the cloth wound around it. The steam is inserted inside and a fan set in motion, which dries the cloth in the latest improved style.

Upon the second floor we were introduced to the Superintendent, Mr. Elijah Gibbs, of Massachusetts, who proved to be a social companion and a capital mechanic. We entered the weaving-room where 10 double and 5 single looms, Crompton's patent, are in operation; these looms are capable of turning out from 200 to 300 yards per day. The third floor contains four spinning jacks, 240 spindles each. Upon the fourth story we found 3

sets of merchant cards, a custom card and picker. The fifth floor is used for storage. The most of this machinery occupies the east half of the beautiful building; they are of the latest improvement and ran remarkably smooth, scarcely any vibration could be detected upon either floor.

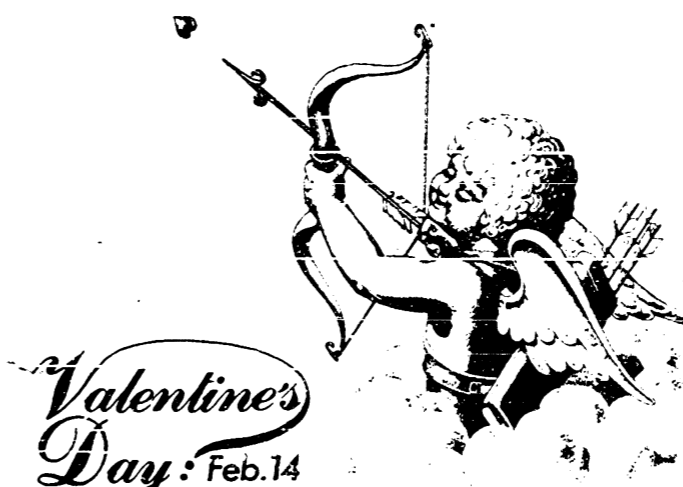

We next descended to the basement of the picker building where we found six bins for wool, waste-washer, cold air wool dryer and a singular machine called the extricator; the wool or cloth is placed upon a wheel inside of the hopper, and the wheel is set in motion making about 900 revolutions per minute, which efficiently ejects the water from wool or cloth. Second floor a large water tank and wool storing and sorting room. Third floor the dresser with 2 copper cylinders heated by steam, three spoolers drawing the web into harness. Fourth floor a picker and waste-duster. Mr. Gibbs took charge of this immense pile of machinery the 1st of July last, and had it in motion the 10th of September.

The engine was built by Wayne & Robinson of Detroit, under the supervision of Joseph Tucker, one of the best mechanics in the west; it is high pressure 75 horsepower, with 20 inch cylinder, 24

## Campbells' Soup Labels Needed

The 1965 Campbells' Soup label collection period ends on February 28. We sincerely appreciate your cooperation but we need more labels! Please save labels from all Campbells' soup, V-8 Juices, Swanson canned and frozen foods, all Franco-American products and Recipe Dog Food. You may send the labels to any Manchester School to be sent to the Middle School, give them to any Middle School student or deposit them at the local IGA store. Thank you again for your support.

## Shakespeare Reading Club

The Shakespeare Reading Club met on Tuesday, February 5, at the home of Mrs. Jesse Walker. An interesting biography of Thomas Jefferson was presented by Mrs. Marvin Kirk. This great statesman had many accomplishments in addition to his drafting of our Declaration of Independence. These accomplishments were as diverse as: the plan for our monetary system, introduction of the phosphorus match to this country, developing the recipe for chicken a la king, growing thirty varieties of peas, designing the first University of Virginia buildings and introduction of the community college concept.

The next meeting of the group will be held at the home of Mrs. Marvin Kirk on Tuesday, February 19. Mrs. Jesse Walker will present the topic, "Something New in Medicine."

## Quiz Bowl Team Wins First Contest

Left to right, front row - Renee Yeutter, Betsy Royle, Alice Swanberg. Back row - Guidance Counselor: Richard Parson, Matt Royle, Dan Dezarov. Absent - Jackie Miller.

Manchester High School's Quiz Bowl Team began competition Saturday, February 9, 1985, in the 7th Annual Alma College High School Quiz Bowl. This is the third year Manchester has had a team in the competition. Manchester's first opponent was Johannesburg-Lewiston, whom we soundly defeated by a score of 50-20. The Quiz Bowl Team will move into the second round of competition this Saturday when we compete against Orchard Lake St. Mary's Preparatory School.

Members of this year's team are senior captain Betsy Royle, Junior Renee Yeutter, and freshmen Jackie Miller, Alice Swanberg, Dan Dezarov, and Matt Royle. They are coached by guidance counselor Richard Parson. The Quiz Bowl Team was selected in October and has been practicing diligently ever since.

The Alma College High School Quiz Bowl is divided into two brackets which are class A-B schools and class C-D schools. It is a single elimination tournament

with winners advancing to the next round. Twenty-seven teams from all over the state are competing in the C-D bracket and twenty-eight in the A-B bracket. The winning school in each bracket will receive a \$2500 scholarship to Alma College and the runnersup a \$1500 scholarship.

## Manchester Area Historical Society

The public is invited to the meeting of the Manchester Area Historical Society on Monday, February 18, at 7:30 p.m., at the Blacksmith Shop on East Main Street. Mr. Gerald Meyers, a land surveyor from Chelsea, will trace the history of surveying from its earliest use in this area to the present.

Among the instruments used in the past is the Society's recent acquisition; the measuring chain given by Mrs. Norman Higgins with which the community of Soulesville was surveyed during the last century.

The Blacksmith Shop will be open at 7:00 p.m. that evening, so that members and friends have an opportunity to view the many new items in the collection. The evening will conclude with a social period during which Hazel Walker and Virginia Fielder will serve refreshments.

## High School Blood Drive Exceeds Goal

Kelly Baker and Robert Lobbstaal begin at the donor registration table with the help of Red Cross Volunteer Ethyl Wheeler and Marian Creason.

This year's high school Blood Drive was a rousing success, registering 55 donors and collecting 53 units of blood for the Red Cross. An annual event sponsored by the National Honor Society, the high school Blood Drive tries to encourage first-time donors among seniors, hopefully beginning a lifetime habit of giving blood.

Held every winter in the high school media center, the Drive is sponsored by the National Honor Society involving students in community service. Students show films, make posters, give pep talks, sign up donors and help to set up the equipment the day of the Blood Drive. Red Cross volunteers from Manchester headed by Mrs. Claire Reek join staff nurses to run the drive itself.

In addition to registering students and school staff, this year's drive had some surprise visitors. Elizabeth and Katie Okey brought their dad down to donate blood and Mr. Jim England substituted for his daughter Jennifer.

This year's blood drive represents an outstanding team effort by the senior class. "The Red Cross sets a school's goal at 1/4 the senior class. We really surprised them this year," said Ms. Hauke, NHS advisor. "We received compliments from the Red Cross staff on the conduct of our students. They encouraged each other and pulled together, breaking into smiles when they had finished and relaxed at the cookie table. I'm so proud of every student involved."

# Klager School News

Dr. Monty Okey and nurse Charlotte Major from Manchester and Dr. Robert Meyer, a podiatric dentist presented the health program.

A seminar on "Handling Childhood Medical Emergencies" was presented by the Klager P.T.O. on Monday, February 4th. Dr. Monty Okey and nurse Charlotte Major from Manchester, spoke to parents and teachers about the kinds of accidents and illnesses, commonly seen in children. Strategies for dealing with allergic reactions, nosebleeds, cuts and choking were among topics discussed. Dr. Robert Meyer, a pediatric dentist from Ann Arbor illustrated some of the classic childhood dental traumas. He discussed injuries that could be handled by parents and defined when professional help would be necessary.

## Children's Concert A Delight

Over two hundred Manchester area parents, children and community members gathered at the Manchester High School to hear a folk music concert by the Gemini on Sunday, February 9th. Gemini, two folk singers from Ann Arbor, sang songs from around the world. They delighted the audience with music from eleven different instruments. The concert was co-sponsored by the Manchester Cooperative Nursery and the Klager P.T.O.

## February P.T.O. Minutes

The meeting was called to order at 7:30 p.m. on Monday, February 4th. The meeting began with a presentation on Child Health Emergencies presented by Dr. LaMont Okey, Charlotte Majors, and Dr. Robert Meyers. Dr. Okey and Charlotte Majors began the presentation on first aid procedures highlighting on frostbite, allergic reactions, and determining what types of cuts need stitches. Dr. Robert Meyers, a podiatrist from Ann Arbor spoke on what to do when a child has a mouth injury, displaces a tooth or fractures a tooth. Modern dentistry has many techniques available to prevent permanent tooth loss if the patient seeks dental care in time. He urged us not to wait in

## Volleyball Squad Halted

by Jon

On Monday our girls hosted Napoleon and won the match to win their 6th straight. We did drop the first game 14-16 but came back to be victorious 15-11, 15-10. Lisa Ricklemann had 12 spikes and 11 service points. Carmen Hopkins and Treasa Rose had a total 48 sets, 26 and 22 respectively.

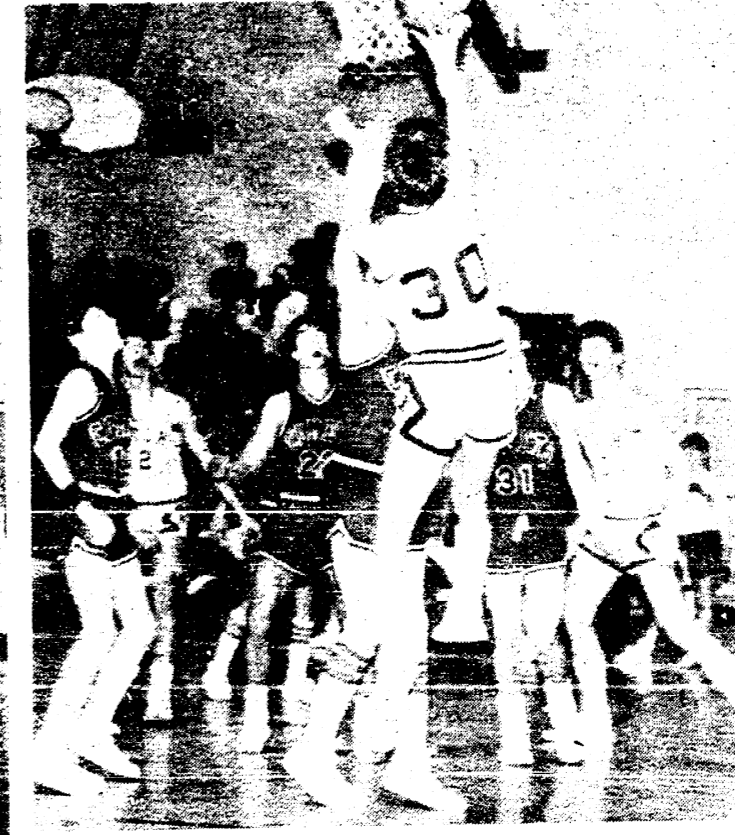

Michigan Center stopped our victory streak by downing us 11-15, 15-7 and 12-15. Coach Rose said, "We played tough but just couldn't pull it out." Lisa had 17 hits and 12 points. It was a night of long volleys as Carmen posted 38 sets and Jenny England slammed the ball 30 times.

It seems as if the Volleyball season just started but then we have only a handful of games left. Thursday, they host Vandercook Lake, then welcome GrassLake for a Wednesday, February 20th game.

# Dutchmen On Victory March

#40 Tom Lockridge pops for 2 of his 10 points Tuesday.

Junior Varsity #30, Brad Uphaus, hits for 2.

We had 8 games this week and we won all 8 to now hold a four straight win streak. These last three contests were against league opponents so that boosts our Cascade record to 3-5.

On Tuesday night, we welcomed Hanover Horton to our arena. The Comets had nipped us in overtime the first time around just prior to Christmas. It sure wasn't close this time as we took a 17-8 lead after eight minutes and cruised to the easy 54-33 final. Tom Lockridge and Mike Agin each earned for ten points.

by Jon

17-8 lead after eight minutes and cruised to the easy 54-33 final. Tom Lockridge and Mike Agin each earned for ten points.

On Friday, we had a tough challenge to face but face it we did and left victorious, 49-47. We had to play league leading Vandercook Lake in their home gym. We took it to them in the opening eight minutes to hold a 12-9 advantage. Vandie came back to lead 24-22 at the intermission. They padded their lead

but we rallied back to sit up 3 with under two minutes left. Vandie charged and went atop 47-46 but we had the sphere. Mike hit with 8 seconds remaining to give us the 48-47 win. Pat Ridenour was high with 14 ad Tom posted 11.

Saturday was the make up game against East Jackson. We held a seven point advantage at the half but the Trojans rallied back. Four minutes of the 3rd period had elapsed and they had caught us and passed by a single digit. We collected our composure and went on to victory. Our JV's played well and won Tuesday and Saturday but fell on Friday. We have home contests coming as Friday we host GrassLake and Tuesday welcome Michigan Center.

## Wrestling Report

The Dutch traveled to Blissfield on Tuesday, February 5, to do battle with the Royals. Blissfield won the match 58-15. On that Thursday the Cardinals of Michigan Center were in town to take on the Maroon and Gold. In this match the home team was beaten 53-18. These two matches brought to an end the dual meet season for the Dutch. They finished their season with a 3-11 record.

B.J. Lee, 105 pound junior, won both his matches. He decided Marc Fischer of Blissfield 18-13 and Bob Peterson, a big gun for Michigan Center, 7-4. Joey Deacons, 126 pound junior, won both pinning Steve Papenhagen of Blissfield and decided last years Cascade Champion Tyler Chalfant, 6-3. Steve Vleck, 167 pound senior won both matches as well. Steve pinned each of his opponents and improved his record to 23-5. E.J.'s record stands at 18-6 while Joey sports a 19-8 record.

On Saturday the team will be traveling to the State Districts in Morenci. This tournament is a stepping stone on the way to the State Finals. Thirteen schools will be putting their best on the mat this day in hopes they can place individuals in the top four in each weight class. If so, these individuals will be entitled to wrestle in the regionals, which are held at Napoleon the following Saturday. The Detroit County Day District will meet the Morenci District there.

It has been a long hard road, and yet the toughest is yet to come. We have some people who can make it. The team will have to prepare themselves mentally for this task. This is the time of the year to rise to the occasion.

Your support of these wrestlers could make a difference. If you see a wrestler, wish him luck and say a prayer for him. It really helps!

## Fifth Grade V.I.P. Winners

Three fifth graders were honored last week by their classmates and teachers for exceptional effort and for displaying positive peer relationships. Pictured are Oaklee Puccas, Melanie Ball and Duncan Macfarlane.

## Senior Citizens News And Meals

Items are to be no larger than a grocery bag size. There is a \$1.00 donation for the party and refreshments and everyone is invited.

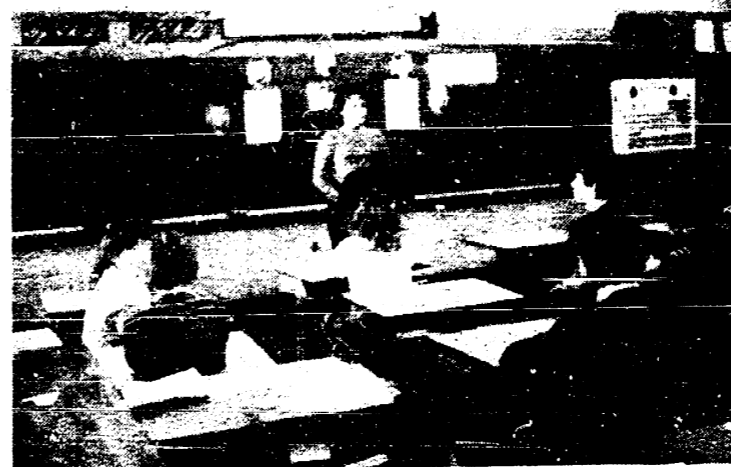

Burl Ives program in Jackson on March 10, at the George E. Potter Center at the Community College is available to the public through the Senior Citizens. Tickets are \$9.00 for the program and must be paid for by February 20. The Senior bus will leave early enough for dinner in Jackson which will be an individual added expense to the trip. Anyone interested should call Jan Nali at 428-7181 during office hours (Tues. & Thurs. 9-4 and Wed. 9:30 to 4) or Helen Braun, 428-8966. Get complete information at either of these numbers.

A matinee at The Ice Capades in Detroit is also scheduled for Saturday, March 16. Tickets at \$7.00 must be paid for by February 27. The bus will be leaving in time for lunch enroute. Call either Jan or Helen for more information and tickets.

This Wednesday, February 20, the Senior bus will travel to Chelsea for the Jiffy Mix Tour at the plant. Get your reservation to Helen soon.

If there are Seniors who are worrying about their Michigan Property Tax and Home Heating Credit, they will have help on March 12 from 1 to 3 at the regular Senior meeting and meals at Emanuel Church. WCCOA is loaning experts to help. Call Jan so we will know how many to count on and have the help needed.

## Great Orators Day

Jaunita Casanova memorized Patrick Henry's Speech.

On Friday, February 8th, the 5th graders in Mrs. Wiethoff's Social Studies class became "Great Orators." The children have been studying the American Revolution and the formation of

our government. The children memorized and recited excerpts from the Preamble and Patrick Henry's famous speech. The children did a really fine job.

## Band Boosters Meeting

January 23, 1985

The meeting was called to order by President Sallie Anderson in the High School Band room at 7:05 p.m. The minutes were read and a correction was noted by Treasurer Jan Waldron in the amount listed under the Savings account. The correct amount is to read \$11,696.87 which was the total before the "fruit" bill was paid. The minutes were accepted as corrected. Then Jan read the Treasurer's report as follows: Checking: \$57.34; Savings: \$8,960.46; Uniform: \$1,046.69; Scholarship: \$775.55.

Jan noted that we made about \$465 on the two accounts in interest this year. She also wanted the board to know of Mr. and Mrs. Ray Mazureks' very generous donation to Band Boosters, and that the money has been slated for the Scholarship fund.

**Old Business:** The Awards Jackets are in, and the people who ordered them have paid \$60 with Band Boosters paying \$23 toward each for letters, names and year. We are very pleased with the looks of them.

**New Business:** After discussion, it was decided that we would begin selling the Band Calendar in May, and that the calendar year would begin with September. It can then be sold as a "School Calendar", which would include game schedules and school activities.

We will have to begin working on enrollment projections, and

uniform figures since we will have to order in one year from now. They will be most needed by 1986. We will be in need of chaperones for the Band Festival. The location is not known yet. The Middle School Festival Concert for family and friends will be February 27th at 7:30, and the Middle School Band Festival will be March 2, the time to be announced. The High School Festival Concert will be March 12, and the High School Band Festival is scheduled for March 16.

Parents of Band members should note that there will be a Band Booster meeting on February 27th during the intermission at the concert. This will be for the Band Booster Board. The meeting will continue at 7:00 and will be open to all.

The Junior High Honors Band have had six of our students chosen by a District committee. The students were nominated by Mr. Vechinski. The students will be auditioning for chairs on February 1, and the Honors Band Weekend will be March 8, 9 and 10 in Jackson. The students chosen were Molly McGuire, Shannon Sloat, Beth Gilbert, Sarah Corwin, Tim McGuinn, and Tom Mann. Mr. V. may get to conduct one of the groups.

Solo-Ensemble will be held in Jackson on February 16th. The meeting was adjourned at 8:05.

Respectfully submitted, Nancy Houck, Secretary

## Dutch Lose In Nailbiter

Mike Agin shoots.

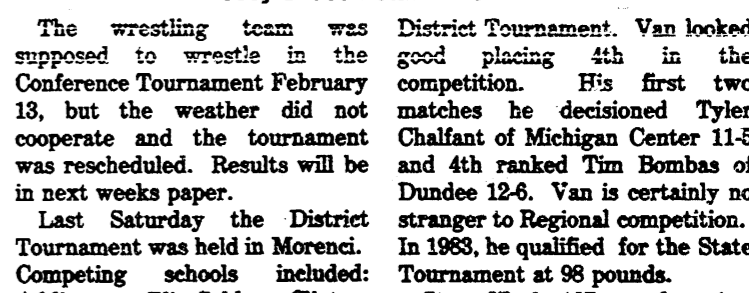

by Jon Mother nature poured down the white stuff causing the Tuesday and Friday games to be cancelled. Saturday we welcomed an old opponent to our arena—the Tigers from Hudson. It was a hard-fought and well played contest which saw a Tiger sink two freebies with 22 seconds on the clock to put his team up 58 to 57. Our final shot missed so Hudson left victorious. Pat Ridenour was high scorer tonight as he gunned in 17. Tom Lockridge had a solid night as he hit for 12. Mike Agin and Bruce Rhee popped in double figures hitting for 10 each.

We took a 6 point advantage going into the second period where both squads dumped in 16 points. This left the tally 35-29 at the intermission.

The third eight minutes saw Hudson out score us 17 to 13 to whittle our lead to 2 points. The Tigers caught us but Mike swished a pair from the charity stripe to put us back ahead at the 28 second mark. This set up the Tigers winning tosses with 22 seconds left.

We host Napoleon Friday, then Saturday we make up the postponed contest with Grass Lake.

## The Wrestling Report

Joey Deacon stalks his man. The wrestling team was supposed to wrestle in the Conference Tournament February 13, but the weather did not cooperate and the tournament was rescheduled. Results will be in next weeks paper. Last Saturday the District Tournament was held in Morenci. District schools included: Addison, Blissfield, Clinton, Concord, Dundee, Hudson, Onsted, Vandercook Lake, Jonesville, Michigan Center, Morenci, Napoleon, and the Dutch. The top four wrestlers in each weight class qualified for the Regional Tournament held next Saturday in Napoleon. In the Regionals, the Morenci District will be joined by the Detroit Country Day District's top four in each weight class. Of these wrestlers, only the top four will be able to qualify for the State Tournament in Middleville.

Manchester had two wrestlers medal in the District Tournament and gain advancement to the Regionals. Van Talcott, 126 pound Senior, co-captain, has been out most of the year with injury but came back in time to wrestle in the District Tournament. Van looked good placing 4th in the competition. His first two matches he decided Tyler Chalfant of Michigan Center 11-5 and 4th ranked Tim Bombas of Dundee 12-6. Van is certainly no stranger to Regional competition. In 1983, he qualified for the State Tournament at 98 pounds. Steve Vleck, 167 pound, senior, co-captain, also qualified for the Regionals placing 3rd. Steve pinned Henry Skinner of Morenci and 4th ranked Dan Crawford of Hudson. He also decided 3rd ranked Mike Jeffers of Dundee 7-4 in the Consolation finals. The Districts are a game of sudden death. You have to win your first two matches to qualify for the Regionals. Everyone else on the team, except Joey Deacons, was beaten in the first round match 11-2 but was injured and could not continue. He was also expected to qualify for the Regionals going into the Districts with a 19-5 record. Congratulations to Van and Steve on qualifying. Cheer them on Saturday at Napoleon. Wrestling starts at 10:30.

### NOTICE OF PUBLIC HEARING Application For Conditional Use Permit

A Public Hearing will be held on Monday, March 4, 1985, before the Manchester Village Council for the purpose of hearing comments on the application of Thomas K. Ellis for a Conditional Use Permit under provision of Chapter 51, Article 6 of the Manchester Village Code and Chapter 51, Article 18 of the Manchester Village Code (these provisions making it possible to permit "professional medical offices" in a Single-Family Urban Residential District if standards and findings support the issuance of a Conditional Use Permit); this application pertains to the building at 122 West Main Street (northeast corner of West Main and North Washington Streets), commonly known as the "Old Methodist Church" (former church sanctuary portion only.)

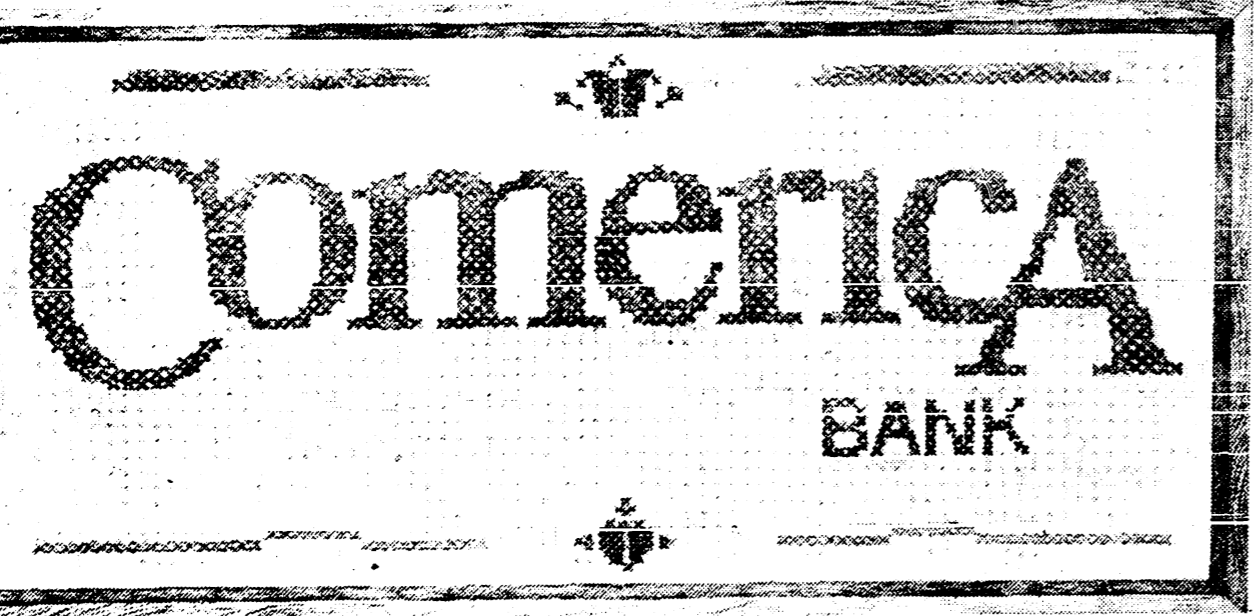

The Public Hearing will begin at 8:15 PM, in the Council Room of the Village Hall, 120 South Clinton Street. Anyone unable to attend the Hearing but wishing to have comments read aloud at the Hearing should send written comments to the Clerk, Village of Manchester, 120 South Clinton Street, Manchester, Michigan 48158; or deliver written comments to the Village Hall in care of the Clerk or Treasurer. Written comments must be received no later than 3:00 PM on Monday, March 4, 1985.

swelled up. He tried everything from nasal spray, beer and aspirin, so he finally went to a doctor. Once there his receptionist insisted that he sit in the waiting room where he read a therapeutic article from a 1981 National Geographic. That took an hour, during which he learned a great deal about this ancient people who managed to build a huge photogenic temple in the jungle several thousand years ago in spite of the fact that they were very primitive during that period. "Then," reported Dave Barry, "the nurse dumped me in a little room which was called an examination room and which contained a paper-covered table which evidently was giving out an invisible healing ray for they had me sit there for a quarter of an hour all alone with the company of a scale with which I weighed myself for amusement."

Dave went on to report that the doctor then took a few minutes of this busy schedule of his while he was renewing his subscription to the Geographic and to rent

additional space for his patients to wait in and really came into the room and quickly looked at my tongue. This consumed a couple of minutes, and then he told me that my problem was a couple of Latin words, which I figured out meant swollen tongue, and to come back in a week. I was going to suggest that since I had been there for a couple of hours in the examination room, I might spend the week in that little room, but I was afraid that would only anger him more, and he would send me to the hospital for tests. His only other option would be to say, "It beats me what it is," but that would be a violation of the Hippocratic oath.

A couple of days later Dave said he talked with a friend who was a nurse. She told him to gargle with salt water, which he did, and the swelling went away. She also told him that while she used to work as a nurse, she quit because she kept wanting to punch the doctors in the mouth. After thinking this situation over, I envy my dog. When he gets sick or injured, we take him to the veterinarian, and he fixes her up. No big deal, except for the dog who tries to leave the examining room via the closed windows. I can't help thinking, "Why can't I get medical service like that." I don't think people are more complicated than dogs. I'm waiting for my dog's tongue to swell up to see how he treats him. If he has him gargle with salt water, I'm gonna take my medical problems to him next time.

To Community  
Ownership**

Ownership of Huron Valley Ambulance (HVA), Washtenaw County's primary emergency medical service and ambulance provider, has been turned over to a non-profit community group, by the five area hospitals which have been operating the service.

"HVA is a strong organization and is in an excellent position to provide continued high quality, responsive emergency medical services for the entire area for many years to come," said HVA President Willard Johnson, who is also president of Chelsea Community Hospital.

The ambulance service was formed in December, 1981, by Catherine McAuley Health Center (CMHC), with the support of the other hospitals in Washtenaw County.

In July, 1983, CMHC and Chelsea Community Hospital, Beyer Memorial Hospital, Saline Community Hospital and University of Michigan Hospital formally joined in the ownership and management of HVA.

"Under non-profit, community ownership, the ambulance service will now be governed by the leaders of our community," Johnson said. "The current community trustees have served on the HVA Board for several months now, and they are well suited to take over this important governance."

**Ann Arbor  
Symphony Free  
Concert**

The Ann Arbor Symphony Orchestra will continue its 56th season of free concerts on Sunday, February 24, 1985, at 3:30 p.m. in Hill Auditorium on the University of Michigan Campus in Ann Arbor.

Featured soloist will be Louis Nagel, pianist, performing Beethoven's Concerto No. 5 for Piano and Orchestra, the "Emperor" Concerto. Dr. Nagel is a professor of music at the University of Michigan as well as a concert pianist of national and international note. Dr. Edward Szabo, conductor, will open the concert with the "Prometheus" overture, also by Beethoven. The orchestra will then play Brahms' Symphony No. 2 in D major. As usual, there will be no admission charge. Doors will open at 3 p.m.

Concerts of The Ann Arbor Symphony Orchestra are made possible by funding from the Music Performance Trust Funds of the recording industries, the J.L. Hudson Company and its Briarwood department store, the Harry A. and Margaret D. Towsley Foundation, The Campus Inn, the Michigan Council for the Arts, and local individuals, families and businesses.

Company News**

With furnaces working almost continuously due to freezing temperatures, Consumers Power Company warns homeowners to take necessary actions if they suspect faulty furnace operation or improper ventilation.

"It's very important that homeowners who suspect they might have a problem with their furnace operation or with proper ventilation take action quickly," Ronald C. Jordan, region gas service supervisor for Consumers Power, said.

"Poor ventilation or improper venting can cause health problems, such as headaches or a feeling of nausea. In severe cases, poor ventilation or improper venting can lead to death because of carbon monoxide poisoning," Jordan said. "Because of similarities, it's possible that early stages of carbon monoxide poisoning can be misdiagnosed as the flu. A simple blood test can detect the effects of elevated carbon monoxide inhalation."

"One sign that might indicate poor ventilation is excessive moisture build-up on the walls and ceilings inside the home," Jordan said. "If a homeowner suspects poor ventilation, he should call a qualified heating contractor."

Long Form Is Leng On Tax Savings

Don't give the long form short shrift when you file your 1984 income tax return. Buried in the official tax language of this year's 1040, also known as the "long form," are some hidden tax treasures, according to the Michigan Association of CPAs.

Taxpayers who don't itemize generally fill out the short form (1040A). But in doing so, they could miss out on deductions for moving expenses, unreimbursed business expenses and early withdrawal penalties from savings accounts.

CPAs say that taxpayers who do not itemize deductions may not realize that they could be missing out on deductions in the adjustments to income section of the long form.

Taxpayers who itemize deductions should get all the tax

for penalties on early withdrawals from savings accounts. You can deduct the amount you forfeit when prematurely withdrawing money from a savings account. Your bank provides you with a statement showing the penalties.

Tax payers who itemize their deductions can also take advantage of the adjustments to income section on the long form. Look for ways to whittle your tax liability further by making the most of the small section on the long form that is for miscellaneous deductions. CPAs have observed that taxpayers can sometimes fail to take full advantage of the tax breaks available in this section. Miscellaneous deductions live up to their name, so they don't usually fall neatly into one category. Only the most meticulous record keeper who is familiar with the multitude of miscellaneous deductions is safe from letting some of them slip past.

Here is a rundown of some of the deductions itemizers can take in the miscellaneous deductions section of Schedule A.

\*Job hunting expenses. You may deduct the cost of printing resumes, personnel agency fees and other expenses related to your job search. But the job must be in your current line of work. You may not take this deduction if you are a recent graduate looking for your first job.

\*Uniforms for work. You can deduct work clothing that cannot be worn as everyday clothing.

\*Tools you use for work.

\*Fees for setting up an IRA.

\*The cost of a safety deposit box that contains securities that are not tax exempt.

This is only a short list of miscellaneous deductions. If you suspect you are missing some, or if you are unsure about whether a particular expense is a miscellaneous deduction, consult a CPA. Any fee charged for tax return preparation is deductible as a miscellaneous expense.

**Winners Can Be Tax Losers**

In the topsy turvy world of taxation, winners can be losers. Last summer, a boy won a cereal box top contest. The prize was an all-expense week-long junket to a soccer camp for the boy and 19 friends. This included round-trip air fare, tuition, lodging for the 20 soccer players and four chaperoning parents, who were given an additional week-long trip without the children. The IRS ruled the prize was income to the boy and tax would have to be paid on the cash value of the prize.

If you win a scholarship, a horse race or a lottery prize, you may owe money to the IRS, according to the Michigan Association of CPAs.

A prize is tax-free if it satisfies three requirements: 1) The award must be for past accomplishments in artistic, religious, educational or civic fields. 2) It must be rewarded without entering any contest. 3) No service is demanded in exchange for winning.

Tax rules on winning can be far reaching. They can extend into the pockets of students who win scholarships, fellowships or grants. If your employer awards you an educational grant with the intention of hiring you back in a higher position, the grant is taxed as income to the recipient. Along the same lines, if you receive a scholarship prize in a contest and are not required to use the money for educational purposes, you must report the prize as taxable income. Educational grants are generally tax-free for degree candidates who use the money to pay tuition, room, board and other educational bills. Students studying for a degree who must do research or teach as part of their schooling can receive pay for the work tax-free. But if the purpose of teaching or research work is to provide income, payments must be taxed as earnings. You may want to check with the school's financial aid office or your CPA about the tax status of grants you receive.

Like winners of an educational grant that is not based on academic merit, people who win at gambling must sometimes pay tax on their winnings. According to officials in the gambling industry, the U.S. is the only nation that taxes gambling winnings and the IRS imposes enforcement measures to ensure that tax is paid by big winners. According to IRS rules, anyone who wins \$1,000 or more at odds of 300 to one or more will generally have 20 percent of their winnings withheld. So if you win \$5,000 betting on a long shot at the racetrack, you'll have \$1,000 withheld by Uncle Sam. At the time you win, a Form W-2-G is filled out and sent to the IRS.

You are also given a copy of the form, which states your winnings and amount withheld. The IRS matches its copy of the W-2-G against your income tax return to verify that you've paid tax on the winnings.

On the brighter side, CPAs note that gamblers and lottery players may deduct losses up to the amount of their winnings. If you won \$500 last year gambling or playing the lottery, you are entitled to offset gambling losses up to that amount. Gambling losses must be deducted as a miscellaneous expense on Schedule A with other itemized deductions, so you must itemize to deduct gambling losses. However, CPAs warn that proof is required to substantiate the deduction.

According to IRS spokesman Wilson Fadley, some people who gamble at race tracks have submitted their losing betting stubs to substantiate a deduction for gambling loss. These stubs are not acceptable proof to the IRS. "Anyone can easily pick up a bundle of losing stubs off the floor at the track," explains Fadley.

To prove a gambling loss, Fadley recommends that you keep records showing where and when you gambled. This may be the best proof available to someone who lost at a casino where documentation is not available. Fadley says that motel or hotel receipts may be enough to convince the IRS that you sustained the loss reported.

Another way of proving a gambling loss is to keep records of savings or checking accounts used solely for gambling funds.

## Mrs. Thomas R. Blossom

St. John's Cathedral in Lafayette, Louisiana was the setting for the marriage of Laura Gail Boustnay and Thomas Raymond Blossom on Friday evening, February 15. The Rev. Allen Breaux officiated for the daughter of Mr. and Mrs. Antoine F. Boustnay of Lafayette and the son of Mr. and Mrs. Maynard Blossom of Manchester. Approaching the altar on the arm of her father, the bride was

attired in a traditional gown of pale ivory luster-sheer. The Victorian neckline was enhanced by re-embroidered Venise lace and a ruffled flounce. The Victorian sleeves were touched by lace and the full circular skirt of luster-sheer Venise lace ended with multi lace ruffles which fell into a semi-cathedral train. The Victorian hat featured Venise lace, petite pearls and a taffeta bow. She carried a silk cascade bouquet of white rosebuds, stephanotis, phalenopsis orchids, miniature English ivy and white streamers.

Honor attendants were Mary Jo Gordon and Robert Nickels. Bridesmaids included Janelle Davis and Margie Ratcliff, sisters of the bride, while Gary Blossom, brother of the groom and Craig Fielder served as groomsmen.

Seating the guests were: Antoine and Alfred Boustnay, brothers of the bride.

The brides niece and nephew, Christine Ratcliff and Mark Davis were flower girl and ring bearer.

A reception immediately following the ceremony, was held at the Knights of Columbus Hall.

### Changes in Hunting Seasons And Bag Limits

A recently passed State law (Public Act 388, effective 12/27/84) has resulted in changes in hunting seasons and bag limits according to the DNR.

Seasons affected that are in progress now are the rabbit/hare season in the southern Lower Peninsula extending from October 20 through March 31. The season bag limit was eliminated. You can now hunt woodchucks year-round throughout the State.

Other changes include limiting deer hunters to three deer per year (unless otherwise stipulated). One deer can be taken on a firearm license, one with a bow and arrow license, and one with a camp deer license. The camp deer license is now valid for taking either sex deer in

the Upper Peninsula. In the Lower Peninsula, however, only an antlered buck is allowed on this license.

The squirrel season (black, gray, fox) has been extended from September 15 through January 1, with the season bag eliminated. For ringneck pheasants, the season bag limit also has been eliminated.

Hunting ruffed grouse during the firearm deer season in the Lower Peninsula now is permitted, with the season bag limit eliminated. The new law gives the Natural Resources Commission the authority to set seasons and bag limits for eider ducks and sharp-tailed grouse.

### Manchester Chosen As Film Site

nationally in the Student Academy Awards for "Time Expired," and has been called "a very professional filmmaker," by one critic. A University of Michigan film professor, Herbert J. Eagle said White is "a young filmmaker of considerable promise."

As the film director, White will be in charge of auditioning and hiring the cast. Because he is working under a budget of \$300,000, White said no big name actors or actresses will be used in the feature-film. White said, "You'd be surprised," at the experience and talent so called 'unknowns' have.

One-hundred extras will be used in the film and White is hopeful that enough people will be interested in donating their time.

Shooting locations in Manchester will include Main Street and The Black Sheep Tavern, a local restaurant. Locations outside the Village limits and farm locations will also be used.

On location in The Black Sheep Tavern, White quoted a famous filmmaker saying, "The good jobs aren't handed to you." White has remained independent of large film companies, preferring instead to make a name for himself.

White said his plans for the future include at least "Ten films I'd like to do."
