Firemen Honor The Late Mrs. Florence Kirk

On behalf of the membership of the Manchester Township Fire Department, I am pleased to announce that the late Mrs. Florence Kirk has been named an honorary member of the Fire Department.

For many years, Mrs. Kirk provided a great service to the Fire Department and to the community. Mrs. Kirk answered the fire phone, sounded the alarm,

then waited for the first fireman to reach the fire station so she could relay the necessary information on the fire. After performing these tasks, she called each fireman's home to make sure he had heard the alarm.

Because of this outstanding service and dedication, an Honorary Membership has been bestowed on Mrs. Kirk.

Fire Chief, Mike Scully

An Old Oak Tree

Manchester Enterprise
October 5, 1876

An oak tree had been cut down. It was a patriarch of the forest, one of the first settlers. It dated back far beyond the advent of the white man on this continent. The annular rings were counted and found to be 900. What a history this Methuselah of the primeval woods suggests. What nations have been blotted out! What dynasties have been shaken to their ruin! Kings, Queens, and Nobles have gone down in the darkness of night, since that tiny oak burst the acorn, that contained the rudiments of its mighty growth.

When Edward, the elder son, and successor of Alfred the Great, began to reign, this tree was a small sapling, struggling up for existence amidst the eternal solitudes.

When Charlemagne had conquered an empire, and become one of the most renowned men of any age, and had entered his palace to die, this tree had become a staddle of 13 or 14 years

growth. When Peter, the Hermit, was stirring all Europe by his untiring zeal to enlist christendom in a crusade to recover Jerusalem from the rule of Mohamedanism, this tree had become a youthful plant of 135 years.

When Genghis Khan, the founder of the great Mogul empire, was born, this tree had attained the considerable age of 204 years.

When Tamerlane fought his great battle with 200,000 men, and 26 elephants, against Bagazet with 300,000 men and 10 elephants, in which 40,000 Turks, and 10,000 of their adversaries were slain, this tree of the Michigan wilds had numbered 342 years.

When William Tell, the Swiss hero, was battling for the liberties of his country, against Austria, and the tyrant Gessler ordered the Swiss to pay obedience to his plumed cap set upon a pole, this forest tree was getting into its manhood of 380 years.

This growth of the primeval continued on page 10

35th Anniversary Of Manchester Blood Program

It is 35 years ago to a day this March 18, that Manchester Area began its Red-Cross Blood Program on a regular basis, with 127 volunteer-donors. Actually the first Bloodmobile was in town October 1942, during WWII in cooperation with the Michigan State Health Department and the Red Cross when 160 pints were donated in the heat of the war years, introducing a new procedure in medical history to the area.

Manchester has become noted for its volunteerism and the goal for the March 18, 1985, clinic is 250 pints. From 12 noon to 6 p.m. the Red Cross will be at Manchester United Methodist Church to receive donors 17 through 65 years of age.

In order to run a smooth operation, co-chairmen Mrs. Duane Roller and Mrs. Lynn Carpenter (both 3 gallon donors) remind the public that DONORS need to be scheduled at regular intervals throughout the 6 hour clinic. With this in mind, recruiters are working in all the churches in the area to sign up donors; local industries will be scheduling their employees for appointments, and there will be four key places in the village for continued on page 9

Optimist Outstanding Citizen Of The Month

At a recent dinner meeting the Manchester Optimists honored Debbie Wenk, daughter of David and Martha Wenk, as Student Citizen of the Month.

Debbie is a Junior at Manchester High School. Her current grade point average is 3.91 which places her third in a class of 89.

She has been on the honor roll for three years, is a member of the band and pep band, has been a

majorette as well as being a member of the academic games team and a member of the varsity choir.

Debbie was inducted into the National Honor Society recently. She won academic awards during her freshman and sophomore years.

Debbie is also active as a Sunday School teacher at Emanuel Church. She plans to attend college but has not yet made a decision regarding location. Her interests are in child psychology.

Erik Minick Awarded Eagle Scout Rank

Manchester Troop 426, Boy Scouts of America, congratulates Erik D. Minick upon his advancement to the rank of Eagle Scout. Erik, son of Mr. and Mrs. David Minick of Manchester, has completed an Eagle Project consisting of renovation of the

stage area at the Emanuel United Church of Christ. Out of every one hundred boys that join Scouting, less than two are ever awarded the Eagle Scout Rank by the National Court of Honor. Erik is a senior at Manchester High School.

Hit Or Miss

by farley

Some time ago Bob Wright of the Marquette County, Wisconsin, Tribune penned a vignette about life beneath the snow during the winter which we found very intriguing and which many folks don't know about or do not think about. Its evidence however is attested to by the many minute tracks in the freshly fallen snow on winter mornings together with those of the rabbits, the squirrels, the coons and the other denizens of the area about the river banks in this area. These little fellows, together with the bird life which spends its winters as well as its summers with us are, to us, quite fascinating. Mr. Wright wrote:

'Right now about two feet of snow lies on the forest and field of our four acres, and it would be easy to assume that our wildlife must be suffering or dying beneath this stifling blanket.

Very unlikely. As the snow cover accumulates, its undersurface begins to melt against the still-warm earth and soon a kind of cavity exists beneath the snow, lit by the pale-blue radiation from above and sealed off from the frigid outdoor world by the continued on page 16

Quiz Bowl Team Advances To Quarterfinals

Led by senior captain Betsy Royle, the Manchester High School Quiz Bowl Team won their second match in the 1985 Alma College High School Quiz Bowl. Betsy's two years of Quiz Bowl experience were extremely important to her four freshmen teammates, who included Dan Dezarov, Jackie Miller, Matt Royle and Alice Swanberg. Saturday, February 23, the Quiz Bowl team defeated Orchard Lake St. Mary's Preparatory School in a close and exciting match by the score of 135-100.

In the match Manchester jumped off to an early 30-0 lead which they quickly expanded to 90-10. St. Mary's Prep then began answering a series of questions and gained on Manchester's score. By halftime we had a slim 5 point lead of 85-80. The second half saw St. Mary's gain the early lead and then the match seesawed back and forth with each team taking turns with the lead. The pivotal question that gave us our final lead was answered by freshmen Alice Swanberg. It dealt with composers and asked about George Gershwin's last composition which was "Porgy and Bess". The final questions were also answered by Manchester to bring the final score to 135-100.

The Alma College Quiz Bowl is played just like the high school and college quiz bowls seen on television. The first team to sound the buzzer on a toss-up question gets the first chance to answer the question correctly with bonus questions offered for correct responses and a penalty for an incorrect response if a player buzzes in too soon. Each match consists of two eight minute halves.

Our entire team showed poise and quick thinking. They were called on to answer questions from such diverse areas as science, U.S. history, math, music, world geography, literature, movies, and medicine.

Manchester's victory means they advance to the quarterfinals which will be held at Alma College on Wednesday, March 6, at 7:00 p.m. Teams winning in this round will advance to the semifinals and finals which both will be held the evening of Wednesday, March 13, 1985.

Meritorious Service Medal Awarded Captain Deborah K. Knickerbocker

Army Capt. Deborah K. Knickerbocker, daughter of Clare A. and Beverly J. Knickerbocker of 319 Ann Arbor, Manchester, Michigan, has been decorated with the Meritorious Service Medal at Brooke Army Medical Center, San Antonio, Texas.

The Meritorious Service Medal is awarded specifically for outstanding non-combat meritorious achievement or service to the United States.

Knickerbocker, a service platoon leader, is a 1978 graduate of Eastern Michigan University, Ypsilanti, Michigan.

School Hot Lunch Menu

Monday, March 4, Chicken Patty/Bun, Potato Chips, Dill Pickle, Pear Half, Milk.
 Tuesday, March 5, Homemade Italian Spaghetti, Buttered Green Beans, Warm French Bread with butter, Applesauce, Milk.
 Wednesday, March 6, BBQ on Bun, Tator Tots, Carrot & Celery Stix, Granola Bar, Milk.
 Thursday, March 7, Hot Turkey Sandwich with Gravy, Buttered Corn, Cake, Milk.
 Friday, March 8, Cheese Pizza, Tossed Salad with Dressing, Lemon Pudding, Fresh Fruit, Milk.

Men's Softball Meeting

There will be a Softball meeting Monday, March 4th, at McGlynn's Pub & Grub at 8:00 p.m. All team managers or representatives are asked to be present.

Attention Athletic Boosters!

The regular March meeting of The Athletic Boosters will be held Wednesday, March 6, 1985, at 8:00 p.m. at the High School. ALL members are urged to attend.

Rogers Corners Farm Bureau

Rogers Corners Farm Bureau will meet on Friday, March 8, at 8:00 p.m. at the home of Harold and Martha Eiseeman.

Obituary

Ruth L. Paul formerly of Brooklyn, Michigan

Ruth L. Paul, 87, a former resident of Brooklyn, died Wednesday, February 13, 1985, at Cedar Knoll Rest Home near Grass Lake where she had lived for the last year.

Her husband, Lawrence is also a resident there and they observed their 67th wedding anniversary in November. Born March 25, 1897, in Norvell, she was the daughter of Edward and Anna (Bauer) Mahrie. She and her husband farmed in the Bridgewater area before moving to Manchester where Mr. Paul worked for the road commission of Washtenaw county. In 1963 they moved to Brooklyn.

She was a member of the Iron Creek Community Church and the Ladies Circle of that church.

The Rev. Bill Mason officiated at her funeral on Saturday, February 16, 1985, and she was buried in Norvell cemetery. Braun Brothers Funeral Home in Brooklyn made the arrangements.

In addition to her husband, she is survived by a daughter, Mrs. Lawrence (Evelyn) Glancy of Brooklyn; two grandchildren; four great grandchildren; and one sister, Edna Jenkins of Adrian. She was preceded in death by a brother, Seth, and a sister, Seville.

Basketball Fun Night Date Changed To March 2nd

The annual 4th, 5th and 6th grade Basketball Fun Night will be held on Saturday, March 2, at 7:00 p.m. in the High School Gymnasium.

Each grade will be divided into teams and will compete in ballhandling, shooting, and dribbling skills. The 5th and 6th graders will also compete in a double elimination tournament.

At the conclusion of the evening, each participant will be given a certificate award. There will be a small charge for admission with all proceeds going to the purchase of new small-sized basketballs for next year's program.

Saddle Up!

Just because there's 4 inches of mud & slop outside doesn't mean we aren't thinking about the Horse Show season. So start cleaning up your saddles, 'cause it's not much longer till that first show. We at Spur of the Moment are already planning the 1985 Horse Show Season, but we need your help! You're invited to attend our general membership meeting on Sunday, March 24, 1985, at 1:00 p.m. at President Jean Davis' home. Members, members-to-be, and non-members are requested to attend. We will be discussing the 1985 show bill; classes to be added, changed or dropped. Plus! For the first time we will be having a Pre-Show Schooling Clinic, to be held at Whites Arena. (Date to be discussed at the meeting.) It will be for all ages and cover English, Western, Equitation, Pleasure and Showmanship. Learn all the tips, new and old to get you and your horse in shape for show season.

This and more will be discussed at the March 24, meeting. Hope to see you there! For directions call President Jean Davis, 428-8490 or Dee Burby, 428-7369.

For the Love of Horses!
 Secretary, Dee Burby

births

Richard and Nicolette Kennedy of Brooklyn, are proud to announce the birth of their daughter, Ashley Elizabeth was born at Bixby Hospital on February 17th. She weighed 7 pounds and was 20 1/4 inches long. Ashley has a 14 month old sister, Lindsey. Maternal grandparents are Ambrose and Wilma Lentz and paternal grandparents are Douglas and Irene Kennedy, all of Manchester.

Mr. and Mrs. Gale Steinaway are proud to announce the birth of their daughter, Julia Gretchen. Julia was born on February 23, 1985, and weighed 6 pounds 1/2 ounces and was 19 inches long. Maternal Grandparents are Hugo and Ada Magnuson of St. Clair Shores and paternal Grandparents are the late Harold and Julia Steinaway of Manchester.

\$MONEY MANAGERMENTS

Cut Your Tax Bill by Income Averaging

Has your income steadily increased over the past few years? Did your salary jump during 1984? Or did your spouse go back to work? If so, you might qualify for income averaging and it can cut your 1984 tax bill, according to the Michigan Association of CPAs.

Income averaging is a tax break that Congress created in 1954, to blunt the tax impact on someone who has a sharp increase in income over a short period of time. With income averaging, a sudden, dramatic rise in income is treated as though it occurred over several years. CPAs say that sometimes steady increases in income over a few years can also trigger this tax break.

This past year, in a move to deal with the huge federal budget deficit, the Tax Reform Act of 1984, severely limited the number of persons who qualify for income averaging and slashed the benefit it offers. The changes in the income averaging formula are expected to add an estimated \$2 billion to federal coffers. Despite the new restrictions, CPAs say, many taxpayers can still lower their tax bills by income averaging.

If you think you might benefit, here's how to work out the basic income averaging formula: You will need your tax returns from 1981, 1982 and 1983 to determine your taxable income for the three years. Start by adding up your taxable incomes for the three years. Then, divide the total by three to establish your average

taxable income. Then, multiply the average by 140 percent (1.4). Holding aside this part of the formula, now work through the second step: Figure out your 1984 taxable income and subtract from it \$3,000. If the total of this second step exceeds the total of the first step (average income multiplied by 140 percent), you probably qualify for income averaging.

Here's an example of how it works: In 1984, Betty, a single working woman, had a \$30,000 taxable income. Using the regular tax calculation, her 1984 tax bill comes to \$6,122. Now, look what happens when she income averages: Her 1981, 1982 and 1983 taxable income came to \$13,000, \$17,000 and \$20,000 respectively. Income averaging cut her 1984 tax bill to \$6,044 for a \$78 savings.

Betty's \$10,000 jump in income in 1984, was substantial, though not unusual. However, when calculating with her income history for the previous three years, the 1984, income jump provides sufficient change for income averaging to pay off. CPAs say that each taxpayer's circumstances are too different to set rigid guidelines on who can and cannot benefit from income averaging.

The calculations you must complete to take this tax break may seem laborious, but the formula can usually be completed in under an hour. The IRS has thoughtfully provided Schedule G to work out the formula. Its 28 lines are easy to follow. In addition, the IRS plans an updated version of Publication 506, the guide and worksheet for calculating income averaging. CPAs note that there are pitfalls to avoid with income averaging. For instance, if you're married or were divorced between 1981 and 1984, you must refigure your

taxable income for those years. Even if you did not change your marital status you may have to do some refiguring if you changed your filing status. For instance, if you change the way you file from married-filing separately to filing jointly, you must recalculate your taxable income. One other problem: You cannot income average if you have not provided at least half of your own support in each of the years in the formula.

If you believe you may have missed out on using income averaging in prior years, you can file an amended return. With the amended return, you can use the prior, more liberal income averaging formula. Amended returns can be filed for up to three years after the due date of the original return. If you need help, contact your local CPA.

Sharon-Manchester Livestock Club

The first meeting of the year for the Sharon-Manchester Livestock Club will be held March 9th, at the Sharon Townhall from 2:00 - 4:00 p.m. New members welcome. Any questions, call Lisa Lozier, 428-7245 or Jeff Lucas, 428-7858.

Auxiliary Donates Monitoring Equipment To Anesthesia Dept.

A new capability in blood pressure monitoring has been added to the Anesthesia Department with the acquisition of an automatic blood pressure monitor, part of a collection of datascopes monitors purchased by the Saline Community Hospital Auxiliary and donated by them to the Anesthesia Department.

"The new monitor will be especially helpful when assessing blood pressure in those people who have high or low blood pressure, in children, and in persons who are above normal weight," Jeanne Learman, CRNA, coordinator of Anesthesia Services, noted.

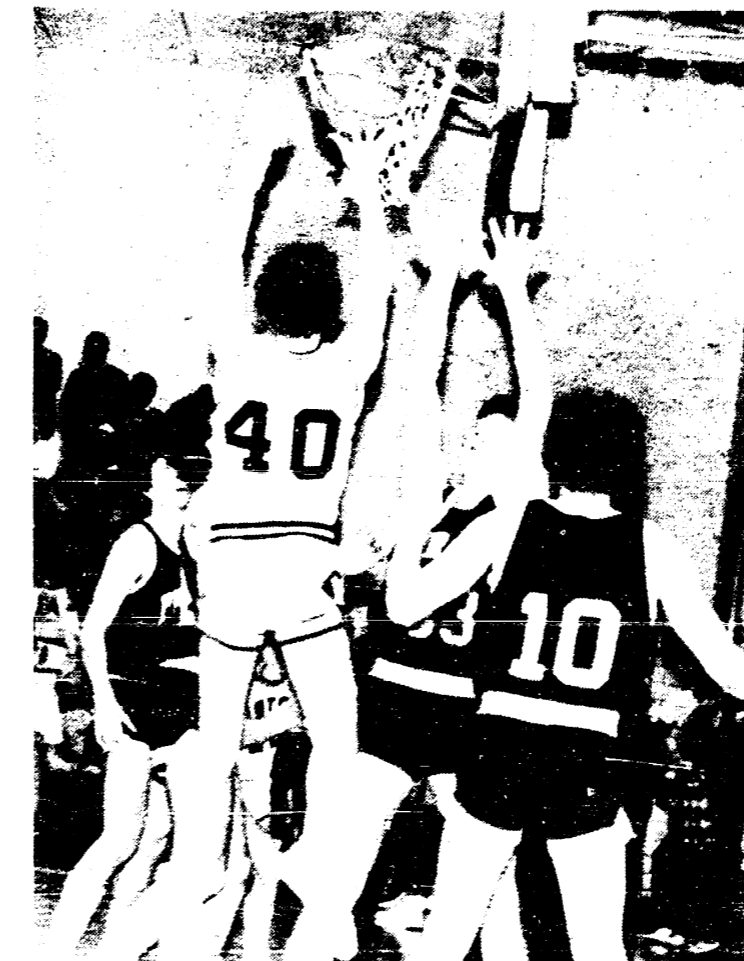

"It is most helpful for those who must have their blood pressure checked and recorded every few minutes as is the case during anesthesia and occasionally in the Intensive Care Unit," she continued.

Dr. T.C. Hwang is anesthesiologist for the department, a post he has held for

Manchester Dutchmen Varsity Basketball

by Jon

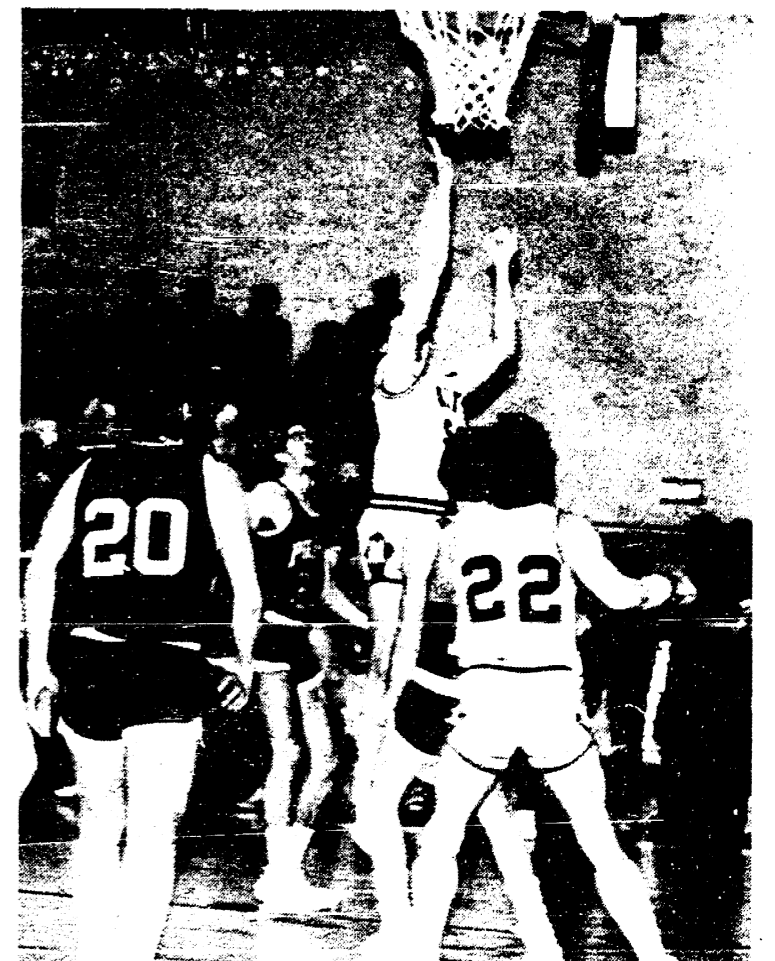

Tom Lockridge up and over for two.

The Dutchmen started this season not too well but are getting their satisfaction now as spoilers. Seven games have been decided by 3 points or less. The last two we've won.

Tuesday we faced Michigan Center, co-leader of the Cascades Conference. They had beaten us by 35 points earlier in the season but this time at home we won a close scoring 76-74 victory. Tom Lockridge and Mike Agin played well scoring 21 and 20 points respectively.

Friday's game wasn't quite as sweet. We nearly knocked off Napoleon, one of the league leaders, but lost in the final minutes 65-71. Pat Ridenour was high scorer with 15. Agin hit for 13, Bruce Rhee, 12.

Saturday was the make-up game against Grass Lake. In the earlier match-up they defeated us by one. We turned that around this time beating them by two, 52-50. It was a hard fought game, we were behind by five points with only two minutes left. Tom was high scorer with 13 points.

Bruce Rhee lays in two.

Auxiliary Donates Monitoring Equipment

six years.

The equipment, representing a contribution of \$8,248.25 by the auxiliary, includes an EKG monitor, a heart rate monitor, the automatic blood pressure monitor, a temperature monitor, and a recorder to document information gathered by the four monitors.

Funds used to purchase the equipment were raised through various fund-raising activities held by the auxiliary during the year.

The EKG monitor, the heart rate monitor and automatic blood pressure monitor, are used in the Anesthesia Department to monitor all patients receiving anesthesia, whether it be general, spinal, local or intravenous sedation anesthesia.

Klager School News

Michelle Helfrich with her special Valentine's cup.

Matthew Blossom enjoyed his portion of Valentine's cake.

Klager Celebrates Valentine's Day

Traditional Valentine's Day celebrations at Klager were delayed last week, but festivities were no less enjoyed for the delay. Parents brought special treats, art projects decorated the rooms, classes played party games and Valentine's greetings were piled high on every desk.

The school, for one hour on Tuesday, was filled with many varied activities. In Miss Koebbe's room, under the watchful eye of room parents, children tried to capture marshmallows held aloft on strings. Red finger-jello wiggled and squiggled to the delight of first graders in Mrs. Savze's room. Fourth graders were seen making and devouring miniature pizzas under Miss Kuyda's direction.

Klager Students Use Computer Lab

This year Klager students are studying computer science in their newly organized computer lab. Computers from each class have been brought together in one room to form a computer lab. This makes instruction in the use of computers easier and more efficient. When students work together in pairs, an entire classroom has access to computers at the same time. Under the current schedule, up to an hour and a half of computer time is available per week to all Klager students from first to fourth grade.

Klager was among the first elementary schools in this area to have a board adopted computer curriculum and now leads the way in developing an elementary level computer laboratory.

Patrick Steele and Jaelleth Moran celebrate Valentine's Day with a red and wiggly treat.

Sharon Fielder and Natalie Stautz.

Michelle Mann and Richie Lutton working in Klager's new Computer Laboratory.

Bill Kwolek Demonstrates Lasers

Lasers were the subject of discussion by Mr. Bill Kwolek at Fridays Klager Assembly.

Mr. Kwolek brought a selection of lasers and holograms to share with Klager students. He demonstrated a red laser beam and talked about properties of light, in relationship to lasers and in the everyday world. Students were fascinated to see the tiny red beam bounce off the wall of their gymnasium. The children learned what laser beams are and how they can be used.

As a special exhibit Mr. Kwolek, his wife Sandy and their son Danny had rigged a laser beam to be responsive to sound waves. The beam actually projected a "picture" of sound, which he illustrated using voices and recorded music.

For many students this was, also, their first opportunity to observe a hologram. Holograms are special three dimensional pictures or projections.

For many students this was, also, their first opportunity to observe a hologram. Holograms are special three dimensional pictures or projections.

Federal Surplus Food Distribution March 1st

Federal Surplus foods, cheese, butter, dried milk and flour will be available at Manchester United Methodist Church, Friday, March 1, from 10 to 12 a.m. for the Manchester area.

Betsy Royle National Merit Finalist

Betsy Royle receiving her National Merit Finalist certificate from Principal William Bushaw and Guidance Counselor Richard Parson.

The National Merit Scholarship Corporation has completed its evaluation of Semi-finalists named in the fall of 1983, and has determined which of them has qualified as finalists in the competition for Merit Scholarships to be awarded this Spring. Throughout the country there are approximately 13,500 Finalists who are being considered for some 5500 Merit Scholarships to be awarded in 1985. In addition, about 3700 renewable Merit Scholarships will also be awarded, sponsored by both corporate organizations and higher education institutions.

Manchester High School is very proud to announce that Betsy Royle, daughter of Mr. and Mrs. Jeffrey Royle of 4504 Jacob Road, has been awarded Finalist status. This accomplishment distinguishes Betsy in a very select group who represent fewer than one half of one percent of American high school students.

Over one million students entered the competition in the fall of 1983 by taking the PSAT (Preliminary Scholastic Aptitude Test) in their junior year. Semi-finalists were announced in September, 1984, and then had to document high academic performance throughout high school, receive the recommendation of their principals, confirm their earlier test score by taking a second test (the SAT), and provide considerable information about their interests, accomplishments, and goals. With all of this information at their disposal, the National Merit Scholarship Corporation selected the 13,500 Finalists.

Betsy is a senior at Manchester High School and is the second National Merit Finalist

Manchester has had in the last two years. She ranks first in her class with a perfect 4.00 grade point average. Betsy has participated in band, volleyball, and the academic games team. In addition, she is President of the Student Council, Treasurer of the National Honor Society, and Captain of the High School Quiz Bowl Team. Next year Betsy plans to attend the University of Michigan and major in biomedical engineering.

Spaulding For Children "Winter In The Country"

"Winter in the Country" - a party benefitting Spaulding for Children - will be an afternoon of outdoor and indoor adventures. The Spaulding Farm, 3660 Waltrous Road in Chelsea will be the site of cross-country skiing, sledding, hayrides and skating. Inside the 100 year old farmhouse, "Fat Bob" Taylor's Double Eagle Polish Chili, Mill Pond Bakery bread and other treats will be served. Music to warm up will be strummed and fiddled by Ed Earl and Buck Judd.

The party will be held Sunday, March 3rd, from noon to 5:00 p.m. Tickets for individuals and families are available. Contributions are tax deductible. For tickets and information, call Kathy at 313-475-8693.

35th Anniversary Of Bloodmobile In Manchester

all men and women to sign up-at the IGA Market and the three Banks, Comerica, 1st of America and Great Lakes Federal. Drop boxes and the cards to put in them are to be found at these locations beginning March 1.

The need for blood is tremendous for all ages-for the new born, for heart surgery, accidents and the ravages of illnesses. In the 34 years that Manchester has served the cause almost 7500 pints of blood have been donated. Please help make this a record year-sign up to give blood March 18th.

The Wrestling Report

On Tuesday, February 19, Manchester wrestled in the conference and did well. No the Dutch didn't win the conference or take a runner-up. They placed a strong fourth. Not bad considering past year performances.

B.J. Lee placed second at 105 along with Val Talcott and Steve Vleck at 126 and 167 respectively. The other medal winner for the team was Hwt. Mike Stidham who placed third. The Dutch also had good showings by the other members of the team.

On Saturday, the 23rd, the two Regional qualifiers for the Maroon and Gold competed in the Regionals at Napoleon. They did wrestle well in the tournament, but came up short in their bid for a birth in the State finals. This is without question the toughest region in the state. Last year 7 of the 13 State Champions came out of this region and there are three other regions. Our community can be proud when they say these two men represented us in this tournament as they wrestled like the Champions they are.

So the season has ended for the Big Dutch. Many great things have happened this year. The numbers on the team have increased much. Mostly young, inexperienced people who had a great desire to improve their skills. They did. These young people are the big names of tomorrow's wrestling.

Next year the team looks to be much improved with the return of everyone but three seniors. Also several good ones coming in from the Junior High will add to the strength of the team. Many of the team members have committed themselves to off season

preparation by wrestling in spring and summer tournaments and going to wrestling camps.

The team will miss Van Talcott, John Lochey, and Steve Vleck next year. We have certainly enjoyed the friendship and leadership they have given us. They have been a positive influence on the entire team. We wish them all the luck in their endeavors.

Thanks to the people who have supported and followed our team in body and mind. Give yourselves a pat on the back. You are all champions with us!

Logo And Slogan Contest

The Washtenaw County Department of Public Works is sponsoring a Logo and Slogan Contest. The competition is open to all Washtenaw County students enrolled in grades 7 through 12.

The purpose of the contest is to select an appropriate logo and slogan for use by future County-wide recycling programs.

The Washtenaw County Source Separation Task Force will review and judge all entries. The finalists and winners will be announced and displayed during "Recycle Week" in May 1985.

All entries must be received by the Department of Public Works, Box 8645, Ann Arbor, Michigan 48107, no later than 5:00 p.m. on March 29, 1985. Information regarding the contest can be obtained by contacting Ted Starbuck at the Department of Public Works - 994-2398.

Hit Or Miss

insulating snow blanket. And here, in this hidden labyrinth, are the mice, moles and shrews, not hibernating, but snug, well-fed and active in a temperature 40 or 50 degrees warmer than it is out where people deplore the 'damn snow.' The air in this warm bioclimate is always moist and still. It is a miniature fairyland a network of passages with columns and walls of the moist delicate ice crystals. Storms may roar across the surface of the snow only two feet above, but they are never heard below. The only sound is that faint scamper of tiny feet and, perhaps, the occasional faint tinkle of an ice crystal falling from the roof of this enchanted blue grotto.

I guess that all of us average imperfect mortals find a great deal of satisfaction in learning about the mistakes made by others who are supposed to be among the efficient folks of the world, so may we present a couple of incidents which have been recently reported.

It seems that the West Virginia Highway Department recently celebrated the completion of a new bridge across the Clinch River which was wide enough to accommodate two lanes of traffic, but when the highway leading up to it on both sides and which was being rebuilt was finished, it was discovered to be three lanes wide. So now a rather red-faced Highway Commission is having added to the bridge another lane at a considerable added cost. And in Kansas City, Mo., a law was recently passed requiring a

smoke alarm in every occupied building. The other day they started to check and find out if this law was being complied with. Lo and behold they soon found there were at least 31 violators in city owned buildings. There are 31 fire stations in the city, and none of them were equipped with the alarms.

Fumblers such as you and I lost 100,000 tons of silver coins in the first half of this century, or so say governmental accountants.

Quilt Discovery Day

Bring your old and/or new quilts and stories about quilters to Quilt Discovery Day March 5, at the United Church of Christ in Clinton. Sponsored by the Historical Society of Clinton in cooperation with Michigan State University Museum Folk Arts Division, the event is part of a Michigan sesquicentennial project.

You, your quilt and stories about the quilter could become part of a book and a major exhibition to come out of the statewide quilt inventory.

Goals of the project are to inventory quilts, collect life histories about past and present Michigan quilters and locate and collect historical quilt-related materials such as quilters diaries, quilting columns in newspapers and magazines, county and state fair records and quilt exhibits and photographs of quilters and quilts.

The Clinton event on March 5, begins at 11 a.m. and ends at 7 p.m. when a state consultant to the MSU quilt project will speak on "Significance of Quilts". Everyone is welcome. During the day, quilts will be inventoried and left for show, quilting demonstrations will be going on and quilts will be photographed. Quilts must be picked up by 7 p.m.
