## Manchester IGA Lends To Community Support

Mr. Jay Lantis of the Manchester IGA presents Betty Mann and Dick Fielder a check for \$1,200 for the Athletic Complex Drive. The funds have been generated by Mr. Lantis contributing 1 percent of total sales receipts. The drive will continue with the drop box placed at the IGA. We would like to thank Mr. Lantis and the people of Manchester for their support.

## Developmental Kindergarten

Klager staff, parents and the Manchester Community Education department are working cooperatively to design a developmental kindergarten program. This pre-school class would provide an appropriate educational experience for children old enough to attend traditional kindergarten classes but who are not yet mature enough to benefit from a full kindergarten program. It is designed to serve as a half-step between three and four year old pre-school and public school kindergarten.

**Developmental Kindergarten Concept** - As parents prepare to send their children to kindergarten, more and more concerns are being expressed about the individual readiness of children.

Readiness needs to encompass all areas of the child's development. It can no longer be based solely on chronological age.

Because of this concern, a new concept in education has surfaced around the country in the past few years.

This concept is known as the "Developmental kindergarten".

This program is specifically designed for children who may need valuable extra time to grow and mature. The objective is to promote a better foundation for school entry, by placing emphasis on developing a greater balance among the physical, intellectual, social and emotional areas of development.

It is felt that by allowing for this extra time, the important balance that is accomplished will allow the child to enter the new

school situation with more confidence. The confidence in return enhances the child's self-esteem and self-concept.

By promoting this concept and seeing that this fine balance is achieved, the school experience can be positive and lead to future learning successes.

Parents who wish to learn more about the Developmental Kindergarten feel free to contact Kathy Gall at 428-7175.

Former Manchester Boy  
Given Big Boost By  
Pacific Coast Newspaper

Holly Leaves of Hollywood, Cal., recently presented a portrait of our townsboy, Hugo Kirchhofer on its first page, accompanied by a write-up from which we make the following extracts.—Ed.

Hugo Kirchhofer, whose portrait adorns the cover of this issue of Holly Leaves, has a unique place in the musical world.

He is the highly successful director of music in the Hollywood high school, but outside his regular work has attained a reputation that is fast assuming national proportions as a leader of community singing. Under his direction the Hollywood community chorus has become the most popular institution in Hollywood and the high school auditorium is packed every Tuesday evening by people who come not only to sing but to get the inspiration of Mr. Kirchhofer's leadership. The fame of the Hollywood chorus has spread to surrounding communities and visitors from Los Angeles and other cities are present at every meeting. Other places have sought to take advantage of Mr. Kirchhofer's genius as a chorus director, and he could devote each evening in the week to this work if he would. His most notable chorus outside of Hollywood is at Glendale.

Mr. Kirchhofer is more than a

entitled to the retroactive payment.

My reasoning is that these officers simply were no longer members of the bargaining unit when the agreement was signed. Therefore, they have no standing to claim any of its' benefits. Indeed, if a grievance is filed on this issue, I would contest their standing to utilize the grievance procedure afforded by our contract.

Lastly, it should be noted that neither Richard Ziegler, the Union Representative, nor Joseph Freemont with the Michigan Municipal League, are aware of any authority which would compel the contested payments.

Very truly yours,  
Gisting & Gisting  
Mark W. Gisting

### Paid High Compliment

chorus leader and director. He is primarily an instructor and gives his singers training in the technique of choral work. Because of the vigor of his methods he has been called the Billy Sunday of the musical platform. He directs with his whole physique and is wont to discard coat and any other impediments that interfere with the full and free movement of the body. His gestures while leading remind one of a college cheer leader. He seems to take his chorus in his hands and to boost the singers over the hard places. And through it all he keeps up such a monologue of pleasantries as to keep the singers in the happiest humor.

Mr. Kirchhofer demands the undivided attention of his singers and insists on directing every syllable of the work. He is full of tricks designed to catch his followers napping and delights to try them out in the niceties of expression. He has a splendid

voice in absolute control, with which he demonstrates to the delight of the audience. His leadership is unique in many ways and inspiring in high degree. It is often said that at the community sings he is "the whole show." At any rate it may be claimed that he believes in combining entertainment with instruction.

### Twins Day Festival Are Your Children Ready For School

Holly and Kathryn Horodecny, daughters of Mr. and Mrs. Walter Horodecny, of 18824 Bethel Church Road, Manchester, attended the 1985 10th Annual Twins Days Festival in Twinsburg, Ohio on Saturday, August 3 and Sunday, August 4. This event, held annually in the only city in the world named to honor Twins, hosted some 1032 sets of twins (plus triplets, quadruplets and quintuplets) from across the United States and around the world. This year's event was the largest known gathering of twins in this country.

Twinsburg (located between Cleveland and Akron on S.R. 91) was named in honor of Moses and Aaron Wilcox, early settlers (and, of course, identical twins) from Kellingworth, Conn. The town's name was changed from Millsville to Twinsburg in 1817, at the request of the twins. In exchange for this honor, they donated 6 acres of land that became the town square and \$20 toward starting the first school.

The Wilcox twins were so identical, only their oldest friends could tell them apart. They married sisters; held all their property in common; they were stricken with the same ailment; died on the same day and are buried in the same grave in the Twinsburg Locust Grove Cemetery.

Are your children ready for school? If they are not immunized, they're not ready. Children going to school for the first time must receive their shots before they can attend school. During August and early September, the Washtenaw County Health Department will be offering to babies, children and students entering college free immunizations at clinics throughout the county.

According to Washtenaw County Health Officials, we need to continue efforts to see that all children entering school - preschoolers, kindergartners or transfer students - are protected against the big seven: measles, mumps, rubella, tetanus, diphtheria, whooping cough and polio.

This means college students, too. Many 18 and 19 year olds were missed during the big immunization push in 1979-1980. Students will need to check their immunization status before classes begin, especially for measles and rubella. At the U of M there is a new immunization policy: without proof of immunization, a student will not be allowed to register. Eastern Michigan University will do close surveillance to encourage students to update their immunizations.

### Fun Run To Meet You At The Fair

A fun run beginning at the University of Michigan's Family Practice Center at Chelsea and ending at the Chelsea Fair Grounds will be held on Saturday, August 31 at 9 a.m. The run is being sponsored to encourage people to participate in running as a healthy and fun activity. Runners will have a choice of entering a one, three, or five mile course.

All finishers will receive a tee-shirt and be eligible for drawings for prizes. Refreshments will be provided at the finish line. Participants should finish the race and festivities thereafter in plenty of time to enjoy the Fair prior to the beginning of the parade.

Applications for the race may be obtained by calling the Department of Family Practice at 763-7120. The fee for entry is \$8.

Late registration will be taken on the morning of the race from 7:30 to 8:30 a.m. The race is sponsored by the Chelsea Recreation Council and Family Practice Center. For more information call Peggy Campbell at 763-7120.

### State Legislator Of The Year - Margaret O'Connor

Citing her "leadership in opposing wasteful budget and spending items," The Conservative Caucus (TCC) in Michigan has selected Representative Margaret O'Connor (R-Ann Arbor) as State Legislator of the Year.

The second-term lawmaker will be honored at the group's legislative awards banquet in Lansing on October 5. The organization has also chosen Congressman Mark Siljander (R-Three Rivers) for its federal legislator honors.

"I am proud and grateful that The Conservative Caucus has chosen me as the State Legislator of the Year. In the years ahead, I will strive to effectively represent the views of my district. They are tired of government spending going out of control and so am I," O'Connor said.

Throughout her legislative service, the 52nd District representative has consistently voted against "pork barrel" projects and any expansion in state government spending. "There are two questions we need to ask before approving any spending bill, no matter how attractive the program may be: Is it appropriate for government to be involved in such a program and can we afford it? Usually I answer 'no' to both questions," O'Connor said.

Before her election to the Michigan House in 1982, O'Connor served on the Washtenaw County Board of Commissioners, the Washtenaw Planning Commission, and the Lodi Township Board. A mother of ten children, O'Connor was employed for 20 years as a registered nurse.

## Hit or Miss

Why should I buy an American car when an automobile manufacturer imports from overseas any components he can get there more cheaply? (You have an excellent point there my friend. I wonder how many of us folks know this is being done?)

I say an ice cream shop this summer where a banana split was priced at \$3.39. Why don't the customers walk out on a place like this in order to bring down such overpricing? (Probably because we are so used to having been gouged in so many ways that one overpriced banana just doesn't register with us anymore.)

Why do female news reporters who otherwise look very feminine seem to have masculine jaws? (Maybe it's because things of various kinds seem to develop with use.)

Why do many furniture stores, which surely should know better, advertise a chaise longue as a

to do so is a sign of weakness, so let'em brag. Who cares.)

Why can't the 'hawks' of each country see that it is the hawks and hardiners in other countries that represent a threat to them? (Because it is the blowhards and the braggarts who so often are mistaken for statesmen or people who are brilliant. Don't you remember the quote about an expert being an office boy a hundred miles from the home office?)

Why does the phone company have so many information operators who diction would not dignify the sponsors of a dog fight? (Probably because if they did, those seeking information wouldn't understand the language that these operators were using.)

Why are men's sport shirts which have animals embroidered on the pocket - alligators, sheep, foxes - more expensive than those without them when all they do is 'uglify' the shirt? (Because we all like to be 'standouts' in everything we do or have, and if these doo-dads make anybody happier, why not have them, if they want to pay for them.)

When will government bureaus and agencies stop spending their funds at the end of a fiscal year rather than returning the surplus and setting a good example? (The present theory is that if it's left over and you return it, you'll just get that much less next year - an unthinkable proposition.)

Well-mannered diners of Morocco traditionally use only three fingers of the right hand to dip into the communal pot.

Tapping moved to approve a Residency Requirement for Manchester Village Employees, that they can live anywhere in the Manchester School District, supported by Zaborowski. Roll Call Vote: Ayes - Tapping, Zaborowski. Nays: Niehaus, Becktel, Kallewaard. Motion defeated.

Zsenyuk stated that Don Smith wanted reimbursement of \$67.99 for his saw which the Village had used. Smith said it had been stolen. Zsenyuk said it happened over a year ago and Smith never reported it until recently. Council refused to pay for the saw, because of the length of time before reporting it stolen, no missing report was filed and employee's should be encouraged not to use their own equipment.

Zsenyuk said the D.P.W. would like Council to consider their wage and benefit request. Council requested some more information on the wages and benefits.

Council will act on the D.P.W. request at the August 19th meeting.

Definition of Sewer Main Service will be discussed again next meeting.

President Hinkely thanked Bill

Zsenyuk for his twelve years of service to the Village of Manchester.

Tapping moved to adjourn, supported by Niehaus. Meeting adjourned at 10:20 p.m.

Helen J. Kenler Village Clerk
