

Letters To The Editor

I would like to address a problem which is facing the taxpayers of the Village of Manchester, and which, in the near future, will result in an historic tax increase which will approximately double your property taxes under present Village proposals. This was discussed at the Council meeting on Monday, August 5, 1985, and concerns the overloaded condition of Manchester's sewage system.

As a consequence of this action, the Village officials had its engineers prepare a Municipal Compliance Plan, dated August 1, 1984. This plan has three phases. I am only relaying Phase I to you at this time. According to the plan, it has an estimated construction cost of \$2,300,000. The published minutes of the Village Council meeting of Monday, August 5, 1985, which discussed Phase I, does not state the total cost.

The total cost of Phase I of the project would be spread over the Village residents in two parts. One part would be adding \$50.00 sewer charge quarterly to your present quarterly charge which would amount to \$200 per year. The other charge would be spread over your property taxes and would be 12.57 additional mills for 20 years. Your present tax is 13.88 mills. You can see from this your property taxes and charges would be nearly doubled for the 20 year period, without the cost of Phase II and III which must be completed by July 1, 1988.

I have been informed by the Chairman of the Public Works Committee for the 1980 update of the sewage plant and sewer system that the DNR ordered all down spouts to be removed from the sanitary sewage system at that time. This had been neglected to the point of being totally disregarded, allowing a large accumulation of water to go through the sewage treatment plant. The DNR, with the consent of the Village of Manchester, under an order dated October 15, 1984, has not allowed any further hookups to the system or allowed an increase in the flow of water through the treatment plant. This was agreed to voluntarily by

your Village officials in order to sidestep the problems created by them.

In addition, the overflow from CHI-BRO Lake has been connected to the sanitary sewer system. No permit has been produced by the Village from the DNR authorizing this hookup which has permitted and brought about an excess water supply flowing through the waste treatment plant, all of which has contributed to over-load the facility. The engineer's report to the Village dated June 13, 1984, shows that the average flow daily from CHI-BRO Lake to be 78,000 gallons. This is 3250 gallons per hour; 28,700,000 gallons in one year. There is no need for treatment of this water or the down spout water by the waste treatment plant which has been added to the system by your officials. The water treatment plant also discharges about 100,000 gallons per week into the system.

This great amount of expense to Village residents and property owners is brought about by the neglect of our Village officials to have had the down spouts and storm waters removed from the sanitary sewer system, as well as the neglect of hooking CHI-BRO Lake to the system.

What I have mentioned previously covers only Phase I of the required project. You can see the estimated cost of Phase II and Phase III will be several million dollars by the time of installation. All of this is subject to future changes in interest cost and inflation. All three phases in the report I have mentioned should be completed by July 1, 1988.

The Council is planning a vote on Phase I of this project at the next Village election of March 10, 1986. Even if you are given an opportunity to vote on approval, or disapproval of the project, the DNR has authority to take unilateral action for installation, and you will still be paying for it at a higher cost.

All of this great expense is brought on by about 30 years of neglect and disregard of your public officials which is all at your expense. The June 13, 1984,

report further points out the CHI-BRO overflow could have been corrected this last year at a "construction cost of \$87,500", but the Council was not interested in correcting its errors and mistakes of this hookup to the sanitary sewer system. In addition, that same report stated removal of this lake overflow, which is non-revenue producing "will allow up to 60,000 gallons per day of new revenue producing connections to the Village sewer system." Further stated in the report, "This revenue would provide a payback period of approximately six years" for the removal of the over-flow. In addition, the report stated the "removal of the lake in-flow will permit new housing, business and other growth within the Village of Manchester. This growth should increase the overall economic vitality of the Village."

I have taken the liberty of furnishing this information to the public so you would be fully informed as to what has taken place, as well as what will take place with reference to your taxes and cost of living in the Village of Manchester. Further reports will be given at a later time provided there is interest showing of your desire to be informed.

Should millions be spent to update and improve waste treatment plant for handling water which Village officials have promiscuously permitted to enter the system? Should the water be removed from the sewer as a priority? This latter would correct the neglect of your officials for the last 25 years.

Respectfully submitted,
James C. Hendley

TOTAL EQUALIZED VALUATION OF 4 TOWNSHIPS IN MANCHESTER SCHOOL DISTRICT

	Manchester	Sharon
1985	48,023,980.	24,139,013.
1984	46,370,780.	23,662,994.
1983	47,523,980.	23,649,702.
1982	48,114,450.	23,842,185.
1981	45,006,460.	21,431,980.
	Freedom	Bridgewater
1985	30,730,650.	25,087,900.
1984	30,495,450.	24,792,275.
1983	30,293,350.	24,121,400.
1982	30,745,692.	24,888,780.
1981	28,964,400.	22,054,900.

School says it lost money because of a 1.5 million drop in valuation. We assume they used 1982, 83 & 84 for these figures.

Yearly total for all 4 townships:

1985	127,981,543.
1984	125,321,499.
1983	125,588,432.
1982	127,591,107.
1981	117,457,740.

Fair Congratulates Winners

Rita Talcott was crowned as 1985 Fair Queen on August 20, and performed throughout the Fair in that capacity. Sherri Verhines was 1st Runner-up, Jennifer Barnard was 2nd Runner-up, and Jodi Brokaw and Leslie Duncan tied for Miss Congeniality.

The same evening saw the Class of '89 and the Class of '88 place first and second respectively in the Float division and ten youngsters won prizes donated by Manchester Tool and Die for best decorated bikes. (See related article.)

Judging was also completed Tuesday for the Homemaker Award. The winners are Elaine Feldkamp, Grand Champion Homemaker; Betty Schwab, Reserve Champion Homemaker; Mandy Smith, Junior Champion Homemaker; and Patty Fuller, Reserve Junior Homemaker.

The big winner in the Lamb judging was Rick Shear, with both the Grand Champion and 1st place Senior Showmanship. His lamb sold for \$6.25 to the Manchester IGA. The Reserve Grand Champion Lamb was raised by Jodi Macomber, and sold for \$4.50 per pound to Koebbe Welding. 2nd place Senior Showmanship was taken by Steve Samonek, who sold his lamb to the Dairy Queen for \$2.75 a pound. 1st place Junior Showmanship went to Brad Macomber, whose lamb was purchased by

Double A for \$2.50 a pound. 2nd place Junior Showmanship went to Steve Alber; his lamb was bought by F&J Tractor for \$2.50 per pound.

Brian Kunzelman's Grand Champion steer was purchased by the IGA for \$3.75 per pound. It weighed in at 1,305 pounds. Sara Samonek raised the Reserve Champion steer and sold it to Hoover Universal for \$1.50 per pound. It weighed 1,210 pounds. 1st place Senior Showmanship went to Jeff Horning, who sold his animal to First of America for \$1.05 per pound; 2nd place Senior Showmanship award went to Tricia Horning, who sold her steer to Comerica Bank for \$1.10 per pound; and 2nd place Junior Showmanship was taken by Mark Lavender. He sold his steer to the Back Door Party Store for \$1.00 per pound.

Other winners in the furred and feathered divisions are as follows: Champion Large Fowl - John Cousino; Bantam - Robert Douglas; Duck - Fred Flassig; Goose - Fred Flassig; Pigeon - Meghan Ketchum; Junior Champion Fowl - Shawn Nickerson; Rabbits - Grand Champion Meat Pen - Caleb Brown; Reserve Champion Meat Pen - Peggy Hansen; Best in Show, Purebred - Cary St. Charles; Best Opposite

Purebred - Kathy Wells; Best Mixed - Caleb Brown; Best Opposite Mixed - Rebekah Brown. Saturday's Pedal Pull, a new event at the Manchester Fair, attracted 53 entrants in spite of the rain. Winners in the 3-4 year old boys division are Billy Alber, Shawn Finken, Danny Feldkamp and Jason Flint. Amy Lynn Feldkamp, Amanda Henes, Rebekah Brown and Sarah Gere placed first through fourth in the 3-4 year old girls' division. Results of the 5-6 year old boys' division are Kenny Roberts, first; Nicholas Woods, second; Caleb Brown, third; and Brad Gere, fourth. Elizabeth Steele placed first in the 5-6 year old girls, followed by Karla Weidmayer, Emily Roberts and Lindsay Barr. Awards in the 7-8 year old boys' division were taken by Jeremy Strook, Brandon Henes, Tony Ceronsky and Michael Mann, who placed from 1st through fourth in that order. Winners in the 7-8 year old girls' division are Nicole Weidmayer, Shannon Barr, Sharon Bihlmeyer and Kellie Stockwell.

The winner of the 50-50 drawing was Ada Farley of Chelsea, who won \$548.00. Congratulations to all who won prizes and congratulations to all who came to enjoy the Fair and made it so successful. We think you're all winners!

Thanks to Salyer Sporting Goods for the entertainment stage, and to the Athletic Boosters for running the Food Tent. We know how much work is involved. Thanks to all the volunteer workers in the exhibit tent, the office and the judging. Special thanks to Jiri Jenter for organizing the parade. And a very special thanks to Simon Steele, who dutifully printed the articles I stuck in his door on Tuesday mornings and even corrected my spelling. Last, but not at all least, thanks to you, the community, for your support of the Fair. We couldn't do it without you!

Thanks to Jay and Gary Schwab, whose expertise kept the tractor pulls running smoothly, and to Mike Rossette and wife Alice whose years of experience are invaluable in the tractor pulls and with the PA systems. Thanks to Xi Epsilon Iota and Lambda Nu, who coordinated and managed the Queen's Contest and the homecoming for past queens. What a super job!

Thanks To All Of You

At the close of another successful Manchester Fair, we all look back over the last few days and remember the people, businesses and organizations who made it all possible. We would like to take this opportunity to thank them.

First, thanks to the many neighbors who must put up with music and merrymaking during the late evening hours. We appreciate your tolerance.

Thank to the Women's League, who pulled together a most successful Ladies' Day program for Saturday morning, in spite of inclement weather.

Thanks to Jay and Gary Schwab, whose expertise kept the tractor pulls running smoothly, and to Mike Rossette and wife Alice whose years of experience are invaluable in the tractor pulls and with the PA systems.

Thanks to Xi Epsilon Iota and Lambda Nu, who coordinated and managed the Queen's Contest and the homecoming for past queens. What a super job!

Winners Of Bicycles Decoration Contest

Winners in the Fair parade bicycle decorating contest were: 1. Unicorn Wings - Jennifer Henten; 2. Dog Catcher - Natasha Bell; 3. Unicorn - Holly Seals; 4. Baseball - Michelle Mann; 5. Flower Child - Abja Eang; 6. Sailor - Carl Kornow; 7. Fisher - Erin Binder; 8. U.S. Mail - Zachery Maghes; 9. Pink - Tara Steele; 10. Come to Manchester Fair - Christopher Rogers.

Cash prizes were donated by Manchester Tool & Die.

Thanks to Salyer Sporting Goods for the entertainment stage, and to the Athletic Boosters for running the Food Tent. We know how much work is involved.

Thanks to all the volunteer workers in the exhibit tent, the office and the judging. Special thanks to Jiri Jenter for organizing the parade.

And a very special thanks to Simon Steele, who dutifully printed the articles I stuck in his door on Tuesday mornings and even corrected my spelling.

Last, but not at all least, thanks to you, the community, for your support of the Fair. We couldn't do it without you!

First Of America Declares Dividends

A common stock quarterly dividend of 35 cents per share was declared today by the board of directors of First of America Bank Corporation announced Daniel R. Smith, chairman and chief executive officer. This fourth distribution for 1985 represents a 5 cent increase over the 30 cents distributed for the past four quarters and will be payable on October 25, 1985, to shareholders of record as of September 27, 1985. Smith said that the dividend increased 17.6% because of the earning gains of 1984 and the progress to date in 1985.

Also declared was a \$2475 per share dividend for First of America's 9% Convertible Preference Stock. This final quarterly distribution in 1985 will be made on October 15, 1985, to shareholders of record as of September 27, 1985.

Engagement Announced

Clarence and Margaret Fielder would like to announce the engagement of their daughter, Bernadette Sue to Craig Geno Coltre.

Bernadette is a Manchester High School graduate and is presently employed at the Comerica Bank. Her fiancé is the son of Geno and Mary Ann Coltre of Chelsea. Craig is a graduate of Chelsea High School and of Central Michigan University. He is employed at Double A Products.

A June 20, 1986, wedding is planned.

Change Of Date For Village Council Meeting

Due to the holiday, the regular meeting of the Manchester Village Council will be held on Tuesday, September 3, 1985, at 7:00 p.m. in the Village Council Chambers, 120 South Clinton Street.

Senior Citizens News

Thursday, August 29, at 8:00 p.m. the public card party will be held at Freedom Township Hall. Come one, come All!

During the first week of September, there is no activity planned as a group. Enjoy Labor Day week with gardening, canning or other festive things to do.

Looking ahead: Tuesday, September 10, 9:00 a.m. Council meeting. Also on this date, the Tuesday and Thursday noon

Community Education Coordinator Receives Grant

The Eastern Michigan University Center for Community Education has informed the Manchester School District that its Community Education Coordinator, Anne Eckert, has received an Incentive Grant for the 1985-86 school year.

It is believed that Ms. Eckert, the school district and the Center for Community Education will benefit from this program. At the present time, Ms. Eckert is pursuing her Master's Degree in Educational Leadership at the University.

Dr. William Kromer, Director of the Center for Community Education congratulated the district for having a nominee who is willing to benefit the district by participating as an Incentive Grant Intern. This skills gained will be utilized to improve school community relationships, and a fuller implementation of Community Education's potential in the Manchester School Community.

meals will resume at Emanuel dining room.

Wednesday, September 11, 9:00 a.m. leave for Toledo Zoo - reserve a spot with Helen Braun.

Thursday, September 12, 10:00 a.m. Newsletter meeting at Emanuel will be held.

Monday, September 16, 9:00 a.m. reservations made with Helen Braun for a shopping trip to Adrian.

The Senior Center OPEN HOUSE on North Macomb Street is planned for Sunday, September 22, from 9-5 for all area citizens. Seniors will all be 'home' at the new Center that afternoon to welcome you.

Don't forget to ask for bonus points when paying your bill at Bill Knapp's. Pass them along to any Senior Citizen member.

We welcome Claire back from her vacation trip. It makes her temporary reporter more appreciative of her time and many talents.

Manchester Area Senior Citizens Council, Inc. is in compliance with Title VI of the Civil Rights Act and with Section 504 of the Social Rehabilitation Act of 1973. The Program Developer is funded through AAA 1-B funding.

Gifted & Talented Ed	7,500
Physical Education	41,800
(K-6, Some High School)	
Total Budget Reduction	382,800

The above program reductions were adopted unanimously by the Board during meetings on July 15 and July 22.

Neglected

be human to think for a moment that our dead ones are not dear to memory. No, it is not that, it is that our days are so filled with work and the diversions of life, that we are loth to enter the silent city. It is distasteful to us to be reminded of our own mortality, to feel that we too shall pass away in a day that we know not.

So, in our hurry and worry, in our eagerness for position and honor, we do not step aside to straighten the leaning and prostrate slab; to rid the place of

weeds; to cut the unkempt grass. It would seem that there is no "Memorial Day" in the hearts of many, as the mute mounds testify. No departed one would desire that their loved ones should mourn for them unceasingly.

Ah, no! But it would be so comforting to feel that those we had lived for and struggled for would sometimes step aside from busy lives and come and sit down by our feet as they used to do when they were children, smoothing our narrow beds and plucking all noxious things. We do not wish to be wept over. We only humbly ask you to care for us, in remembrance of the days when we cared for you. If we but consider, this is not merely a case of kinship, it is a case of humanity and people in general should devise some means to change these neglected spots, so they may be truly called "God's acre." It is the prayer of the writer that our representative should lay this matter before the legislators, that a law be enacted throughout the state, that every township should raise by taxation, sufficient money to keep its burial grounds in proper conditions. We should bear in mind, while it is wise to have a care for the living, it is also just to have a care for the dead.

Chelsea Fair Set August 26 - 31

The Chelsea Community Fair will be held next week, August 26-31. Exhibits and events will take place from 10 a.m. to 10 p.m. daily; and a \$3 daily admission enables purchaser to attend them all.

Children 12 and under are free each day; and persons 65 and older are free on Thursday only. Friday is Ladies' Day, when women may enter for \$1. Season passes also are available.

Highlights of the Fair include rides and concessions each afternoon and evening; a children's parade, tricycle pull, and Kids' Day events Tuesday; the Cavalcade of Thrills Demolition Derby (which includes a Powder Puff heat) Tuesday and Wednesday at 7:30 p.m.; B Bar J Rodeo Thursday at 8 p.m.; Tractor pulling events on Thursday, Friday and Saturday; a Fun Run Saturday at 9 a.m.; and the Chelsea Fair Parade Saturday at 1 p.m.

Athletic Boosters September Meeting

The September meeting of the Manchester Athletic Boosters will be held on Wednesday, September 4, 1985, at 8 p.m. at the High School. This will be an important meeting to start off the new school year. Anyone interested in our young people are urged to attend!

Klager School Autistic Student Program

Manchester Community Schools will be initiating a new special education program for Autistic children. The classroom will be located in Klager Elementary School.

Autism is a complex condition characterized by disorders in communication and socialization abilities. Each child with autism is an individual and can differ in several ways from other autistic children. The condition may be present in any degree from mild to very severe. Each child has a distinct personality which comes through despite the handicaps. Autism is a condition which may change as a child grows older and sometimes disappears altogether.

Parents and educators can do a great deal to help autistic children. Such students need a small group setting. School can provide a structured environment, language experiences and social mixing to help prepare children to take their place as adults.

Local school districts are required by federal and state law to provide appropriate educational programs for all special-needs students. An autistic program is legally required for children diagnosed as being autistic.

In Washtenaw County the Intermediate School District is responsible for coordinating and over-seeing Special Education programs. While most children receive services in their home district, in some cases centrally located special programs are established with students from other districts being transported to that classroom. Our Autistic Program will serve Manchester students and also be available for autistic children in nearby districts.

Federal and state funds, channeled through the WISD, are available to help reimburse the expenses of special education programs. However, where this reimbursement does not cover the total cost of a program the local district must pay the remainder. When students from more than one district attend, the partici-

pating districts share the costs. By law an Autistic class may have no more than five students. At present two Manchester students are enrolled in the classroom. It is anticipated that up to three more students will attend the program from other school districts.

Klager school is pleased to be able to provide a good program for our students right here in Manchester (without having to bus our children to another district). Mr. Richard Darge will be the teacher and coordinator of the Autistic Program.

Area Youth Attends Hockey Camp

Michigan Technological University is currently conducting its 1985 Hockey Development Center for youth hockey players, ages nine through 17. In its 14th year, the program includes individual instruction from a staff made up of the Midwest's finest coaches.

Attending the camp this summer from the Manchester area is Brad Wilson.

Participants improve their skating and stickhandling skills through rigorous drills and scrimmages, and take part in other recreational activities during the week-long camp.

Extension 4-H Youth Agent Named For Washtenaw County

Terry L. Boone, of Flint, was named Extension 4-H youth agent for Washtenaw County, effective September 6.

As 4-H youth agent, Boone will be responsible for planning, organizing, implementing and evaluating youth development programs relevant to the needs of Washtenaw County young people. She will also be identifying, recruiting, training and assisting local 4-H volunteer leaders in an effort to strengthen and broaden the Washtenaw County 4-H Youth Program.

Klager School Getting Ready For Fall

School may not have started yet, but some teachers just can't wait! Among those who returned to school early are Mrs. Carol Savage, busy measuring bulletin boards, and Mrs. Mary Smith, planning her schedule and typing up lists. Hanging plants, organizing, painting shelves, arranging bulletin boards and planning special lessons - all this enthusiasm can't help but augur a good year ahead.

EMANUEL UNITED CHURCH OF CHRIST

Sunday, September 1, 9:30 a.m. Communion Worship.
 Wednesday, September 4, 12:30 p.m. Women's Guild Potluck & Meeting.

The Kick-Off Dinner, sponsored this year by Manchester Stamping, will be Wednesday, September 18th, at the K of C Hall. All seven division chairpersons, their captains, and solicitors/volunteers are cordially invited by the Manchester United Way Board of Directors and their President, Diana Macfarlane, to attend and officially launch this year's United Way Campaign.

United Way

Q. Why do you think the turn out was light last time?

GT: Well we had a lot of feedback that things were going well - that the community generally approved of the way things were going. I think that a lot of apathy was present.

After the election we all had

Superintendent Interviewed Regarding Millage

Gene Thompson, Superintendent of the Manchester Community Schools was recently asked for his thoughts about the election scheduled for Monday, September 9, in the school district.

Q. What's your feeling about the election? How do you think it will go?

GT: I have just about given up trying to predict election results. I don't think I've been correct more than once or twice in the last ten years and one of those was the last presidential election.

Seriously, I really can't say. I feel optimistic because I know that this Board and Administration have done a good job. At the same time if the turn out is light, as it was in June, the results could be disastrous.

Q. Why do you think the turn out was light last time?

GT: Well we had a lot of feedback that things were going well - that the community generally approved of the way things were going. I think that a lot of apathy was present.

After the election we all had

people saying to us, "Gee, if we had known we would have been sure to vote." It really is important that everyone vote, otherwise the Board has no real direction from the community.

Q. What about the charge that the Board is threatening or blackmailing the voters?

GT: That's real frustrating for the Board and me. When the Board simply put a proposal on the ballot in June it was charged with not being specific. When it clearly outlined the proposed program it gets charged with being threatening. I don't know the answer but its frustrating.

I do know that this Board is made up of seven honest and hard-working individuals who agonized over the decision of where to make program cuts. It wasn't easy. We worked many long nights. There was haggling and disagreement as everyone tried to reach conclusions that would do the least damage to the educational program. Once it was made, the decision was unanimous. I just don't think its fair to now claim that these guys are trying to blackmail.

Why eliminate bussing?

Doesn't that create a hardship?

GT: Would laying off eight (8) teachers and creating class sizes of 33-35 be less of a hardship for kids? That was the choice. The Board tried to cut in areas that had the least effect on education.

Q. What about Athletics?

GT: About \$18,000 was cut from the athletic program. We took the position that athletics are part of education. Even if all athletics had been cut it wouldn't have mattered to the bussing. The savings from bussing totaled \$182,000. Altogether Athletics costs only a third of that.

Q. Have the roofs been repaired?

GT: The high school has been completely re-roofed. The project was completed a year ago, we have not had a leak since. Nellie Ackerson was scheduled for this summer but because of our cash problems we had to put it off until next year. It will be done, with the same system we used at the high school.

Q. Is the money there for maintenance?

GT: We have three years to go on the special maintenance millage. It produces about \$140,000 a year. I think the results of that work are evident. The schools have never looked better. We are making progress.

Q. What about new programs?

GT: The Board has directed two

new programs for this year. One is a special education program at Klager. The other is an agri-business program for 9th and 10th graders. I'm worried about this last one though simply because we haven't been able to find a part-time teacher. Originally Saline was going to share the program but that deal fell through.

Q. What will the millage cost?

GT: For the taxpayer with property having a market value of \$60,000 the cost will be a little less than \$3.00 per week. I recognize that those numbers change a lot for those persons who own larger pieces of land, especially farmers.

Q. Why should people vote yes?

GT: To continue to provide a good education for their kids. The Manchester Community Schools offer an outstanding small district program. I think people should vote yes for the kids.

Q. How do people get answers to questions?

GT: That's easy - call a Board member or me. In talking with the Board, they report very few if any calls or questions so far. I haven't had one phone call.

Q. Any last thoughts?

GT: Only that I hope people will vote and ask questions for answers instead of relying on the rumor mill. If we don't have the answers we will get them.

The teleprinter was invented by David Edward Hughes in the 1800's.

Hit or Miss

by Farley
 as far from the humdrum life that so many find makes us unhappy or sordid.
 So I suppose that I should apologize for our sins and promise to fight a persons right to watch all the soap operas that he or she wants to if that's where they find their basic enjoyment.
 It has been said that Television has changed our entire way of life in many ways and perhaps the Soap Operas have not been the least of those influenced. They have certainly set the pattern for a great many changes.

Paul Kolasinski of Toledo and his wife, were plying the 15th hole at the Whiteford Valley course near Blissfield, last Friday. Both managed drives pretty well down the middle of the broad fairway, and as Mr. Kolasinski walked toward his ball, he saw a little red fox run out of the adjoining woods, pick it up, and run back into the woods with it.
 While he was pondering the situation, Mrs. Kolasinski took her second shot. Almost before her ball stopped rolling, the little red fox appeared again, chased it down and made off to the woods with it.
 Mr. Kolasinski meanwhile headed toward the woods in hopes of finding where the fox was caching the golf balls. Then he went over to where the fox disappeared with his wife's ball, and there at the edge of the fairway was her ball.
 Best theory to date is that as soon as the fox finds out it can't bite them open like eggs, it gets rid of them.

A dictionary can be a rather fascinating place when one looks for the changing meanings of words, the new words accepted as correct English and the new words accepted as a part of our speech. For example computers have brought into use a whole batch of new words concerning them.
 I didn't realize the Soap Operas were to be taken seriously any more than the host of Gothic novels which are on our library shelves but that they be accepted

women and some of them are not running for President. I guess that this is as accurate a description of that governing body as any that I have heard of.

The only thing different after the children leave home is that you have to send them the money.

Wealth is when you don't have to arrange your vacation trip so that you're home on payday.

Q. What's the most widely printed sentence in the English language? And who originated it?

A. "Close cover before striking." That's usually given the distinction. But contrary to widespread belief, the originator was not the Philadelphia lawyer Joshua Pusley, the man who invented book matches. One Henry C. Traute in 1896 moved the strike bar from the inside to the outside of the matchbook, and those who care say it was he who first came up with the admonition.

THE FRENCH TOMATO AFFAIR

Big, juicy, red tomatoes are ripe for the picking—either from your own backyard or at your nearby supermarket. Americans have been having a love affair with tomatoes for generations. And the French, who first called it the *pomme d'amour*—love apple—have created hundreds of recipes to pay homage to this forever-fashionable fruit.

The simplest preparation is oftentimes the best, like the classic French *Salade de Tomates*. It consists of sliced fresh tomatoes sauced with a vinaigrette—made from French olive oil, red wine vinegar and minced garlic—and sprinkled with minced onion and *Herbes de Provence*.

Another quick but more substantial presentation is the French Baked Tomato—a fine treat for a light lunch or first course. Choose among your favorite French cheeses for the stuffing. Try *Saint-Paulin* for a mild, buttery taste; a *chevre* (French goat's milk cheese) for a little tang; or a firmer cheese like a French *gruyere*—for a rich, nutlike flavor.

FRENCH BAKED TOMATOES (Makes 6 servings)

- 6 firm tomatoes
- 1-1/2 cups French biscotte crumbs
- 1/2 cup melted butter
- 1 cup crumbled or diced French cheese (gruyere, chevre or Saint-Paulin)
- 1/2 cup minced celery, with leaves
- 2 garlic cloves, minced
- 1 tsp. each crushed basil and marjoram
- 1 T. chopped French shallots

Slice tops from tomatoes. Scoop out pulp and remove seeds. Invert onto paper towels and drain. Chop tomato pulp into small bow and combine with remaining ingredients, stirring until well blended. Place tomatoes cut side up in baking pan. Stuff tomatoes with cheese mixture. Bake in preheated 350°F oven until tomatoes are tender, about 20 minutes.

NOTICE

All vehicles must be removed from village Streets (that have curb and gutter) between the hours of 2 p.m. to 6 p.m. for the purpose of sweeping streets and snow removal.

Routine or specialty dental care at a reasonable cost

What To Do If Your Child Is Missing

When a child is discovered missing, immediate, rational action is imperative. It is likely the abductor will move and act quickly in the first few hours after taking a child. Minutes may mean miles; saved seconds could save your child's life.

The following is adapted from an action plan recommended in the Favor furniture polish "Operation: Missing Fingerprints" Children's Safety Kit compiled by Johnson Wax in cooperation with Child Find, Inc., a national, non-profit search organization.

1. Call where the child should be.
2. Think where the child might be. Check all logical places such as play areas and neighborhood stores and schools. Call relatives and friends the child may try to visit.
3. Call police and request that a report be filed immediately.
4. Provide complete information, including detailed physical description of the child and last-known whereabouts.
5. Insist that this information be entered into the National Crime Information Center (NCIC) computer.
6. Verify its entry by asking to see a teletype printout.
7. Tell police all of the facts surrounding your child's disappearance, including family conflicts and upsetting incidents.
8. Inform them of neighborhood transportation stations the child may use.
9. Ask police to patrol the area in which your child was last seen exactly 24 hours and one week after the disappearance to interview regular passers-by who may have been witnesses.
10. Contact a local search and rescue team to enlist their expertise. Organize willing and capable community members to help search through locked or normally inaccessible areas such as basements, roofs and garages.
11. Register and receive additional help from either of two non-profit, national organizations that use toll-free telephone numbers: *CHILD FIND, INC., 1-800-I-AM-LOST*; or *NATIONAL CENTER ON MISSING AND EXPLOITED CHILDREN, 1-800-843-5678*.
12. Look for clues at home, such as notes, missing food and clothing and unfamiliar numbers on telephone bills.
13. Talk to the child's friends, teachers, counselors and others who may know of places or people your child may visit, or plans your child may have.
14. Ask people in the area such as mail carriers, store keepers, neighbors and building employees if they have seen your child.
15. Inform local hospitals, drug treatment centers, shelters and churches that your child is missing.
16. Make the public aware of your child's disappearance.
17. Provide local newspapers, television and radio stations with the facts and a photograph.
18. Have flyers printed with your child's picture, description and telephone number. Post them throughout the community in store windows, shopping malls, hospitals, churches, etc.
19. Advertise in out-of-town newspapers if you suspect your exposure may have abducted the child.
20. Keep phones that your child may try to call attended around the clock.
21. Investigate private investigators carefully before hiring them. Get references and check with the state licensing bureau, Better Business Bureau and Consumer Protection Office. Be sure the investigator has a proven record of success in similar cases.

Guilt Free Chocolate

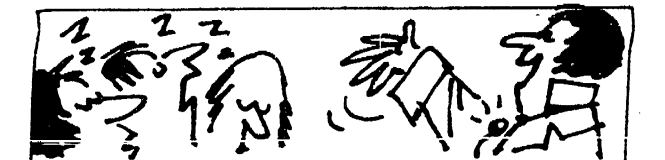

Rich in vitamins, minerals and protein, the newest Ovaltine chocolate drink out this summer is a boon to modern-day, health-conscious chocolate lovers. In a glass of 2% milk, it provides a minimum of 20% of protein and all nineteen vitamins and minerals specified by the U.S. RDA.

In response to the popular chocolate and health craze, Ovaltine is updating its image with an improved, more chocolaty flavor, a new strawberry flavor, new sugar free and caffeine free selections, a new canister style package and new nutrient balance. It is also providing recipes for nutritious Energy Snacks.

ENERGY SNACKS

- 1 cup Ovaltine rich chocolate
- 1 cup sugar
- 1/2 cup milk
- 1/2 cup butter
- 2-1/2 cups granola cereal
- 1/2 cup raisins
- 1/2 cup chopped nuts
- 1 tsp. vanilla

In medium saucepan, combine Ovaltine, sugar, milk and butter. Bring mixture to a boil, stirring constantly. Continue cooking over medium-low heat until a small amount of mixture forms a soft ball (234 degrees F.) when dropped in cold water. Stir frequently. Remove from heat; stir in vanilla. Add granola, raisins and nuts; mix well. Drop mixture by heaping teaspoonfuls onto waxed paper. Let stand until firm. Store snacks in tightly covered container. 4 dozen.

Wearing an emerald once was thought to make one an eloquent speaker.

FREE AND REDUCED PRICE MEALS FOR STUDENTS

Polly Brokaw, Food Director of Manchester Community Schools, today announced its policy for free and reduced price meals for children unable to pay the full price of meals served under the National School Lunch, School Breakfast or Commodity School Programs. The following household size and income criteria will be used for determining eligibility:

TOTAL FAMILY SIZE	A. SCALE FOR FREE MEALS			B. SCALE FOR REDUCED PRICE MEALS		
	YEAR	MONTH	WEEK	YEAR	MONTH	WEEK
1	6,825	569	132	9,713	810	187
2	9,165	764	177	13,043	1,087	251
3	11,505	959	222	16,373	1,365	315
4	13,845	1,154	267	19,703	1,642	379
5	16,185	1,349	312	23,033	1,920	443
6	18,525	1,544	357	26,363	2,197	507
7	20,865	1,739	402	29,693	2,475	572
8	23,205	1,934	447	33,023	2,752	636
Each additional family member	+ 2,340	+ 195	+ 45	+ 3,330	+ 278	+ 65

Children from households whose income is at or below the levels shown are eligible for free or reduced-price meals.

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced-price meals, households should fill out the form and return it to the school. Additional copies of the application form are available at the principal's office in each school. Households should answer all questions on the form. An application which does not contain all of the following information cannot be processed by the school: (1) the total household income and the amount and source of income received by each household member (such as wages, child support, etc.) or the household's food stamp case number if the household is on food stamps; (2) names of all household members; (3) social security numbers of all household members 21 years of age or older, or the word "none" for any adult household member who does not have a social security number; and (4) the signature of an adult household member.

The information provided by the household is confidential and will be used only for the purpose of determining eligibility and verifying data. Applications may be verified by the school or other officials at any time during the school year.

If children are approved for free or reduced price meal benefits, the household must report to the school increases in household income over \$50 per month (\$600 per year) and decreases in household size.

Households may apply for benefits at any time during the school year. If a household is not currently eligible but has a decrease in household income, an increase in household size or if a household member becomes unemployed, the household should fill out an application at that time.

In certain cases foster children are eligible for these benefits regardless of the household's income. If a household has foster children living with them and they wish to apply for free or reduced-price meals for them, the household should contact the school for more information.

Under the provisions of the policy, the Food Service Director will review applications and determine eligibility.

Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. The household also has the right to a fair hearing. This can be done by calling or writing the following official: Polly Brokaw, 710 East Main, Manchester, MI 48158, 428-7300. Each school and the Superintendent's Office have a copy of the complete policy, which may be reviewed by any interested party.

In the operation of the child feeding programs no child will be discriminated against on the basis of race, color, national origin, age, sex, or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

Agriculture In Action

The Eternal Optimists

Bad weather, Washington bureaucrats, low farm prices and high production costs, declining exports, long workdays, neighbors going out of business. With all these problems, it must be tough for farmers to put on a "smiling face" for their non-farm public. But Oakland County dairy farmer L.C. Scramlin thinks it's important that they do.

Scramlin, who serves as president of the Oakland County Farm Bureau, is coordinating an exhibit at the Michigan State Fair in Detroit, August 28 through September 2. Under his direction, farmers will be there every day of the fair communicating with urban people, some of whom have never met a farmer before.

"Farmers, in spite of all their problems, are eternal optimists, and that can't help but show through even when we're talking about our problems," Scramlin said. "We can't focus too much on the negative, though. The guy who works in a factory in Detroit has got problems, too, and he didn't come to the fair to get loaded down with our problems. We have to accentuate the positive and there are lots of positive things to communicate about our industry."

"Our farmers are doing a good job despite odds that a Las Vegas gambler wouldn't take. Less than 2% of the U.S. work force is found on farms; the rest are free to build cars and houses, manufacture Cabbage Patch dolls and computers, play baseball and research health problems and all the other things Americans do to make life here in the U.S. so

special."

"Not only do we produce an abundance of food, but we do it at less cost to the consumer than anywhere in the world. Last year, food prices increased less than inflation. We're blessed with abundant and productive farmland, research and education facilities, transportation and distribution networks."

"We can be proud of the job we're doing. We can't allow ourselves to get so bogged down with the problems facing our industry that we forget the bright spots. They may be hard to find sometimes but they do exist and I think it's important for farmers to talk to their city friends about what's right with agriculture," he said.

The people who meet Scramlin at the State Fair will be glad they did.

Fifth Annual Pumper Power Races

The Fifth Annual Saline Community Hospital Pumper Power Races will be held Sunday, October 6, 1985, with a new course laid out for this year's events.

The Races are comprised of a 10K and 5K run, a 5K "Walk for Health" and a one-mile Fun Run.

Headquarters for this year's event will be the Hospital Wellness Center, located on the corner of Ann Arbor-Saline Road and East McKay Street. The awards banquet will be held in the Wellness Center. Shower facilities will also be available there after the run.

The event will be video taped and played back and the finish line is computerized. The course

will feature monitors and first aid stations along the route.

Race Day registration will be conducted from 10:30 a.m. to 12:30 p.m. Pre-registration may be mailed in advance to James F. Harns, Race Director, Saline Community Hospital, 400 West Russell St., Saline, MI 48176. Entry fees for those pre-registering (for which the dead-

line is September 28) will be: race fee, \$3; 1-Mile Run, \$1; shirts (optional), long-sleeve T-shirt with Pumper Power Heart insignia, \$6; child's T-shirt, \$5. Fees for those registering the day of the race will be: race fee, \$4; 1-Mile Run, \$1; shirts (Optional and if still available), \$7; and child's T-shirt, \$6. The course for this year's run

begins at the Wellness Center. The gymnasium of the school will serve as the race-day registration center. The fast, flat course features one short hill, according to Mr. Harns. The purpose of the Races is to promote family physical fitness. Proceeds will help support the Pumper Power Program for cardiac health.

Special School Election

NOTICE OF SPECIAL ELECTION OF THE ELECTORS OF MANCHESTER COMMUNITY SCHOOLS WASHTENAW AND JACKSON COUNTIES, MICHIGAN TO BE HELD MONDAY, SEPTEMBER 9, 1985

TO THE ELECTORS OF THE SCHOOL DISTRICT:

Please Take Notice that a special election of the electors of Manchester Community Schools, Washtenaw and Jackson Counties, Michigan, will be held in the school district, on Monday, September 9, 1985.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M., AND CLOSE AT 8:00 O'CLOCK, P.M.

The following proposition will be submitted to the vote of the electors at the special election:

TAX RATE LIMITATION INCREASE PROPOSITION FOR OPERATING PURPOSES

Shall the limitation on the amount of taxes which may be assessed against all property in Manchester Community Schools, Washtenaw and Jackson Counties, Michigan, be increased by 4.6 mills (\$4.60 on each \$1,000.00) on state equalized valuation for the year 1985, for the purpose of providing additional funds for operating purposes to be used, in part, to defray the cost of student transportation?

THE VOTING PLACE(S) ARE AS FOLLOWS:

PRECINCT NO. 1

Voting Place: Manchester High School Building, in the Village of Manchester, Michigan.

All school electors who are registered with the city or township clerk of the city or township in which they reside are eligible to vote at this election.

I, Michael A. Stimpson, Treasurer of Washtenaw County, Michigan, hereby certify that as of July 23, 1985, the records of this Office indicate that the total of all voted increases over and above the tax limitation established by the Constitution of Michigan, in any local units of government affecting the taxable property located in Manchester Community Schools, Washtenaw and Jackson Counties, Michigan, is as follows:

By Washtenaw County:	0.040674	1968 - 1985
	0.25	1985
	0.25	1984 & Future
By Manchester Township:	1.25 Mills	1984 thru 1995
	.50 Mills	1984 thru 1988
By Bridgewater Township:	NONE	
By Sharon Township:	NONE	
By Freedom Township:	NONE	
By the School District:	18.78 mills, 1985 only	
	1.80 mills, 1985 only	
	1 1/2 mills, 1985, 1986 and 1987	

Date: July 23, 1985 Treasurer - Michael A. Stimpson
Washtenaw County, Michigan

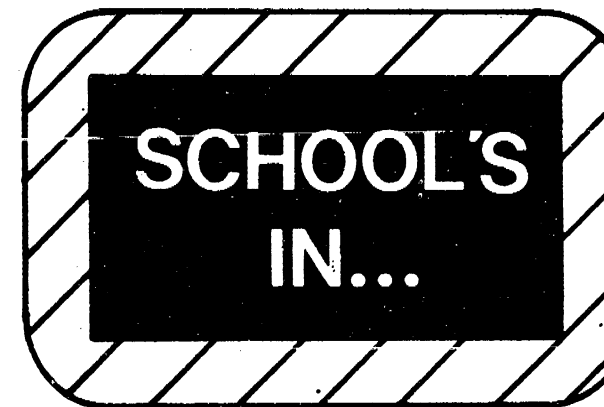

I, Janet C. Rochefort, Treasurer of Jackson County, Michigan, hereby certify that as of July 26, 1985, the records of this Office indicate that the total of all voted increases over and above the tax limitation established by the Constitution of Michigan, in any local units of government affecting the taxable property located in Manchester Community Schools, Washtenaw and Jackson Counties, Michigan, is as follows:

By Jackson County:	NONE	
By Norvell Township:	NONE	
By Grass Lake Township:	1 Mill	1984
By the School District:	18.78 mills, 1985 only	
	1.80 mills, 1985 only	
	1 1/2 mills, 1985, 1986 and 1987	
By Jackson Community College:	2.20 mills	1984 Unlimited
By Jackson County/Library purposes only:	1 mill	1984-1996 Inc.

Date: July 26, 1985 Treasurer - Janet C. Rochefort
Jackson County, Michigan

This Notice is given by order of the Board of Education of Manchester Community Schools, Washtenaw and Jackson Counties, Michigan.

Cards Of Thanks

Many, many thanks to the wonderful people who freely gave of their time to make the Food Tent at the Fair a success. Words are inadequate to truly express our gratitude to everyone who helped in anyway. To the ones who donated products for our use we thank you. The spirit of co-operation was great and we think all enjoyed doing their part in helping to accomplish our goal - "Completion of the Athletic Complex".

Thanks Manchester - you are a great place to live and once again you have proven it!

The Athletic Boosters

We would like to take this opportunity to express our sincere thanks to the members of the Manchester Community Fair Board, the Lambda Nu Sorority, the Xi Epsilon Iota Sorority and everyone who helped in anyway to make our day as Parade Marshals such a memorable occasion. It was a great honor for us, and a day we will always remember.

L.V. and Florence Kirk

I would like to thank all of my friends, co-workers at Fords in Saline, neighbors and especially my son Michael, his wife Brenda and my granddaughter Ashley for all their support, cards, gifts and prayers while I was in the hospital.

A special thanks to Father Schinkert, all the neighbors that brought in food and helped my family at home, my brother John and family, sister Vickie and family, brother-in-law Leroy and family, sister-in-law Ruth and

family, my Mother and Father-in-law Harold and Rita Townsend, my Mother Eleanor Ball, the rest of my family Mark, Kari, Michelle, Bruce, Marie, Melanie, and most of all my wife Eileen. I love and thank you all very much.
Leon G. Ball

Spectator Passes Being Offered

The Manchester Athletic Department will be offering spectators the opportunity to purchase an adult or student pass this year. The adult "BIG DUTCH PASS" will be sold for \$25.00 and is good for fifteen (15) admissions to any HOME athletic contest during the 1985-86 school year.

Students also have the opportunity to purchase a "STUDENT PASS" for \$10.00 which is good for ten (10) admissions to any HOME contest during the 1985-86 school year. Students who do not purchase the pass or pre-sale ticket the day of the game, will be charged the adult price at the gate. These passes are available at the High School office.

Athletic admissions for all Varsity and Junior Varsity contests are as follows:
Adult \$2.00
Student (pre-sale) \$1.00
K-5 \$1.00
Pre-School FREE
"GOLDEN PASSES" for Senior Citizens are also available at the High School office. These passes admit senior citizens free of charge to school events. (As a reminder, once again this year spectators who leave the game will be charged to re-enter)

Non-Work Outnumber Work Trips

Although the most common assumption about travel patterns in the region may be that the majority of trips people make from the county they live in to another county are primarily for work rather than non-work purposes, just the opposite is true. According to information recently compiled by SEMCOG, the Southeast Michigan Council of Governments, most of the trips from one county to another within Southeast Michigan are non-work related.

More than 2.5 million people - one out of every two adults in the region - travel daily between Southeast Michigan's counties, according to a recent analysis of SEMCOG's forecasting model. That estimate, based on 1980 Census population and household as well as Michigan Employment Security Commission employment data, provides clear evidence of the interdependence in the region for work, shopping, recreation, and personal business locations. More than 20 percent of all travel in the region, in fact, is between counties, and in every county, the majority of those trips are for purposes other than work. At the regional level, only 17 percent of inter-county trips are people going to or returning from work.

Further analysis of the inter-county travel figures reveals several other interesting trends, including:
- There are 70 percent more Macomb County residents traveling to Wayne County than there are Wayne County residents traveling to Macomb;
- There are three times as many people from all over the region entering Washtenaw County than Washtenaw County residents leaving the county going elsewhere in the region;
- There are 50 percent more Macomb County residents leaving the county going elsewhere in the region than people going to Macomb;

- For every Wayne County resident traveling to St. Clair or Livingston Counties, 17 St. Clair or Livingston County residents are traveling to Wayne County;
- There are 30 percent more Wayne County residents traveling to Oakland County than Oakland County residents who are traveling to Wayne County;
- Almost twice the number of Wayne County residents are traveling to Washtenaw County than Washtenaw County residents traveling to Wayne;
- Seven times as many residents are leaving Monroe and

State Police Enforcing 55 M.P.H. Speed Limit

St. Clair as people from other places entering those counties. Inter-county travel demonstrates a demand for transportation service - maintaining and improving roads, offering public transit alternatives, and providing opportunities for ridesharing. The numbers generated by that travel are very important in SEMCOG's transportation planning work. "Those estimates, for example, will play a key role in an upcoming analysis aimed at determining transit needs throughout the region," stated SEMCOG Executive Director John Amberger.

SEMCOG is a voluntary association of counties, cities, villages, townships, and schools in the seven-county Southeast Michigan region. The Council's principal functions are short- and long-range planning for housing, transportation, land use, public safety, recreation and open space and the environment.

Manchester Ford Plant Picnic

Former employees of Manchester Ford plant will hold their annual picnic Sunday, September 8, 1985, at 1 p.m. at Carr Park, Manchester. Bring a dish to pass, table service and your own beverage.

Christopher and Pamela Curtis are proud to announce the birth of a son, Tate Patrick, on August 3, 1985. He weighed 7 pounds, 9 ounces and was 20 inches long. Tate joins sisters Lacey, age 6, and Rebecca, 11 months. Grandparents are Robert and Jane VanDoren of Manchester, Clifford Curtis of Jackson and Barbara Dobbins of Michigan Center.

Confirming earlier news reports, Col. Gerald L. Hough, Director of State Police reviewed plans for stepped-up enforcement of the 55 m.p.h. speed limit throughout Michigan. Hough met recently with Department of Transportation Director, Jim Pitz and both expressed concern that state motorists are not in compliance with Federal mandates that require at least fifty per cent adherence to the 55 m.p.h. limit. Penalties for non-compliance could cost Michigan Millions of dollars in Federal highway funds. Pitz said his department's studies for a nine-month period ending in June, showed 51 per cent of the state's drivers exceed the 55 limit. He also said the studies show nearly 89 per cent of motorists on urban freeways drive faster than 55.

State Police will use aircraft for speed timing, unmarked patrol cars and target areas where speeding has become chronic. Hough identified such areas that would include (but not be limited to) I-75 south of Detroit, I-96 between Lansing and Detroit and I-94 in southwestern Michigan. He also said some patrol units may be equipped with Vascar, a speed timing device not affected by radar detectors.

Manchester Township Board

Proposed synopsis for Special Board Meeting of Manchester Township Board held Friday, August 23, 1985, at 9:00 a.m. Board members present: Fielder, Lentz, Burch, Widmayer. Absent: Macomber. Adopted by roll call vote the following:

RESOLVED, the Manchester Township Board does hereby request the continuation of millage rate of 1.16 mills in the operating tax millage rate to be levied in 1985 for ad valorem taxes for the general operating budget. Meeting adjourned at 9:05 a.m.

Hailing A London Taxi

This series of stories spotlights the manifest products of Michigan's farms, forests and factories — the products proudly stamped "Made in Michigan." Watch for them when you shop, and "Buy Michigan!" This week's story: Hailing a London Taxi.

by Paula Blanchard

A friend who has traveled in England was telling me how fond she had become of the famous London Taxi, the world's only vehicle designed and built to be well ... a taxi.

"I rode in one that was only six years old — actually quite new for a London Taxi — and the driver boasted that it was 'ardly broken-in with more than 300,000 miles on the engine," my friend said. "I gave him a generous tip and suggested that he put it aside against the day it might need its first overhaul!"

Well, I may never get to London, but I promise you that I will get a ride in a London Taxi — an Americanized version now being manufactured in Michigan and already on the streets of Detroit.

The American version, called LondonCoach, is being produced by LondonCoach Co., Inc. of Mt. Clemens. The company says the vehicles have a "life expectancy" of from seven to 10 years — up to three times as long as the average sedan used as a taxi. In England, London Taxis have logged as much as 750,000 miles before being retired — and that after 25 years.

LondonCoach gets the body, chassis, axle and wheels from carbodies Ltd. of Coventry, England (which builds the London Taxi) and adds the rest — a 2.3 liter Ford Gasoline Engine, automatic transmission, drive-train, exhaust system, wiring and interior. The interior, I am happy to report, includes a steering wheel on the left. Having the driver on the wrong side of the car as they do in England, where the car is also on the wrong side of the road, would drive me bonkers. When the LondonCoach

is all together, it weighs a hefty 3,400 pounds and sells (base-price) for \$18,400.

A somewhat pricier version of the basic taxi, a limousine called the London Sterling, also is available from LondonCoach. It offers such upscale niceties as leather upholstery, walnut console with color television, AM-FM stereo radio/cassette, lead-crystal decanter and glasses refrigerator, telephone, a more powerful engine, moonroof, darkened windows in the rear, a rear privacy curtain and, oh yes, a "personal tool kit." The London Sterling — we recommend basic black, although you can get it in British Racing Green, Ermine White and other hues, including two-tone — carries a price tag that starts at \$25,900.

The basic taxi also comes with a mix of options but they are some what more prosaic. They include a bullet-proof partition to separate the driver and the driver!

In any case, let's keep making it — and buying it — in Michigan!

Retired Senior Volunteer Program

The Retired Senior Volunteer Program has scheduled a training session for seniors who are interested in becoming presenters of BABES (Beginning Alcohol and Addictions Basic Education Studies) — a substance abuse prevention program for children. The program, consisting of a series of six puppet presentations, provides an opportunity for senior volunteers to assist children in the development of a positive self image and a better understanding of how to protect themselves from alcohol and chemical dependency situations among their peers and within the family structure. Any senior, who is interested in working with and helping children, is encouraged to contact Sharie Reznick at the RSVP office, 996-4777 for more information about the September BABES training.

Join The Ann Arbor Figure Skating Club

The Ann Arbor Figure Skating Club begins its 46th year this fall, and welcomes anyone interested in joining to register September 8th at Yost Ice Arena. Skating demonstrations, explanation of programs and registration begin promptly at 3:30 p.m., with complimentary skating and viewing of the 1985 Ice Show videotape to follow.

Lessons are available with highly skilled pro's for the beginning through advanced skater, child, youth and adult, in freestyle, dance, figures and precision. Extra patch and freestyle ice time is available to all ages and skill levels.

Further information is available through the Registration Chairman at 971-3609.

Operation Care Set For Labor Day Holiday

An additional 3700 patrol hours have been scheduled for Michigan State Police troopers as part of the Operation CARE effort this Labor Day holiday. Col. Gerald L. Hough, department director, reported.

A record number of motorists are expected to travel the highways over the holiday weekend. State Police will patrol 87 segments of targeted highways totaling 3500 miles, enforcing the 55 mph speed limit and safety belt laws, and arresting intoxicated drivers.

"Nineteen people died on Michigan's highways last Labor Day weekend. By obeying speed limits, wearing safety belts, and refraining from drinking and driving, citizens can reduce the number of fatalities," Hough advised. He emphasized the importance of being alert to pedestrian, bicycle, and motorcycle traffic, noting that two bicyclists, six pedestrians, and a motorcyclist were among the fatalities last year.

Forty eight states are participating in Operation CARE (Combined Accident Reduction Effort) in an effort to hold the line on traffic casualties. Fifty volunteer groups will serve refreshments at motorist safety breaks at 55 rest areas throughout the state as part of the program.

participating in Operation CARE (Combined Accident Reduction Effort) in an effort to hold the line on traffic casualties. Fifty volunteer groups will serve refreshments at motorist safety breaks at 55 rest areas throughout the state as part of the program.

Washtenaw County Historical Society

The Washtenaw County Historical Society will tour the headquarters of the Historical Society of Michigan in Ann Arbor's historic Tuomy house, 2117 Washtenaw, at 2:30 p.m. Sunday, September 8.

Thomas L. Jones, HSM executive director, will talk about the history of the house and the state society outdoors before the tour. It is open to the public free of charge. Refreshments will be served. Tip: Those wishing to be seated during the talk should bring a lawn chair.

The Tuomy's built the large Italianate house in the 1880's incorporating a smaller 1850 Greek Revival house.

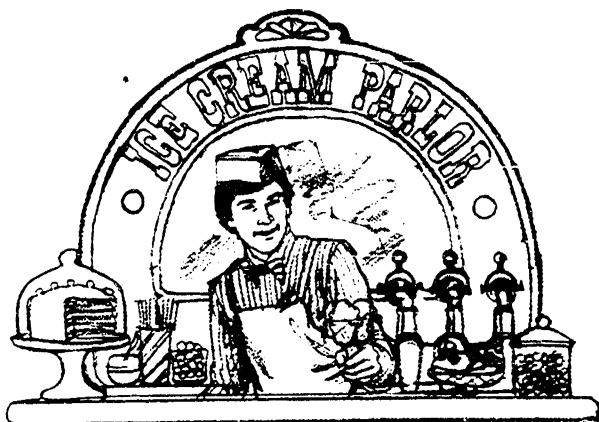

Although the house is used for offices and is not a museum, many of the Tuomy's antique furnishings remain.

Tips To Help You

GREEK BUFFET

Greek Buffet: Clockwise from top—Greek Salad, Pasticcio, Hummus and Pita Wedges.

- Prepare Hummus; refrigerate.
 - Remove Baklava from refrigerator; let stand at room temperature.
 - Pasticcio
 - Greek Salad
 - Hummus
 - Pita Wedges
 - Baklava
 - Middle Eastern coffee
- TIMETABLE**
Several days before buffet:
• Prepare Baklava; refrigerate 1 day before.
• Prepare Pasticcio; refrigerate.
• Prepare remain for Greek Salad; refrigerate.
- 1/3 cup sugar
3 inch stick cinnamon
1/2 cup Turkish-style coffee
- Heat water to boiling in 3-quart saucepan; stir in sugar and cinnamon. Heat to boiling; remove from heat. Stir in coffee. Heat coffee mixture until it foams; immediately remove from heat and stir.
- Repeat once; return to heat. When coffee foams the third time, it is ready to serve. Do not stir. Spoon some foam into each cup; ladle coffee over foam.
- At serving time:
• Complete Greek Salad.
• Serve Hummus with Pita Wedges.
At dessert time:
• Prepare Middle Eastern Coffee; serve with Baklava.
- Middle Eastern Coffee**
4 cups water

For a different dinner party, borrow a menu from Greece. This bountiful buffet features Pasticcio, an economical Greek dish made with ground beef and macaroni which can be prepared a day ahead and heated just before the party.

Complete planning instructions and recipes are featured in a new book, "Betty Crocker's Buffets," published by Random House. Subtitled "Menus, Recipes and Planning Tips for Easy and Successful Home Entertaining," the book offers 67 party menus along with more than 270 recipes plus timetables, and is available at book and department stores for \$13.95.

Bag It To Save Calories

Calorie counting is an American pastime. People of all ages, shapes and lifestyles are watching what they eat. For the working person or student, one of the best ways to control what you eat is to pack a lunch, as over 249 million other Americans do weekly.

Sandwiches, such as this tasty Tuna Trimmer Sandwich, make good sense for brown baggers because they can combine nutritious mixed-grain bread with other foods in one whole, calorie-counted "package."

TUNA TRIMMER SANDWICH

- 2 slices ROMAN MEAL Bread
- 2 teaspoons diet margarine
- 1/4 cup water-packed tuna, drained and flaked
- 2 tablespoons plain yogurt or low-calorie mayonnaise
- Pinch dried dill weed
- 1/4 to 1/2 teaspoon lemon juice
- 2 lettuce or romaine leaves

Spread bread slices with margarine. Combine tuna, yogurt, dill weed and lemon juice. Spread one bread slice with tuna mixture. Top with lettuce and close with remaining bread slice. Makes one sandwich.

Nutritional analysis per sandwich:
279 Calories
28 grams protein
25 grams carbohydrate
6 grams fat
541 milligrams sodium
51 milligrams cholesterol

For other delicious sandwich ideas, order your copy of the booklet, "Lunches To Go," featuring good-for-you ROMAN MEAL Bread. Send a stamped, self-addressed business-size envelope to: Roman Meal Company, Dept. BW2, P.O. Box 11126, Tacoma, WA 98411-0126.

One way to cut driving costs in the winters is to clean the snow and ice off from under the fenders to reduce gas-eating weight.

You have a lot of money under one roof...

Farm machinery, stored grain, livestock, feed inventory... you keep a lot of farm property under one roof. Farm Bureau Mutual Insurance Company of Michigan will make sure your farm property is properly protected.

Manchester Mill Run Winners

Congratulations to all the Manchester Mill Run finishers! This year, 184 runners and walkers of all ages participated in the "Mill Run". The pancake breakfast sponsored by the K of C was enjoyed by many. Our thanks again to all the volunteers for their time & effort. Thanks also to our sponsors for their financial support.

There are still some extra "Mill Run" tee-shirts (sizes Medium, 2-4 & 6-8) available at Krauss Pharmacy. The cost of the tee-shirt is \$5.00. Copies of the photos of the Mill Run winners for each event & age division are available at Jon's Photo Shop - 428-9509.

The times for the 2 mile race and the 2 mile fun run/walk finishers have been combined. We are looking forward to next year's run and hope to change the course for a smoother 10K run. There is always "room for improvement". Please let us know of any suggestions you may have.

Looking forward to seeing you next year!

School Appreciation Picnic
The annual Manchester School Appreciation Picnic, will be held Thursday, August 29, from 11:30 - 1 p.m. at Carr Park. This annual event is sponsored by The Manchester Optimist Club and Manchester Chamber of Commerce with help from the Manchester 20th Century Club and Manchester Senior Citizens. The picnic is a small way we can honor our community school system and become better acquainted with the educators and staff who work with our children. Members of the organizations sponsoring and helping in this endeavor are cordially invited to attend this function, share a hot dog and ice tea, share ideas and enjoy a hospitable time.

The eleven-day, multi-national exercise took place in the central and eastern Mediterranean Sea and was designed to improve the operational effectiveness of maritime forces, land-based air forces, and land forces.
The exercise was divided into two phases. The first phase concentrated on specific training events designated to integrate the forces of different nations, including a combined amphibious landing in Sardinia.
This was followed by the second phase, the tactical phase, which involved allied maritime forces and land-based air forces to test integrated air defense operations and sea control in the Mediterranean area.

Ask MESC

Question: I lost my job in a budget-cutting move. I have now received a tentative job offer from another firm but it pays less, offers no benefits and means I have to travel over 50 miles to and from work. If I refuse this job, will I still be able to collect unemployment benefits?

Answer: Based on the differences in salary, benefits and travelling distances between your old job and the potential new job, you may still qualify for unemployment benefits even if you refuse the job offer. But as a general rule, workers who refuse an offer of "suitable" work are disqualified from receiving jobless benefits. The key point is whether the

employment offer is for a "suitable" job. An MESC unemployment claims examiner will decide if the offer is suitable based on several factors about you and the job. The examiner will look at how long you have been out of work, your past experience and training, your chances of finding a job in your line of work, the job's wages and benefits as compared to your former job, the job's distance from your home and any risks the job may pose to your health, safety and morals.

If you have a question for MESC, send it to "Ask MESC," 7310 Woodward, Room 505, Detroit, MI 48202.

Traffic Safeguards For School Buses

To cut down on traffic mishaps involving school buses, AAA Michigan advises motorists and student pedestrians to follow certain safeguards. Michigan law requires motorists in both

directions to halt 10 feet on either side of a stopped school bus displaying flashing red lights. Students should always cross at least six feet in front of the bus in clear view of the bus driver and be alert for all traffic. Seven persons died in accidents involving school buses during the 1984-85 school year. AAA and the Michigan Association for Pupil Transportation are co-sponsoring a series of statewide traffic safety education programs on school bus safety.
