New Faces At Klager

Klager School has hired three new staff members, all highly qualified in their fields.

Nancy Gibbard

Mrs. Nancy Gibbard, our new speech therapist, is beginning her second year of teaching. She was employed last year in Lewis-Cass Intermediate School District near Niles, Michigan. A native of Clinton, she and her son Kyle presently reside in Tecumseh.

Richard Darga

Mr. Richard Darga, is the special education teacher in the autistic classroom. Previously he worked in the diagnostic unit of Children's Psychiatric Hospital. An experienced teacher, he has also worked with children in an Indian Boarding School and in public schools. Mr. Darga and his wife, a nurse with the Survival Flight Helicopter program at the University of Michigan, reside in Ann Arbor.

St. Louis Center For Exceptional Boys To Celebrate 25th Anniversary

The St. Louis Center for Exceptional Boys in Chelsea, Michigan, will be celebrating its 25th Anniversary Saturday, September 21, 1985.

St. Louis Center is a residential facility for fifty-five children and twenty adults who are developmentally disabled, who are either without parents or unable to function at home.

The Center provides education and training toward independent living. The sixty-seven staff members, all certified, in addition to administration, is composed of social workers, psychologist, therapists, teachers, child care workers for day and night supervision, nurse and maintenance crew.

The Center has helped about six-hundred children over the last twenty-five years with overwhelming success.

The main thrust of the 25th celebration on Saturday, September 21st will be a five o'clock Mass celebrated by Bishop Povish of the Lansing Diocese, followed by a reception, dinner and dance. House speaker, Honorable Gary Owens along with State Representatives Mike Griffin and Philip Hoffman as well as United States Representative Pursell are expected to be present.

MILLAGE DEFEATED BY NARROW MARGIN

The Special Millage Election held by the Manchester Community School District on Monday, September 9, 1985, was defeated by a narrow margin of 26 votes. A total of 1,534 ballots were cast with 754 "yes" and 780 "no".

United Way Kick-Off Dinner September 18th

The 1985 United Way campaign will officially begin with a kick-off dinner on Wednesday, September 18, at 6:30 p.m. at the Knights of Columbus Hall. We are very fortunate this year to have Howard L. Shapiro, Executive Director of Michigan United Way as our guest speaker.

All campaign volunteers are invited to attend as guests of the sponsoring company, Manchester Stamping Corporation. Information related to the campaign procedures will be presented that evening. Reservations can be made by contacting your Division Chairperson by Friday, September 13.

Clinton Crushes Dutchmen - 26-0

by Jim

We had a fantastic new field and a 16 game regular season win streak going for us but the arch-rival Redskins plowed us up. Our offense just couldn't get on track as Clinton defense kept us from their end of the 50 yard line through out. The Redskins got on the board first by an interception and a 30 yard return for the TD. By halftime it stood 19-0. There was no tally in the third quarter but they did score in the final quarter leaving it 26-0.

Our next contest is Saturday night at 7:30 as we visit Gabriel Richard. The game will be played on Holloway Field, the home of Ann Arbor Pioneer.

It was a pretty sad week for Dutch athletes. Our JV girls' Basketball squad came up with a 1 point VICTORY but our Varsity girls' Basketball, JV Football and Varsity Football teams fell.

Hunter Safety Classes Begin Soon

The Manchester Sportsman Club located at 8501 Grossman Road, is having Hunter Safety Classes on Wednesday evenings, September 18, and 25, and October 2, from 7 to 9 p.m. and on Saturday, October 5, 1985, from 10:00 a.m. to 2 p.m.

Attendance at all four sessions is mandatory. You must be 11 years of age to attend and parents are welcome. There is no charge.

The course is under the supervision of the Department of Natural Resources and taught by certified instructors.

The course consists of lectures, demonstrations, film strips and actual use of guns and archery.

Sign up sheets will be at the Middle School and Keith's Barber Shop. Instructors are Lauren Huber, Darryl Taylor, Earl Iverson and Dennis Heckaman. Any questions, call Lauren Huber at 428-8116.

ARE YOU DOING
YOUR SHARE?

Before you kick about your town being a dead one with nothing going on, stop and consider if you are contributing anything to the activities of the village in a social way.

Before you complain about the stores carrying such poor stocks and small assortments, stop to think if you are spending all your money at home and thus encouraging and enabling merchants to do their best.

Before you knock about the town's indebtedness and run-down appearance, take stock of yourself and see if your property is as neat and in as good or better condition than your neighbors'.

Before you point to others as disobeying the laws and breaking the ordinances of the village and community, just think if you are doing anything to evade doing what is right and square.

Before you stand about the street corners and rant about the short-comings of public officials and others of the village, satisfy yourself that there is no beam in your own eye.

Before you complain because

the newspaper hasn't all the news try to recollect if you are contributing anything to the news-gatherer when he asks you what is new.

If you help, you will be helped; if you put something into the community, you'll get something out; if you boost you will be worth while.

Hit Or Miss

by Farley

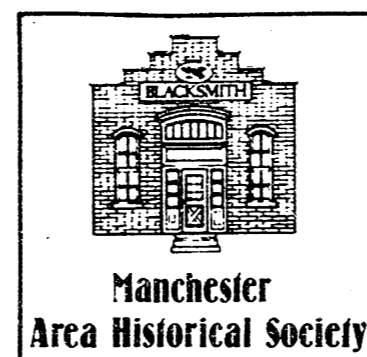

The other day the various changes in our world that had a major influence on our lives were being discussed by several of us when a very interesting subject came up for discussion. It was what has become of the old fashioned soda fountain? Not the one available at the fast food drive-ins, but the ones in drug stores and at the ice cream and sandwich stores where one sat at the fountain counter usually some 15 feet long with a real marble top. Those in the drug stores usually sold only fountain drinks such as a phosphate of lemon or cherry syrup or other flavor or a fountain Coke all of which had a flavor, to our way of thinking at least, far superior to today's bottled affairs.

Research shows that the ice cream soda was invented in April 1833 in Cadiz, Ohio, by Jake Eibert and it soon became so very popular and its consumers either perched themselves on stools at the counter or sat at the lanky wire legged stools at the tables. Most youngsters put their money on the table or counter when ordering to prove solvency and ordered a chocolate soda made with chocolate ice cream and if one was trying to convince his best girl that he was a capitalist he would nonchalantly order "Two banana splits" - the utmost in luxury.

To make a genuine worthwhile soda a tall fluted glass had a large gob of thick chocolate syrup ladled into the bottom on top of which was placed a large dab of thick whipped cream. Then the gassed receptacle was guided into the soda spout and the liquid, under pressure, gushed into the glass. The lever was then pushed in the opposite direction and the glass was filled nearly to the top with the seltzer water. Then the ice cream was dipped out of the freezer and the large gob was dumped into the glass into which it fell with a "thunk". Then came another squirt of soda and the glass was set before you.

As you sipped, you peered over the rim of the glass at the mirror on the wall behind the fountain's

Restaurant Supports Fund Raising

Bill Knapp's Restaurants are offering a chain-wide program to benefit local, non-profit organizations. As an alternative to traditional fund-raisers, the program allows the group to select an item as a goal, collect points when visiting a Bill Knapp's, then redeem these "points" for their goal when the needed amount has been accumulated.

The Athletic Boosters have enrolled in the program and our goal is a sound system for the new Athletic Complex.

"Points" are awarded on the amount spent on a visit. One dollar equals one "point". Guests receive "points", upon request, from the cashier. Group members, friends and relatives may all help by collecting "points" in any of the Bill Knapp's located throughout Michigan, Ohio, Indiana, Illinois, and Florida.

To obtain the sound system through this program, we will need to collect 310,540 points. We are hoping the community will help us with this effort by collecting "points" whenever you dine at Bill Knapp's. We have until May of 1986 to reach our goal.

Collection boxes will be at The Flower Garden, Keith's Barber Shop, Marti's Beauty Salon, and The IGA.

With the help of the Community we are sure that our goal can be reached.

Letter To The Editor

We would like to respond to Mr. James C. Hendley's letter which appeared in the Enterprise on August 29th.

It seems that Mr. Hendley has concluded that the disconnection of downspouts over the last 30 years and the disconnection of CharBro pond would have prevented the Michigan Department of Natural Resources from taking action against the Village to upgrade its sewage treatment plant. Such is not the case.

On October 15, 1984, the Village was ordered by the MDNR to prepare a plan by December 31, 1984, for upgrading the sewage treatment facilities—or else face legal action by the Attorney General. The Village has complied with that order, and the MDNR has accepted the plan submitted by the Village.

The MDNR's order to upgrade the sewage treatment system is not the direct result of not disconnecting downspouts or CharBro pond. The order was issued because the Village's treatment plant is not capable of providing adequate treatment, as defined in the National Pollutant Discharge Elimination System permit issued to the Village in 1977.

For instance, the required upgrading of the treatment plant has to include a more modern filtration system, phosphorus removal equipment, dechlorination equipment and, generally, the more modern equipment to meet

requirements that were not in existence 30 years ago. In addition, the MDNR's standards for operating this modernized facility require three licensed operators instead of the one operator the Village now has. All of these increased requirements have come about because of an increased involvement of the Federal government through the Environmental Protection Agency.

With respect to Mr. Hendley's remarks about "double" taxes, the Village has set a March, 1986 millage election date at the request of the MDNR, in the event the Village cannot borrow from the State through a fund that is supposed to be created by the State in November of this year. If approved, this fund would allow the Village to borrow the project costs at a rate almost half of that assumed by Mr. Hendley.

Phase I, which consists of upgrading the sewage treatment plant (and the treatment plant is a little over 78 percent of the total cost), plus removing the CharBro pond inflow and separating some sections of storm and sanitary sewer lines on both sides of the river, is required by the MDNR to be completed by July 1, 1988. No time schedule exists or has been discussed for Phases II and III. They are not mentioned in the MDNR order and, at this writing, have not been formulated by the MDNR.

Hugg E. Bear

Klager students have a new special friend. His name is Hugg E. Bear. Mr. Bear, a soft and huggable three foot tall, stuffed bear, resides in Klager's office waiting to hear a special secret or offer a comforting hug. Children are invited to tell Hugg E. about their special accomplishments; learning to write their name, a 100% spelling test or making new friends and to enjoy a hug! (While Hugg E. is at school for the children, adults visiting the office often succumb to his charms.)

Council Proceedings

Unapproved Minutes
Manchester Village Council
August 19, 1985

The regular meeting of the Manchester Village Council was held August 19, 1985, at the Village Hall.

President Hinkley called the meeting to order at 7:05 p.m. Present: Becktel, Koebbe, Niehaus, Tapping. Absent: Kallewaard, Zaborowski.

Koebbe moved to approve the minutes as corrected, supported by Niehaus. Motion approved.

Margaret O'Connor, our State Representative, was present to inform Council what is going on at the State level. Becktel asked her to help us get some State monies for our sewer project. She said she would see what she could do.

Nathan White from Swan Productions was present to ask Council to consider not charging Swan a late fee. John Hinkley read a letter from Susan Gisting. Letter on file. Council waived the late fee.

Tapping moved to retain \$2,000 of Swan Productions money, until completion of final cleanup, storm sewer routing and legal fees, supported by Niehaus. Roll Call Vote: Ayes - all. Motion approved.

Don Smith was present to ask for reimbursement of \$67.99 for his sabre saw that he said was stolen and for four weeks of vacation pay. He said he brought his saw to the D.P.W. garage in December 1984, and it disappeared in March 1985, and Pat Smith told Zsenyuk it was missing in April 1985.

Niehaus moved to reimburse Don Smith \$67.99, for his sabre saw and have him sign a statement that he will not ask for anything else at a later date, supported by Becktel. Roll Call

Vote: Ayes - all. Motion approved.

Becktel asked Wiedmayer to get a cost factor on black dirt for Kirk Park, also call Sheriff Schebil for some workers to help plant the seed and spread the black dirt.

Discussion followed on trimming Village trees. Koebbe said that Brad Roberts could continue trimming the trees but he should contact the property owners first.

Niehaus presented the monthly Police Report. Report on file.

Wiedmayer said that Rodney Kitchen from Environmental Waste Concepts, would like to come to the September 16th meeting and talk to Council and the four Township Supervisors about what should be done at the Transfer Site.

Discussion followed on Part-time Police Officers checking Dump Cards and asking for two pieces of identification: 1. Dump Card; 2. Drivers License.

Wiedmayer reported on the street signs that have to be replaced. Becktel said that Wiedmayer should place Main Street signs just every 3rd sign and Duncan Street signs every other sign.

Niehaus moved to give the Grievance from the Police Union to Mark Gisting, supported by Becktel. Roll Call Vote: Ayes - all. Motion approved.

Tapping said to put the Purchase Orders in abeyance until a Village Manager is selected.

Becktel suggested that Wiedmayer get a cost factor from the other Uniform Companies.

The Public Works Committee will meet and discuss D.P.W. wages and benefits.

Koebbe said Wiedmayer should see Mark Gisting and get legal wording for the definition of Sewer Main Service.

Tapping moved that the Job Descriptions for The Police Chief and Village Manager as amended and corrected be adopted by Council, supported by Becktel. Motion approved.

Becktel said he would like the Police Department to investigate the houses with junk cars, junk and brush before winter arrives.

Koebbe suggested that Council advertise the old street sweeper for sale in the Municipal Review to the highest bidder.

Kevin Deacons residency was discussed. Angie Knauss said that she is building a house outside the Village Limits. When she was hired, October 1, 1981, she was told she had to live in the 428-area. She doesn't feel Council can prohibit her from moving out of the Village. Becktel said to take the residency question to Gistingers.

Tapping invited the Council to a Teacher's appreciation Picnic at Carr Park, 12 o'clock noon, on Thursday, August 29th, sponsored by the Optimist Club, Chamber of Commerce, Senior Citizens' and the Twentieth Century Club.

Becktel moved to adjourn, supported by Niehaus. Meeting adjourned at 9:25 p.m.

An October wedding is being planned.

"How To Find A Lawyer" Brochure Available

A new brochure entitled "How to Find a Lawyer" is now available to Ann Arbor and Washtenaw County residents through the office of State Representative Perry Bullard. Bullard, who chairs the Judiciary Committee in the House of Representatives, said he prepared the booklet "to help people get the effective legal representation they deserve."

The booklet tells how to search for legal help as well as how to handle some problems in a way that won't get lawyers and the courts involved. It gives advice on how to discuss the services a citizen wants and how payment will be arranged.

Copies of "How to Find a Lawyer" are available by calling Bullard's Lansing office at (517) 373-1289 or by writing to Representative Perry Bullard: 303 Capitol Building, Lansing, MI 48909.

Bridgewater Township Board

The Bridgewater Township Board met August 19, 1985, at the township hall. All board members present except Parr. Four electors were present. Marvin Breitenwischer presided over the meeting in the absence of Supervisor Parr.

The meeting was opened with the secretary report. The July minutes were approved as read. The treasurer's report was given. Andy Poet made the motion seconded by Karen Weidmayer, to pay voucher 1442 thru 1458, board passed.

The 1985-86 County Directory was given to each board member. A representative, Mike Sowle location manager, from Swans Production was present to answer questions on the contract. The contract was then signed.

The State sent a Handi-Cap form for the townships to fill out. The Clerk went over the form with the board.

A brief report was given by the Clerk on the M.T.A. Meeting held in Dearborn during the month. This was a very informative meeting for the Clerks.

The Ordinance books are still being reorganized for the new books.

A letter was read from the Department of Commerce. NEW BUSINESS

Washtenaw County Board of Road Commissioners sent a letter regarding the enclosed resolution RC85-270 and RC85-271 (Traffic

Washtenaw County Sheriff's Department sent their monthly report out, and the board discussed it.

Harlin Fraumann was not present, no zoning report was given.

Being no further business to come before the board, Andy Poet made the motion, seconded by Harold Bersuder to adjourn, board passed, meeting adjourned.

The next regular meeting will be September 16, 1985, at the township hall.

Subject to Board Approval, Karen Weidmayer, Clerk

Ask MESC

QUESTION: I will be discharged from the Army soon. I understand that I have re-employment rights to return to the job I held before entering the military. What are my rights?
ANSWER: Federal law does give re-employment rights to those who leave their jobs to serve in the Armed Forces. These rights apply to veterans returning from active duty, to members of reserve units returning from initial active duty for training and to those who leave their jobs to enter military service but are rejected.
 To be entitled to re-employment rights, a veteran or reservist must: (1) leave a job with a private employer or the federal, state or local government; (2) satisfactorily complete active duty generally lasting no more than four years and for a possible maximum of five years; (3) be qualified for the job; and (4) apply for re-employment within 90 days after separation from active duty or from hospitalization continuing after separation for not more than one year.
 Reservists must apply within 31 days following their separation from the completion of initial active duty for training. Reservists released from annual training duty or weekend drill must apply from re-employment by the next regularly scheduled work period.
 Those awaiting induction into the Armed Forces or those rejected for duty are guaranteed a leave of absence for the entire induction process, including any examinations.
 Veterans, reservists and those rejected for service generally have a right to return to the job they left to enter the Armed Forces and are entitled to the same pay, benefits and status they would have had if they had not been away. Federal law also imposes an obligation on employers to restore the jobs and benefits of former employees returning from military service.
 If you are a veteran or an employer with questions about the re-employment rights law or for brochures about the law, contact Dennis M. Opoka, Office of Veterans' Re-employment Rights, U.S. Dept. of Labor, 7810 Woodward, Detroit, MI 48202 or phone (313) 876-5613.

Farm Bill Should Concern Non-Farmers

As the farm bill debate heats up in Congress, the issue is going to take up its share of time and space in the news. Before non-farmers "tune out" because they think it's "only another farm problem," they'd do well to recognize that the decisions reached in Washington, D.C. in the next few weeks will impact on them as consumers and taxpayers.

Take mandatory production controls, for example. It's a proposal Congress is considering as a possible solution to the farm income problem. How would this affect non-farmers?

Farm Bureau estimates that with that "solution", 30% of corn acreage, 40% of soybean acreage and 55% of wheat acreage would need to be idled in the attempt to approach parity prices for farmers.

Livestock producers would be forced to pay much higher prices for feedgrains, which means the cost of meat would go up in the grocery store. If the increase in meat sales, we could see limitations placed on livestock production, requiring further limita-

tions on grain production. And how would this affect our foreign markets, which non-farmers have a stake in, too, because increased ag exports help create a healthy national economy? We're having trouble now keeping overseas customers for our farm products due to an artificially high U.S. dollar. Imagine what would happen if our commodities were also artificially high-priced due to production controls!

Soon, American farmers would be producing for the American market only and American consumers would be paying much higher prices to keep fewer farmers producing less food in business.

Both farmers and consumers would benefit from a farm bill that would allow farmers to be competitive in world markets, make agriculture less dependent on government payments, assure consumers of adequate food at reasonable prices, and reduce federal farm program costs.

Whether Congress gets that message remains to be seen.

Health Center Offers Free Speakers

Catherine McAuley Health Center is offering speakers free to clubs and community groups interested in learning more about health care.

Teenagers and drugs, herpes, nutrition fads and facts, and health care for senior citizens are just a few of the many topics speakers of the McAuley Health Speakers Bureau can address with your group. If you are interested in a subject not on the extensive list of presentations, the speakers bureau will locate a health care professional qualified to discuss the issue.

All the speakers are familiar with the Health Center and with what is being planned in response to changing health care needs. Their presentations will be tailored to the time limitation and special requirements of your group.

To arrange a free speaker for your group, call 572-4033.

Housing Bureau For Seniors Looking For Volunteers

The Housing Bureau for Seniors, which offers counseling about housing options for senior citizens, is currently holding its annual fall drive for volunteer counselors. Volunteers are trained to provide a variety of services, including information on housing for older adults, or assistance in exploring the range of choices that exist for independent or semi-independent living. They can also arrange matches for those wishing to share housing, or help find home services for those who need them.

Exploring housing options is one way older adults and their families can come to terms with their particular life situation. "A person forced into an ideal living situation fares little better than the person living in a poor situation," claims Carolyn Hastings, Executive Director of the Bureau. The Housing Bureau attempts to identify various housing options, thereby enhancing the choices for those affected.

Outreach sites throughout Washtenaw County, and local workshops designed to help seniors and their families review their housing needs, are planned for this next year. Volunteers will be involved in the design and implementation of these and other information projects.

If you are interested in becoming a volunteer counselor with the Housing Bureau for Seniors, please contact the Bureau at 768-0970 by September 17, 1985. A screening interview

Looking For Volunteers

Do you prefer the Johnny or the Mac? Have you ever wondered what varieties of fruit trees would be the best choice for your home orchard? Many new apple varieties are recommended because they combine disease resistance with dwarfed size and other desirable growing characteristics. The problem is that you may not have had the opportunity to taste these new apples which means you probably won't plant them.

Now you have the perfect opportunity to sample several new and long favored apple varieties. The Apple Tasting and Fruit Variety Showcase will be held on Thursday, September 19, at Plymouth Orchards.

Cosponsored by several Southeast Michigan Cooperative Extension offices and Hilltop Fruit Nursery, the informal meeting will run from 6:00 to 9:00 p.m. You can come at anytime, however, a formal program is not planned. Specialists will be on hand to answer questions on selecting not only apples but also other tree fruits such as pears, plums, peaches, apricots, cherries and nectarines.

Plymouth Orchard is at 10685 Warren Road in Plymouth. For more detailed directions, call the Washtenaw Cooperative Extension Service at 973-9510.

Dr. Shapiro Receives New Appointment

Herrick Memorial Hospital is pleased to announce the appointment of Dr. William Shapiro as Medical Director of the Emergency Department. An old friend and a familiar face to many, Dr. Shapiro has been an emergency physician for 6 years, working at Herrick intermittently for the past four years.

A graduate of Hahnemann University Medical School, Philadelphia, he completed a 2 year residency at Maimonides Medical Center, New York City, in internal medicine, completing his 3rd year of internal medicine residency at Milwaukee County Medical Center.

Shapiro is Board Certified in Internal Medicine and eligible to write his emergency medicine boards in November of this year. Shapiro is also a fellow in the American College of Emergency Physicians and certified in both Advanced Cardiac Life Support and Advanced Trauma Life Support.

counter and reflected a happy countenance. Then, too soon, came the "slurp" that announced the end of the concoction had been reached and the whole deal cost only 15 cents and now you dare to tell me about progress. I could stand a lot more progress like this.

And during those "good old days" there were those when our finances were at a low ebb. On those days when the gang was gathered at the local soda fountain and one could scare up a nickel you could order a phosphate. I'll bet most of you don't know what a phosphate was. It consisted of a six ounce glass into which had been ladled a small portion of fruit syrup and then filled half full of the seltzer water to which was added a couple of squirts of citric acid solution from a shaker top bottle and then the glass filled with the lime side of the soda nozzle. This made a very satisfactory drink at a very economical price. Cola drinks and other flavors of "pop" were available but not for a nickel.

While several golfers were waiting at the first tee the other morning, a young friend of the group came bursting into the club house and began joyfully passing out cigars labeled "It's A Boy" to the assembled fellows. After he had received the congratulations of the group and

disappeared on his merry way, one of the group wondered aloud how and when the custom of giving out cigars on such occasions originated. However no one seemed to know the answer. If you know please tell us. But a tale about such an action has been attributed to Herbert Hoover.

It seems that the first nuclear powered submarine was undergoing tests in the south Atlantic and all went well until the vessel shuddered from a heavy bump on the starboard side. The skipper hastily checked his charts and found that there were no underwater obstacles in the vicinity. As the survey was completed the ship experienced another shuddering shock on the port side. The captain gave orders for the ship to surface and when it broke water, all hands could see that a large whale was rubbing against the side of the sub.

Investigation showed that no serious damage had been sustained by the ship and so the Nautilus continued her test run interrupted now and then by a playful nudge by the friendly whale.

Finally the day came to fire the first Polaris missile under water. As soon as the button had been pressed and the missile went up through the water, the sub surfaced to find the whale cavorting about, happily passing out cigars.

President Hoover was not well known for his sense of humor and it was hard to believe that he told it but that he did, to the delight of a rather large audience not so many years ago - when he was

almost 90 - and he said that it originated with no less than Admiral Lewis Strauss.

When you see a handsome man and a beautiful woman walking down the street, which do you look at first? Intensive research shows that if you are a man you look at the man and if you are a woman you look at the woman. Aren't you glad that that has been settled?

It doesn't pay to daydream while using an electric pencil sharpener.

How come we keep score only in life's most unimportant activities?

Tax Reform And The Average American

(Prepared by the Michigan Association of Certified Public Accountants)

If you don't know the first thing about income taxes but are wondering why everyone is talking about the President's tax reform plan, here's some help: A checklist of the most significant proposed rules that will affect individuals, from the Michigan Association of CPAs. Keep in mind, however, that the President's 461-page tax reform plan will change hundreds of rules in the current tax system if it is adopted by Congress and signed into law - so this is just the tip of the tax reform iceberg.

***Tax Rates:** Single persons with a taxable income between \$2,900 and \$18,000 would be taxed at the 15 percent rate, and married persons who file jointly would pay at the 15 percent rate on taxable income between \$4,000 and \$29,000. Singles would pay at the 25 percent rate on taxable income between \$18,000 and \$42,000, while joint filers would pay at the 25 percent rate on taxable income between \$29,000 and \$70,000. Singles would pay at the top rate of 35 percent on taxable income of \$42,000 or more. Those filing jointly would pay at the 35 percent rate on taxable income of \$70,000 or more.

***Exemptions:** An exemption would reduce your taxable income by \$2,000, nearly doubling the current exemption of \$1,040. You would generally claim one for

yourself, your spouse and for each qualified dependent. Those 65 and older and blind persons would no longer be given an extra exemption, but may instead receive a tax credit if they qualify.

***Zero Bracket Amount:** Sometimes referred to as the "Standard Deduction," the zero bracket amount is a deduction everyone receives. It is built into the tax table and that part of your income - along with your exemptions - is not taxed. The zero bracket amount would increase to \$2,900 for single persons, \$3,600 for heads of households and \$4,000 for married couples filing jointly.

***Itemized Deductions:** These are expenses that can be subtracted from your adjusted gross income. It pays to itemize deductions and file a Form 1040 (long form) only when itemized deductions are greater than the zero bracket amount of which you are entitled. The major itemized deductions allowed under the President's reform proposal include: charitable contributions, mortgage interest on your principal residence, medical expenses that exceed five percent of your adjusted gross income and interest on personal loans up to \$5,000 plus investment income.

***Lost Deductions:** Several important deductions would be discontinued under the President's reforms. Itemizers would no longer be permitted to deduct state and local taxes on their federal tax return. Virtually all business deductions for entertainment would be eliminated. Only half the cost of a

business meal over \$25 (per person) would be deductible, but you can still deduct the first \$25. Another big change in deductions: So-called "miscellaneous deductions," for investment advisory fees, tax preparation fees, safe deposit box rentals, professional organization dues, union dues, etc. would be lumped together with employee business expenses not reimbursed by your employer. These items would become adjustments to income. Only those miscellaneous deductions and employee business expenses greater than one percent of adjusted gross income would reduce your tax bill. However, you would no longer be required to itemize to claim these deductions.

***IRAs:** These are Individual Retirement Accounts that give you a tax break for investing and building a retirement fund. Contributions reduce your taxable income and are not taxed until you withdraw the money. By that time, you'll presumably be in a lower tax bracket. The President's reforms would raise the amount that a married couple with one working spouse can contribute to an IRA from \$2,250 to \$4,000.

***Medical Insurance:** Employer contributions to medical insurance premiums would be taxed. The first \$10 a month for individual coverage and the first \$25 a month for family coverage would be added to the employee's gross income.

***Two-Earner Deductions:** This currently takes some of the sting out of the so-called "marriage penalty" but would be discontinued under the President's

reform package. Working married persons have been allowed to deduct 10 percent of the lower-earning spouse's wages - up to \$3,000 - from adjustable gross income. This tax break would be eliminated.

***Child Care Expenses:** A tax credit that currently defrays the cost of caring for a child while parents are at work would be replaced by a tax deduction. If you meet the eligibility requirements, child care expenses of up to \$2,400 for one child and \$4,800 for two children would be deductible.

All of these rules are only proposals and they may be changed by Congress over the coming weeks. Keep in mind that this summary is meant only to provide a guide to understanding the tax reform debate, and you may want to ask a CPA to help you with any specific questions about your personal situation.

To all who remembered me while in Saline Hospital and at home by word, cards, visits and kind thoughts. Special thanks to Reverends Carruth, Macfarlane and Bentley, also to Drs. Jordan Myers and nurses who were very kind to me. All is greatly appreciated. Especially to my loving wife Laura who was always near me.

I wish to thank the Great Support System in this town, The Police and Fire Departments for their fast response to our S.O.S., to Rev. Macfarlane for leaving his golf game, the Senior Citizens for the use of the bus and Roger Marrison for driving it and Mike Minor for helping me on the bus, American Legion Auxiliary for the wheel chair, Byron Moore for fixing the phone so I can reach it, Fred Heinrich for tape recorder, family, friends and neighbors for food, cards and calls, to Diana Macfarlane and Ella Duck for sitting with me and to Milda Koebbe who with all her cares still finds time to stop in at least twice a day to share mine.

Thank you and God Bless all of you.

Cards of Thanks

I wish to thank everyone for the get well wishes, gifts, flowers and visits while in the hospital. Special thanks to Father Schlinkert, Dr. Barkway, and Dr. Buenaflor. Also to Minard and Mary for keeping me at their home to recuperate. And to all my relatives that are doing so many errands everyday since I have been home.

Gratefully,
Margaret Dietle
