United Way Division Chairpersons Selected

Commitment to Manchester and the needs of its citizens is a recurring theme stated by those who have agreed to serve as Division Chairpersons. The chairpersons play a critical role in the campaign. It is their responsibility to identify solicitors and team captains for their division, to report to the campaign Chairperson regularly on their division's progress, and in general to keep their division's campaign effort moving along smoothly.

Through the seven divisions it is intended that every household, civic organization, business, industry and employee within the Manchester School District be contacted and asked to give their fair share. The campaign officially begins with a kick-off dinner on September 18, at 6:30 p.m. at the K of C Hall for all campaign volunteers.

campaign at two levels. He is a member of The United Way Board as well as serving as a division chairman.

Mark will coordinate six volunteer teams, made up of one captain and from four to six solicitors each, who will contact every home in the village. Mark can use additional volunteers, so if you live in the village and would be willing to donate a few hours of your time, you can contact Mark.

Mark is the Branch Manager of First of America and lives in Manchester Township with his wife and two children.

Susan Mann,
Rural Division Chairwoman

Susan believes that there are some very worthwhile agencies who benefit from those who contribute and she is willing to do what she can to help the campaign.

Susan has served in previous years as a solicitor and as a team captain, and this will be her first year as Division Chairperson. Susan is responsible for coordinating the efforts of 7 captains and their teams covering the 4 townships in the Manchester School District. She can use more volunteers, so if you live in one of the townships and are willing to donate even a small amount of time to help the campaign, you can contact Susan. She lives in Bridgewater Township with her husband and two children.

Mark VanBogelen
Village Division Chairman

"Community betterment" for the town in which he lives and works explains Mark's reason for being involved in The United Way

Eugene Thompson
School Employees Division
Chairman

This will be Gene's sixth campaign year as Schools Division Chairman. He works with each of the school principals to obtain a direct donation or a payroll deduction commitment from each of the school employees.

Gene is proud of the support they give to United Way, topping their goal at 111% last year. The school employees feel a strong commitment to Manchester, whether or not they are residents of the community.

Summer Reading Club Award Program School Board Makes Millage Decision

Children who participated in the Summer Reading Club at the Manchester Township Library and had read at least ten books received certificates at the Blacksmith Shop on September 14. They enjoyed several puppet plays while munching popcorn and drinking cider. The refreshments were provided by Corky D's and Baker's Dozen. All other certificates and reading records may be picked up at the library.

Summer Reading Club participants included: Jennifer Guernsey, Michelle Gould, Shane Guernsey, Johnny Schiel, Sarah Feldkamp, Seth Goodrich, Luke Hugel, Rachel Riggs, Justin Ebersole, Anne Irvine, Erin Riggs, Andrew Schook and Eric Anderson.

Board Notes Regular Meeting September 16, 1985

The Manchester Board of Education met for its regular meeting on Monday, September 16, 1985, at 8:00 p.m.

All members were present. The meeting was held in the High School Study Auditorium to accommodate the large audience. Lynda Kosinski, President of the National Honor Society, presented a petition to President Kent Talcott with 211 signatures urging the Board to retain Mr.

Jay Hofensperger as a teacher. Mr. Dale Houck presented a petition with 320 signatures urging the Board to schedule a new election.

Ms. Becky Doyle presented a petition to the Board urging a new election and splitting the proposal into two categories. Minutes from the August 28 and September 9 meetings were approved as amended. A financial report showing a balance of \$1,089,282.80, and bills in the amount of \$232,623.30 were approved.

Ocean Liner Titanic Sinks; 1,334 Lost

Manchester Enterprise
April 18, 1912

Only 866 Persons Of 2,200 On Board Escape From The World's Greatest Of Marine Disasters.

Mightiest Of Ocean Liners Strikes An Iceberg Off Grand Banks At 10:25 Sunday Night And Founders At 2:20 Monday Morning

The greatest marine disaster in the history of the world occurred Sunday night when the Titanic of the White Star Line, the biggest and finest of steamships, shattered herself against an iceberg and sank with 1,334 of her passengers and crew in less than four hours.

Out of 2,200 people she carried

only 866 were known to be saved. Most of these were women and children. They were picked up from small boats by the Cunarder Carpathia which found, when she ended her desperate race against time, a sea strewn with the wreckage of the lost ship and the bodies of drowned men and women.

Among the 1,130 passengers of the giant liner were: Col. John J. Astor and his wife, Isidor Straus, Major Archibald W. Butt, George B. Widener and Mrs. Widener of Philadelphia, Mr. and Mrs. Henry S. Harper, Wm. T. Stead, the London journalist, and many more whose names are known on both sides of the Atlantic. The news that few besides women and children were saved has caused the greatest apprehension as to the fate of these.

Council Hires Village Manager

In July, the Mayor appointed an Executive Search Committee to find a Village Manager. Since that time, 47 applications have been reviewed with 8 applicants being interviewed. After meetings and consultations, the committee of Ted Tapping, Chairman, Lynn Niehaus, Gale Koebbe, and Mary Kallewaard, Secretary, have selected Daniel Naimowicz to fill the position.

Mr. Naimowicz, a resident of Ypsilanti along with his wife and three children, is presently Director of Personnel & Field Operation of the Public Service and Utility Department at the Charter Township of Van Buren.

He will begin work here on October 14. Prior to that date he will be spending sometime here to acclimate himself with our community.

When the Titanic plunged headlong against a wall of ice at 10:25 Sunday night, her fate established that no modern steamship is unsinkable, and that all of a large passenger list cannot be saved in a liner's small boats. The White Star line believed that the Titanic was practically invulnerable and insisted, until there was no doubting the full extent of the catastrophe, that she could not sink. The great ship was the last word in modern scientific construction, but she found the ocean floor almost as quickly as a wooden ship.

On her maiden trip, the Titanic, built and equipped at a cost of \$10,000,000, a floating palace, found her grave. Swinging from the westerly steamship lane at the south of the Grand Banks Of Newfoundland to take the direct run to this port, she hurled her giant bulk against an iceberg that rose from an immense field

Young Scientists Hard At Work During Summer

Rita Talcott, daughter of Kent and Jane Talcott, was selected to participate in a very prestigious program sponsored by the University of Michigan.

Out of many applicants, Rita was one of nine students chosen to work with a research scientist during the summer. Rita was matched with Dr. Cynthia Marcello at the Kresge Medical Research Labs on the University of Michigan Medical Campus. Dr. Marcello's specialty is the study of skin cells and her research is designed to help victims of psoriasis and scarring.

Rita was the seventh place winner in the Southeast Michigan Science Fair last March. She received Honorable Mention in Biology and a U.S. Army Certificate of Achievement for her science project entitled "Effects of Sodium Chloride on Mice".

According to Rita, "The work has been challenging and never boring. This program has given me a whole new feeling on how research is conducted and it's made me wish even more to continue my science career."

We are certainly proud of Rita and wish her continued success in this coming school year.

Senior Citizens News And Meals

Klager School News

Big Bird Helps Kids Learn About Speech

Meeting a new teacher can sometimes be a scary experience for young children. But for speech students at Klager who were greeted by Big Bird, sessions began with a grin and a giggle. Big Bird introduced his friend Mrs. Nancy Gibbard who is the new speech teacher at Klager. Together they helped youngsters learn more about speech and the language we speak. Children brought up with Sesame Street couldn't resist the lure of learning with Big Bird.

Klager School Open House

Back to school Open Houses are a special time for young students to show their parents where they go to class and for parents to become acquainted with their children's new teachers. Wednesday, September 25th, at 7:00 to 8:00 p.m. is the scheduled time for Klager School's Open House. Mrs. Hankamp's kindergarten students will have their Open House at Nellie Ackerson School from 6:15 to 7:00 p.m. Klager students, parents and guardians are cordially invited to join us for Back-to-School Night.

MEAP Testing

Students in fourth, seventh and tenth grade are participating in state-wide tests developed by the Michigan Educational Assessment Program (MEAP). Given each year to students in grades 4, 7 and 10 the tests evaluate student achievement in the areas of math and reading. This year a subtest of health was also included. Information from the tests state district and school wide are used to improve educational programs. Additionally, each student receives an individual evaluation of specific skills which helps the classroom teacher plan for each child's special needs.

Room Parents Tea September 19th

The Klager Parent Teacher Organization will host a Tea for all 1985-86 room parents on Thursday, September 19th, at 3:10 p.m. in the Klager all purpose room. Parents are invited to get acquainted with staff, other room parents and to share ideas about the coming year.

Big Three Wheel Race

The Pittsfield Township Department of Public Safety has challenged the Washtenaw County Sheriff's Department to race in the Annual Big 3 Wheel Race held at the Sheriff's Department on September 21, 1985.

The Loser, either Sheriff Schebil or Director Norm Maddison will be required to go to Jail, with a telephone, where he will remain until he has raised a \$200 bond which will be donated to the March of Dimes. The loser is also required to eat one meal in Jail - JAIL FOOD - and clean his plate of every morsel.

The Big 3 Wheel Race is for Two to Six Year Olds and will be held Saturday, September 21, at the Washtenaw County Sheriff's Department on Hogback Road, Ann Arbor. Bring your big wheel, tricycle or any other non-motorized three wheeler, and be ready for a full morning of racing and fun.

For pre-registration call the March of Dimes, 761-6331, on or before September 19. Registration is \$6.00 for the first child and \$4.00 for each additional child. After September 19, the registration is \$8.00. All proceeds from the race will go to the March of Dimes to help fight birth defects.

Unapproved Minutes
Manchester Township Board
September 9, 1985

Following Minutes are unapproved and subject to change by The Manchester Township Board:

Hearing for Increasing Property Taxes was held at the Township Hall on above date at 8:00 p.m. Board members present were Macomber, Widmayer, Fielder and Burch. Absent: Lentz.

Discussion.
Date set for meeting after seven days is September 17, 1985, at 9:00 a.m.
Adjourned 8:15 p.m.

Dorothy Burch,
Acting Clerk

Regular Meeting
Manchester Township Board
September 9, 1985

Meeting called to order 8:15 p.m.

Present: Macomber, Widmayer, Fielder, Burch. Absent: Lentz. Salute to flag.

Last month's minutes approved by Macomber seconded by Widmayer. Roll call - all eyes.

Treasurer's report - \$15,002.27 in General Fund. Bills paid since last meeting presented. Bills due - moved by Macomber and seconded by Widmayer to pay bills. Roll call - all eyes.

Correspondence read and discussed as follows:

Status of Volunteers
Viola Burger
Sherriff Dept. Services - deferred.

Old Business:
Gerald Lowery has not contacted us - 45 days are up this week.

Fire Dept. doors - Macomber has seen one set - 4 doors for

\$5400; he will continue looking. Maynard Leach letter of resignation for Board of Appeals read - letter of thanks for services to be sent.

Salver Sporting Goods - Constable will contact him. Mahric Road maintenance agreement discussed. A road name has been assigned, Woodbrook Lane, and "Stop" signs ordered.

The meeting adjourned 8:47 p.m.

Dorothy Burch,
Acting Clerk

Hunter Safety Classes Begin Soon

The Manchester Sportsman Club located at 8501 Grossman Road, is having Hunter Safety Classes on Wednesday evenings, September 18, and 25, and October 2, from 7 to 9 p.m. and on Saturday, October 5, 1985, from 10:00 a.m. to 2 p.m.

Attendance at all four sessions is mandatory. You must be 11 years of age to attend and parents are welcome. There is no charge.

The course is under the supervision of the Department of Natural Resources and taught by certified instructors.

The course consists of lectures, demonstrations, film strips and actual use of guns and archery.

Sign up sheets will be at the Middle School and Keith's Barber Shop. Instructors are Lauren Huber, Darryl Taylor, Earl Iverson and Dennis Heckaman. Any questions, call Lauren Huber at 428-8116.

Sons Of The American Legion

The Sons of the American Legion will meet Thursday, September 19, 1985, at 7:30 at the Legion Home.

Farm Aid

Farmers, being the proud yet compassionate people they are, have mixed emotions about the Farm Aid concert scheduled for September 22, in the University of Illinois football stadium. It is ironic that the two major benefit concerts of the year were held for the Ethiopians who had no food and for farmers who have produced more food than the market knows what to do with.

The Farm Aid concert appears to be a worthwhile event and it will draw national attention to the economic hardships that have befallen rural America. The concert will also raise millions of dollars which can be earmarked for various forms of assistance to farm families in need.

However, even a concert of this magnitude is little more than a bandaid. It would take billions of dollars to pay off the farm debt that experts say is in danger of going in default, not millions.

Perhaps the Farm Aid concert can do the most good in raising the question of how there can be prosperity for some segments of the economy while we let agriculture, a vitally important segment, suffer.

Fifty years of farm programs and billions of dollars of taxpayer money have not made a real difference, nor will the Farm Aid concert. But maybe because of it, we will strengthen our resolve to solve the problems of American agriculture.

Class Of 1976

There will be a meeting for anyone interested in planning the 1976 Class reunion. It will be held, Wednesday, October 9, 1985, 7:30 p.m. at 325 E. Main, Manchester. For further details or questions contact Karen Smith at 428-8808.

Letters To The Editor

This is a thank you note to the Village Council going public with information in their letter published on September 12, 1985. I am pleased they are taking an open viewpoint to inform the residents. This is something we should all appreciate, since it has not been the regular procedure in Manchester and is a first for them.

Three new members were elected to the council this last March and they are a breath of fresh air to the council proceedings and to my knowledge had nothing to do with prior council actions; they just live with what they find.

If there are any misconceptions or any inaccuracies I have stated, I sincerely apologize. It was not my intention to misinform. It has been most difficult to obtain information when requested under the Freedom of Information Act. The clerk furnished what she could locate and stated, "I have not been able to locate any minutes or previously researched material on Chi Bro Lake hook-up," which is repeated in a second letter of July 23, 1985, she has sent us.

I will be looking forward to the answer to my questions presented. Wouldn't it be helpful for the Council to dig in and keep accurate information flowing? The public wants to know. I base this on the numerous inquiries I have received.

I quoted outflow of water from Chi Bro Lake averages 78,000 gallons per day. This was taken from your engineer's report which was furnished to me. If you had another report of 60,000 gallons per day, you did not give it to us.

The job was accomplished and it is like the great philosopher Omar Khayyam stated:

"The moving finger writes: and having writ, moves on: nor all your piety nor wit shall lure it back to cancel half a line, nor all your tears wash out a word of it."

We have just filed a motion in our Circuit Court case to have the village furnish numerous items for our review and study. The previous council was over anxious to have the DNR intervene and encouraged their intervention. Why did some village officials encourage people in Manchester to contact DNR and slow up the Rural Housing Project? After we obtain all of the engineering reports, maps and data the village has, we will review them and furnish a report on our findings. If it becomes necessary to hire an engineer, this will be done.

The complaints filed in court show the Village is using our property for your well and have been doing so for several years. They have disregarded the judgment entered in 1979 and do not choose to give the judgment full faith and credit. They have never at any time informed the residents of their obligations and our rights with respect to the judgment.

The taxpayers are the ones who will pay for the damages and repairs to your sewer and water system. My original purpose was as stated, to alert you to the potential impact on your cost of living in Manchester and I will continue to do so.

Sincerely,
Jim Hendley

eliminate transportation? Was it to gain the large amount of money needed as they say? Or was it to hurt certain portions of our community? Or was it to keep the high school activities untouched? I think that all avenues were not explored. Was thought given to 1/4 day schedules, running school normally until funds run out, going to a 4 day schedule, etc.? If we have to cut, let's cut fairly so everyone can share the burden not a select few. The board members have in fact acted irresponsibly toward our elementary and middle schools students. It's time for Manchester NOT to be embarrassed by outdated thinking and self serving program cuts but time for the board to emerge with creative ideas and positive attitudes. This board needs to provide a well-balanced education for ALL students. THEY ARE NOT. Recall of these men may be necessary if these goals are to be achieved.

Questions that are still unanswered in my mind are: Why weren't these large deficits foreseen and acted upon earlier? What will it cost the school district in unemployment benefits to release bus drivers, custodians, and teachers? What part did the forthcoming North Central Education have in the decision made to cut transportation? Why does the board feel it necessary to use intimidation to sell their millage elections? Has our superintendent provided the right kind of leadership?

Forty five days to wait for another millage election is too long. We need changes now. Be responsible board members. Be creative. Be fair.

We challenge the school board to positive action.
Karen and Brian LaRue

Again an embarrassment! Manchester schools do not provide transportation, yet we have all extra curricular programs at the high school. These opposing philosophies are being conveyed to the public. How can we not have bussing and yet have every extra curricular activity at the high school level? There must be a bias here somewhere.

Where? Our school board members and our top administrator. Board members seem to be guilty of satisfying their personal needs as most have children at the high school level.

The sad commentary here is that most people will not see our dedicated teachers and innovative programs - they will see and hear "no transportation in Manchester." This is a basic need in Manchester. Children's education and safety at the middle school and elementary levels are being sacrificed and I feel this is irresponsible action on the part of board members. Let's hope that no child is hurt during the chaotic period when parents and teenagers must drop off and pick up children.

Why did these men choose to

School Board

The Board approved the Superintendent's recommendation to purchase a new German Textbook.

Appointments for Fall Coaches were approved. Mr. Brian Knox, Boiler Engineer, updated the Board regarding progress on the boiler modification.

Christine Hauke's resignation was accepted by the Board.

Teaching contracts were approved for Charleen Brown, Nancy Gibbard, Douglas Darling, and Mary Shaffer.

and Mary Shaffer.

The Board approved the Superintendent's recommendation that he be directed to withdraw the layoff of Mr. Jay Hofensperger. General discussion took place among the board and members of the audience regarding millage, transportation problems, new programs, summer tax collection and election dates.

The Board directed the Superintendent to seek a new election date at the earliest possible date.

The Board scheduled a special meeting to be held on September 23, at 8:00 p.m. at the High School.

Trustee Samonek inquired the procedure for selecting the homecoming queen.

The meeting was adjourned at 11:05 p.m.

Droure popped in 8 each. On Thursday we met Britton-Macon and despite Renea scoring 13 points, we lost 59-40.

The JV squad was victorious on Thursday, 23-22.

We now host Hanover-Horton Thursday.

To The Unregistered Voters Of Manchester

Please register with your Township Clerk within the next 30 days. Your votes are very important! Please register and vote!!

To The Registered Voters Of Manchester

It was voted by the School Board at the September 16, meeting that a date would be set for another millage election but they would like another 500 signatures on the petitions by September 23, for a special meeting.

Petitions have been placed at the Manchester IGA, Drs. Okey and Johnson office, Great Lakes Federal Savings, NAPA Auto Parts, Klager School and at the home of Joyce Armentrout, 702 E. Vernou, 428-7072.

If you have not already signed a petition, please stop by one of these places and do so.

Dutch Girls Split

We got our first season victory Tuesday as we canned Jackson Babbist 46-31. Karen York led our roundballers hitting for 10 points as Tracy Schuler and Renea

DNR To Promote Rustic Campground

Boasting more than 14,000,000 acres of Michigan forest and a wealth of wildlife and water activities, the Department of Natural Resources has undertaken a major campaign to familiarize Michigan residents with the pleasures of rustic camping.

The major campaign messages will be carried by the state's top-rated radio stations as public service announcements and as news releases in the state's newspapers and periodicals. Posters and artwork have been developed to illustrate the very special nature of rustic camping, and Forest Management Division personnel are inviting the public to enjoy "Some of Michigan's finest resorts for just \$4 per night."

Although the campaign will begin this fall, plans to extend and increase the effort are scheduled for early Spring.

Anyone interested in receiving a free Directory to Michigan's State Forest Campgrounds should write to Information Services, Department of Natural Resources, P.O. Box 30028, Lansing, MI 48909.

Free Rustic Camping Guide Available

Are you looking for a quiet place - an undisturbed trout stream for flycasting, a quiet spot to study the trees, wildflowers and animal life? Michigan has more than 150 campgrounds sprinkled throughout some of the state's most beautiful forest preserves. They're a bit difficult to find, and a bit more rustic than others, but they offer a kind of quiet environment that few campgrounds can boast.

The cost of camping at a Michigan Rustic State Forest Campground is \$4 per night in most areas. All sites come with a fresh water supply, rustic restroom facilities, and a generous supply of animal life.

This fall, rustic camping at one of these campgrounds will provide you and your family with a burst of color and an exciting panorama of Michigan landscape.

If you would like more information about the camping experience available at Michigan's rustic State Forest Campgrounds, send a card to Info Services, Michigan Department of Natural Resources, P.O. Box 30028, Lansing, MI 48909. They will send you a free campground guide.

Freedom Township Board Meeting

September 10, 1985

Proposed synopsis of Regular Meeting of Freedom Township Board held on the above date at the Township Hall with all Board members present.

Roy Bihlmeyer, Zoning Inspector also present. Meeting opened at 7:30 p.m. Minutes of previous meeting were accepted.

Treasurer reported a balance of \$11,377.90 on hand in the General Fund. Communications were read.

Bihlmeyer gave report on inspections. Township/Fowler hearing was postponed. Date not yet determined.

Following Board action was taken:

Voted to take Township Insurance with Municipal Consulting Managers, Inc., effective November 1, 1985. Township mills set at 1.16 for 1986-87. Approved spending \$5,000 on graveling roads. Approved application for Farmland Agreement, Act 116 for LeRoy and Dolores Buss. Approved payment of General Fund bills as presented.

The meeting was adjourned at 11:00 p.m.

health for all

ACHOO!!! It's Hay Fever Time

Want to go sailing 100 miles offshore and stay there until the first frost? If you're one of the 19 million Americans whose summer fun is interrupted by the sneezes, runny nose and watery eyes of hay fever, being stranded in the middle of a body of water for relief of hay fever miseries may not sound like such a bad idea.

Hay fever, which is not really a fever at all, results when pollen, especially ragweed, stimulates the antibodies within the immunosystem. When the individual is exposed again to the pollen

reaction, such as cigarette smoke, and be sure to keep your air-condition filters clean. Many hay fever sufferers find relief at the beach because there is less pollen near large bodies of water. Air purification systems also may help many people.

For more information on hay fever, contact your nearest American Lung Association of Michigan office or write to the state office at 403 Seymour Avenue, Lansing, Michigan 48914. There's a toll free number for your convenience at 1-800-292-5979. In the Greater Lansing area, call 484-4541.

Kresge Expansion Open House

Chelsea Community Hospital will host an open house for the public of its newly expanded Kresge House Substance Abuse Residential Treatment Facility on Friday, September 27 from 4:00 p.m. to 5:30 p.m. The public is welcome to tour the facility and learn about the Hospital's Substance Abuse Program.

Kresge House, which opened in 1981, as a twelve-bed facility is now expanded to twenty-four beds. Kresge was the first facility of its kind in Michigan and serves as a model for other hospital-based programs in the state. The home-like environment serves to encourage self-responsibility and active participation for patients beginning to learn to live in an alcohol/drug-free environment with an opportunity to develop the skills necessary to return to their home, families and communities.

For more information about the open house call Chelsea Community Hospital, 475-1311, Ext. 215.

Two and Three Wheel Motorized Vehicles Must Be Registered

Whatever it is called, if it has a motor and two or three wheels, it has to be registered before it can be driven on public highways, roads and streets.

If it has two horsepower or less, no gears, and a top speed under 30 miles per hour, it's a moped and the operator has to have either a driver license or a special moped license to operate on public highways. The minimum age for a special moped license is 15.

If it has more than two horsepower, a gear shift, and a top speed of over 30 miles per hour, it is a motorcycle. The operator must have a driver license with a motorcycle endorsement.

According to Secretary of State Richard Austin this distinction is not clearly understood by many parents who purchase mopeds for their children. "Some dealers apparently are not aware of the laws that apply to moped operation," Austin said. The sharp rise in the number of these new two and three wheeled vehicles has contributed to the confusion.

Austin said the law requires all motorcycle riders and all moped operators under 19 years of age to wear helmets, but for safety sake, all moped operators regardless of their age should wear helmets.

Businesses selling mopeds must make application for a moped registration with the Secretary of State for their customers. This requirement was added to the law in 1983 in order to insure that mopeds are properly registered when sold by moped dealers.

Turner Geriatric Clinic

The regular monthly meeting of the Low Vision Support Group will be held at Turner Geriatric Clinic on Wednesday, September 25, 1:00 - 3:00 p.m.

John Williams, Manager of the U.M. Hospital Optical Shop, will demonstrate optical aids for those with low vision. All interested persons are welcome to attend. For further information, call 784-2556.

Foster Homes Needed

Can you make time in your life for a child who needs you? Washtenaw County Department of Social Services needs foster homes to provide care for children who have been removed from the home of their natural family because of abuse or neglect. We also work with some short term voluntary situations because of hospitalization of the caretaker.

We need black and white homes for children of all ages. Because we work with so many children who are also sexually abused, we especially need families who are willing to learn to work with older children with special needs. We also have a shortage of black families willing to do long term care or to adopt children of all ages.

INTERESTED????

We have a foster parent/adoption training program starting Wednesday, September 18, 1985, from 7:00 p.m. to 9:00 p.m. at the Department of Social Services, 2350 W. Stadium Blvd., Ann Arbor.

Please call Pat Ruby at 994-1894 to register or for more information.

Hit or Miss

by Farley

Though not a student of history, I find it hard to believe that any civilization has ever been so totally absorbed in its own fat as the Americans during the late 20th century.

Historians exhuming our shards a few thousand years hence will doubtless draw eerie conclusions about us if their artifacts include "The Firm Upper Arms Book", subtitled "Beautiful Arms in Thirty Days", which McGraw-Hill's spring catalog announces for publication in May.

I have not seen 'The Firm Upper Arms Book', and know about it only from a single page in the catalog, but it is on just such scanty evidence that anthropologists reconstruct long-dead societies. In this fat business the sweeping generalizations that demand to be drawn from a single catalog page seem to me just about what would be deduced by any sensible anthropologist studying us today: to wit, that Americans are coming unhinged on the subject of fatty tissue.

Note that McGraw-Hill is a large, successful publishing house that is highly astute about giving the American market what it demands, particularly in technical books. I myself have wandered into its catalog only because of an urgent need for a book on how to get rid of household pests without dangerous chemicals.

Sure enough, I find exactly what I am looking for on page 32. It is 'Bug Busters: Getting Rid of Household Pests Without Dangerous Chemicals', to be published in May 'for the millions who use bug sprays and wonder why they still have bugs.'

Since book catalogs affect me the way seed catalogs in February affect gardeners, I instantly fell into a daydream about building walls of Vaseline, wood ash, sawdust, tin cans and steel wool to keep houseflies out of the kitchen this July.

('Barricade them', said the catalog copy, 'using Vaseline, wood ash and sawdust, tin cans, steel wool'.)

Incompetent to drive a nail without splitting the board, I let my daydream take its full course -my wall of Vaseline, wood ash and sawdust being ground into the parlor carpet because the tin cans weren't properly welded to the steel wool-battalions of flies swarming through the breach-and so on to the inevitable end when, losing my temper, I turn once again to dangerous chemicals.

During my doze a breeze flipped the catalog back to page 30, and I woke to 'The Firm Upper Arms Book'. ('Now every woman can say good-by to flabby upper arms forever with this proven and unique five-minute...')

I did not take offense at the female chauvinist sexism of the suggestion that men have no desire to say good-by to disgusting flabby upper arms. Blessed since childhood with upper arms of the pipe-stem, Popeye variety, I have ever felt contempt for men with flabby upper arms and have no urge to defend them from female chauvinist slurs.

Moreover, I am too occupied studying a photo of a young woman in a form-fitting one-piece tiger-stripe leotard, who appears to weigh perhaps 87 pounds. She is striking a charming pose obviously meant to illustrate that she and flabby arms have said their last good-bys.

Some print worked skillfully into the curve of her waistling says 'Beautiful Arms in Thirty Days', from which I deduce that this time last month she must have cut a revolting figure: a woman so petite as this tiny beauty could only have looked like a medical freak had she been afflicted with flabby upper arms.

Closer examination of the ad copy, however, suggests that maybe it all hasn't happened in 30 days. There is a strong hint that she has previously bought McGraw-Hill's best-selling 'How To Flatten Your Stomach' and 'Thin Thighs in Thirty Days'.

If so, this woman must spend most of her waking hours warding off fat. When, I wonder, does she find time to think about income

taxes? In my experience life affords only enough time to keep abreast of the income tax code or keep flab off the carcass, not both. Questions buzz like houseflies in July. Why is it that Americans who worry hardest about fat are usually those who are little more than bones and hide?

I leave it for the next millennium's anthropologists and turn back to 'Bug Busters', reading:

'Trap them: using beer, flour, cheese, cotton batting...'
I daydream of beer-flour-cheese-stuffed flies with upper arms so flabby not one can move in time to escape my lethal flyswatter.

Military News

James Burch, an active member of the United States Navy, presently stationed on the U.S.S. Farragut DDG 37, has recently been advanced to Interior Communications Third Class Petty Officer.

Since his enlistment in February, 1984, his other accomplishments include completion of Recruit Training, Basic Electricity and Electronics and Interior Communications "A" School in San Diego, California.

He then reported to the U.S.S. Farragut DDG 37, homeported in Norfolk, Virginia. Since his tour on board the U.S.S. Farragut, his accomplishments include:

- advancement in rate to ICS, a 3.8 special evaluation for Outstanding Food Service Attendant duties, completion of NC2, Mod 2A Maintenance School and Dimension 2000 Administration Maintenance School. James was also awarded "Sailor of the Month" for the month of August, 1985, due to his outstanding dedication of duty.

James is a resident of Manchester and the son of Tom and Ruth Burch and brother of Dan, Colleen and Cathy Burch.
