Chicken Broil Supports Athletic Complex Community Kitchen Community Meeting For Education

Ron Man (left) and Eugene Bentschneider (right), Co-Chairmen of the Manchester Chicken Broil present Head Football Coach, Jim Fielder with check in support of Athletic Complex.

Thanks to hundreds of hours of volunteer labor and \$102,000 donated by the Athletic Boosters, the Manchester Chicken Broil, the Men's Club and other civic organizations, Manchester's young football players and track stars are enjoying a new athletic field complex this year.

Manchester's Chicken Broil Committee was a major contributor to the athletic field complex. \$7,942.02 in Broil profits was used to buy materials for a new press box, and \$9,843.35 purchased the perimeter fence.

"We'd like to thank the hundreds of volunteers who donated their time to work at the Broil or help build the press box," said Ron Mann, Co-Chairman of the Chicken Broil Committee.

According to Mann, construction on the press box started in August and was "essentially completed" in time for Manchester's first home game on September 6.

"I couldn't even estimate the

Halloween Party October 31st

The Manchester Women's League will be holding a Halloween Party from 7:30 p.m. to 9:00 p.m. at the Middle School on Thursday, October 31. Pre-school thru fourth grade are invited to attend. Little trick-or-treaters will be awarded prizes in each grade group for the funniest, most original, prettiest, and most ugly costumes. Cider and donuts will be served.

The Manchester Police Department will also be on hand to fingerprint children of any age. A parent must be present. Fingerprinting need only be done once to insure proper identifying of your child. Trick-or-treating will be between 5 p.m. and 7 p.m. in Manchester. Children and parents can go directly to the Middle School at 7:00 p.m.

number of people who turned out to do wiring, carpentry and excavating work," said Mann. "There were people working who don't even have kids in school anymore."

"Volunteers made the complex a success. It's only through cooperation and people donating their time that projects like this get done," Mann added. "Now Manchester has one of the nicest high school athletic fields in southeast Michigan. It's a real asset to the school and our community."

New Institution May Become Very Common If Help Continues So Scarce And High In Price.

With the present scarcity and increasing scarcity of help to work in homes and kitchens in particular, Manchester may be forced into the establishment of a community kitchen — the latest scheme to enable us to eat.

Ann Arbor people also find it necessary to eat, and it is proposed to establish one of these latest contrivances there. Lansing ladies are also discussing the project, and Jackson is investigating. Undoubtedly there are other communities where live many people whose income does not allow them to expend \$15 a week for a cook or from \$8 to \$12 a week for a maid, who would take kindly to this latest plan.

The community kitchen is a central kitchen from which are sent out one or two meals a day to subscribers paying a certain amount for the food which is delivered at certain hours. The servitors are built on the plan of thermos bottles and will keep the food hot for several hours. The kitchen is to be in charge of a competent cook who will do all the

continued on page 3

A meeting for all Manchester area citizens who are interested in the future of financing of public schools in Michigan. It will be held on Thursday, October 24th at 7:30 at the Manchester High School. Invited guests (speakers) will include Senator Lana Pollack, Representative Margaret O'Connor, Ken MacGregor - Michigan Education Association, Dr. Eugene Thompson - Superintendent Manchester Community Schools, Kent Talcott, President Manchester Board of Education, Phyllis Heinrich, President Manchester Education Association, and Mr. Kostishak, County Tax Assessor. Invitations were also extended to Phillip Runkel - State Superintendent for Education, Gary Owen - Speaker, Governor James Blanchard, and all local township supervisors. The purpose of the meeting is to discuss long-term financing for schools such as Manchester

Community Schools, characterized by having virtually no state financial support. Major topics to be discussed include 1) An explanation of the financing formula, how it works, how and why is Manchester different from other districts (if it is). 2) A discussion focusing on whether the financing formula is out of date or inappropriate, how it could be changed, and the implication of any change. 3) The potential for increased state control of the schools, the direction it may take, and the dangers or opportunities involved. 4) Alternatives to financing education, including changes to the property tax methods, the Lottery, income tax alternatives, and so forth.

A group of concerned citizens, led by Mr. James Meranuck and Mrs. Vicki Miller, has organized the Community Meeting. For further information, call Vicki Miller at 668-6921.

8,000th Blood Donor

Michael Mahrle, 11475 East Austin Road, Manchester, was the 8000th blood donor for Manchester, Monday, October 14, 1985, greeted by Mrs. James Warner, chairperson of the day and Christi Santure, Red Cross RN.

The 8,000th blood donor for Manchester in the last 34 years was welcomed Monday at 5:15 at the Bloodmobile in Knights of Columbus Hall. Michael Mahrle, machinist at Hoover-Universal, who was donating for the first time, was thus honored. Mike was a 1983 graduate of MHS and lives at 11475 E. Austin Road - Congratulation and welcome to "The Club".

165 units of blood were donated Monday, though a bit short of the 200 we had hoped for with 197 pre-registered. Since 10 others who came were deferred for temporary medical reasons, the health conditions in the area were not at the best. 28 "walk-ins" saved the day. Eight first time givers were

added to the ranks of Manchester's blood donors and eighteen gallon donors were honored with pins. These included: 3 four-gallon donors - Virginia Fielder, Lawrence Becketl and Daniel Monahan; 3 three-gallon pins went to Arberta Fox, Lee Dennis and David Ahrens; 8 two-gallon donors were Dennis Hatt, Richard Schmidt, Michael Schlosser, Timothy Ahrens, Charles Kurutz, Elwin Benedict, Herbert Roehm and Gerald Mann and 4 new 1-gallon pins went to Sandra Smith, Tod Teeple, Clarence LeMar and Charlotte Major.

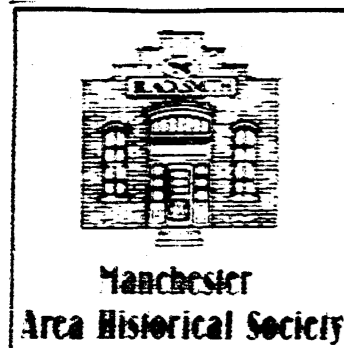

Thanks for the hours of work put into the annual October clinic go to St. Mary's Altar Society and continued on page 7

Abduction Safety Program

Bryon Fent watches carefully while younger brother Danny has his fingerprints taken by Manchester Police Officer Angie Knauss. Danny's mom, Yvonne looks on. Fents were the last of fifty families who participated in Thursday's Abduction Safety Program to have their fingerprints taken. Approximately one

hundred children were fingerprinted and had an opportunity to view Henry Winkler's video "Strong Kids, Safe Kids" at the Klager Program. Parents received a copy of the Attorney General's "Protect Our Children" pamphlet which outlines safety practices and what to do in the event of a missing child.

Manchester Area Historical Society

"Corn Then and Now" will be the topic of a presentation by Mr. Reno Feldkamp at this month's meeting of the Manchester Area Historical Society which will be held on Monday, October 21, at 7:30 p.m. at the Blacksmith Shop, 824 East Main Street.

Corn is the staple crop of the western world and is the major crop in the United States with Michigan ranking eighth in corn production. Corn is extremely important to our local economy since it is the largest crop, acreage-wise, in Washtenaw County with 80,000 to 90,000 acres in production.

The public is cordially invited to attend, and a special invitation is extended to the area's farmers to join us.

Refreshments will be served by Mary Blossom and Maggie Tapping.

Sons Of The American Legion

The Sons of the American Legion invite all Legion and Auxiliary members to a dinner on Sunday, October 20, at 1:00 p.m. eat at 2:00 p.m. Bring a dish to pass, table service, and a donation will be asked for meat and rolls.

They will have installation of officers, past commanders, pins and 10 Ideal pins to be presented. Guest of Honor will be Albert Herman, last World War I veteran in Manchester.

Washtenaw County Historical Society

Dr. Russell E. Bidlack, dean emeritus of the U-M School of Library Science, will talk about "The Short and Troubled Lives of Eliza W. and Mary Ann Rumsey," at 7:30 p.m. Thursday, October 17, at the Ann Arbor American Legion, 1035 South Main.

Washtenaw County Historical Society is sponsoring the talk about Ann Arbor's less well-known co-founders. Dr. Bidlack researched and wrote JOHN ALLEN AND THE FOUNDING OF ANN ARBOR about John and Ann Allen. At this time he will share what he has discovered about the Rumseys.

Dr. Bidlack, a past-president of WCHS, spoke about Ann Allen at the Society's 125th anniversary party in 1982.

The talk is open to the public free of charge.

School Hot Lunch Menu

Monday, October 21, Lemonade, Steak-Um Sandwich, Potato Chips, Dill Pickles, Pear Half, Milk.

Tuesday, October 22, Beef Goulash, Buttered Corn, Bagelette & Butter, Applesauce, Milk.

Wednesday, October 23, BBQ on Bun, Hash Brown Patty, Vegetable Stix, Ice Cream, Milk.

Thursday, October 24, Hot Turkey Sandwich with Gravy, Buttered Green Beans, Molded Fruit Salad, Milk.

Friday, October 25, Cheese & Sausage Pizza, Tossed Salad with Dressing, Butterscotch Pudding, Fresh Fruit, Milk.

Federal Food Distribution

Federal Foods will be distributed in Manchester Friday, October 25 from 10 to 12 a.m. at the Manchester United Methodist Church, 501 Ann Arbor Street, M-52.

The income eligibility guide lines for persons under 60 years of age are as follows (based on total income of the entire household): Household of 1 - \$6,825 (\$569 per month); Household of 2 - \$9,165 (\$764 per month); Household of 3 - \$11,505 (\$959 per month); and \$2,340 (\$195 per month) for each additional household member.

For persons over 60 years of age, eligibility is as follows (this is the total income of the entire household. Social Security, pensions, dividends, interest, etc.): Household of 1 - \$8,400 (\$700 per month); Household of 2 - \$11,280 (\$940 per month); Household of 3 - \$14,160 (\$1,180 per month) and add \$2,880 (\$240 per month) for each additional household member.

Identification includes proof of residence in the Manchester School District, all of Manchester Township and that portion of Bridgewater Township in the Clinton School District, Food Stamp, SSI or Medicaid Cards and/or proof of Social Security income for 1985. Most Senior Citizens have the latter information, which is necessary for fuel emergency later on in the winter. If not, it may be obtained by calling Social Security, 994-8310, and ask them to mail the information to you. You'll need to give them specific information for this service.

Please contact 428-8852 or 428-7239 if you need further information.

Manchester Kings Daughters To Meet

Concerned Citizens Organize Two Events

Jim Meranuck and Joe Turk review an outline for PACE's proposed community meeting to discuss school funding with our legislative representatives.

Concerned about the future of Manchester Schools, about three dozen parents and community members have joined forces to bring their concerns to the attention of local legislators and to move schools in a positive direction.

Under the leadership of Jim Meranuck, chairman, the committee is directing their energy into two projects. First they will host an all-district meeting, modeled on the concept of New England's Town Meetings, where citizens can discuss issues about school financing and current funding practices directly with

local and state decision-makers. Second, the group will attempt to increase school/community communications. One of the projects will be hosting a "See for Yourself" day when everyone will be invited into the schools to observe, first hand, what is happening in our schools. The more we know about our schools and the State Education picture the better informed our decisions about these issues can be.

The Manchester "See for Yourself" program is scheduled for October 22, and the Manchester Community Meeting will be on October 24th.

Klager Seeks Art Materials

To provide exciting art and crafts projects Klager teachers are seeking donations of a variety of scrap materials. If you are willing to donate any of the following items, please bring them to room 8, Klager School.

Scrap materials needed include: Leggs eggs, styrofoam meat trays, paper towel/toilet paper rolls, small boxes, egg cartons, grocery bags, shoe boxes, shiny materials, magazines (with animal pictures), buttons, and yarn.

Community Kitchen

buying and managing. Each family will be required to buy their own containers for carrying food. This cost will be in the neighborhood of \$20. It is said that already 12 families have subscribed for the service.

The Ann Arbor community kitchen will start furnishing dinners only and they will be served at 65 cents a plate, delivered hot to the home.

Each subscriber furnished her own bread, butter and coffee. She used her own dishes, silver and table linen. The hot food will be transferred from the aluminum containers to the hot dishes and dinner is ready to serve. Provided any member of her family is late to a meal, the entire meal can be kept hot, if necessary, for two or three hours, and at the end of that time will be found as hot and fresh as though served immediately.

The housewife rinses out the servitor with hot water and places it outside her door where it is picked up the next day by a delivery wagon and taken back to headquarters.

The only work that falls on the housewife's shoulders is setting and clearing the table, washing her own dishes and silver and rinsing out the servitor. The menus for the week are to be sent the week before and if not suitable substitution will be made.

Second Grader's Learn To Graph Information

Suzie DesJardin, Kati Randall and Aaron Diaz stand in front of their class graph showing the number of boys and girls. Miss Koebbe's second grade is learning to put information in graph form.

Senior Citizens News

Senior Citizens meals are served every Tuesday and Thursday noon unless otherwise announced at Emanuel United Church of Christ dining room.

Information about and reservations for meals may be obtained by calling 428-8369.

Tuesday, October 22, 11 a.m. Blood pressures are taken at the church, Noon Baked Chicken Dinner, 12:30 p.m. Euchre and cards.

Wednesday, October 23, 9 a.m. Bus leaves from the Center for Turkeyville and "other points unknown."

Thursday, October 24, 10 to 12 a.m. Flu Shot Clinic for persons 60 years of age and over at Emanuel Emanuel Church dining room. It's easy and such a help.

**Bishop Visits
Manchester United
Methodist Church**

Bishop Judith Craig participated in services at the United Methodist Church on World Communion Sunday, October 6. She brought a thoughtful message to the congregation describing the church as a "Globe - Girdling Vine" (see John 15). Bishop Craig has an impressive background. She was elected to the Episcopacy on July 19, 1984, and assigned to the Michigan area. Before that she was Council Director, Conference Council on Ministries, East Ohio Conference for four years. From 1976 through 1980 she was Pastor, Pleasant Hills United Methodist Church, Middleburg Heights, Ohio. She was Associate Pastor, Epworth Euclid United Methodist Church, Cleveland, Ohio, from 1972 to 1976. Recent honors that have been received by Bishop Craig include, Honorary Doctor of Divinity, Baldwin Wallace College, Berea, Ohio, 1980, Honorary Doctor of Humane Letters, Adrian College, 1985, and Citation of Achievement, William Jewel College, 1985. With warmth, humor and insight, Bishop Craig communicated her enthusiasm and hope for us and all United Methodism.

Flowers were once cultivated for food. In prehistoric Mexico, people ate the starchy roots of dahlias.

A Bearable Experience

This series of stories spotlights the manifest products of Michigan farms, forests and factories - the products proudly stamped "Made in Michigan." Watch for them when you shop and "Buy Michigan" - the products made by your friends and neighbors. This week's story: "A 'Bearable' Experience."

by Paula Blanchard

There is something magical about a teddy bear. You see one on a shelf, in a store window, in a child's arm - and regardless of age

or mood, you smile. What's more, whenever possible, you probably pick it up and give it a hug. Terry and Doris Michaud are experts on the subject of teddy bear magic. In fact, they make their very own teddy bear magic right here in Michigan - "Carrousel" bears in Chesaning.

Ten years ago, Terry and Doris were selling antique dolls and toys to collectors, but had vowed never to collect anything themselves. That all changed in 1975 when The Professor came into their lives. The Professor was an early

1900's vintage somewhat-worse-for-wear bear when the Michauds found him, minus an ear and eyes and noses. Every child I've known has had a bag bear. Unlike bag bears, the Michauds' Carrousel bears are designed primarily for adult collectors. They have distinguishing characteristics like fully-jointed legs and heads, glass eyes, hand-sewn noses and smiles, and humps on their backs like their ancestors. In addition to traditional teddy bears, which come in three sizes, Carrousel character bears include "Bearzo the Clown," "Brother Theodore," "Sun Bearnet Sue," and "Ted the Good News Bear."

You may be interested to know, as I was, that teddy bears are classified in two categories: "Bag bears" and "collector bears." Bag bears are those mass produced, relatively inexpensive and seldom

Terry and Doris, it will remain that way. Quality is the by-word, and the Michauds refuse to sacrifice that quality for quantity, although the demand is there: Carrousel bears are sold in over 100 select shops in 35 states throughout the country. If you're like me, you'll love visiting the Carrousel Shop and Museum, which is located in a beautiful 1895 Victorian mansion at 505 West Broad Street in Chesaning.

Incidentally, The Professor has just completed a new book entitled, "Bears Repeating, Stories Old Teddy Bears Tell," published by Hobby House Press. And in honor of the occasion, Ted and Doris will be holding an autograph party October 19 and 20. I know they would be glad to see you there!

**At Comerica,
we don't believe in all work
and no play money.**

We know how it goes. First you pay for shelter. Then food. Clothes. Susie's braces. The phone bill. All the must-pays. Then, having dutifully paid up, you look to see what's left for the nice vacation or the new car. And you come up with zero. Not exactly a reward for honest labor, is it? We don't think it is, either. So, at Comerica, we offer a number of financial services designed to give you extra money when you really could use it. For example, our Cash Reserve Account is a personal credit line of up to \$10,000. People use their Cash Reserve Accounts for everything from bill consolidation to vacations in the Bahamas.

There's a reason...
Comerica
BANK

Then there's our Guaranteed Value Auto Loan. With the GVAL, you can buy a car with a lower down payment and payments up to 25% lower than those of a conventional car loan. Or, there's Equity Line, a credit line secured by the equity in your home. (It's very popular for remodeling, in case the thought of a new kitchen excites you.) To sum up, nobody advocates spending beyond one's means. But we do know that all work and no rewards make life very dull. So if all that's standing between you and a long-held dream is lack of play money, we'd like to help. We know how you feel. After all, bankers dream too. There's a reason to come to Comerica.

Proclamation

Washtenaw Community College Week
October 14-20, 1985

and
Washtenaw Community College Day
Sunday, October 20, 1985

Whereas, a special week of activities has been planned for the week of October 14-20 ending with festivities on Sunday, October 20, celebrating the twentieth anniversary of Washtenaw Community College, and

Whereas, Washtenaw Community College has served the citizens of Manchester and the rest of Washtenaw County by providing quality opportunities for individuals from all walks of life to pursue through education their career and life goals and particularly enabling individuals to prepare for careers and to advance in their careers; and

Whereas, Washtenaw Community College has enrolled more than 90,000 students in its 20 year history, growing from an initial student enrollment of just over 500 in occupational education, general and transfer education, continuing education and developmental education;

Now, therefore, I, John Hinkley, Mayor of Manchester, hereby proclaim the week of October 14-20 as Washtenaw Community College Week and Sunday, October 20, as Washtenaw Community College Day and urge all citizens to join me in supporting the goals and programs of this fine community and state resource.

Manchester Plastics's Fund Raiser Successful For United Way

Manchester Plastics' Employees and friends throwing darts, winning prizes, getting snacks and rides, watching a glass-blowing demonstration, and having fun while raising money for United Way.

Manchester Plastics' United Way Carnival at Carr Park on Sunday, October 6th, was a musically-playing, pie-slinging, water dunking, dart-throwing, game-playing, money-raising, smashing success as evidenced in the pictures.

The proceeds from this fun, fund-raising Carnival, totaling over four hundred dollars, were donated by Manchester Plastics, Inc. to the Manchester United Way. This donation is in addition to the individual and Company contributions handed in and still being tallied. The Employees also have more fund-raising activities planned for in the plant for the remainder of the United Way Campaign to the end of October. Talk is in the air among the Employees to make this Carnival an annual event and invite the public.

Someone said that "Charity begins at home". Well, Manchester Plastics' Employees generously demonstrate that "Charity also begins at work" and we people of Manchester need only to look to Manchester Plastics, Inc. to view this among the Employees.

The United Way Board of Directors and this Community salute and thank the Manchester Plastics' Company and the Employees for their generous and enthusiastic support of United Way!

To The Residents Of The Village Of Manchester

It is the time of year again when the leaves are falling from the trees. I strongly urge the residents of Manchester not to burn their leaves. There is a health factor involved as well as the unattractiveness of smoke hanging over our village.

There are several alternatives for disposal of leaves instead of burning.

Manchester Township Fire Chief Michael Scully

Letters To The Editor

There has been much concern and discussion in the Manchester School District lately surrounding the millage failures and financial condition. While the rest of the year and the return of the buses and programs are certainly a concern of many, another problem exists which is possibly even more serious. We refer to the long-range financing of our educational program. If some additional millage is needed this year, what about next? With some expenses expected to increase even without any increase in school programs, the millage increase that has caused such discussion this year would probably be insufficient to maintain programs again next year. Manchester is "out of formula", meaning that we get very little state financial support, so increased expenses can only come from millage increases.

This frustrating condition must be addressed. That is the purpose of the October 24th Community Meeting For Future Financing of The Manchester Schools. The subjects of that meeting will NOT include issues surrounding the upcoming millage vote, but will instead deal with the future direction of financing of education for Manchester and other districts in similar situations. This concern should exist regardless of whether or not you feel some inefficiencies exist in the current school budget.

The current financing formula will be explained and discussed at the beginning of the meeting, and alternative methods of financing schools will be explored throughout the meeting. Any attending member of the audience will be given the opportunity to ask questions or make comments. This is your chance to express your concern to several people who could potentially make a difference, including State Senator Lana Pollack and State Representative Margaret O'Connor. In addition, representatives from the State Superintendent's Office, the State Michigan Education Association, and possibly the Governor's Office will be present. The major topics to be discussed include:

1. An explanation of the financing

formula, how it works, how and why is Manchester different from other districts (if it is). 2. A discussion focusing on whether the financing formula is out of date or inappropriate, how it could be changed, and the implication of any change. 3. The potential for increased state control of the schools, the direction it may take, and the dangers or opportunities involved. 4. Alternatives to financing education, including changes to the property tax methods, the Lottery, income tax alternatives, and so forth.

We hope you all feel those issues are as important as we do, and will plan to attend.

Some of you who know us may wonder why we should care enough to be involved in this, especially since a new job will take us permanently out of state in the very near future. The reason is that we care a great deal for this community and the people in it. We count many people in Manchester as friends who we hope remain so even after we leave, and if we can do anything to help the community and the schools, we do so eagerly. We think Manchester is a great place to live and is worth putting in effort to make it and its schools maintain or improve their status. We hope you agree and will attend the Community Meeting and will become involved in making a difference.

Steve and Jeannine Chapman

Dear Parents or Adult Students:

The family Educational Rights and Privacy Act of 1974 directs that we inform you of your right to review any and all student records, files, and any other data we have which relates to you (adult student) or your child. After you have reviewed any of these materials, if you feel there are any inaccurate, misleading or inappropriate data in these files about you (adult student) or your child, you have the right to request a hearing to challenge and/or correct such information. Such a hearing request should be directed first to the Principal, and

subsequently to the Superintendent, if you are not satisfied with the principal's decision.

Additionally, we will not release any information about your (adult student) or your child without your permission; this is really a continuation of our long-standing policy. The only exceptions to these procedures are when another school district requests your records or the publication of school directories, athletic program, and other similar listings. Parents or eligible students shall be notified when other districts request records.

Please feel free to call or make arrangements for reviewing any records we may have or the policies and regulations covering student records. We will ask only that you complete a form that allows us to keep accurate records of such requests.

Sincerely,
Eugene W. Thompson, Ed.D.
Superintendent

Like many rural communities, Manchester is struggling to provide funds for its school system. As a community we have realized that the current methods may no longer work. The best solution to the problem is not obvious. As a result, discussion in our community (and hopefully in surrounding communities) is being initiated to increase awareness of the issues and provide input to our legislators.

On Thursday, October 24, 1985, 7:30 p.m., at the Manchester High School, a community meeting for education will be held. The meeting will be an open discussion about alternative methods of state financing for public schools. The discussion will also include the impact of those methods on state control of local districts. Lana Pollack (State Senator), Margaret

O'Connor (State Representative) and Ken MacGregor (Michigan Education Association Executive) have agreed to take part in the discussion along with other state and area officials.

Similar meetings have been held in several rural communities in Michigan. The outcome of these meetings resulted in a state resolution which proposes direct distribution of lottery funds to school districts, on a per pupil basis, regardless of the state aid formula.

The schools must prepare our children to compete with their peers from other communities and States. Will Manchester children - our children, your children, your grandchildren - be prepared to deal with an increasingly complex world? It is only by working together that we can assure that they are.

We urge all parents and citizens of Manchester to attend this important community meeting. Let's learn the true facts, not rumors, and let our voices be heard.

For the future of our children, our schools, our community - for ourselves - please attend.

Jim & Phyllis Meranuck
Gary & Anita Acree
Joe & Claire Turk

See your future and where it is coming from! I would like to challenge all concerned citizens of Manchester to come and participate in the "See for Yourself"

school tour on Monday, October 21.

Here is an opportunity for everyone and anyone to look, listen and ask all of those questions you have been wondering about. Come and have a first hand experience of what goes on in the schools. Tours will be conducted by the building principal's with other administrative staff available to answer your questions.

Meet at the High School Library at 8:30 a.m. Let's show this community we care: come talk, listen and participate! Have pride in your town and schools!!!

A Concerned Citizen
Holly Porter

There was a little bit of Manchester around Ann Arbor on Monday, October 7, when the Vice-President came to visit.

The Washtenaw County Republican Committee presented Vice-President and Mrs. Bush with a lovely arrangement of fresh flowers and dried materials made by The Flower Garden, and a big bowl of Alber Orchard's "double red delicious" apples.

At a reception sponsored by the Vice-President's political action committee, The Fund for America's Future, it was my pleasure to introduce our Second District Congressman, Carl Pursell, who then introduced the Vice-President. All in all, it was a very exciting day.
